LEADING TODAY
CHAMPIONING THE FUTURE

PT Bank Mandiri (Persero) Tbk.

LEADING TODAY CHAMPIONING THE FUTURE

Bank Mandiri navigates market dynamics, intensifying competition, and uncertainties in 2024 by formulating and executing four strategic focus areas to seize new opportunities while delivering strong performance amid prevailing challenges. First, Bank Mandiri drives growth in the Wholesale Banking segment by strengthening its core business position and unlocking new opportunities within the derivatives ecosystem. Second, Bank Mandiri advances the Retail Banking segment through an ecosystem-based value chain approach, leveraging digital platforms to expand customer acquisition and capture high-potential sectors in each region. Third, Bank Mandiri optimizes digital platforms to enhance the transactional CASA base, ensuring low funding costs while increasing customer engagement through an outstanding digital experience. Fourth, Bank Mandiri fosters synergy with subsidiaries by aligning their business strategies with the parent company's vision through cross-selling optimization, business process streamlining, and prudent risk management, supported by technology enhancement.

The simultaneous and disciplined implementation of these four strategies, supported by a highly competent and dedicated Mandirian team, has enabled Bank Mandiri to achieve solid and commendable financial performance. With a strengthened financial foundation, Bank Mandiri continues to reinforce its position as a leading financial institution and remains committed to advancing its leadership in supporting national economic development and the achievement of sustainability goals.

THEME SUSTAINABILITY

THEME SUSTAINABILITY

LEADING TODAY CHAMPIONING THE FUTURE

In 2024, Bank Mandiri continues to strengthen its position as a leading financial institution by accelerating growth across all potential sectors. To navigate market dynamics and intensifying competition, the Bank has outlined four key strategic focuses: expanding wholesale and retail segments, optimizing digital platforms to enhance transactional CASA and customer engagement, and strengthening synergy with subsidiaries through cross-selling and streamlined business processes. These initiatives are designed to drive sustainable growth, ensuring resilience, innovation, and long-term value creation for stakeholders while reinforcing Bank Mandiri's position as a leading financial institution today and in the future.

2024

The Resilient Industry Leader: Always Deliver, Always Ahead

2023

Bank Mandiri's consistency as a frontrunner in keeping up with the times is demonstrated by its continued transformation into the forefront of establishing a green digital ecosystem, providing seamless experiences, and developing a digital lifestyle. Bank Mandiri continues to accelerate the development of innovative digital products with reliable features on Super App Livin' by Mandiri, Digital Super Platform KOPRA By Mandiri including Branchless Banking which is supported by reliable, available, scalable and secure Information Technology that is accessible at all times from anywhere, including while travelling overseas. Bank Mandiri is also at the forefront in fostering the achievement of Sustainable Development Goals through Sustainable Banking, Sustainable Operation, and Sustainability Beyond Banking practices; with eight major sustainability initiatives. The Bank implements corporate strategy by upholding its commitment to implementing best governance practices which are regularly assessed internally and by trusted independent institutions using the latest assessment methods. Despite the sluggish growth of international trade and the economy on a national and global scale, Bank Mandiri persevered with a remarkable and rewarding performance in an uncertain 2023. Bank Mandiri's total assets grew to Rp2,174 trillion, the largest in Indonesia, with loans portfolio and net profit growing by double digits, with practically all performance indicators outperformed the national banking industry average. Bank Mandiri aspires to be declared "The Resilient Industry Leader: Always Deliver, Always Ahead".

Digital Transformation With Excellent Results

2022

Bank Mandiri is committed to accelerating digital transformation in an inclusive and efficient way so as to remain in the digital ecosystem's orbit. In 2022, Bank Mandiri placed special attention to and be aggressive in working on the digital banking segment to promote digital transformation as a sustainable business by capitalizing on opportunities in all sectors and prospective segments. The Bank's mission to enforce digital innovation does not conclude with the introduction of Livin' and KOPRA. In 2022, Bank Mandiri enhanced the features of Livin' and Kopra and simultaneously introduced a Smart Branch, further solidifying the Bank's position as one of the industry leaders in digitalization through a more thorough corporate transformation. The tireless transformation spirit of Bank Mandiri in digital has yielded excellent results and continues to develop new added value, which have a significant positive influence on the Bank's overall performance in 2022. This background has allowed us to present "Digital Transformation with Excellent Results" as the theme for our 2022 Annual Report.

Enhancing Digital Banking Transformation & Innovation

2021

Bank Mandiri saw the challenges of the COVID-19 pandemic as a momentum to accelerate digital transformation in 2021. The shift in people's behavior to become more digitally minded demanded fast, efficient, safe, and convenient financial services. Digitalization had undeniably become one of today's society's fundamental needs. Therefore, Bank Mandiri was fully committed to digital transformation and innovation to be able to compete and meet customer needs. Bank Mandiri believes that digital technology would continue to change Indonesia's banking landscape in the future, along with the rapid migration of people's activities to digital channels. This was reflected in the significant increase in the use of digital financial products and services such as internet banking and mobile banking. As evidence, the Super App Livin' by Mandiri and the Wholesale Digital Super Platform Kopra by Mandiri have both been received extremely well by customers and the public in general since their launch in the second semester of 2021. The strong push for digitalization by the majority of banks in Indonesia has also driven customer demand for integrated digital financial services, which Bank Mandiri has addressed very well through Livin' and Kopra by Mandiri. With that in mind, strengthening and optimizing digital channels have become increasingly important in building loyalty and growing business. Bank Mandiri believes that digital banking penetration would continue to increase in line with Indonesia's economic growth and financially mature customers. For this reason, Bank Mandiri brought the theme "Enhancing Digital Banking Transformation and Innovation" for its 2021 Annual Report

Integration and Collaboration Through Sustainable Digitalization

2020

As a form of Open Banking implementation in expanding customer access to Bank products, PT Bank Mandiri (Persero) Tbk has implemented the Leverage Digital Ecosystem strategy through collaboration with Fintech and e-Commerce. The initiatives included to developing Digital Acquisition, Digital Payment, and Digital Financing. In the Digital Acquisition initiative, Mitra application users who are not Bank Mandiri customers can open a Bank Mandiri account through the Partner platform with attractive offers for those who successfully open an account. The Digital Payment Initiative is a means of payment that provides convenient customer transactions on the Partner platform. One of them is the development of Direct Debit which facilitate customers to make digital payment transactions. Currently, Bank Mandiri has collaborated with the Top 5 (five) e-wallets and e-commerce for Direct Debit services. Meanwhile, Digital Financing is a process of disbursing productive and consumer loans through the Partner platform. Bank Mandiri has collaborated with the Top 5 (five) e-commerce and Fintech for digital financing services through the Partner platform. The Digital Ecosystem Leverage Strategy is one of the focuses of information technology development in supporting the alignment of the 2020-2024 Corporate Plan. This is a digital transformation by implementing integration and collaboration through continuous digitalization.

Inspiring Nation's Next Generation

2019

Strengthening performance that has been back on the track in 2018 is followed by an increase in Bank Mandiri's contribution to the focus of the Government in 2018, namely strengthening human resources (HR). Bank Mandiri continues to spread inspirations, especially to the millennial as the nation's next generation. Internally, in order to improve the quality of human capitals, most of whom are millennial generations, a process of revamp culture has been carried out systematically in order to perfect the Work Culture with the fundamental core values of Trust, Integrity, Professionalism, Customer Focus and Excellence. The revamp culture has resulted in 5 (five) new Work Cultures of Bank Mandiri, namely One Heart One Mandiri, Tough Mandirian, Growing Healthy, Meeting Customers' Needs and Building the Nation Together as the guidance in thinking, acting and behaving in daily life. Externally, Bank Mandiri has carried out various innovations aimed at improving the quality through the Mandiri Young Entrepreneur program and Mandiri Hackathon program, which is a recruitment program in the field of information technology that aims to accommodate innovative ideas that correspond with digital banking needs and there have been significant millennial registrants.

... As a result, the Low-Cost Fund Ratio Remains at an Excellent Level

Bank Mandiri recorded an outstanding funding performance by optimizing the potential of its retail business, successfully accumulating consolidated Third-Party Funds of Rp1,699 trillion, growing 7.73% YoY. This growth was also driven by an increase in consolidated low-cost funds (CASA), which grew 7.46% YoY. The composition of low-cost funds, consisting of current accounts and savings, continued to dominate, **reaching 80.30%, the highest level in Bank Mandiri's history.** This achievement reflects the Bank's strong focus on maintaining an optimal funding structure.

STRENGTHENING RESILIENCE BY MAINTAINING ROBUST ASSET QUALITY

Bank Mandiri has implemented strict prudential principles and successfully maintained asset quality amid global and national economic uncertainties throughout 2024. **This is reflected in the improvement of its bank-only gross NPL position, which declined from 1.02% in December 2023 to 0.97% in December 2024**, marking a decrease of 5 basis points (bps). This consistent improvement in asset quality reaffirms Bank Mandiri's prudent risk management approach and commitment to maintaining asset quality at a healthy level, well below the industry average, while ensuring resilience and operational excellence in a challenging market environment.

- Registered users**
29.3 million
29% YoY
- New customer accounts opened via Livin'**
~85%
- Retail transactions conducted via Livin'**
99%

In 2024, Livin' by Mandiri **achieved significant growth, with registered users reaching 29.3 million, a 29% year-on-year increase.** Transaction frequency rose by 38%, from 2.819 billion in 2023 to 3.879 billion in 2024, while transaction value grew by 23%, reaching Rp4,027 trillion. Non-interest income increased by 21%, from Rp2,174 billion in 2023 to Rp2,624 billion in 2024. Approximately 85% of new customer accounts were opened through Livin', and 99% of retail non-cash transactions were conducted via the platform. Bank Mandiri's savings growth consistently outperformed the industry, reaching 13.4% in the fourth quarter of 2024 compared to the industry's 5.34%, underscoring Livin's role as the primary channel for retail banking transactions and savings growth.

KOPRA BY MANDIRI – DRIVING PROGRESSIVE GROWTH WITH ENHANCED TRANSACTION SOLUTIONS

Kopra by Mandiri, digital service for wholesale customers, **achieved significant growth, with transaction value reaching Rp22,700 trillion, a 17% yoy increase from Rp19,450 trillion in 2023. Transaction frequency also rose by 21% yoy, totaling 1.3 billion transactions.** In addition, fee-based income grew by 8% yoy, reaching Rp2.4 trillion. These results highlight Kopra's strong and progressive performance, driven by enhanced transaction experiences and innovative solutions for seamless business operations.

Bank Mandiri continues to strengthen its position as a leading financial institution in supporting sustainability goals through the implementation of three key pillars: Sustainable Banking, Sustainable Operation, and Sustainability Beyond Banking.

STRENGTHENING ESG COMMITMENTS ACROSS SUSTAINABILITY PILLARS

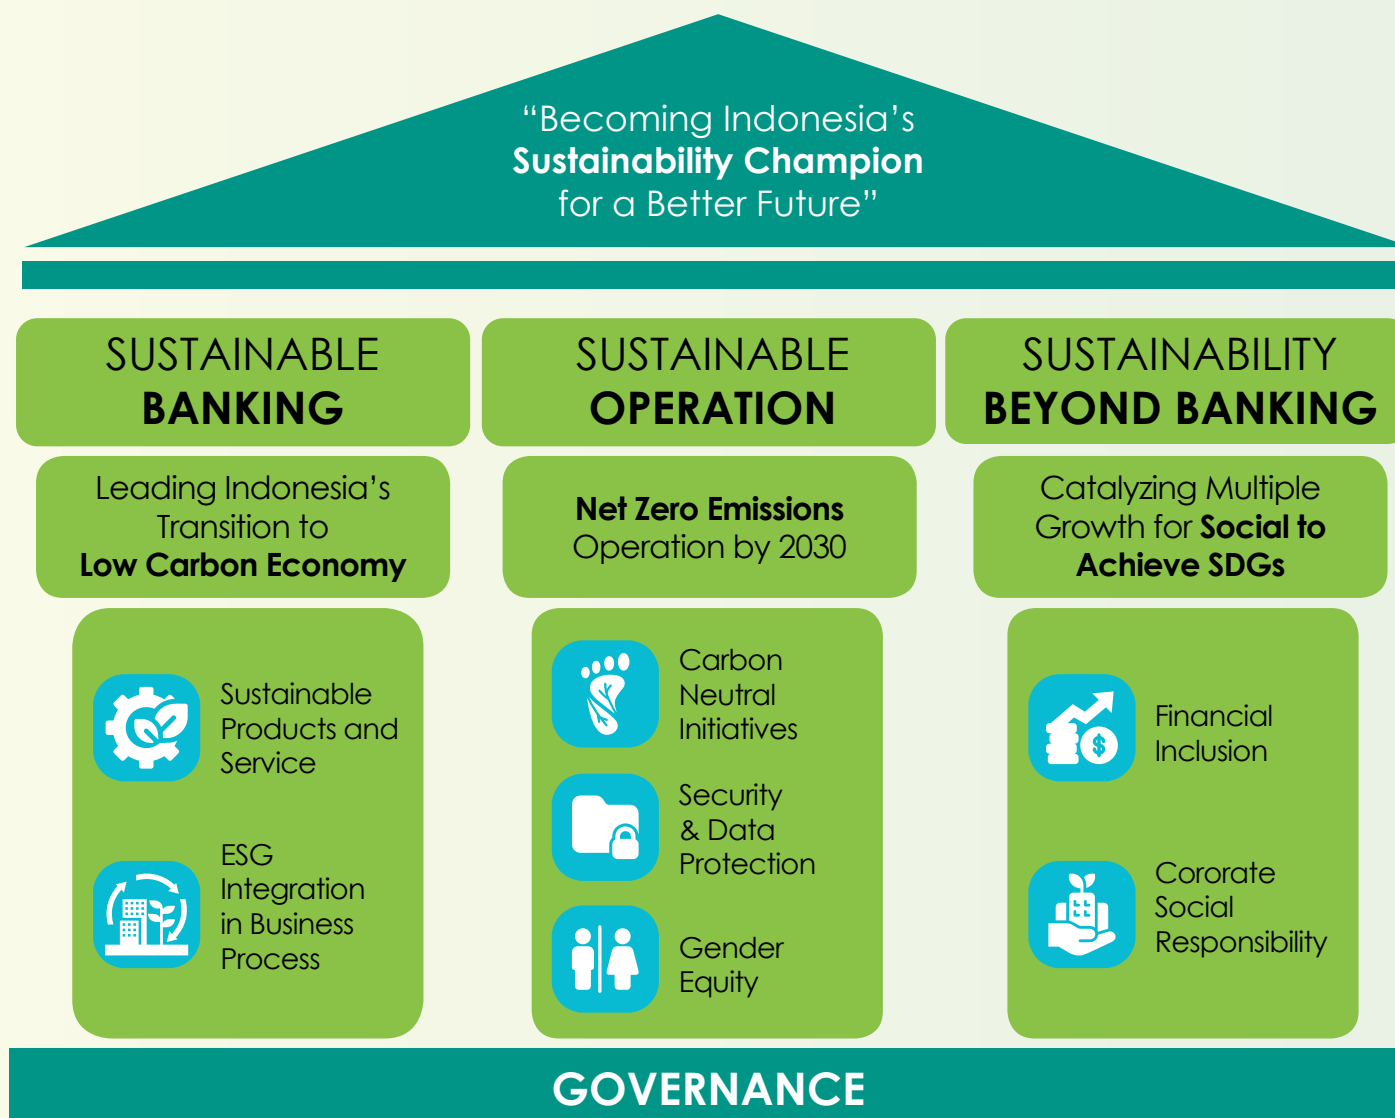

The Bank recorded a 10.8% YoY growth in its sustainability portfolio, which includes both green and social portfolios, reaching Rp293 trillion, the largest in the industry. Bank Mandiri also remains committed to promoting financial inclusion across Indonesia, with total KUR & KUM customers exceeding 2.9 million micro customers. Moreover, various operational efficiency initiatives have been implemented, enabling the Bank to reduce Scope 1 & 2 GHG emissions by 33% and lower GHG emission intensity per employee by 30% from the 2019 baseline.

These efforts and achievements have led to an improvement in the Bank's MSCI ESG Rating to BBB, while also reducing its ESG Risk Index to 17.5, placing it in the Low Risk category.

SUSTAINABILITY BEYOND BANKING

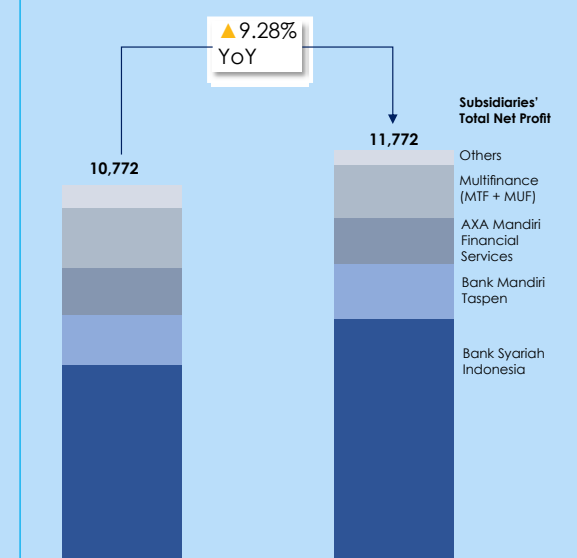

DRIVING GROWTH THROUGH STRONG CONTRIBUTIONS FROM SUBSIDIARIES

The remarkable performance of Bank Mandiri in 2024 was bolstered by the significant contribution from its subsidiaries. **As of December 2024, the consolidated net profit of all subsidiaries reached Rp11.77 trillion, reflecting a growth of 9.28% yoy.** Out of this, Rp6.23 trillion represented the profit portion attributable to Bank Mandiri's ownership. The subsidiaries also demonstrated strong growth in total assets, which increased by 13.5% yoy to Rp581.33 trillion. Key contributors included Mandiri Utama Finance, with a 42.9% increase in total assets, and Mandiri Tunas Finance, which grew by 15.9%. Bank Syariah Indonesia and Mandiri Taspen also contributed significantly, with asset growth of 15.6% and 9.4%, respectively. These results underline the strategic importance of Bank Mandiri's subsidiaries in driving sustainable growth and delivering value across the group.

Total Net Profit **) of Mandiri Group Subsidiaries (Rp Billion)

Note:
 *) Bank Mandiri divested 100% of MAGI in October 2023 and 60% of Mandiri Inhealth in June 2024; therefore, these entities are no longer consolidated into BMRI.
 **) Net Profit After Tax and Non-Controlling Interests (Unaudited). Total net profit from subsidiaries based on Bank Mandiri's ownership: Rp5,839 billion in 2023 and Rp6,229 billion in 2024.

Bank Mandiri's performance in 2024 reflects solid growth, particularly in strategic sectors across Indonesia. The significant expansion in credit distribution underscores market optimism and the Bank's success in providing financing amid global economic challenges. The increase in net profit highlights the effectiveness of business strategies, operational efficiency, prudent risk management, and optimal portfolio diversification. The growth in Third-Party Funds demonstrates strong customer confidence and robust liquidity to support business expansion. Overall, these achievements reinforce Bank Mandiri's position as a leader in sustaining growth momentum, showcasing adaptability and innovation in meeting market needs, and strengthening its contribution to the national economy.

MAIN HIGHLIGHTS

PERFORMANCE SUMMARY 2024

PERFORMANCE SUMMARY 2024

Consolidated Net Profit

Rp55.78
trillion

grew 1.31% yoy in 2024 from Rp55.06 trillion in 2023

Consolidated Total Assets

Rp2,427.22
trillion

grew 11.6% yoy in 2024 from Rp2,174.22 trillion in 2023

Consolidated Casa Ratio

74.83%

increased level in 2024 from 74.30% in 2023.

PPOP

Rp87.99
trillion

grew 3.77% yoy in 2024 from Rp84.96 trillion in 2023

Consolidated Third Party Funds

Rp1,698.90
trillion

grew 7.73% yoy in 2024 from Rp1,576.95 trillion in 2023

Consolidated Net Interest Income

Rp104.28
trillion

grew 6.40% yoy in 2024 from Rp98.01 trillion in 2023

Consolidated Loans*)

Rp1,670.55
trillion

grew 19.5% yoy in 2024 from Rp1,398.07 trillion in 2023

*) Consolidated Loans include Consumer Financing Receivables and Net Investment in Lease Financing

Consolidated Non-Interest Income

Rp42.32
trillion

grew 4.12% yoy in 2024 from Rp40.65 trillion in 2023

ROE Avg. Tier I Capital (Bank Only)

24.19%

decreased in 2024 from 27.31% in 2023

RASIO NPL GROSS (Bank-Only)

0.97%

decreased by 5 bps yoy in 2024 from 1.02% in 2023

CORPORATE ACTION

Transfer of 60% Ownership of Mandiri Inhealth Shares from Bank Mandiri to IFG Life.

On 7 February 2024, Bank Mandiri and PT Asuransi Jiwa IFG (IFG Life) signed a Share Purchase Agreement (PPJB) related to the planned transfer of 60% ownership of shares in PT Asuransi Jiwa Inhealth Indonesia (Mandiri Inhealth) from Bank Mandiri to IFG Life. On 26 June 2024, the Share Acquisition Deed No. 88 was signed between Bank Mandiri and IFG Life, with the Share Purchase Deed No. 89 between Kimia Farma and IFG Life. Following the signing of these documents, the shareholder composition of Mandiri Inhealth changed, with IFG Life owning 80% of the shares and Bank Mandiri owning 20%. This share transfer transaction constitutes a business combination under common control, where the ultimate shareholder of the Mandiri Inhealth shareholders, Bank Mandiri, Kimia Farma, and IFG Life, is the Government of the Republic of Indonesia.

Repayment of Principal for Bank Mandiri Continuous Bonds I Phase II Year 2017 Series B

On 15 June 2024, Bank Mandiri completed the principal repayment of its Continuous Bonds I Phase II Year 2017 Series B, amounting to Rp3,000,000,000,000 (three trillion rupiah), through PT Kustodian Sentral Efek Indonesia.

Repayment of Principal for Euro Medium Term Notes I 2019

On 11 April 2024, Bank Mandiri completed the principal repayment of its Euro Medium Term Notes I 2019, amounting to USD750,000,000.

Capital Injection into PT Kliring Penjaminan Efek Indonesia (KPEI)

To support the development of a Central Counterparty (CCP) for transactions in the Money Market and Foreign Exchange Market, particularly for Over-The-Counter Derivatives Transactions on Interest Rates and Exchange Rates, as part of the implementation of Law No. 4 of 2023 on Financial Sector Development and Strengthening and Bank Indonesia Regulation No. 6 of 2024 on Money Market and Foreign Exchange Market, Bank Mandiri has made a capital injection for 2,500 Series B shares (representing a 1.11% ownership stake) to KPEI, which functions as the CCP operator in Indonesia.

Additional Capital Injection into Mandiri Utama Finance (MUF)

To strengthen synergy and transform its business in the multifinance segment, Bank Mandiri carried out additional capital injection into MUF through the purchase of 2,449,999,999 (two billion four hundred forty-nine million nine hundred ninety-nine thousand nine hundred ninety-nine) MUF shares owned by PT Asco Investindo and PT Tunas Ridean. This transaction increased Bank Mandiri's ownership in MUF from 51% to 99.9999999998%.

No.	Securities	Recommendations	Target	Resume	Date
1.	Indo Premier	BUY	8,000	<p>FY23 net profit reached Rp55.1 trillion (+34% YoY / +16% QoQ), exceeding our consensus estimates at 110/107%, the strongest among the top four banks. Loan growth stood at 16% YoY, while CASA (Current Account/Savings Account) grew by 7% YoY (savings by 6% YoY), marking the highest growth in the industry. This validates our re-rating thesis. Cost of Credit was recorded at 0.9% (still twice that of BCA), as Loan at Risk declined to 8.6% compared to BCA's 7%. We maintain a BUY rating with a higher Target Price of 8,000, based on a P/B multiple of 2.4x.</p> <p>We have raised our FY24/25F EPS estimates by +12%/+14%, reflecting a higher Target Price of Rp8,000 based on a P/B multiple of 2.4x. The stock is currently trading at 2.0x FY24F P/B (vs. the 10-year average of 1.6x) and 9.9x FY24F P/E (vs. the 10-year average of 11.9x), supporting a re-rating driven by strong loan and CASA growth. The key risks include weaker loan growth and further NIM compression due to tight liquidity conditions.</p>	31 January 2024

No.	Securities	Recommendations	Target	Resume	Date
2.	DBS Vickers	BUY	7,500	<p>BMRI's ongoing efforts to enhance Livin' and Kopra to drive retail and wholesale banking performance continue to support growth across various segments. We also expect BMRI to sustain yield improvements through changes in its loan mix, re-pricing strategies, contributions from BSI, and the ongoing economic recovery, which should help improve its NIM by 23 bps to 5.9% in 2024F. Additionally, BMRI is working to lower its CIR as various digital initiatives continue to drive efficiency, with a long-term target of approximately 36%.</p> <p>With digitalization, BMRI has recorded a higher CASA ratio, which has also led to an increase in deposit levels. This enables the bank to sustain stable and strong loan growth. Based on our estimates, Mandiri is expected to achieve 11% YoY loan growth in FY24F while maintaining its Loan-to-Deposit Ratio (LDR) at 85%.</p> <p>We believe BMRI will continue to improve its ROE by optimizing its asset mix and yields while gaining market share through value chain growth strategies and digital innovation, all while working to reduce structural costs. With these factors in play, we estimate Mandiri's ROE to reach 23% in 2024F.</p> <p>Our target price (TP) of Rp7,500 implies a 2.5x FY24F P/BV, slightly below +2SD of the 10-year average P/BV. The TP assumes an ROE of approximately 23% (previously 21%), a growth rate of 9%, and a cost of equity of 15% (previously 14%).</p>	31 January 2024
3.	CLSA	OUTPERFORM	6,700	<p>Mandiri posted a 15.6% QoQ profit growth in 4Q23, driven by 6% loan growth and a 34% decline in provision expenses, despite a margin contraction of 11 bps. Its FY23 results exceeded our estimates and Bloomberg consensus by 10% and 7%, respectively. This year, the focus will be on maintaining margins amid continued tight liquidity in 1H24 while driving low-to-mid loan growth. Credit costs are also expected to normalize.</p> <p>Overall, this is another strong performance from Mandiri, alongside lower Cost of Credit (CoC). Key guidance items for 2024 align with our 24CL estimates, except for loan growth. We factor in approximately 11% growth, considering this is an election year. If Mandiri achieves its loan growth target, there could be a 1.5%–2.5% upside to our 24CL earnings estimates.</p>	1 February 2024

ANALYST REPORT

No.	Securities	Recommendations	Target	Resume	Date
4.	J.P. Morgan	Neutral	8,000	<p>We are downgrading BMRI to Neutral from OW. Incremental liquidity in Indonesia is tightening, with US/ID 10Y yields up by 58/31bps from Sept-lows, SRBI yields up by 20bps, IDR weakening by 3.6%, and a slight decline in M2 gr to 7.3% in Aug-24. This may result in slower deposit and loan growth at BMRI. Our recent discussions suggest that CASA growth at BMRI could slow (see takeaways from our financials forum), as evidenced by slower CASA growth of 13.8% in Aug vs. 16.1% avg growth over May-July. This does not deter our medium to long-term optimism for BMRI, but we expect the 17/18% PE/PB re-rating in the last 4 months to stall in the near term. We have lowered our 2024 loan and deposit gr forecasts to reflect incremental liquidity tightness, but maintain ~15% loan gr over 2025/26E. Our 2024 EPS estimate is 3% below Street, while 2025/26 EPS estimates are 4/10% above Street. We lower our Dec-25 PT to Rp7.5k (prev: Rp8k).</p>	25 October 2024
5.	HSBC Global Research	BUY	7,700	<ul style="list-style-type: none"> Loans growth was strong on broad-based drivers, while credit costs were much lower across various segments NIM was weak and could be a swing factor in 2025 given the strong base in 2024 set up by other areas Maintain Buy rating; tweak our estimates and increase TP to IDR7,700 (from IDR7,500) <p>BMRI has many broad-based drivers that can help the bank perform well, as was seen in the 3Q24 results, where strong loans growth & low credit costs offset weak NIM. Thus, we are positive on BMRI which we think can navigate any macro uncertainties well to an extent. However, with loans growth and credit costs forming a high base in 2024, we think NIM becomes a swing factor for 2025 and would watch liquidity conditions closely. 3Q24 results were 30%/28% of HSBC/Visible Alpha consensus FY forecasts.</p>	31 October 2024

ANALYST REPORT

No.	Securities	Recommendations	Target	Resume	Date
6.	UOB Kay Hian	BUY	8,120	<p>Net profit for 3Q24 grew by 11.7% QoQ, driven by: a) strong loan growth; b) a 9.7% QoQ increase in e-channel income; and c) a 21% QoQ decline in provision expenses. This resulted in a 20.9% ROE and a 7.6% YoY net profit growth for 9M24. BMRI lowered its CoC guidance to below 1%, even though its LLR stood at 3.1% in September 2024, supported by manageable NPL formation and robust coverage. Livin and KOPRA contributed to boosting CASA and increasing recurring income from e-channels. We upgrade to BUY with a target price of Rp8,120.</p>	4 November 2024

EVENT HIGHLIGHTS 2024

EVENT HIGHLIGHTS 2024

JANUARY

31 January 2024

Bank Mandiri's January 2024 performance presentation.

11 – 15 January 2024

The presence of the Livin' Around The World service in various countries, launched since 2022, has made it easier for Indonesian citizens (WNI) to conduct transactions and access various financial services, including opening accounts through Livin' by Mandiri as if they were in their home country. Bank Mandiri has also expanded digital service acceptance and acquisition through the Super App Livin' by Mandiri in Jeddah and Qatar.

FEBRUARY

6 February 2024

Bank Mandiri remains committed to strengthening its role as a development agent through a series of service optimizations and innovations. As a result of this continuous commitment, Bank Mandiri has received two awards at the Alpha Southeast Asia 17th Annual Best Deal & Solution Awards 2023, namely Best Digital Banking App in Indonesia for Kopra by Mandiri and Best Local Currency Bond Deal of the Year in Indonesia for the issuance of Bank Mandiri Sustainable Green Bond I Phase I (Green Bond) 2023.

15 February 2024

Bank Mandiri further reinforces its commitment to sustainable economic growth by prioritizing green business practices. This commitment is once again demonstrated through the signing of a Memorandum of Understanding (MoU) with PT BYD Motor Indonesia.

MARCH

7 March 2024

Bank Mandiri Annual GMS, where Bank Mandiri successfully delivered solid performance growth during 2023 through a consistent business strategy focused on potential segments and the optimization of digital service development.

5 March 2024

With the theme Thriving Through Transition, the Mandiri Investment Forum 2024 discussed strategic issues related to Indonesia's economic outlook. The event was attended by President-elect Prabowo Subianto and 20,000 participants.

15 March 2024

To facilitate home ownership for customers, Bank Mandiri is strengthening its collaboration with the Association of Indonesian Housing and Settlement Developers (APERSI), reflecting its commitment to expanding home ownership access for the community.

APRIL

30 April 2024

Bank Mandiri's performance report for the first quarter of 2024.

25 – 30 April 2024

Bank Mandiri reaffirms its commitment to supporting Micro, Small, and Medium Enterprises (MSMEs) through training activities at Mandiri Digipreneur Hub Solo. In addition to a podcast on MSME development and an incubation program focusing on MSME downstreaming and digitalization, the event also included training on Livin' Merchant and product photography.

25 April 2024

This year's Proliga tournament is even more exciting with the participation of the Jakarta Livin' Mandiri (JLM) women's volleyball team, supported by Bank Mandiri. The presence of this team demonstrates that Bank Mandiri is not only focused on achievements in the financial sector but also actively contributes to the development of sports and young talent in Indonesia.

EVENT HIGHLIGHTS 2024

EVENT HIGHLIGHTS 2024

MAY

19 – 22 May 2024

Selected Mandirian participated directly in the Relawan Bakti BUMN Batch V program in Morowali and Raja Ampat, carrying out various activities such as teaching, healthcare services, public facility renovations, MSME training, coral reef rehabilitation, and collaboration with local communities.

17 May 2024

Bank Mandiri received the Best Investortrust Companies 2024 award in the Big Cap category, recognizing its focus on strategic management and innovation.

JUNE

28 June 2024

PT CT Corpora and PT Bank Mandiri (Persero) Tbk have officially signed a Memorandum of Understanding (MoU), covering the utilization of various Bank Mandiri products and banking services to support CT Corp's operational business needs.

30 June 2024

Held in Yogyakarta, Bank Mandiri's annual sport tourism event, Mandiri Jogja Marathon (MJM) 2024, attracted thousands of runners from various regions to compete in the 5K, 10K, Half Marathon, and Full Marathon categories. Participants took on a challenging route while enjoying the scenic beauty of Prambanan Temple.

JULY

5 July 2024

31 July 2024

Bank Mandiri's performance report for the second quarter of 2024.

AUGUST

23 August 2024

Bank Mandiri has officially become the Presenting Partner of Garuda National Team, solidifying its support through a partnership agreement signed between the Indonesian Football Association (PSSI) and Bank Mandiri.

EVENT HIGHLIGHTS 2024

EVENT HIGHLIGHTS 2024

SEPTEMBER

3 September 2024

Bank Mandiri reaffirms its commitment to supporting disaster response efforts in Indonesia. This is demonstrated through the donation of Search and Rescue (SAR) equipment worth Rp452 million to the National Search and Rescue Agency (Basarnas).

10 September 2024

In its commitment to expanding banking service accessibility for the Indonesian community, Bank Mandiri has collaborated with the Embassy of the Republic of Indonesia (KBRI) in Ankara, Turkey, to introduce the adaptive and solution-driven Livin' by Mandiri service.

OCTOBER

1 October 2024

Bank Mandiri and KAI Group are committed to developing a digital ecosystem to provide adaptive and solution-driven services to the public. This commitment is realized through the synergy between Bank Mandiri and PT Kereta Api Indonesia (Persero) or KAI Group to expand digital banking solutions within the transportation ecosystem.

5 October 2024

Bank Mandiri once again celebrates its anniversary with a spectacular event, Mandiri Karnaval 2024. This celebration is held simultaneously across 12 Bank Mandiri regions, with the main event taking place at Jakarta International Stadium (JIS).

30 October 2024

Bank Mandiri's performance report for the third quarter of 2024.

NOVEMBER

19 November 2024

Bank Mandiri, in collaboration with Unilever, conducted financial literacy and entrepreneurship training for oil palm farmers at Koperasi Unit Desa (KUD) Sawitra in Rokan Hulu Regency (Rohul).

11 November 2024

Bank Mandiri is committed to expanding banking service accessibility for the Indonesian community, both domestically and internationally. As part of this effort, Bank Mandiri participated in the Wonderful Indonesia Festival at Sugar Land Town Square, Houston, Texas, to introduce its enhanced foreign exchange transfer services through the Livin' by Mandiri application.

28 November 2024

Bank Mandiri has collaborated with the Buddha Tzu Chi Indonesia Foundation, marked by the signing of a cooperation agreement for the launch of the Mandiri Tzu Chi Card credit card and the Tzu Chi Donasi digital service on the Livin' by Mandiri application.

29 November 2024

As part of its efforts to optimize international business, Bank Mandiri has launched Livin' by Mandiri Timor-Leste as a strategy to help meet customers' financial transaction needs at their fingertips.

DECEMBER

1 December 2024

Bank Mandiri continues to optimize banking services for customers both domestically and internationally by expanding the reach of the Livin' by Mandiri application through the Livin' Around The World event in Hong Kong.

11 December 2024

Bank Mandiri President Director Darmawan Junaidi received the Best Financial Leader 2024 award at the CNBC Indonesia Awards 2024. Under his leadership, Mandiri Group has consistently driven innovation in financial services and comprehensive business transformation.

Bank Mandiri continues to demonstrate its resilience by delivering solid performance and further strengthening its leadership in the national banking industry. With a commitment to high-quality growth and sustainability, the Bank has successfully expanded its assets, maintained credit quality, and enhanced efficiency through continuous digitalization. Strong third-party fund growth, particularly from low-cost funds, has also supported profitability amid economic challenges. Furthermore, Bank Mandiri continues to expand its innovative digital financial services to meet customer needs across various segments, strengthen its role in the national financial ecosystem, and prioritize the implementation of its Sustainability strategy. These overall achievements are aligned with the theme of the 2024 Annual Report: Leading Today, Championing the Future.

**MANAGEMENT
REPORT**

Board of Commissioners Report

“Bank Mandiri reaffirms its leadership as one of the leading banks in driving national economic development, enhancing societal well-being, and promoting environmental sustainability. Amidst global and domestic economic uncertainties in 2024, the Bank successfully navigated various challenges, delivering outstanding and commendable performance. Its strong position is reinforced by a highly competent team of Mandirians, a comprehensive suite of banking products, and seamless digital services accessible anytime, anywhere. Bank Mandiri continues to demonstrate leadership in national development and sustainability achievements, recording the highest loan growth, significant sustainable financing disbursement, and the highest net profit, despite intensifying competition and increasing funding costs.

Recognizing the Bank’s quality business growth and sustained performance, the Board of Commissioners views this as a strategic juncture for Bank Mandiri to advance further and solidify its position as the Best Bank in the region, while remaining at the forefront of national economic progress.”

M. Chatib Basri

President Commissioner/Independent

BOARD OF COMMISSIONERS REPORT

Dear Esteemed Shareholders and Stakeholders,

First and foremost, please let us extend our gratitude to God Almighty, for it is by His grace and blessings that we, PT Bank Mandiri (Persero) Tbk and Indonesia, have successfully navigated 2024 despite the challenges, dynamics, and uncertainties throughout the year. On this occasion, in representing the Board of Commissioners, I am pleased to present our supervisory report on Bank Mandiri's business management for the 2024 financial year.

The Board of Commissioners' report encompasses an assessment of the Board of Directors' performance in managing the company, including the rationale for this evaluation; oversight of the formulation and implementation of strategies by the Board of Directors; perspectives on the business outlook prepared by the Board of Directors, as well as its underlying considerations; and supervision of corporate governance implementation and the performance of governance structures.

OVERVIEW ON THE GLOBAL AND NATIONAL ECONOMY

Prolonged geopolitical fragmentation and divergent fiscal policies across major economies, driven by significant economic disparities, have kept the global economy in a state of uncertainty throughout 2024. According to the International Monetary Fund's (IMF) World Economic Outlook (WEO) published in January 2025, global inflation in 2024 declined to approximately 5.7% from 6.7% in 2023. However, this decline was largely attributed to weaker energy commodity prices, particularly crude oil, which saw an oversupply in the market due to differing interests among oil-producing nations, while China's economic slowdown further weighed on global oil demand as one of its largest consumers.

Various major economies have adopted different policy responses to the decline in global inflation, despite previously sharing a common view that the surge in post-pandemic inflation required a coordinated approach. The United States,

supported by strong domestic economic data and a resilient labor market, implemented only a limited reduction in interest rates. Throughout 2024, the Federal Reserve (The Fed) lowered its benchmark Fed Funds Rate (FFR) by 100 basis points (bps), from 5.50% at the beginning of the year to 4.50% by year-end. Meanwhile, the European Central Bank (ECB) also reduced its key interest rate to approximately 3.15% by the end of 2024. Looking ahead to 2025, The Fed has signaled a potential FFR cut of only 50 bps, while market expectations suggest an even smaller reduction, contingent upon future developments in the U.S. economy.

The resilience of the United States economy, the world's largest, which remained strong throughout 2023 and maintained relatively high growth in 2024, coupled with limited interest rate reductions, kept long-term government bond yields in advanced economies, particularly U.S. Treasuries, attractive to global investors. This situation led to capital outflows from emerging markets to advanced economies and strengthened the U.S. dollar against various global currencies. As a result, many emerging economies, including Indonesia, opted to delay cutting their benchmark interest rates. This policy restrained domestic demand, ultimately slowing economic growth in several emerging markets.

Pertaining to the January 2025 edition of the IMF's WEO, global trade volume began to improve, with projected growth of 3.4% in 2024, significantly higher than the 0.4% growth recorded in 2023. The IMF also estimated that global economic growth in 2024 would reach 3.2%, slightly lower than the 3.3% recorded in 2023. This projection remains consistent with the IMF's forecast released in the October 2024 edition of the WEO.

The economies of advanced nations, particularly in Europe, continue to experience pressure due to prolonged geopolitical conflicts, in contrast to emerging markets, especially in Asia. The IMF projects that economic growth in advanced economies will remain stagnant at around 1.7% in 2024, unchanged from the previous year. Several European countries, such as France and Italy, are expected to see either stagnation or only marginal

growth, while Germany is still experiencing contraction, albeit on a smaller scale. Meanwhile, other major economies, including the United Kingdom, Canada, and Japan, are projected to record economic growth below pre-pandemic levels. In contrast, the U.S. economy grew by 2.8% year-on-year in 2024, slightly lower than the 2.9% growth recorded in the previous year. The relatively strong U.S. economic growth was driven by robust domestic consumption, supported by accelerated government and private sector spending, which in turn helped sustain labor market resilience.

Economic growth among developing economies remained at 4.1%. However, some countries within this group, such as China and India, recorded varying growth rates due to country-specific domestic factors. China grew by 5.0% in 2024, down from 5.2% in the previous year, as the ongoing crisis in the property sector and weak domestic consumer confidence continued to weigh on the economy. Meanwhile, India is projected to grow at around 6.5%, experiencing a moderation in growth due to a slowdown in industrial activity.

Amid global economic uncertainties and persistently high interest rates, Indonesia's economy remained resilient at around 5.0%. This stability was supported by the strength of the national economy and consistent implementation of fiscal policies, macroprudential measures, and anticipatory monetary policies by the Ministry of Finance and Bank Indonesia. Moreover, the continuation of social assistance programs and infrastructure connectivity projects under the National Strategic Projects (PSN) framework helped maintain domestic demand stability and consumer purchasing power, while inflation remained under control.

To maintain exchange rate stability and support economic recovery in 2024, Bank Indonesia (BI) kept its benchmark interest rate (BI-Rate) at 6.00% throughout the year until December 2024. However, in early January 2025, BI lowered the BI-Rate by 25 basis points (bps) to 5.75%. This decision was supported by Indonesia's trade balance, which remained in surplus at USD31.04 billion,

BOARD OF COMMISSIONERS REPORT

despite a decline in the prices of key commodities such as coal. The sustained surplus was driven by strong demand from Indonesia's main trading partners and an increase in the prices of other key commodities, such as tin and crude palm oil (CPO), over the past year.

The continuous trade surplus since the pandemic has also contributed to the growth of Indonesia's foreign exchange reserves, which reached USD155.4 billion, equivalent to 6.7 months of imports or 6.5 months of imports and government external debt payments. With solid national economic fundamentals, the rupiah depreciated by only 4.6%, from Rp15,397/USD at the end of 2023 to Rp16,102/USD at the end of 2024, amid the ongoing strengthening trend of the U.S. dollar.

RESILIENCE OF INDONESIA'S FINANCIAL SYSTEM

The conclusion of the national agenda, including the Presidential, Regional Head, and Legislative (DPR, DPRD, and DPD) elections, which proceeded efficiently, including the election of a government leader aligned with market expectations, has fostered a more stable political, security, and investment climate. Strong domestic consumption has also driven increased investment activity, reflected in the continued positive growth of Indonesia's financial industry, despite intense competition, high funding costs, and tight liquidity conditions.

In 2024, banking loan maintained its growth trajectory, expanding at a similar pace to the previous year at 10.39%. This growth was primarily driven by investment loans, which increased by 13.62% year-on-year (yoy), followed by consumer loans, which grew by 10.61% (yoy), and working capital loans, which rose by 8.35% (yoy) as of December 2024.

The increase in loan was accompanied by an improvement in credit quality, as reflected in the decline in the gross Non-Performing Loan (NPL) ratio from 2.38% in 2023 to 2.08% in December 2024. Meanwhile, in terms of capital, the Capital Adequacy Ratio (CAR) remained strong at 26.69% as of December 2024, compared to 27.97% in 2023.

BOARD OF COMMISSIONERS REPORT

Third-Party Funds (TPF) in the national banking sector also recorded growth in 2024, although at a lower rate than loan growth, reflecting tight liquidity conditions and rising funding costs. National banking TPF grew by 4.48% yoy as of December 2024, driven by increases in current accounts, savings, and time deposits, which grew by 3.34%, 6.78%, and 3.50% (yoy), respectively.

Despite TPF growth being lower than loan expansion, banking sector liquidity in 2024 remained at an adequate level. The Liquidity Assets to Non-Core Deposit (AL/NCD) ratio and the Liquidity Assets to Third-Party Funds (AL/TPF) ratio stood at 112.87% and 25.59%, respectively, as of December 2024, well above the regulatory thresholds of 50% and 10%. Meanwhile, the Liquidity Coverage Ratio (LCR) remained strong at 213.23%.

In line with the banking sector's intermediation performance, financing receivables disbursed by Finance Companies (Multifinance) continued to grow, recording a year-on-year increase of 6.92% as of December 2024. This growth was primarily driven by a 10.47% (yoy) increase in investment financing.

Despite the slowdown in the Multifinance industry's growth in 2024, financing risk profiles remained well-managed. The gross Non-Performing Financing (NPF) ratio stood at 2.70% (yoy) in December 2024, while the net NPF ratio remained at 0.75% (yoy). Meanwhile, the gearing ratio of finance companies declined to 2.31 times as of December 2024, significantly below the regulatory threshold of 10 times.

The insurance industry posted more moderate growth, with total premium collection increased by 4.91% (yoy) to Rp15.70 trillion as of December 2024. Life insurance premiums grew by Rp10.74 trillion (yoy), while general and reinsurance premiums increased by Rp5.03 trillion (yoy). In terms of capital, the insurance industry remained solid, with the Risk-Based Capital (RBC) ratio for life insurance and general and reinsurance insurance recorded at 420.67% and 325.93%, respectively, well above the regulatory threshold of 120%.

Fundraising in the capital market remained on a positive trend throughout 2024, with total public offerings reaching Rp259.24 trillion. Of this amount, Rp17.28 trillion was raised by 43 new issuers through initial public offerings (IPOs) and the issuance of Debt Securities and/or Sukuk (EBUS). In addition, 115 public offerings remained in the pipeline, with an indicative value of Rp32.58 trillion.

Affected by negative sentiment from global economic conditions, the domestic stock market closed 2024 with a decline of 2.65% year-to-date (ytd) to 7,079.91 compared to 7,303.89 in December 2023. However, market capitalization continued to grow by 5.74% (ytd) to Rp12,336 trillion. Meanwhile, non-resident investors recorded a net buy of Rp16.53 trillion (ytd).

The growth of Indonesia's capital market was supported by an increase in the number of investors, which rose to 14.87 million from 12.16 million in 2023. The number of stock investors also increased by more than one million, reaching 6.37 million compared to 5.25 million in the previous year.

In line with the continued improvement in banking intermediation, the Financial Services Authority (OJK) decided to end the COVID-19 loan restructuring stimulus as of March 31, 2024. Prior to the policy expired, outstanding COVID-19 restructured loans stood at Rp251.2 trillion as of January 2024, benefiting 977,000 debtors. This figure represents a significant decline from its peak of Rp830 trillion in October 2022.

BOARD OF DIRECTORS' PERFORMANCE ASSESSMENT

The Board of Commissioners' assessment of the Board of Directors' performance is outlined in the Directors' Key Performance Indicators (KPI), both individually and collectively, and is reported to shareholders through the General Meeting of Shareholders (GMS) mechanism.

Overall, the Board of Commissioners finds that the Board of Directors has carried out its duties and responsibilities exceptionally well throughout 2024.

This is reflected in the Company's performance, which has largely met the targets set in the Corporate Work Plan and Budget (RKAP) as well as other established criteria, resulting in the achievement of the Directors' KPI at 104.95%.

The Board of Commissioners recognizes that Bank Mandiri successfully navigated various challenges and uncertainties in 2024 while maintaining solid performance. In fact, most of Bank Mandiri's key performance indicators outperformed the banking industry average. For instance, the Bank's consolidated loan portfolio grew by 19.5% (yoy), with a bank-only gross Non-Performing Loan (NPL) ratio reduced to 0.97%. In comparison, the banking industry recorded loan growth of 10.39% (yoy) as of December 2024, with a gross NPL ratio of 2.08% for the same period.

Amid increasing competition and tightening liquidity in Third-Party Funds collection, Bank Mandiri once again recorded TPF growth of 7.73% (yoy) in 2024, surpassing the industry average growth of 4.48%. Moreover, the consolidated low-cost funding ratio (Current Account and Saving Account/CASA) strengthened from 74.30% in 2023 to 74.83% in 2024.

The Board of Commissioners believes that this remarkable achievement reflects the Board of Directors' consistency in implementing adaptive strategies, agility in optimizing the core competence ecosystem within the Wholesale Banking segment, and sharp focus on capturing potential market segments. Furthermore, the Bank's comprehensive digital transformation across nearly all operational phases has significantly contributed to improving efficiency. As a result, Bank Mandiri successfully drove business volume growth across all segments and closed 2024 with solid performance. The Bank recorded consolidated net profit for the year of Rp55.78 trillion, grew by 1.31% (yoy), demonstrating resilience and strong competitiveness amid industry challenges.

SUPERVISION OF STRATEGY FORMULATION AND IMPLEMENTATION BY THE BOARD OF DIRECTORS

The Board of Commissioners oversees the implementation of the Bank's Business Plan (RBB) in accordance with the provisions of the Financial Services Authority Regulation (POJK) No. 5/POJK.03/2016 on Bank Business Plans. This supervision covers various aspects, including management policies and strategies. As part of this responsibility, the Board of Commissioners regularly submits the Supervisory Report on RBB Implementation to the OJK on a semi-annual basis.

In addition, the Board of Commissioners also reports its oversight results on the Company's performance achievements and Key Performance Indicators (KPI) to the Ministry of State-Owned Enterprises (SOEs) as the holder of Series A Dwiwarna shares on a quarterly basis. The reporting includes the following:

To OJK:

- Letter No. KOM/032/2024 dated 21 February 2024, regarding the Supervisory Report on the Bank Business Plan 2023 – 2025 of PT Bank Mandiri (Persero) Tbk for the Second Semester of 2023.
- Letter No. KOM/124/024 dated 31 July 2024, regarding the Supervisory Report on the Bank Business Plan 2023 – 2025 of PT Bank Mandiri (Persero) Tbk for the First Semester of 2024.

To the Ministry of SOEs:

- Letter No. KOM/012/2024 dated 31 January 2024, regarding the Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk for 2023.
- Letter No. KOM/077/2024 dated 30 April 2024, regarding the Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk up to the First Quarter of 2024.

BOARD OF COMMISSIONERS REPORT

- Letter No. KOM/129/2024 dated 31 July 2024, regarding the Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk up to the Second Quarter of 2024.
- Letter No. KOM/157/2024 dated 31 October 2024, regarding the Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk up to the Third Quarter of 2024.

The Supervisory Report on the Implementation of the Bank Business Plan, submitted to the OJK, and the Response to the Company's Performance Achievements and KPI, submitted to the Ministry of State-Owned Enterprises, cover several key aspects.

First, the Board of Commissioners conducts an assessment of the implementation of Bank Mandiri's Business Plan, evaluating both quantitative and qualitative aspects to measure actual performance against the established targets. Second, an evaluation is carried out on various factors influencing the Bank's overall performance, with a focus on capital adequacy, profitability, and risk profile, including credit risk, market risk, and liquidity risk. Third, if indications of performance decline are identified based on the previous assessments, the Board of Commissioners reviews the corrective measures taken to ensure the Bank's stability and continued growth.

In addition, the Board of Commissioners' assessment of these three aspects is further complemented by an analysis of external factors that may impact Bank Mandiri's performance. This provides a more comprehensive perspective to support strategic decision-making.

OVERVIEW ON THE COMPANY'S BUSINESS PROSPECTS PREPARED BY THE BOARD OF DIRECTORS

The global economy in 2025 is expected to remain uncertain, primarily due to the dynamics of monetary, fiscal, and trade policies implemented by major economies. In addition, exchange rate pressures in emerging markets are likely to persist, with the US dollar potentially

continuing its strengthening trend, driven by the solid performance of the US economy and future policy directions under President Trump. Trump's protectionist policies introduce additional risks, particularly the potential for escalating trade tensions on a broader scale between major economies and the US.

On the other hand, energy commodity prices, particularly crude oil, are expected to continue declining. This is driven by a combination of factors, including the impact of monetary tightening policies since 2023, increased supply from oil-exporting countries within the OPEC+ group, and weakening demand from China. In line with these conditions, global inflation in 2025 is projected to decline further to around 4.2%, down from 5.7% in the previous year. This is likely to be followed by limited interest rate easing in various countries. These developments will create diverse economic growth dynamics across regions. Emerging markets are expected to record higher growth compared to advanced economies, supported by stronger economic fundamentals and sustained domestic demand.

The IMF WEO January 2025 projects a slight improvement in the global economy, with economic growth expected to reach 3.3% (yoy) in 2025, compared to 3.2% (yoy) in 2024. The U.S. economy is expected to record a slight slowdown, with growth projected at 2.7% (yoy) in 2025, decrease from 2.8% (yoy) in the previous year. This growth will continue to be supported by strong domestic demand, a resilient labor market, and a more accommodative monetary policy. Most advanced economies in Europe are expected to see an improvement in economic growth. Germany, which experienced contraction in 2023 and 2024, is projected to return to growth at 0.3% in 2025. Meanwhile, the United Kingdom, as a non-Euro European economy, is expected to register 1.6% (yoy) growth, an improvement from 0.9% (yoy) in 2024.

In the Asian region, economic growth in developing countries will be affected by the slowdown in China's economy, which is projected to decline to 4.6% (yoy) in 2025, down from 5.0% (yoy) in 2024. Meanwhile, India's growth is

expected to remain strong at 6.5% (yoy) in 2025, and the stable growth of both advanced and developing economies across Asia is anticipated to support regional economic growth at 5.1% (yoy), only slightly lower than 5.2% (yoy) in 2024. Japan, as one of the leading economies in the Asia-Pacific region, is projected to grow by 1.1% (yoy) in 2025, reversing the 0.8% (yoy) contraction recorded in 2024.

Overall, these global economic dynamics are expected to impact global trade volume, which is projected to grow by 3.2% in 2025, slightly lower than the 3.4% growth recorded in the previous year. This slowdown is primarily driven by increasingly protectionist trade policies in various countries.

Amid global economic dynamics and uncertainty, Indonesia's economy is projected to remain solid in 2025. The consistency in implementing fiscal policies, macroprudential measures, and accommodative and responsive monetary policies will be key factors in sustaining national economic resilience. Several factors expected to have a positive impact on Indonesia's economy in 2025 and beyond include strong domestic consumption, accelerated realization of both private and government investments, and the continuation of National Strategic Projects (PSN) across various sectors.

The government has reaffirmed its commitment to advancing downstream processing, not only for nickel but also for other key commodities such as crude palm oil (CPO), copper, bauxite, and tin. This initiative is expected to further strengthen Indonesia's trade balance. In addition, the marine fisheries industry is targeted for further development to drive stronger growth in the maritime sector. These opportunities will have tangible economic impacts over varying timeframes, depending on the realization of investments and the commercialization period of the produced goods.

BOARD OF COMMISSIONERS REPORT

Referring to various indicators and achievements throughout 2024, along with early 2025 economic data that reflects Indonesia's economic resilience, the country's economy is projected to grow within a range of 5.0%–5.2% in 2025, with inflation remaining controlled at around 2.5% ±1%. The IMF WEO January 2025 edition also forecasts Indonesia's economic growth at approximately 5.1%, higher than the 5.0% growth estimate for 2024.

Considering global and national economic dynamics, as well as the work plans and strategies formulated by the Board of Directors for 2025, the Board of Commissioners believes that Bank Mandiri and its subsidiaries have ample opportunities to achieve sustainable, sound, and high-quality growth across all business lines. As such, the Board of Commissioners encourages the Board of Directors to further strengthen the foundation for growth, accelerate digital transformation, and enhance business synergies with subsidiaries. Furthermore, risk mitigation measures must be continuously improved to turn emerging challenges into opportunities for business expansion. In every operational phase, Bank Mandiri must also uphold best practices in corporate governance to ensure sustainable and competitive growth.

OVERSIGHT ON CORPORATE GOVERNANCE IMPLEMENTATION

Based on the Board of Commissioners' assessment, Bank Mandiri remains firmly committed to implementing best practices in corporate governance across all operational processes. This commitment is reflected in various evaluation results, both internal, through the Individual Governance Self-Assessment and Integrated Governance Self-Assessment, and external assessments such as the ASEAN Corporate Governance Scorecard (ACGS) and the Corporate Governance Perception Index (CGPI) throughout 2024.

BOARD OF COMMISSIONERS REPORT

As part of routine evaluations, the **Individual Governance Self-Assessment** is conducted in accordance with POJK No. 17/2023 and SEOJK No. 13/POJK.03/2017 on Governance Implementation for Commercial Banks. This assessment is conducted twice a year, in June and December. The Self-Assessment for the First Semester of 2024 resulted in a score of 1 (one), which was subsequently reviewed by the OJK, assigning a score of 2 (two). This indicates that, in general, Bank Mandiri has implemented governance principles effectively and met adequate compliance requirements. Meanwhile, the Self-Assessment for the Second Semester of 2024 recorded a score of 1 (one), signifying that Bank Mandiri's governance implementation falls within the "Excellent" category. As of now, Bank Mandiri is awaiting OJK's feedback on the Second Semester 2024 assessment results.

The **Integrated Governance self-assessment** implementation is conducted based on OJK Regulation No. 18/POJK.03/2014 and OJK Circular No. 15/SEOJK.03/2015 on Integrated Governance. This assessment is carried out twice a year, in June and December, involving all Financial Services Institutions (LJK) within the Bank Mandiri Financial Conglomerate. The self-assessment results for both the first and second semesters of 2024 indicate a score of 1 (one), reflecting that the Financial Conglomerate has implemented Integrated Governance effectively. This is demonstrated by a highly adequate fulfillment of Integrated Governance principles. If any weaknesses are identified in the implementation of Integrated Governance principles, they are generally minor or insignificant and can be promptly addressed through normal corrective actions taken by the Main Entity and/or LJK within the Financial Conglomerate.

In fulfilling the criteria of the **ASEAN Corporate Governance Scorecard (ACGS)**, Bank Mandiri has adopted a governance assessment framework based on the corporate governance principles developed by the Organization for Economic Cooperation and Development (OECD). These principles have also been endorsed by the ASEAN Capital Market Forum (ACMF) as the governance standard applied across the ASEAN region.

Through the implementation of ACGS, Bank Mandiri continues to strengthen its commitment to transparent, accountable, and internationally recognized governance practices. This implementation not only serves as a benchmark for regulatory compliance but also forms part of the Bank's strategy to enhance competitiveness, build stakeholder trust, and support long-term business sustainability.

In the **Corporate Governance Perception Index (CGPI)**, Bank Mandiri participated in the governance implementation research and ranking program through the CGPI 2023 rating, which was conducted in 2024. The theme for this year's CGPI is "Building Corporate Maturity within the GCG Framework." The CGPI assessment process includes self-assessment, evaluation of document completeness, and observation. The assessment is based on three key aspects: Governance Structure, Governance Process, and Governance Outcome.

In its 21st participation from 2003 to 2024, Bank Mandiri successfully maintained its designation as a "Most Trusted" company for 18 consecutive years, with a score of 95.30.

Advisory Mechanism to the Board of Directors

Apart from supervisory function over the Company's management by the Board of Directors, the Board of Commissioners also conducts regular monitoring and provides advice and recommendations to the Board of Directors. This function is supported by various Supporting Committees of the Board of Commissioners, which serve a role in providing strategic analysis and considerations.

The monitoring and advisory mechanism is carried out through meetings organized by the Board of Commissioners as well as Joint Meetings between the Board of Commissioners and the

BOARD OF COMMISSIONERS REPORT

Board of Directors. Throughout 2024, the Board of Commissioners held 28 Internal Meetings, 12 Joint Meetings with the Board of Directors, 24 Audit Committee meetings, 27 Risk Monitoring Committee meetings, 15 Remuneration and Nomination Committee meetings, and 5 Integrated Governance Committee meetings. The frequency of these meetings has met, and in many cases exceeded, the minimum requirements set out in POJK No. 17/2023 on the Implementation of Governance for Commercial Banks. This underscores the Board of Commissioners' commitment to ensuring effective supervision and strong corporate governance within the company.

Risk Management Implementation

Bank Mandiri proactively manages risks through a risk management policy framework that aligns with Bank Indonesia Regulations (PBI), Financial Services Authority Regulations (POJK), Basel regulations, and best practices. These policies are reviewed periodically to anticipate changes in business conditions, regulations, internal bank factors, as well as social and environmental impacts.

Risk management is carried out at both the individual bank level and the Mandiri Group Financial Conglomerate level. The process of risk identification, measurement, monitoring, and control is conducted regularly through self-assessments of the Bank's Risk Profile and Soundness Level (TKB), supported by an integrated information system known as the Risk Assessment Consolidation Generator (RACER) System. Moreover, active supervision by the Board of Commissioners and Directors is ensured through governance mechanisms overseeing the execution of risk profile and TKB self-assessments via executive committees under both Boards.

As a proactive measure to anticipate declining macroeconomic stability, increasing climate change risks, and their associated social impacts, Bank Mandiri conducts regular internal stress testing at both the individual bank level and the Mandiri Group level. These tests are based

on macroeconomic scenarios developed by the Office of the Chief Economist, taking into account potential increases in climate change risks and social conditions. In addition, Bank Mandiri participates in regulatory Bottom-up Stress Testing, which is conducted periodically to assess the resilience of the regional banking sector against various emerging challenges following post-pandemic recovery and ongoing economic uncertainties.

As part of its risk management strategy, Bank Mandiri has updated its Recovery Plan to prevent, restore, and improve the Bank's financial condition and business continuity in the event of financial stress, in accordance with POJK No. 5 of 2024 on the Determination of Supervisory Status and Resolution of Issues in Commercial Banks. In addition, Bank Mandiri has established a Resolution Plan as a proactive measure in case the recovery efforts outlined in the Recovery Plan are insufficient to restore the Bank's condition to meet minimum regulatory requirements, as stipulated in LPS Regulation No. 2 of 2024 on Resolution Plans for Commercial Banks.

To enhance the quality of risk management implementation and maximize value for shareholders, Bank Mandiri applies risk management through the Enterprise Risk Management (ERM) framework. In addition, the Bank continuously strengthens a sustainable risk culture through ongoing learning and heightened risk awareness across all levels of the organization. This is achieved through various programs, including Operational Risk Awareness (OPERA), Cyber Risk Awareness, Fraud Awareness, Compliance Awareness, and Business Continuity Awareness.

Effectiveness of the Internal Control System

The Board of Commissioners has the authority to approve the Internal Control System established by the Board of Directors. In carrying out its supervisory function, the Board of Commissioners, through the Audit Committee, actively evaluates the effectiveness of the Internal Control System by reviewing assessments conducted by Internal Audit to ensure the system operates optimally.

BOARD OF COMMISSIONERS REPORT

The Board of Commissioners' evaluations in 2024 affirmed that Bank Mandiri's Internal Control System is adequate and operates effectively. However, in line with business growth and the increasing complexity of challenges and risks, the Board of Commissioners underscores the need for continuous improvements to ensure Bank Mandiri remains adaptable and maintains optimal operational resilience.

Anti-Corruption Policy and Anti-Fraud Strategy Practices

Bank Mandiri has obtained ISO 37001:2016 certification for the Anti-Bribery Management System, which has been expanded to cover Procurement, Vendor Management, and the Internal Audit Process as part of its ongoing efforts to combat corruption.

Furthermore, to comply with POJK No. 12 of 2024 on the Implementation of Anti-Fraud Strategies for Financial Institutions and as part of the continuous enhancement of its Internal Control Policy, Bank Mandiri continues to update internal policies and regulations to align with best practices and regulatory standards. These enhancements cover various operational policies, including Standard Operating Procedures (SPO), Operational Technical Guidelines (PTO), and other internal regulations, ensuring a robust and adaptive fraud prevention and control framework.

Bank Mandiri's anti-fraud strategy is based on four main pillars. **The prevention pillar** includes various anti-fraud awareness programs, such as the dissemination of the Anti-Fraud Statement, the Employee Awareness Program, and the Customer Awareness Program. In addition, vulnerability identification is conducted through the application of Risk Management principles and the implementation of the Know Your Employee (KYE) Policy. **The detection pillar** consists of various monitoring and reporting mechanisms, including the Whistleblowing System – Letter to CEO, Fraud Detection System, Surprise Audit, and Surveillance System to identify potential irregularities at an early stage. **The investigation, reporting, sanctions, and legal process pillar** ensures that every fraud case

is handled transparently and in accordance with applicable regulations. Finally, **the monitoring, evaluation, and follow-up pillar** focuses on continuous oversight and the implementation of improvements in the fraud control system to enhance the effectiveness of the anti-fraud strategy across all operational lines of the Bank.

Perspective on Whistleblowing System Practices

Bank Mandiri has developed whistleblowing policies and mechanisms through a violation reporting system known as the Whistleblowing System – Letter to CEO (WBS – LTC). As part of the detection pillar in the implementation of the Code of Conduct and Anti-Fraud Strategy (SAF), WBS-LTC has been in place since 2009 and has undergone continuous updates. The Operational Technical Guidelines for WBS-LTC are regularly reviewed and updated, with the most recent update conducted on 26 September 2024, to ensure the system's effectiveness and relevance in supporting fraud control efforts.

In its management, WBS-LTC involves an independent party to create a secure environment and encourage employees and stakeholders to report violations. Whistleblowers may choose to disclose their full identity or remain anonymous, with their identity known only to the independent party. Throughout 2024, Bank Mandiri enhanced the management quality of WBS-LTC by renewing the Secure Socket Layer (SSL) for the Whistleblowing System for Corruption Crimes (WBSTPK) to ensure secure access to the Corruption Eradication Commission's Whistleblowing System (KWS). This initiative is part of the Bank's Anti-Corruption Strategy and reflects Bank Mandiri's commitment to supporting efforts in preventing and addressing corruption-related crimes.

With various enhancement measures in place and based on the Board of Commissioners' assessment, the implementation of WBS-LTC at Bank Mandiri in 2024 has been effective and continues to improve, particularly in whistleblower protection and overall effectiveness.

BOARD OF COMMISSIONERS REPORT

Board of Commissioners Committees Assessment

In providing direction, oversight, monitoring, and advisory support on the Company's management, the Board of Commissioners is assisted by four Supporting Committees: the Audit Committee, the Remuneration and Nomination Committee, the Risk Monitoring Committee, and the Integrated Governance Committee. Bank Mandiri regularly updates all Charters of the Board's Supporting Committees to ensure alignment with business developments and prevailing regulations.

Based on the implementation of the Committee Work Program as outlined in the 2024 Work Plan, the Board of Commissioners considers the performance of duties and functions of all Supporting Committees have effectively been carried out. All recommendations provided by each Committee have been accepted by the Board of Commissioners and have served as key considerations in decision-making regarding proposals submitted by the Board of Directors, both in providing advisory support and in formulating directives and recommendations for follow-up by the Board of Directors.

The Board of Commissioners also finds that the reports and recommendations from each Committee have been prepared based on in-depth analysis of the topics discussed. This process has been reinforced through various meetings, discussions, and site visits to obtain direct insights from Management. In addition, the Committees have maintained strong and intensive communication with relevant stakeholders in addressing strategic issues within Mandiri Group and have actively monitored Management's follow-up actions on recommendations and decisions made by the Board of Commissioners.

The following is a summary of the activities carried out by each Committee under the Board of Commissioners.

The Audit Committee is responsible for providing opinions to the Board of Commissioners regarding reports and/or other matters submitted by the Board of Directors, as well as identifying areas that require the Board of Commissioners' attention, particularly in the areas of financial reporting, internal control, and compliance.

Throughout 2024, the Audit Committee carried out various activities, including holding 24 Audit Committee meetings, with meeting minutes duly prepared. In addition, a total of 107 internal discussions, discussions with relevant work units, and joint discussions with the Risk Monitoring Committee were conducted, all of which were documented in discussion minutes.

The Audit Committee also reviews financial reports and information, both in-house or unaudited and audited, before publication. More than 25 reports, proposals, and recommendations from the Board of Directors requiring written approval from the Board of Commissioners were reviewed and provided with recommendations. These included the proposal for the appointment of a Public Accountant (AP) and Public Accounting Firm (KAP) for the audit of the 2023 Consolidated Financial Statements, proposals for the Corporate Work Plan and Budget (RKAP) and Bank Business Plan (RBB) including revisions, as well as the proposal for the Annual Audit Plan and Internal Audit Budget for 2024. As part of its responsibilities, the Audit Committee prepared 4 (four) quarterly activity reports, which were submitted to the Board of Commissioners, and compiled the Evaluation Report on the Implementation of Audit Services for the 2023 Annual Historical Financial Information of Bank Mandiri, conducted by KAP Tanudiredja, Wibisana, Rintis & Rekan (PwC). Throughout the year, 6 (six) site visits were conducted, with detailed reports prepared for each visit. The Committee also developed the Audit Committee Work Plan for 2025 as part of its forward-looking strategic planning. In addition, all Committee members participated in at least one competency development program related to banking or auditing to ensure continuous capability enhancement in carrying out duties effectively.

The Remuneration and Nomination Committee was established to assist the Board of Commissioners in carrying out its supervisory function and ensuring that the nomination process for strategic management positions and the determination of remuneration levels are conducted objectively, effectively, and efficiently, in accordance with OJK regulations.

BOARD OF COMMISSIONERS REPORT

Throughout 2024, in line with its duties and functions as outlined in the Remuneration and Nomination Committee Charter of Bank Mandiri, the Committee provided recommendations and proposed candidates who met the qualifications for Commissioners and Directors positions which were submitted to the Board of Commissioners for consideration at the GMS. The recommendations were formulated through a series of processes, including the development of policies, criteria, and necessary qualifications for the nomination process, aligned with the company's strategic direction. The Committee also identified qualified individuals for Commissioners positions by gathering and analyzing data on potential candidates from the executive talent pool one level below the Board of Directors.

In addition to the nomination process, the Remuneration and Nomination Committee also assists the Board of Commissioners in formulating an appropriate remuneration system for the Board of Directors and the Board of Commissioners of Bank Mandiri. This includes structuring salaries or honorariums, benefits and allowances packages, as well as the bonus or tantiem system for 2024. In carrying out its functions, the Remuneration and Nomination Committee held 15 meetings throughout 2024, ensuring that all decisions and recommendations were properly recorded by preparing and documenting meeting minutes.

The Risk Monitoring Committee was established to assist the Board of Commissioners in carrying out its supervisory duties and providing advice to the Board of Directors to ensure that Bank Mandiri's risk management framework, procedures, and methodologies remain robust and adequate. The Committee serves a role in ensuring that all of the Bank's business activities operate within acceptable risk limits while also optimizing opportunities aligned with strategic objectives. By doing so, business operations can be conducted in a controlled, profitable manner that supports the Bank's long-term growth and stability.

Throughout 2024, the Risk Monitoring Committee carried out various activities, including holding 27 meetings, with meeting minutes prepared and documented as part of good governance practices. In addition, the Committee conducted

100 discussions, including internal discussions, discussions with relevant work units, and joint forums with the Audit Committee, all of which were documented in discussion minutes. As part of its supervisory duties, the Committee reviewed more than 25 reports, including the Risk Profile Report, Bank Soundness Level Report, Individual Debtor Report, Wholesale Segment Watchlist Debtor Report, and the Anti-Fraud Strategy Implementation Report. In addition, more than 20 proposals or recommendations from the Board of Directors requiring written approval from the Board of Commissioners were comprehensively evaluated. In carrying out its functions, the Committee prepared four quarterly reports submitted to the Board of Commissioners and conducted six site visits, each accompanied by a detailed visit report. As part of forward-looking strategic planning, the Committee also developed the Risk Monitoring Committee Work Plan for 2025. To ensure relevant expertise in banking and risk management, all Committee members participated in at least one competency development program throughout 2024.

The Integrated Governance Committee was established to assist the Board of Commissioners in overseeing the implementation of good governance across all Financial Services Institutions (LJK) within Bank Mandiri's Financial Conglomerate. The Committee ensures that governance practices align with the Integrated Governance Guidelines and support the execution of the duties and responsibilities of Bank Mandiri's Board of Directors. In addition, the Committee provides guidance and advice to the Board of Directors on the implementation of the Integrated Governance Guidelines, evaluates their effectiveness, and offers recommendations for improvements.

Throughout 2024, the Integrated Governance Committee carried out various activities, including holding five meetings, with meeting minutes prepared as part of governance documentation and transparency. In addition, six discussions were conducted, both internally and with relevant work units, to deepen the evaluation of various governance aspects within Bank Mandiri's Financial Conglomerate. As part of its supervisory duties, the Committee also

BOARD OF COMMISSIONERS REPORT

evaluated the adequacy of integrated internal control implementation, integrated compliance, and integrated risk management. Based on these evaluations, the Committee provided recommendations for improvements aimed at strengthening overall governance and ensuring the effectiveness of control systems in supporting the sustainability of Bank Mandiri and its subsidiaries.

Changes in the Board of Commissioners Composition

Pertaining to the resolution of the Annual General Meeting of Shareholders (AGMS) on 7 March 2024, changes in the composition of Bank Mandiri's Board of Commissioners were occurred. The resolutions adopted during the AGMS include the following:

- Bank Mandiri reappointed Mr. M. Chatib Basri as president commissioner and independent commissioner.
- Bank Mandiri honorably discharged Mr. Adrinof A. Chaniago from his position as vice president commissioner and independent commissioner, and Ms. Nawal Nely from her position as commissioner. The Company expresses its appreciation for their dedication and contributions during their tenure.
- Mr. Zainudin Amali's position was reassigned from independent commissioner to vice president commissioner and independent commissioner.
- Bank Mandiri reappointed Mr. Rionald Silaban as commissioner.
- Bank Mandiri appointed Mr. Tedi Bharata as commissioner.

As such, the composition of the Board of Commissioners following the Annual GMS on 07 March 2024, is as follows:

Name	Position	Basis of Appointment	Effective Date	Period
M. Chatib Basri	President Commissioner/Independent	<ul style="list-style-type: none"> • Period 1: EGMS dated 9 December 2019 • Period 2: AGMS dated 7 March 2024 	29 May 2020	2024 - 2029
Zainudin Amali*	Vice President Commissioner/Independent	<ul style="list-style-type: none"> • Period 1: Independent Commissioner: AGMS dated 14 March 2023 • Vice President Commissioner/Independent: AGMS dated 7 March 2024 	<ul style="list-style-type: none"> • Independent Commissioner : 06 November 2023 • Vice President Commissioner/Independent: 13 September 2024 	2023 - 2028
Loeke Larasati Agoestina	Independent Commissioner	Period 1: AGMS dated 19 February 2020	02 September 2020	2020 - 2025
Muliadi Rahardja	Independent Commissioner	Period 1: AGMS dated 10 March 2022	22 June 2022	2022 - 2027
Heru Kristiyana	Independent Commissioner	Period 1: AGMS dated 14 March 2023	21 August 2023	2023 - 2028
Rionald Silaban	Commissioner	<ul style="list-style-type: none"> • Period 1: EGMS dated 28 August 2019 • Period 2: AGMS dated 7 March 2024 	12 February 2020	2024 - 2029

Arif Budimanta	Commissioner	Period 1: AGMS dated 19 February 2020	04 August 2020	2020 - 2025
Muhammad Yusuf Ateh	Commissioner	Period 1: AGMS dated 15 March 2021	18 August 2021	2021 - 2026
Tedi Bharata**	Commissioner	Period 1: AGMS dated 7 March 2024	30 August 2024	2024 - 2029

*) Transition of assignment to Vice President Commissioner/Independent Commissioner at the Annual GMS on 07 March 2024.

***) Appointed as Commissioner at the Annual GMS on 07 March 2024.

BOARD OF COMMISSIONERS REPORT

APPRECIATION

On behalf of all members of the Board of Commissioners, we extend our highest appreciation to the Board of Directors and all Mandirians for their dedication, loyalty, and strong commitment in carrying out their duties throughout 2024. Through adaptive leadership, solid collaboration, and a strong focus on transformation and innovation, Bank Mandiri successfully navigated various macroeconomic challenges and banking industry dynamics, delivering commendable performance.

The Board of Commissioners also appreciates Bank Mandiri's success in maintaining its position as an industry leader, supported by healthy business growth, strengthened synergies within the financial ecosystem, and the acceleration of digital transformation, which continues to create added value for customers and stakeholders. Through the implementation of sound corporate governance, a solid risk management strategy, and continuous innovation and business expansion efforts, Bank Mandiri is further strengthening its resilience in addressing global challenges and driving sustainable growth.

We believe that the strong foundation established throughout 2024 will serve as a solid platform for Bank Mandiri to continue seizing opportunities and achieving outstanding performance in the future, in alignment with the Company's long-term vision and strategy.

Board of Directors Report

“Bank Mandiri once again demonstrated its resilience by successfully navigating ongoing uncertainties and challenges in 2024, delivering solid performance while further strengthening its leadership in the national banking industry. The Bank remains committed to supporting sustainability goals through quality growth in the future. Bank Mandiri recorded the highest asset growth at 11.6%, reaching Rp2427 trillion, driven by double-digit loan growth of 19.5%, also the highest, while maintaining improving asset quality. This was accompanied by strong third-party fund growth, particularly from low-cost funding sources. The continued intensification of digitalization initiatives further enhanced operational efficiency, enabling Bank Mandiri to record a consolidated net profit of Rp55.8 trillion in 2024, sustaining growth amid increasing funding costs.

Bank Mandiri also demonstrated its leadership in delivering innovative digital financial services, expanding its reach and effectively meeting the needs of all customers, whether in the wholesale segment, the Bank’s core competency, or the retail and micro segments, wherever they operate. Moreover, Bank Mandiri recorded the largest sustainable portfolio, grew by 10.8% to reach Rp293 trillion, aligning with the essence of this Report’s theme, “Leading Today, Championing the Future”.

Darmawan Junaidi
President Director

BOARD OF DIRECTORS REPORT

Dear Esteemed Shareholders and Stakeholders,

To begin with, please allow us to extend our gratitude to God Almighty for His abundant blessings, enabling PT Bank Mandiri (Persero) Tbk to navigate the dynamic and uncertain landscape of 2024 with remarkable growth and performance. This achievement aligns with Bank Mandiri's mission to provide reliable, practical, and easily accessible digital banking solutions for all, reinforcing its role as an integral part of customers' lives in today's digital era.

The official end of the COVID-19 pandemic at the end of 2023 did not immediately create a conducive business environment in 2024. Governments and businesses worldwide continued to grapple with complex challenges stemming from prolonged geopolitical tensions in Ukraine. These tensions were further exacerbated by ongoing conflicts in the Middle East, leading to sharp disparities in economic growth across regions. Amid a declining inflation trend, driven by corrections in energy commodity prices and the gradual easing of high-interest rate policies in various countries, global economic growth remained constrained, despite the increasing demand for goods and services.

Bank Mandiri successfully navigated these challenges, delivering solid performance that further strengthened its business foundation and reinforced its leadership as the leading wholesale bank. As the Board of Directors of Bank Mandiri, we are honored to present the Bank's management report for the 2024 fiscal year, reflecting its ability to overcome various obstacles and challenges while achieving remarkable accomplishments.

GLOBAL AND NATIONAL ECONOMIC CONDITIONS

Prolonged geopolitical tensions in Ukraine, coupled with escalating conflicts in the Middle East, continued to cast a shadow over the global economy throughout 2024. This was reflected in the limited reduction of the U.S. Federal Reserve's benchmark interest rate, as strong U.S. economic data, persistent domestic inflation, and a robust labor market fueled the appreciation of the U.S. dollar against nearly all global currencies. Although U.S. inflation remained above the central bank's target, global inflation generally continued its downward trend, prompting interest rate cuts in various countries. However, this did not immediately translate into lower lending rates and funding costs due to the ongoing strengthening of the U.S. dollar. As a result, economic growth across major regions slowed, with significant variations, in contrast to the continued resilience of the U.S. economy. Toward the end of 2024, the re-election of Donald Trump as U.S. President introduced new potential risks to the global economy, including the possibility of trade wars and further U.S. dollar appreciation, which could influence global economic dynamics in the years ahead.

These conditions prompted the IMF, through its January 2025 World Economic Outlook report, to forecast global economic growth of 3.2% year-on-year (yoy) in 2024, slightly lower than 3.3% in 2023, before edging up to 3.3% in 2025 and 2026. Meanwhile, global trade volume in 2024 was projected to grow by 3.4%, a significant improvement from 0.7% in 2023, before slowing again to 3.3% in 2025. However, the strengthening of the US dollar exchange rate and various other global factors have caused economic growth in major countries to vary. The Eurozone economy in 2024 grew higher than in the previous year, while other major countries such as Japan, China, India, and Canada recorded a slowdown in economic growth.

In its report, the IMF also projected that although global inflation has begun to decline, it remains at a high level of approximately 5.7%, decrease from 6.7% in 2023. This condition has also affected the global manufacturing sector, as reflected in the Global Manufacturing PMI 2024. As of November, the index released by J.P. Morgan and S&P Global stood at 49.4, still in the contraction zone (below 50.0), although showing an improvement from the previous month's level of 48.7.

Amid global economic uncertainty and volatility, the national economy continued to demonstrate resilience by maintaining positive growth. Indonesia's economy grew by 5.03% (yoy) in 2024, slightly lower than the previous year's growth of 5.05% (yoy), supported by expansion across most business sectors. The Other Services sector recorded significant growth of 9.80%, followed by the Transportation and Warehousing sector at 8.69%, and the Accommodation and Food Services sector at 8.56%. Meanwhile, the manufacturing sector, which serves a dominant role in Indonesia's economy, grew by 4.43%. In addition, national inflation was effectively controlled, declining to 1.57% YoY from 2.61% (yoy) in the previous year.

In response to the U.S. Federal Reserve's decision to cut its benchmark interest rate, lowering the Fed Funds Rate (FFR) to 4.50% from 5.50% by the end of 2024, and the European Central Bank (ECB) reducing its rate to 3.15%, Bank Indonesia (BI) maintained its benchmark interest rate (BI-Rate) at around 6.00% at the end of 2024. Subsequently, in the January 2025 Board of Governors Meeting (RDG), BI lowered the BI 7-Day Reverse Repo Rate (BI7DRRR) to 5.75%. This decision was made to ensure exchange rate stability while sustaining national economic growth momentum amid global economic uncertainty. A combination of macroprudential policies and monetary policy flexibility also supported Indonesia's trade balance, which recorded a surplus of USD31.04 billion, contributing to an increase in foreign exchange reserves to USD155.7 billion by the end of 2024. These reserves were equivalent to financing 6.7 months of imports or 6.5 months of

imports and government external debt payments, well above the international adequacy standard of approximately three months of imports.

The ongoing volatility in the global economy led to the rupiah exchange rate reaching Rp16,102/USD at the end of December 2024, depreciating by 4.6% compared to Rp15,397/USD at the end of 2023.

NATIONAL BANKING CONDITIONS AND NON-BANK FINANCIAL INDUSTRY

The national banking sector continued to support economic growth in 2024, maintaining a positive trend in financing (lending), fund mobilization, and earnings. The Financial Services Authority (OJK) data recorded that bank lending grew by 10.4% (yoy) as of December 2024, driven by increases across several key segments. Investment loans recorded the highest growth at 13.62% (yoy) in December, followed by consumer loans, which grew by 10.61% (yoy), and working capital loans, which increased by 8.35% (yoy). By bank ownership, state-owned banks (SOEs) were the main drivers of loan growth, recording an increase of 12.10% (yoy). Meanwhile, based on debtor categories, corporate loans grew significantly by 15.67% (yoy), while MSME loans recorded more moderate growth at 3.37% (yoy).

The increase in lending was accompanied by an improvement in credit quality, as reflected in the decline in the gross Non-Performing Loan (NPL) ratio to 2.08% in December 2024, compared to 2.38% in 2023. Meanwhile, in terms of capital adequacy, the Capital Adequacy Ratio (CAR) remained strong at 26.69% in December 2024, albeit slightly lower than 27.97% in 2023.

Third-Party Funds (TPF) in the banking sector grew by 4.48% (yoy) as of December 2024, driven by increases in demand deposits, savings, and time deposits, which grew by 3.34% (yoy), 6.78% (yoy), and 3.50% (yoy), respectively. At the same time, banking industry liquidity remained well-maintained at an adequate level. The Liquidity

BOARD OF DIRECTORS REPORT

Assets to Non-Core Deposit (AL/NCD) ratio and Liquidity Assets to Third-Party Funds (AL/DPK) ratio stood at 112.87% and 25.59%, respectively, in December 2024, well above the regulatory thresholds of 50% and 10%. Moreover, the Liquidity Coverage Ratio (LCR) remained strong at 213.23%, reflecting solid liquidity resilience.

In contrast to the banking sector, Indonesia's capital market saw a downturn, mirroring the negative trend in global capital markets due to various economic challenges. The Jakarta Composite Index (IHSG) on the Indonesia Stock Exchange (IDX) declined by 2.65% at the end of 2024, falling to 7,079.90 from 7,272.80 at the end of 2023. Meanwhile, market capitalization reached Rp12,336.0 trillion at the end of 2024, marking a 5.36% increase from Rp11,708.0 trillion at the end of 2023. Market capitalization hit a record high of Rp13,475.0 trillion on 19 September 2024, before undergoing a correction.

The Non-Bank Financial Industry (IKNB) generally continued its growth trend across both the multifinance and insurance sectors. Multifinance receivables recorded a (yoy) growth of 6.92% as of December 2024, in line with the improved performance of the banking sector. This growth was primarily driven by an increase in investment financing, which expanded by 10.47% (yoy) in December 2024. In terms of financing quality, the gross non-performing finance (NPF) ratio stood at 2.70%, rising from 2.44% in December 2023. Meanwhile, the gearing ratio of financing companies remained at 2.31 times as of December 2024, well below the regulatory threshold of 10 times.

In the insurance sector, total premium collection grew by 4.91% (yoy) as of December 2024, or an increase of Rp15.77 trillion. This growth was driven by a Rp10.74 trillion (yoy) increase in life insurance premiums and a Rp5.03 trillion (yoy) increase in general insurance and reinsurance premiums. The capital adequacy of the insurance industry in 2024 also remained solid, with the risk-based capital (RBC) ratio for life insurance and general insurance and reinsurance standing at 420.67% and 325.93%, respectively, well above the regulatory threshold of 120%.

COMPANY PERFORMANCE ANALYSIS

Overall, Bank Mandiri successfully navigated the challenging and uncertain business environment in 2024, delivering solid performance. The Bank maintained its leadership position by recording total assets of Rp2,427.2 trillion, the largest in Indonesia, grew by 11.6% (yoy) as of December 2024. The asset growth was supported by sustained efficiency, a significant increase in business volume across all segments, and the strengthening of the low-cost funding ratio (Current Account and Savings Account/CASA). These achievements reflect Bank Mandiri's consistent execution of well-formulated business strategies, reinforced by the holistic optimization of digital initiatives.

Several key performance indicators of Bank Mandiri in 2024 once again recorded growth that exceeded the national banking industry average. Consolidated net profit reached Rp55.78 trillion, grew by 1.31% (yoy) compared to 2023. However, this net profit growth was constrained by increased interest expenses and other operating expenses. Bank Mandiri's consolidated loans continued to post double-digit growth trend, reaching Rp1,670.55 trillion, an increase of 19.5% (yoy), significantly higher than the banking industry's loan growth of 10.4% (yoy).

The wholesale banking segment, as Bank Mandiri's core competence, successfully disbursed loans amounting to Rp913.3 trillion, grew by 25.5% compared to the previous year. This increase was driven by the corporate segment, which provided Rp515.4 trillion in loans (+25.7% yoy), the commercial segment with Rp292.9 trillion (+23.0% yoy), institutional banking with Rp96.3 trillion (+32.4% yoy), and international banking with Rp8.7 trillion (+22.1% yoy).

Meanwhile, in the retail segment, Bank Mandiri recorded loan disbursements of Rp397.4 trillion, grew by 11.1% (yoy). The growth was primarily driven by the SME segment, which reached Rp86.7 trillion (+13.2% yoy), the micro segment at Rp188.0 trillion (+12.0% yoy), and the consumer loan segment at Rp122.8 trillion (+8.2% yoy).

The performance of loan expansion was balanced by Bank Mandiri's ability to maintain asset quality through the strict implementation of prudential principles. As a result, Bank Mandiri's NPL ratio (bank only) remained at a low level, reaching 0.97% in December 2024. Bank Mandiri also maintained adequate provisioning, with an NPL coverage ratio (consolidated) of 271%. The disciplined application of prudent risk management enabled Bank Mandiri (consolidated) to record a 6 bps decline in the cost of credit to 0.79% as of December 2024, an improvement from the previous period's 0.85%.

In addition to successfully maintaining credit quality, Bank Mandiri also recorded positive performance in fund accumulation. The Bank's consolidated third-party funds reached Rp1,698.9 trillion in 2024, grew by 7.73% (yoy). The growth was driven by an increase in low-cost funds, namely savings and demand deposits, which grew by 8.49% (yoy) to reach Rp1,271.2 trillion. This increase also contributed to a 52-basis-point rise in the low-cost fund ratio (CASA), from 74.3% in 2023 to 74.8% as of December 2024. With this achievement, Bank Mandiri's CASA market share (bank only) in the commercial banking industry continued to increase to 19.0%.

Bank Mandiri's solid fundamental performance received recognition from both the public and investors. This was reflected in the movement of Bank Mandiri's share, which continued to record gains despite the downward trend in the IHSG. By the end of 2024, Bank Mandiri's share closed at Rp5,700 per share, correcting by 5.8%, with a market capitalization of Rp532.0 trillion. The highest share price in 2024 was recorded on 23 September 2024, reaching Rp7,450 per share.

BECOMING THE LEADING AND MOST PROMINENT BANK IN DIGITALIZATION

Building on the success of its digital transformation, which began in 2021, Bank Mandiri continued to implement various digital initiatives in 2024 as part of its ongoing efforts to refine its digital banking roadmap to meet customer needs. The Bank consistently enhances its innovative digital services by launching new features and applications designed to serve industries and fulfill customer

BOARD OF DIRECTORS REPORT

demands through Kopra by Mandiri, Livin' by Mandiri, and Smart Branch. These initiatives further solidify Bank Mandiri's position as the leading and most prominent bank in digitalization.

In 2024, Bank Mandiri further enhanced the quality of its seamless experience through Kopra by Mandiri, which underwent significant improvements in both user interface (UI) and user experience (UX). Kopra was also enriched with various new features, including seamless onboarding options with simple or advanced settings, as well as dashboard, transfer, and payment features, among others. These innovations have been highly sought after by corporate customers, both in Indonesia and abroad, who require integrated digital financial services as part of their expanding business ecosystems. These efforts contributed to the growth of Kopra's user base, which reached over 247,000 users by the end of 2024, while also driving a 21.0% (yoy) increase in corporate digital transaction frequency. The total transaction value also continued to grow, surpassing Rp22,703 trillion.

Bank Mandiri also introduced new features in Livin' by Mandiri in 2024, including Livin' Mortgage, Livin' Auto, and Livin' Points. These features complement the existing services from previous years, designed to cater to lifestyle needs while enhancing customers' financial services. Consistent feature development has driven Livin' by Mandiri to be downloaded tens of millions of times, with more than 29 million registered users by the end of 2024. Throughout the year, Livin' by Mandiri processed over 3.88 billion transactions, reflecting a 37.8% (yoy) increase, with transaction value reaching Rp4,027.0 trillion, grew by 23.4% (yoy).

The increase in digital transaction frequency drove the growth of Bank Mandiri's digital fee-based income, which reached Rp5.0 trillion, grew by 15.0% (yoy). Digital transactions through Livin', which serves Bank Mandiri's retail customers, contributed Rp2.6 trillion, marking a 20.7% (yoy) increase compared to the same period in the previous year. Meanwhile, transactions from Bank Mandiri's wholesale customers through Kopra generated a fee-based income of Rp2.4 trillion, grew by 9.4% (yoy). Bank Mandiri's total fee-

BOARD OF DIRECTORS REPORT

based income (bank only) in 2024 stood at Rp31.7 trillion, reflecting a 2.5% decline, primarily due to a 33.0% decrease in cash recoveries during the reporting period. The Bank's digitalization initiatives also contributed to operational efficiency, as reflected in Bank Mandiri's operational expense to operating income ratio (BOPO) (bank only), which remained at 55.55% in 2024, compared to 51.88% in 2023, and remained significantly lower than the industry average.

We believe that the services offered through Kopra, Livin', and branchless banking support will continue to contribute positively to Bank Mandiri's growth, both in terms of interest income and fee-based income, while also driving an increase in the CASA ratio. Ultimately, this will help maintain a low cost of funds ratio. Kopra and Livin' are also expected to further expand the potential value chain within both the wholesale and retail banking ecosystems. As such, we remain committed to continuously implementing various digital service development programs as outlined in Bank Mandiri's digitalization roadmap.

STRATEGY AND STRATEGIC POLICIES

The formulation of Bank Mandiri's strategy refers to the achievement of the Government's Medium-Term Development Plan, with the objective of driving national growth and improving public welfare. With the conclusion of the 2020-2024 Corporate Plan, Bank Mandiri has developed and established the vision for the 2025-2029 Corporate Plan, which is to become "The Best Financial Institution in Southeast Asia".

To support this vision, Bank Mandiri has defined its mission: "Providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level."

To realize this vision and mission, Bank Mandiri has established three key focus areas:

- Strengthen Core Competence.** Aiming to position its core competence in Wholesale Banking as the benchmark for wholesale banks in Southeast Asia and reinforcing its role as the preferred bank for conglomerates, financial institutions, and the government.
- Achieve Urban Leadership.** *Focusing Retail Banking on capturing the full potential of retail business, including those derived from conglomerate networks and regional ecosystems. Retail Banking will act as an urban leader by providing integrated business solutions and serving as a key driver of economic growth at the regional level while promoting financial inclusion.*
- Extract Values from Subsidiaries.** Striving to position its subsidiaries as industry leaders that contribute to the growth of Mandiri Group's business while complementing Bank Mandiri with financial services that go beyond conventional banking.

To address the challenges and uncertainties in both the global and national economy in 2024 while ensuring sustainable performance growth, Bank Mandiri has implemented four strategic focus areas:

- Wholesale Acceleration.** Strengthening core competence in the wholesale segment and maximizing business potential from its ecosystem.
- Ecosystem Driven Growth.** Expanding in the retail segment through a value chain approach based on ecosystems and key sectors in each region.
- Digital Platform Optimization.** *Advancing progressive digital initiatives, including Livin', Livin' Merchant, Kopra, and Smart Branch, primarily to drive CASA growth.*
- Strengthen Group Synergy.** Enhancing synergy with subsidiaries through cross-selling, streamlining business processes by leveraging technology, and implementing prudent parent company risk management principles.

As part of the implementation of the 2025-2029 Corporate Plan, Bank Mandiri has defined its strategic focus for 2025, emphasizing Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem. This strategic focus is reflected in three Strategic Objectives for 2025:

- Becoming the **"Main Transaction Bank"** for both Wholesale and Retail customers, where Bank Mandiri aims to dominate transaction market share by providing high-quality products and services, supported by a strong relationship management framework for principals, merchants, and individuals.
- Establishing itself as the **"Leader in Low-Cost Funding"**, positioning Bank Mandiri as the preferred bank for transactions and the primary operational account for customers.
- Becoming the **"Largest Lender"** in Wholesale and Retail lending based on an ecosystem approach while maintaining an optimal yield level

Role of the Board of Directors in Strategy Formulation and Strategic Policies

The formulation of Bank Mandiri's strategy and strategic policies is consistently aligned with the Bank's vision, mission, and strategic plan. The Board of Directors actively communicates the work plan to shareholders and all levels of the Bank.

Strategy formulation and development consider both driving and inhibiting factors for success, referencing the Bank's competitive advantage and incorporating a structured implementation roadmap. The Board of Directors, in collaboration with the Board of Commissioners, also takes into account external dynamics that need to be anticipated to ensure optimal strategy execution. The established strategies are then outlined in the Bank Business Plan (RBB) and, more specifically, in the Sustainable Finance Action Plan (RAKB). Bank Mandiri's RAKB is formulated, implemented, and evaluated in response to the growing global and national focus on sustainability issues. Additionally,

the RAKB reflects Bank Mandiri's commitment to supporting the Indonesian Government's sustainability programs in achieving the Sustainable Development Goals (SDGs).

The Board of Directors, with the Board of Commissioners, formulates and establishes performance measurement parameters for all programs outlined in the RBB and RAKB. The development of these parameters considers alignment with the Bank's core values and includes a rewards and punishment system for all levels of the organization. This approach ensures the optimal implementation of strategies by leveraging the Bank's full competencies.

Process Undertaken by the Board of Directors to Ensure Strategy Implementation

Under the guidance and supervision of the Board of Commissioners, the Board of Directors coordinates the execution of all programs and work plans outlined in the RBB and RAKB together with all relevant levels of the organization. The Board of Directors also delegates authority for executing each program in accordance with the assigned roles and responsibilities. Regular meetings are held with the Executive Committee, division heads, and department heads to ensure that the implementation of programs and the management of Bank Mandiri's business activities remain aligned with the approved business strategy, risk appetite, and policies established by the Board of Commissioners and the Board of Directors.

In addition to formulating decisions related to program implementation, these meetings also serve as a forum to discuss, evaluate, and establish the Annual Work Plan and Budget (RKAP), Bank Business Plan (RBB), Long-Term Corporate Plan (RJPP), and Sustainable Finance Action Plan (RAKB) for the upcoming period. This comprehensive approach has led to tangible achievements, ensuring the attainment of various performance targets set in advance.

BOARD OF DIRECTORS REPORT

COMPARISON OF REALIZATION AND TARGET

Bank Mandiri once again delivered outstanding performance amid global and national economic uncertainties. This is reflected in the bank-only total assets, which reached Rp1,877.3 trillion in 2024, grew by 11.2% (yoy) from Rp1,688.9 trillion in 2023. This achievement exceeded the 2024 RKAP target of Rp1,839.5 trillion.

Bank Mandiri's bank-only net profit also increased to Rp51.1 trillion, grew by 0.1% (yoy) compared to Rp51.1 trillion in 2023. This result surpassed the 2024 RKAP target of Rp50.4 trillion. The primary driver of net profit growth was net interest income (NII), which reached Rp75.8 trillion, grew by 6.46% (yoy), supported by well-managed costs.

Bank Mandiri also successfully maintained operational efficiency, as reflected in the cost-to-income ratio, which increased by 70 basis points (yoy) to 35.01% in 2024. Through prudent loan disbursement and regular monitoring, Bank Mandiri continued to improve its credit quality. This is evident from the 2024 gross NPL ratio, which stood at 0.97%, down 5 basis points from 1.02% in the previous year. This NPL ratio also outperformed the 2024 RKAP target of 1.14%.

Parameters and Financial Ratios (Bank Only)	2024	
	Target	Actual
Loan Growth	10.0%-12.0%	20.72%
Third-Party Funds Growth	7.0%-9.0%	6.82%
Net Profit Growth	0.0%-1.0%	0.08%
Cost of Credit	1.0%-1.2%	0.62%
Gross NPL	1.0%-1.2%	0.97%
Net Interest Margin	4.9%-5.1%	4.93%

CHALLENGES AND RESOLUTION MEASURES

The limited decline in benchmark interest rates across major economies, the strengthening of the US dollar, and the persistence of the benchmark interest rate (BI-Rate) have led to tight liquidity conditions in the national banking industry. However, these conditions have been effectively managed by the banking sector in Indonesia, including Bank Mandiri, as reflected in the maintained CASA and LDR ratios. Mitigation of these key challenges was carried out through the strict implementation of the Industry Acceptance Criteria policy and sectoral credit portfolio management using the Loan Portfolio Guideline (LPG). This guideline is developed and reviewed regularly, at least twice a year, to monitor macroeconomic developments and the latest credit portfolio conditions. As a result, Bank Mandiri's credit growth remained above the industry average, focusing on prospective sectors with relatively rapid recovery rates.

Bank Mandiri also consistently applies a prudent policy in forming the Allowance for Impairment Losses (CKPN) as an anticipatory measure against potential credit quality deterioration following the end of COVID-19 relaxation policies (Build-up CKPN). In addition, to address the risk of increasing NPL and Loan at Risk (LaR), Bank Mandiri has prepared an action plan for debtors who are at risk of being downgraded to NPL status.

BUSINESS OUTLOOK ANALYSIS

The global economy in 2025 is expected to remain challenged by various uncertainties due to the dynamics of monetary, fiscal, and trade policies implemented by major economies. In its January 2025 World Economic Outlook report, the IMF projected global economic growth of 3.3% for 2025, slightly higher than the 3.2% recorded in 2024.

This global economic growth is influenced by several factors, one of which is the economic slowdown in China due to weakened consumption, impacted by structural issues in the property sector. This condition has the potential to put pressure on Indonesia's export performance, given that China is one of Indonesia's main trading partners. Meanwhile, India, another key trading partner, is expected to maintain stable economic growth at around 6.5%, the same as the previous year.

The United States is projected to be the advanced economy with the highest growth rate compared to other developed countries. This condition may keep the US dollar exchange rate at a high level, potentially tightening liquidity in emerging markets. Moreover, the change in administration in the US increases the risk of protectionist policies, which could trigger larger-scale trade wars between countries. These developments may put pressure on global economic growth and further tighten liquidity in global financial markets.

On the other hand, global inflation is expected to continue declining to 4.2% in 2025 from 5.7% in 2024, in line with the ongoing decline in energy commodity prices, which supports the trend of lower global benchmark interest rates. However, various uncertainties in the global economy, including Trump's policies, may limit further declines in benchmark interest rates.

Amid global economic uncertainties, Indonesia's economy continues to demonstrate strong resilience. Indonesia's economic growth in 2025 is projected to be in the range of 5.0% to 5.2% (yoy), sustaining the positive performance of 2024, which was driven by household consumption and investment. Household consumption remains solid, particularly in the upper-middle segment. Meanwhile, investment continues to grow in line with the completion of various National Strategic Projects (PSN), including the development of the new capital city, Ibu Kota Nusantara (IKN). Non-oil and gas export performance is also expected to improve, supported by growth in the manufacturing and mining sectors.

BOARD OF DIRECTORS REPORT

The stability of the national financial services sector in 2025 is expected to remain well maintained, supported by monetary policy easing, strong capitalization, adequate liquidity, well-managed risk profiles, and continued positive performance in the financial services sector. The national banking industry is also projected to remain stable, driven by a strong Capital Adequacy Ratio, continued positive growth in intermediation, and moderate growth in third-party fund accumulation.

Considering these conditions, Bank Mandiri remains optimistic about sustaining and even enhancing its business growth trend in a sustainable and high-quality manner. The Bank will continue to strengthen the consistent implementation of its strategic focus to turn challenges into opportunities and effectively mitigate key risks.

In 2025, Bank Mandiri will continue its growth strategy with a focus on strengthening its dominance in its core business (wholesale) and ecosystem-driven growth. In addition, Bank Mandiri will develop key sectors across various regions for the retail segment to create a higher-quality credit portfolio. In terms of third-party fund accumulation, Bank Mandiri aims to be the primary financial partner for its customers by providing comprehensive financial solutions through the optimization of digital platforms and leveraging its extensive network across Indonesia.

GOOD CORPORATE GOVERNANCE PRACTICES

Bank Mandiri is committed to implementing best practices in Good Corporate Governance as a fundamental pillar in conducting its business activities. To fulfill its duties and responsibilities while ensuring compliance with all governance principles amid an evolving and challenging business landscape, the Board of Directors held a total of 48 meetings throughout 2024, consisting of 45 Board of Directors meetings and 3 Joint Meetings between the Board of Directors and the Board of Commissioners.

BOARD OF DIRECTORS REPORT

Aligned with the latest governance concepts, Bank Mandiri applies the four pillars of governance as outlined in the 2021 Indonesian Corporate Governance Guidelines (PUGKI), which were updated by the National Committee on Governance Policy (KNKG). These four pillars include ethical behavior, accountability, transparency, and sustainability. As part of its commitment to continuously improving governance practices, Bank Mandiri regularly conducts self-assessments of governance quality, both individually and on an integrated basis. This assessment covers three key aspects, Governance Structure, Governance Process, and Governance Outcome, to ensure governance effectiveness and enhance corporate compliance and accountability standards.

Bank Mandiri actively participates in external assessments of its governance quality to gain feedback for improving the implementation of corporate governance within the Bank. External assessors include The Indonesian Institute for Corporate Governance (IICG), which applies the Corporate Governance Perception Index (CGPI) as a benchmark, and the ASEAN Capital Market Forum (ACMF), which evaluates governance practices based on the ASEAN Corporate Governance Scorecard (ACGS).

As part of its commitment to enhancing governance quality, Bank Mandiri follows a structured governance strengthening process based on the phases outlined in its governance roadmap. In 2024, the following initiatives were undertaken:

1. Conducted two individual self-assessments on governance in accordance with POJK No. 17 of 2023 and SEOJK No. 13/SEOJK.03/2017 on Governance Implementation for Commercial Banks. The first-period assessment by the Financial Services Authority (OJK) resulted in a score of 2, while the second period achieved a score of 1.
2. Conducted two integrated self-assessments on governance based on POJK No. 18/POJK.03/2014 and SEOJK No. 15/SEOJK.03/2015, with both assessments receiving a score of 1.

3. Participated in the 15th Indonesian Institute for Corporate Directorship (IICD) Corporate Governance Award 2024 and received the Leadership in Corporate Governance category.
4. Took part in the Corporate Governance Perception Index (CGPI) program organized by The Indonesian Institute for Corporate Governance (IICG) and successfully maintained the Highly Trusted rating for the 18th consecutive year.
5. Three of Bank Mandiri's subsidiaries received a Highly Trusted rating, while another three subsidiaries were rated Trusted in the 2024 CGPI rankings.
6. Updated the Integrated Governance Guidelines on 25 March 2024, which were communicated to all financial institutions within Mandiri Group's financial conglomerate on 23 April 2024.
7. Adjusted the Integrated Governance Committee Membership through Board of Directors Decree No. KEP.DIR/040/2024 dated 22 May 2024.
8. Revised the Integrated Governance Committee Charter through Board of Commissioners Decree No. KEP.KOM/009/2024 dated 31 May 2024.

Bank Soundness Level

Bank Mandiri regularly assesses its risks and performance through the self-assessment of the Bank Soundness Level (TKB) using a risk-based approach (Risk-Based Bank Rating). This assessment covers risk profile, governance implementation, profitability (earning), and capital. The self-assessment follows the guidelines set by OJK Regulation No. 4/POJK.03/2016 on the Assessment of Commercial Bank Soundness Levels, with the final result presented as a composite rating (PK).

As of 31 December 2024, the individual self-assessment of Bank Mandiri's Bank Soundness Level was rated at composite rating 1 (PK-1). This rating reflects a very sound condition, indicating the Bank's strong ability to withstand significant negative impacts from business condition changes and external factors. The assessment factors, including risk profile, governance

implementation, profitability, and capital, were generally rated as very good. Any identified weaknesses were considered manageable within the Bank's normal business activities.

Performance Assessment of Committees Under the Board of Directors

In carrying out its management duties, the Board of Directors is supported by 12 committees, also referred to as the executive committee. Based on the Board of Directors' assessment throughout 2024, the committees have effectively fulfilled their duties and responsibilities. Below is a summary of the assessment results.

1. The Assets & Liabilities Management Committee (ALCO) has effectively carried out its duties in supporting the Board of Directors, including asset and liability management strategies, interest rate determination, liquidity management, and monitoring financial indicators in the Recovery Plan. Throughout 2024, ALCO held 10 (ten) meetings, focusing on work plans and strategic issues.
2. The Business Committee (BC) has effectively performed its role in supporting the Board of Directors in formulating the Company's integrated business strategy, overseeing product and activity management, and optimizing marketing strategies for the Wholesale and Retail Banking segments. Throughout 2024, BC held 14 (fourteen) meetings, discussing key agendas and related issues.
3. The Capital & Subsidiaries Committee (CSC) has effectively fulfilled its responsibilities in supporting the Board of Directors, including managing the Company's and subsidiaries' capital, providing recommendations on corporate actions, determining capital investment and divestment strategies, and proposing the appointment and remuneration of Directors and Commissioners of subsidiaries. Throughout 2024, CSC held 30 (thirty) meetings.

BOARD OF DIRECTORS REPORT

4. The Human Capital Policy Committee (HCPC) has effectively carried out its duties in supporting the Board of Directors, including designing human resource management strategies, organizational development, and strategic direction for the Human Resource Information System. Throughout 2024, the committee held 15 (fifteen) meetings in accordance with the work plan.

5. The Information Technology & Digital Banking Committee (ITDC) has effectively performed its role in supporting the Board of Directors, including managing the company's IT portfolio, IT budget allocation, and ensuring alignment with the IT Strategy & Execution Plan (ISP). Throughout 2024, ITDC held 8 (eight) meetings and demonstrated strong performance in driving digital innovation.
6. The Integrated Risk Committee (IRC) has effectively fulfilled its responsibilities in supporting the Board of Directors, particularly in implementing a comprehensive and effective Integrated Risk Management framework, including the formulation and refinement of Integrated Risk Management policies. Throughout 2024, IRC held 6 (six) online meetings and provided recommendations for 2 (two) proposals through a circular resolution.
7. The Policy & Procedure Committee (PPC) has effectively carried out its duties in supporting the Board of Directors, including regulating corporate policies in the form of Mandiri Group Provisions, Policies, or Procedures, as well as granting authority to company officials on an ex-officio basis. In 2024, PPC carried out its duties 41 (forty-one) times, with 2 (two) decisions made through meetings and 39 (thirty-nine) decisions made through circular resolutions.

BOARD OF DIRECTORS REPORT

8. The Risk Management Committee (RMC) has effectively performed its role in supporting the Board of Directors in implementing an effective risk management process and system. The committee ensures adequacy in risk identification, measurement, and monitoring, as well as in the formulation of risk management policies and strategies. Throughout 2024, RMC approved 25 (twenty-five) agendas through 15 (fifteen) online meetings and approved 10 (ten) decisions via circular resolution.
9. The Credit Policy Committee (CPC) was established to assist the Board of Directors in formulating policies, overseeing policy implementation, monitoring the development and condition of the credit or financing portfolio, and providing recommendations for corrective actions. Throughout 2024, CPC approved 1 (one) decision via circular resolution.
10. The Transformation Committee (TFC) has effectively carried out its duties in supporting the Board of Directors, including overseeing the bank's transformation initiatives and ensuring alignment with strategic objectives. The committee held 5 (five) meetings throughout 2024.
11. The Credit Committee (Rapat Komite Kredit/RKK) has effectively performed its role in supporting the Board of Directors, particularly in managing credit disbursement decisions within the designated authority limits. Throughout 2024, the Credit Committee approved 1,250 credit proposals, consisting of 427 decisions for the corporate segment and 823 decisions for the commercial segment.
12. The Social and Environmental Responsibility Committee (SERC) has effectively carried out its duties in supporting the Board of Directors, including mapping and formulating the company's Social and Environmental Responsibility (SERC) programs. The committee held 2 (two) meetings throughout 2024, focusing on work plan implementation and priority issues.

Changes in the Composition of the Board of Directors

Referring to the resolution of the Annual GMS on 7 March 2024, Bank Mandiri made changes to the composition of the Board of Directors as follows:

- Confirmed the honorable dismissal of Mr. Ahmad Siddik Badruddin from his position as Director of Risk Management and appointed Mr. Danis Subyantoro as Director of Risk Management.
- Granted an honorable discharge to Ms. Susana Indah K. Indriati from her position as Director of Corporate Banking.
- Reassigned Mr. Riduan from his previous role as Director of Commercial Banking to Director of Corporate Banking.
- Appointed Mr. Totok Priyambodo as Director of Commercial Banking.

With these changes, the composition of the Board of Directors remains at 12 (twelve) members, consisting of 1 (one) President Director, 1 (one) Vice President Director, and ten (ten) Directors. Below is the composition of the Board of Directors of Bank Mandiri as of 31 December 2024:

*) Reassigned as Director of Corporate Banking at the Annual GMS on 07 March 2024.

**) Appointed as Director at the Annual GMS on 07 March 2024.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE MANAGEMENT (ESG)

Bank Mandiri continues to demonstrate its leadership in fulfilling its commitment to sustainability, contributing to the advancement of the national financial industry, and realizing its aspiration to become Indonesia's Sustainability Champion for a Better Future. The Bank has formulated strategic initiatives to lead Indonesia's transition toward a low-carbon economy, achieve Net Zero Emission (NZE) from operational activities by 2030, and from financing activities by 2060 or earlier. The implementation of this sustainability leadership is carried out through three key pillars: sustainable banking, sustainable operations, and sustainability beyond banking, which are also reinforced through the 2025-2029 Sustainable Finance Action Plan.

Sustainable Banking

Under the Sustainable Banking pillar, Bank Mandiri has developed and implemented credit policies that integrate environmental, social, and governance (ESG) aspects, as well as applied sectoral credit policies as provisions in disbursing financing to customers. Throughout 2024, Bank Mandiri has completed the review process and integrated sectoral credit policies for five new sectors: Hotels, Restaurants & Accommodations, Fertilizers & Pesticides, Cement, Automotive, and Chemicals. As such, the ESG policies outlined in the Industry Acceptance Criteria (IAC) technical guidelines now cover a total of 17 sectors, further strengthening our commitment to sustainable and responsible financing.

As a realization of the implementation of ESG policies, Bank Mandiri continues to drive the growth of its sustainable portfolio through the end of 2024. By the end of 2024, Bank Mandiri has recorded a total sustainable portfolio of Rp293 trillion, in accordance with the categories set out in POJK No. 51 of 2017, grew by 10.8% (yoy), with the green portfolio reaching Rp149 trillion, an increase of 15.5% (yoy),

BOARD OF DIRECTORS REPORT

while the social portfolio stood at Rp144 trillion, grew by 6.7% (yoy). Bank Mandiri is also the first national bank in Indonesia to have established both a Sustainable Finance Framework and a Transition Finance Framework. These documents reflect Bank Mandiri's dedication to building a strong governance and framework to promote sustainable financing, in line with prevailing regulations and global standards.

As part of our commitment to sustainability, Bank Mandiri continues to expand its portfolio of environmentally focused financial products by offering a range of innovative solutions, including Green Loans, Social Loans, Sustainability-Linked Loans, and Corporate in Transition Financing. These products are designed to support customers, particularly those in high-carbon-emission sectors, in transitioning toward more environmentally friendly business practices. In addition, Bank Mandiri is strengthening its presence in the retail segment by developing various products, including Green Mortgage (KPR Hijau), electric vehicle financing, and solar panel financing, as part of efforts to provide broader access for individuals to support sustainability initiatives. In terms of funding, Bank Mandiri has issued several sustainable financial instruments, including a Rp5 trillion Green Bond, a USD500 million ESG Repo, and a USD300 million Sustainability Bond.

Going forward, Bank Mandiri will continue to develop various sustainable financial instruments, both in financing and funding. By expanding financing solutions for both the wholesale and retail segments, Bank Mandiri aims to be a key catalyst in building an inclusive, innovative, and impactful sustainable financial ecosystem that benefits both the environment and society.

Sustainable Operation

Under the second pillar, Sustainable Operation, Bank Mandiri continues to strengthen environmentally friendly operations to achieve Net Zero Emission (NZE) for operational activities by 2030. We have consistently monitored positive trends in reducing operational emissions for Scope 1 and 2, which in 2024 decreased by 33%

compared to the 2019 baseline. Compared to the previous year, our operational emissions this year declined by 19%, exceeding our target of 9% set for OJK. This achievement is driven by a twofold increase in initiatives compared to the previous year, including the installation of 870 solar panels, the deployment of 404 battery electric and hybrid vehicles for operational transportation, the establishment of 26 charging stations, and the addition of three certified green buildings.

This progress is not merely the result of our strategic initiatives but also reflects the contribution and full support of our employees. Bank Mandiri ensures that sustainability principles are not just policies but are deeply integrated into the company's work culture and operations. As such, we actively enhance employee awareness and capacity in sustainability through various educational programs, training, and engagement in environmental and social initiatives.

Recognizing the vital role of our employees, Bank Mandiri is committed to fostering an inclusive and equitable work environment where every individual has equal opportunities for growth and leadership, regardless of gender, ethnicity, religion, or other factors. We believe that diversity and gender equality are key elements in building a more innovative, adaptive, and highly competitive organization. As a concrete manifestation of this commitment, Bank Mandiri continues to strengthen the role of women in management by creating equal career development opportunities through promotions, competency enhancement, and access to strategic positions. As of December 2024, female employees comprised 52% of Bank Mandiri's workforce, while male employees accounted for 48%. At the managerial level and above, the proportion of female employees reached 46%.

Aligned with these principles of equality and inclusivity, Bank Mandiri also prioritizes data privacy and security as fundamental aspects of its operations. With the rapid digitalization of the financial sector, we recognize the importance of data protection in maintaining customer trust and ensuring operational sustainability. To

this end, Bank Mandiri has strengthened the implementation of the Personal Data Protection Law (PDP) and enhanced data security systems to improve data management mechanisms while adhering to best practices and regulatory requirements.

Sustainability Beyond Banking

Under the third pillar, Sustainability Beyond Banking, Bank Mandiri is committed to driving economic growth that delivers optimal social benefits. We believe that sustainability extends beyond internal corporate aspects to include our broader contributions to improving societal well-being. As such, Bank Mandiri actively supports the achievement of the Sustainable Development Goals (SDGs) by implementing various financial inclusion initiatives and strategically designed Corporate Social and Environmental Responsibility (TJSL) programs.

By the end of 2024, Bank Mandiri has disbursed Rp63.9 trillion in People Business Loans (KUR) and Rp26.9 trillion in Micro Business Loans (KUM) to more than 2.9 million micro customers across Indonesia. These initiatives aim to expand financing access for micro and small enterprises, enabling them to scale their businesses and enhance their competitiveness in the market. Moreover, Bank Mandiri has nurtured 110,481 Mandiri Agen, who, by the end of 2024, have facilitated the opening of more than 2.9 million new accounts, helping previously unbanked communities gain access to formal financial services and participate in the financial ecosystem.

More than just providing financing, Bank Mandiri actively contributes to enhancing financial literacy and empowering Micro, Small, and Medium Enterprises (MSMEs) through various programs, one of which is Digipreneurship. This program is designed to help MSMEs leverage digitalization to boost productivity, expand market reach, and strengthen their competitiveness in the rapidly evolving digital economy. One of our key initiatives in supporting MSME digitalization is Livin' Merchant, a comprehensive digital platform that simplifies business transaction management.

BOARD OF DIRECTORS REPORT

This platform offers various key features, including digital payment acceptance, real-time business dashboards, and inventory management. In addition, Livin' Merchant facilitates transaction-based financing access, enabling business owners who actively use the platform to have greater opportunities to secure business loans tailored to their performance. As of December 2024, Livin' Merchant has registered 2.4 million merchants, with 1.47 million located in non-urban areas. This reflects the platform's reach in empowering businesses across various regions, including remote areas that previously had limited access to digital banking services.

Sustainability is a long-term journey that requires synergy, collaboration, and unwavering commitment. With a spirit of innovation and responsibility, we are confident that Bank Mandiri will continue to contribute to economic growth, strengthen social well-being, and preserve environmental sustainability for future generations.

SOCIAL AND ENVIRONMENTAL RESPONSIBILITY (TJSL)

Bank Mandiri implements its Corporate Social and Environmental Responsibility (TJSL) program as a commitment to supporting the achievement of the Sustainable Development Goals across social, economic, and environmental aspects. The execution of the TJSL program reflects Bank Mandiri's responsibility to all stakeholders, reinforcing that business development is carried out by maintaining a balance between economic, social, and environmental performance.

To ensure effectiveness and alignment with priorities and work plans, Bank Mandiri applies four key principles in TJSL implementation: integration, focus, measurability, and accountability. Strategic TJSL initiatives are structured around four main pillars, environment, economy, legal and governance, and social, aligned with the Regulation of the Minister of State-Owned Enterprises No. PER-05/MBU/04/2021 on SOE Social and Environmental Responsibility Programs.

BOARD OF DIRECTORS REPORT

In 2024, Bank Mandiri allocated Rp250.0 billion in TJSJL funding, marking a 43% increase from the previous year. This funding was distributed across the four main pillars as follows: Rp112.0 billion (44.8%) for social programs, Rp82.5 billion (33.0%) for economic programs, Rp52.5 billion (21.0%) for environmental programs, and Rp3.0 billion (1.2%) for legal and governance programs. Overall, Bank Mandiri has implemented 1,195 programs across these four TJSJL pillars, with the following distribution: 492 programs under the social pillar, 343 programs under the economic pillar, 348 programs under the environmental pillar, and 12 programs under the legal and governance pillar.

APPRECIATION

In representing the Board of Directors of Bank Mandiri, we extend our gratitude to the Board of Commissioners for their guidance, direction, and oversight in supporting our daily operational duties. We also express our appreciation to our shareholders and customers for their trust, which has enabled Bank Mandiri to achieve significant and sustainable growth while maintaining strong operational and financial performance amid challenges and uncertainties. Moreover, we extend our appreciation to regulators and all other stakeholders for their continued support and collaboration throughout 2024.

We also extend our deepest appreciation to all employees for their dedication and hard work, which have enabled Bank Mandiri to continue growing and realizing the vision and mission we share. This year's strong performance serves as a solid foundation for even greater achievements in the years ahead, in line with our commitment reflected in this report's theme, "Leading Today, Championing the Future." With the spirit of leadership today, we continue to build a strong foundation for the future, ensuring that innovation, sustainability, and continuous growth remain integral to our journey. Together, we can realize Bank Mandiri's aspirations of creating a lasting legacy of prosperity while inspiring a better future for the next generation.

In closing, to all our customers and business partners, it is a privilege for us, the Bank Mandiri family, to serve and fulfill your expectations by providing financial products and services that align with the evolving scale of your business and the ever-dynamic lifestyles of today.

CORPORATE BRANDING

The brand identity of Bank Mandiri consists of symbol, fonts, colours and tagline. Each element is elaborated as follows:

Logo with Lowercase Fonts
The use of lowercase letters signifies a friendly message towards all business segments of Bank Mandiri and features a profound commitment to serve all customers courteously (customer centric).

Dark Blue Coloured Font
Symbolizes sense of comfort, calm, soothing, noble heritage, stability, Series ous (respect) and resistance to challenges (reliable). It symbolizes professionalism, strong foundation, loyal, trustworthy and high honour.

Philosophy of the Tagline
"Leading, Trustworthy, Grow with You"

The word **"Leading"** symbolizes hard work and professionalism to place Bank Mandiri at the forefront. The word **"Trusted"** symbolizes the integrity of the transparency conduct to place Bank Mandiri as a trusted banking institution. The word **"Grow with You"** symbolizes customer focus and dedication from all Bank Mandiri personnel to grow with the Nation.

Leading, Trustworthy, Grow with You

Golden Yellow
Precious metal colour that indicates grandeur, glory, prosperity and wealth. Symbolizes activeness, creativity, festivity, friendliness, fun and comfort.

Liquid Gold Wave
Symbolizes financial wealth in Asia that puts forward the nature of agility, progressive, forward looking, excellence, flexible, and resilient in addressing future challenges.

COMPANY AT A GLANCE

COMPANY AT A GLANCE

PT Bank Mandiri (Persero) Tbk. hereinafter referred to as Bank Mandiri was established on 2 October 1998 in the Republic of Indonesia under notary deed of Sutjipto, S.H., No. 10 in conjunction to Government regulation No. 75 Year 1998 dated 1 October 1998. The Deed of Establishment was ratified by the Minister of Justice of the Republic of Indonesia in Decree No.C2-16561.HT.01.01.Th.98 dated 2 October 1998, and was announced on the State Gazette of the Republic of Indonesia No. 97 dated 4 December 1998 and Supplement No. 6859.

Bank Mandiri was established through the merger of PT Bank Bumi Daya (Persero) (BBD), PT Bank Dagang Negara (Persero) (BDN), PT Bank Ekspor Impor Indonesia (Persero) (Exim Bank) and PT Bank Pembangunan Indonesia (Persero)

(Bapindo) (hereinafter collectively referred to as Merged Bank). Pursuant to Clause 3 of the Articles of Association of Bank Mandiri, the scope of activities of Bank Mandiri is to conduct business in the banking sector in accordance with the prevailing laws and regulations. Bank Mandiri commenced its operations on 1 August 1999. The Bank's Parent Entity is the Government of the Republic of Indonesia through the Ministry of State-Owned Enterprises which is the Ministry within the Indonesian Government in charge of fostering state-owned enterprises.

The Articles of Association of Bank Mandiri have been amended several times, as lastly amended based on the Deed No. 07 dated 03 April 2024, made before Utiek R. Abdurachman, S.H., M.Kn., Notary in Jakarta.

The amendment has been ratified by the Minister of Law and Human Rights of the Republic of Indonesia in accordance with the letter of receipt of notification No. AHU-AH.01.03-0085149 and decree AHU-0022201.AH.01.02. Tahun 2024 dated 07 April 2024 and registered in the Company Register No. AHU-0072626.AH.01.11.Tahun 2024 dated 05 April 2024.

INFORMATION ON BUSINESS MERGER

At the end of February 1998, the Government of the Republic of Indonesia (hereinafter referred to as the Government) announced a plan to restructure the Merged Bank. In connection with the restructuring plan, the Government established Bank Mandiri in October 1998 by carrying out equity investment and transferring shares to the Merged Bank. The difference between the transfer price and book value of shares at restructuring period was not calculated due to impracticality. All losses incurred during the restructuring period were recognized in the Recapitalization Program.

The restructuring plan was designed to incorporate the Merged Banks' business into Bank Mandiri in July 1999 and Bank Mandiri's recapitalization. The structurization of the Merged Bank into Bank Mandiri also includes:

- Restructuring of loan;
- Restructuring of non-credit assets;
- Rationalization of domestic and overseas branch offices;
- Rationalization of human resource.

Under the notarial deed made by Sutjipto, S.H., No. 100 dated 24 July 1999, the Merged Banks were legally incorporated into Bank Mandiri. The Deed of Merger was ratified by the Minister of Justice of the Republic of Indonesia under the Decree No. C-13.781. HT.01.04.TH.99 dated 29 July

1999 and approved by Bank Indonesia Governor under the Decree No. 1/9/KEP.GBI/1999, dated 29 July 1999. Such merger was deemed valid by the Head of Department of Industry and Trade of South Jakarta through Decree No. 09031827089 dated 31 July 1999 that was an effective date of the merger.

On the effective date of the merger:

- All assets and liabilities of the Merged Banks were transferred to Bank Mandiri as the Surviving Bank;
- All operations and business activities of the Merged Banks were transferred and operated by Bank Mandiri;
- Bank Mandiri received an additional paid-in capital at Rp1,000,000 (one million Rupiah) (full value) or equivalent to 1 (one) share of the remaining shares owned by the Government in each Merged Banks. On such effective date, the Merged Banks were legally dissolved without any liquidation process and Bank Mandiri as the Surviving Bank received all rights and liabilities of the Merged Banks.

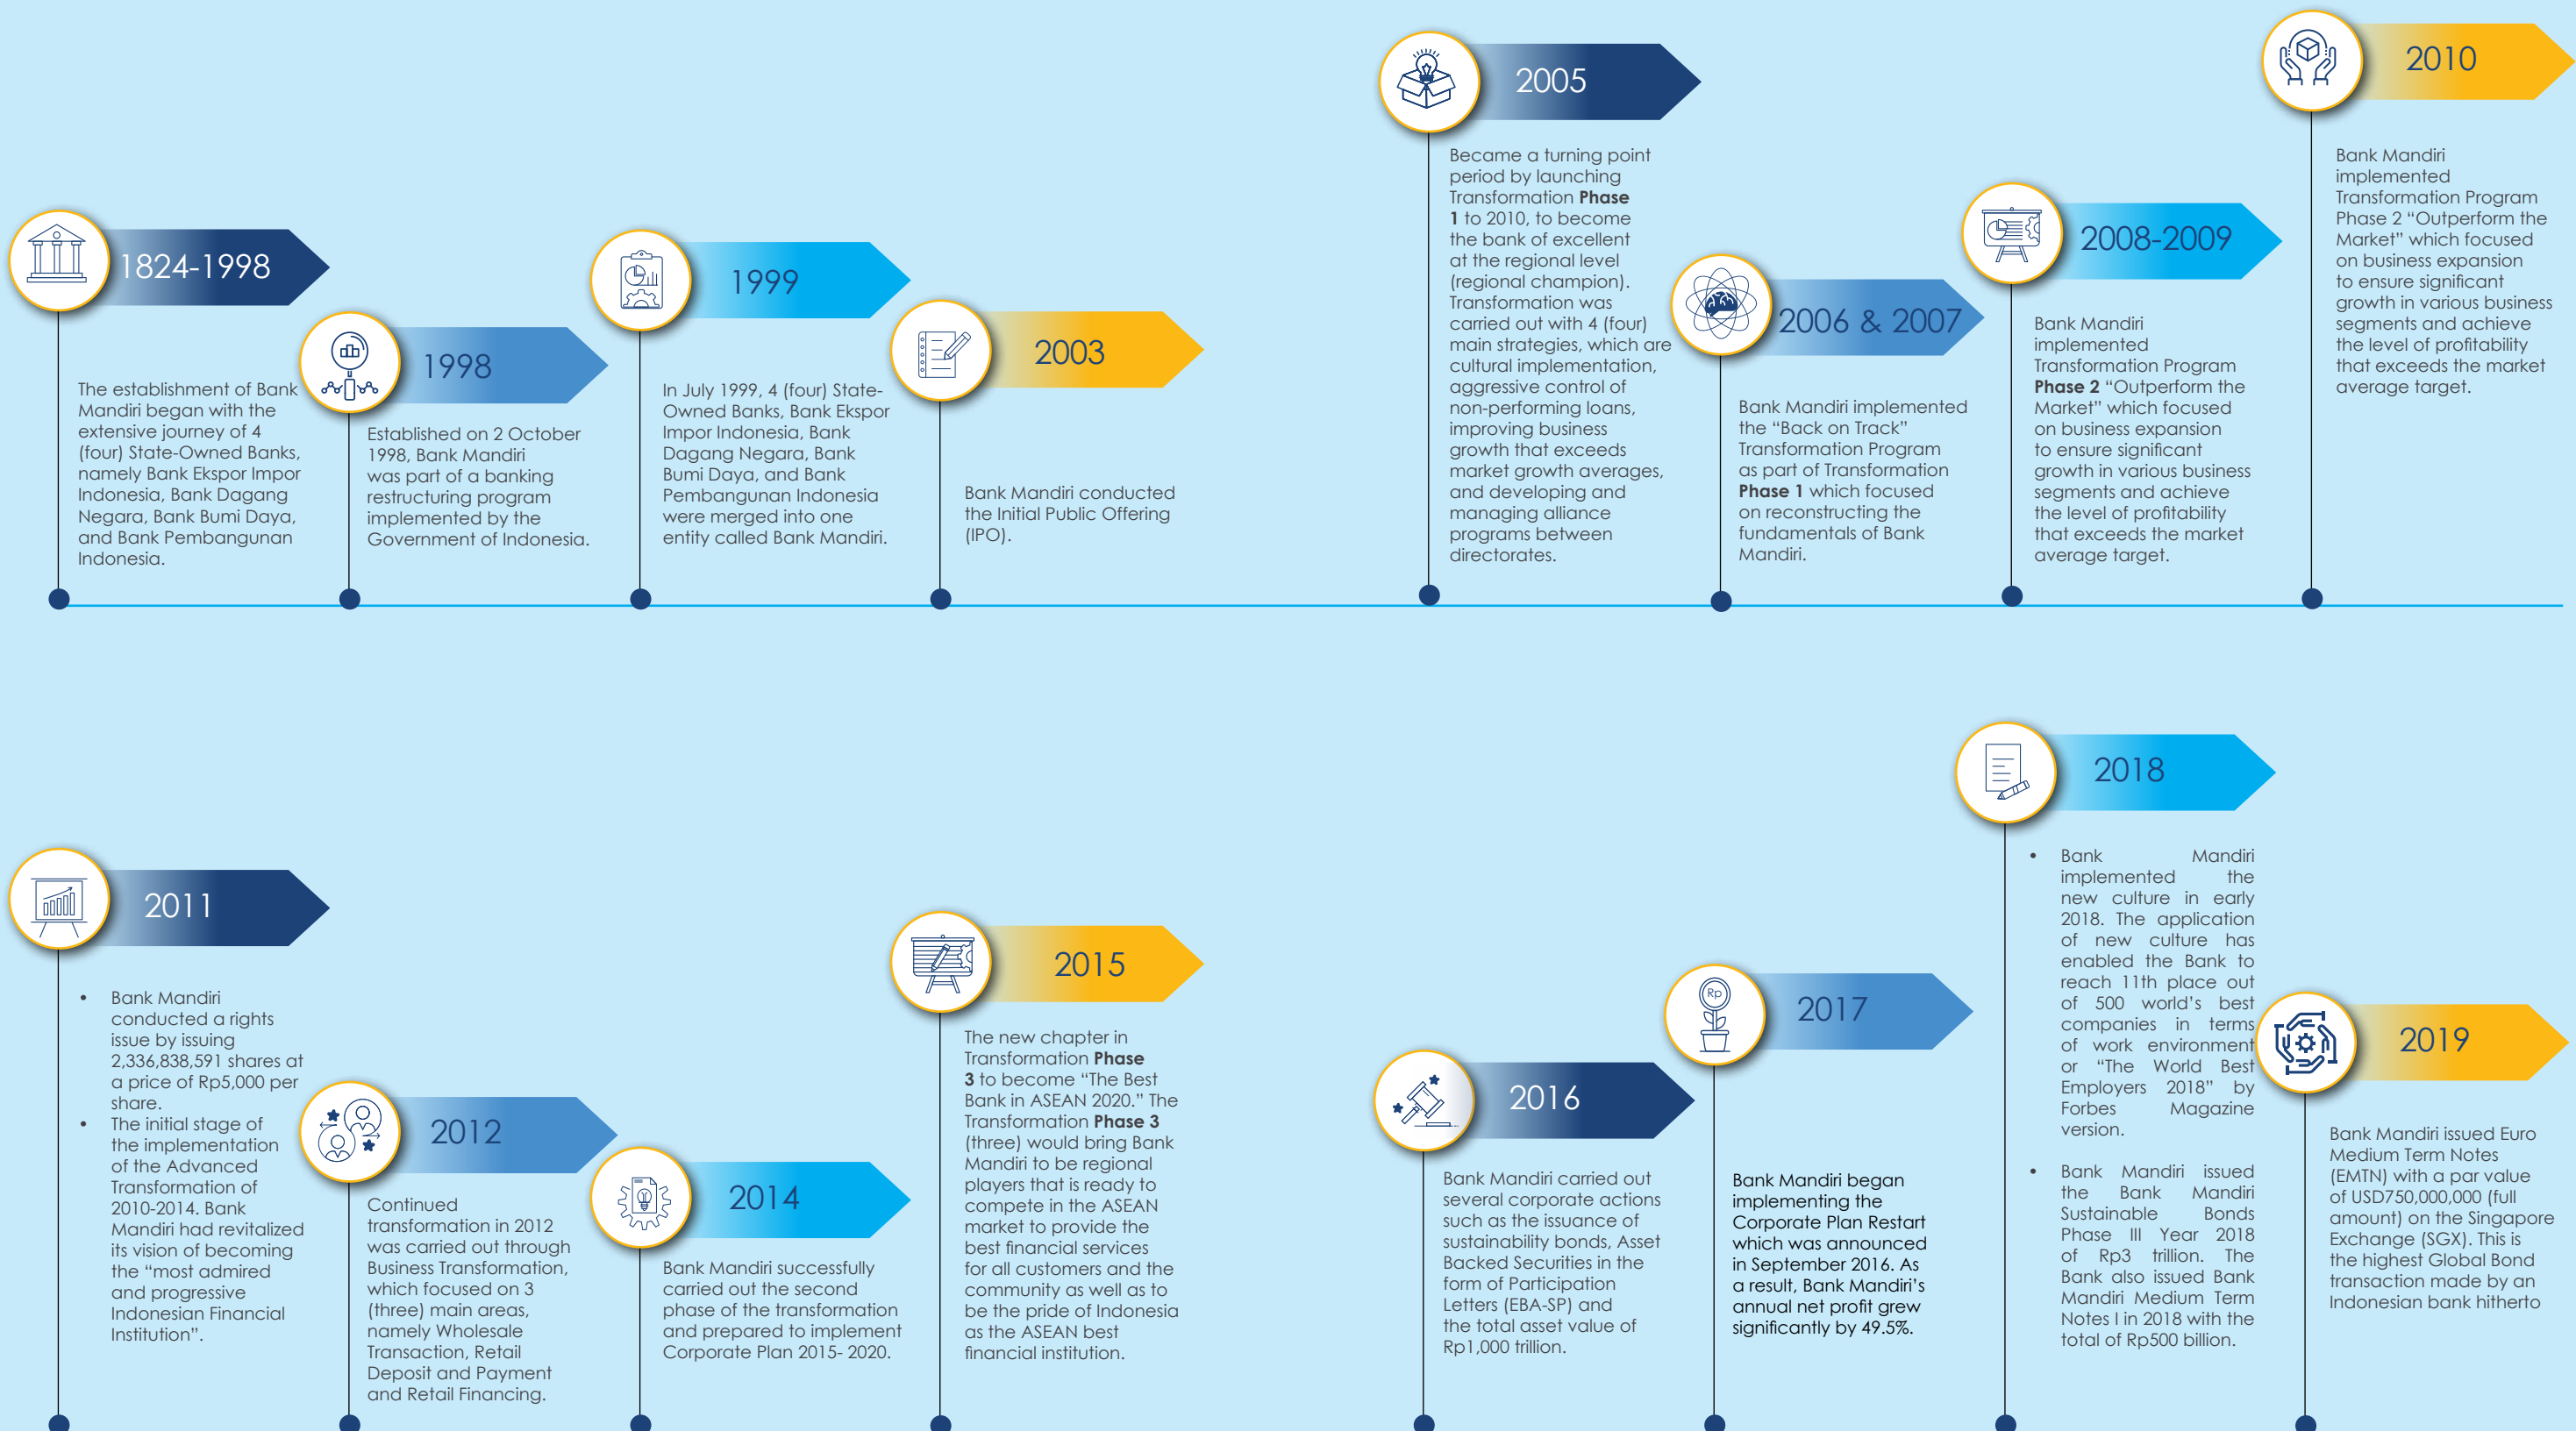

Information of Name Change

In line with the brief history, Bank Mandiri has not changed its name since its inception to date. However, the Bank has made changes to its original status of a company from private company to a public company hence the Company name became PT Bank Mandiri (Persero) Tbk. The amendment was effective as of 19 April 2004 in accordance with the Decree of Senior Deputy Governor of Bank Indonesia No. 6/11/KEP.DGS/2004 dated 19 April 2004.

2021

- Launching of Livin' *by mandiri*
- Launching of Kopra *by mandiri*
- Issuance of Bank Mandiri first Sustainability Bond with a nominal value of USD300 million

2022

- Bank Mandiri refined the Livin' by Mandiri application by launching the Livin' Sukha feature as a one-stop solution for all your lifestyle, which provides easy transactions in customers' daily lives.
- Bank Mandiri's share price reached an All-time high level of Rp 10,900 per share on 6 December 2022 and as of 30 December 2022 posted a growth of 41.3% YoY.
- Bank Mandiri has exercised equity investment addition to PT Bank Syariah Indonesia Tbk amounted to Rp2.8 trillion to support business and operations activities, as well as to foster Indonesia's sharia economy.
- Execution of the first Environmental, Social, and Governance (ESG) Repurchase Agreement (Repo) transaction in Indonesia with a nominal value of USD500 million.

2023

- Bank Mandiri realized a solid performance by achieving Third-Party Funds (TPF) of Rp1,242.15 trillion (bank only), grew 4.11% YoY. This achievement was driven by an increase in low-cost funds which reached 6.46% YoY (bank only) with the composition of low-cost funds or current account and saving account (CASA) reaching 79.40%, the highest since Bank Mandiri was established.
- Bank Mandiri held the mandiri ESG Festival by launching digital carbon insetting, the first pre-paid recycle card, and NZE Operational 2030 commitment.
- For 25 years, Bank Mandiri has consistently contributed to the people of Indonesia. Bank Mandiri's commitment to continue to provide the best service and performance has received appreciation from various parties, including LinkedIn Top Companies 2023 as the Best Place to Work to Develop a Career in Indonesia, Forbes World's Best Bank 2023 as the Number 1 State-Owned Bank in Indonesia, and AIBP Innovation Awards 2023 from the ASEAN Innovation Business Platform.
- Digital transformation continues to be carried out, this is done with the launch of the new Livin' Sukha 2.0 feature which provides a more interesting experience in accessing entertainment content and

daily lifestyle transactions. As of October 2023, Livin' by Mandiri has been downloaded 34 million times, with its transaction value reaching Rp2,600 trillion or an increase of 36% year on year.

- Bank Mandiri also presents a new innovation Kopra beyond borders in meeting the needs of corporate customers abroad, to ensure convenience access to an integrated digital financial for the customer ecosystem. As of August 2023, a total of 677 transactions totaling Rp12.466 trillion have been managed by Bank Mandiri. Kopra by Mandiri's growth also increased 133% year-on-year (yoy) to 146,000 users within one year
- Bank Mandiri became the market leader in disbursing green financing of Rp115 trillion, up 9.5% year on year (YoY). This is a tangible form of the implementation of sustainable finance by Bank Mandiri, as well as a form of our commitment to support Indonesia's transition to net zero emission (NZE) by 2060 and the achievement of the United Nations Sustainable Development Goals (UN SDGs)
- Issuance of first Bank Mandiri Green Bonds I Phase I Year 2023 ("Green Bonds I Phase I") with nominal value of Rp5,000 billion.

2024

- Bank Mandiri has once again made breakthroughs in digital service innovation to meet the increasingly diverse needs of society with high mobility. This is achieved through its contactless products: Mandiri Debit Contactless, Mandiri Kredit Contactless, and Tap to Pay. These products can be used with the "Tap" method on EDC machines.
- Bank Mandiri has successfully achieved outstanding performance throughout 2024, as evidenced by its consolidated net profit of Rp42 trillion as of the third quarter, marking a 7.56% year-on-year (YoY) increase.
- Bank Mandiri recorded positive performance with a 14.9% YoY growth in third-party funds (TPF) during 2024, reaching Rp1667.5 trillion. The Bank also successfully maintained its current account and savings account (CASA) ratio at 73.85%. Meanwhile, the Company's asset quality remained strong, with a non-performing loan (NPL) ratio at 0.97%.
- As part of its efforts to optimize business in the international arena, Bank Mandiri has launched the Livin' by Mandiri Timor-Leste application, reflecting its commitment to meeting the financial transaction service needs of customers in Timor-Leste. The presence of Livin' by Mandiri Timor-Leste is expected to serve as a digital financial solution for all segments of society in Timor-Leste.

The Best Financial Institution in Southeast Asia

Vision

“The Best Financial Institution in Southeast Asia”

With the purpose of the Spirit of Prospering the Country, Bank Mandiri's long-term vision for 2025 - 2029 is "The Best Financial Institution in Southeast Asia".

This aspiration means that Bank Mandiri wants to be the best for all stakeholders, both in terms of customers, employees, shareholders, society and the environment, as well as regulators.

Bank Mandiri is committed to providing the best customer service that is recognized at the regional level while still prioritizing its role as a catalyst for national economic growth.

VISION, MISSION & CORPORATE CULTURE

Mission

“Providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level”

To support its vision, Bank Mandiri strives to effectively facilitate the interests of all stakeholders as follows:

- Customers:** Bank Mandiri is committed to being a trusted financial partner by providing innovative solutions, enhancing services to lead the market, and remaining relevant in the financial industry.
- Employees:** Bank Mandiri is dedicated to creating an inspiring and progressive work environment, supported by targeted development programs to foster employee growth and maximize contributions.
- Shareholders:** Bank Mandiri is committed to creating sustainable value for shareholders through healthy growth, focusing on RoE, PBV, and increasing market capitalization, establishing itself as a symbol of credibility and financial strength in the banking industry.
- Community and Environment:** Bank Mandiri is committed to Net Zero Emission and sustainable social initiatives to support the environment, society, and sound corporate management.
- Regulators:** Bank Mandiri upholds superior governance and prudent principles to become a trusted institution in the eyes of regulators, with stable performance and satisfactory ratings.

Review of Vision and Mission by the Board of Commissioners and Board of Directors

To ensure the alignment of Bank Mandiri's Vision and Mission with its ongoing operations, the Bank routinely reviews its Vision and Mission. The Bank's Vision and Mission have been discussed and approved by the Board of Directors and the Board of Commissioners. The new Vision and Mission have been formulated alongside the development of Bank Mandiri's Corporate Plan for 2025-2029, which continues to emphasize the Bank's primary purpose, "Spirit to Prosper the Nation." These new Vision and Mission statements have also been incorporated into the Bank's Business Plan for the 2025-2027 period.

CORPORATE CULTURE

Bank Mandiri makes AKHLAK's Core Values as a fundamental aspect in human resource management as outlined through Human Capital strategies and initiatives to ensure the formation of Mandiri's character as a

Strategic Business Leader who is AKHLAK and globally competitive, thereby making Bank Mandiri a talent factory creator, as part of Bank Mandiri's efforts to foster the role of SOEs as engines of economic growth and accelerators of social welfare.

As part of SOEs, Bank Mandiri has implemented AKHLAK's Core Values through cultural programs organized to shape the mindset and behaviour of each employee based on the application of AKHLAK Core Values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, & Collaborative) in providing contribution through daily work behaviour. This is done to create a Resilient Mandirian character in realizing Bank Mandiri's Employee Value Proposition (EVP), namely Learning, Synergizing, Growing, and Contributing to Indonesia.

Employee Value Proposition (EVP) Bank Mandiri:

- 1. Learn**
Provide understanding to acquire/strengthen differed new knowledge, behaviours, skills or values.
- 2. Synergy**
Provide understanding to work together and collaborate for the benefit of the company for the achievement of the Vision and Mission.
- 3. Grow**
Provide understanding to develop personally and professionally.
- 4. Contribute to Indonesia**
Provide understanding to have a contribution and contribution, as well as provide meaning and benefits for Indonesia.

Akhlak Core Values and 18 Bank Mandiri Code of Conduct:

Since 2020, every State-Owned Enterprise (SOE) is required to implement the main values called AKHLAK, in accordance with the Circular of the Minister of SOEs No. SE 7/MB/07/2020 dated 1 July 2020 concerning the Core Values of Human Resources of State-Owned Enterprises.

A Trustworthy
Uphold the trust given
"Trustworthy" value code of conduct:

- Deliver on agreements and commitments
- Responsible for the duties, decisions and actions performed
- Firmly upholding the moral and ethical values

K Competent
Continue to learn and develop capabilities.
"Competent" value code of conduct:

- Improving self-competence to overcome ever-changing challenges
- Helping others learn
- Complete tasks of the highest quality

H Harmonious
Care for each other and respect differences.
"Harmonious" value code of conduct:

- Respect everyone regardless of background
- Fond to help others
- Building a favourable work environment

L Loyal
Dedicated and to first put the interests of the nation and the country.
"Loyal" value code of conduct:

- Maintaining the good name of fellow employees, leaders, SOEs, and the Nation
- Willing to sacrifice to achieve greater goals
- Be obedient to the leadership as long as it does not conflict with law and ethics

A Adaptive
Continue to innovate & be enthusiastic in enforcing or overcoming change.
Adaptive" value code of conduct:

- Quickly adjust to perform better
- Constantly make improvements following technological developments
- Act proactively

K Collaborative
Build synergistic cooperation.
"Collaborative" value code of conduct:

- Provide opportunities for various parties to contribute
- Open to working together to generate added value
- Drive the utilization of multiple resources for a common goal

Furthermore, to strengthen the sustainable implementation of AKHLAK core values, Bank Mandiri has developed a framework embodied in the unique characteristics of all its employees, referred to as Mandirian DNA (M-DNA). M-DNA represents the unique characteristics of Mandirian employees as a manifestation of the core values (Amanah, Competent, Harmonious, Loyal, Adaptive, and Collaborative). These specific behaviors (unique characteristics) are actualized through the Gerakan Bersama Mandirian, aimed at fostering Mandirian employees who always deliver and remain ahead in realizing Bank Mandiri's vision and aspirations.

The unique characteristics of M-DNA are as follows:

1. Think Big & Deliver Beyond Expectation
Mandirian employees possess broad perspectives and ambitious goals to create significant impacts and deliver extraordinary contributions.
2. Start from The End
Mandirian employees design strategies with the ultimate goals, ensuring efforts are both strategic and tactical.
3. Create Our Own Game
Mandirian employees craft unique strategies based on core competence, delivering innovative solutions that stand out and are difficult to replicate.
4. Fast, Detail & Don't Want to Fail
Mandirian employees execute with speed and precision to deliver outputs of exceptional quality.
5. Go to Z
Mandirian employees demonstrate resilience and commitment in fulfilling responsibilities, ensuring achievement and the sustainability of execution impacts.

PRODUCTS AND SERVICES

PRODUCTS AND SERVICES

VALUE CHAIN

Kopra Value Chain

Kopra Value Chain is a web-based channel provided by Bank to cater customer needs for supply chain transactions from Invoice Submission/Creation, Invoice Acceptance, Invoice Payment Instruction, as well as financing request. Benefits of Kopra Value Chain for customers:

- Security Guarantee, with a certified system and implementation of authorization matrix approval for every transaction conducted through Kopra Value Chain.
- Real-time transaction and limit monitoring, ease access of transaction history, push notification, and report.
- Efficient and convenient service for invoice processing, payment initiation, and financing application accessible anywhere and anytime.

Kopra Value Chain provides two types of supply chain financing, namely:

- **Account Payable Financing berupa Mandiri Distributor Financing**, a credit facility provided by Bank Mandiri to Distributors from Principals who have signed a Cooperation Agreement with the Bank for financing or deferral of payment of bills arising in connection with the purchase/distribution of products or services from the Principal.
- **Account Receivable Financing berupa Mandiri Supplier Financing**, a credit facility provided by Bank Mandiri to Suppliers who are business partners of Principal Customers at the Bank, in the form of takeover and financing of invoices with the aim of enabling Suppliers to receive accelerated payments before the invoice is due.

TRADE FINANCE

Kopra Trade

Kopra Trade is a web-based online application that can be used by customers to submit trade and BG transactions, such as: issuing Letters of Credit (LC), Local Letters of Credit (SKBDN), Standby Letters of Credit (SBLC), Shipping Guarantees, and BG, including financing for trade transactions.

Customers who have trade or BG facilities can monitor total facilities, usage, and availability of the facilities in Kopra Trade. Customers will also receive reminders regarding transactions maturity date and track transactions status. Kopra Trade also provides document upload and save template features for ease and convenience of transactions.

Host to Host (H2H) Trade dan Bank Garansi

Bank Mandiri also offers H2H Trade and Bank Guarantee, which integrates customer's system with Bank Mandiri system to facilitate export, import, and Bank Guarantee transactions seamlessly.

PRODUCTS AND SERVICES

Export

The company's liquidity is restrained due to export bills that have not been paid by importers or require additional liquidity because receiving soaring export orders is a variety of exporter issues that Bank Mandiri seeks to provide solutions for. Bank Mandiri provides integrated and complete export services at every stage of the transaction, from the process of realizing export orders, preparation of export documents, presentation of documents to accelerating the receipt of export results.

Bank Mandiri Trade Specialists spread throughout Indonesia can assist customers in carrying out international trade transactions using various payment methods, such as Letter of Credit (LC), Documentary Collection, and Open Account.

Moreover, Bank Mandiri can also provide financing for Customer export transactions starting from the stage prior to the delivery of export goods (pre-shipment financing) to the stage after the delivery of goods (post-shipment financing) by offering Pre-Export Financing and Export Money Order Takeover (PWE) solutions, both on the basis of LC and Non-LC (bill purchase).

Bank Mandiri's Export Services, including:

1. Outward Documentary Collection

Outward documentary collection is a document collection service without a customer's Letter of Credit to importers in export or domestic trade to obtain payment/acceptance.

2. Letter of Credit

Letter of Credit (LC) is the service of issuing an LC (a written agreement of the Bank that is

irrevocable) or its amendment (if any) at the request of the customer in export or domestic trade, the content of which guarantees payment to the beneficiary on the basis of submission of documents in accordance with the terms and conditions of the LC or its changes. For the LC, Bank Mandiri has an LC notification service issued, forwarding LC, or amendment of LC-to-LC recipients (exporters/sellers).

3. Letter of Credit Confirmation

Bank Mandiri guarantees as the first payer of LC issued by other banks in accordance with the conditions that the LC documents are presented to the Bank and the documents are in compliance condition.

Bank Mandiri's Export Financing includes:

1. Pre-Export Financing

Trade financing provided by the Bank to exporters in preparation for pre-shipment financing, either on an LC or Non-LC basis.

2. Pengambilalihan Wesel Ekspor (Bill Purchase)

A short-term trade financing to accelerating the receipt of receivables for exporters in providing down payments with the right to collect (with recourse) on export money orders, both LC and non-LC transactions.

3. Forfaiting

A transaction of buying and selling bill rights between Bank Mandiri and Customers/Correspondent Banks based on futures trading documents at discounted prices without the right of regress.

Imports

In addition to requiring the allocation of working capital, import activities also require negotiations with exporters to agree on payment terms and payment methods that are appropriate for both parties.

Bank Mandiri provides an Import solution, where customers can purchase goods more securely, because payment will be made after the goods arrive at the port, or if the documents are in accordance with the requirements. In addition to facilitating the issuance of Letters of Credit (LC), Bank Mandiri also provides bridging payments for the purchase of imported goods and domestic trade. Bank Mandiri's import solution allows customers to be able to negotiate payment terms flexibly and maintain customer credibility with suppliers.

Bank Mandiri's Import Services include:

1. Inward Documentary Collection

Collecting documents related to the delivery of goods to the Customer, as an importer, in import or domestic trade according to the instructions of the sending bank for payment and/or acceptance.

2. Banker's Acceptance (Avalist) Inward Documentary Collection

The provision of acceptance/agreement of the Bank to pay term documents at maturity for inward documentary collection with the type of document submission, namely document against acceptance (D/A).

3. Penerbitan Import Letter of Credit

A written agreement issued by Bank Mandiri and is irrevocable to suppliers abroad if the Supplier can present documents in accordance with the Letter of Credit issued.

4. Shipping Guarantee

Acceleration of the issuance of goods at the port without the presentation of shipping

documents, based on the Guarantee issued by Bank Mandiri. This can reduce the risk of damage to goods and high demurrage costs.

Bank Mandiri's import financing includes:

1. Trust Receipt

Post-import/delivery trade financing of goods, which helps the Customer as a buyer, to pay the Customer's obligations for the payment of Letter of Credit (LC) and documentary collection.

2. Deferred Payment

Post-import financing product to cover the payment of the Customer's obligations for the Customer's open account or Letter of Credit (LC) issued by the Bank that is due.

Domestic Trade

The vastness of Indonesia opens up great opportunities for trade between islands, between provinces, between cities in Indonesia. Transactions can be made using SKBDN (Domestic Documented Letter of Credit), or by Open Account. Similar to export and import transactions, Bank Mandiri also has solutions specifically for domestic trade transactions.

a. SKBDN as a solution for Bank Mandiri's Local Trade services

SKBDN is a written agreement of the Bank that is irrevocable or amended (if any) at the request of the Customer in domestic trade, where the content guarantees payment to the beneficiary on the basis of submitting documents in accordance with the terms and conditions of the SKBDN and its changes. The services provided start from the issuance of SKBDN to the forwarding of SKBDN.

PRODUCTS AND SERVICES

PRODUCTS AND SERVICES

b. Solusi trade financing perdagangan lokal

1. Account Receivable Financing

a) Receivables Financing

Trade financing by Bank Mandiri to Customers who act as sellers in preparation for the delivery of goods (purchase of raw materials, expenditure of production costs or preparation of delivery of other goods, and/or procurement of goods for resale) and acceleration of bill payments from buyers for the sale of goods/services for local trade transactions. Consists of Purchase Order Financing and Invoice Financing.

b) Takeover of Export Money Orders

Trade financing to accelerating the receipt of receivables for sellers on export money orders, both SKBDN and non-SKBDN transactions.

c) Forfaiting SKBDN

A transaction of buying and selling bill rights between Bank Mandiri and Customers/ Correspondent Banks based on futures trading documents at discounted prices without the right of regress.

2. Account Payable Financing

a) Trust Receipt

Post-import trade financing/delivery of goods that helps the Customer as a buyer, to cover the payment of the Customer's obligations for the payment of Letter of Credit (LC) and documentary collection.

b) Deferred Payment

Post-delivery financing products to cover the payment of Customer's obligations for the customer's open account or SKBDN issued by other banks.

Bank Guarantee

Bank Mandiri Bank Guarantee provides convenience transactions to customers. This service is the issuance of a guarantee issued by Bank Mandiri to guarantee the guarantee recipient if the guaranteed party does not fulfill the obligations to the guarantee recipient in accordance with the agreement/contract.

The advantages of issuing a Bank Guarantee include:

1. Issuance and confirmation online using Kopra Trade
2. Bank Guarantee issuing branches are located throughout Indonesia
3. Bonds can be picked up at different branches with the issuing branch of the Bank Guarantee
4. Same day service standards
5. Variety selection of covers
6. Bank Guarantee confirmation by QR Code scanning through kopra mobile app, contacting mandiri call 14000 and inquiring through Kopra by Mandiri

Not only does it offer various advantages, with the spirit of building the country and accelerating budget absorption, Bank Mandiri has a variety of programs that offer affordable collateral deposits. Moreover, Bank Mandiri is able to collaborate with the guarantee recipient to accelerate BG confirmation process through an interconnected guarantee issuance system.

EMPLOYEES COMPETENCE DEVELOPMENT

EMPLOYEES COMPETENCE DEVELOPMENT

To enhance employee competencies and achieve global competitiveness, Bank Mandiri has implemented a series of continuous development initiatives aimed at developing exceptional talent. The focus on improving employee competencies aligns with the importance of comprehensive career development.

Employee Career Development

Bank Mandiri's approach to employee career development is based on the Talent Management and Succession program, founded on the principle of fair opportunity. This ensures that every employee has an equal chance to grow and advance while considering the Bank's needs, individual capabilities, employee performance appraisals, employee potential, talent classification, position, and other relevant factors. The program is designed to prepare

employees to take on key management positions within the Bank.

Bank Mandiri's Talent Management and Succession Strategy is structured around the Mandirian Propeller framework, which comprises five key elements: Technical Capability, Leadership Capability, Culture, Learning Agility, and Purpose. This framework serves as the foundation for talent development, ensuring that all five aspects are implemented in a balanced and comprehensive manner.

For a detailed overview of HR development initiatives, please refer to the Human Capital Chapter of this Annual Report.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

SUBSIDIARIES

PT Bank Syariah Indonesia Tbk (BSI) Sharia Banking	Shareholding	51.47%
	Establishment	2021
	Operational Status	Operating
	Total Assets	Rp408,613 (billion)*

Company Profile

PT Bank Syariah Indonesia Tbk (Bank Syariah Indonesia) was established as a result of the merger of three sharia banks owned by the SOEs Banks (HIMBARA), namely PT Bank Syariah Mandiri, PT Bank BNI Syariah, dan PT Bank BRIsyariah Tbk, which commenced its commercial operations on 1 February 2021. The merger was uniting three forces of sharia banks and aimed at optimizing the huge potential of Indonesian sharia financial and economics.

Fosteed by holding entities (Mandiri, BNI, BRI), as well as the government commitment through the Ministry of SOEs, Bank Syariah Indonesia has the vision to become one of the top 10 sharia banks in the world by market capitalization in the next 5 years.

Bank Syariah Indonesia is a public company listed at the Indonesia Stock Exchange (ticker code: BRIS). Post-merger, Bank Syariah Indonesia becomes the largest sharia bank in Indonesia. As of September 2024, Bank Syariah Indonesia total assets stood at around IDR408.83 trillion, third-party funds reached IDR327.45 trillion, and total financing of IDR278.48 trillion.

Bolstered by this financial performance, Bank Syariah Indonesia is included in the list of top 10 largest banks in Indonesia by assets. On networks, Bank Syariah Indonesia is supported by more than 1,100 outlets more than 5.000 ATM and CRM networks across Indonesia.

These assets and forces will be optimized by Bank Syariah Indonesia to provide a one-stop comprehensive sharia financial services and products to provide various needs of the customers of various segments, from MSMEs, retail, commercial, wholesale, and corporate in the country or overseas.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

In relation to system migration of three Sharia Banks of State-Owned, namely Bank Syariah Mandiri, BRIsyariah, and BNI Syariah into PT Bank Syariah Indonesia Tbk, the transfer's bank codes for 2 (two) ex-Legacy Banks namely BNIS (427) and BRIS (422) have now been closed and the naming of the bank code of ex-legacy BSM/BRIS/BNIS has changed into BSI with the bank code of 451. The customer may contact the call centre of Bank Syariah Indonesia to 14040 for any transaction's issues.

PT Mandiri Sekuritas Investment Banking	Shareholding	99.99%
	Establishment	31 July 2000
	Operational Status	Operating
	Total Assets	Rp4,391 (billion)*

Company Profile

PT Mandiri Sekuritas (Mandiri Sekuritas or Company) is a securities company resulting from the merger of several securities companies within PT Bank Mandiri (Persero) Tbk, namely PT Bumi Daya Sekuritas, PT Exim Securities, and PT Merincorp Securities Indonesia which were formed on 31 July 2000 with the value of paid-in capital of Rp638 billion. Mandiri Sekuritas has the following business license:

1. Securities Trading Intermediary based on Bapepam and LK Approval Letter Kep-13/PM/1992 dated 23 January 1992.
2. Underwriter based on Bapepam and LK Approval Letter No. Kep-12/PM/1992 dated 23 January 1992.

Mandiri Sekuritas is one of the largest investment banks and most active brokers in the Indonesian capital market industry. As part of one of the largest financial institutions in Indonesia, PT Bank Mandiri (Persero) Tbk, Mandiri Sekuritas serves as a trusted partner for clients/customers in the capital market investment solutions.

Mandiri Sekuritas is supported by 2 (two) subsidiaries, namely PT Mandiri Manajemen Investasi (MMI), which is an investment management company founded in 2004 and Mandiri Securities Pte. Ltd. (Mandiri Securities Singapore) which was established on 15 May 2017. The presence of Mandiri Securities Singapore has made Mandiri Sekuritas the first Indonesian securities company which has Asia regional business capabilities.

Mandiri Sekuritas operates three business lines, which are Investment Banking, Capital Market and Retail. On Investment Banking, Mandiri Sekuritas provides securities underwriter and financial advisory services (underwriter and advisory). On Capital Market, the Company provides brokerage services in bond and stock transactions in the primary and secondary markets for institutional clients, while in Retail, it provides the same services (brokerage for bond and stock transactions) for individual customers.

PT Bank Mandiri Taspen Banking Services	Shareholding	51.098%
	Establishment	2008
	Operational Status	Operating
	Total Assets	Rp66,232 (billion)*

PT Bank Mandiri Taspen (hereinafter referred to as Bank Mantap) was established in Denpasar on 3 November 1992, under the Deed of Establishment No. 4, made before Ida Bagus Alit Sudiarmika, S.H., a Notary in Denpasar, bearing the name of PT Bank Sinar Harapan Bali. The establishment was an upgrade of legal entity status, from previously an Indonesian Joint-Stock Company (Maskapai Andil Indonesia or MAI) into a Limited Liability Company (Perseroan Terbatas or PT). The deed of establishment was ratified by the Minister of Justice of the Republic of Indonesia under Decree No. C2-4581 HT.01.01 Th.93 dated 12 June 1993. On 3 May 2008, Bank Sinar was officially acquired by PT Bank Mandiri (Persero) Tbk in order to comply with the provisions of capital regulation as a commercial bank. The acquisition marked the beginning of Bank Mandiri's ownership of Bank Sinar and furthermore the management of Bank Sinar is carried out separately as a stand-alone bank with the status of Subsidiary focusing mainly on micro business and small business development.

On 24 July 2015, the Financial Services Authority approved the change of name of PT Bank Sinar Harapan Bali into PT Bank Mandiri Taspen Pos and granted permission to conduct business activities under the name of Bank Mantap. The name change was accompanied by a license for logo change from Financial Services Authority on 31 July 2015. The changes of name and logo were announced to the public on 7 August 2015.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

Company Profile

On 9 October 2017, Bank Mandiri Taspen Pos held Extraordinary General Meeting of Shareholders (EGMS) that approved the change of shareholders composition into Bank Mandiri (59.44%), PT Taspen (40%), and individuals (0.56%). The EGMS also approved the change of company name from PT Bank Mandiri Taspen Pos to PT Bank Mandiri Taspen.

On 16 December 2020, the Shareholders of Bank Mandiri Taspen signed the Circular decision to approved the changes of shareholders composition to become Bank Mandiri (51.098%), PT Taspen (48.437%) and individual shareholders (0.465%).

PT Mandiri Tunas Finance (MTF) Motor Vehicle and Multipurpose Financing Services	Shareholding	51.00%
	Establishment	2009
	Operational Status	Operating
	Total Assets	Rp34,425 (billion)*

Company Profile

The track record of PT Mandiri Tunas Finance, also known as the "Company" or "MTF", began in 1989 with the establishment of PT Tunas Financindo Corporation as stated in the deed of Limited Liability Company PT Tunas Financindo Corporation No. 262 dated 17 May 1989 which was made before Misahardi Wilamarta, S.H., Notary in Jakarta and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia (formerly Minister of Justice of the Republic of Indonesia) in accordance with Decree No. C2-4868.HT.01.01.TH'89 dated 1 June 1989 and has been registered in the register book of the Central Jakarta District Court under No. 1206/1989 dated 21 June 1989 and has been published in the State Gazette of the Republic of Indonesia No. 57, dated 18 July 1989, Supplement No. 1369.

On its early establishment, the Company was engaged in motor vehicle financing, which was initially aimed for consumers from the dealer network owned by the Tunas Ridean Group. In line with the growth of its business portfolio, PT Tunas Financindo Corporation changed its name in 2000 to PT Tunas Financindo Sarana based on the PT Tunas Financindo Corporation Limited Liability Company Deed Number 49, dated 18 August 2000 and was approved by the Minister of Law and Legislation of the Republic of Indonesia Number C-21195 HT.01.04. TH. 2000 dated 22 September 2000. And further made a name change in 2009 to PT Mandiri Tunas Finance based on the Deed of PT Tunas Financindo Sarana based on Number 181 dated 26 June 2009 and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia Number AHU-40506. AH.01.02 Year 2009 dated 20 August 2009. From its initial establishment until 2009, the Company's share ownership was owned by PT Tunas Ridean Tbk, which was currently the largest independent automotive group with more than 100 branches across Indonesia.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

In 2009, the Company took strategic measures as part of business development to expand market reach and strengthen capital structure hence to optimize the potential to compete in the Indonesian automotive financing industry. The action taken was the acquisition of the Company by PT Bank Mandiri (Persero) Tbk as one of the State-Owned Enterprises in the banking sector with an extensive business network and expansive customer-base. PT Bank Mandiri (Persero) Tbk made an acquisition of 51.00% shares of the Tunas Ridean Group and changed the Company's name to PT Mandiri Tunas Finance which was followed by a change in the Company's logo. With the acquisition, the share percentage of PT Tunas Ridean Tbk stood at 49.00%.

In the automotive financing segment, the Company provides financing for new cars, large motorbikes, commercial vehicles and heavy equipment. In following up the Financial Services Authority Regulation No. 35/POJK.05/2018 in lieu of the Financial Services Authority Regulation No. 07/POJK.05/2022 in order to create a resilient, contributive, inclusive financing industry and takes a role in maintaining a stable and sustainable financial system, the Company offers other financing types, among others, Investment, Working Capital and Multipurpose Financing.

The Company provides easy, innovative and competitive financing facilities and solutions for consumers in helping to realize the dream of owning a new car, large motorbike, commercial vehicles and heavy equipment to support business activities, financing and leasing as well multipurpose by means of funding facilities for education, home renovation, weddings, traveling and health. The Company continues to prioritize service to consumers by providing convenience particularly the support of branch offices throughout Indonesia, quality human resources and adequate infrastructure facilities.

PT AXA Mandiri Financial Services (AXA Mandiri) Life Insurance Services	Shareholding	51.00%
	Establishment	2003
	Operational Status	Operating
	Total Assets	Rp41,914 (billion)

Company Profile

AXA Mandiri, which is engaged in the life insurance business, has obtained a business license in the life insurance business from the Directorate General of Financial Institutions through Decree No. KEP-605/KM.13/1991 dated December 4, 1991, which was granted to PT Asuransi Jiwa Staco Raharja, and then transferred to PT Asuransi Jiwa Mandiri through Decree of the Directorate General of Financial Institutions No. S-131/MK.6/2002 dated May 3, 2002. The transfer of the insurance business license was in line with the name change of PT Asuransi Jiwa Staco Mandiri to PT Asuransi Jiwa Mandiri and the entry of PT Bank Mandiri (Persero) Tbk as a shareholder. The name change was set forth in Notarial Deed No. 17, dated March 25, 2002, made before Notary Muhani Salim, S.H., Notary in Jakarta and approved by the Minister of Justice and Human Rights of the Republic of Indonesia in accordance with Decree No. C-07463 HT.01.04. TH.2002 dated April 30, 2002.

Based on Notarial Deed of Aulia Taufani, S.H., Substitute Notary of Notary Sutjipto, S.H., No. 23 dated November 5, 2003, PT Asuransi Jiwa Mandiri changed its name to PT AXA Mandiri Financial Services after National Mutual International Pty. Limited as part of AXA Group officially became one of the Shareholders of PT AXA Mandiri Financial Services. This change was approved by the Minister of Law and Human Rights through Decree No. C-28747 HT.01.04.TH.2003 dated December 10, 2003 and announced in the official gazette of the Republic of Indonesia No. 64, Supplement No. 7728, dated August 10, 2004. Accordingly, on February 11, 2004, through Letter No. S-071/MK.6/2004, the Directorate General of Financial Institutions transferred the insurance business license issued since the establishment of PT Asuransi Jiwa Mandiri to PT AXA Mandiri Financial Services.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

On 20 August 2010, Bank Mandiri signed a sale and purchase agreement for the purchase of 2,027,844 shares or 2.00% of the issued and fully paid shares of NMI before the notary Dr. A. Partomuan Pohan, S.H., LL.M. The addition of ownership in AXA Mandiri had been approved by Bank Indonesia through its letter No. 12/71/DPB1/TPB1-1 dated 22 July 2010. Following the purchase, Bank Mandiri's ownership percentage in AXA Mandiri increased to 51.00%.

AXA Mandiri underwent several changes including changes to the Articles of Association. One of the amendments to the Articles of Association was made to comply with the Limited Liability Company Law No. 40/2007, which had been ratified by the Notary Deed of Wahyu Nurani, S.H., No. 35 dated 29 July 2008 relating to Deed No. 8 dated 20 November 2008 which was approved by the Minister of Justice and Human Rights of the Republic of Indonesia through Decree No. AHU-08941.AH.01.02. year 2009 dated 23 March 2009.

The latest amendment to the Articles of Association was ratified by the Notary Deed of Mala Mukti S.H., LL.M., No. 86 dated 26 July 2023 which has been accepted and registered in the Legal Entity Administration System of Ministry of Law and Human Rights of the Republic of Indonesia based on Decree No. AHU-AH.01.03-0099062 dated 31 July 2023 and was approved by the Minister of Law and Human Rights of the Republic of Indonesia through Decree No. AHU-0044090.AH.01.02.Years 2023 dated July 31, 2023.

Changes in the composition of the Board of Directors and Board of Commissioners of AXA Mandiri have been authorized by Notarial Deed Mala Mukti S.H., LL.M. No. 38 dated July 11, 2024 which has been accepted and recorded in the Legal Entity Administration System of the Ministry of Law and Human Rights of the Republic of Indonesia based on Decree No. AHU-AH.01.09-0225613 dated July 12, 2024.

In general, AXA Mandiri is currently offered several business solutions categories for the customers of Group Bank Mandiri among others Bank Syariah Indonesia, Mandiri Tunas Finance etc, which are:

1. Providing unit link insurance products on life insurance protection and investment;
2. Providing traditional insurance products that provide protection and/or cash values benefits for life or health coverage;
3. Providing insurance protection for credit card holders, savings customers, consumer loan customers as well as micro credit customers of Bank Mandiri and Bank Mandiri subsidiaries;
4. Providing corporate Solution insurance products for the company employees; and
5. Providing comprehensive protection solutions for the customers of Bank Mandiri Group offering protection, health, education, critical illness and old age funds facilities.

PT PANN (Persero) Financing Services for the Procurement of Commercial Ships in Indonesia	Shareholding	6.96%
	Establishment	16 May 1974
	Operational Status	Non-Operating
	Total Assets	983.24

Company Profile PT PANN (Persero) was established on 16 May 1974 based on the Republic of Indonesia Government Regulation No. 18 of 1974 concerning the establishment of Persero in the field of National Commercial Fleet Development. Bank Mandiri's ownership in PT PANN is a pure participation of Bapindo's ex-legacy to fulfill the procurement of Commercial Ships in Indonesia. The Capital Structure and the composition of PT PANN (Persero) share ownership based on Deed No. 04 of 2021 are: the Government of the Republic of Indonesia at 93.04%, and Bank Mandiri (ex-Bapindo) at 6.96%. PT PANN is a financing company that also finances the procurement of Commercial Vessels in Indonesia. The company is engaged in the financing of national commercial ships which focuses on financing middle-class and lower-class shipping companies with financing mechanisms in Financial Lease, Purchase on Installment / Buy Installment, Sale and Lease Back and Factoring. PT PANN (Persero) is in the process of dissolution according to the Minutes of the Extraordinary General Meeting of Shareholders of PT PANN (Persero) No. 05 dated 11 October 2023. Based on Government Regulation (PP) No. 43 dated 17 October 17 2024, it has been decided to dissolve PT PANN (Persero) and currently the dissolution process is still in the stage of requesting the organization of a dissolution GMS and the appointment of a liquidator by the Ministry of SOEs.

SHARES LISTING CHRONOLOGY

SHARES LISTING CHRONOLOGY

A Dwiwarna Share owned by the Republic of Indonesia and is not transferable. The shares issued by Bank Mandiri consist of Series es A Dwiwarna Shares and Common Shares on Series es B. Name of Common Stock on behalf of Series es B offered entirely consisting of divested shares of the Republic of Indonesia which give the holders equal and equal rights in all matters with Common Stock On behalf of other B Series es, Bank Mandiri has been placed and fully paid.

Initial Public Offering

On 14 July 2003, Bank Mandiri conducted an Initial Public Offering (IPO) of 4,000,000,000 Ordinary Shares B Series es with a par value of Rp500 (full amount) per share sold at Rp675 (full amount) per share. The IPO to the public was a divestment of 20.00% of Bank Mandiri's shares owned by the Government.

On 14 July 2003, 19,800,000,000 of Bank Mandiri's Ordinary Shares B Series es have been listed on Jakarta and Surabaya Stock Exchanges based on the letter of approval from Jakarta Stock Exchange No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003 and Surabaya Stock Exchange No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

Shareholding Divestment by the Government

On 11 March 2004, the Government divested an additional 10.00% ownership in Bank Mandiri or amounted to 2,000,000,000 Ordinary Shares B Series es through private placements.

Limited Public Offering

To strengthen its capital structure, Bank Mandiri increased the issued and paid-up capital through Limited Public Offering (Rights Issue) with Pre-Emptive Rights. With regards to this Rights Issue, Bank Mandiri has submitted the first and second registration statements to Bapepam-LK on 26 December 2010 and 18 January 2011. Bapepam-LK under the Chairman of Bapepam and LK's Letter No S-807/BL/2011 dated 27 January 2011 stated that the LPO registration with Bank Mandiri's Rights Issue has been effective and also obtained approval from the shareholders in accordance with the decision result of the Extraordinary GMS on 28 January 2011.

Bank Mandiri has issued 2,336,838,591 shares with pre-emptive rights with par value of Rp500 (full amount) per share determined on 25 January 2011 and trading period starting 14 February 2011 to 21 February 2011 with an offering price of Rp5,000 (full amount) per share.

The Government of the Republic of Indonesia as Bank Mandiri's majority shareholder did not exercise their right to acquire the Rights Issue, however transferred the shares to other public shareholders, hence the Government's shareholding percentage composition was reduced or diluted from 66.68% prior to the Rights Issue period to 60.00% following the implementation of the Rights Issue.

Implementation of the Stock Split

Pursuant to the resolutions of the Extraordinary GMS dated 21 August 2017 as set forth in the Deed No. 36 dated 24 August 2017, made before Ashoya Ratam SH, Mkn, the shareholders of Bank Mandiri, among others, approved the stock split of the Company from Rp500 (full amount) per share to Rp250 (full amount) per share hence the issued capital became 46,666,666,666 shares consisting of 1 share of Dwiwarna Series es A and 46,666,666,665 shares of Series es B. The implementation of the stock split was effective on 13 September 2017.

SHARES LISTING CHRONOLOGY

SHARES LISTING

Bank Mandiri Stock Split in 2017

Description	Shareholders (Number of Outstanding Shares)				Nominal (Rp)	Number of Outstanding Shares
	Government		Public			
	Total	%	Total	%		
Before stock split	14,000,000,000	60	9,333,333,333	40	500	23,333,333,333
After stock split	28,000,000,000	60	18,666,666,666	40	250	46,666,666,666

The Government further divested 10.00% of its shareholding in Bank Mandiri or 2,000,000,000 Common Shares B Series es through private placements. This action did not increase the number of outstanding shares in public. The Government also divested 20.00% of its shares in Bank Mandiri as an initial public offering to the public amounted to 4,000,000,000 shares, hence not increasing the number of outstanding shares. After the stock split, the share price of Bank Mandiri share stood at Rp6,700 from the previous Rp13,400, with a stock split ratio of 1: 2.

Based on the resolution of the Annual GMS dated 14 March 2023 as set forth in the Deed No. 12, dated 16 March 2023, made before Utiek R. Abdurachman S.H., MLI., M.Kn., the shareholders of Bank Mandiri, among others, approved the Bank's stock split from Rp250 (full value) per share to Rp125 (full value) per share, hence the issued capital becomes a total of 93,333,333,332 shares consisting of 1 (one) Series es A Dwiwarna share and 93,333,333,331 Series es B shares. The Series es A Dwiwarna shares owned by the Government of the Republic of Indonesia will be retained 1 (one) share and the rest will be calculated to add Series es B shares owned by the Government of the Republic of Indonesia. The stock split will be effective on 6 April 2023.

Bank Mandiri Resmi dan Resmi Resmi Resmi. Jasa Keuangan dan Bank Indonesia. Serta Mencapai Peringkat Peringkat Peringkat Peringkat.

Bank Mandiri continues to maintain strong and sustainable financial performance, supported by solid balance sheet growth, healthy financial ratios, and stable profitability through cost efficiency and effective business strategies. Healthy credit growth and an increase in low-cost funds ensure an optimal funding structure, strengthening cost efficiency and liquidity. Strong asset quality reflects prudent risk management, while net income from subsidiaries contributes positively to consolidated performance. Through digital innovation, operational excellence, and strategic synergy, Bank Mandiri continues to create long-term value and reinforce its leadership in the financial industry.

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC REVIEW

During 2024, Indonesia's economic growth remained positive, navigating global and national challenges such as market volatility, inflation, and fluctuations in commodity prices. The government focused on national economic recovery amidst uncertainties, while the banking sector demonstrated resilience through increased loan disbursement, strong third-party fund growth, and advancements in digital services, reinforcing its role in driving sustainable economic growth.

GLOBAL ECONOMIC ANALYSIS

The global economy remains overshadowed by various uncertainties. This is reflected in the expectation that U.S. Federal Reserve interest rate cuts may not be as substantial as previously anticipated, given strong U.S. economic data, including high inflation and solid labor market conditions. The re-election of Donald Trump as U.S. President adds further pressure to global economic and trade prospects, due to the aggressive policies planned, such as imposing

significant import tariffs on other countries, including China. Moreover, ongoing geopolitical risks could trigger fluctuations in commodity prices and exchange rates.

According to the World Economic Outlook report from the International Monetary Fund (IMF) in January 2025, global economic growth is projected to slow slightly to 3.2% in 2024, before rising modestly to 3.3% in 2025.

Realized & Projected GDP Growth of Indonesia's Major Trading Partners (in percentage)

*) : projection | Source: World Economic Outlook IMF October 2024, processed.

Throughout 2024, the U.S. economy outpaced initial expectations, accompanied by improvements in unemployment rates, stronger domestic demand, and a downward trend in inflation. These conditions shifted market expectations regarding the Federal Reserve's rate cuts, which are now projected to be smaller than previously anticipated. During the December 2024 Federal Open Market Committee (FOMC) meeting, the Fed lowered the federal funds rate (FFR) by 25 basis points to 4.50%, aligning with market expectations. However, in 2025, the Fed is expected to reduce rates by only 50 basis points, down from earlier forecasts of a 100-basis-point cut.

In Europe, the economy also showed an improving trend throughout 2024, as evidenced by rising retail sales. Nonetheless, the region continues to encounter challenges in the manufacturing sector. The European Central Bank (ECB) further reduced its benchmark interest rate to 3.15% in December 2024. The IMF projects the Eurozone economy to grow by 0.8% in 2024.

GLOBAL ECONOMIC ANALYSIS

China's economic growth is expected to slow to 4.8% in 2024, below the government's target of approximately 5%. To stimulate the real economy, the Chinese government and central bank introduced various stimulus measures and eased monetary policies. However, the IMF forecasts China's growth to decelerate further to 4.5% in 2025.

India's economy is projected to grow by 7.0% in 2024, one of the highest rates among G20

countries, driven by strong domestic consumption and easing inflation. In 2025, India's growth is expected to slow to 6.5%.

Global trade volume is projected to increase by 3.1% in 2024, a significant improvement from the 0.8% growth recorded in 2023. Meanwhile, the Global Manufacturing PMI, as reported by J.P. Morgan and S&P Global, stood at 49.4 in November 2024, remaining in contraction territory (below 50.0) but improving from the previous

INDONESIAN ECONOMIC ANALYSIS

Indonesia's economy in the third quarter of 2024 continued to demonstrate resilience and sustained recovery amid global challenges. The Central Statistics Agency (BPS) recorded a growth rate of 4.95% year-on-year (yoy). All sectors posted growth, with the Other Services sector showing a significant increase of 9.95%, Transportation and Warehousing up by 8.64%, and Accommodation and Food Service activities growing by 8.33%. Meanwhile, the manufacturing industry, which plays a dominant role in Indonesia's economy, recorded growth of 4.72%.

GDP Growth (%)

*) Projection; Source: BPS, BI, and IMF.

Indonesia's economic growth in the third quarter of 2024 was bolstered by strong domestic demand. Investment activity also remained robust, particularly in construction, supported by the completion of various National Strategic Projects (PSN). Household consumption, especially among the upper-middle class, remained steady and well-maintained.

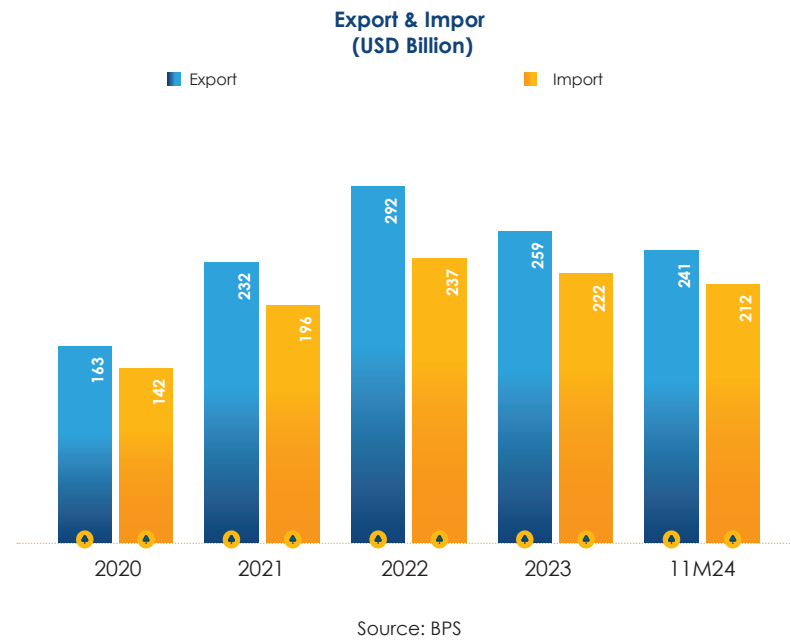

GDP Growth Based on Business and Expenditure as of Quarter III 2024

Source: BPS

INDONESIAN ECONOMIC ANALYSIS

Indonesia's cumulative non-oil and gas exports grew positively despite global challenges and declining commodity prices. According to BPS, cumulative non-oil and gas exports reached \$226.91 billion, up 2.24% (c-to-c). Cumulatively, the total value of Indonesia's exports from January-November 2024 reached \$241.25 billion, marking a 2.06% (c-to-c) increase compared to the same period in 2023. Meanwhile, the total value of Indonesia's imports during January-November 2024 was recorded at \$212.39 billion, a growth of 4.74% (c-to-c) from the same period in 2023.

INDONESIAN ECONOMIC ANALYSIS

Foreign Exchange Reserves (USD Billion)

Indonesia's Balance of Payments (BOP) remained stable, supporting external stability. In the third quarter of 2024, the BOP recorded a deficit of US\$5.87 billion, underpinned by a stable current account deficit and a continued surplus in the goods trade balance of US\$9.29 billion. Portfolio investment inflows also persisted in the third quarter of 2024, with net inflows amounting to US\$9.55 billion. Cumulatively, portfolio investments through the third quarter of 2024 recorded net inflows of US\$10.95 billion. Direct investment also rose in the third quarter of 2024 to US\$5.24 billion from US\$2.14 billion in the previous quarter, reaching a cumulative total of US\$11.98 billion. This reflects global investor optimism about the domestic economic conditions.

In the fourth quarter of 2024, Bank Indonesia (BI) projects that national economic growth will remain strong, supported primarily by increased investment, solid household consumption, and higher government spending at the end of the year. For the full year, BI forecasts Indonesia's economic growth in 2024 to remain resilient, within a range of 4.7% to 5.5%. Meanwhile, the Indonesian government, in its macroeconomic assumptions, has set a target of 5.2% for 2024. According to the International Monetary Fund (IMF) in its World Economic Outlook report from January 2025, Indonesia's economic growth in 2024 is projected to reach 5.00%.

GDP Nominal (USD Billion)

GDP/Capita (USD)

*) Projection; Source: IMF.

Bank Indonesia recorded foreign exchange reserves at US\$155.7 billion in December 2024. This is the highest level on record, rising from the previous month's position of US\$150.2 billion in November 2024. The increase in foreign exchange reserves in December 2024 was attributed to tax and service receipts, government foreign loan disbursements, and foreign exchange earnings from the oil and gas sector. BI anticipates that Indonesia's BOP in 2024 will remain stable, supported by a current account deficit that stays within a low range of 0.1% to 0.9% of GDP. The capital and financial account balance is also projected to maintain a surplus, underpinned by increases in both direct and portfolio investments, in line with positive investor sentiment toward the national economic outlook and attractive investment returns.

Current Account Balance (USD Billion)

Current Account Balance (% to GDP)

*) Projection; Source: IMF.

INDONESIAN ECONOMIC ANALYSIS

Indonesia's trade balance in November 2024 recorded a surplus of US\$4.42 billion, driven by a non-oil and gas surplus of US\$5.67 billion, while the oil and gas sector posted a deficit of US\$1.25 billion. From January to November 2024, the oil and gas sector registered a cumulative deficit of US\$18.64 billion, while the non-oil and gas sector achieved a surplus of US\$47.50 billion, resulting in an overall trade surplus of US\$28.86 billion.

Indonesia's Trade Balance (USD Billion)

*) : Januari-November 2024; Source: BPS.

The Rupiah exchange rate weakened by 1.6% by the end of December 2024 compared to the previous month. This depreciation was primarily driven by ongoing global uncertainties, such as a more moderate global rate-cut outlook than previously anticipated and the potential implementation of aggressive policies by Donald Trump. On a year-over-year basis, the Rupiah depreciated by 4.6% compared to the end of December 2023, performing better than the Japanese Yen and South Korean Won, which depreciated by 7.0% and 10.3%, respectively. Bank Indonesia will continue to optimize all monetary instruments, including strengthening pro-market monetary operations through the utilization of Bank Indonesia Rupiah Securities (SRBI), Bank Indonesia Foreign Exchange Securities (SVBI), and Bank Indonesia Foreign Exchange Sukuk (SUVBI), to enhance policy effectiveness in attracting foreign capital inflows and supporting the Rupiah's exchange rate stability.

INDONESIAN ECONOMIC ANALYSIS

On inflation, conditions remained well within the target range of 2.5±1%. Statistics Indonesia (BPS) recorded a year-end inflation rate of 1.57% in 2024, with the Consumer Price Index (CPI) reaching 110.39.

Annual Inflation Comparison (% yoy)

Source: BPS

Most expenditure indexes exhibited stable inflation rates. The food, beverages, and tobacco group recorded inflation of 1.90%; clothing and footwear group at 1.16%; housing, utilities, electricity, and household fuels group at 1.04%; health group at 1.93%; recreation, sports, and culture group at 1.17%; education group at 1.94%; food and beverage service/restaurants group at 2.48%; and personal care and other services group at 7.02%. Meanwhile, there were declines in the indexes of the transportation group, which experienced deflation of 0.33%, and the information, communication, and financial services group, which declined by 0.27%.

stabilizing the Rupiah exchange rate in light of increasing uncertainty in global financial markets. Looking ahead, Bank Indonesia will continue to monitor the possibility of lowering policy rates while considering inflation prospects, the Rupiah's exchange rate, and economic growth.

In December 2024, Bank Indonesia decided to maintain the BI Rate at 6.0%, the Deposit Facility rate at 5.00%, and the Lending Facility rate at 6.50%. This decision aligns with BI's monetary policy direction to keep inflation under control within the target range of 2.5±1% in 2024 while also supporting sustainable economic growth. In the short term, BI's monetary policy focus is on

BANKING INDUSTRY ANALYSIS

BANKING INDUSTRY ANALYSIS

Indonesian Banking Main Financial Indicators

*) : assets data as of November 2024, loans data & third-party funds data as of December 2024.
 Source: Indonesian Banking Statistics August 2024 Financial Services Authority (assets data), BI and KSSK (loans & TPF).

Throughout 2024, banking intermediation performance (commercial banks) continued to grow positively, maintaining double-digit growth since the end of 2023. As of December 2024, loan growth to third parties increased by 10.39% (yoy) to Rp7827.92 trillion. This strong growth was primarily driven by Investment Loans,

which grew by 13.62%, followed by Consumer Loans at 10.61% and Working Capital Loans at 8.35%.

From a bank ownership perspective, State-Owned Enterprises (SOEs) served a key role in driving commercial bank intermediation growth, recording a 12.10% (yoy)

increase. Meanwhile, based on the debtor category, corporate loans and Micro, Small, and Medium Enterprises (MSME) loans grew by 15.67% and 3.37%, respectively. This loan growth pushed the Loan to Deposits Ratio (LDR) of commercial banks to 88.57% as of December 2024.

*) : as of December 2024.
 Source: Press Release, Financial Services Authority, BI, and KSSK.

This strong intermediation performance was also supported by well-maintained credit quality, with the Non-Performing Loan (NPL) ratio stood at 2.08% (gross) and 0.75% (net) as of December 2024. Loan at Risk (LaR) also showed a declining trend to 9.28%. This LaR ratio is approaching the pre-pandemic level of 9.93% recorded in December 2019.

The Banking Survey conducted by Bank Indonesia indicated positive growth in new loan disbursements during the fourth quarter of 2024. This is reflected

in the Weighted Net Balance (SBT) of new loan disbursements, which stood at 97.9%. By loan type, the increase in new loan growth was primarily driven by investment loans and working capital loans. Furthermore, in the first quarter of 2025, new loan disbursements are expected to remain strong, with the projected SBT for new loan disbursements at 82.3%.

However, lending standards in the first quarter of 2025 are expected to remain as stringent as in the previous period. This is indicated by

a positive Lending Standard Index (LSI) of 0.2. The aspects of lending policies anticipated to be more stringent include credit limits, loan interest rates, and risk premium adjustments.

Survey results indicate that respondents remain optimistic about credit growth through the end of 2025, with strong projected growth in outstanding loans. This optimism is driven by economic and monetary outlooks, as well as the relatively well-maintained risk levels in loan disbursement.

BANKING INDUSTRY ANALYSIS

In terms of profitability, net profit of commercial banks reached Rp237.15 trillion as of November 2024, a contraction of 2.41% (yoy) compared to the same period in the previous year. Meanwhile, the profitability of commercial banks, as indicated by the Return on Assets (ROA) and Net Interest Margin (NIM) ratios, stood at 2.69% and 4.62%, respectively, as of December 2024. These ROA and NIM levels demonstrate that the banking industry remains resilient and relatively stable. In addition, commercial banks were able to effectively manage the Operating Expenses to Operating Income (BOPO) ratio, maintaining it at 79.87% as of November 2024.

Regarding fund collection, Third-Party Funds (DPK) in commercial banks continued to increase, reaching Rp8836.84 trillion in December 2024, reflecting a growth of 4.48% (yoy) compared to the same period in the previous year. Savings recorded the highest growth at 6.78% (yoy), followed by time deposits and demand deposits, which grew by 3.50% and 3.34% (yoy), respectively.

Banking industry liquidity in December 2024 remained adequate, with the Liquidity Asset to Non-Core Deposit (AL/NCD) and Liquidity Asset to Third-Party Funds (AL/DPK) ratios standing at 112.87% and 25.59%, both well above their respective thresholds of 50% and 10%. Meanwhile, the Liquidity Coverage Ratio (LCR) was at 213.23%, and the Net Stable Funding Ratio (NSFR) stood at 128.75%. These LCR and NSFR positions indicate the continued strength of short-term liquidity resilience and long-term funding stability in the national banking industry.

Meanwhile, the Capital Adequacy Ratio (CAR) of commercial banks remained at a high level, stood at 26.69% as of December 2024. This strong capital position serves as a risk mitigation buffer, enabling banks to absorb global uncertainties while supporting future credit growth.

ANALYSIS OF BANK MANDIRI POSITION IN THE BANKING INDUSTRY

The overall growth of Bank Mandiri's consolidated financial performance has been successfully maintained and further enhanced. The following table compares Bank Mandiri's consolidated financial performance growth with that of the banking industry (commercial banks).

Comparison of Consolidated Financial Performance Growth of Bank Mandiri (as of December 2024) vs the Banking Industry (Commercial Banks) as November 2024 (yoy)

Performance	Banking Industry (Commercial Banks)	Bank Mandiri (Consolidated)
Assets	7.93%	11.6%
Loans	10.4% ¹⁾	19.5%
Third Party Funds	4.48% ¹⁾	7.73%
Low-Cost Funds	5.06% ¹⁾	8.49%
Interest Income *	18.9%	14.1%

MARKET SHARE OF BANK MANDIRI CONSOLIDATED FINANCIAL PERFORMANCE INDICATORS IN THE BANKING INDUSTRY (COMMERCIAL BANKS)

ASSETS

As of December 2024, Bank Mandiri's consolidated total assets reached Rp2,427.2 trillion, an increase of 11.6% (yoy). The asset growth surpassed the average growth in the banking industry (commercial banks), which stood at 7.93% (yoy), reaching Rp12,334.7 trillion as of November 2024. This achievement boosted Bank Mandiri's asset market share to 19.68%.

MARKET SHARE OF BANK MANDIRI CONSOLIDATED FINANCIAL PERFORMANCE INDICATORS IN THE BANKING INDUSTRY (COMMERCIAL BANKS)

LOANS

As of December 2024, Bank Mandiri's consolidated loans reached Rp1,670.5 trillion, grew by a double-digit rate of 19.5% (yoy) compared to Rp1,398.1 trillion in December 2023. The loan growth exceeded the banking industry's (commercial banks) growth rate of 10.4% (yoy) as of December 2024. With this positive loan growth, Bank Mandiri's market share in loans increased to 21.34% as of December 2024.

THIRD-PARTY FUNDS

As of December 2024, Bank Mandiri successfully acquired consolidated third-party funds amounting to Rp1,698.9 trillion, reflecting a 7.73% (yoy) increase from Rp1,577.0 trillion in the same period the previous year. The growth in third-party funds exceeded the banking industry's (commercial banks) growth rate of 4.48% (yoy) in December 2024. Bank Mandiri's market share of third-party funds among commercial banks rose to 19.23% as of December 2024.

MARKET SHARE OF BANK MANDIRI CONSOLIDATED FINANCIAL PERFORMANCE INDICATORS IN THE BANKING INDUSTRY (COMMERCIAL BANKS)

CASA RATIO

Amid slowing growth in third-party funds, Bank Mandiri managed to maintain a high ratio of low-cost funds (CASA) to total third-party funds at 74.83% as of December 2024, equivalent to Rp1,271.2 trillion. The ratio increased by 52 basis points compared to 74.30% in the same period in 2023. Consequently, Bank Mandiri's CASA market shares relative to the banking industry (commercial banks) continued to increase, reaching 22.69%.

NET PROFIT

As of December 2024, Bank Mandiri successfully booked a net profit of Rp55.78 trillion, grew 1.31% (yoy) compared to December 2023's figure of Rp55.06 trillion. This achievement raised Bank Mandiri's net profit market share in the banking industry (commercial banks) to 23.52%.

Source: OJK as of December 2024, Bank Mandiri Publication Report as of December 2024
*) As of November 2024

From a financial ratio perspective, Bank Mandiri's achievements as of December 2024 continue to surpass those of the banking industry (commercial banks). Bank Mandiri's Capital Adequacy Ratio (CAR) is maintained at a high and well-preserved level of 20.10%, staying above the regulatory requirement.

Bank Mandiri's asset quality also outperforms the banking industry (commercial banks), as reflected in its Gross NPL ratio of 0.97%, which is lower than the banking industry's (commercial banks) Gross NPL ratio of 2.08%.

Bank Mandiri has also achieved stronger profitability compared to the banking industry (commercial banks), as reflected in its NIM and ROA ratios of 4.93% and 3.59% respectively, both higher than the banking industry's NIM and ROA ratios of 4.59% and 2.69%.

In addition, Bank Mandiri has managed to keep operational costs efficiently controlled. Its Operating Expense to Operating Income (BOPO) ratio stood at 56.46% as of December 2024, significantly lower than the commercial banking industry's BOPO ratio of 79.87% as of November 2024.

CORPORATE STRATEGY

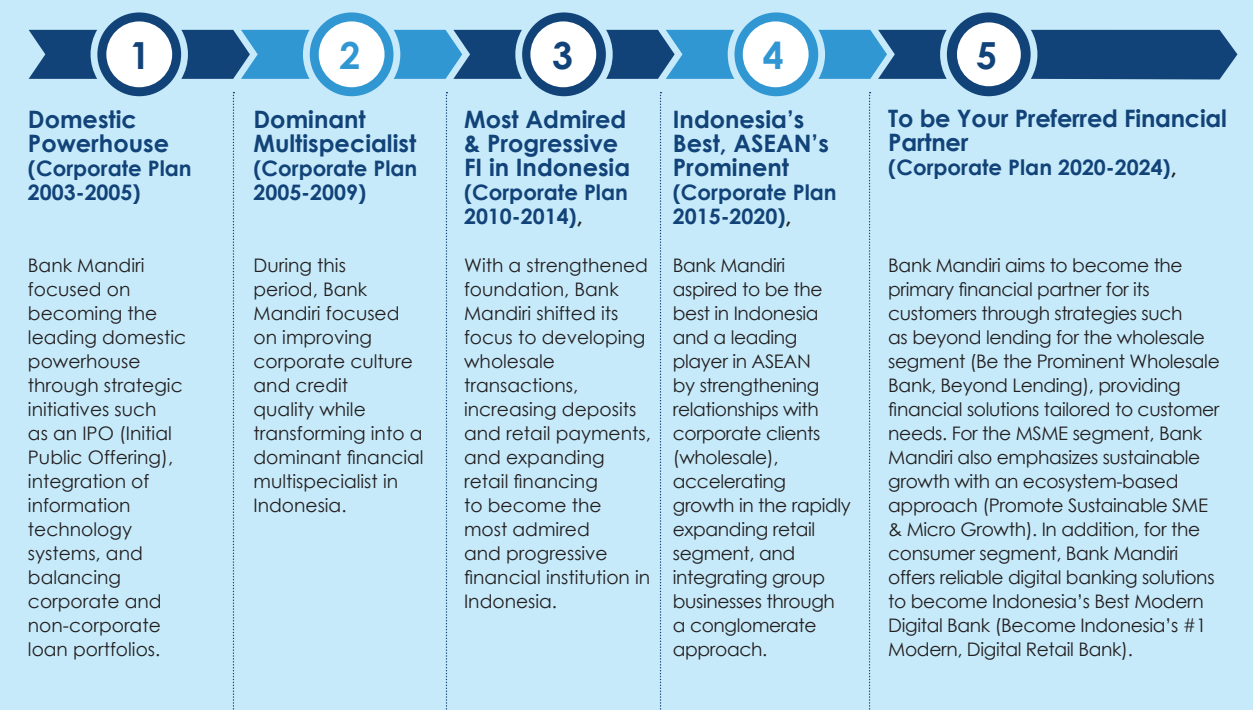

As one of Indonesia's leading state-owned enterprises (SOEs), Bank Mandiri plays a strategic role in driving long-term economic growth. As the largest bank in Indonesia, Bank Mandiri has significant potential to become a world-class SOE, delivering cutting-edge banking and financial services, and serving as a key driver of the Indonesian economy by stimulating business activity across the nation.

CORPORATE STRATEGY

Since its establishment in 1998, Bank Mandiri has continuously updated its strategies to align with the evolving dynamics of the banking industry, addressing both long-term and short-term considerations. In the long run, Bank Mandiri's strategy is outlined in its Long-Term Corporate Plan, which

is formulated in accordance with Financial Services Authority Regulation (POJK) No. 55/POJK.03/2016, POJK No. 12/POJK.03/2021, and Ministry of SOEs Regulation No. PER-2/MBU/03/2023 on SOE Governance and Significant Corporate Activities.

Bank Mandiri has undergone 5 (five) transformation phases to continuously adapt to changes, ensuring competitiveness and growth in a dynamic environment. These transformation phases among others are:

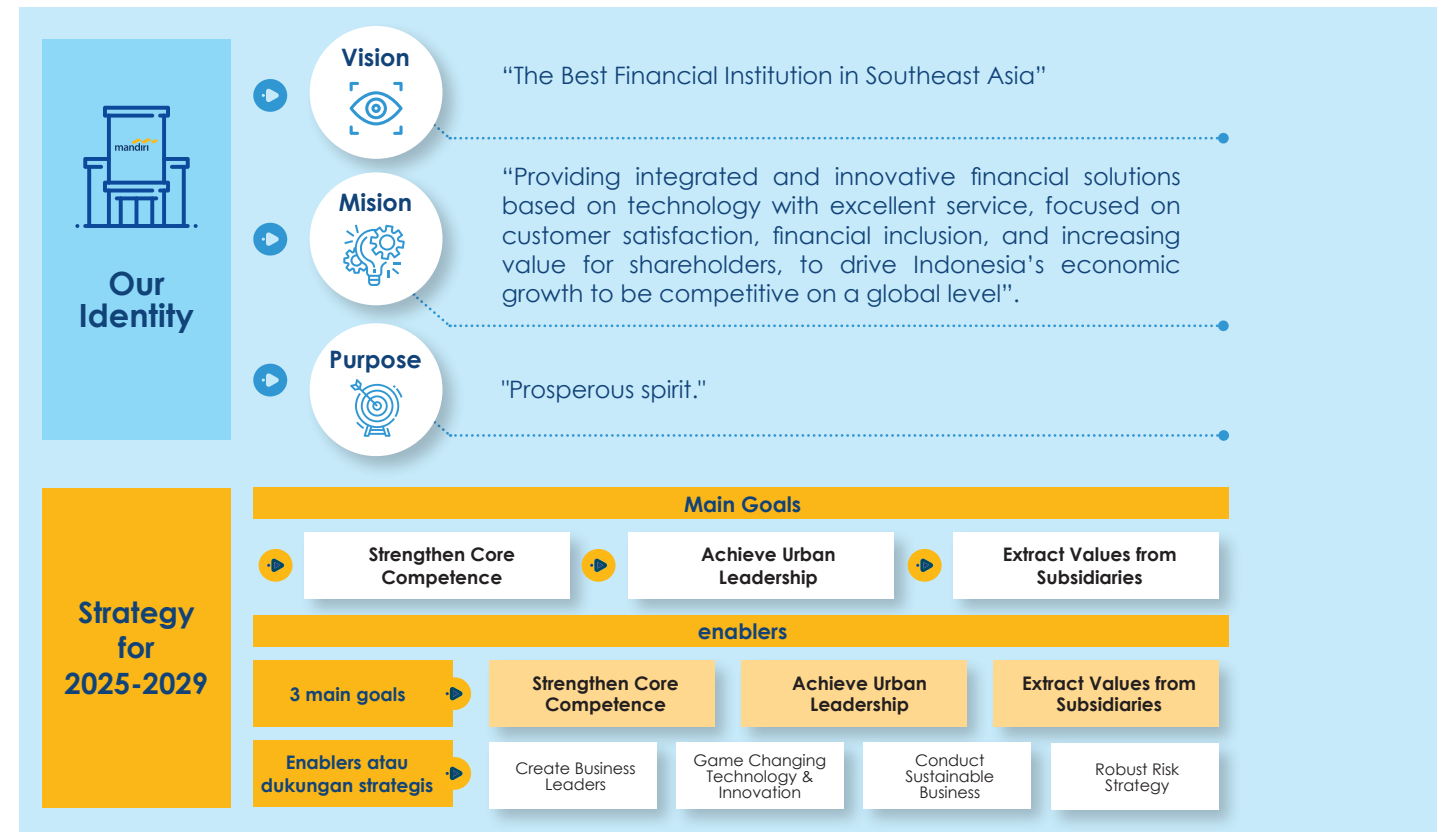

With its identity as a wholesale bank with all-rounder ecosystem potential capable of building a holistic business ecosystem, Bank Mandiri has a long-term vision to become **"The Best Financial Institution in Southeast Asia"**. Bank Mandiri is committed to delivering the best customer service, recognized regionally, while maintaining its role as a catalyst for national economic growth.

To support this vision, Bank Mandiri has also established its mission: **"Providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level"**.

CORPORATE STRATEGY

CORPORATE STRATEGY

Currently, Bank Mandiri has developed its Long-Term Plan or Corporate Plan for the 2025–2029 period. In preparing this Corporate Plan, Bank Mandiri has taken into account the Final Draft of the National Long-Term Development Plan (RPJPN) 2025–2045 and the SOE Strategic Planning Guidelines 2024–2034. These guidelines aim to support the SOE Vision 2034 of "Building an Inclusive and Sustainable Growth of Indonesia's Future" and the Indonesia Emas 2045 vision. This SOE Vision has been translated into five priority formulations by the Ministry of SOEs: Economic and Social Value for Indonesia, Business Model Innovation, Technology Leadership, Investment Enhancement, and Talent Development. These priorities are aligned with the latest internal and external factors impacting the company's conditions.

The three main goals and strategies in the Corporate Plan 2025-2029 are:

a. Strengthen Core Competence

With its core competence in Wholesale Banking, Bank Mandiri aspires to become a benchmark for wholesale banks in Southeast Asia and reaffirm its position as the preferred bank for conglomerates, financial institutions, and government entities. Bank Mandiri aims to be the primary orchestrator of principal business ecosystems through a conglomerate approach supported by top-tier technology services and a global presence. Strengthening Bank Mandiri's position in the Wholesale segment will also drive growth in the Retail segment, leveraging the derivative business ecosystem (value chain) of Wholesale customers. For digital innovation, Bank Mandiri will integrate next-generation technology into Kopra, its digital platform, to create a competitive edge and solidify its status as the top choice for Wholesale customer transactions. Bank Mandiri will also enhance its global presence by optimizing the business model of its overseas offices.

b. Achieve Urban Leadership

In the retail segment, retail banking will focus on harnessing all retail business potential, both from conglomerate derivatives and regional ecosystems. Retail banking will act as an urban leader by providing integrated business solutions, driving regional economic growth, and promoting financial inclusion. In addition, wealth management, as a gate opener, will unlock and explore all retail business potential, both from conglomerate derivatives and regional ecosystems. To support this strategy, Bank Mandiri has prepared technology enhancements, thematic programs, and internal process improvements to deliver a one-stop solution tailored to the persona and lifestyle of each customer. Bank Mandiri will also collaborate with several key partners through partnerships and joint financing initiatives to enhance financial inclusion and optimally expand the Bank's business reach.

c. Extract Values from Subsidiaries

The aspiration for Bank Mandiri's subsidiaries is to become industry leaders contributing to the growth of Mandiri Group's business while complementing Bank Mandiri through financial services that go beyond conventional banking. Positioned as a Financial Conglomerate, Bank Mandiri no longer identifies solely as a bank but as a Financial Institution. Over the next five years, Bank Mandiri aims not only to remain the largest bank but also to become the largest financial institution in Southeast Asia. By adopting a conglomerate mindset, Bank Mandiri's subsidiaries play a significant role in realizing this aspiration, particularly in the financial aspect, emphasizing growth, profitability, and sustainability to achieve financial targets.

In the Corporate Plan 2025-2029, Bank Mandiri is also preparing enablers or other strategic bankwide support to achieve its business targets, including developing competent and high-quality business leaders (create business leaders), utilizing the latest technology to drive growth, efficiency, and operational excellence (game-changing technology & innovation), committing to supporting sustainable business practices to meet customer needs through green services and products (conduct sustainable business), and continuously undergoing risk management transformation in all aspects (robust risk strategy).

Moving forward, Bank Mandiri will continue to serve a vital role in supporting the development of key sectors in Indonesia's economy, including agriculture, manufacturing, downstream processing, healthcare, technology, and infrastructure. As a bank with significant strength in the corporate segment, Bank Mandiri is well-positioned to serve as a beacon for delivering banking solutions to both large domestic companies and foreign investors looking to enter Indonesia.

Moreover, Bank Mandiri has the opportunity to act as a driving force for financial inclusion across the country. By leveraging leading digital platforms such as Kopra, Livin', and Livin' Merchant, as well as its extensive network, Bank Mandiri can expand access to financial services to even the most remote areas. This approach will also foster broader public participation in the financial system. In addition, Bank Mandiri can strengthen its role in supporting entrepreneurship by providing funding, mentorship, and tailored financial services to meet the needs of entrepreneurs. These initiatives will help spur the growth of small and medium-sized enterprises, which form the

2024 STRATEGIC FOCUS

Bank Mandiri continues to enhance its business approach with a customer-oriented concept by offering customized and tailored products that meet the specific needs of customers, providing them with relevant and value-added experiences. In 2024, Bank Mandiri's business strategy is focused on accelerating growth across all potential sectors to solidify its dominance in the banking industry. To address challenges, seize opportunities, and compete effectively in the market, Bank Mandiri has strengthened and refined its strategy for 2024 by mastering four key elements:

1 Wholesale Acceleration, accelerating growth in the wholesale segment to dominate principal customer businesses and create opportunities for other segments within the derivative business ecosystem, including value chains spanning downstream segments to micro and individual levels. Mastery of the wholesale business is carried out comprehensively, from loans, CASA, transactions, as well as derivative products and businesses.

Mandiri, Kopra by Mandiri, and Smart Branch by Mandiri) to enhance and strengthen the transactional CASA base, maintain a low cost of funds, and increase fee-based income. Digital platform optimization spans from acquiring new customers to adding superior features that boost stickiness, ensuring that customers' operational funds at Bank Mandiri continue to grow.

2 Ecosystem-Driven Growth, accelerating growth in the retail segment through an ecosystem-based value chain approach by effectively executing all derivative business potentials from the wholesale segment. In addition, the retail segment will grow by focusing on key sectors in each region, leveraging digital platforms as an expanded acquisition channel.

4 Strengthen Group Synergy, enhancing synergy with all subsidiaries by aligning subsidiary strategies with the parent company's strategy to maximize business potential execution and strengthen the business ecosystem in an integrated manner. This is achieved through refining cross-selling strategies and streamlining business processes by leveraging technology, while prudently implementing the parent company's risk management principles.

3 Digital Platform Optimization, optimizing digital platforms (Livin' by Mandiri, Livin' Merchant by

These four strategic focuses for 2024 are key to Bank Mandiri's continued strong performance, enabling sustainable business growth.

FOCUS ON STRENGTHENING SUSTAINABLE BUSINESS

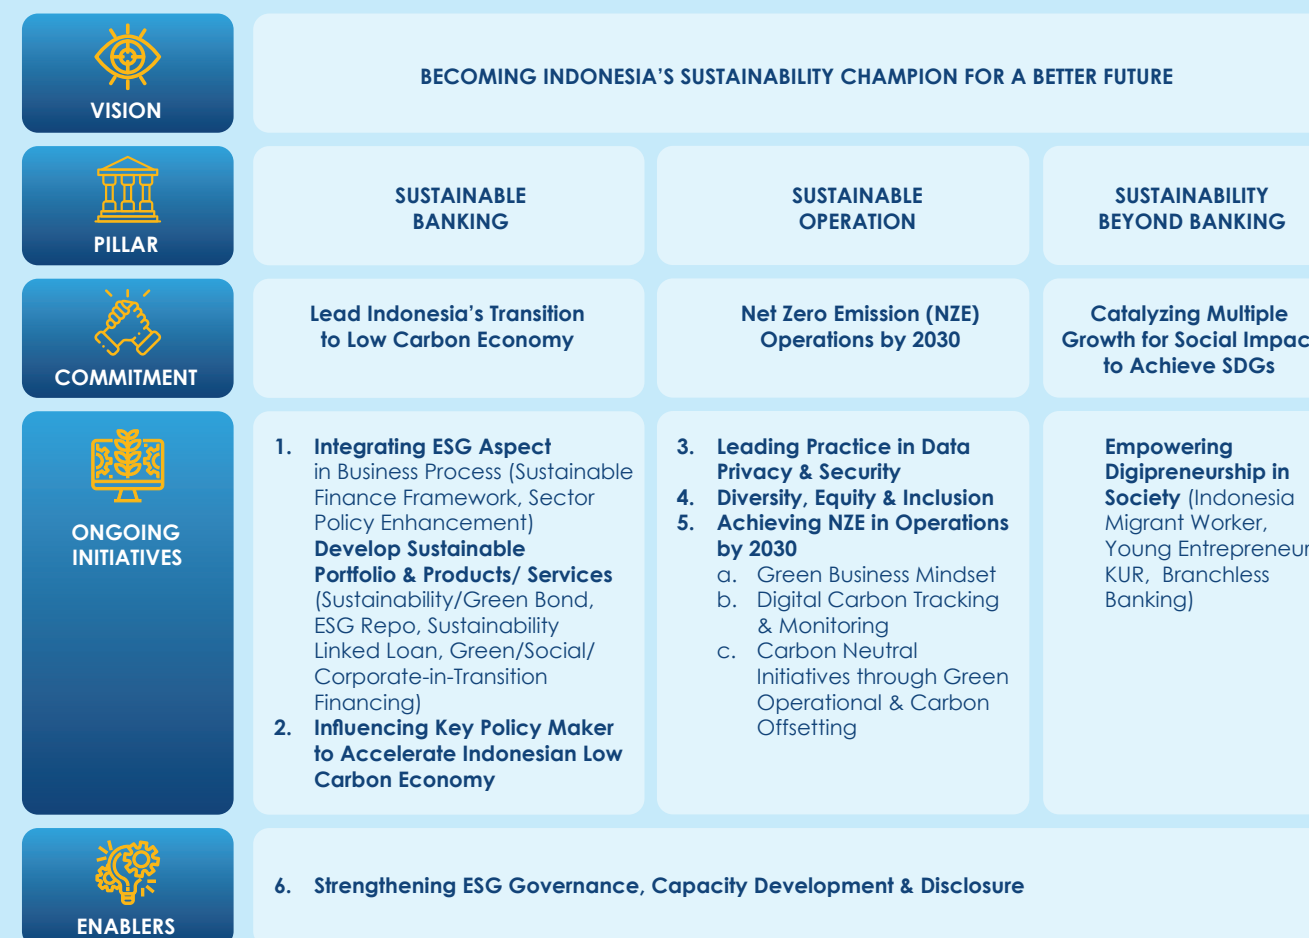

Bank Mandiri continues to demonstrate its commitment to strengthening sustainable business through a consistent ecosystem-based strategy and digitalization. This strategy has driven Bank Mandiri to achieve outstanding performance growth throughout 2024. Beyond the orientation toward financial gains, Bank Mandiri places significant emphasis on environmental, social, and governance (ESG) impacts. This commitment reflects the Bank's dedication to supporting the achievement of the Sustainable Development Goals (SDGs)

and the Enhanced Nationally Determined Contribution (ENDC) targets, paving the way for Indonesia's Net Zero Emission (NZE) goal by 2060 or earlier.

As part of its long-term efforts, Bank Mandiri has formulated its 2024–2028 sustainability strategy with the core aspiration of "Becoming Indonesia's Sustainability Champion for a Better Future." This aspiration is realized through three key objectives: Leading Indonesia's Transition to a Low-Carbon Economy, Achieving Net Zero Emission (NZE) Operations by

2030, and Catalyzing Multiple Growth for Social Impact to Achieve the SDGs.

To achieve this vision, Bank Mandiri has developed an ESG Framework consisting of three main pillars and eight strategic initiatives to be implemented during the 2024–2028 period. This framework is designed to support the integration of sustainability into all aspects of Bank Mandiri's operations and business activities, ensuring a significant impact on the environment, society, and the national economy.

CONSISTENT DIGITAL TRANSFORMATION

Throughout 2024, Bank Mandiri has been implementing a digital banking roadmap that continues to be refined to meet customer needs. This roadmap consists of five key components:

1. **Levelling Up Digital Readiness**, as the foundation for digital transformation, Bank Mandiri focuses on strengthening the reliability of its fundamental IT systems, including core banking improvements, business process re-engineering, high-performance infrastructure development, and more.
2. **Developing Digital Native Products**, Bank Mandiri develops digital-native banking services through various innovations, with customers at the center. The development of digital-native products ensures that the Bank can deliver fully end-to-end digital banking services.
3. **Modernizing Distribution Channels**, Bank Mandiri is modernizing its digital channels to enhance customer experience, improving both User Interface (UI) and User Experience (UX) while addressing diverse customer needs. This includes continuous development of Livin', Kopra, and Smart Branch.
4. **Digital Ecosystem Expansion**, Bank Mandiri is strengthening collaborations with third parties and strategic partners to enhance its digital ecosystem, expanding access for customers to seamlessly use Bank Mandiri's products and services across various channels.
5. **Data-Driven Decision-Making Process**, Bank Mandiri is optimizing data utilization to drive business growth. This includes leveraging artificial intelligence, visual analytics, robust data management governance, and data analytics. These efforts aim to support more accurate and sustainable business decision-making while generating long-term revenue sources.

ASSET QUALITY WELL MAINTAINED

Bank Mandiri has implemented an independent risk management framework aligned with regulations from the Financial Services Authority (OJK), Bank Indonesia, and international banking best practices. The Bank applies the concept of Enterprise Risk Management (ERM) as a comprehensive and integrated risk management strategy

tailored to its business and operational needs throughout 2024. The implementation of ERM provides added value to Bank Mandiri and its stakeholders.

Amid global economic uncertainty in 2024, Bank Mandiri consistently maintained strong asset quality. This is reflected in the bank-only gross

NPL position, which declined to 0.97% as of December 2024, down by 5 basis points (bps) from 1.02% in December 2023. This bank-only gross NPL level is also better than the banking industry (commercial banks), which stood at 2.19% as of November 2024. Meanwhile, the bank-only NPL coverage ratio at Bank Mandiri reached 304.07% in December 2024.

In addition, the improvement in Bank Mandiri's asset quality was also reflected in the decline of Loan at Risk (LaR) ratio. As of December 2024, Bank Mandiri's LaR ratio decreased by 194 bps to 6.81%. This improvement was also accompanied by a reduction in restructured loans, which declined from Rp78.2 trillion in December 2023 to Rp73.5 trillion in December 2024.

FEE-BASED INCOME GROWTH STRATEGY FOR 2024

In 2024, Bank Mandiri recorded consolidated Fee-Based Income (FBI) of Rp42.3 trillion, reflecting a year-on-year growth of 4.12%. On a bank-only basis, Bank Mandiri's FBI reached Rp31.6 trillion. This growth was driven by recurring FBI, which amounted to Rp16.2 trillion on a bank-only basis, grew by 14.0% yoy, primarily supported by fee income from digital banking platforms such as Livin', Kopra, and other e-channels.

Bank Mandiri's digitalization efforts served a significant role in achieving Fee-Based Income (FBI) in 2024. Livin' by Mandiri, a banking application that integrates all customer needs in one platform, recorded fee-based income of Rp2.6 trillion, grew by 20.7% yoy. This growth aligned with the increase in Livin' transaction value, which reached Rp4,027 trillion, driven by 29.3 million users, representing a 29.1% yoy growth in user numbers. Currently, Bank Mandiri has introduced four pioneering features in the industry through Livin' by Mandiri. Livin' Auto offers an end-to-end vehicle

purchasing service for various leading brands, allowing customers to browse vehicles, receive loan approval within just 30 minutes, and have the vehicle delivered to their doorstep. In collaboration with Mandiri Sekuritas, Livin' now enables users to buy, sell, and manage their stock portfolios directly within the app. Livin' also enhances the customer experience through artificial intelligence, providing more tailored and intuitive banking interactions. Additionally, the loyalty feature offers seamless collection and redemption of Livin' points, providing added value to users. Going forward, Livin' by Mandiri will continue to innovate to maintain its leadership in the digital banking space.

On the other hand, Bank Mandiri introduced Kopra by Mandiri, a digital single access platform that serves as the central hub for financial information and transactions for business communities in the Wholesale segment and its end-to-end ecosystem. In 2024, Bank Mandiri recorded fee-based income from Kopra amounting

to Rp2.4 trillion, reflecting a year-on-year growth of 9.33%. This revenue growth was driven by the increase in Kopra's digital transaction value, which reached Rp22,703 trillion from 1.312 billion transactions.

Bank Mandiri also provides holistic treasury solutions for customers, addressing investment, structured funding, and hedging needs through product development and enhanced customer experience. The Bank continues to intensify trade product offerings for anchor customers in the Corporate and Commercial segments through the Value Chain. To drive trade BG revenue growth, Bank Mandiri focuses on targeted intensification efforts for existing customers by setting up facility limits, offering special transaction rates, and providing more efficient transaction solutions.

Going forward, Bank Mandiri remains committed to delivering the best banking services to ensure continued growth in fee-based income, particularly recurring fees.

RESPONSE TO CHANGES IN MONETARY POLICY DIRECTION

The Bank Indonesia Board of Governors Meeting (RDG) on December 17–18, 2024, decided to maintain the BI-Rate at 6.00 percent, the Deposit Facility rate at 5.25 percent, and the Lending Facility rate at 6.75 percent. This decision aligns with the monetary policy direction to ensure inflation remains within the 2.5±1 percent target range for 2024 and 2025, while supporting sustainable economic growth. The monetary policy focus is directed at strengthening Rupiah stability amid rising global economic uncertainty due to U.S. policy direction and escalating geopolitical tensions in various regions. Going forward, Bank Indonesia will continue to closely monitor Rupiah exchange rate movements, inflation outlook, and evolving economic conditions in assessing the

potential for further policy rate adjustments. Meanwhile, macroprudential and payment system policies remain focused on supporting sustainable economic growth. A loose macroprudential policy stance continues to be implemented to encourage bank lending and financing to priority growth sectors and job creation, including MSMEs and the green economy. This is supported by the strengthening of the Macroprudential Liquidity Incentive Policy (KLM) strategy starting in January 2025, while maintaining prudential principles. Payment system policies are also directed at promoting growth, particularly in the trade and MSME sectors, by enhancing the reliability of payment system infrastructure and industry structure, as well as expanding the adoption of digital payment systems.

Amid a relatively stable benchmark interest rate with a downward trend until November 2024, Bank Mandiri's Prime Lending Rate (SBDK) as of December 2024 posted an increase compared to December 2023. The prime lending rate for Corporate Loans rose to 8.50%, Micro Loans increased to 13.50%, Mortgage Loans (KPR) climbed to 12.50%, and Non-Mortgage Consumer Loans reached 12.00%. This increase was driven by adjustments in response to the implementation of POJK No. 13 of 2024 regarding interest rate transparency, which led to changes in the calculation methodology and figures for SBDK starting in November 2024. Apart from this adjustment, Bank Mandiri remains in a position to maintain its existing SBDK.

Interest Rate Benchmark	Bank Indonesia		Basic Rupiah Lending Rate	Bank Mandiri	
	October 2024	December 2023		September 2024	December 2023
BI-Rate	5.75%	6.00%	Corporation	8.50%	8.05%
Deposit Facility	5.00%	5.25%	Retail	N/A	8.30%
Loan Facility	6.50%	6.75%	Micro	13.50%	11.30%
			Mortgage	12.50%	7.30%
			Non-Mortgage	12.00%	8.80%

RESPONSE TO CHANGES IN MONETARY POLICY DIRECTION

The direction of the monetary, macroprudential, and payment system policy mix to maintain stability and support sustainable economic growth is reinforced by the following policy measures:

1. Strengthening a pro-market monetary operation strategy to enhance the effectiveness of monetary policy transmission, accelerate the deepening of the money market and foreign exchange market, and encourage capital inflows by:
 - a. optimizing Bank Indonesia Rupiah Securities (SRBI), Bank Indonesia Foreign Exchange Securities (SVBI), and Bank Indonesia Foreign Exchange Sukuk (SUVBI) as pro-market monetary instruments;
 - b. strengthening the interest rate structure of monetary instruments to attract foreign portfolio inflows into domestic financial assets;
 - c. enhancing term-repo and foreign exchange swap transaction strategies; and
 - d. Strengthening the role of Primary Dealers (PDs) to increase SRBI transactions in the secondary market and repurchase agreement (repo) transactions among market participants.
2. Strengthening the Rupiah exchange rate stabilization strategy through foreign exchange market interventions in spot transactions, Domestic Non-Deliverable Forward (DNDF), and government securities (SBN) in the secondary market.
3. Enhancing the publication of the Prime Lending Rate (SBDK) transparency assessment by providing deeper insights into lending rates based on priority sectors covered under the KLM (Annex).

4. Expanding BI-FAST services to include bulk transfer, request for payment, and direct debit transfer to meet public needs for fast, easy, affordable, secure, and reliable economic and financial transactions, effective from 21 December 2024.
5. Strengthening strategies to ensure the availability and efficient operation of the payment system across all regions of the Republic of Indonesia to meet public needs during the 2024 Christmas and New Year (Nataru) period, including the implementation of Semarak Rupiah di Hari Natal Penuh Damai (SERUNAI) from December 15–20, 2024.

Bank Indonesia continues to strengthen policy coordination with the government to maintain stability and support economic growth. Coordination between monetary and fiscal policies is being reinforced to ensure macroeconomic stability and sustain economic growth momentum. Bank Indonesia is also enhancing policy synergy with the Financial System Stability Committee (KSSK) to safeguard financial system stability and drive bank lending and financing for businesses. Policy coordination with both central and regional governments is implemented through the National Movement for Food Inflation Control (GNPIP) in various regions under the Central and Regional Inflation Control Teams (TPIP and TPID). In addition, Bank Indonesia is expanding international cooperation in central banking, including payment system connectivity and local currency transactions, as well as facilitating investment and trade promotion in priority sectors in collaboration with relevant institutions.

STRATEGIC FOCUS FOR 2025

In 2025, Bank Mandiri will focus on dominating transactions in principals, merchants, and individuals to secure solid low-cost funding, thereby ensuring strong liquidity to maintain its position as the biggest lender, including expanding its presence in the government sector by supporting new government programs. To achieve these Strategic Objectives, the Bank will develop Leaders with the capacity to act as "ecosystem orchestrators," capable of coordinating the entire business ecosystem for customers. Consequently, the strategic focus theme for 2025 will emphasize **Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem**, encapsulated in three Strategic Objectives for the year:

1. To be the **"Main Transaction Bank"** for both Wholesale and Retail customers, where Bank Mandiri will dominate the transaction market by providing high-quality products and services supported by a strong relationship management framework for principals, merchants, and individuals.
2. To be a leader in low-cost funding, becoming the **"Leader in Low-Cost Funding."** As the preferred bank for transactions, Bank Mandiri aims to become the primary operational account provider for its customers. Furthermore, the Bank seeks to acquire and retain customers who value quality service and long-term relationships rather than focusing solely on pricing.
3. To be the **"Largest Lender"** in Wholesale and Retail credit within an ecosystem-based framework, maintaining an optimal yield level. With access to low-cost funding, Bank Mandiri can expand its credit portfolio and strengthen its position as the leading lender in the market while minimizing pressure on the NIM.

To achieve these objectives, Bank Mandiri has formulated strategic pillars derived from the Corporate Plan 2025–2029 strategies, which include:

1. **Solidify Wholesale Dominance to Uphold Market Leadership**, strengthening Bank Mandiri's position as a market leader in the wholesale segment by consistently driving wholesale credit growth above the industry average and maintaining its market share. Enhancing the Bank's presence in the wholesale segment also expands the customer ecosystem base, which in turn becomes a source of growth for the retail segment. Moreover, complete domination of the wholesale business is pursued by driving growth in transactional demand deposits through increased transactional float.
2. **Orchestrate Captive Ecosystem to Scale Up the Retail Business**, leveraging the full potential of the retail value chain from the captive ecosystem of wholesale customers and increasing Bank Mandiri's market share in every region by mastering territorial control. Additionally, retail banking will serve as an urban leader by offering integrated business solutions, acting as a key driver of regional economic growth and financial inclusion. In terms of fund collection, retail banking will focus on retail transaction services to boost market share in savings accounts and merchant transactions.
3. **Intensify Subsidiaries Synergy to Expand Growth Pathways**, Bank Mandiri also emphasizes creating strong synergy among the entities within the Mandiri Group. The goal of this integration is to build a more efficient, innovative, and leading financial conglomerate. The synergy between business units is expected to enhance shareholder value and provide broader societal benefits by offering more integrated products and services that create a holistic and resilient financial ecosystem.

BUSINESS OUTLOOK

BUSINESS OUTLOOK

The global economy in 2025 will continue to face rising risks and uncertainties. This is in line with economic recovery in advanced economies, which remains overshadowed by disinflation, ongoing geopolitical tensions in the Middle East, and geo-economic and trade fragmentation that require careful monitoring. These challenges highlight the increasing importance of inflation control, fiscal consolidation, monetary and fiscal policy coordination, and policy communication to strengthen macroeconomic stability and support economic growth. The IMF, in its World Economic Outlook released in October 2024, projects that global economic growth in 2025 will remain stable at 3.2%, the same as the estimated figure for 2024.

Although geopolitical tensions remain a factor to watch, the trend of declining policy interest rates in advanced economies, particularly in the United States, is expected to continue. To maintain stability and support economic growth, policy responses to mitigate global spillover effects will require careful consideration by stakeholders, particularly in encouraging foreign capital inflows and strengthening exchange rate stability.

Amid global risk dynamics, Indonesia's economy is projected to remain strong. Domestic economic growth in 2025 is expected to exceed 5% (yoy), continuing the positive performance seen in 2024, driven by household consumption and investment. Household consumption remains stable, particularly among the upper-middle class. Investment continues to grow in line with the completion of various National Strategic Projects (PSN), including the development of the new capital, Ibu Kota Nusantara (IKN). Non-oil and gas exports are also expected to improve, supported by growth in the manufacturing and mining sectors.

Going forward, Indonesia's economic activity is projected to continue expanding, with an estimated growth of 5.2% (yoy) in 2025. However, this growth must be supported by strengthening domestic demand and structural reforms aimed at increasing productivity and enhancing the

economic growth structure, particularly in sectors that create jobs and generate high added value.

The stability of the national financial services sector in 2025 is also expected to remain well-maintained amid monetary policy easing, supported by strong capital, adequate liquidity, manageable risk profiles, and positive growth in the financial services sector. The performance of the national banking industry is also projected to remain stable, backed by a strong capital adequacy ratio (CAR), a positive trend in intermediation performance, and moderate growth in third-party funds (DPK) collection.

Given these conditions, Bank Mandiri remains confident and optimistic about its sustainable performance growth in 2025. The bank continues to refine its strategies consistently to transform challenges into opportunities while effectively mitigating risks.

To maintain profitability amid global and national challenges, Bank Mandiri continues to manage its cost of funds by driving CASA growth and selectively repricing loans, ensuring that its Net Interest Margin (NIM) remains at an optimal level in 2025. As of December 2024, CASA composition remained stable at 74.83%, supported by the growth of current and savings

accounts. This was achieved through both new customer acquisitions and deeper ecosystem engagement, leveraging the optimization of platforms such as Kopra, Livin', and Livin' Merchant.

In addition to Bank Mandiri's solid performance throughout 2024, the positive signal of a declining benchmark interest rate is expected to further boost the Bank's loan disbursement in 2025. Anticipating the downward trend in interest rates that began in early Q4 2024, Bank Mandiri remains committed to its growth strategy in 2025. This includes focusing on strengthening its dominance in its principal business (Wholesale), driving growth through ecosystem-driven expansion, and enhancing key regional sectors in the retail segment to build a higher-quality loan portfolio. Furthermore, with the inauguration of Indonesia's new President, Prabowo Subianto, the national economy is expected to accelerate, generating a multiplier effect from increased consumption to credit expansion.

Meanwhile, in terms of increasing third-party fund collection, Bank Mandiri focuses on becoming a financial partner for its customers by providing comprehensive financial solutions through the optimization of digital platforms and leveraging its extensive network across Indonesia.

Projections of Indonesia's Economy & Banking Industry in 2025

Description	IMF	World Bank	OECD	ADB	Government	Bank Indonesia	OJK
GDP	5.1%	5.1%	5.2%	5.0%	5.2%	4.8% - 5.6%	-
Inflation	2.5%	2.9%	2.5% ± 1%	2.8%	2.5%	2.5% ± 1%	-
Bank Loans	-	-	-	-	-	10% - 12%	-

MARKETING ASPECT

MARKETING ASPECT

To meet the increasingly diverse needs and preferences of its customers, Bank Mandiri has implemented both short-term and long-term business strategies. One key component of this approach is its marketing strategy, which is designed to reach and serve customers with the bank's superior products and services. This strategy also supports Bank Mandiri in achieving its targets and strengthening its market share in the national banking industry over time.

MARKETING STRATEGY

Bank Mandiri focuses on market potential and opportunities while closely monitoring market challenges and developments in digital technology. In addition, the bank continues to innovate in the development of financial products and services to meet customer needs across both wholesale and retail segments.

The development of Bank Mandiri's products and services is based on a holistic marketing strategy. This strategy aims to enhance customer understanding of banking products and services, strengthen customer loyalty, and drive new customer acquisition by creating a positive customer experience.

A positive customer experience can be shaped through several aspects of brand building, including the following:

- 1. Perceived Ease of Use**
Promoting a sense of comfort in using Bank Mandiri's products. This is supported by the ease of access to these products and services.
- 2. Perceived Usefulness**
Highlighting the features of Bank Mandiri's products and services that cater to customers' evolving financial needs, anytime and anywhere.
- 3. All-In-One Ecosystem**
Through an all-encompassing ecosystem, Bank Mandiri offers a fully integrated range of services that comprehensively support both lifestyle and financial needs.
- 4. Building Connection That Mandiri Elevates My Living Norm**
More than just banking, Bank Mandiri not only fulfills customers' financial needs but also enhances their living standards, positioning itself as a sustainable bank and an agent of development for Indonesia.
- 5. Always Here for You!**
Growing together with customers. Providing the best for customers will always be Bank Mandiri's top priority and core identity. Bank Mandiri is committed to supporting customers as they grow and succeed together.

Bank Mandiri believes that there is significant potential for expanding and marketing digital banking services in Indonesia. Therefore, the Bank optimizes its marketing efforts through engaging and relevant campaigns and promotions across its official social media channels. Bank Mandiri strives to maximize the effectiveness and efficiency of all its communication channels.

The use of conventional and digital media is adjusted proportionally. Digital media utilization, including social media, online publishers, search engine optimization, key opinion leader partnerships, and messaging platforms such as WhatsApp, accounts for 65%. Conventional media, such as print advertisements in newspapers, television and radio commercials, outdoor media, and other traditional channels, contribute the remaining 35%. The Bank's social media presence across Instagram, Facebook, Twitter, YouTube, and TikTok plays a significant role in its marketing strategy.

In addition, Bank Mandiri actively drives digital transformation through collaborations and synergies with various partners to expand its digital ecosystem. This transformation aims to continuously provide greater value to customers across all segments while making a positive impact on the broader economy.

MARKET SHARE

As of December 2024, Bank Mandiri was able to maintain its financial performance growth above the average of the banking industry (commercial banks). This is reflected in Bank Mandiri's annual growth in assets, loans, deposits, and CASA, which grew by 11.61%, 19.49%, 7.73%, and 8.50% (yoy) respectively as of December 2024. The growth in these four key performance indicators of Bank Mandiri has driven an increase in their respective market shares within the industry. Below is a chart showing the market share trends of Bank Mandiri's assets, loans, deposits, and CASA against the banking industry (commercial banks) over the past three years:

BMRI SHARE PERFORMANCE 2024

Since the onset of the Covid-19 pandemic in 2020, Bank Mandiri and the national banking sector have demonstrated resilience, achieving significant growth and investor appreciation. Bank Mandiri consistently delivered the best stock performance from 2021 to 2023. In 2024, the Bank continued its positive momentum, reaching an all-time high share price. However, global and domestic challenges toward the end of the year led to a -6% YTD correction. Global challenges included expectations of

high interest rates, a strengthening USD, and geopolitical tensions, while domestic challenges involved tight liquidity, rising LDR, and economic uncertainties. Despite these obstacles, Bank Mandiri remains committed to strengthening its fundamentals, maintaining investor confidence, and driving sustainable growth. In 2025, Bank Mandiri's primary focus will be on digital innovation, prudent risk management, and strategic execution to solidify its position as a leader in the national banking sector.

BUSINESS REVIEW

Throughout 2024, Indonesia's economy demonstrated solid resilience and sustainable growth despite facing the challenges of a highly uncertain global economic landscape. Key factors such as the recovery of domestic consumption, stability in the financial sector, and supportive fiscal and accommodative monetary policies were the main drivers of this positive performance.

BUSINESS REVIEW

BUSINESS REVIEW

Throughout 2024, Indonesia's economy recorded a positive growth rate of 5.03% year-on-year (yoy), reflecting strong resilience amid external pressures, including commodity price volatility and adjustments in global interest rate policies. This economic performance was among the best in Emerging Market Economies (EMEs), supported by maintained macroeconomic stability.

The Indonesian banking sector also demonstrated positive performance despite facing both global and domestic challenges. Loan disbursement to third parties by national commercial banks grew by 10.4% (yoy), reaching Rp7,826.9 trillion as of December 2024. This double-digit growth was primarily driven by Investment

Loans, which increased by 13.6% (yoy), followed by Consumer Loans at 10.6% (yoy) and Working Capital Loans at 8.35% (yoy).

The strong intermediation performance was balanced by maintained credit quality, with the gross Non-Performing Loan (NPL) ratio recorded at 2.08% as of December 2024. The Loan at Risk (LaR) ratio also showed a declining trend, reaching 9.28% in December 2024, which is below the pre-pandemic level of 9.93% in December 2019.

In terms of Third-Party Funds (TPF) in the national banking sector (commercial banks), total TPF reached Rp8,837.2 trillion in December 2024, reflecting a (yoy) growth of 4.48%. This growth was driven

by current accounts, savings, and time deposits, which increased by 3.34%, 6.78%, and 3.50% (yoy), respectively.

The solid performance of the domestic economy and commercial banks throughout 2024 had a positive impact on Bank Mandiri's performance. Bank Mandiri continued to demonstrate a strong commitment to supporting sustainable national economic growth, as reflected in its financial achievements and effective asset management, which showed overall improvement through the fourth quarter of 2024.

Bank Mandiri's consolidated loan disbursement recorded a growth of 19.5% (yoy) to Rp1,670.5 trillion as of December 2024. This growth

was primarily driven by the Wholesale segment, which remains Bank Mandiri's core business and achieved a significant 25.5% (yoy) increase. The Bank successfully maintained a balanced approach, as reflected in its strong asset quality. On a bank-only basis, Bank Mandiri's gross Non-Performing Loan (NPL) ratio stood at 0.97%, marking a 5-basis point (bps) decline year-on-year.

In terms of segmental growth, Bank Mandiri's largest loan expansion was driven by the corporate segment, which recorded a growth of 26.7% (yoy) to Rp620.5 trillion by the end of the fourth quarter of 2024. Meanwhile, in the retail segment, loan growth was primarily supported by the expansion in the productive micro and Small Medium Enterprise (SME) segments, which grew by 9.63% (yoy) and 13.21% (yoy), respectively, as of December 2024.

In terms of fund collection, Bank Mandiri's consolidated Third-Party Funds grew by 7.73% (yoy) to Rp1,698.9 trillion in the fourth quarter of 2024. This increase was supported by savings growth of 13.4% (yoy) to Rp665.45 trillion and current accounts, which grew by 3.60% (yoy) to Rp606.77 trillion. The expansion in business volume contributed to Bank Mandiri's net profit achievement, which reached Rp55.78 trillion, reflecting a year-on-year growth of 1.31% in 2024.

Bank Mandiri's solid performance growth is driven by its ongoing digital transformation, with a strong focus on innovation to deliver the best services for customers. Through a series of innovations introduced throughout the year, Livin' by Mandiri achieved significant user growth, increasing by 29.1% (yoy) to 29.3 million users as of December 2024. Meanwhile, transaction frequency on Livin' by Mandiri reached 3,879 million transactions, marking a 38% (yoy) growth, while transaction value surged to Rp4,027 trillion, reflecting a 23% (yoy) increase.

This strong performance is the result of continuous innovation launched throughout 2024. Bank Mandiri remains optimistic that the expansion of its digital ecosystem will continue to grow through a series of innovations. One key initiative was the introduction of a new Livin' interface and the launch of Livin' Loyalty, enabling customers to accumulate Livin' Points and access stock investment features. This innovation is part of Bank Mandiri's strategy to position Livin' by Mandiri as a beyond superapp, offering customers a more seamless, faster, and personalized banking experience.

During the same period, the Wholesale Digital Super Platform Kopra by Mandiri successfully managed 1,312 million transactions, reflecting a growth of 21.0% (yoy),

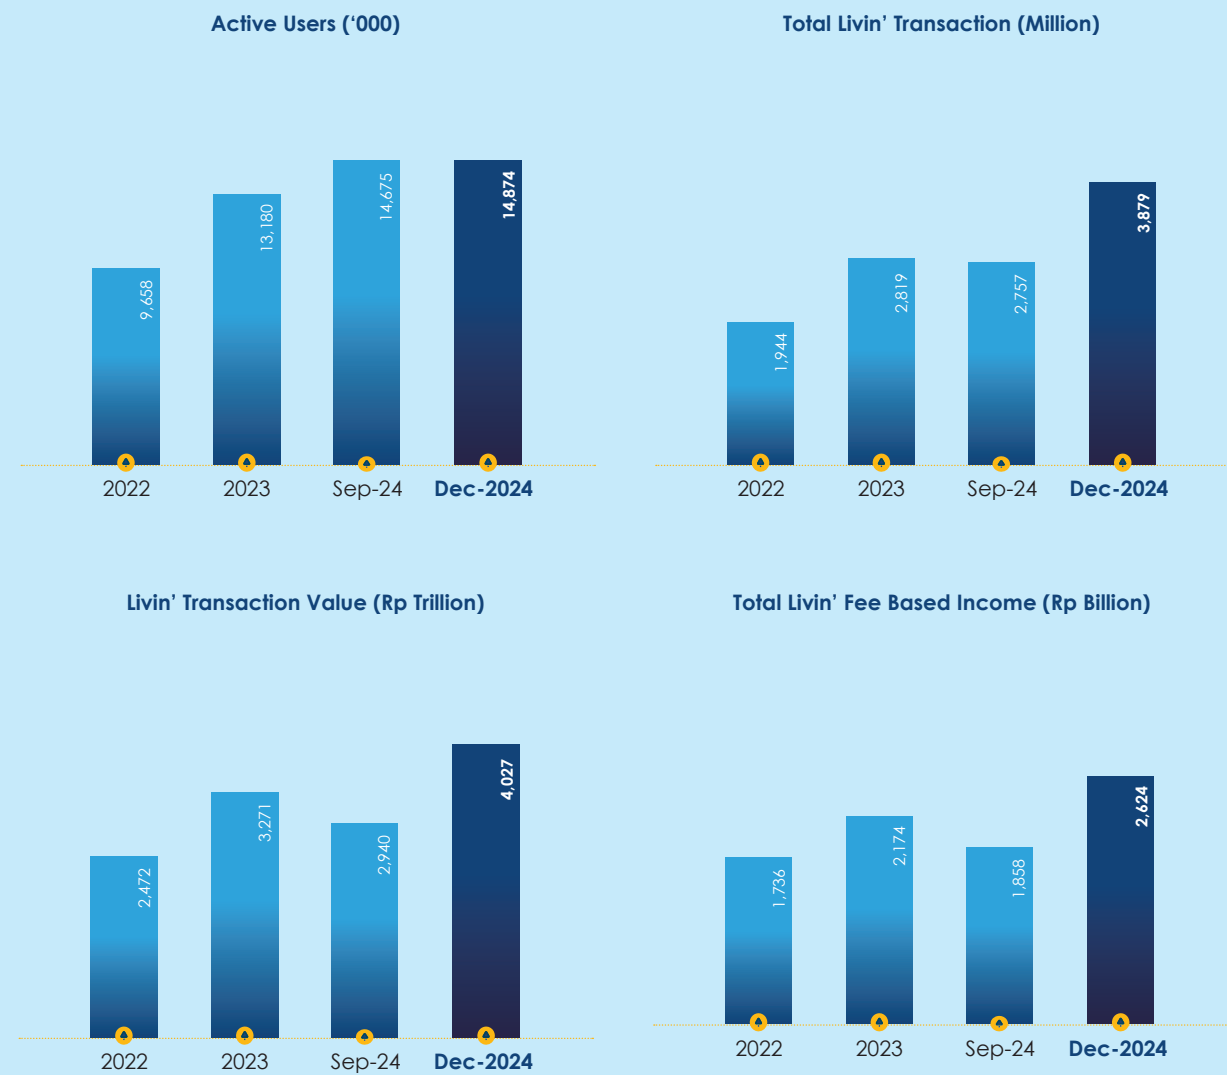

with transaction value reaching Rp22,703 trillion, an increase of 16.7% (yoy). This comprehensive digital platform enables businesses to conduct transactions anytime and anywhere, catering to various business segments, from corporations to SMEs. As of December 2024, Kopra by Mandiri had more than 249,000 users.

Kopra by Mandiri has been further enhanced to provide a significantly improved user experience while maintaining its three core functions: cash management, value chain, and trade, all accessible through a single sign-on. The platform now features a personalized management dashboard, customizable to business needs, along with various additional digital transaction features. As a bank with core competence in wholesale banking and a unique all-rounder ecosystem, Bank Mandiri remains focused on meeting the banking needs of business players, particularly in the corporate segment.

DIGITAL BANKING

DIGITAL BANKING

KEY HIGHLIGHTS

Bank Mandiri's solid performance growth is inseparable from the ongoing digital transformation, with a focus on innovation to deliver the best services to customers. These innovations are part of Bank Mandiri's efforts to position Livin' by Mandiri as a beyond superapp, enabling customers to enjoy a more seamless, faster, and personalized banking experience.

Livin' Merchant has also become increasingly comprehensive in providing digital solutions designed to simplify entrepreneurs' business management through a single app. This effort aligns with Livin' Merchant's mission to become "The Most Preferred Apps for Small, Micro, and Medium Enterprises (MSME) Merchant."

Kopra by Mandiri has now been refined to offer users a significantly enhanced experience while maintaining its three main functions: Cash Management, Value Chain, and Trade, all accessible through single sign-on. Kopra by Mandiri also features a personalized management dashboard tailored to business needs, along with a variety of additional digital transaction features.

DIGITAL BANKING STRATEGY & INNOVATION IN 2024

As part of its strategy to strengthen digital banking in 2024, Bank Mandiri remains committed to enhancing the features of its flagship financial super app Livin' by Mandiri, Livin' Merchant, and the Super Platform Kopra by Mandiri. The following outlines Bank Mandiri's digital banking strategies for the Wholesale and Retail segments in 2024:

For the Livin' by Mandiri super app, several new innovations introduced in 2024 are as follows:

1. Introducing a refreshed Livin' by Mandiri interface tailored to each customer's habits and preferences, providing a seamless, more intuitive, and personalized transaction experience.

2. Launching the ability to open accounts using passports as a way to expand reach into previously untapped customer segments.
3. Expanding currency options and offering cross-border QR Payments, including multicurrency debit and tap-to-pay capabilities to simplify transactions abroad.
4. Enhancing the digital lending journey on Livin' by Mandiri, enabling customers to access various loans such as credit cards, personal loans, paylater services, home mortgages, and Livin' Auto for vehicle financing.
5. Adding stock trading capabilities to broaden customer investment options within Livin' by Mandiri.
6. Introducing Livin' Loyalty, a loyalty program offering easy-to-earn, check, and redeem points to boost customer engagement with Livin'.

Bank Mandiri continues to innovate beyond Livin', helping business owners improve service and streamline operations through Livin' Merchant. Key initiatives include:

1. Introducing account creation options for both individuals and business entities, with capabilities for managing multiple business branches to broaden the service reach to larger-scale enterprises.
2. Delivering end-to-end solutions tailored to the food and beverage sector, including QR Table Ordering for order placement, methods for simplifying order presentation with open and close bill systems, dine-in and takeaway options, order receipt printing, and kitchen checker features to enhance outlet efficiency.
3. Enabling customers to self-order through kiosks located in various food areas, offering a wide range of merchant choices.
4. Expanding payment acceptance options to include debit and credit cards via a card dongle.
5. Introducing store stock ordering features where payments can be directly routed to Livin' by Mandiri, with capabilities to track orders and access short-term funding options to facilitate stock purchases.

These innovations underscore Bank Mandiri's commitment to delivering sophisticated financial solutions that remain relevant and closely aligned with customer needs.

Meanwhile, Kopra by Mandiri has strengthened its platform through the following innovations:

1. Customers are able to seamlessly complete the onboarding process independently with clear and intuitive guidance.
2. The dashboard display is designed to be customizable, aligning with customers' specific needs. Additionally, the cash flow

forecasting feature supports strategic financial decision-making and future financial planning.

3. Transfers to multiple accounts can be executed without the need to contact a branch or relationship manager. Recurring payments are also more efficient with the Save as Favorite and template features.
4. Enhancing payment convenience with the Pay Bill Again feature, which facilitates recurring payments. Additionally, it supports customers' needs for processing bulk payments efficiently.
5. Introducing an innovative solution for electronic invoice creation and delivery within the collection feature, enabling seamless and efficient payment management. This is further supported by the Bill Reminder, which sends automated billing notifications directly to Kopra or Livin' for business partners. Additionally, it includes a virtual account (VA) dashboard, allowing real-time VA bill reconciliation for greater accuracy and efficiency.
6. Providing a comprehensive liquidity management solution through cash concentration, complemented by an intuitive visual guide to enhance the customer experience in designing liquidity schemes.
7. Enabling suppliers to accelerate invoice payment receipt through the supplier financing solution, which can be accessed directly via the supplier's Kopra or Livin' platform.
8. Delivering a seamless and efficient trade transaction experience with a simplified form, supported by tooltips and validation to guide each step. Kopra Trade also provides real-time notifications for Bank Guarantee issuance, ensuring immediate information delivery to beneficiaries.

The implementation of this digital banking strategy has been realized in 2024.

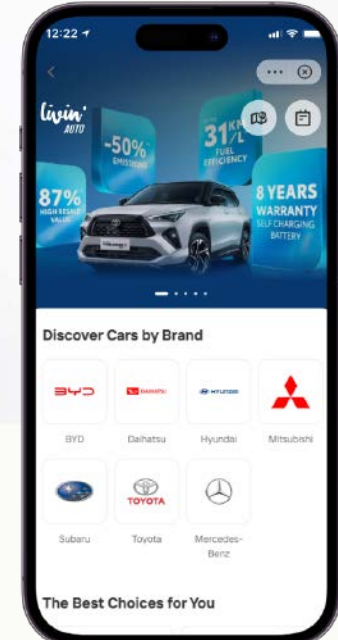

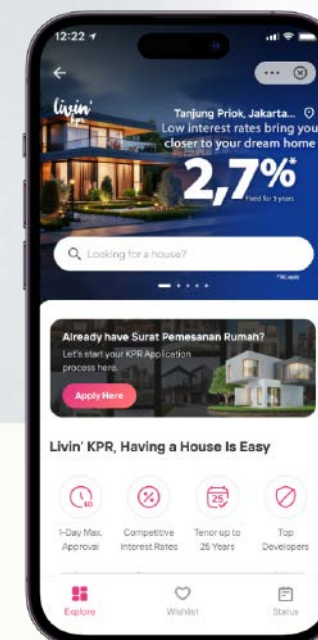

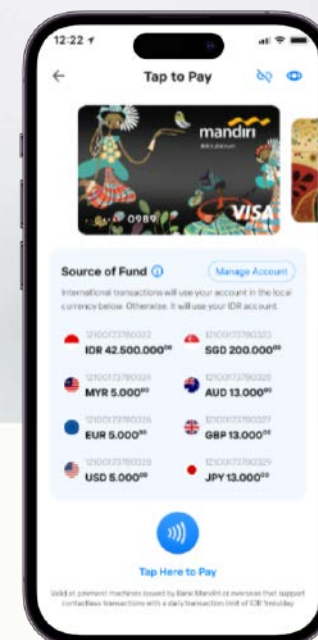

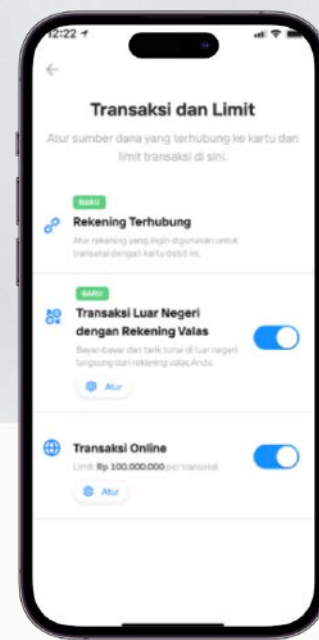

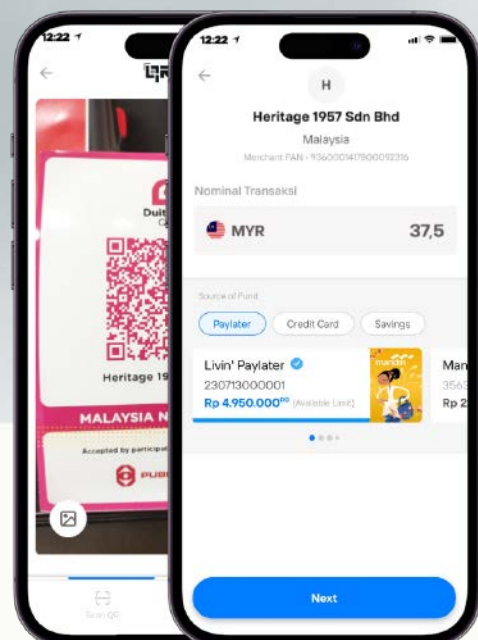

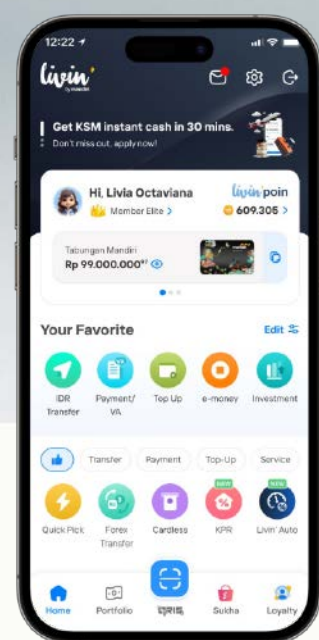

DIGITAL BANKING

DIGITAL BANKING

DIGITAL BANKING – RETAIL SEGMENT

Throughout 2024, Bank Mandiri continuously introduced innovations by rolling out new and enhanced features on its Livin' by Mandiri super app, including:

- 1 Introducing a new **personalized interface** tailored to the habits and preferences of each Livin' by Mandiri customer, enhancing their transaction experience by making it more convenient and comfortable.
- 2 **QR Payment Cross Border**, a cross-border QR code-based payment feature, enables international transactions without currency exchange. Using the QRIS Antar Negara feature in Livin' by Mandiri, customers can conduct cross-border transactions via QR code without needing to exchange currencies while shopping abroad.
- 3 **Multicurrency debit** allows international debit card transactions to be debited from foreign currency accounts in the transaction currency, eliminating conversion fees. This activity can be managed directly from the card details menu in Livin' by Mandiri.
- 4 **Tap-to-pay multicurrency** offers a simple way for customers to make payments from foreign currency accounts by tapping their phone on payment terminals. This feature can be activated directly through Livin' by Mandiri.
- 5 **Livin' KPR** (Mortgage Loan) provides a range of features related to property purchases via mortgage loans, including property showcases, mortgage simulations, scheduling appointments with bank officers, and submitting and tracking mortgage applications.
- 6 **Livin' Auto** delivers end-to-end financing services for vehicle purchases. Customers can apply for loans processed by financing companies partnered with Bank Mandiri. Livin' Auto offers a variety of features, including a wide selection of vehicles, credit simulations, simple application processes, and attractive offers, all integrated within one application.

DIGITAL BANKING

DIGITAL BANKING

In addition to Livin' by Mandiri, Livin' Merchant also introduced several new features, including:

7

The **stock trading** feature represents a collaboration between Bank Mandiri and Mandiri Sekuritas, enabling customers to buy and sell stocks via Livin' by Mandiri. This feature allows customers to monitor investment portfolios, access stock market information, and conduct transactions anytime and anywhere.

8

Livin' Loyalty is a loyalty program offering reward points earned from average savings balances and or various customer transactions, such as payments made with Mandiri debit or credit cards on EDC machines, and transactions through Livin' by Mandiri.

1

A **registration** feature dedicated to business entity merchants, enabling non-individual businesses to benefit from Livin' Merchant services.

2

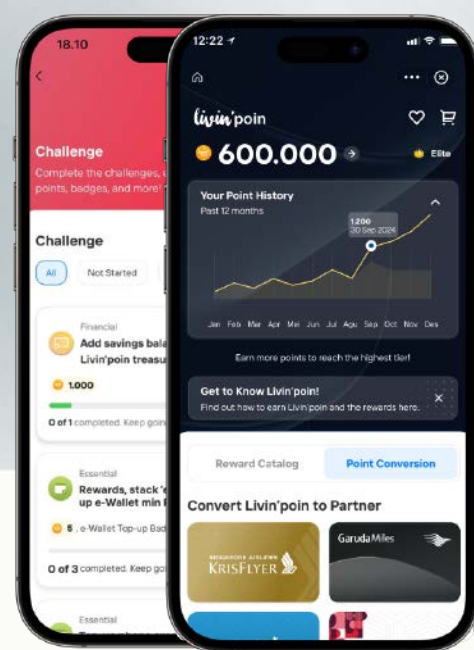

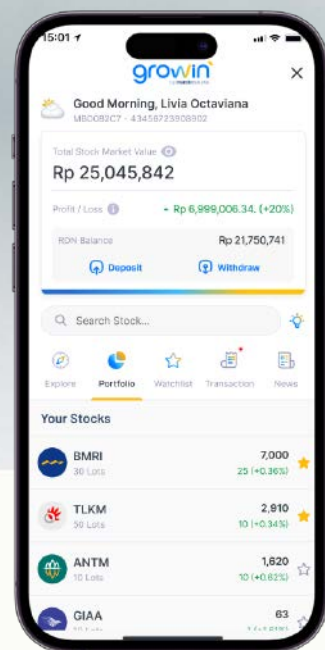

A **multi-outlet** feature allowing business owners to manage multiple outlet branches in one application, including adding outlets, assigning employees to each outlet, setting staxes and service charges, and overseeing financial reports from all outlets.

3

A **bulk product upload feature and additional variant options** that simplify inventory and product management for merchants.

4

A **Table QR** feature that displays a menu and enables customers to place orders directly from their mobile phones by scanning the QR code.

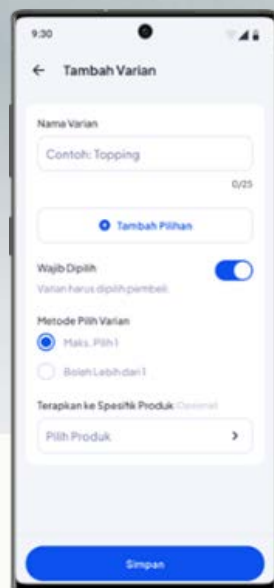

DIGITAL BANKING

DIGITAL BANKING

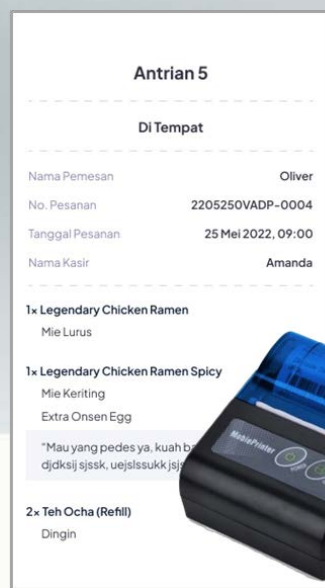

5

A **presentation method** feature that allows merchants to offer customers a choice of open or closed billing systems, as well as dine-in and take-away options.

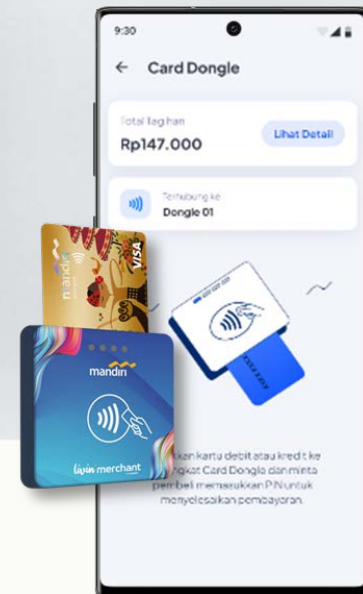

6

Integrated order information for printing order receipts and providing kitchen checkers, enhancing the efficiency of outlet operations.

7

A **card dongle** device for accepting debit and credit card payments, where customers can insert or tap their card on the provided device.

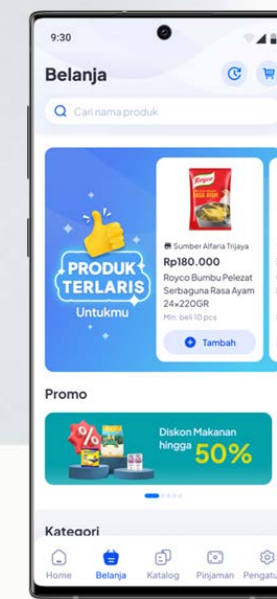

8

FnB Kiosk that simplifies self-ordering for customers using devices placed in various dining areas, offering a diverse selection of merchants.

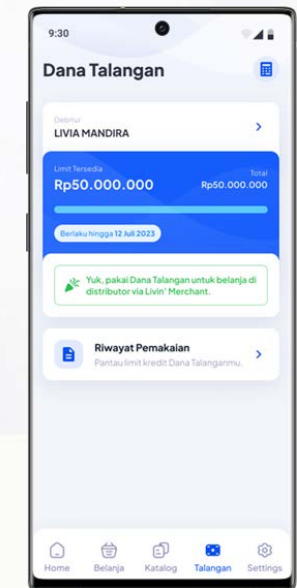

9

A **shopping from distributors** feature for ordering goods according to business needs, paid directly through Livin' by Mandiri, and the ability to monitor purchases and shipments directly from Livin' Merchant.

10

A **bridging fund** feature as a funding option for purchasing goods from distributors, which can be disbursed directly from Livin' Merchant.

DIGITAL BANKING

DIGITAL BANKING RETAIL SEGMENT PRODUCTS AND SERVICES

Digital banking products and services for Retail segment customers include existing e-channel products along with various innovations and enhancements tailored to the needs of the Retail segment.

Since its launch, Livin' by Mandiri has become a cornerstone of Bank Mandiri's innovation in enhancing digital banking services in Indonesia. The application is designed to provide a seamless, secure, and integrated banking experience for customers, aligning with the growing digital transformation priorities within the financial industry.

Livin' by Mandiri was initially introduced as part of Bank Mandiri's initiative to simplify banking access while reaching more customer segments, including tech-savvy younger generations. The app's early features included basic services such as interbank transfers, bill payments, and the purchase of digital products like phone credits and data packages.

Over time, Bank Mandiri has continuously updated the app, adding various innovative features that simplify the financial lives of its users. One significant development was the integration of QRIS for digital payments, personalized features based on customer needs, and the ability to apply for banking products such as credit cards and loans directly through the app.

In 2021, Livin' by Mandiri was relaunched with a more modern design and advanced features. This version allowed customers to access all their accounts in a single application, including savings accounts, time deposits, and linked e-wallets.

Bank Mandiri also introduced biometric login and one-click transaction capabilities to enhance user security and convenience.

By 2024, Livin' by Mandiri has been downloaded by millions of users, demonstrating steady growth. The app has played a crucial role in increasing financial inclusion in Indonesia, particularly during the COVID-19 pandemic when many customers relied on digital services for their daily transactions. Livin' by Mandiri successfully positioned Bank Mandiri as a leader in digital banking, competing with other platforms to provide a fully integrated banking experience.

The addition of comprehensive investment features has also broadened the app's service scope into the investment sector, enabling users to invest in products such as mutual funds, bonds, and stocks directly through the app. This strategy strengthens Bank Mandiri's position as a holistic financial services provider.

Looking ahead, Bank Mandiri is committed to further developing Livin' by Mandiri by integrating Artificial Intelligence (AI) and data analytics technologies to deliver increasingly personalized services. This strategic plan aims to keep the application relevant in a competitive digital banking landscape while contributing to Indonesia's economic digitalization.

LinkAja	LinkAja, a server-based electronic payment platform managed by a BUMN group, is a product integration of similar services from state-owned banks, including Mandiri Pay from Bank Mandiri. LinkAja was launched on 30 June 2019, and is committed to strengthening Indonesia's digital economy ecosystem in general and that of BUMNs in particular. LinkAja is now accepted at a variety of merchants. Bank Mandiri supports the LinkAja program by expanding LinkAja transaction acceptance at EDCs and Mandiri Bank merchants. The bank also broadens LinkAja's acceptance ecosystem by focusing on expanding non-cash transactions in transactional areas and establishing an ecosystem for LinkAja use in these locations.
Mandiri Chatbanking	A chat communication service between Bank Mandiri and its customers via the official Bank Mandiri WhatsApp account at 08118414000. Through this service, Bank Mandiri uses a chatbot system to deliver information, notifications, and interact with customers. In turn, customers can inquire about Bank Mandiri's products and services through the same WhatsApp number.
Mandiri EDC	A service providing electronic data capture (EDC) machines available at stores/merchants partnered with Bank Mandiri. Mandiri EDC facilitates electronic transactions using Mandiri Cards or cards from other banks through domestic networks, international payment networks, and Bank Mandiri's network.
Mandiri ATM	Banking transaction services via automated teller machines (ATMs) that enable customers to access their Mandiri Savings or Mandiri Giro accounts for cash withdrawals, balance inquiries, transfers, payments, and purchases using Mandiri cards. Through domestic networks and international payment networks, Mandiri ATMs also support transactions using cards from other banks.
Mandiri e-Commerce	A service for accepting transactions with Mandiri cards or other bank cards at online stores/merchants partnered with Bank Mandiri. Mandiri e-commerce offers a seamless transaction experience as payments are conducted within an integrated transaction flow, without needing to access additional banking channels. Customers can use both Mandiri cards and other bank cards via international payment networks.
Mandiri Direct Debit	A frictionless and secure payment method using Mandiri Debit at e-commerce merchants, utilizing a transaction ID consisting of the card number and expiry date, combined with OTP (One-Time Password) authorization. For authorization, Bank Mandiri acts as the issuer, bypassing the principal by sending OTPs directly to the customer.
Mandiri QRIS	A QR-based transaction acceptance service using server-based electronic money or other funding sources at stores/merchants partnered with Bank Mandiri. Mandiri QRIS (Quick Response Indonesia Standard) simplifies transactions at stores/merchants without using cash or cards. Transactions can be performed interoperably using Mandiri Online, other mobile banking services, or fintech applications approved by Bank Indonesia.
Mandiri Customer Service Machine	Bank Mandiri's latest digital banking service offers customers a convenient way to replace cards (damaged or lost) and open new accounts. Customers can conduct these transactions independently at a customer service machine through a fast, practical process, eliminating the need to queue at a branch.
Mandiri Application Programming Interface (API)	Mandiri API provides easy access to banking products and services for participants in the digital financial ecosystem, seamlessly integrated into partner applications. This allows safe, real-time use of banking services.
Seller Financing	Bank Mandiri partners with digital companies in Indonesia to offer working capital loans (non-revolving) to MSMEs registered as online sellers/merchants. Loan applications are submitted online through the partner platform and sent to Bank Mandiri via API. Once approved, the funds are credited to the customer's account. For digital companies without a financing application platform, Bank Mandiri offers an onboarding website that can process loan applications.
KUM Talangan Pembelian	KUM Talangan Pembelian is a business financing product provided by Bank Mandiri to customers selling through digital platforms. Customers can repeatedly draw loans up to the credit limit in a revolving manner. The application process is conducted online via a partner platform connected to Bank Mandiri through an API. Customers can also track their loan application status directly on the partner platform.

DIGITAL BANKING

DIGITAL BANKING – WHOLESALE SEGMENT

Digital Banking Wholesale Segment Products And Services

The following digital banking products and services for Wholesale segment customers include existing e-channel products along with innovations and enhancements tailored to the specific needs of Wholesale customers.

As the largest bank in Indonesia with its Unique All-Rounder Ecosystem, Bank Mandiri remains focused on meeting customer needs by continuously driving innovation through the latest digital advancements. One of its key initiatives is the Wholesale Digital Super Platform, Kopra by Mandiri, which provides end-to-end solutions for customers and their value chains. Through Kopra, Bank Mandiri offers comprehensive banking services for all business segments, from SMEs to large corporations.

Since its launch in mid-2021, Kopra by Mandiri has contributed to Indonesia's economic growth. The platform focuses on three globally standardized core functions, Cash Management, Value Chain, and Trade, accessible through a single point of access for business operators.

In 2022, Bank Mandiri released the Kopra Mobile App, making it even easier for customers to access Kopra by Mandiri anytime and anywhere. In 2023, the bank introduced a breakthrough with KOPRA Beyond Borders, demonstrating its commitment to providing a seamless experience. This innovation addresses the integrated digital financial service needs of corporate customers in Indonesia and abroad, extending the ecosystem reach for clients.

Building on this momentum, on 2 October 2024, coinciding with Bank Mandiri's 26th anniversary under the theme "Adaptive and Solutive," the

Bank reaffirmed its commitment to delivering innovative financial solutions tailored to customers' needs in the digital era. As part of this initiative, Kopra by Mandiri underwent a comprehensive transformation, significantly enhancing both its user interface (UI) and user experience (UX), a development completed in less than a year.

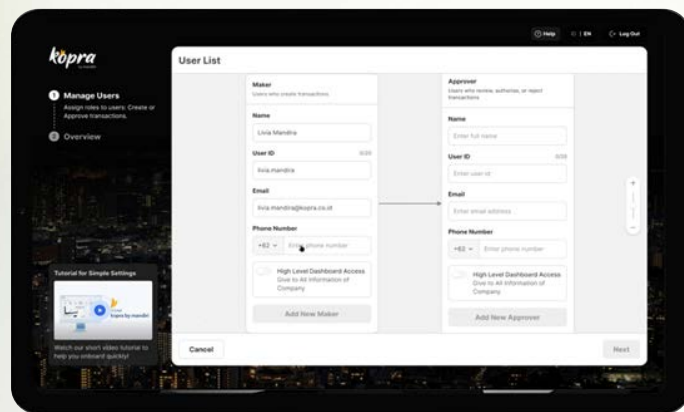

This development reflects Bank Mandiri's commitment and dedication to delivering the best wholesale banking solutions in the market. Throughout the process, we collaborated with key stakeholders and benchmarked against top global players in the industry to identify necessary enhancements. Every feature of Kopra by Mandiri was carefully reviewed to ensure its capabilities align with customers' business needs while optimizing the customer journey to enhance efficiency by reducing the steps required for each transaction. Through these efforts, we strive to ensure that our solutions are on par with, or even surpass, those offered by leading global players.

The transformation of Kopra by Mandiri introduces a modern and sophisticated interface, enhanced by an improved transaction experience and the addition of globally benchmarked features to meet customer needs. These enhanced services are designed to streamline transactions and improve overall banking efficiency. Key upgraded features include:

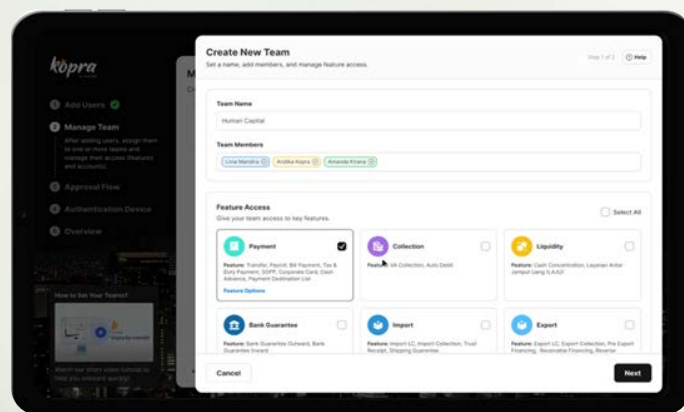

DIGITAL BANKING

1 Kopra by Mandiri has undergone a massive transformation in both user interface (UI) and user experience (UX), with the development process completed in less than a year. Throughout this process, we collaborated with stakeholders and conducted benchmarking against top global players in the industry to determine the necessary enhancements. We reviewed the design and customer journey of each feature within Kopra by Mandiri with the expectation that, following this upgrade, its capabilities will be on par with or even exceed those offered by top global players. This update introduces a more elegant interface along with an enhanced transaction experience, complemented by the addition and strengthening of globally standardized features to meet customer needs.

2 **Seamless Onboarding** through the **Simple Settings** option enables customers to complete the onboarding process with ease, minimizing the need for an implementer. Customers are provided with two options, one of which is Simple Settings, allowing the creation of corporate users within minutes. This option enables customers to configure makers and approvers in a single, straightforward step.

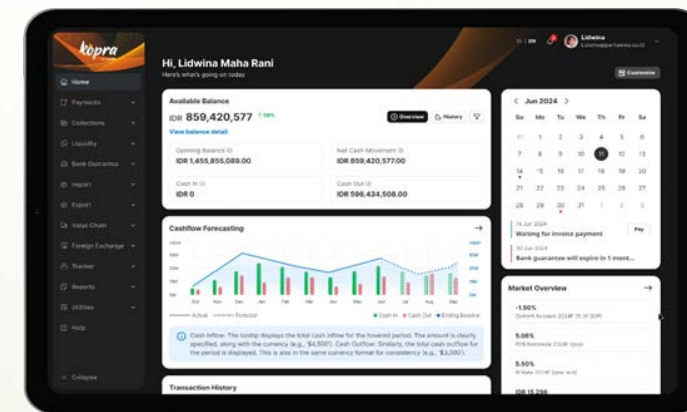

Or through **Advanced Settings**, where customers can create corporate users and define a unique approval scheme for each transaction, tailored to the company's approval policies.

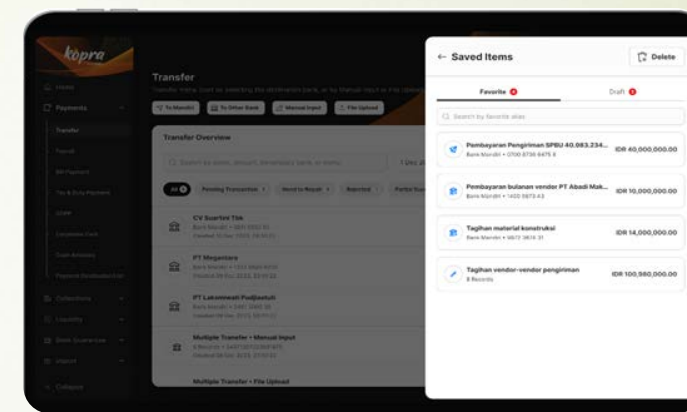

DIGITAL BANKING

3 The **Dashboard** feature is designed to do more than just display balance and transaction information; it can customize the information display according to business needs. Equipped with Strategic Insights and accurate cash flow projections, this dashboard facilitates decision-making and future financial planning.

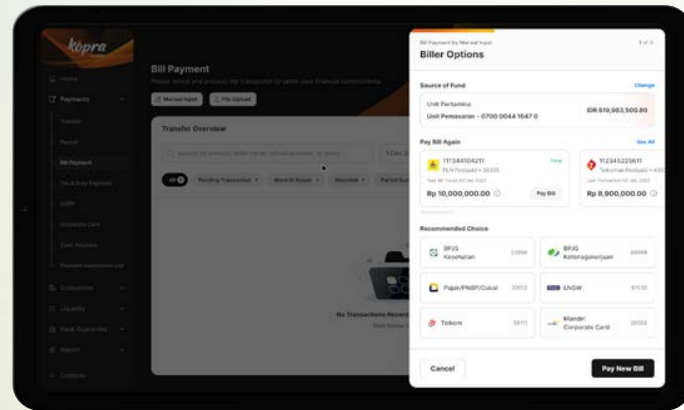

4 The **Transfer** feature provides services for transactions to various domestic and global banks, including foreign exchange transactions with competitive exchange rates directly from Kopra. Additionally, it offers flexibility for transferring funds to multiple accounts without the need to contact a branch or relationship manager and is equipped with favorite templates to expedite routine payment processes.

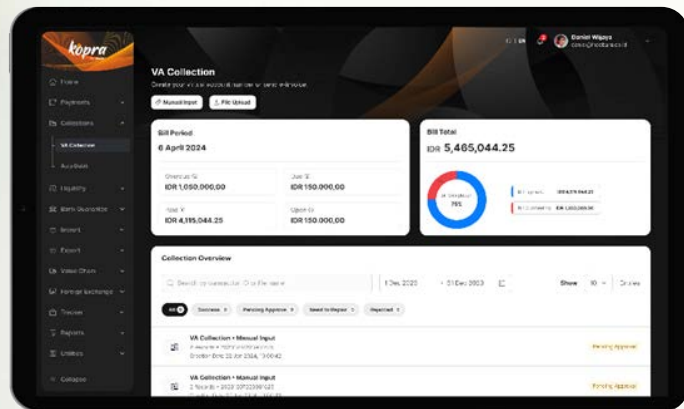

DIGITAL BANKING

5 The **Payment** feature provides services for recurring payments using Pay Bill Again. Additionally, this feature simplifies bulk payments for customers.

6 The **Collection** feature is designed to automate the billing process, making it more seamless, efficient, and faster. It facilitates automated and scheduled payment collection through Auto Debit, enables the creation and electronic delivery of invoices to business partners, and simplifies payment reconciliation with virtual account collection. Additionally, it includes a dashboard for monitoring receivables management.

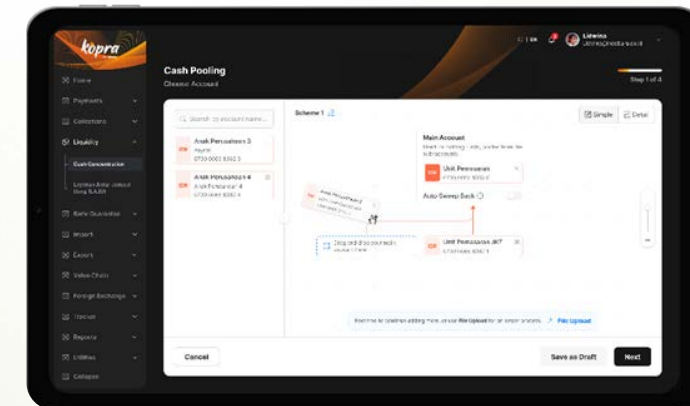

The introduction of new innovations such as Bill Reminder facilitates invoice collection by enabling direct billing from Kopra to business partners using Kopra and Livin'.

Comprehensive Reconciliation Collection Solution, Connecting Wholesale and Retail Channels

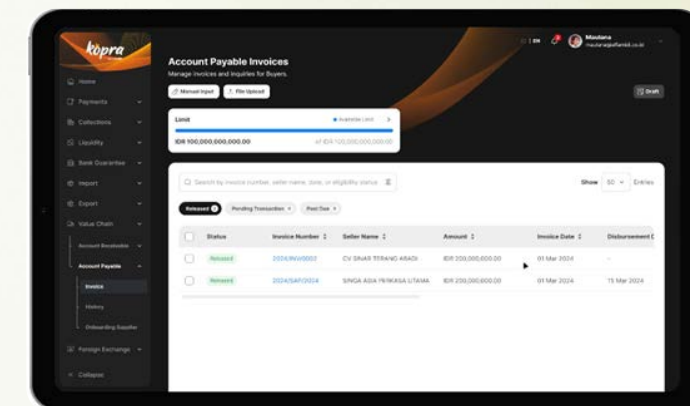

Payee can create invoices **directly from Kopra**, issue them to the **Kopra or Livin' of the payer**
Paid invoices from the payer will be **automatically reconciled** in payee's Kopra

DIGITAL BANKING

7 The **Liquidity** feature provides a comprehensive fund management solution through cash concentration, enabling customers to consolidate, distribute, and automatically set minimum and maximum balance limits on operational accounts. Additionally, this feature includes an educational landing page to assist customers in designing liquidity schemes more easily.

8 The **Value Chain** service enables customers to monitor transaction information, limits, and reconciliation in real time. This service also includes a supplier financing solution that allows individual suppliers to receive invoice payments more quickly, accessible directly through their Kopra or Livin' accounts.

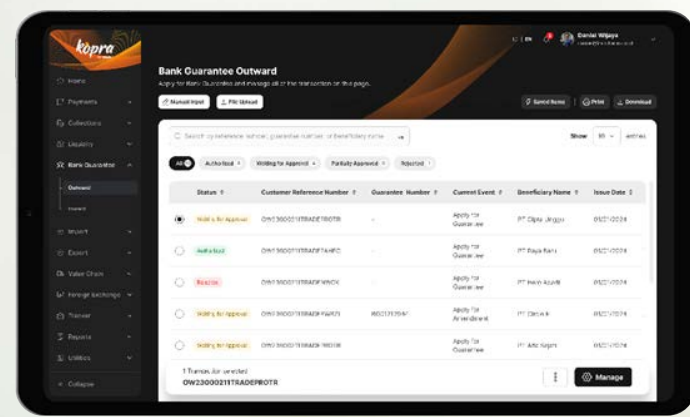

DIGITAL BANKING

DIGITAL BANKING

kopra Streamlined Working Capital Solutions Integrated with Livin' to Capture the End-to-end Value Chain Ecosystem

New integration with Livin' allows suppliers to accelerate their invoice payment from Kopra or Livin'

9 The Trade service simplifies form completion, supported by tooltips and automatic validation as a guide. Additionally, it features a Bank Guarantee Draft Preview to ensure document accuracy before issuance, along with real-time notifications via Kopra for beneficiaries.

Kopra by Mandiri comprises three variants, which include:

1. Kopra Portal: A digital service variant featuring front-end access through a single access portal.
2. Kopra Embedded Finance (Host to Host): A single access digital service variant based on integration between the customer's system and the Bank's system.
3. Kopra Partnership: A solution providing transactional services with specific added value for customers and its business ecosystems.

The following are Kopra by Mandiri flagship features:	
Remittance Tracking	Ease of tracking the fund transfer status and the fees charged by each intermediary bank for foreign currency remittance transactions to other banks based on the Bank Mandiri transaction reference number.
Onboarding Suppliers	Online registration feature for suppliers to join the principal customer's KOPRA by Mandiri ecosystem.
Virtual Assistant	Convenient access to communicate with the bank via audio calls, video calls, and online chat for explaining a product or submitting complaints regarding Bank Mandiri's services and products registered in KOPRA by Mandiri.
Consolidated Financial Dashboard	A feature that provides customers with their financial information. The financial dashboard displays the following details: <ol style="list-style-type: none"> Cash Position: Displays the balance and transaction history for all customer accounts, both at Bank Mandiri and other banks. Limit Information: Displays trade, guarantee, and value chain limit details. Custody: Displays the total security assets owned by the customer. Transaction Reminder: Displays due dates and other important transaction-related dates for trade, value chain, and custody. Exchange Rate Information: Displays exchange rate data for 15 foreign currencies at special rates. Billing Information: Displays details of Active Billing and Billing History.
Online Onboarding Transactional Product	Convenience in registering Wholesale Bank Mandiri channels by filling out digital forms and signing them online.
Online Subsidiaries Registration	A feature to register subsidiaries online, allowing the parent company to view a summary of the subsidiary's financial information via the KOPRA by Mandiri dashboard.
Market Overview	A feature providing customers with market outlooks such as Macroeconomic Forecasts, Market Highlights, and Economic Reviews prepared by Bank Mandiri's Chief Economist team.
Product Offering	A feature enabling customers to receive product offers relevant to their profile directly on the KOPRA portal page.
EIPP (Electronic Invoice Presentment & Payment)	Bank Mandiri's collection service for companies that do not yet have a biller code but require invoicing solutions.
Kopra Smart Account	The Cash Management service utilizes virtual current sub-accounts (Virtual Accounts) to help companies centrally manage funds with ease in allocation, recording, and transaction identification.
Kopra Foreign Exchange	The Kopra by Mandiri feature enables customers to conduct foreign exchange (forex) transactions online with special exchange rates from the Treasury Group. The displayed exchange rates are continuously updated in real time. Customers can execute transactions by selecting currency pairs and choosing buy/sell positions according to their needs.
Kopra Beyond Borders	The internet banking service supports Bank Mandiri's business and corporate customers, both domestically and internationally. This service facilitates financial transactions between parent companies and overseas subsidiaries located in Singapore, Hong Kong, Timor-Leste (Dili), and China (Shanghai).
Kopra Bill Reminder	A feature in Kopra by Mandiri provided to biller customers using the Mandiri Bill Collection (MBC) service as an additional solution for billers to collect payments from consumers (payers) through Livin' by Mandiri.

DIGITAL BANKING

The following are Kopra by Mandiri flagship features:	
Kopra Mobile App	The mobile application version of the Kopra by Mandiri platform allows customers to access company financial information, view foreign exchange conversion rates, and approve cash management transactions through a mobile app.
Mandiri Mobile Token	A smartphone-based token application that serves as an authentication tool for transactions on Bank Mandiri services, specifically Kopra by Mandiri. Mandiri Mobile Token is a soft token that must be downloaded and activated on the customer's smartphone device.
Mandiri Reconciliation Portal	An integrated portal owned and developed by the bank as a platform for companies to submit billing data, monitor dashboards, and view detailed payment receipt reports.

Wholesale Digital Super Platform Kopra by Mandiri Services:	
Kopra Cash Management Wholesale (KCM Wholesale)	An internet-based digital service designed for wholesale segment companies to conduct their financial activities, including both financial and non-financial transactions.
Kopra Value Chain	A web-based service provided by the Bank to meet customer needs in supply chain transactions (transactions between principals, suppliers, and distributors within the supply chain network), covering invoice submission, invoice receipt, payment instructions, and financing requests.
Kopra Trade	A web-based portal accessible 24/7 from anywhere at any time, enabling customers to conduct various types of trade transactions, including export, import, local trade, and bank guarantees.
Kopra Custody	A new web-based service that enables customers to easily inquire about their portfolio, transaction status, and Corporate Action Event information, as well as submit instructions with a dual control mechanism (four-eyes principle).
Kopra Cash Management Retail (KCM Retail)	An internet-based digital service designed for individual business customers and small and medium enterprises (SMEs) to conduct financial and non-financial transactions on registered business current or savings accounts with Bank Mandiri.
Kopra Hospital Solutions	A web-based service that facilitates hospitals in processing payment receipts from general patients, providing reconciliation, reports, and a payment receipt dashboard for both general patients and BPJS Kesehatan patients.

DIGITAL BANKING

DIGITAL BANKING CHALLENGES IN 2024

Bank Mandiri encounters several challenges in developing its digital banking business in 2024. Among these, the growing number of digital transactions heightens the risks of data breaches and cyberattacks. As a result, Bank Mandiri continues to strengthen its cybersecurity systems to protect customer data and maintain service integrity throughout 2024. Enhancing biometric authentication and implementing the latest technology-based security measures remain top priorities for Bank Mandiri.

In addition, digital transformation requires modernizing infrastructure, including increasing core banking capacity and integrating digital services into various ecosystems such as e-commerce and fintech. As such, Bank Mandiri continuously strives to ensure that its digital services remain stable and reliable for customers.

Another challenge Bank Mandiri encounters in developing digital banking during 2024 is meeting customers' demand for faster, simpler, and feature-rich services. To address this, Bank Mandiri will continue innovating by developing new features in Livin' by Mandiri, Kopra by Mandiri, and other services. In adapting to changing customer preferences, Bank Mandiri's innovations are complemented by effective education to help customers make the most of these features.

DIGITAL BANKING PERFORMANCE IN 2024

Digital Banking Retail Segment Performance

The introduction of Livin' by Mandiri has not only simplified customer services such as fund transfers and account openings but also brought numerous standout features, including investment services and the ability to apply for loans directly through the app. As of December 2024, the performance of Bank Mandiri's digital banking retail segment continued to show positive growth, demonstrating its ongoing success.

Through a series of innovations launched throughout 2024, Livin' by Mandiri achieved a 29% (yoy) increase in users, reaching 29.3 million as of December 2024. Meanwhile, the frequency of transactions via Livin' by Mandiri rose by 38% (yoy) to 3.9 billion, with transaction value surging 23% (yoy) to Rp4,027 trillion. These solid results are a direct outcome of continuous innovation throughout the year. Bank Mandiri remains optimistic that its expanding digital ecosystem will continue to flourish thanks to these initiatives.

In addition, Livin' Merchant saw a 41% (yoy) growth in individual merchants, reaching 2.4 million by December 2024. The frequency of

DIGITAL BANKING

DIGITAL BANKING

transactions through Livin' Merchant reached 147 million, with a transaction value of Rp14.7 trillion.

Strong performance in the digital banking retail segment has been bolstered by Bank Mandiri's customer-oriented strategies, which focus on creating an integrated digital service ecosystem for Livin' by Mandiri, Kopra by Mandiri, and Livin' Merchant. Bank Mandiri also earned the "Digital Experience of the Year" accolade at the 2024 Asian Experience Awards, cementing its position as one of Indonesia's leading banks in digital innovation. This award highlights Bank Mandiri's ability to deliver adaptive and responsive digital banking solutions amid evolving technology and market needs.

This achievement reflects Bank Mandiri's dedication to enhancing customers' digital experiences while supporting grassroots economic growth through broader financial inclusion.

Digital Banking Wholesale Segment Performance

During 2024, the digital banking performance of Bank Mandiri's Wholesale segment posted rapid growth through the Kopra by Mandiri platform. The Wholesale Digital Super Platform, Kopra by Mandiri, successfully managed 1.3 billion transactions, grew 21% (yoy), with transaction value reaching Rp22,700 trillion, an increase of 17% (yoy). This comprehensive digital super platform serves various transaction needs anytime and anywhere, catering to multiple business segments, from corporates to SMEs, with more than 247,000 users as of December 2024.

Kopra by Mandiri has currently become a cornerstone for corporate business needs. As such, Bank Mandiri continues to strengthen its ecosystem solutions with a closed-loop approach, integrating corporate clients, suppliers, and distributors into a single efficient system. Innovations such as Kopra

Bill Reminder and Kopra to Livin' Financing expand connectivity with Livin', fostering inclusive growth and enhancing supply chain efficiency.

Moreover, Kopra by Mandiri continues to be refined to offer an even better user experience, focusing on its three main functions, Cash Management, Value Chain, and Trade, all accessible via single sign-on. Kopra by Mandiri also features a personalized management dashboard tailored to business needs, along with numerous additional digital transaction features.

As a bank with core competence in wholesale banking and a unique all-rounder ecosystem, Bank Mandiri focuses on meeting the banking needs of business players, particularly in the corporate segment. With this approach, Kopra by Mandiri continues to strengthen its position as the market leader in wholesale digital banking services. Bank Mandiri's commitment to providing leading and innovative solutions for customers is reflected in the various international awards received in 2024. One of the most prestigious accolades was the Euromoney Awards for Excellence, where Bank Mandiri was recognized as the Best Bank for Corporates, reaffirming its position as the preferred choice for corporate customers in conducting operational business transactions. Moreover, Kopra by Mandiri received industry recognition through awards from The Digital Banker, winning in the Best Cash Management and Best Trade Finance in Southeast Asia categories.

Closing the year 2024, Kopra by Mandiri successfully secured the title of Best Bank for Payment Solution from Corporate Treasurer and Best Digital Banking Platform from Alpha Southeast Asia. Specifically in trade services, Kopra by Mandiri achieved a significant milestone by being recognized as Best Trade Finance Provider in Indonesia by the prestigious Global Finance. This achievement marks a historic win for Bank Mandiri in a category it had never received before.

Wholesale segment achievements as of December 2024 are as follows:

Year	Type	Cash Management	Trade & Bank Garansi	Value Chain
Dec-2024	Transaction Nominal	Rp18,363 trillion	Rp656,2 trillion	Rp74,1 trillion
Sep-2024	Transaction Nominal	Rp13,170 trillion	Rp482,1 trillion	Rp52,7 trillion
2023	Transaction Nominal	Rp18,277 trillion	Rp717,2 trillion	Rp70,6 trillion
2022	Transaction Nominal	Rp102,8 trillion	Rp878,6 trillion	Rp58,2 trillion

STRATEGI DIGITAL BANKING YEAR 2025

In 2025, Bank Mandiri remains committed to enhancing and enriching the features of its financial super app Livin' by Mandiri and the KOPRA by Mandiri super platform.

For the Livin' by Mandiri super app, several new innovations are planned, such as:

1. Introducing features aimed at expanding acquisition reach to the next generation of customers.
2. Incorporating artificial intelligence-driven financial management tools to enhance financial literacy across all customer segments.
3. Adding investment products to further complete the investment journey for Livin' users.

Meanwhile, for Livin' Merchant, new innovations will include:

1. Direct disbursement of customer payments into merchant accounts to provide greater convenience for business operators.
2. Offering additional revenue opportunities for business owners through bill payment and digital product services.
3. Integrating with food ordering platforms to produce comprehensive transaction records.

To address the evolving needs of customers, Bank Mandiri, through its wholesale segment, has established a strategy to strengthen its position as the market leader in digital banking services in Indonesia. This strategy focuses on developing and reinforcing a closed-loop ecosystem through Kopra Partnership, which facilitates an end-to-end connected ecosystem, from principals, suppliers, and distributors to retailers and individual customers, by integrating Kopra by Mandiri and Livin' by Mandiri. One key initiative is Kopra Bill Reminder, which enables direct billing to Livin' by Mandiri users. Furthermore, to expand services for customers, we have integrated Kopra by Mandiri and Livin' by Mandiri with the Kopra to Livin' Financing solution. This innovation accelerates invoice payment receipt for individual suppliers by directly linking payments to their Livin' accounts. The introduction of these two features is expected to address customer needs while driving their adoption and usage. Looking ahead, Kopra by Mandiri will further integrate customers' business processes into the Kopra ecosystem by connecting Kopra by Mandiri with Livin' Merchant, enhancing seamless financial transactions across the ecosystem.

OPERATIONAL REVIEW BY BUSINESS SEGMENT

Bank Mandiri divides its working units into three main units: business units, support functions, and business & network units, all of which function to carry out activities in the banking industry. These three main units are further divided into several segments and sub-segments of operations.

The business unit serves as the primary driver of the Bank's business development and operates as an operational segment consisting of two main segments: Wholesale Banking and Retail Banking. The support functions unit supports overall business operations, while the business & network unit functions as the unit responsible for selling products and services to all Bank Mandiri customer segments. The business & network unit consists of 12 Regional Offices spread across Indonesia.

CORPORATE BANKING

PERFORMANCE SUMMARY

KEY HIGHLIGHTS

- The strengthening of the organizational structure in 2024 and the focus on managing a sound and sustainable conglomeration have contributed to strong credit growth of 25.75% year-on-year while maintaining a prudent approach in line with best practices in the banking industry.
- The optimization of the digital platforms Livin' and Kopra successfully drove Fee-Based Income growth by 23.50% year-on-year.
- Loan disbursement in the Green Portfolio and Sustainable Portfolio accounted for 15.3% of the total Corporate Banking loans in 2024.

CORPORATE BANKING

The focus of the Corporate Banking segment is to serve the needs of large corporate customers, whether for financing large-scale and long-term projects or for fund placements. Bank Mandiri's Corporate Banking operations are also supported by Mandiri Sekuritas.

The customer profile parameters for Bank Mandiri's Corporate Banking segment are as follows:

Parameter	Corporate Banking
Company Size	Companies with Gross Annual Sales (GAS) exceeding Rp2 trillion, including its business groups.
Customers	Domestic: Private companies, listed state-owned enterprises (SOEs), and its business groups, as well as business groups or sponsors classified among the top companies in Indonesia or Asia.
	Overseas: <ul style="list-style-type: none"> • Customers with fund accounts registered at branches in Hong Kong, Shanghai, Singapore, and the Cayman Islands. • Overseas companies affiliated with Bank Mandiri customers in Indonesia or foreign companies that meet the criteria for financing in accordance with regulations in Indonesia and abroad.

Corporate Banking is a core competency and the primary driver of Bank Mandiri's performance. As such, amid ongoing domestic and international challenges, Bank Mandiri's Corporate Banking segment applies a prudent approach in lending.

CORPORATE BANKING STRATEGY IN 2024

The following strategies were executed by Corporate Banking in 2024:

- 1. Portfolio Strategy**
Growth is focused on managing a sound and sustainable conglomeration while maintaining prudent banking principles and disbursing loan in accordance with best practices in the banking industry.
- 2. Business Strategy**
A comprehensive customer ecosystem approach is implemented by leveraging the strong foundation of Corporate Banking, enabling the retail segment to penetrate and maximize the full potential of Corporate Banking customers.
- 3. Operation Strategy**
The organizational structure has been strengthened by transitioning from a sector-based model to a conglomerate-based approach, enhancing the ability to identify potential opportunities more comprehensively.

COMPETITIVE ADVANTAGES AND INNOVATIONS IN CORPORATE BANKING

Bank Mandiri Corporate Banking segment is a market leader in corporate lending. This is supported by a strong reputation and extensive experience in corporate banking, with a customer base that includes state-owned enterprises (SOEs) and Indonesia's largest business conglomerates. To sustain its business growth, the Corporate Banking segment maintains strong and close relationships with debtors both domestically and internationally. Moreover, the segment benefits from the support of a broad correspondent banking network, Bank Mandiri's overseas branches, and an extensive syndication network.

CORPORATE BANKING

CORPORATE BANKING

CORPORATE BANKING PRODUCTIVITY AND REVENUES

The effective implementation of strategies has served a crucial role in the productivity and revenue performance of Bank Mandiri Corporate Banking segment throughout 2024, as presented in the following table:

Kinerja Corporate Banking

(In Rp million)

Description	2024	2023	Growth	
			(Rp Million)	%
Total Loans	515,387,333	409,857,020	105,530,313	25.75
NPL Ratio (%)	0.44%	0.37%	-	0.07
Total Third-Party Funds	329,567,976	299,754,584	29,813,392	9.95
Total Fee Based Income	3,950,298	3,198,531	751,767	23.50
Total Net interest Income	12,362,556	14,782,504	(2,419,948)	(16.37)

Bank Mandiri's loan growth, which outpaced the banking industry average, was supported by an increase in loan disbursed by the Corporate Banking segment. As of December 2024, this segment reached Rp515.39 trillion, a 25.75% (yoy) growth from Rp409.86 trillion in December 2023. This growth in Corporate Banking loans aligns

with Indonesia's economic expansion in 2024.

On the other hand, third-party funds in Bank Mandiri Corporate Banking segment reached Rp329.57 trillion as of December 2024, grew by 9.95% (yoy) from December 2023. Meanwhile, Net Interest Income in the Corporate Banking segment grew to

Rp12.36 trillion by December 2024, up from Rp14.78 trillion in December 2023.

In addition, by optimizing digitalization through Kopra by Mandiri in the Corporate Banking segment, Fee-Based Income increased by 23.50% (yoy), reached Rp3.95 trillion in December 2024, up from Rp3.19 trillion in December 2023.

Corporate Banking Loans by Product

(In Rp million)

Total		213,566

CORPORATE BANKING

CORPORATE BANKING BUSINESS OUTLOOK FOR 2025

Various internal and external factors are expected to support the business prospects of Bank Mandiri's Corporate Banking segment, keeping it strong and growing in 2025. Indonesia's economic growth is projected to exceed 5% in 2025, serving as a positive catalyst for business activities within the Corporate Banking segment. Supportive monetary policies and enhanced economic competitiveness also provide opportunities for the banking sector to continue growing while ensuring Indonesia's economic stability.

Several other key factors also support the positive outlook for Bank Mandiri's Corporate Banking segment. Major infrastructure projects, such as toll roads, ports, airports, and renewable energy, remain a priority for the Indonesian government in the coming years. As the largest bank in Indonesia, Bank Mandiri holds a strategic position to support corporate financing for these projects. Moreover, financing demand from state-owned enterprises (SOEs) and private

companies is expected to expand in line with sustained economic growth.

In terms of digitalization and product innovation within the Corporate Banking segment, Bank Mandiri will continue to strengthen its digital capabilities through the Kopra by Mandiri super platform, which simplifies financial management for corporations. The digitalization trend in the Corporate Banking segment will enhance operational efficiency and attract more corporate clients to collaborate with Bank Mandiri.

The growth of industrial sectors such as manufacturing, mining, energy, and healthcare is projected to show significant potential in 2025. This positive outlook presents opportunities for Bank Mandiri Corporate Banking financing services while also allowing it to expand its portfolio by supporting working capital loans, investment financing, and trade finance needs.

With the increasing global and local demand for green financing, Bank Mandiri has responded effectively. The Corporate Banking segment

has begun expanding into this sector by financing renewable energy and sustainability projects. Its commitment and focus on ESG (Environmental, Social, and Governance) not only strengthen its reputation but also attract more corporate clients who prioritize sustainability.

Nevertheless, Bank Mandiri will continue to closely monitor the challenges that may affect its Corporate Banking segment in 2025. These include intense competition with other banks, including foreign banks that are also active in the Corporate Banking sector. In addition, ongoing global economic uncertainties stemming from geopolitical risks in the Middle East, the prolonged Russia-Ukraine conflict, and volatile commodity prices could impact corporate loan demand.

To sustain growth and ensure that the Corporate Banking segment remains a key pillar of its business, Bank Mandiri will continue expanding digital-based services to enhance customer convenience, focus on industrial sectors with long-term potential, and diversify its loan portfolio to mitigate risks and increase revenue.

CORPORATE BANKING

CORPORATE BANKING WORK PLANS FOR 2025

To address challenges while maximizing opportunities in the coming year, the Grand Strategy for Corporate Banking in 2025 will include the following:

1. Maintaining position as the largest lender

Corporate Banking will continue to strengthen Bank Mandiri's dominance as a leading wholesale bank by driving growth within a sound conglomeration. This

strategy will be balanced with optimal concentration risk management through portfolio diversification across various industrial sectors, in line with prudent banking principles and best practices.

2. Increasing low-cost funding through customer transaction acquisition

The growth of Third-Party Funds will focus on increasing low-cost funding through a customer transaction acquisition strategy. This will be achieved by optimizing

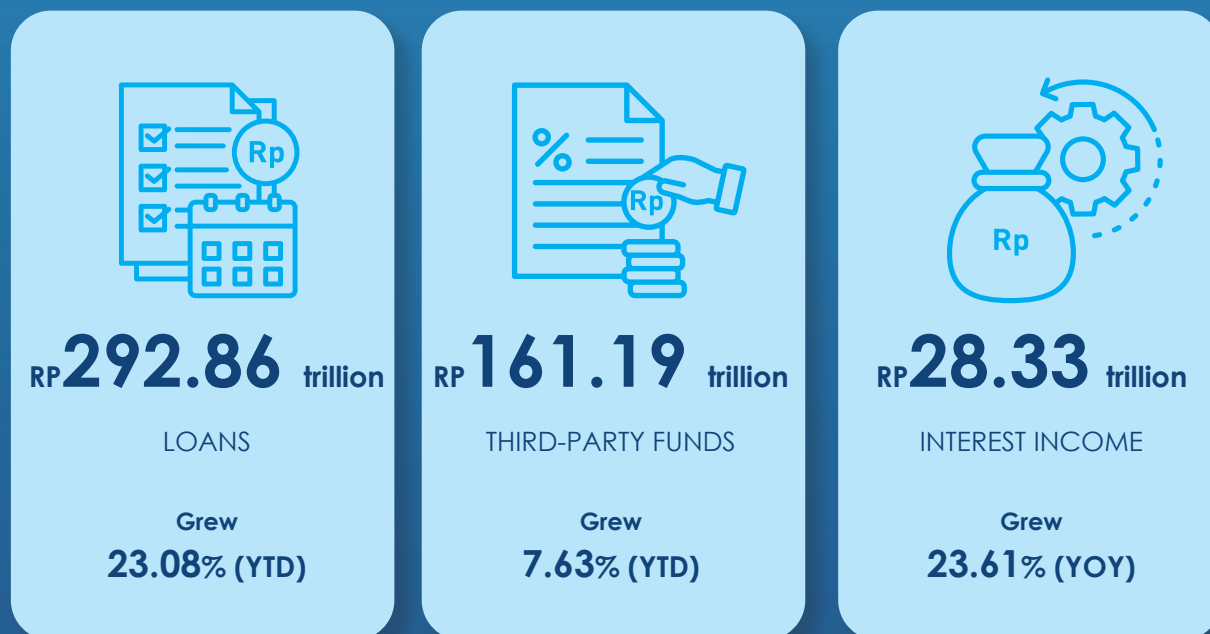

the use of digital channels Livin' and Kopra to enhance floating funding from customer transactions at Bank Mandiri.

3. Optimizing the Corporate Banking customer ecosystem

With strong relationships and an extensive network, reinforced by Bank Mandiri's digital platforms, Corporate Banking is expected to fully optimize the potential of its customer ecosystem.

COMMERCIAL BANKING

PERFORMANCE SUMMARY

KEY HIGHLIGHTS

- The improvement in loan disbursement performance in the Commercial Banking segment in 2024 also contributed to Bank Mandiri's loan growth.
- Commercial Banking recorded a loan increase of 24.21%, reaching Rp292.86 trillion in December 2024 compared to Rp237.79 trillion in December 2023, in line with the recovery of Indonesia's economy.

COMMERCIAL BANKING

The business focus of the Commercial Banking segment is to serve the needs of medium-scale industrial customers with gross annual sales ranging from over Rp50 billion to Rp2 trillion. Bank Mandiri Commercial Banking also provides products and services in the form of comprehensive transaction solutions to simplify customers' business activities.

The customer profile parameters for Bank Mandiri's Commercial Banking segment are as follows:

Parameters	Commercial Banking
Company Size	Companies with gross annual sales of more than Rp50 billion to Rp2 trillion or with a loan ceiling >Rp25 billion, including their business groups.
Customers	Loans and funds at overseas branches managed by GAM under the Commercial Unit, loans and funds at overseas branches not managed by GAM but initiated by the Commercial Unit, BUMD including RSUD and PDAM, multifinance business entities, local governments, private universities, rural banks, and other non-individual fund customers who meet the criteria for acquisition by Commercial Banking.

COMPETITIVE ADVANTAGES AND INNOVATIONS OF COMMERCIAL BANKING

Bank Mandiri Commercial Banking has the following competitive advantages and innovations:

- Providing the best solutions through comprehensive product solutions for assets, liabilities, and transactions tailored to customer needs and supported by e-channel services.
- Offering solution structures that are fit and aligned with customer requirements.

COMMERCIAL BANKING STRATEGY FOR 2024

Commercial Banking has prepared a strategic plan to continue one of the strategies from the 2021–2024 Corporate Plan, formulated based on the focus of each segment: Be The Prominent Wholesale Bank, Beyond Lending." The formulation of a sound growth strategy is as follows:

- Loan growth supported by strengthening the loan follow the transactions strategy, concentrating on providing loan to customers already transacting with Bank Mandiri.

- Acquisition focus on top sectoral players for Commercial Banking units in each industrial sector, which are subsequently acquired as new debtors of Bank Mandiri.
- Strengthening Credit Execution Discipline through:
 - Timely and sufficient pipeline discipline.
 - Monitoring discipline to maintain credit quality.
 - Collection discipline, collaborating with the Special Asset Management (SAM) unit for intensive collections and early warning restructuring.
- Business optimization through the acquisition of the Wholesale business ecosystem by deepening client relationships in each region.
- Leveraging Bank Mandiri's potential by strengthening territorial strategies, with commercial solutions acting as a business enabler, providing monthly sectoral and regional reviews to the business unit.
- Organization and people development supported by the development of organizations in the plantation sector and plans for fulfilling competent human resources.

COMMERCIAL BANKING

COMMERCIAL BANKING

PRODUCTIVITY AND REVENUE OF COMMERCIAL BANKING

The effective implementation of the above strategies serves a vital role in the productivity and revenue of Bank Mandiri's Commercial Banking, as presented below:

The loan disbursement performance of the Commercial Banking segment as of December 2024 also contributed to the overall loan growth of Bank Mandiri. Bank Mandiri Commercial Banking loan increased to Rp292.86 trillion in December 2024, up 23.08% (ytd) compared to Rp237.95 trillion in December 2023.

The acquisition of third-party funds in Bank Mandiri Commercial Banking segment also demonstrated positive performance, marked by a growth of 7.63% (ytd) to Rp161.19 trillion as of December 2024, compared to Rp151.07 trillion as of December 2023. Most of the third-party fund collection in the Commercial Banking segment came from low-cost funds or CASA, which

grew by 14.69% (ytd) to Rp131.81 trillion, positively impacting the cost of funds for Commercial Banking. Net interest income reached Rp6.80 trillion as of December 2024.

Furthermore, Commercial Banking recorded Fee Based Income of Rp1,209.57 billion in December 2024, an increase from Rp973.76 billion in December 2023.

COMMERCIAL BANKING

COMMERCIAL BANKING

COMMERCIAL BANKING BUSINESS OUTLOOK FOR 2025

With various growth opportunities arising from the growth of Indonesia's economy, the business outlook for Bank Mandiri's Commercial Banking segment is expected to remain positive in 2025. This positive outlook is also supported by the optimization of digitalization and service innovations through the Kopra by Mandiri super platform, designed to support the needs of medium-sized businesses

and enable customers to manage financing, payments, and liquidity more efficiently.

Medium-sized businesses involved in the supply chains of large corporations, both local and international, will continue to require financial services to support operational efficiency. In 2025, Bank Mandiri Commercial Banking segment is projected to benefit from growth in areas such as manufacturing, agribusiness, trade, and services. To serve these segments, Bank Mandiri leverages its strong network and portfolio.

In addition, sectors that are prioritized in national development, such as modern agriculture, tourism, and technology, will open additional financing opportunities for Bank Mandiri Commercial Banking segment. Partnerships with large corporations through ecosystem-based financing can also provide Bank Mandiri Commercial Banking customers with access to larger business networks. Bank Mandiri believes that optimizing digitalization, adapting to market needs, and diversifying services will be the keys to success in the Commercial Banking segment.

COMMERCIAL BANKING WORK PLAN FOR 2025

In 2025, Commercial Banking will continue to maintain its position as a Market Leader in Lender by pursuing a loan growth strategy focused on sector expertise aligned with

government programs and the development of regional champions that will drive the development of derivative ecosystems. Moreover, Commercial Banking is committed to continuously improving loan profitability by maintaining portfolio composition to keep credit yields at an optimal level.

On third-party funds, Commercial Banking will focus on acquiring new customers and intensifying engagement with existing customers by increasing penetration of Kopra and other programs. Furthermore, Commercial Banking will also focus on increasing low-cost funds (CASA) as an effort to maintain the Cost of Fund at an optimal level.

INSTITUTIONAL RELATIONS

PERFORMANCE SUMMARY

KEY HIGHLIGHTS

- Conducting efforts and negotiations to upgrade 20 SHGB titles to SHM, extend 3 SHGB HPL certificates, and renew 9 SHGB validity periods in line with directives from the Ministry of SOEs, aimed at expediting certification and safeguarding ATTB from unauthorized third parties.
- Total cooperation proceeds from the 2024 PNO asset optimization amounted to Rp321.339 billion, with cost savings from temporary asset utilization reaching Rp99.250 billion.
- Maintaining market leadership with a 60.47% share of financing at the Indonesian Ministry of Finance's foreign loans and a 79.92% share in domestic loans.
- According to Nielsen's research, Livin' secured the top brand ranking.

INSTITUTIONAL RELATIONS

The Institutional Relations Directorate was established with the aim of becoming "the primary bank of choice for institutional customers" by providing financial solutions supported by collaboration within the Mandiri Group. This institutional segment fulfills business functions, serves as an agent of development, and provides supporting functions that enhance Bank Mandiri's value, such as the management of fixed non-moving assets (ATTB). The Directorate serves more than 779 customers from Ministries/Agencies, Public Service Agencies, and non-listed State-Owned Enterprises; over 1,823 value chain clients from government institutions; more than 900,000 government institution payroll clients; and manages over 1,101 ATTB locations worth Rp45.2 trillion.

To establish holistic relationships with over 759 institutional customers, the Institutional Relations Directorate offers fund placement (current accounts and time deposits), financing facilities (investment and working capital), system solutions for state revenues (taxes, customs, non-tax state revenues), and other transaction solutions such as MVA and MHAS (Dashboard System Solutions) for vertical hospitals and educational institutions. Institutional Relations segment also acts as a collaboration leader for retail and other segments, especially in managing more than 900,000 value chain government institution customers through payroll packages, bulk pre-approved KSM, bulk approval for corporate credit cards and ID cards, as well as BG Cash Loan facilities for partner entities.

Through the management of special units, the Directorate of Institutional Relations is also actively supporting government initiatives as a form of the spirit to prosper the nation. The Directorate of Institutional Relations actively contributes to government programs, including assistance for basic food supplies, Program Keluarga Harapan (PKH), Kartu Tani, Social Rehabilitation Assistance Program, Rumah Sejahtera Terpadu Program, Natural Disaster & Social Disaster Social Response Assistance, Education Assistance, and Urban Livin' Program. In its daily operations, the Directorate of Institutional Relations distributes to 3.89 million beneficiaries of the basic food program, 2.02 million PKH beneficiaries, 220,000 beneficiaries of the ATENSI anak YAPI, 29,800 beneficiaries of other programs (rumah sejahtera terpadu, natural disaster and social disaster response programs, honorariums for social rehabilitation, disaster preparedness cadets, and peace pioneers), as well as 1.8 million beneficiaries of educational assistance program.

The Directorate of Institutional Relations also functions as a support system that enhances Bank Mandiri's added value, particularly in managing ATTB and maintaining the top-of-mind awareness of customers toward Bank Mandiri and its products. In terms of ATTB management, the Directorate of Institutional Relations oversees ATTB across more than 1,101 locations spread throughout Indonesia, with asset values reaching over Rp45.2 trillion, including ADP (Asset Development Projects).

INSTITUTIONAL RELATIONS

INSTITUTIONAL RELATIONS STRATEGY FOR 2024

The strategy and business focus of the Directorate of Institutional Relations in 2024 center on growing business volumes and other operational revenues through innovative, tailor-made digital solutions. These efforts aim to support all transactions and customer needs, with 90% of customers coming from the government sector.

The Directorate of Institutional Relations also supports government-related transactions for the disbursement and receipt of state and non-state budgets, such as the State Treasury and Budget System (SPAN) of the Ministry of Finance of the Republic of Indonesia, the State Revenue Module (MPNG-2), and the State University Admission Selection (SBMPTN).

As a collaboration leader and gate opener, the Directorate of Institutional Relations establishes intensive coordination with representatives or government business heads at each regional office of Bank Mandiri. This ensures a strong focus on managing institutional relations customers within their respective regions, enabling the orchestration of business across all lines.

COMPETITIVE ADVANTAGES AND INNOVATIONS IN INSTITUTIONAL RELATIONS

The Directorate of Institutional Relations has innovated by shifting its business focus from a portfolio previously dominated by Institutional Customer Fundraising (DPK) to a balanced emphasis on Loans, achieving the following milestones:

- Loan Disbursement increased to Rp96.34 trillion in December 2024, a 32.44% (yoy) growth from Rp72.74 trillion in December 2023, while maintaining excellent credit quality with an NPL ratio of 0%.
- Third-Party Funds strengthened to Rp102.94 trillion in December 2024, a 5.15% (yoy) growth from Rp97.89 trillion in December 2023.

- Interest Income achieved a significant growth of 57.14% (yoy) to Rp5.34 trillion as of December 2024, compared to Rp3.40 trillion in December 2023.
- Fee-Based Income (FBI) reached Rp588.42 billion, grew 10.72% (yoy) as of December 2024, with major contributions from FBI Trade BG, FBI Credit Administration, and FBI Custodian.
- Optimization of working units and partners units by supporting SME loan disbursement growth of 16.68% (yoy) to Rp8.17 trillion, with the number of SME debtors reaching 1,135, as well as the disbursement of Bank Guarantees (BG) for partners units amounting to Rp61.1 trillion.
- Increased contribution to Consumer Loan, including Personal Loans (KSM), Mortgage Loans (KPR), and Credit Cards, through the optimization of Civil Servant Payroll, with the number of payroll accounts growing by 15% (yoy) to 1,019,309 CIF accounts.

The Directorate of Institutional Relations also performs its role as an agent of development and a supporting function that enhances the Bank's added value, particularly in managing ATTB and maintaining the top-of-mind awareness of customers/Bank products, including innovations in digitalization, with the following achievements:

- Undertaking efforts and negotiations to upgrade 20 SHGB rights to SHM, extend 3 SHGB HPL certificates, and extend 9 SHGB validity periods, aligning with the Ministry of SOEs' directives to accelerate certification as a form of securing ATTB from unauthorized third parties.
- Total results from the 2024 PNO collaboration for asset optimization amounting to Rp321,339 billion and cost savings from temporary asset utilization of Rp99,250 billion.
- Maintaining a strong market share in defense equipment loans, achieving 51.96% in foreign financing and 72.09% in domestic financing.

INSTITUTIONAL RELATIONS

PRODUCTIVITY AND REVENUE OF INSTITUTIONAL RELATIONS

The effective implementation of the above strategies serves a vital role in the productivity and revenue of the Directorate of Institutional Relations, as detailed below.

INSTITUTIONAL RELATIONS

Amid this credit expansion, the credit quality of the Institutional Relations Directorate remains well-maintained with zero NPL. This is driven by a highly selective financing approach, focusing on government projects/programs related to the State Budget (APBN). In addition, to maintain credit quality, Bank Mandiri also implements:

- a. Periodic and disciplined reviews of collectability and watchlist analysis.
- b. Monitoring the fulfillment of credit liabilities before maturity to prevent customers from falling into collectability two.
- c. Ensuring compliance with the terms and conditions in loan agreements.
- d. Improving business processes by enhancing the effectiveness of simultaneous loan renewal processes for customers within the same debtor group and extending loan facilities three months prior to maturity.

The Institutional Relations Directorate's portfolio rebalancing strategy in loan and institutional banking has yielded results, with an Average Low-Cost Fund Balance of Rp55.5 trillion as of December 2024.

BUSINESS PROSPECTS FOR INSTITUTIONAL RELATIONS IN 2025

Given the crucial role of the Institutional Relations (Institutional Banking) segment in supporting government, SOEs, and other institutional financing, the business prospects of this segment at Bank Mandiri are projected to remain strong in 2025. With the right strategies, Bank Mandiri can maintain its competitive edge, seize new opportunities in the institutional market, and effectively navigate challenges.

SOEs serve a significant role in national development, and Bank Mandiri consistently fosters close relationships with other SOEs. Large-scale financing will be required for major projects such as infrastructure, energy, and transportation. As one of Indonesia's largest banks, Bank Mandiri has sufficient financing capabilities to meet the working capital and investment needs of SOEs.

Public service digitalization, energy transition, and National Strategic Projects (PSN) are ongoing development initiatives supported by the Indonesian government. Through its Institutional Relations business segment, Bank Mandiri can offer banking services such as project financing, treasury, and cash management. Moreover, demand for digital solutions for institutions, such as API banking services and payment gateways, will continue to grow. In this regard, Bank Mandiri can assist government agencies and major institutions in enhancing the efficiency of financial management.

Another factor supporting the positive outlook of Bank Mandiri's Institutional Relations business segment in 2025 is the government's increasing focus, through SOEs, on sustainable financing (green financing). Bank Mandiri will undoubtedly capitalize on this momentum to offer financing solutions for renewable energy projects, energy efficiency, and green infrastructure. Furthermore, ongoing fiscal reforms will create opportunities for new development projects requiring financial support.

INSTITUTIONAL RELATIONS WORK PLAN IN 2025

The business focus of the Directorate of Institutional Relations in 2025, based on Bank Mandiri's 2025–2029 Corporate Plan, includes the following:

1. Driving the growth of funds from Ministries/Agencies and SOEs and orchestrating derivative businesses in the Wholesale and Retail segments through deepening client relationships, optimizing customer transactions, providing comprehensive financial solutions, and payroll package solutions for basic salaries and performance allowances.
2. Increasing credit growth for Ministries/Agencies and SOEs with a focus on potential, healthy sectors that can generate business value chains, such as the financial, healthcare, defense, and education sectors. This sound credit growth is also supported by comprehensive monitoring, credit policies and procedures, and enhanced

INSTITUTIONAL RELATIONS

3. Increasing fee-based income through expanded collaborations in financial services/transactions, such as custodial banking partnerships, remittance, and the distribution and receipt of APBN and Non-APBN funds through e-channel optimization.
4. Refining relationship models and account strategies by improving business processes for customers in the Ministries/Agencies and SOEs sectors, particularly in managing derivative businesses in the Wholesale and Retail segments.
5. Leading collaboration for new core business segments, Wholesale, affiliated companies,

- and Bank Mandiri subsidiaries through bundled product collaborations and payroll package solutions for customers in the Ministries/Agencies and SOEs sectors.
6. Strengthening organization and risk management by enhancing the competence and capabilities of human resources, developing monitoring systems for Ministries/Agencies and SOEs customers, and providing assistance from business expertise in the Institutional Relations segment.
7. Managing the optimization of Bank Mandiri's ATTB through digitalization to enable more than 1,000 ATTB points scattered across the country to be self-financed and support other assets.

HIGHLIGHTS PENTING

- In 2024, third-party loans from Treasury & International Banking increased by 22.15% compared to the previous year. The growth in credit was driven by loan disbursements to banks.
- On Overseas Unit, Net Interest Income reached USD175.1 million, a 13.51% increase from the previous year, while Fee-Based Income stood at USD56.8 million, grew by 12.13% year-on-year.

TREASURY & INTERNATIONAL BANKING

Bank Mandiri Treasury & International Banking segment conducts business activities related to financial institutions, capital markets, and international business through its head office, branches, and subsidiaries both domestically and internationally. The Financial Institutions Business (FIB) Group manages activities related to financial institutions and capital market operations.

Business activities with financial institutions include transactions related to trade finance, remittances, insurance company funds, and bank lending. On the other hand, capital market-related activities consist of custodian services, trustee services, and short-term credit for securities companies. Additionally, business activities encompass foreign exchange transactions, money markets, securities, and derivatives, which are managed within trading or banking portfolios. These activities are part of the treasury business and can be conducted with interbank counterparts or Non-Bank Financial Institution (NBFI) customers.

The financial institution segment includes Banks and Non-Bank Financial Institutions (NBFIs). Banks comprise both domestic and international banks, excluding Rural Banks (BPR). Meanwhile, NBFIs include private insurance companies and their affiliated financial institutions (such as insurance and reinsurance brokers), Financial Institution Pension Funds (DPLK), Employer Pension Funds (DPPK), as well as Securities Companies and Investment Managers.

Bank Mandiri's treasury business is managed by the Treasury Group, supported by nine Regional Treasury Marketing units and four dealing rooms across various regions in Indonesia to meet the needs of Wholesale and Retail customers. Bank Mandiri's diverse treasury business activities include foreign exchange transactions, money markets, fixed-income securities, international banking services, and capital market activities, serving financial institutions, corporations, commercial clients, and retail customers.

The Treasury & International Banking Directorate also oversees the Overseas Banking Network (OBN) Group, which supervises business synergies between Bank Mandiri as the parent entity and its foreign branches and overseas subsidiaries.

COMPETITIVE ADVANTAGES AND INNOVATIONS IN TREASURY & INTERNATIONAL BANKING

With a market share of 17.39% in national foreign exchange transaction volume (interbank and customer), Bank Mandiri's Treasury & International Banking is a leading player in Indonesia's treasury business segment. In recognition of its achievements, Bank Mandiri received numerous awards from various institutions throughout 2024.

Bank Mandiri received an award from Bank Indonesia as **the Best Supporting Bank for Foreign Exchange Market Development**. The Bank was also recognized as the best in Indonesia at the Alpha Southeast Asia Awards 2024, winning categories such as **Best Foreign Exchange Bank for Corporates & Financial Institutions, Best International Banking Network, Best Foreign Exchange Bank for Retail Clients, and Best Local Currency Bond Deal of the Year in Indonesia**. Moreover, Global Finance named Bank Mandiri **the Best Foreign Exchange Bank in Indonesia**.

TREASURY & INTERNATIONAL BANKING

These awards and recognitions serve as a testament to Bank Mandiri's efforts in digital transformation to meet the increasingly complex financial transaction needs of its customers. In addition, Bank Mandiri has been acknowledged for its ability to continuously innovate and develop financial transaction products and solutions. With digital support, corporations and financial institutions can expedite foreign exchange transactions at Bank Mandiri.

Furthermore, Bank Mandiri offers a diverse range of hedging products tailored to meet customer needs. These products include FX Forward, FX Par Forward, FX Swap, FX Option, Mandiri Call Spread, Interest Rate Swap, and Cross Currency Swap.

For investment needs, Bank Mandiri provides various products such as Mandiri Deposit Swap, Mandiri Market Linked Deposit, Mandiri Dual Currency Investment, and Securities. These investment options can also be customized according to customers' risk profiles and investment objectives.

Foreign exchange trading services can be accessed online through Kopra by Mandiri, allowing customers

to conduct foreign exchange transactions in real time with various benefits, including special pricing. This digital transformation enables an end-to-end exchange rate dealing process, from uploading underlying documents and executing buy-sell exchange rate deals to transaction settlement, without the need for customers to contact a dealer or visit a branch.

Bank Mandiri Treasury & International Banking provides treasury transaction services to customers across Indonesia through its head office and regional treasury offices located in Medan, Palembang, Batam, Bandung, Semarang, Solo, Surabaya, Denpasar, Balikpapan, and Makassar. Bank Mandiri also offers electronic channels such as Mandiri e-FX and Mandiri Cash Management (MCM) as solutions for customers to conduct foreign exchange transactions efficiently.

Bank Mandiri optimizes its reciprocal cooperation network with 916 correspondent banks across 73 countries, enhancing the utilization of business collaborations. These partnerships cover various areas, including treasury, trade finance, remittances, risk sharing, and bilateral financing. Meanwhile, in terms of funding,

Bank Mandiri secures more than sufficient financing from international banks and financial institutions, reflecting strong global confidence in the Bank. To support the diversification of rupiah fund placement instruments, Bank Mandiri offers corporate securities trading services, designed to meet customers' investment needs. This service provides a competitive financial instrument alternative, enabling customers to manage their portfolios more effectively. By offering this product, Bank Mandiri not only expands investment options for customers but also strengthens its position as a trusted financial partner, delivering diverse and innovative investment solutions.

In compliance with regulatory requirements, Bank Mandiri consistently meets Bank Indonesia's provisions on the Minimum Reserve Requirement (GWM). As of December 2024, the average Rupiah GWM stood at 5.21%, in line with the established limit. Meanwhile, the RIM Reserve was at 0.25%, and the PLM Reserve reached 9.17% of total Rupiah third-party funds. In addition, the average foreign exchange GWM was 4.10% of total foreign currency third-party funds, in accordance with the set limit.

TREASURY & INTERNATIONAL BANKING

transaction distribution, and create more efficient work processes while providing seamless digital services to customers.

PRODUCTIVITY AND REVENUE OF TREASURY & INTERNATIONAL BANKING

Treasury

As a leading player in the foreign exchange market for both interbank and customer transactions, Bank Mandiri continues to strengthen market penetration through a more aggressive approach. This strategy aims to offer a diverse range of product solutions to customers. Additionally, Bank Mandiri remains committed to developing treasury products based on structured solutions, focusing on yield enhancement and risk protection through hedging, which has been well received by both the Wholesale and Retail segments.

In 2024, total revenue from Treasury Fee-Based Income reached Rp4.58 trillion, supported by Foreign Exchange Transaction revenue of Rp2.05 trillion and Securities Transaction revenue of Rp1.66 trillion.

TREASURY & INTERNATIONAL BANKING STRATEGY IN 2024

In 2024, Bank Mandiri continued to enhance its extensive one-stop solution services for bank counterparties. Beyond focusing on financing and funding products, the Bank also provided integrated services with other domestic banks to meet customer needs through the utilization of Bank Mandiri's digital channels. In the capital market, Bank Mandiri is actively optimizing the use of its new core custody system, which includes the implementation of online custody services. This enables customers to access their portfolios in real time and submit instructions online.

On overseas units, Bank Mandiri continued to enhance its role by increasing the assets of overseas branches through both loan disbursement and the expansion of securities and trade asset portfolios. Overseas units also proactively collaborated with business units at the head office and counterpart banks to explore business opportunities and extend credit to managed customers who meet the Bank's criteria. Additionally, overseas units strengthened treasury transaction activities, increase trade financing volume, develop cross-border supply chain business, expand wealth management services, enhance remittance

TREASURY & INTERNATIONAL BANKING

TREASURY & INTERNATIONAL BANKING BUSINESS OUTLOOK FOR 2025

In 2025, the business prospects for Bank Mandiri's Treasury & International Banking segment remain promising. This segment is supported by economic growth, advancements in global financial markets, and increasing international trade activities, making it one of the Bank's key pillars. Amid global economic uncertainties, Indonesia continues to strengthen its role in global trade, particularly through increased exports of key products such as commodities, manufacturing goods, and agricultural products. Bank Mandiri aims to capitalize on this momentum by enhancing its trade finance services, including letter of credit (L/C), standby L/C, and documentary collections.

Bank Mandiri will also continue to optimize foreign exchange trading volume, which is expected to grow in line with increasing international trade and customers' hedging needs. With strong liquidity, Bank Mandiri is well-positioned to be a key player in both the domestic and regional forex markets. As such, the Treasury & International Banking segment is projected to remain one of the Bank's main revenue contributors in 2025, supported by economic growth, financial market developments, and growing global trade activity. With a strategy focused on digitalization, market diversification, and product innovation, Bank Mandiri has significant potential to maintain its position as a market leader in this segment.

TREASURY & INTERNATIONAL BANKING WORK PLAN FOR 2025

Bank Mandiri Treasury & International Banking has prepared various strategies to maximize opportunities in 2025. The strategic plan aims to position the Bank as the main transaction bank, maintain low-cost funding, and reinforce its status as the largest lender. Bank Mandiri will leverage its strong liquidity to provide financing and funding

solutions, including bank loans and an active role as a primary dealer. In terms of digitalization development, Bank Mandiri aims to build synergies with other domestic banks by leveraging its digital infrastructure and ecosystem to support its mission of becoming the main transaction bank. For the Non-Bank Financial Institution (IKNB) segment, the Bank will optimize the capabilities of Livin' and Kopra, as well as its retail and wholesale segments, to create a closed-loop ecosystem and expand solutions for IKNB's extended ecosystem.

Beyond focusing on business development, the Treasury & International Banking segment will continue to innovate in response to the growing trend of digital banking services. The focus will be on creating more efficient work processes and providing seamless digital services for customers. In the capital market, Bank Mandiri will optimize the use of its new core custody system, which will be integrated with the Bank's digital services to enhance the user experience, particularly for retail customers.

From the perspective of overseas units, Bank Mandiri continues to enhance its services by upgrading various systems, including the core banking system, Kopra Beyond Border enhancement, Collateral Management System, and the implementation of the New Treasury Core System. Additionally, efforts to grow assets through loan disbursement, as well as the expansion of securities and trade asset portfolios, will continue to be developed. Overseas units proactively collaborate with business units at the head office and counterpart banks to explore business opportunities and extend credit to managed customers who meet the Bank's criteria. Overseas units will also enhance their participation in international syndications. Looking ahead, overseas units will further strengthen treasury transaction activities, increase trade service and financing volumes, develop cross-border supply chain business, expand wealth management services, and enhance remittance transactions. In the retail segment, this includes providing digital services for Indonesian migrant workers (PMI).

RETAIL BANKING

RETAIL BANKING

PERFORMANCE SUMMARY

KEY HIGHLIGHTS

Bank Mandiri's Retail Banking loans reached Rp397.44 trillion as of December 2024, reflecting a 10.99% growth from Rp358.07 trillion in December 2023. This achievement was driven by the optimization of the value chain for retail customers and the Wholesale customer ecosystem. In addition, the convenience of submitting retail loan applications through Livin' has contributed to the growth of Bank Mandiri's consumer retail loan business. The digital onboarding process for productive microcredit customers in 2024, carried out in collaboration with e-commerce companies, has been a game changer in expanding the productive micro-retail loan business.

Bank Mandiri's retail banking business delivered an impressive performance, recording Third-Party Funds (TPF) of Rp827.45 trillion as of December 2024. This figure represents a significant year-to-date (ytd) growth of 21.79% compared to Rp679.83 trillion in the previous year. The growth in TPF reflects the increasing customer confidence in Bank Mandiri's retail banking services and products.

In addition, loan disbursement also increased to Rp358.07 trillion, reflecting a growth of 10.99% (ytd) from Rp358.07 trillion in the same period the previous year. This underscores Bank Mandiri's strategic role in driving financing in the retail sector, in line with its commitment to supporting national economic growth.

The growth in loan disbursement in the Retail segment also contributed to the increase in Net Interest Income (NII) for the segment, which grew by 10.11% year-on-year (yoy) to Rp50.60 trillion as of December 2024. This achievement reflects Bank Mandiri's success in optimally managing its loan portfolio and increasing interest income from the retail segment.

Meanwhile, Fee-Based Income from the Retail segment also recorded a growth of 4.41% (yoy), reached Rp13.91 trillion as of December 2024. This increase was driven by the growing number of customers utilizing Bank Mandiri's digital services, reinforcing the success of its digitalization strategy in expanding non-interest income.

According to Bank Mandiri's 2021–2024 Corporate Plan, one of its strategic focus areas is retail banking, particularly the Micro, Small, and Medium Enterprises (MSME) sector. The business activities managed by Bank Mandiri's Retail Banking segment include the following subsegments:

1. Micro Banking is responsible for managing individual customers, cooperatives, and business entities that meet the criteria for a maximum loan limit of Rp1 billion, as well as overseeing Branchless Banking Agents.
2. Small Medium Enterprises (SME) is responsible for managing individual customers, cooperatives, business entities, and legal entities that qualify for a maximum loan limit of Rp25 billion.
3. Consumer Loan is responsible for managing individual customers, cooperatives, and business entities that meet the criteria for consumer loans, including financing for home and motor vehicle purchases.
4. Credit Card is responsible for managing individual and corporate customers who meet the requirements to obtain a credit card.
5. Retail Deposit is responsible for managing savings and deposit accounts.
6. Wealth Management is responsible for managing individual customers through premium banking services, including portfolio management, and developing investment products such as mutual funds and securities in accordance with customer needs.

Retail Banking offers a variety of products as follows:

1. Loans, including consumer financing such as Home Ownership Loans (KPR), Mandiri Multipurpose Loans, Livin' Paylater, Vehicle Loans (KKB), credit cards, and productive financing loans for MSME customers.
2. Third-Party Funds, including Mitra Usaha Savings (TabunganMU) and Business Savings (Tabungan Bisnis).
3. Transaction services, including Mandiri Internet, Mandiri Internet Business, and Mandiri Cash Management to support the transactional needs of Retail Banking deposit customers.

RETAIL BANKING

RETAIL BANKING

COMPETITIVE ADVANTAGES AND INNOVATIONS IN RETAIL BANKING

Bank Mandiri drives the growth of Retail Banking loans by strengthening its competitive advantage in expanding the downstream ecosystem of Wholesale customers. As a result, payroll customers within the Wholesale customer ecosystem have become a key focus for Retail Banking loan growth. The continuous refinement of data analytics and big data utilization enables Retail customers to receive more tailored offers. Additionally, the ongoing integration of Retail loan onboarding through the Livin' by Mandiri application has expanded throughout 2024, contributing positively to the growth of the Retail loan business.

To meet the needs of Retail customers, Bank Mandiri continues to optimize and focus on flagship businesses in each region to expand productive Retail lending. This approach, combined with the development of Retail business opportunities within the Wholesale customer ecosystem, has become a game changer in driving the growth of productive Retail loans targeted at micro, small, and medium entrepreneurs.

To expand its customer base, Bank Mandiri has partnered with Fintech and e-commerce companies. The underwriting process for productive Retail loans has become faster and more secure while also refining target market segmentation. Through the digitalization of productive Retail lending, including Digital Offering, New LOS, and Mandiri Pintar, Bank Mandiri can keep pace with the industry's aggressive growth while maintaining prudence and healthy credit quality. Bank Mandiri's Retail Banking continues to innovate, providing both digital and non-digital services to meet customer needs.

RETAIL BANKING STRATEGY FOR 2024

In 2024, Bank Mandiri aims to sustain the positive performance trend of Retail Banking through the following strategies:

1. Maximizing business potential within the customer ecosystem by fostering synergy between the retail and wholesale segments to unlock business opportunities, launching thematic programs aligned with market conditions and customer needs, and ensuring a seamless process to enhance customer convenience, enabling credit growth while maintaining healthy credit quality.
2. To strengthen liquidity, Bank Mandiri will focus on acquiring business potential from the micro, business, individual, and payroll segments, optimizing cross-selling opportunities and transactions to enhance customer fund volume, particularly from debtors, and maximizing fund potential within the closed-loop transaction ecosystem of its customers.
3. The Bank will continue optimizing its digital platforms to enhance fee-based income through several initiatives, including:
 - a. Expanding the Livin' Super App to acquire business and individual customers, drive daily transaction usage, and enrich use cases such as Livin' Sukha, Livin' Investment, and Mandiri Credit Cards as sources of funds.
 - b. Optimizing the merchant and card business to expand the ecosystem through merchant acquisition, integrated business solutions, and game-changing initiatives such as Livin' Merchant, Digital Merchant Activation, cross-border transactions with competitive exchange rates, and increasing installment transactions for credit cards.
4. On the business process side, improvements will be made through branch transformation, network optimization, and people development.

RETAIL BANKING PRODUCTIVITY AND REVENUE

The productivity and revenue of Retail Banking in 2024 are as follows:

Retail Banking Performance

(In Rp Million)

Description	2024	2023	Growth	
			Nominal	%
Total Third-Party Funds	827,445,924	679,380,210	148,065,714	21.79
Total Kredit	397,443,310	358,074,141	39,369,169	10.99
Total Fee Based Income	13,919,400	13,331,310	588,090	4.41
Total Net interest Income	50,601,503	45,953,743	4,647,760	10.11

As of December 2024, Retail Banking successfully recorded Third-Party Funds (TPF) of Rp827.45 trillion, reflecting a growth of 21.79% (ytd) from Rp679.83 trillion in the previous year. Meanwhile, loan disbursement increased to Rp397.44 trillion, marking a growth of 10.99% (ytd) from Rp358.07 trillion in the previous year, driven by economic recovery and improved consumer purchasing power throughout 2024.

The increase in retail loan disbursement also drove the growth of Net Interest Income (NII) in

the retail segment, which rose by 10.11% (yoy) to Rp50.60 trillion as of December 2024. This reflects Bank Mandiri's success in effectively managing its loan portfolio and increasing interest income in the retail segment. Meanwhile, Fee-Based Income from the retail segment grew by 4.41% (yoy), reaching Rp13.91 trillion as of December 2024. This growth was supported by a higher number of clients utilizing Bank Mandiri's digital services, demonstrating the success of its digitalization strategy in expanding non-interest income.

Micro Loans

Bank Mandiri micro loans and/or Micro Banking segment consists of Micro Business Loans (KUM), People's Business Loans (KUR), and Mandiri Multipurpose Loans (KSM). KUM and KUR are business/productive financing loans designed to help borrowers scale up their businesses or meet working capital financing needs. Meanwhile, KSM caters to various customer financing needs without requiring collateral. The micro loan performance by loan type as of December 2024 – December 2023 is as follows:

Micro Loans by Loans Type

(In Rp Million)

Description	2023		2024		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(Rp Million)	(%)
Micro Business Loans (KUM)	26,881,324	14.30	20,508,333	12.22	6,372,992	31.08
People's Business Loans (KUR)	63,913,776	33.99	62,311,294	37.11	1,602,482	2.57
Mandiri Multipurpose Loans (KSM)	97,230,136	51.71	85,058,779	50.67	12,171,356	14.31
Total Loans	251,939,013	100.00	167,878,406	100.00	20,146,830	12.00

Bank Mandiri's micro segment successfully recorded a total loan portfolio of Rp251.94 trillion in December 2024, grew by 12.00% (ytd) compared to the previous year. This growth was primarily driven by an increase in KSM, which reached Rp97.23 trillion, up 14.31% (ytd) from Rp85.06 trillion in 2023. Meanwhile, KUM and KUR stood at Rp26.88 trillion and Rp63.91 trillion, reflecting year-to-date growth of 31.08% and 2.57%, respectively, compared to their positions in 2023.

RETAIL BANKING

In 2024, the trade sector received the majority of KUM and KUR disbursements. Meanwhile, KSM was primarily granted to payroll segment government employees (civil servants, military/police personnel, and SOE employees), who are considered lower-risk borrowers, while selective growth was maintained in the private employee segment. To identify key opportunities in each region, Bank Mandiri focused on employees within

the value chain ecosystem of Wholesale Banking customers and collaborated with its subsidiaries to reach the target market. In addition, KSM disbursement was facilitated through digital channels (Livin' by Mandiri), ensuring a cost-efficient, fast, and seamless credit acquisition process, demonstrating the Bank's commitment to enhancing service quality for its customers.

Branchless Banking

In 2024, Bank Mandiri recorded a total of 110,672 Mandiri Agen, consisting of 110,481 individual agents and 191 corporate entities. The optimization of Mandiri Agen's population and the digitalization of its processes continued as part of the Bank's Branchless Banking business strategy. The impact of these efforts was reflected in the increased volume of agent transactions, reaching 72.9 million transactions in 2024 with a total transaction value of Rp81.5 trillion. Additionally, the number of customers within the agent ecosystem grew by 12.5% yoy. By the end of 2024, Mandiri Agen had 3.1 million customers, with total funds collected amounting to Rp20.6 trillion, a 17.2% yoy increase.

Mandiri Agen

2020	2021	2022	2023	2024
134.518	162.416	156.191	130.100	110.672

The Branchless Banking network continues to be strengthened through the implementation of the Mandiri Agen application as part of the digitalization of Branchless Banking products and services. By 2024, the number of Mandiri Agen application users had reached 61,300 agents, or around 55.4% of the total Mandiri Agen population. This was a 65.4% increase compared to 2023, and will continue to ensure that all Mandiri Agen adopt the application moving forward.

Bank Mandiri also collaborates with the Ministry of SOEs and the Social Affairs Office to make Branchless Banking agents as distribution agents for social assistance, Kartu Tani program, Keluarga Harapan Program (PKH), and Non-Cash Food Assistance (BPNT), as well as Village-Owned Enterprises (BUMDes).

RETAIL BANKING

Small and Medium Enterprises Loans

In the SME segment, customers engaged in high-potential business sectors can receive a credit limit of up to Rp25 billion from Bank Mandiri to support their working capital and investment needs.

Description	2024		2023		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(Rp Million)	(%)
Working Capital Loans	32,636,719	37.68%	34,159,089	44.62%	(1,522,370)	(4.46)%
Investment Loans	28,546,098	32.96%	18,777,031	24.53%	9,769,067	52.03%

Total SME Loans	32,636,719	37.68%	34,159,089	44.62%	(1,522,370)	(4.46)%

Bank Mandiri recorded total SME loans of Rp86.62 trillion as of December 2024, reflecting a growth of 13.15% (yoy) from Rp76.55 trillion in December 2023. A significant portion of the loans disbursed consisted of Trust Receipt loans, which saw a substantial growth of 183.96%.

Bank Mandiri focuses the growth of the SME segment on acquiring businesses that are part of the value chain of Wholesale customers, which represent the bank's core competencies, as well as acquiring businesses from key regional sectors or ecosystems. This acquisition strategy is carried out prudently, ensuring the quality of the portfolio, with the Non-Performing Loan (NPL) ratio maintained at 0.92% as of December 2024.

The increase in SME loans was supported by the growth of Trust Receipt loans, which expanded by 183.96%, equivalent to Rp2.62 trillion, as detailed in the following table:

RETAIL BANKING

Consumer Loans

Through consumer loans, Bank Mandiri provides customers with financing solutions for home ownership, vehicles, credit cards, and multipurpose loans. For new and/or second-hand home financing, Bank Mandiri has partnered with leading developers at both the national and regional levels, as well as several prominent brokerage agencies across Indonesia.

In vehicle financing, Bank Mandiri collaborates with its two subsidiaries, Mandiri Tunas Finance (MTF) and Mandiri Utama Finance (MUF). Through this partnership, Bank

Mandiri customers can apply for financing for both new and used two-wheel and four-wheel vehicles, as well as multipurpose vehicle loans across Indonesia.

To capitalize on the potential increase in consumer spending in 2024, Bank Mandiri actively innovates its credit card products in the retail segment. Therefore, the Bank continues to enhance the synergy between Mandiri Credit Cards and the Super App Livin' by Mandiri to provide customers with a seamless digital transaction experience.

As of December 2024, Bank Mandiri's consumer loans reached Rp122.77 trillion, grew by 8.26% (ytd) compared to Rp113.41 trillion in December 2023. This growth was primarily driven by Mandiri Mortgage Loans, which increased by Rp9.48 trillion or 16.93% (ytd), reached Rp65.41 trillion in 2024. The increase in consumer loans also contributed to higher Fee-Based Income, which grew by 14.85% (yoy) to Rp3.71 trillion from Rp3.23 trillion in the same period the previous year.

Mandiri Mortgage Loans (Mandiri KPR)

Mandiri KPR is Mortgage Loans offered by Bank Mandiri to individuals for purchasing residential houses, apartments, shophouses, or office houses, either through developers or independent purchases. The features of Mandiri KPR include:

- Mandiri KPR (New Booking)**
Financing for the purchase of residential houses, apartments, shophouses, or office houses either new or second. Purchases can be made through developers or non-developers.
- Mandiri KPR Take Over**
Financing for mortgage takeovers from other banks, with a maximum credit limit equivalent to the latest outstanding loan balance at the originating bank or with an additional credit limit based on the bank's assessment. If the total amount exceeds the previous outstanding balance, the excess funds can be used to meet various other needs.
- Mandiri KPR Top Up**
An increase in the credit limit for Mandiri KPR that have been active for at least one year, provided that installment payments have been current for the past six months. The additional credit limit allows borrowers to meet various other financial needs.

The efforts of Bank Mandiri in enhancing the Mandiri KPR business during 2024 are as follows:

A. Optimizing FLPP Distribution for the Community
Bank Mandiri continues to reinforce its commitment to supporting housing needs by providing Mortgage Loans (KPR) for both subsidized and non-subsidized segments. Specifically for Low-Income Communities (MBR), Bank Mandiri actively facilitates mortgage loans under the Housing Financing Liquidity Facility (FLPP) scheme, aiming to improve access to affordable and decent homeownership.

In line with the government's efforts to reduce the housing supply backlog, by the end of 2024, Bank Mandiri had disbursed 6,133 new KPR units under the FLPP scheme. This achievement represents a 63% (yoy) growth, with credit quality maintained at an optimal level.

RETAIL BANKING

RETAIL BANKING

As an agent of change and a government partner, Bank Mandiri welcomes and supports the government's plan to increase the FLPP quota for 2024 by 34,000 units. Bank Mandiri believes that the property sector has the potential to create a multiplier effect in driving national economic growth. Furthermore, the expansion of FLPP mortgage disbursement will continue, focusing on strengthening housing supply and expanding demand beyond the Fixed Income (employee) segment to include the Non-Fixed Income segment, which still holds significant potential.

With BP TAPERA as the coordinator of the FLPP program, Bank Mandiri aims to ensure that FLPP disbursement in 2024 is executed effectively and continues sustainably through 2025. To achieve this, Bank Mandiri is leveraging digital platforms to market KPR and introducing innovative, adaptive, and solution-oriented transactions for the community through the Livin' KPR feature in the Super App Livin' by Mandiri.

This aligns with Bank Mandiri's objective to become the top-of-mind provider for comprehensive banking solutions across all segments of society. Additionally, Bank Mandiri aims to position itself as an urban everyday banking institution, catering to financial needs and delivering integrated business solutions.

Not only that, in celebration of its 26th anniversary, Bank Mandiri has also prepared the KPR Sejahtera Non-FLPP program to continue supporting housing distribution for the MBR segment with affordable interest rates and credit costs, starting from a 7.50% fixed rate for 10 years. Meanwhile, for KPR, customers can enjoy a special anniversary provision fee of 0.26% and a special anniversary administration fee of 0.026%.

B. Bank Mandiri Green Mortgage (KPR Hijau)

Bank Mandiri continues to innovate in developing sustainable financial products that contribute to green property development. This green financing innovation is part of Bank Mandiri's efforts to integrate the Environmental, Social, and Governance (ESG) framework into its financial products through the Sustainable Banking pillar.

As of December 2024, Bank Mandiri recorded loan disbursement for environmentally friendly buildings that meet standards/certifications reaching Rp6.3 trillion. This includes retail financing through the Green Mortgage (KPR Hijau) program, contributing to the growth of Bank Mandiri's total sustainable portfolio to Rp292.5 trillion, an increase of 10.8% (yoy) over the same period.

The Green Mortgage (KPR Hijau) is a financing facility for customers to purchase residential properties that have received green building certification from a rating agency. Bank Mandiri launched the Green Mortgage financing to raise customer and public awareness of the importance of environmentally friendly housing. As awareness continues to grow, demand for green properties is expected to increase in the future.

Since its launch in May 2024, KPR Hijau has offered various promotions to attract customers. These include a low interest rate of 2.7%, a 0% down payment, and reduced mortgage fees. These incentives are expected to make the Green Mortgage more appealing to a wider customer base, thereby increasing interest and awareness in green properties.

Going forward, Bank Mandiri remains committed to supporting the growing demand for green properties in Indonesia through the KPR Hijau. This aligns with the government's target of reducing emissions to achieve Net Zero Emission (NZE) by 2060 or sooner. This commitment is in line with Bank Mandiri's vision to become Indonesia's Sustainable Champion for a Better Future. As part of the banking sector, Bank Mandiri can contribute to emission reductions in other sectors through its financial products.

Bank Mandiri is collaborating with NavaPark BSD, South Tangerang, a project that received a Greenship certification with a platinum rating from the Green Building Council Indonesia (GBCI) in 2022. This rating was awarded following an assessment across several categories, including land ecological enhancement, movement and connectivity, water management and conservation, solid waste and materials, community well-being strategy, building and energy, and innovation and future development.

C. Digital Mortgage with Livin' KPR

Bank Mandiri continues to innovate by providing homeownership solutions for customers through the Livin' KPR feature in the beyond super app, Livin' by Mandiri. This feature enables customers to apply for a mortgage more easily and quickly in a single app.

Various challenges, such as difficulties in meeting home loan requirements, high interest rates, and a complex application process, often lead many people to postpone homeownership or not yet consider housing as a primary long-term investment. The Livin' KPR feature is part of Bank Mandiri's ongoing efforts to deliver added value to its customers.

The Livin' KPR feature serves as an innovative solution to streamline the mortgage financing process, making it more seamless by ensuring a fast and efficient application process. Customers can benefit from a wide selection of properties, competitive interest rates,

discounted provision fees, and a simplified mortgage application process, all available through Bank Mandiri.

Additionally, Livin' KPR makes it easier for customers to find properties based on their price preferences and nearby public facilities while allowing them to explore every corner of a property as if they were there in person through the Virtual Tour 360° experience. Livin' KPR also offers flexibility in financial planning with the Installment Simulation feature and provides real-time mortgage application tracking through the KPR Tracking feature, enabling customers to monitor their application status seamlessly.

Bank Mandiri hopes that the Livin' KPR feature will make it easier for more customers to own their dream homes, creating a more meaningful future for everyone. The introduction of Livin' KPR is also expected to optimize mortgage acquisitions and further enhance the Mandiri KPR portfolio in 2024.

RETAIL BANKING

Mandiri Vehicle Loans (Mandiri KKB)

Bank Mandiri reaffirms this commitment through the signing of a Memorandum of Understanding (MoU) with PT BYD Motor Indonesia. This collaboration aligns with Bank Mandiri's mission to become Indonesia's Sustainability Champion for a Better Future, starting with support for environmentally friendly lifestyle changes within society.

In line with the role of SOEs as agents of change, Bank Mandiri will provide various financial support and strategic banking services needed by BYD, including optimizing its financing subsidiaries, Mandiri Tunas Finance and Mandiri Utama Finance, to strengthen and enhance the electric vehicle ecosystem comprehensively.

Moreover, this collaboration includes facilitating the procurement of operational vehicles, particularly electric vehicles from the BYD Group, while leveraging digital banking products such as Kopra and Livin' by Mandiri to strengthen the BYD ecosystem. Beyond that, the partnership is expected to contribute to Indonesia's transition toward net zero emissions (NZE) by 2060, accelerating the country's green economy through the development of sustainable financing and financial products.

Green financing has been directed toward sustainable sectors, including renewable energy such as hydro and geothermal power plants, transportation, and the end-to-end electric vehicle ecosystem. In line with this, Bank Mandiri has established an ESG Desk as a point of contact for customers, particularly in the Wholesale segment, providing sustainable financing solutions such as Green Loans, Sustainability-Linked Loans, and corporate-in-transition financing. Additionally, the ESG Desk serves as an advisor for corporate clients in developing their ESG Framework.

Mandiri Vehicle Loan (Mandiri KKB) is a motor vehicle financing facility for individual customers. The benefits of Mandiri KKB include competitive interest rates, simple document requirements, a fast application process, and flexible payment methods.

Currently, customers and the Indonesian public can apply for vehicle loans through Livin' Sukha under the "Nycil Otomotif" menu. Additionally, Bank Mandiri has revamped the vehicle financing application process on its website at <https://bmri.id/formkkb> to provide easier access for loan applications.

In 2024, Bank Mandiri further strengthens its commitment to sustainable economic growth by promoting environmentally friendly business practices, including in the Mandiri KKB segment. One of its key initiatives is supporting the expansion of the electric vehicle ecosystem by offering a range of banking products and financing services that the public can access.

RETAIL BANKING

Mandiri Kredit Cards

Mandiri Credit Card is a credit facility provided to customers in the form of a card issued by Bank Mandiri, offering a variety of features and benefits to cater to customers' needs and lifestyles anywhere, with acceptance at merchants worldwide through the Visa, Mastercard, and JCB networks.

Mandiri Credit Card Growth

Kredit Cards	2024	2023	Growth (%)
Outstanding (Rp Trillion)	19.3	16.7	15.4

RETAIL BANKING

To expand its credit card business and provide the best financial solutions to customers throughout 2024, Bank Mandiri continues to innovate by issuing co-branded credit cards in partnership with various strategic partners and communities in Indonesia.

Bank Mandiri, in collaboration with Lippo Mall Indonesia, launched the Mandiri Lippo Malls Card. This co-branded credit card is designed to complement customers' lifestyle and daily needs, offering numerous benefits at Lippo Malls across Indonesia.

Bank Mandiri also issued the CoBrand MyPertamina credit card, specifically designed for customer transactions at Pertamina gas station merchants and automotive-related merchants.

Bank Mandiri also issued a credit card dedicated to donating to the Buddha Tzu Chi Foundation, the specially designed Mandiri Tzu Chi Card. This specially designed credit card was created to facilitate customers who wish to donate to the Buddha Tzu Chi Foundation.

RETAIL BANKING

In addition, Bank Mandiri collaborated with renowned Korean stars Park Seo Joon and Kim You Jung to launch a specially designed product innovation aimed at young customers who love K-Dramas: the Mandiri Credit Card Special Design featuring Park Seo Joon and Kim You Jung.

Moreover, customers can also enjoy the convenience of conducting transactions with Mandiri Credit Card digitally. Through the Livin' by Mandiri app, the Mandiri Credit Card can be used for a variety of services and features, providing ease and flexibility. One of its standout features is the Virtual Card, which enables users to access card credentials virtually, making it safer and faster to carry out online transactions.

Another feature, Power Installment, allows cardholders to convert large transactions into light installments of up to 36 months, giving them more flexibility in managing their finances. In addition, the Power Cash feature available on Livin' by Mandiri enables near real-time instant cash withdrawals with competitive interest rates starting at 0%.

As a result of these innovations and ecosystem expansions, by the end of December 2024, Mandiri Credit Card recorded a 29.2% year-on-year (yoy) growth in transaction value. At the same time, the outstanding balance for Mandiri Credit Card grew significantly, increasing 15.4% (yoy) to Rp19.3 trillion.

RETAIL BANKING

Retail Deposit

Bank Mandiri remains focused on the retail segment for fund collection, particularly in accumulating low-cost funds (current accounts and savings). The growth of retail low-cost deposits in 2024 showed a positive trend, with the average balance of current accounts and savings reaching Rp170.34 trillion, marking a 7.73% increase compared to the 2023 average balance of Rp158.48 trillion.

Retail Deposits Funding by Products

(In Rp Million)

Description	2024		2023		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(Rp Million)	(%)
Giro dan Tabungan	187,432,302	84.98%	174,900,873	82.74%	12,531,429	7.16%

Total	220,555,942,60	100.00%	212,089,120	100%	8,466,823	3.99%

Bank Mandiri recorded total retail deposits of Rp220.6 trillion, reflecting a 4.0% increase compared to Rp212.1 trillion in 2023.

Wealth Management

Bank Mandiri's Wealth Management offers a comprehensive range of financial and investment services tailored to meet the diverse needs of its priority and private clients. Bank Mandiri remains optimistic about continued growth in its Wealth Management business throughout 2024, targeting a 15% (yoy) increase in priority and private clients and over 13% (yoy) growth in managed funds. In 2024, Bank Mandiri was also recognized with the "Best Domestic Private Bank" and "Best Digital Solutions" awards at the Euromoney Private Banking Awards.

The Wealth Management products offered by Bank Mandiri include:

Mutual Funds

As a Mutual Fund Selling Agent (APERD), Bank Mandiri handles the sale of mutual fund securities under agreements with mutual fund managers. Bank Mandiri has been registered as an APERD with the Financial Services Authority (OJK) since 2007. In offering mutual fund products to clients, Bank Mandiri partners with nine highly competent investment managers.

The mutual fund products marketed through Bank Mandiri are as follows:

1. A Money Market Mutual Fund is a mutual fund that invests exclusively in domestic money market instruments and/or debt securities with a maturity of less than one year.

2. A Fixed Income Mutual Fund is a mutual fund that invests at least 80% of its Net Asset Value in debt securities issued by either the government or corporations. This type of mutual fund is available in two denominations: Rupiah and US Dollar.
3. A Mixed Mutual Fund is a mutual fund that invests in equity securities, debt securities, and/or domestic money market instruments, with each category comprising no more than 79% of its assets. The portfolio must include both equity and debt securities.
4. An Equity Mutual Fund is a mutual fund that allocates at least 80% of its assets in equity securities. This type of mutual fund is available in two denominations, namely Rupiah and US Dollar.

RETAIL BANKING

5. Index Mutual Fund is a mutual fund that are managed to achieve investment returns that closely mirror a specific benchmark index, which can be either a Bond Index or a Stock Index.
6. A Protected Mutual Fund (RDT) is a mutual fund that provides protection for the investor's initial investment through its portfolio management mechanism. The Investment Manager of the Protected Mutual Fund will allocate part of the managed funds into debt securities that fall

under the investment-grade category, ensuring that at maturity, the value of these debt securities at least covers the amount of the protected principal.

7. A Limited Participation Mutual Fund (RDPT) is a mutual fund that pool funds from professional investors and subsequently invests them in a securities portfolio based on real-sector activities. These real-sector activities include, directly or indirectly, activities related to the production of goods, the provision of services in

the real sector, and may involve, but are not limited to, the production of goods and/or the working capital needed for such activities.

Bank Mandiri continues to consistently introduce innovations designed to expand its Mandiri Prioritas service network, thereby strengthening its Wealth Management business. As a strategic move to attract premium clients in emerging business areas throughout 2024, the Bank reintroduced its Prioritas outlets, including a relaunch in Jayapura, Papua.

RETAIL BANKING

The potential for priority and private customer growth in Papua is quite significant. This is reflected in the 884 priority customers in the Papua region. Currently, Mandiri Prioritas has a total of more than 69,000 customers. Growing together with its customers is Bank Mandiri's top priority. Through Mandiri Prioritas services, the Bank is committed to delivering exceptional banking experiences while providing the best financial solutions to its customers.

By developing an integrated network, Bank Mandiri recognizes the premium segment's significant potential for future growth. The Bank is committed to consistently providing the best services to priority customers in Papua and its surrounding areas. Through the relaunching of the Priority outlet in Jayapura, Bank Mandiri aims to strengthen relationships with customers and offer top-tier financial solutions to support their business growth.

Bank Mandiri offers a suite of specialized services designed exclusively for Priority Customers. These include a Dedicated Relationship Manager who provides advisory services to help optimize customers' asset and financial management. Bank Mandiri also offers exclusive services for priority and private customers, such as executive lounge access, premium airport assistance, safe deposit boxes, waived annual credit card fees, market updates,

and invitations to attend a range of exclusive events that support the growth of their businesses.

Beyond these traditional services, Bank Mandiri also provides digital innovations through Livin' by Mandiri for personal financial needs and Kopra by Mandiri for business requirements. Through its Wealth Management business segment, Bank Mandiri delivers tailored services that meet both the business and lifestyle needs of customers. This includes integrated solutions in collaboration with business units and subsidiaries, ensuring customers receive the best financial services available.

Through its range of service and product innovations as well as accelerated digital transformation, Bank Mandiri earned the prestigious award for Best Domestic Private Banking in Indonesia at the 2024 Euromoney Private Banking Awards. This recognition reinforces Bank Mandiri's position as a committed provider of transactional and investment solutions for its customers.

The accolade highlights Bank Mandiri's commitment to delivering high-quality services and achieving significant growth. This success stems from the bank's superior service quality, extensive reach, and diverse banking and investment products, including innovative digital solutions. Concierge services via debit and credit cards, a

wide array of lifestyle events, and outstanding investment management capabilities place Bank Mandiri at the forefront of the industry.

The number of Wealth Management customers at Bank Mandiri reached an all-time high, exceeding 69,000 managed customers by the end of December 2024. This represents a growth of more than 9,000 customers compared to the same period the previous year. This strong growth contributed to the performance of Bank Mandiri Wealth Management, with total managed funds increasing by over 13% (yoy).

In addition, Bank Mandiri earned the award for Best Digital Solutions in Indonesia, resulted by enhancements to the Livin' Investment feature in the Livin' by Mandiri app. This innovation enables customers to invest in mutual funds and bonds directly from their phones, improving convenience and efficiency in financial management.

Bank Mandiri continues to enhance its portfolio communication, growth insights, returns information, and investment simulations, further solidifying its position as a bank that prioritizes customer experience. Relationship Managers can focus more on providing investment advisory services by leveraging advanced technology, resulting in more accurate and beneficial advice for clients.

RETAIL BANKING

RETAIL BANKING

These achievements are a testament to the trust that customers place in Bank Mandiri, driving the Bank to continue growing and innovating. Bank Mandiri remains committed to delivering innovative transaction and investment solutions tailored to customer needs, reinforcing its status as a leading bank in Indonesia.

In 2024, customers can enjoy a range of attractive programs and offers when transacting mutual funds through Livin' by Mandiri, among others:

Productivity and Revenue of Wealth Management Products – Mutual Funds

(In Rp Million)

Asset Under Management (AUM)	Mutual Funds with AUM				Mutual Fund Products Income

In 2024, Bank Mandiri's Retail Banking recorded total Wealth Management Assets Under Management (AUM) of Rp24.74 trillion, up 3.7% compared to the previous year's achievement of Rp23.87 trillion. Meanwhile, Wealth Management Fee-Based Income stood at Rp206.08 billion, a decrease of -11.4% compared to Rp232.63 billion in 2023.

Primary and Secondary Market Retail Government Bonds

Retail Government Bonds (SBN) are sovereign securities issued by the Government specifically for retail investors in the primary market. The payment of interest and principal is guaranteed directly by the Republic of Indonesia according to the terms of the bonds. Bank Mandiri offers two types of Primary Market Retail Government Bonds: Government Bonds (SUN) and Sharia Sovereign Securities (SBSN). SUN comprises Retail Government Bonds (ORI) and Retail Savings Bonds (SBR), while SBSN includes Retail Sukuk (SR) and Savings Sukuk (ST).

In addition to offering Primary Market Retail Government Bonds, Bank Mandiri also provides secondary market bonds to its customers. These secondary market transactions are conducted in collaboration with the Treasury Group.

Volume and Revenue of Primary Market Retail Government Securities

(In Rp Million)

Asset Under Management (Volume)	Initial Securities with Volume				Initial Securities Income			
	2024	2023	Growth		2024	2023	Growth	
			(Nominal)	(%)			(Nominal)	(%)
Primary Market Retail Government Securities	23,023,151	22,810,892	212,259	0.93	77,023	75,839	1,184	1.56

In 2024, Bank Mandiri's Retail SBN sales reached Rp23.02 trillion, an increase from Rp22.81 trillion in the previous year. Fee-Based Income from these sales activities in 2024 amounted to Rp77.02 billion, up 1.56% from Rp75.83 billion in 2023. The growth in primary market Retail Government Bond sales volume was driven by increased liquidity in the economy overall.

Bancassurance

In providing bancassurance products, Bank Mandiri has collaborated with various insurance companies to offer solutions that provide financial protection against health and life risks, as well as help meet educational expenses, retirement costs, and asset protection needs. Bank Mandiri's bancassurance products and services available to customers include Mandiri Elite Plan-Prime Insurance, Mandiri Legacy Plan Platinum Insurance, Mandiri Legacy Plan Titanium Insurance, Mandiri Investasi Prestige Insurance, and Mandiri Secure Criticare Insurance.

Growin' On Livin'

Growin' by Mandiri Sekuritas is now available on the Livin' by Mandiri app, providing customers

with seamless access to stock investments anytime, anywhere. The integration of Growin', the latest digital trading platform from PT Mandiri Sekuritas, into Livin' marks a groundbreaking innovation, pioneering investment capabilities within a banking application. With Growin' on Livin', all Livin' customers can effortlessly open a Mandiri Sekuritas Rekening Dana Nasabah (RDN) and invest in stocks with ease and convenience, all while monitoring their investment performance and portfolio without switching applications.

The integration of Growin' into Livin' is a testament to the strong synergy between Bank Mandiri and Mandiri Sekuritas in delivering a more holistic and accessible digital investment service for all Mandiri Group customers. This innovation is expected to drive financial literacy and inclusion on a large scale while enhancing the overall investment experience for customers, enabling them to grow their financial assets.

In 2024, Mandiri Sekuritas recorded a stock transaction volume of Rp415 billion through Growin' on Livin' and added 167,000 new customers through the platform.

RETAIL BANKING

Foreign Exchange Transactions and Structured Products

Wealth Management collaborates with the Treasury Group to provide foreign exchange transaction services and offer structured products such as Mandiri Deposit Swap, Mandiri Dual Currency Investment, and Mandiri Market Linked Deposit to clients enrolled in premier customer services. These investment product options can be tailored to the customer's risk profiles and investment objectives.

Other Investment Alternatives

In addition to acting as an APERD and a distributor for Government Securities, Bank Mandiri also provides access to more advanced investment products such as Individual Customer Portfolio Management (PDNI), Infrastructure Investment Funds in the form of Collective Investment Contracts (DINFRA), Real Estate Investment Funds in the form of Collective Investment Contracts (DIRE), and Asset-Backed Securities in the form of Collective Investment Contracts (KIK-EBA). Bank Mandiri works with authorized investment managers to manage these investment products.

Strengthen Collaboration to Boost Investments in Indonesia

Bank Mandiri consistently supports the increase of investment especially foreign direct investments to Indonesia by strengthening collaboration with various stakeholders. In 2024, Bank Mandiri partnered with The Ministry of Investment and Downstream Industry/BKPM, formalized through Joint Investment Promotion efforts by Bank Mandiri's seven overseas offices (Singapore, Hong Kong, China, United Kingdom, Malaysia, Cayman Islands, and Timor-Leste) in cooperation with the Indonesia Investment Promotion Center (IIPC) under The Ministry of Investment and Downstream Industry/BKPM.

Through this collaboration, investors benefit from streamlined access to information on current investment procedures and opportunities in Indonesia, potential synergies with trusted partners who are already Bank Mandiri clients, and access to the premium services offered by Mandiri Group. This initiative aims to enhance the quality of investment services provided to investors.

Bank Mandiri believes that the well-established collaboration between IIPC and Bank Mandiri's overseas offices will continue to be strengthened going forward. This partnership is expected to create a domino effect and multiply inbound investments while simultaneously supporting Indonesia's goal of becoming a developed nation by 2045.

Bank Mandiri have comprehensive capabilities across various industries, from upstream to downstream sectors, which can help prospective investors establish a footprint, find the right local partners, and expand their investments in Indonesia. Moreover, Bank Mandiri has prepared communication tools such as an investor landing page and marketing toolkits that provide valuable information, making it easier for investors to initiate and grow their investments in the country.

RETAIL BANKING BUSINESS OUTLOOK FOR 2025

The business outlook for Bank Mandiri's Retail Banking segment in 2025 is projected to remain highly positive, supported by digital transformation, financial inclusion growth, and increasing demand for diverse banking products. Indonesia's expected economic growth will drive higher income and consumer spending, creating opportunities for Bank Mandiri to expand its Retail Banking products and services, including consumer loans, savings, and investment products.

The adoption of digital technology continues to rise, particularly in the use of banking applications and e-commerce. Bank Mandiri aims to leverage this trend to expand its retail customer base through digital services such as Livin' by Mandiri. The growing number of smartphone users and increasing public trust in digital transactions present opportunities for Bank Mandiri to further expand the digital ecosystem of Retail Banking.

Government support for financial inclusion, such as digital savings account openings and social assistance distribution, presents a significant

opportunity for Bank Mandiri to reach more new customers. The increasing demand for retail investment instruments, including mutual funds, retail bonds, and insurance, also provides momentum for Bank Mandiri to expand its Wealth Management product line to meet the needs of the middle-class and affluent segments. In the consumer loan segment, Bank Mandiri has sufficient resources to respond to rising demand for products such as home ownership loans (KPR) and unsecured loans (KTA), particularly among millennials and Generation Z, who are beginning to build personal assets.

Supported by economic growth, digitalization, and evolving customer needs, Bank Mandiri is well-positioned to maintain its leadership in the retail banking market. By focusing on digital innovation, product diversification, and strengthening financial literacy, the bank has the potential to sustain its dominance and continue making a significant contribution to overall business growth.

RETAIL BANKING WORK PLAN IN 2025

To sustain the positive growth trend in retail banking business in 2025, Bank Mandiri will implement the following strategies:

1. Retail Credit portfolio growth remains focused on the business potential derived from the wholesale customer ecosystem through synergy between the retail and wholesale segments, while also continuing to support government strategic projects. The optimization of retail credit customer acquisition is carried out through customized offerings in line with market conditions, leveraging the Branch network to reach customers, and optimizing the Livin' by Mandiri application to simplify the retail credit application process (such as KSM, Paylater, KPR, Credit Cards, and Vehicle Loans). This is accompanied by an accelerated credit analysis process and seamless risk management to further facilitate customers and ensure that credit growth remains sustainable with maintained credit quality.

2. Strengthening the Bank's liquidity through the accelerated and aggressive growth of customer acquisition, particularly for savings customers, by focusing on five main pipelines: derivative businesses of wholesale customers, regional priority sectors, subsidiary ecosystems, global and regional communities, and strategic partners. The optimization of savings fund growth in retail customers focuses on optimizing payroll customers, business and wealth customers, and digitally savvy individual customers by creating a closed-loop transaction ecosystem based on a lifestyle community approach and personalized offerings. This enables the provision of end-to-end financial solutions for every customer's financial needs and enhances customer engagement to increase transactions and product holding.
3. The Bank will continue to optimize transactions and the value of digital platform usage among customers to position Bank Mandiri as the primary transaction bank through several initiatives, including:
 - a. Optimization of the Super App Livin' to acquire business and individual customers, increasing activation and daily transaction usage by adding personalized debit card service features (issuance, replacement, and block/unblock card), real-time multi-currency additions for foreign exchange transfers, and enhancing the use case of Livin' Sukha, Livin' Investasi, and Mandiri Credit Cards as a source of funds for various payment transactions.
 - b. Optimization of the merchant and card business to expand the ecosystem through merchant acquisition, Integrated Solutions within the business ecosystem, Game Changer: Livin' Merchant, Digital Merchant Activation, promoting Cross-Border Transactions with competitive exchange rates, and increasing installment transactions for credit cards.

On the business operations, the enhancement of the distribution network is carried out through branch transformation, network optimization, and people development to function as a business orchestrator.

HEAD OFFICE

The Head Office segment manages assets and liabilities, including those of the Corporate Banking, Commercial Banking, Institutional Relations, Retail Banking, Treasury, and International Banking segments. It also receives cost allocations for centralized service provision to other segments, as well as income/expenses that are not allocated to other segment reporting. However, the productivity and revenue of the segments discussed in this Annual Report are recorded separately from the assets and liabilities managed by the Head Office.

PRODUCTIVITY AND REVENUE OF THE HEAD OFFICE SEGMENT

Information on the productivity and revenue of the Head Office is presented in the Segment Profitability Notes within the audited financial statements as part of this Annual Report.

Bank Mandiri's geographic segments include Mandiri Indonesia and Mandiri Overseas Units. The Group's main operations are managed in Indonesia, Asia (Singapore, Hong Kong, Dili, Shanghai, Kuala Lumpur), Western Europe (London), and the Cayman Islands.

GEOGRAPHIC SEGMENT OPERATIONS REVIEW

MANDIRI INDONESIA

The Mandiri Indonesia geographic segment includes the Wholesale segment, comprising Corporate, Commercial, Financial Institution, and Institutional Relations; and the Retail segment, consisting of Small and Medium Enterprises, Micro, Wealth Management, and Individual segments. It also includes Subsidiaries, covering Syariah Subsidiaries, Insurance Subsidiaries, and Non-Syariah & Non-Insurance Subsidiaries, as discussed in the Operating Segments section of this Annual Report.

OVERSEAS BRANCHES (KLN)

The explanation of the Overseas Branches (KLN) segment is presented in the International Banking segment and in the discussion of Syariah Subsidiaries, Insurance Subsidiaries, and Non-Syariah & Non-Insurance Subsidiaries outside Indonesia, as detailed in the Operating Segments section of this Annual Report.

PRODUCTIVITY & PROFITABILITY OF GEOGRAPHIC SEGMENTS

The net profit attributable to the owners of the parent company for the consolidated geographic segments increased by 1.87% to Rp61.17 trillion as of December 2024, compared to Rp60.05 trillion as of December 2023. The Indonesia Geographic Segment remained the largest profit contributor, recording Rp58.86 trillion as of December 2024, with a growth of 1.80%.

SUBSIDIARY PERFORMANCE REVIEW

SUBSIDIARY PERFORMANCE REVIEW

Bank Mandiri's outstanding performance in 2024 was significantly supported by contributions from its Subsidiaries.

As of December 2024, the Subsidiaries collectively posted a net profit of Rp11.76 trillion, reflecting a growth of 10.95% year-on-year (yoy) compared to the same period in the previous year. This contribution led to an increase in Bank Mandiri's equity portion profit to Rp6.24 trillion, representing a growth of 2.90% (yoy).

Following the signing of the Share Purchase Agreement and Share Sale Agreement between Kimia Farma and IFG Life on 26 June 2024, IFG Life became the majority shareholder of Mandiri Inhealth with 80% ownership, while Bank Mandiri retained a 20% stake. As a result, Bank Mandiri ceased recognition of Mandiri Inhealth's net assets at its carrying value. Consequently, Bank Mandiri's number of Subsidiaries became 9 (nine), encompassing a range of following business sectors:

The business volume indicator is the method by which Bank Mandiri measures the productivity of its subsidiaries.

As of 31 December 2024, Bank Syariah Indonesia (BSI) achieved the largest fund accumulation at Rp327.45 trillion, an 11.46% (yoy) growth, holding the largest asset ownership compared to other subsidiaries. Meanwhile, the funds raised by Bank Mandiri Taspen increased to Rp48.83 trillion, reflecting 8.56% (yoy) growth.

In terms of profitability as of 31 December 2024, BSI and Bank Mandiri Taspen were the two subsidiaries contributing the largest net profit. BSI's net profit rose to Rp7.06 trillion, grew 22.83% (yoy), the highest growth among the subsidiaries. Bank Mandiri Taspen recorded a net profit increase to Rp1.58 trillion, reflecting an 11.93% (yoy) growth.

The business volume indicator is the method by which Bank Mandiri measures the productivity of its subsidiaries.

SUBSIDIARY PERFORMANCE REVIEW

PT BANK SYARIAH INDONESIA TBK

Statement of Financial Position

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Assets	408,613	353,624	54,989	15.55
Liabilities	363,572	314,885	48,687	15.46
Equity	45,042	38,739	6,302	16.27

The assets of Bank Syariah Indonesia (BSI) increased by 15.55% (yoy) as of 31 December 2024, reaching Rp408.61 trillion, up from Rp353.62 trillion in 2023. This asset growth was primarily driven by BSI's business expansion, which resulted in net financing of Rp278.48 trillion, rose by Rp38.17 trillion or 15.88% year-to-date (ytd) compared to Rp240.32 trillion in 2023. In addition, third-party funds (TPF) also grew, reaching Rp327.45 trillion with a recorded growth of 11.46% (yoy).

BSI's solid financing performance and TPF growth in 2024 were supported by a strengthening of equity to Rp45.04 trillion as of 31 December 2024, a 16.27% (yoy) increase from Rp38.74 trillion in the previous year. The increase in equity was driven in part by BSI's net profit achievement of Rp7.01 trillion as of 31 December 2024, representing a significant 22.83% (yoy) growth from Rp5.7 trillion the previous year.

Statement of Profit or Loss

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	30,855	26,456	4,398	16.63

SUBSIDIARY PERFORMANCE REVIEW

PT BANK MANDIRI TASPEN

BANK MANDIRI (EUROPE) LIMITED

Statement of Financial Position
(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Assets	66,232	60,542	5,690	9.40
Liabilities	58,444	54,126	4,318	7.98
Equity	7,788	6,417	1,372	21.37

Bank Mandiri Taspen (Bank Mantap) saw an asset increase of 9.40% (yoy) as of December 2024, reaching Rp66.23 trillion compared to Rp60.54 trillion in 2023. The growth highlights the bank's stability and competitiveness amid the evolving banking industry landscape. The increase in assets was supported by increases in both liabilities and equity.

Liabilities grew by 7.98% (yoy) to Rp58,44 trillion by December 2024, reflecting enhanced funding activity from customers and other financing sources, as well as increasing confidence in the bank's performance. Equity posted a more significant growth rate, increasing by 21.37%(yoy) to Rp7,79 trillion. With this positive trajectory, Bank Mantap is better positioned to navigate economic challenges and expand its business portfolio in the future.

Statement of Profit or Loss
(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	6,619	6,076	543	8.93
Expenses	4,568	4,246	322	7.57
Net Profit/(Loss)	1,578	1,409	168	11.93

Bank Mandiri Taspen was able to increase its operating income by 8.93% (yoy) to Rp6.62 trillion as of December 2024, up from Rp6.08 trillion in December 2023. This growth was primarily supported by an uptick in loan disbursement activities throughout 2024. While operating expenses also rose, the increase was not as pronounced as the growth in operating income, amounting to Rp322 billion and reaching Rp4.57 trillion. By maintaining a positive operating income and effectively managing operating expenses, Bank Mandiri Taspen posted a net profit of Rp1.58 trillion, a growth of 11.93% (yoy) as of December 2024.

Statement of Financial Position
(In Rp Billion)

Description	2024 (Unaudited)	2023	Growth	
			Rp	(%)
Assets	4,210	4,048	162	4.00
Liabilities	3,337	3,241	96	2.96
Equity	873	807	66	8.17

*Unaudited cut-off 31 December 2023

Bank Mandiri (Europe) Limited posted a 4.00% (yoy) increase in assets, reaching Rp4.21 trillion in December 2024, up from Rp4.05 trillion in 2023. This relatively stable asset growth reflects the bank's strategic approach of selectively expanding assets that offer optimal risk-return amidst global financial market volatility and slower global economic growth.

Meanwhile, the bank's liabilities and equity stood at Rp3.34 trillion and Rp873 billion as of December 2024, marking (yoy) increases of 2.96% and 8.17%, respectively, compared to Rp3.24 trillion and Rp807 billion in 2023. These shifts were driven by higher retained earnings and the depreciation of the rupiah against the USD.

Statement of Profit or Loss
(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	85.2	77.8	7.4	9.52
Expenses	65.5	64.6	0.9	1.42
Net Profit/(Loss)	16.2	13.2	3.0	22.72

*Unaudited cut-off 31 December 2023

Bank Mandiri (Europe) Limited's operating income rose 9.52% (yoy) from Rp77.8 billion in 2023 to Rp85.2 billion in 2024. This growth resulted from the bank's strategy to reallocate assets into high-yield loans and optimize liquidity to manage interest expenses. In addition, efficiency measures helped limit expense growth to 0.9% (yoy) in 2024, contributing to a net profit increase of 22.72% (yoy), reaching Rp16.2 billion.

SUBSIDIARY PERFORMANCE REVIEW

SUBSIDIARY PERFORMANCE REVIEW

PT AXA MANDIRI FINANCIAL SERVICES

Statement of Financial Position

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Assets	41,914	41,114	800	1.95
Liabilities*	38,101	37,495	606	1.62
Equity	3,813	3,619	194	5.36

*) Liabilities + Participant Funds

AXA Mandiri Financial Services (AMFS) recorded a 1.95% (yoy) growth in total assets, reaching Rp41.91 trillion in December 2024, driven primarily by increased investment assets.

Liabilities also rose by 1.62% (yoy), from Rp37.47 trillion in 2023 to Rp38.10 trillion in December 2024, mainly due to obligations to non-unit-linked policyholders. Equity posted a more significant increase, grew 5.36% (yoy) to Rp3.81 trillion from Rp3.62 trillion the previous year.

Statement of Profit or Loss

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	12,459	14,024	(1,566)	(11.16)
Expenses	10,879	12,459	(1,580)	(12.68)
Net Profit/(Loss)	1,302	1,327	(25)	(1.88)

From an operational perspective, AMFS recorded operating income of Rp12.46 trillion as of December 2024, decreased 11.16% (yoy) from Rp14.02 trillion in December 2023, due to a slowdown in unit-linked policy premium growth. Conversely, operating expenses fell from Rp12.46 trillion to Rp10.88 trillion, reflecting a 12.68% (yoy) decline. As a result, AMFS posted a net profit of Rp1,302 billion as of December 2024, a slight decrease of 1.88% (yoy) compared to Rp1,327 billion in December 2023.

PT MANDIRI TUNAS FINANCE

Statement of Financial Position

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Assets	34,425	29,727	4,698	15.80
Liabilities	29,561	25,697	3,864	15.04
Equity	4,864	4,030	834	20.69

In December 2024, Mandiri Tunas Finance (MTF) achieved significant growth in total assets, increased by 15.80% (yoy) to Rp34.42 trillion from Rp29.73 trillion in 2023. This growth reflects robust asset management expansion, operational efficiency, and the business growth potential of MTF.

This asset growth was largely supported by a 15.04% (yoy) increase in liabilities, rose from Rp25.70 trillion in 2023 to Rp29.56 trillion in December 2024. This surge indicates higher funding activities, whether through loans or other obligations, bolstering the company's expansion efforts. At the same time, MTF has strengthened its risk management practices to ensure ongoing operational sustainability.

Meanwhile, MTF's equity posted positive growth, increased by 20.69% (yoy) from Rp4.03 trillion in 2023 to Rp4.86 trillion in December 2024. This growth reflects improvements in retained earnings or shareholder investments, enhancing its capital structure.

Statement of Profit or Loss

(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	5,579	4,782	797	16.67
Expenses	4,075	3,291	784	23.82
Net Profit/(Loss)	1,172	1,161	11	0.95

In December 2024, MTF's operating income rose by 16.67% (yoy), increased from Rp4.78 trillion in December 2023 to Rp5.58 trillion. This growth reflects MTF's efforts to expand revenue streams or enhance the efficiency of its core business operations. The growth in income contributed directly to improved profitability, as reflected in MTF's net profit, which increased by 0.95% (yoy), from Rp1.161 trillion in December 2023 to Rp1.172 trillion in December 2024.

Liabilities	13,569	9,246	4,323	46.76
Equity	1,481	1,387	94	6.78

In December 2024, Mandiri Utama Finance (MUF) recorded a significant 41,54% (yoy) growth in assets, increased from Rp10.63 trillion in 2023 to Rp15.05 trillion. This surge reflects MUF's expansion in resource management, driven by increased financing and other operational growth.

MUF's liabilities also posted sharp growth by 46,76%, from Rp9,25 trillion in 2023 to Rp13,57 trillion in December 2024. Meanwhile, equity posted a more moderate increase of 6,78% (yoy), grew from Rp1.39 trillion in 2023 to Rp1,48 trillion in December 2024. Overall, despite its significant asset growth, MUF remains committed to maintaining a well-balanced approach between liabilities and equity to ensure long-term financial stability.

Liabilities	11.45	4.63	6.82	147.30
Equity	21.71	19.76	1.95	9.88

Mandiri International Remittance Sendirian Berhad (MIR) recorded a significant 35.94% (yoy) increase in assets as of December 2024, rose from Rp24.39 billion in 2023 to Rp33.16 billion. This growth was mainly driven by the addition of operational infrastructure. Meanwhile, MIR's liabilities also rose significantly to Rp11.45 billion, up 147.30% from Rp4.63 billion the previous year. On the equity side, MIR reported equity of Rp21.71 billion in 2024, a 9.88% increase from Rp19.76 billion in 2023.

In 2024, MIR reported operating income of Rp19.40 billion, a 12.07% increase from Rp17.31 billion the previous year. The increase in operating income combined with an increase in expenses to Rp18.86 billion in 2024 led to MIR's net income declining by 23.22% to Rp0.54 billion.

SUBSIDIARY PERFORMANCE REVIEW

SUBSIDIARY PERFORMANCE REVIEW

PT MANDIRI SEKURITAS

Statement of Financial Position
(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Assets	4,391	3,792	599	15.79
Liabilities	2,223	1,702	521	30.61
Equity	2,168	2,090	78	3.73

Mandiri Sekuritas posted a significant increase of total assets by 15.79% (yoy), rose from Rp3.8 trillion in 2023 to Rp4.4 trillion in 2024. The growth reflects business expansion or increased operational activities, such as the growth of the investment portfolio and an increase in other assets, particularly related to the development of the online trading system, Growin'. This increase is a positive signal for the strengthening of Mandiri Sekuritas' financial position.

Meanwhile, Mandiri Sekuritas' liabilities also increased by 30.61% (yoy), from Rp1.7 trillion in 2023 to Rp2.2 trillion in 2024. At the same time, Mandiri Sekuritas' equity grew by 3.73% (yoy) to Rp2.2 trillion by the end of 2024.

Statement of Profit or Loss
(In Rp Billion)

Description	2024	2023	Growth	
			Rp	(%)
Operating Income	1,581	1,650	(69)	(4.19)
Expenses	1,229	1,331	(102)	(7.64)
Net Profit/(Loss)	278	288	(10)	(3.47)

Mandiri Sekuritas' operating income declined by 4.19% (yoy), from Rp1.7 trillion in 2023 to Rp1.6 trillion in 2024. However, operating expenses also decreased by 7.64% (yoy) to Rp1.2 trillion in 2024. The reduction in operating expenses reflects Mandiri Sekuritas' efforts to control costs effectively amidst declining revenues. Nevertheless, the reduction in operating expenses was not sufficient to fully offset the impact of the revenue decline. As a result, net profit recorded a decrease of 3.47% (yoy), from Rp288 billion in 2023 to Rp278 billion in 2024.

Regarding operating income achievement, MCI's net operating income as of December 2024 was Rp572 billion, a decrease of 8.49% (yoy) compared to Rp625 billion in the previous year. Meanwhile, operating expenses increased by 13.59% yoy to Rp359 billion from Rp316 billion in 2023. Under these operating conditions, MCI reported net profit of Rp104 billion, decreased 37.85% from Rp167 billion the previous year.

Financial REVIEW

STATEMENT OF FINANCIAL POSITION

The consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its subsidiaries as of 31 December 2024, and 2023, which are included in this annual report, are applied for financial performance analysis and review. For the fiscal year ending on these dates, the consolidated financial statements consist of the consolidated statement of financial position, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows.

The consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its subsidiaries were audited by the Public Accounting Firm (KAP)

Rintis, Jumadi, Rianto & Rekan, a member firm of the global PricewaterhouseCoopers (PwC) network. The audit report was signed by auditor Lucy Luciana Suhenda, S.E., Ak., CPA, with Public Accountant Practice License No. AP. 0229.

According to the opinion of the public accounting firm, the consolidated financial statements of PT Bank Mandiri (Persero) Tbk as of 31 December 2024, and 2023, fairly present, in all material respects, the Group's consolidated financial position, consolidated financial performance, and consolidated cash flows for the year then ended, in accordance with Indonesian Financial Accounting Standards.

The consolidated statement of financial position of Bank Mandiri indicates consistent growth across all key performance indicators from 2022 to 2024. Total assets increased by 11.64% year to date (ytd) from December 2023 to December 2024, with a nominal growth of Rp253.00 trillion. As a result, Bank Mandiri's total assets reached Rp2,427.22 trillion as of

December 2024. This reflects a significant expansion in several strategic assets undertaken by Bank Mandiri throughout 2024.

Meanwhile, liabilities grew by 12.04% (ytd), or Rp199.97 trillion to Rp1,860.41 trillion as of December 2024, an increase from Rp1,660.44 trillion in 2023. Meanwhile, Temporary Syirkah Fund grew moderately by

11.96%, indicating stable growth in sharia-based funding sources.

The company's equity also posted healthy growth, increased by 9.04% (ytd) or Rp25.98 trillion to Rp313.47 trillion as of December 2024, up from Rp287.49 trillion in 2023. This increase reflects the positive contribution of retained earnings or shareholder support.

Consolidated Statement of Financial Position (In Rp million)

Account Post	2024	2023	2022	Growth 2024-2023	
				Nominal	%

STATEMENT OF FINANCIAL POSITION

Cash

Bank Mandiri recorded cash of Rp31.67 trillion as of December 2024, an increase of 19.80% (ytd) from Rp26.43 trillion at the end of 2023. The main driver of this increase was the rise in cash in Rupiah by Rp4.76 trillion, reached Rp27.98 trillion, while cash in foreign currencies grew by Rp476.52 billion to Rp3.69 trillion.

Current Accounts with Bank Indonesia

Current accounts with Bank Indonesia decreased by 3.19% (ytd), from Rp108.61 trillion in 2023 to Rp105.15 trillion in December 2024. This decline was mainly due to a 4.61% (ytd) decrease in Rupiah-denominated accounts, which fell to Rp91.41 trillion, while USD-denominated accounts increased by 7.49% (ytd) to Rp13.74 trillion.

As of 31 December 2024, Bank Mandiri has met the statutory reserve requirement (GWM) ratios, with a Rupiah GWM ratio of 5.21%, a Foreign Currency GWM ratio of 4.10%, and a Macprudential Liquidity Buffer (PLM) ratio of 9.17%, in accordance with regulations set by Bank Indonesia. In addition, Bank Mandiri has also fulfilled the RIM Current Account at 0.25%.

Current Accounts with Other Banks

As of December 2024, Bank Mandiri's net current accounts

with other banks reached Rp46.64 trillion, increased by 27.52% (ytd) from the end of 2023 position. Foreign currency-denominated current accounts with other banks rose by 29.42% (ytd) to Rp46.26 trillion in December 2024. According to Bank Indonesia's collectibility classification, this account remains in good standing, with an adequate allowance for impairment losses (CKPN) of Rp30.76 billion, from Rp32.21 billion in 2023. The average annual interest rate for this account was 0.97% for Rupiah and 2.34% for foreign currencies.

Placement with Bank Indonesia and Other Banks

As of December 2024, Bank Mandiri recorded net placements with Bank Indonesia and other banks at Rp63.23 trillion, a decrease of 14.43% (ytd) from Rp73.89 trillion in the previous year. This decline was derived by a reduction in placements in both Rupiah and foreign currencies, which fell to Rp32.54 trillion and Rp30.69 trillion, respectively, decreased from Rp33.88 trillion and Rp40.01 trillion in the previous year.

Of the total placements with Bank Indonesia and other banks, third-party placements declined to Rp60.12 trillion in 2024, decreased from Rp71.84 trillion at the end of the previous year.

Marketable Securities

Bank Mandiri's net marketable securities increased by 0.99% (ytd), from Rp94.55 trillion in 2023 to Rp95.48 trillion in December 2024. This growth was driven by an increase in third-party securities, which rose to Rp75.12 trillion compared to Rp70.81 trillion in 2023.

Based on currency, the increase in marketable securities was mainly driven by a rise in foreign currency-denominated securities, which grew from Rp20.31 trillion in 2023 to Rp25.46 trillion in December 2024. Conversely, Rupiah-denominated securities decreased from Rp74.38 trillion in 2023 to Rp70.07 trillion in December 2024.

Based on the issuer category, the increase in marketable securities holdings was primarily driven by a rise in holdings of marketable securities issued by the central bank, which grew from Rp30.58 trillion to Rp34.29 trillion, banks from Rp3.12 trillion to Rp5.55 trillion, and the government from Rp11.77 trillion to Rp13.43 trillion. Meanwhile, Bank Mandiri's marketable securities issued by corporations decreased from Rp29.82 trillion to Rp27.85 trillion.

STATEMENT OF FINANCIAL POSITION

Government Bonds

As of 2024, Bank Mandiri's net government bonds decreased to Rp287.27 trillion, from Rp309.18 trillion in 2023. The decrease was mainly derived by a reduction in Rupiah-denominated government bond, which fell from Rp256.39 trillion in 2023 to Rp235.67 trillion in 2024. The proportion of Rupiah-denominated government bond stood at 82.04% in 2024, compared to 82.93% in 2023, as illustrated in the following chart:

In addition, the decrease in Rupiah-denominated government bond was partly due to a decrease in government bonds measured at amortized cost, which fell to Rp127.62 trillion in December 2024, decreased 7.78% (ytd) from Rp138.37 trillion in the previous year. Among these, government bonds with maturities exceeding 10 years saw the largest decline, dropping from Rp43.27 trillion to Rp30.83 trillion.

Other Receivables - Trade Transactions

Bank Mandiri recorded a 16.30% (ytd) increase in net other receivables – trade transactions, increased from Rp24.55 trillion in 2023 to Rp28.55 trillion in December 2024. This growth was primarily driven by third-party receivables, which increased by 24.14% (ytd) from Rp18.46 trillion to Rp22.92

trillion. In terms of currency, other receivables – trade transactions denominated in Rupiah grew by 30.23%, from Rp13.97 trillion in 2023 to Rp18.19 trillion in December 2024. Meanwhile, other receivables – trade transactions denominated in foreign currencies declined by 2.42%, reached Rp11.79 trillion in December 2024 compared to Rp12.08 trillion in 2023.

By type, the increase in this account was partly driven by the growth in trade transaction receivables from Supplier Chain Financing, which rose by 22.35% (ytd) from Rp2.98 trillion in 2023 to Rp3.65 trillion in December 2024. Supplier Chain Financing receivables contributed 12.18% of total other receivables – trade transactions in December 2024, up from 11.46% in 2023.

STATEMENT OF FINANCIAL POSITION

Securities Purchased Under Agreements to Resell

Bank Mandiri recorded securities purchased under agreements to resell amounting to Rp8.29 trillion in 2024, a decrease of 63.47% (ytd) compared to Rp22.69 trillion in 2023. As of 31 December 2024 and 31 December 2023, there was no impairment, hence no allowance for impairment losses was established for these receivables.

Derivative Receivables

Bank Mandiri's derivative receivables saw a significant increase of 289.06% (ytd), reached Rp7.76 trillion in 2024, compared to Rp1.99 trillion in the previous year. This growth was driven by increases from both related parties and third parties, which rose to Rp2.95 trillion and Rp4.81 trillion, respectively, in 2024, up from Rp198.16 billion and Rp1.79 trillion in 2023.

Loans and Sharia Receivables/Financing

As of December 2024, Bank Mandiri's total loan disbursement and sharia receivables/financing reached Rp1,623.22 trillion, grew by 19.37% (ytd) compared to Rp1,359.83 trillion at the end of 2023. Based on currency, this increase was primarily driven by Rupiah-denominated loans, which grew by 21.54% (ytd) to Rp1,337.84 trillion in December 2024, up from Rp1,100.74 trillion at the end of 2023. As a result, the contribution of Rupiah-denominated loans increased from 80.95% in 2023 to 82.42% in 2024.

STATEMENT OF FINANCIAL POSITION

By loan and financing types, as of December 2024, the growth in Bank Mandiri's loan disbursement and Sharia financing was driven by an increase across all categories. The three types of loan and financing that contributed the most to the overall loan growth were investment loans, which increased by Rp109.88 trillion or grew by 28.02% (ytd) to Rp502.03 trillion; working capital loans, which rose by Rp77.96 trillion, reflecting a 20.11% (ytd) growth to Rp465.64 trillion; and consumer loans, which grew by Rp40.00 trillion or 13.19% (ytd) to reach Rp343.14 trillion.

STATEMENT OF FINANCIAL POSITION

The types of loan and Sharia financing which proportions increased in December 2024 compared to the end of 2023 were investment loans, which rose to 30.93% from 28.84%, working capital loans, which increased to 28.69% from 28.51%, and export loans, which grew to 1.17% from 1.16%.

Meanwhile, by economic sector, Bank Mandiri's loan and Sharia financing as of December 2024, compared to the end of 2023, posted the largest nominal growth contributions from three key sectors. The mining sector increased by Rp40.89 trillion to Rp145.57 trillion, the transportation, warehousing, and communication sector grew by Rp34.80 trillion to Rp126.77 trillion, and the business services sector rose by Rp31.15 trillion to Rp146.99 trillion.

On the other hand, the three economic sectors with the highest percentage growth in Bank Mandiri's loan and Sharia financing as of December 2024, compared to the end of 2023, were the mining sector, which grew by 39.06% (ytd), the transportation, warehousing, and communication sector, which increased by 37.83% (ytd), and the business services sector, which expanded by 26.89% (ytd).

However, as of December 2024, the three largest economic sectors receiving Bank Mandiri's loan disbursements remained the industrial sector, which reached Rp198.30 trillion, grew by 13.93% (ytd) from Rp174.06 trillion at the end of 2023; the trade, restaurant, and hotel sector, which increased by 17.31% (ytd) to Rp180.57 trillion; and the agriculture sector, which grew by 10.07% (ytd) to Rp156.31 trillion. Collectively, these three sectors accounted for 32.97% of the total loan portfolio, which stood at Rp1,623.22 trillion.

STATEMENT OF FINANCIAL POSITION

Government Program Loans

As a state-owned bank, Bank Mandiri actively supports the disbursement of government program loans. These loans include various types, such as investment loans, permanent working capital loans, working capital loans, and KPR Sejahtera under the Housing Financing Liquidity Facility (FLPP). The government may provide partial or full funding for these programs.

As part of the National Economic Recovery (PEN) acceleration program in 2020, Bank Mandiri participated in the disbursement of PEN program loans in accordance with Minister of Finance Regulation No. 70/PMK.05/2020, later updated by PMK No. 104/PMK.05/2020 on 6 August 2020. The PEN loan disbursement program was funded through the Placement of State Funds in banks, including Bank Mandiri, in the form of a three-month deposit of Rp10 trillion on 25 June 2020. By the deposit's maturity on 25 September 2020, the government funds had been disbursed as loans totaling Rp39.04 trillion, after which the funds were returned to the government.

Based on Bank Mandiri's evaluation and proposal, and in accordance with Minister of Finance Regulation No. 104/PMK.05/2020, the government carried out the second phase of state fund placement in banks, including Bank Mandiri. This was in the form of a 110-day deposit of Rp15 trillion on 25 September 2020, which was disbursed as cumulative loans totaling Rp66.63 trillion by the deposit's maturity on 13 January 2021. The second phase of state fund placement has ended, and the funds were returned to the government on 13 January 2021.

As of 31 December 2024, the outstanding government program loans at Bank Mandiri stood at Rp92.89 trillion, an 8.14% growth from the previous year's total of Rp85.90 trillion.

MSME Lending

Regarding Micro, Small, and Medium Enterprises (MSME) loans, Bank Mandiri actively participates in loan disbursement with government-backed loan guarantees in accordance with PMK No. 71/PMK.08/2020, issued on 23 June 2020. The government guarantees these loans through credit guarantee institutions, namely PT Jaminan Kredit Indonesia and PT Asuransi Kredit Indonesia. As of 30 November 2021, MSME loans with government loan guarantees had been disbursed to 13,352 MSME debtors, with a total loan disbursement value of Rp2.84 trillion.

In 2022, the government's MSME loan guarantee program continued in accordance with PMK No. 28/PMK.08/2022, issued on 30 March 2022. As of 31 December 2022, MSME loans with government loan guarantees had been disbursed to 3,030 MSME debtors, with a total loan disbursement value of Rp0.15 trillion.

Loan Restructuring

As of December 2024, Bank Mandiri has restructured loans totaling Rp89.20 trillion, compared to Rp96.98 trillion in the previous year. Loan restructuring has been carried out through various schemes, including loan tenor extensions, a combination of tenor extension and interest rate reductions, as well as other restructuring mechanisms. Other restructuring schemes primarily consist of interest rate reductions, rescheduling of overdue interest, and extending the repayment period for overdue interest.

The composition of loan restructuring and its collectability as of 31 December 2024, and 31 December 2023, is presented in the following chart and table.

STATEMENT OF FINANCIAL POSITION

The following is the amount of restructured loans based on collectability as of 31 December 2024, and 31 December 2023.

Kolektibilitas Restrukturisasi Kredit (In Rp million)

Description	2024	2023	Growth 2024-2023	
			Nominal	%

Consumer Financing Receivables

Through its subsidiary, Bank Mandiri successfully expanded its consumer financing receivables operations as of December 2024. These receivables grew by 26.94% (ytd), increased from Rp32.75 trillion in 2023 to Rp41.57 trillion in December 2024.

In addition, Bank Mandiri's subsidiary has demonstrated its ability to manage earnings assets amid the continued positive growth of the financing industry. This is reflected in the collectability composition of financing receivables, which was predominantly classified as current, accounting for 93.46% as of December 2024. Meanwhile, the average effective interest rates for consumer financing were 17.17% for car financing and 34.89% for motorcycle financing in December 2024, compared to 12.31% and 23.72%, respectively, at the end of the previous year.

STATEMENT OF FINANCIAL POSITION

Net Investment Finance Leases

In addition to conducting consumer financing activities, Bank Mandiri's subsidiary also engages in net investment in lease financing. As of December 2024, this business activity reached Rp5.76 trillion, reflecting a 4.88% (ytd) growth compared to Rp5.49 trillion in the previous year. The financing contract terms for motor vehicles provided by the subsidiary range from 12 months to 60 months.

The collectability of lease financing as of December 2024 was predominantly classified as current, indicating that the subsidiary continued to manage its earnings assets effectively. The proportion of lease financing receivables in the current category reached 92.68% in December 2024, compared to 95.78% in 2023, as illustrated in the following table.

Collectability of Finance Leases

(In Rp million)

Description	2024	2023	Growth 2024-2023	
			Nominal	%
Current	5,335,749	5,257,583	78,166	1.49
Special Mention	390,418	212,580	177,838	83.66
Substandard	9,340	5,957	3,383	56.79
Doubtful	12,563	13,122	(559)	(4.26)
Loss	9,006	-	9,006	100.00
Total	5,757,076	5,489,242	267,834	4.88

The average effective interest rates charged to consumers for lease financing as of December 2024 were 18.75% for cars, 11.12% for heavy equipment, and 18.01% for machinery. In the previous year, the average effective interest rates for these three types of lease financing were 13.26%, 11.53%, and 11.89%, respectively.

Acceptance Receivables

As of December 2024, Bank Mandiri's acceptance receivables decreased to Rp9.31 trillion from Rp14.79 trillion in 2023. The decline was primarily driven by a 38.10% (ytd) drop in receivables from debtors, which fell to Rp8.53 trillion in December 2024 from Rp13.78 trillion in 2023. Meanwhile, receivables from other banks decreased to Rp0.78 trillion, reflecting a 22.55% (ytd) decline from Rp1.01 trillion in 2023.

Acceptance receivables from both related parties and third parties declined to Rp1.70 trillion and Rp7.62 trillion, respectively, in December 2024, from Rp2.25 trillion and Rp12.54 trillion in the previous year. Similarly, in terms of currency, acceptance receivables in Rupiah and foreign currencies decreased from Rp9.19 trillion and Rp5.61 trillion in 2023 to Rp5.51 trillion and Rp3.80 trillion in December 2024.

Investments in Shares

Bank Mandiri recorded a 29.94% increase in investments in shares, grew from Rp1.86 trillion in 2023 to Rp2.42 trillion in December 2024. Of this amount, investments in shares in third parties grew by 15.43% (ytd) to Rp1.40 trillion, while investments in shares in related parties increased by 56.82% (ytd) to Rp1.02 trillion in December 2024.

Other Assets

Bank Mandiri recorded net other assets amounting to Rp17.93 trillion as of December 2024, a 21.55% (ytd) decrease from Rp22.86 trillion in the previous year. The decrease was primarily driven by receivables related to ATM and credit card transactions, which fell to Rp5.11 trillion in December 2024 from Rp7.38 trillion in 2023. However, this was partially offset by an increase in accrued income, grew from Rp10.26 trillion in 2023 to Rp10.92 trillion in December 2024.

STATEMENT OF FINANCIAL POSITION

* Other assets other than accrued income, receivables from pledged government bonds, customer transaction receivables, receivables from pending securities sales, receivables related to ATM and credit card transactions, and receivables from policyholders.

Prepaid Expenses

As of December 2024, Bank Mandiri recorded prepaid expenses of Rp4.82 trillion, a 77.50% (ytd) increase from Rp2.72 trillion at the end of the previous year. The largest nominal increase in this account came from treasury transaction expenses, which reached Rp1,304.88 billion. This was followed by an increase in loan transaction expenses by Rp504.46 billion to Rp893.53 billion and an increase in building maintenance expenses by Rp76.84 billion to Rp801.80 billion.

Meanwhile, the highest percentage growth in prepaid expenses was recorded in promotional expenses, loan transaction expenses, and employee expenses, which grew by 271.19% (ytd), 150.55% (ytd), and 56.66% (ytd), respectively in December 2024 compared to the end of the previous year.

Prepaid Taxes

Bank Mandiri's prepaid taxes reached Rp0.74 trillion as of December 2024, an increase from Rp0.44 trillion at the end of the previous year. The increase was accompanied by a reduction in Bank Mandiri's share to 32.44%, or Rp0.24 trillion, while the share of its subsidiaries rose to 67.56%, or Rp0.50 trillion.

Fixed Assets

Bank Mandiri posted net fixed assets of Rp63.03 trillion, an increase of 8.72% (ytd) compared to Rp57.98 trillion in the previous year. The growth was primarily driven by an increase in direct ownership of assets under development, which rose by Rp2.12 trillion to Rp6.56 trillion in December 2024, compared to Rp4.44 trillion in the previous year.

This was followed by an increase in direct ownership of equipment, office equipment, computers by Rp1.79 trillion, reached Rp17.38 trillion in December 2024. Buildings also increased by Rp1.33 trillion to Rp13.23 trillion, up from Rp11.90 trillion in 2023. In addition, direct ownership of land assets grew by Rp0.78 trillion, reached Rp42.20 trillion in December 2024, compared to Rp41.42 trillion in 2023.

However, Bank Mandiri's direct ownership of motor vehicles recorded a decline of Rp1.02 billion in December 2024 to Rp246.03 billion from Rp247.04 billion in 2023. Meanwhile, right-of-use assets increased by Rp606.48 billion, reached Rp3.44 trillion compared to Rp2.84 trillion in the previous year.

Intangible Assets

Bank Mandiri's net intangible assets increased by 19.92% (ytd) to Rp7.04 trillion in December 2024 compared to the end of the previous year. This growth was driven by a higher increase in acquisition value compared to the increase in accumulated amortization expenses. The acquisition value and accumulated amortization of intangible assets rose to Rp15.74 trillion and Rp8.70 trillion, respectively, as of December 2024.

Other Assets

Bank Mandiri recorded net other assets amounting to Rp19.41 trillion as of December 2024, reflecting a 29.23% (ytd) increase from Rp15.02 trillion in the previous year. This growth was primarily driven by an increase in ijarah assets, which rose to Rp3.12 trillion in December 2024 from Rp2.19 trillion in 2023, an increase in advance payments from Rp0.83 trillion in 2023 to Rp1.08 trillion in December 2024, and an increase in unit-linked assets from Rp0.23 trillion in 2023 to Rp0.44 trillion in December 2024.

STATEMENT OF FINANCIAL POSITION

Deferred Tax Assets

Cumulatively, Bank Mandiri recorded net deferred tax assets of Rp8.35 trillion in December 2024, a decline of 17.94% (ytd) from Rp10.18 trillion in the previous year. This decrease was primarily due to a reduction in the allowance for impairment losses on loans and Sharia financing receivables, which fell by Rp1.31 trillion to Rp3.71 trillion in December 2024. In addition, Bank Mandiri recorded a reduction in provisions for employee reward expenses, as well as reserves for bonuses, incentives, leave, and holiday allowances (THR), which decreased by Rp0.81 trillion to Rp0.77 trillion. Obligation Due Immediately

Bank Mandiri's obligation due immediately reached Rp5.70 trillion in December 2024, a 27.17% increase from Rp4.48 trillion in the previous year.

Deposits from Customer

Bank Mandiri's consolidated customer deposits, or third-party funds (TPF) consist of demand deposits and wadiah demand deposits, savings and wadiah savings, as well as time deposits. As of December 2024, total TPF increased by 7.01% (ytd) to Rp1,446.23 trillion, compared to Rp1,351.45 trillion in the previous year.

Of the total third-party funds, low-cost funds or CASA (including temporary syirkah funds) reached 74.83%, equivalent to Rp1,271.21 trillion (including temporary syirkah funds) as of December 2024. In comparison, in 2023, the CASA ratio (including temporary syirkah funds) stood at 74.30%, equivalent to Rp1,171.71 trillion (including temporary syirkah funds). The composition of TPF and the average annual interest rates on customer deposits are as follows:

STATEMENT OF FINANCIAL POSITION

Deposits from Customer	Currency	2024	2023
Demand Deposits and Wadiah Demand Deposits	Rupiah	2.71%	2.64%
	Foreign currency	2.71%	1.95%
Saving Deposits and Wadiah Saving Deposits	Rupiah	0.48%	0.50%
	Foreign currency	0.17%	0.18%
Time Deposits	Rupiah	4.06%	3.53%
	Foreign currency	3.48%	3.01%

Deposits from Other Banks

Bank Mandiri recorded deposits from other banks in the form of demand deposits, wadiah demand deposits, and savings; inter-bank call money; and time deposits. Cumulatively, total deposits from other banks reached Rp27.04 trillion in December 2024, grew by 52.92% (ytd) from Rp17.68 trillion in 2023. Of this total, inter-bank call money accounted for 36.84%, demand deposits, wadiah demand deposits, and savings made up 33.61%, while time deposits held the largest share at 29.55%. The comparison of each type of deposit from other banks as of December 2024 against their proportions in 2023 is illustrated in the following chart, along with a table of average annual interest rates.

STATEMENT OF FINANCIAL POSITION

Deposits from Other Banks	Currency	2024	2023
Demand Deposits and Wadiah Demand Deposits	Rupiah	2.71%	2.64%
	Foreign currency	2.71%	1.95%
Saving Deposits	Rupiah	0.47%	0.50%
	Foreign currency	0.17%	0.18%
Inter-Bank Call Money	Rupiah	6.22%	5.96%
	Foreign currency	5.15%	4.51%
Time Deposits	Rupiah	3.77%	3.41%
	Foreign currency	3.81%	3.01%

Liabilities to Unit-Link Holders

This account represents the subsidiary's liabilities to policyholders under unit-linked contracts, which are allocated to unit-linked investments. Cumulatively, liabilities to policyholders under unit-linked contracts amounted to Rp28.01 trillion in December 2024, a decrease of 4.05% (ytd) from Rp29.19 trillion in the previous year.

Liabilities on Securities Sold under Agreements to Repurchase

Bank Mandiri recorded liabilities from securities sold under repurchase agreements amounting to Rp90.26 trillion in December 2024, compared to Rp36.33 trillion in the previous year. This increase was primarily driven by liabilities from securities sold under repurchase agreements denominated in Rupiah, which reached Rp57.59 trillion in December 2024, whereas there were no such liabilities at the end of 2023. Meanwhile, those denominated in foreign currencies amounted to Rp32.67 trillion in December 2024, decreased from Rp36.33 trillion in 2023.

Derivative Liabilities

Bank Mandiri's derivative liabilities reached Rp7.34 trillion in December 2024, surged by 247.09% (ytd) from Rp2.11 trillion in the previous year. Of this amount, third-party derivative liabilities recorded a significant increase from Rp2.04 trillion in 2023 to Rp5.20 trillion in December 2024. A similar trend was observed in related-party derivative liabilities, which rose sharply from Rp0.08 trillion in 2023 to Rp2.13 trillion.

Derivative liabilities with related parties related to exchange rates, specifically U.S. Dollar Forward Sale Contracts, surged by 4,580.66% (ytd), from Rp3.15 billion in 2023 to Rp147.63 billion in December 2024. Additionally, during the same period, related-party derivative liabilities related to U.S. Dollar Put Options amounted to Rp1,923.43 billion, a new account that did not exist in the previous year.

Acceptance Payables

Bank Mandiri recorded acceptance payables of Rp9.14 trillion in December 2024, a decrease of 38.24% (ytd) from Rp14.79 trillion in the previous year. This decline was driven by a reduction in acceptance payables for both related parties and third parties, which fell to Rp2.57 trillion and Rp6.57 trillion in December 2024, respectively, from Rp2.61 trillion and Rp12.18 trillion in 2023.

Debt Securities Issued

On a consolidated basis, net debt securities issued by Bank Mandiri and its subsidiaries that have not yet matured reached Rp41.14 trillion in December 2024. Of this amount, securities issued in Rupiah amounted to Rp23.54 trillion, while those in foreign currencies stood at Rp17.68 trillion, with the following composition:

STATEMENT OF FINANCIAL POSITION

Securities issued by Bank Mandiri, both in Rupiah and foreign currencies, are detailed in the following table. Meanwhile, securities issued by subsidiaries can be found in the audited financial statements, Note No. 30 of this annual report, or in the financial statements and annual reports of each issuing subsidiary.

STATEMENT OF FINANCIAL POSITION

Estimated Losses on Commitments and Contingencies

Bank Mandiri recorded an estimated loss on commitments and contingencies of Rp1.11 trillion in December 2024, decreased 2.60% (ytd) from Rp1.14 trillion at the end of the previous year. This decline was in line with the reduction in the beginning balance from Rp2.07 trillion in 2023 to Rp1.14 trillion as of December 2024.

Accrued Expenses

Accrued expenses increased by 13.90% (ytd) from Rp4.79 trillion in 2023 to Rp5.47 trillion in December 2024. This increase was primarily driven by the increase in accrued expenses from Rp1.92 trillion in 2023 to Rp2.41 trillion in December 2024.

Other Liabilities

Cumulatively, Bank Mandiri's other liabilities reached Rp40.13 trillion in December 2024, grew by 7.31% (ytd) from Rp37.39 trillion in 2023. This increase was primarily driven by the rise in unallocated deferred income, which grew from Rp1.13 trillion in 2023 to Rp6.32 trillion in December 2024. In addition, another key contributor to the increase was liabilities to policyholders, which rose from Rp6.83 trillion in 2023 to Rp7.47 trillion in December 2024.

Fund Borrowings

Bank Mandiri's borrowings reached Rp147.92 trillion in December 2024, increased by 54.97% (ytd) from Rp95.45 trillion at the end of the previous year. This growth was driven by an

increase in foreign currency-denominated borrowings, which grew from Rp56.50 trillion in 2023 to Rp97.21 trillion as of December 2024. The Bank also recorded an increase in Rupiah-denominated borrowings, reached Rp50.70 trillion in December 2024, up 30.19% (ytd) from Rp38.95 trillion in the previous year.

Subordinated Loans and Marketable Securities

Cumulatively, Bank Mandiri's borrowings and subordinated securities reached Rp403.56 billion in December 2024. Of this amount, Rp100 billion consists of Bank Mandiri's Subordinated Medium-Term Notes (MTN) II 2023, issued on June 23, 2023, with a five-year tenor and a fixed annual interest rate of 6.95%. The subordinated securities are rated idAA by Pefindo and are set to mature on June 23, 2028.

Subordinated MTN II can be recorded as a supplementary capital component (Tier 2) based on approval from the OJK through letter No. SR-51/PB.21/2023 dated 20 July 2023.

In addition, Bank Mandiri has also received a two-step loan from the Asian Development Bank through the Ministry of Finance of the Republic of Indonesia, aimed at financing the Micro Credit Project (PKM). The outstanding balance of this loan stood at Rp104.02 billion as of December 2024, with a loan period from 15 January 2005, to 15 July 2029.

STATEMENT OF FINANCIAL POSITION

Taxes Payable

Bank Mandiri's tax payable increased by 14.41% (ytd) to Rp3.08 trillion in December 2024, compared to Rp2.69 trillion at the end of the previous year. This increase was in line with the rise in tax payables recorded by Bank Mandiri as the parent entity.

Employee Benefits Liabilities

Bank Mandiri recorded employee benefit liabilities of Rp7.16 trillion in December 2024, a decrease of 39.80% (ytd) from Rp11.89 trillion in the previous year. This decline was driven by a reduction in reserves for bonuses, incentives, leave, and

holiday allowances (THR), which fell to Rp3.66 trillion in December 2024 from Rp8.34 trillion in 2023.

Provision

Bank Mandiri's provisions decreased by 7.62% (ytd) to Rp264.28 billion. In the previous year, this account stood at Rp286.08 billion.

Temporary Syirkah Funds

Bank Mandiri recorded temporary syirkah funds derived from customer deposits and deposits from other banks, as presented in the following table:

(In Rp million)

Temporary Syirkah Funds	2024	2023	2022	Growth 2024-2023	
				Nominal	%
Deposits from customers	252,661,959	225,501,470	195,268,663	27,160,489	12.04%
Deposits from other Banks	678,306	780,202	933,938	(101,896)	(13.06)%
Total Temporary Syirkah Funds	253,340,265	226,281,672	196,202,601	27,058,593	11.96%

Deposits from Customers

Bank Mandiri's customer deposits consist of *mudharabah* demand deposits, *mudharabah* savings, *mudharabah* time deposits, and *musyarakah mudharabah* demand deposits. Cumulatively, customer deposits reached Rp252.66 trillion in December 2024, grew 12.04% (ytd) from Rp225.50 trillion in the previous year.

Among these deposits, *mudharabah* time deposits remained the largest portion at 51.54% in December 2024, followed by *mudharabah* savings at 33.74%, and *mudharabah* demand deposits & *musyarakah mudharabah* demand deposits at 14.72%. Compared to the previous year, these figures stood at 51.19%, 34.46%, and 14.35%, respectively.

STATEMENT OF FINANCIAL POSITION

Deposits from Other Banks

Deposits from other banks consist of *mudharabah* demand deposits, *mudharabah* savings, and *mudharabah* time deposits. Cumulatively, deposits from other banks remained largely dominated by *mudharabah* savings at 79.10% and *mudharabah* time deposits at 13.93% as of December 2024. In the previous year, the proportions of these two types of deposits from other banks were 74.35% and 17.52%, respectively, as illustrated in the following chart.

Total Equity	313,474,681	287,494,962	252,245,455	25,979,719	9.04%

Bank Mandiri recorded stronger equity as of December 2024, primarily supported by improved profitability, which led to an increase in retained earnings during the year. The Bank's equity reached Rp313.47 trillion in December 2024, grew 9.04% (ytd) from Rp287.49 trillion in the previous year. This increase was mainly driven by a 11.53% (ytd) rise in retained earnings, from Rp197.30 trillion in 2023 to Rp220.05 trillion in December 2024.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Bank Mandiri recorded a 2.59% (yoy) increase in profit for the year, reaching Rp61.61 trillion in 2024 compared to Rp60.05 trillion in 2023. This improved profit for the period profile was primarily supported by a 5.81% (yoy) increase in net interest income and Sharia income, in line with the 19.37% (ytd) growth in loan disbursement and Sharia financing receivables in 2024. In addition, this business expansion was complemented by efficiency in interest expense and Sharia expense, along with better management of earnings assets.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Interest Income

Bank Mandiri successfully recorded a 13.97% (yoy) increase in interest income, reached Rp129.64 trillion in 2024. This growth was primarily driven by the expansion of loan disbursement, which grew by 19.37% (ytd) during the period. This was reflected in interest income from loans, which reached Rp100.11 trillion in 2024, an 18.70% (yoy) increase from Rp84.34 trillion in the previous year. In addition, another major source of interest income came from government bonds, contributed Rp15.19 trillion in 2024. However, interest income from government bonds declined by 5.47% (yoy) from Rp16.07 trillion in 2023.

(In Rp million)

Interest Income and Sharia Income – Net

In 2024, Bank Mandiri's net interest income and Sharia income reached Rp101.76 trillion, a 6.12% (yoy) growth from Rp95.89 trillion in 2023. This growth was primarily driven by an increase in interest income and Sharia income, while at the same time, Bank Mandiri effectively managed the increase in interest expenses and Sharia expenses.

Premium Income – Net

Cumulatively, Bank Mandiri's net premium income reached Rp2.52 trillion in 2024, an increase of 18.74% (yoy) from Rp2.12 trillion in the same period of the previous year. This growth was primarily driven by a decline in claim expenses, which decreased by 8.83% (yoy) to Rp10.57 trillion in 2024 from Rp11.60 trillion in 2023.

Interest, Sharia and Premium Income – Net

Bank Mandiri successfully recorded net interest, Sharia, and premium income of Rp104.28 trillion in 2024, a 6.40% (yoy) growth from Rp98.01 trillion in 2023.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Other Operating Income

Bank Mandiri recorded other operating income from fees and commissions, income from fair value through profit or loss – net, and other income. Cumulatively, other operating income grew by 4.07% (yoy) to Rp42.71 trillion in 2024, compared to Rp40.52 trillion in 2023.

The increase in other operating income was primarily driven by the growth in fees and commissions, which reached Rp23.45 trillion in 2024, a 16.37% (yoy) increase from Rp20.15 trillion in the previous year. Of this amount, fees and commissions from loans grew by 33.83% (yoy), increased from Rp4.46 trillion in 2023 to Rp5.98 trillion in 2024, as detailed in the following table.

(In Rp million)

Description	2024	2023	2022	Growth 2024-2023

Allowance for Impairment Losses

Supported by effective management of earnings assets and a lower NPL ratio, Bank Mandiri recorded an allowance for impairment losses (CKPN) of Rp11.81 trillion in 2024, reflecting a controlled increase of 5.91% (yoy) from Rp11.15 trillion in 2023, in line with the growth of the Bank's earnings assets. The increase in CKPN was primarily driven by an increase in CKPN loans expenses, which grew from Rp9.79 trillion in 2023 to Rp10.34 trillion in 2024, in line with the 19.37% (ytd) expansion in loan disbursement.

Reversal of Allowance for Estimated Losses on Commitments and Contingencies

Bank Mandiri recorded a reversal of allowance for estimated losses on commitments and contingencies amounting to Rp33.83 billion in 2024, a decline from Rp918.53 billion in 2023.

Establishment of Other Allowances and Losses of Operational Risk

Bank Mandiri recorded a decline in the reversal of other allowances and operational risk losses, shifting from Rp85.61 billion in 2023 to an allowance expense of Rp151.05 billion in 2024. This decline was primarily influenced by the increase in allowances for operational risk losses due to external fraud, which rose to Rp106.05 billion in 2024, compared to Rp22.08 billion in 2023.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Gains on Sale of Marketable Securities and Government Bonds

Bank Mandiri recorded a 19.95% (yoy) increase in gains from the sale of securities and government bonds, grew from Rp125.30 billion in 2023 to Rp150.30 billion in 2024.

Other Operating Expenses

Other operating expenses consist of salaries and benefits, general and administrative expenses, and other expenses – net. Bank Mandiri recorded an increase in total operating expenses from Rp53.87 trillion in 2023 to Rp58.61 trillion in 2024, grew 8.80% (yoy). This increase was primarily driven by a 16.66% (yoy) increase in general and administrative expenses, which reached Rp26.52 trillion in 2024 compared to Rp22.73 trillion in 2023.

Operating Income

Cumulatively, Bank Mandiri recorded a 1.90% (yoy) increase in operating profit, reached Rp76.06 trillion in 2024, up from Rp74.64 trillion in 2023. This growth was in line with the increase in interest income and Sharia income throughout 2024.

Income Before Tax and Noncontrolling Interest

After adding net non-operating income of Rp343.89 billion, Bank Mandiri recorded an income before tax and non-controlling interest of Rp76.40 trillion in 2024. This achievement was higher than the same period in the previous year, which stood at Rp74.68 trillion.

Income for The Year

Bank Mandiri recorded an income for the year of Rp61.17 trillion in 2024, a 1.85% (yoy) growth compared to Rp60.05 trillion in the same period of the previous year.

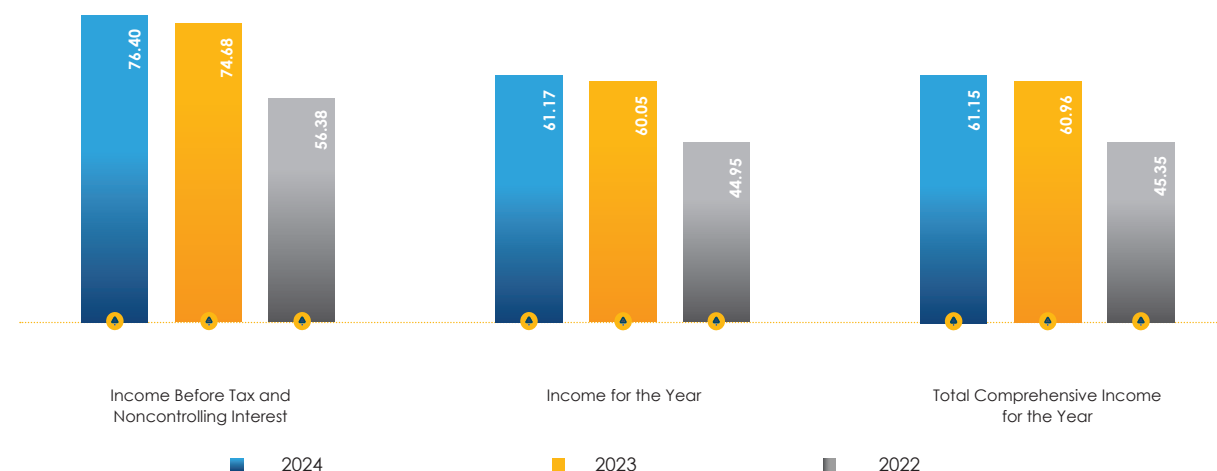

Total Comprehensive Income for the Year

Bank Mandiri's total comprehensive income for the year increased by 0.31% (yoy) to Rp61.15 trillion in 2024, compared to Rp60.96 trillion in the same period of the previous year.

Basic and Diluted Earnings Per Share

Bank Mandiri's basic and diluted earnings per share grew by 1.31% (yoy) from Rp589.93 in 2023 to Rp597.67 in 2024, supported by the increase in profit for the year.

Bank Mandiri Earnings (2022-2024)

CONSOLIDATED STATEMENT OF CASH FLOWS

Bank Mandiri recorded cash and cash equivalents of Rp244.04 trillion at the end of December 2024. This achievement reflects a higher growth compared to the same period in the previous year, which stood at Rp243.80 trillion.

(In Rp million)

Description	2024	2023	2022	Growth 2024-2023	
				Nominal	%
Net Cash (Used for)/Provided by Operating Activities	(79,558,278)	(69,803,958)	99,975,305	(9,754,320)	13.97

Net (Decrease)/Increase in Cash and Cash Equivalents	(3,978,432)	(30,141,285)	71,414,694	26,162,853	(86.80)
Effect of Exchange Rate Changes on Cash and Cash Equivalent	4,214,862	(946,566)	9,843,138	5,161,428	(545.28)
Cash and Cash Equivalents, Beginning of The Year	243,801,693	274,889,544	193,631,712	(31,087,851)	(11.31)
Cash and Cash Equivalents, End of The Year	244,038,123	243,801,693	274,889,544	236,430	0.10

Cash Flow from Operating Activities

Bank Mandiri recorded net cash used for operating activities amounting to Rp79.56 trillion in 2024. This was primarily driven by an increase in operational assets, including loans disbursed and other receivables from trade transactions. In the previous year, Bank Mandiri recorded net cash used for operating activities of Rp69.80 trillion as of December 2023.

Cash Flow from Investing Activities

Bank Mandiri recorded net cash provided by investing activities

amounting to Rp17.73 trillion in 2024. This was mainly due to the purchase of fixed assets and the acquisition of right-of-use assets. In the previous year, net cash provided by investing activities was Rp17.88 trillion as of December 2023.

Cash Flow from Financing Activities

Bank Mandiri recorded net cash provided by financing activities amounting to Rp57.85 trillion in December 2024. In the same period of the previous year, net cash provided by financing activities stood at Rp21.78 trillion. This increase was primarily driven by an increase

in liabilities from securities sold under repurchase agreements and proceeds from borrowings received.

Cash and Cash Equivalents at the End of the Year

Bank Mandiri recorded a net decrease in cash and cash equivalents of Rp3.98 trillion in December 2024. However, the Bank was still able to maintain cash and cash equivalents at the end of the period at Rp244.04 trillion in December 2024, slightly higher than Rp243.80 trillion in the same period of the previous year.

SOLVENCY AND RECEIVABLES COLLECTIBILITY

SOLVENCY AND RECEIVABLES COLLECTIBILITY

SOLVENCY

From Bank Mandiri's internal perspective, its ability to repay debt can be observed through its liquidity and solvency profile. Meanwhile, from an external perspective, related to MTN and bonds issued, Moody's and Fitch have assigned ratings to Bank Mandiri for MTN issuances in foreign currencies listed on the Singapore Stock Exchange. On the other hand, Pefindo has assigned ratings for corporate bonds in Rupiah listed on the Indonesia Stock Exchange as follows:

Lembaga Pemeringkat	Kriteria Peringkat	Peringkat
Internasional Rating Agency		
Moody's (as of 19 February 2024)	Long-Term Counterparty Risk Rating	Baa1
	Long-Term Deposit	Baa2
	Long-Term Debt	Baa2
Fitch Ratings (as of 21 May 2024)	International Long-Term Rating	BBB
	National Long Term Rating	AAA(idn)
	National Short-Term Rating	F1+(idn)
Standard & Poor's (as of 18 January 2024)	Issuer Credit Rating	BBB/STABLE/A-2
	National Rating Agency	
PT Pemeringkat Efek Indonesia (as of 15 February 2024)	Long Term General Obligation	idAAA

The credibility of these ratings can be demonstrated by Bank Mandiri's ability to repay maturing bonds promptly.

Short-Term Debt Payment Ability (Bank Liquidity)

Bank Mandiri's liquidity adequacy can be assessed using several liquidity indicators, such as the statutory reserve requirement (GWM), the Macroprudential Liquidity Buffer (PLM), liquidity reserves, the Macroprudential Intermediation Ratio (RIM), the Liquidity Coverage Ratio (LCR), and the Net Stable Funding Ratio (NSFR).

- The statutory reserve requirement is set by the central bank as a percentage of third-party funds collected by the banking sector, which must be maintained by banks in current accounts at the central bank.
- Bank Mandiri has set a safety level limit in the form of projected liquidity reserves for the

coming month. As of the end of December 2024, Bank Mandiri's liquidity reserves remained above this safety level.

- RIM is calculated as the ratio of loans extended and qualifying corporate securities held, compared to third-party funds (TPF), qualifying securities issued by the Bank, and qualifying loans received.
- LCR measures the ratio of High Quality Liquid Assets (HQLA) to the estimated net cash outflows over the next 30 days under a stress scenario. Its purpose is to strengthen the Bank's short-term liquidity resilience in crisis situations. Regulators require a minimum LCR compliance of 100%.
- NSFR measures the ratio of available stable funding to required stable funding. Regulators mandate a minimum NSFR of 100%.

The achievements of these ratios are as follows:

Liquidity	2024	2023	2022
Rupiah Reserve Requirement	5.21%	7.32%	8.53%
Macroprudential Intermediation Ratio (MIR)	94.83%	83.73%	75.98%
Liquidity Coverage Ratio (LCR)	139.21%	176.24%	191.02%
Net Stable Funding Ratio (NSFR)	107.65%	116.59%	119.93%

Long-term Debt Repayment Ability (Bank Solvency)

Bank Mandiri's Capital Adequacy Ratio (CAR) stood at 20.10% in 2024, down from 21.48% in the same period the previous year. This ratio indicates that Bank Mandiri's solvency remains strong, exceeding the minimum CAR requirement set by the regulator, thereby covering credit, market, and operational risks.

Bank Mandiri forecasts its future liquidity position using a liquidity gap methodology. This involves assessing the maturity mismatch between asset and liability components (including off-balance sheet items), which are organized into time buckets based on their contractual or behavioral maturities.

For the upcoming 12 months, Bank Mandiri expects liquidity conditions to remain in surplus. Nevertheless, alternative funding options are prepared in case market liquidity tightens or deviates from predictions.

In addition, Bank Mandiri regularly conducts liquidity risk stress tests to evaluate the impact of market and internal factors under extreme (crisis) conditions on its liquidity position. The Bank has reported that it can withstand a liquidity crisis based on these stress test results. Beyond the stress tests, Bank Mandiri has established a Liquidity Contingency Plan (LCP) that outlines funding strategies and pricing strategies during a crisis, including interbank loans, repos, bilateral loans, FX swaps, and wholesale funding. This plan sets out liquidity conditions and funding strategies while taking both internal and external factors into account.

Debt Payment Ability from Issued Securities

Bank Mandiri has issued debt securities or corporate bonds in Rupiah, which are listed on the Indonesia Stock Exchange. The Bank has also issued foreign currency debt securities (U.S. Dollar) in the form of global bonds, which are listed on the Singapore Stock Exchange and offered to investors outside the United States in compliance with Regulation S under the U.S. Securities Act.

The issued securities have been rated by rating agencies, and these ratings will be periodically reviewed until the debt securities mature. The quality of these securities is highly dependent on the issuing company's ability to repay the securities upon maturity and to meet interest or coupon payments throughout the issuance period.

The structure of the debt securities issued by Bank Mandiri, both in Rupiah and foreign currencies, along with their credit ratings, is detailed in the financial review section on issued securities.

Bank Earnings

Bank Mandiri uses Return on Assets (ROA), Return on Equity (ROE), Net Interest Margin (NIM), the Operating Expenses to Operating Income Ratio (BOPO), and the Cost Efficiency Ratio (CER) to assess the Bank's profitability performance. The Bank's achievements for these ratios as of December 2024 are as follows:

Earnings	2024	2023	2022
Return on Assets (ROA)	3.59%	4.03%	3.30%
Return on Equity (ROE, Avg Tier 1 Capital)	24.19%	27.31%	22.62%
Net Interest Margin (NIM)	4.93%	5.25%	5.16%
Operating Expenses to Operating Income (BOPO)	56.46%	51.88%	57.35%
Cost Efficiency Ratio (CER)	35.85%	35.08%	38.90%
Cost to Income Ratio (CIR)	35.01%	34.31%	38.16%

SOLVENCY AND RECEIVABLES COLLECTIBILITY

Bank Mandiri's business expansion, primarily through loan disbursement amid an improving economy, including operational efficiency, particularly the reduction in interest and Sharia expenses and better management of earnings assets, has contributed to enhancing the Bank's profitability performance. The Bank's ROE and ROA reached 24.19% and 3.59%, respectively, as of December 2024, supported by operational efficiency reflected in the BOPO and CIR ratios of 56.46% and 35.01%, respectively, in December 2024. Meanwhile, the Bank's NIM stood at 4.93% as of December 2024.

BANK RECEIVABLES COLLECTIBILITY

The collectibility of the Bank's receivables is measured by the timeliness of loan repayments. Bank Mandiri reports the collectibility of receivables from its loan disbursement activities (bank only) as follows:

(In Rp million)

Category	2024	2023	2022	2021	2020
Current	1,253,085,593	1,027,406,545	874,645,487	764,469,150	701,951,159
Special Mention	45,084,568	47,381,346	40,549,922	40,525,825	36,796,337
Substandard	1,448,335	2,289,310	1,280,514	1,913,657	2,065,985
Doubtful	2,207,252	4,322,560	5,402,034	4,369,540	938,038
Loss	8,953,652	4,387,666	10,761,094	16,835,691	21,851,897
Total Loans	1,310,779,400	1,085,787,427	932,639,051	828,113,863	763,603,416
NPL gross*)	12,609,239	10,999,536	17,443,642	23,118,888	24,855,920
NPL (%)	0.97%	1.02%	1.88%	2.81%	3.29%

*) NPL ratio is calculated excluding Loans to Other Banks

Indonesia's economy in 2024 continued to face challenges, including external factors such as tariff wars and domestic factors such as declining consumer purchasing power. Amid these uncertainties, Bank Mandiri successfully maintained sustainable loan growth at a high level of 20.72%, while maintaining its NPL ratio by 5 bps to 0.97% compared to the previous year. Bank Mandiri's growth strategy, which focuses on prospective debtors both sectorally and within the value chain of existing debtors, has driven improvements in credit quality and efficiency in debtor provisioning formation.

Bank Mandiri has established standard procedures for end-to-end credit management. In the wholesale segment, the credit process begins with market targeting based on prospective sectors outlined in the Loan Portfolio Guideline, which categorizes industries as attractive, neutral, selective, or cautious. The Bank then selects and screens target customers using tools such as the Industry Acceptance Criteria and Name Clearance to generate a high-quality debtor pipeline. This process is followed by a credit risk assessment using various credit risk tools, including

credit risk rating, spreadsheets, CPA, NAK, and others. The final credit decision is made by the Authorized Credit Decision Maker through the Credit Committee Meeting, applying the four-eyes principle, which ensures independent involvement of both the Business Unit and the Credit Risk Management Unit.

Meanwhile, for the retail or mass market segment, the credit management process is more automated, utilizing a credit risk scorecard based on the Risk Acceptance Criteria for each product. The process is carried out through an automated workflow (loan factory).

Furthermore, for credit monitoring process, Bank Mandiri routinely conducts a Portfolio Quality Review for each segment and product. Meanwhile, for non-performing loan portfolios, collection and recovery processes are carried out as part of the strategy to reduce exposure to non-performing loans. The Bank also conducts what-if analysis on wholesale and retail portfolios through stress testing using various macroeconomic scenarios to anticipate potential macroeconomic downturns.

CAPITAL STRUCTURE

MANAGEMENT POLICY ON CAPITAL STRUCTURE

In managing its capital structure, Bank Mandiri implements a capital policy that includes the prudent fulfillment of regulatory capital requirements, diversification of capital sources to anticipate long-term strategic plans, and efficient capital allocation to business segments with the potential to deliver an optimal risk-return profile. This also includes placements and investments in subsidiaries to meet stakeholder expectations, including those of investors and regulators. Additionally, the Bank continuously ensures adequate capital to cover credit risk, market risk, and operational risk, supporting business expansion in both normal conditions and stress scenarios.

In assessing capital adequacy, Bank Mandiri refers to regulations issued by the Financial Services Authority (Otoritas Jasa Keuangan/OJK), including:

- POJK No. 27 of 2022 dated 28 December 2022 on the Second Amendment to POJK 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks.
- POJK No. 34/POJK.03/2016 dated 22 September 2016 on the Amendment to POJK No. 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks.
- SEOJK No. 26/SEOJK.03/2016 on the Minimum Capital Requirement Based on Risk Profile and Fulfillment of Capital Equivalency Maintained Assets.

- SEOJK No. 23/SEOJK.03/2022 on the Calculation of Risk-Weighted Assets for Market Risk for Commercial Banks.

Bank Mandiri also applies the Basel II Standardized Approach for Credit Risk and has incorporated the External Rating component in calculating Risk-Weighted Assets (RWA).

Bank Mandiri is gradually conducting simulations of the Internal Ratings-Based Approach. The method used by the Bank to measure market risk follows the Basel III Standardized Approach – Fundamental Review of the Trading Book (FRTB). Currently, internal measurement utilizes the Value at Risk (VaR) method, while a parallel study is being conducted to implement the Expected Shortfall (ES) method as a replacement for VaR. Meanwhile, for operational risk measurement, the Bank applies the Basel II Basic Indicator Approach.

The Bank's consolidated capital adequacy ratio as of 31 December 2024, and 2023, considering credit, operational, and market risks, was 20.82% and 21.48%, respectively. When considering only credit and operational risks, the ratios were 21.14% and 21.69%, respectively.

The following tables present the calculation results of Risk-Weighted Assets (RWA) for credit, operational, and market risks, as well as the Capital Adequacy Ratio as of 31 December 2024, and 2023, for Bank Mandiri on a standalone basis.

Expansion

In line with the growth of digital banking services, Bank Mandiri has reduced the number of branch offices by 51 sub-branches. This measure was taken to optimize banking services for customers, factoring in the level of digital penetration in each location. This step reflects Bank Mandiri's commitment to consistently providing the public with wider access to banking services and products through the development of digital platforms and Mandiri Agents (branchless banking).

Divestment

On 7 February 2024, Bank Mandiri and PT Asuransi Jiwa IFG (IFG Life) signed a Sale and Purchase Agreement (PPJB) for shares in PT Asuransi Jiwa Inhealth Indonesia (Mandiri Inhealth) concerning the planned transfer of 60% ownership of Mandiri Inhealth from Bank Mandiri to IFG Life.

On 21 February 2024, Bank Mandiri submitted an application to the Financial Services Authority (OJK) for approval regarding the divestment of Mandiri Inhealth. On 13 May 2024, Bank Mandiri received approval from the OJK through letter No. S-73/PB.21/2024 on Phase 1 Approval for the Divestment of the Subsidiary PT Asuransi Jiwa Inhealth Indonesia (Mandiri Inhealth). Subsequently, on 7 June 2024, Mandiri Inhealth obtained approval from the OJK through letter No. S-15/D.05/2024 on Approval for the Change of Ownership of PT Asuransi Jiwa Inhealth Indonesia.

On 26 June 2024, the Share Acquisition Deed No. 88 between Bank Mandiri and IFG Life and the Share Sale and Purchase Deed No. 89 between Kimia Farma and IFG Life were signed, both before Mala Mukti, S.H., LL.M., a notary in Jakarta. Following the signing of the Share Acquisition Deed and the Share Sale and Purchase Deed, the shareholder structure of Mandiri Inhealth changed, with IFG Life owning 80% of the shares and Bank Mandiri holding 20%. Consequently, Bank Mandiri lost control over Mandiri Inhealth, resulting in the cessation of recognition of Mandiri Inhealth's net assets at their carrying value. This share transfer was previously approved during Mandiri Inhealth's GMS, formalized in the Deed of Shareholders' Resolutions No. 90, executed

before Mala Mukti, S.H., LL.M., a notary in Jakarta. The notification of this change was recorded in the Legal Entity Administration System of the Ministry of Law and Human Rights of the Republic of Indonesia via a letter dated 27 June 2024, No. AHU-AH.01.09-0219371.

The share transfer transaction of Mandiri Inhealth constitutes a business combination of entities under common control, as the ultimate shareholder of the shareholders of Mandiri Inhealth namely Bank Mandiri, Kimia Farma, and IFG Life, is the Government of the Republic of Indonesia. As such, the divestment transaction was recorded using the pooling of interest method in accordance with the Statement of Financial Accounting Standards (PSAK) No. 338 (Revised 2014), "Business Combination of Entities Under Common Control."

Acquisition

1. Capital Injection into PT Kliring Penjaminan Efek Indonesia (KPEI)

To support the development of a Central Counterparty (CCP) for transactions in the Money Market and Foreign Exchange Market, particularly for Over-The-Counter Derivatives Transactions on Interest Rates and Exchange Rates, as part of the implementation of Law No. 4 of 2023 on Financial Sector Development and Strengthening and Bank Indonesia Regulation No. 6 of 2024 on Money Market and Foreign Exchange Market, Bank Mandiri has made a capital injection for 2,500 Series B shares (representing a 1.11% ownership stake) to KPEI, which functions as the CCP operator in Indonesia.

In relation to this capital injection, Bank Mandiri obtained approval from the OJK through letter No. SR-108/PB.21/2024 dated 16 August 2024, regarding Approval for Bank Saudara's Capital Injection into PT Kliring Penjaminan Efek Indonesia for the Implementation of Central Counterparty for Interest Rates and Exchange Rates. In addition, KPEI received approval from OJK through letter No. S-127/D.04/2024 dated

TRANSACTION INFORMATION RELATED TO INVESTMENT, EXPANSION, DIVESTMENT, MERGER, ACQUISITION, AND RESTRUCTURING

COMMITMENT AND CONTINGENCY

13 September 2024, regarding Approval of Other Parties as Shareholders of PT Kliring Penjaminan Efek Indonesia, and approval through letter No. S-287/PM.01/2024 dated 24 September 2024, concerning Approval for Amendments to the Articles of Association of the Clearing and Guarantee Institution.

The capital injection became effective on 26 September 2024, based on the Decree of the Minister of Law and Human Rights of the Republic of Indonesia No. AHU-0061216.AH.01.02. Tahun 2024 dated 26 September 2024, regarding Approval of Amendments to the Articles of Association of PT Kliring Penjaminan Efek Indonesia.

2. Additional Capital Injection into Mandiri Utama Finance (MUF)

To strengthen synergy and transform its business in the multifinance segment, Bank Mandiri carried out additional capital injection into MUF through the purchase of 2,449,999,999 (two billion four hundred forty-nine million nine hundred ninety-nine thousand nine hundred ninety-nine) MUF shares owned by PT Asco Investindo and PT Tunas Ridean. This transaction increased Bank Mandiri's ownership in MUF from 51% to 99.9999999998%.

The share purchase became effective on 28 November 2024, as stated in Share Sale and Purchase Deed No. 44 between Bank Mandiri and PT Asco Investindo and Share Sale and Purchase Deed No. 46 between Bank Mandiri and PT Tunas Ridean, both executed before Ashoya Ratam, S.H., M.Kn., a Notary in South Jakarta. The deeds confirm the new shareholder composition of MUF following the capital injection transaction. The notification of the corporate data changes for MUF was acknowledged by the Ministry of Law and Human Rights of the Republic of Indonesia through Letter No. AHU-AH.01.09-0281917 dated 29 November 2024, regarding the Receipt of Notification on Corporate Data Changes of PT Mandiri Utama Finance.

The additional capital injection by Bank Mandiri into MUF received all required approvals and met the conditions for capital participation in accordance with applicable regulations. These included approval from the Ministry of State-Owned Enterprises of the Republic of Indonesia, as the holder of Series A Dwiwarna Shares, via Letter No. S-459/MBU/09/2024 dated 20 September 2024, regarding Approval for Additional Capital Injection into PT Mandiri Utama Finance, and approval from the OJK via Letter No. SR-167/PB.21/2024 dated 29 October 2024, regarding Approval for Capital Injection into PT Mandiri Utama Finance.

To comply with Article 7 paragraph (1) of Law No. 40 of 2007 on Limited Liability Companies, as amended by Government Regulation in Lieu of Law No. 2 of 2022 on Job Creation, which was established as law through Law No. 6 of 2023, PT Mandiri Sekuritas also participated in the capital injection by purchasing 1 (one) share owned by PT Asco Investindo. This share purchase became effective on 28 November 2024, as documented in Share Sale and Purchase Deed No. 45 between Mandiri Sekuritas and PT Asco Investindo.

Debt and Capital Restructuring

Bank Mandiri did not conduct any debt and/or capital restructuring transactions during 2024.

Use of Third-Party Services

The use of third-party services for assessing the fairness of investment, acquisition, divestment, and restructuring transactions is carried out in compliance with applicable capital market regulations.

COMPARISON OF 2024 TARGET & REALIZATION

COMPARISON OF 2024 TARGET & REALIZATION

Comparison of Financial Targets and Realization for 2024

Bank Mandiri recorded strong performance amid global economic dynamics, as reflected in its consolidated total assets reaching Rp2,427.22 trillion as of December 2024, an increase of 11.64% (yoy) from Rp2,174.22 trillion in 2023. This figure exceeded the 2024 RKAP target of Rp2,358.45 trillion.

Bank Mandiri's consolidated net profit reached Rp55.78 trillion in 2024, grew by 1.31% (yoy) from Rp55.06 trillion in 2023. This achievement exceeded the 2024 RKAP target of Rp55.18 trillion. The key drivers behind this net profit growth include consolidated net interest income, which reached Rp104.28 trillion in 2024, an increase of 6.40% (yoy)

from Rp98.01 trillion in December 2023. In addition, consolidated fee-based income stood at Rp42.32 trillion in 2024, grew by 4.12% (yoy) from Rp40.65 trillion in December 2023.

Bank Mandiri has consistently maintained efficiency, as reflected in its bank-only Cost to Income Ratio, which stood at 35.01% as of December 2024. Through prudent credit distribution and regular monitoring, the Bank successfully improved credit quality, with the bank-only gross NPL ratio declining to 0.97% in December 2024 from 1.02% in the same period in 2023. This NPL ratio remains below the 2024 RKAP target of 1.14%, demonstrating Bank Mandiri's strong risk management and commitment to maintaining asset quality.

Comparison of Target and Realization of HR Development in 2024

Bank Mandiri's commitment to providing equal opportunities for its employees in competency development is reflected in the comparison data of the target and realization of human capital development. In 2024, the number of Bank Mandiri employees who participated in competency development training reached 40,034 employees, exceeding the target with a realization rate of 121.4% of the set target of 80% of the total 41,231 employees.

Meanwhile, the actual training expenses amounted to Rp397.1 billion, representing a 13.1% increase compared to the previous year's realization.

Comparison of Target and Realization of HR Development in 2024

Description	Target 2024	Realization 2024	Target 2023	Realization 2023
Training (employee)	32,984	40,034	31,131	37,779
Training Cost (in Rp Billion)	425.00	397.10	313.75	351.94

MATERIAL INFORMATION AND SUBSEQUENT EVENTS

Based on Bank Mandiri's consolidated audited financial statements for the period ended 31 December 2024, which were prepared by Management and audited by the Public Accounting Firm Rintis, Jumadi, Rianto & Rekan (formerly Tanudiredja, Wibisana, Rintis & Rekan, a member firm of the PwC global network), with Lucy Luciana Suhenda, S.E., Ak., CPA as the responsible partner, there were no subsequent events after the financial position date of 31 December 2024, up to the issuance date of the consolidated financial statements on 5 February 2025, that would require adjustments or additional disclosures under the applicable Financial Accounting Standards in Indonesia.

DIVIDEND POLICY AND DISTRIBUTION

Dividend Policy

In general, Bank Mandiri's dividend distribution policy refers to Law No. 40 of 2007 on Limited Liability Companies and Bank Mandiri's Articles of Association. According to this law, the entire net profit, after deducting reserves, is distributed to shareholders as dividends unless otherwise determined by the General Meeting of Shareholders (GMS).

Bank Mandiri distributes dividends once a year following the Annual General Meeting of Shareholders (AGMS), which holds the authority to determine and approve the dividend distribution. Bank Mandiri's dividend policy aims to maintain a payout ratio of around 45% or more of the annual net profit unless the AGMS decides otherwise, based on various considerations regarding the performance in that particular year. In determining the dividend payout, Bank Mandiri considers several key factors such as the

Bank's financial health, capital adequacy levels, and funding requirements for further business expansion, without limiting the AGMS's authority to decide in accordance with the Company's Articles of Association.

Furthermore, dividends from net profit are paid by Bank Mandiri in compliance with prevailing laws in Indonesia. Dividends (if any) are paid in cash in Rupiah and are always in adherence to stock exchange regulations, ensuring timely payment. Bank Mandiri does not have any negative covenants related to third-party restrictions that might harm the rights of public shareholders concerning dividend distribution.

Dividend Announcement and Payment

Bank Mandiri announces and distributes dividends as determined in the AGMS over the past five years as follows:

Dividend Announcement and Payment for Financial Year 2020-2024

DIVIDEND POLICY AND DISTRIBUTION

Announcement and Payment of Dividends for Fiscal Year 2023

Bank Mandiri held its AGMS on 7 March 2024, which approved and determined the allocation of consolidated net profit attributable to the owners of the parent entity for the 2023 Fiscal Year amounting to Rp55,060,057,307,434.00 (fifty-five trillion sixty billion fifty-seven million three hundred seven thousand four hundred thirty-four Rupiah) as follows:

1. A total of 60% or Rp33,036,034,384,460.40 (thirty-three trillion thirty-six billion thirty-four million three hundred eighty-four thousand four hundred sixty rupiah forty cents) or Rp353.957511267 (three hundred fifty-three point nine five seven five one one two six seven rupiah) per share was designated as a Cash Dividend, to be paid under the following conditions:
 - a. The dividend portion for the Republic of Indonesia amounting to Rp17,178,737,880,394.40 (seventeen trillion one hundred seventy-eight billion seven hundred thirty-seven million eight hundred eighty thousand three hundred ninety-four rupiah forty cents) was deposited into the State General Treasury Account.
 - b. The dividends for Fiscal Year 2023 were distributed proportionally to all shareholders whose names were recorded in the Shareholders' Register as of the recording date.
 - c. The Board of Directors was granted authority and power, with substitution rights, to set the schedule and distribution procedures related to the payment of dividends for Fiscal Year 2023 in accordance with applicable regulations, to withhold dividend taxes in accordance with prevailing tax laws, and to address any related technical matters in compliance with applicable rules.
2. The remaining 40% or Rp22,024,022,922,973.60 (twenty-two trillion twenty-four billion twenty-two million nine hundred twenty-two thousand nine hundred seventy-three rupiah sixty cents) was allocated to Retained Earnings.

EMPLOYEE AND/OR MANAGEMENT SHARE OWNERSHIP PROGRAM

Based on the Extraordinary GMS decision on 29 May 2003, as stated in the notarial deed of Sutjipto, S.H., No. 142 dated 29 May 2003, Bank Mandiri's shareholders also approved a plan for employees and Directors to own shares through the Employee Stock Allocation (ESA) and Management Stock Option Plan (MSOP). The ESA program consists of a Share Plan Bonus and a Share Purchase at Discount program. Meanwhile, the MSOP is intended for Directors and employees in certain grades or criteria. The costs and discounts associated with the ESA program are borne by Bank Mandiri, funded from established reserves. The implementation and administration of ESA and MSOP programs are managed by the Board of Directors, while oversight is conducted by the Board of Commissioners.

On 14 July 2003, the Government of the Republic of Indonesia released 4,000,000,000 shares, representing 20.00% of its ownership in Bank Mandiri, through an Initial Public Offering (IPO). Following Government Regulation No. 27/2003 dated 2 June 2003, which allowed divestment of up to 30.00% of the Government's stake in Bank Mandiri, and based on the Privatization Policy Team's decision No. Kep-05/TKP/01/2004 dated 19 January 2004, the Government of Indonesia conducted a subsequent divestment of an additional 10.00% stake in Bank Mandiri, amounting to 2,000,000,000 Series B common

shares on 11 March 2004, through a private placement.

At the time of the IPO on 14 July 2003, Bank Mandiri offered share purchase options to management through MSOP Phase 1 for a total of 378,583,785 options, with an exercise price of Rp742.50 per share (nominal value of Rp500 per share). These stock options were recorded under the Equity-Stock Options account at a fair value of Rp69.71 per share. The options exercised under MSOP Phase 1 amounted to 375,365,957 shares, resulting in an increase in issued and paid-in capital of Rp187,683 and an increase in share premium of Rp117,193.

Subsequently, at the Annual GMS held on 16 May 2005, the issuance of MSOP Phase 2 (two) for a total of 312,000,000 stock options was approved. The exercise price per share was Rp1,190.50 (full amount) for the first year and Rp2,493 (full amount) for the second year and subsequent years. The nominal value per share was Rp500 (full amount). These stock options were recorded under the equity - stock options account at a fair value of Rp642.28 (full amount) per share. Options exercised from MSOP Phase 2 (two) amounted to 311,713,697 shares, resulting in an increase in issued and paid-in capital of Rp155,857 and an increase in share premium of Rp425,233.

The Annual GMS held on 22 May 2006, approved the issuance of MSOP Phase 3 (three) for a total

of 309,416,215 stock options. The GMS also authorized the Board of Commissioners to determine the policy for the implementation and oversight of MSOP Phase 3 (three) and to report it at the next GMS. The exercise price per share of MSOP Phase 3 (three) was Rp1,495.08 (full amount), with a nominal value of Rp500 (full amount) per share. These stock options were recorded under the Equity - Stock Options account at a fair value of Rp593.89 (full amount) per share. The exercised options from MSOP Phase 3 (three) totaled 309,415,088 shares, resulting in an increase in issued and paid-in capital of Rp154,707 and an increase in share premium of Rp491,651.

On 27 December 2010, the Bank registered its first submission with the OJK (formerly the Capital Market and Financial Institutions Supervisory Agency (Bapepam and LK)) in relation to the Limited Public Offering (Rights Issue) to the Bank's shareholders for the issuance of Preemptive Rights (HMETD) amounting to 2,336,838,591 Series B shares. This Rights Issue was approved by the Board of Commissioners through a letter dated 29 April 2010. The Bank submitted notification regarding the Rights Issue to Bank Indonesia through a letter dated 17 September 2010. This Rights Issue was also promulgated by Government Regulation of the Republic of Indonesia No. 75 of 2010 dated 20 November 2010. The Rights Issue received effective

EMPLOYEE AND/OR MANAGEMENT SHARE OWNERSHIP PROGRAM

approval from Bapepam and LK through letter No. S-807/BL/2011 dated 27 January 2011, and became effective after receiving approval from shareholders at the Extraordinary General Meeting of Shareholders held on 28 January 2011.

HMETD totaling 2,336,838,591 shares were traded from 14 to 21 February 2011 at an exercise price of Rp5,000 (full amount) per share, resulting in an increase in issued and paid-up capital of Rp1,168,420. Based on the resolution of EGMS dated 21 August 2017, Bank Mandiri's shareholders approved, among other matters, a stock split of Bank Mandiri shares from Rp500 (full amount) per share to Rp250 (full amount) per share. Consequently, the issued capital increased to 46,666,666,666 shares, comprising 1 (one) Series A Dwiwarna share and 46,666,666,665 Series B shares. The stock split did not result in any changes to the authorized, issued, and paid-up capital. The stock split became effective on 13 September 2017.

As a continuation of the previously distributed ESOP and MSOP programs, Bank Mandiri extended a similar program to employees and management under predetermined grant and vesting conditions.

Bank Mandiri has a Management Stock Ownership Program (MSOP) in the form of a Long Term Incentive (LTI) measured by achieving company performance targets (Performance Share Plan) for the Board of Directors and non-Independent Commissioners, and in the form of an escrow current account for Independent Commissioners. This aims to motivate higher performance in the future and to recognize efforts in maintaining and/or increasing the company's long-term share value. The LTI program for the Board of Directors and Commissioners covers the 2023–2025 performance period. The performance/ vesting period is annual (January–December) for three years (2023–2025). LTI vests fully in the fourth year (2026) once the financial statements are audited by an independent

auditor and the Annual Report is approved by/endorsed at the GMS. The performance target achievements are calculated as a three-year average (2023–2025) based on indicators such as Total Shareholder Return (TSR), Return on Equity (RoE), and Non-Performing Loan (NPL).

Bank Mandiri also has an Employee Stock Ownership Program (ESOP) designed to foster a sense of ownership and motivate employees to contribute their best over the long term. ESOP is granted to certain grades and job levels that meet criteria approved by management, including individual performance, talent classification, and employee track record. Between 2015 and 2022, Bank Mandiri distributed 96,003,800 shares with a vesting period of 3–5 years. In 2023, Bank Mandiri did not have an Employee Stock Ownership Program (ESOP).

Bank Mandiri plans to implement a similar stock ownership program for employees and management in future years.

REALIZATION OF PROCEEDS FROM PUBLIC OFFERINGS

On 14 July 2003, Bank Mandiri conducted an IPO of 4,000,000,000 Series B Common Shares with a nominal value of Rp500 (full amount) per share, offered at a price of Rp675 (full amount) per share. This public offering represented a divestment of 20.00% of Bank Mandiri shares owned by the Government.

As of 14 July 2003, a total of 19,800,000,000 Series B Common Shares of Bank Mandiri had been listed on the Jakarta Stock Exchange and the Surabaya Stock Exchange, based on approval letters from the Jakarta Stock Exchange No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003, and the Surabaya Stock Exchange No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

In addition to the public offering of shares, Bank Mandiri also conducted public offerings for debt securities or corporate bonds. The most recent bond series issued by Bank Mandiri was the Continuous Bond II Bank Mandiri Phase I Year 2020, which was listed on the Indonesia Stock Exchange on 13 May 2020.

Both the public offerings of shares and bonds have been completed, and all proceeds from these offerings have been utilized and reported in accordance with applicable regulations.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

AFFILIATED TRANSACTIONS

Bank Mandiri and its subsidiaries engage in transactions with related parties as defined under PSAK No. 224 on "Related Party Disclosures" Bapepam and the Financial Services Authority Regulation No. 42/POJK.04/2020 dated 2 July 2020 (POJK 42/2020) on Affiliated Transactions and Conflict of Interest Transactions.

A related party is a person or entity related to the entity preparing its financial statements (the reporting entity). The following are considered related parties:

1. Individuals who:
 - a. Have control or joint control over the reporting entity;
 - b. Have significant influence over the reporting entity; or
 - c. Are key management personnel of the reporting entity or the parent entity of the reporting entity.
2. An entity is related to the reporting entity if any of the following conditions apply:
 - a. The entity and the reporting entity are members of the same business group;
 - b. One entity is an associate or joint venture of the other entity;

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

- c. Both entities are joint ventures of the same third party;
- d. One entity is a joint venture of a third entity, and the other entity is an associate of the third entity;
- e. The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity;
- f. The entity is controlled or jointly controlled by a person identified in point 1);
- g. A person identified in point 1) sub-point a) has significant influence over the entity or is key management personnel of the entity; or
- h. The entity is controlled, jointly controlled, or significantly influenced by the Government, such as the Ministry of Finance or Regional Government, which are shareholders of the entity.

In Article 1 paragraph (1) of POJK 42/2020, the term "Affiliate" refers to:

- a. familial relationship due to marriage and descent up to the second degree, both horizontally and vertically;
- b. relationship between a party and employees, directors, or commissioners of that party;
- c. relationship between two companies where one or more members of the board of directors or board of commissioners are the same;
- d. relationship between a company and a party that, either directly or indirectly, controls or is controlled by that company;
- e. relationship between two companies that are directly or indirectly controlled by the same party; or
- f. relationship between a company and its major shareholder.

The definition of Affiliate Transaction in Article 1 paragraph (3) of POJK 42/2020 refers to any activity and/or transaction conducted by a public company or controlled company with Affiliates of the public company or Affiliates of members of the board of directors, members of

the board of commissioners, major shareholders, or Controllers, including any activity and/or transaction conducted by the public company or controlled company for the benefit of Affiliates of the public company or Affiliates of members of the board of directors, members of the board of commissioners, major shareholders, or Controllers.

PRESENTATION OF AFFILIATED TRANSACTIONS IN 2024

Referring to Article 22 of POJK 42/2020, it is stated that in the event that Affiliated Transactions and/or Conflict of Interest Transactions are conducted by a Controlled Company that is not a Public Company and whose financial statements are consolidated with a Public Company, the Public Company must follow the procedures as stipulated in POJK No. POJK 42/2020. The affiliated transactions at Bank Mandiri during 2024 generally consist of 2 (two) types of affiliated transactions as follows:

- Bank Mandiri with its subsidiaries - as stated in Article 1, Paragraph (1-d) of the relevant POJK, which reads: "the relationship between a company and a party that, either directly or indirectly, controls or is controlled by that company."
- Bank Mandiri with its affiliated companies - as stated in Article 1, Paragraph (1-e) of the relevant POJK, which reads: "the relationship between two companies that are controlled, either directly or indirectly, by the same party."

As of December 2024, Bank Mandiri has conducted several affiliated transactions with its affiliated companies, which essentially fall into 2 (two) types of affiliated transactions as outlined below, along with a brief explanation:

1. Realization of Affiliated Transactions Conducted by Bank Mandiri with Its Subsidiaries and Other Affiliated Companies.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

Table 1 Detailed of Bank Mandiri Affiliated Transaction Type 1

No.	Date	Transaction Type	Affiliated Party	Transaction Value	Nature of Relations
1	26 June 2024	Sale of Shares in the Subsidiary Mandiri Inhealth	Subsidiary, Mandiri Inhealth*. IFG Life, Subsidiary IFG, SOE Insurance.	Rp1.710 billion	The divestment of Mandiri Inhealth involves Bank Mandiri and IFG Life as entities that are directly and indirectly controlled by the same party, namely the Government of the Republic of Indonesia through the Ministry of State-Owned Enterprises (KBUMN). Following the divestment, BMRI holds 200,000 shares, representing 20% of the total shares in Mandiri Inhealth.
2	22 July 2024	The acquisition of MUF shares, together with Mansek, in other companies, namely PT Asco Investindo and PT Tunas Ridean.	MUF – Subsidiary Mandiri Sekuritas-Subsidiary	n.a	The signing of the Conditional Share Purchase Agreement ("CSPA") regarding the planned acquisition of MUF shares between Bank Mandiri, its subsidiary Mansek, and two other companies, PT Asco Investindo and PT Tunas Ridean. Following the acquisition, Bank Mandiri and Mansek jointly own 100% of MUF shares.

*) As of October 2024, Mandiri Inhealth is no longer a subsidiary of Bank Mandiri.

Explanation:

1) **The sale of Bank Mandiri's shares in its subsidiary, PT Asuransi Jiwa Inhealth Indonesia (Mandiri Inhealth), to PT Asuransi Jiwa IFG (IFG Life) (Divestment of Mandiri Inhealth).**

Explanation of Date, Value, and Object of Transaction

The divestment of Mandiri Inhealth was carried out on 26 June 2024, in which Bank Mandiri and IFG Life signing the Mandiri Inhealth Acquisition Deed.

Referring to the valuation report dated 2 February 2024, No. 00114/2.0018-00/BS/09/0149/1/II/2024, prepared by KJPP NDR, regarding the valuation of 600,000 shares, equivalent to 60% of the total issued shares of Mandiri Inhealth owned by Bank Mandiri as of 31 December 2023, including Mandiri Inhealth's shareholding in PT FitAja Digital Nusantara (FDN) of 4,794,500 shares, or 45.14% of FDN's total issued shares, the transaction value for the Mandiri Inhealth divestment amounted to Rp1,710,000,000,000 (one trillion seven hundred ten billion Rupiah) or Rp2,850,000 (two million eight hundred fifty thousand Rupiah) per share.

The object of the affiliated transaction consists of 600,000 shares, representing 60% of the total issued shares of Mandiri Inhealth owned by Bank Mandiri, which were sold by Bank Mandiri to IFG Life at the agreed price in the Mandiri Inhealth Acquisition Deed, amounting to Rp1,710,000,000,000 (one trillion seven hundred ten billion Rupiah).

Name of Parties Involved in the Transaction Bank Mandiri – Brief Description

Bank Mandiri is a state-owned enterprise (SOE) engaged in the banking sector, with the Indonesian government holding a majority ownership of 52%. The detailed history, complete shareholder structure, and management composition are presented in the "Company Profile" section of this Annual Report.

IFG Life – Brief History

IFG Life is a company operating in the life and health insurance sector and has obtained a license from the Financial Services Authority (OJK) through Decree No. KEP-19/D/05/2021 dated 7 April 2021.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

IFG Life is part of the state-owned insurance and guarantee holding, established based on the Ministry of SOEs Letter No. S-921/MBU/10/2020 dated 21 October 2020, regarding the Approval for the Establishment of a Life Insurance Subsidiary. The company was incorporated through the Deed of Establishment of PT Asuransi Jiwa IFG No. 39 dated 22 October 2020, which was last amended by Deed No. 33 dated 24 April 2024, notarized by Hadijah, S.H., M.Kn., in

Jakarta. This amendment was notified to the Minister of Law and Human Rights of the Republic of Indonesia through Notification of Amendment to the Articles of Association No. AHU-AH.01.09-0162541 dated 25 April 2024.

IFG Life is headquartered at Graha CIMB Niaga II, 5th & 6th Floor, Jalan Jenderal Sudirman Kavling 58, South Jakarta 12190, Indonesia.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

- **Nature of Affiliation**

The affiliation in connection with the divestment of Mandiri Inhealth arises from a control relationship by the same party, either directly or indirectly, over the entities involved in the transaction. Bank Mandiri and IFG Life, as the parties conducting the Mandiri Inhealth divestment transaction, are both directly and indirectly controlled by the Government of the Republic of Indonesia.

The detailed explanation of the affiliation between Bank Mandiri and IFG Life is as follows:

- **Bank Mandiri**

The Government of the Republic of Indonesia holds 52% of the shares in Bank Mandiri, 8% of the shares are owned by the Indonesia Investment Authority (INA), and the remaining 40% of the shares are owned by the public other than INA. With this ownership structure, Bank Mandiri is directly controlled by the Government of the Republic of Indonesia.

- **IFG Life**

IFG owns 99.999997% of the shares in IFG Life, while 0.000003% of the shares are held by PT Bahana Kapital Investa. Since IFG is directly controlled by the Government of the Republic of Indonesia, IFG Life is therefore indirectly controlled by the Government of the Republic of Indonesia.

- **Explanation of Transaction Fairness (Arms-Length Principle)**

Based on the fairness opinion analysis conducted by KJPP NDR (Public Appraisal Firm Nirboyo Adiputro, Dewi Apriyanti & Partners), as outlined in the KJPP NDR report dated 21 June 2024, No. 00344/2.0018-00/BS/09/0149/1/VI/2024 regarding the fairness opinion report on the planned transaction for the sale of 600,000 shares, equivalent to 60.00% equity of Mandiri Inhealth owned by Bank Mandiri to IFG Life, KJPP NDR concluded that the transaction of selling

600,000 shares or 60.00% of the total issued shares of Mandiri Inhealth owned by Bank Mandiri to IFG Life, valued at Rp1,710,000,000,000 (one trillion seven hundred ten billion Rupiah) as of 31 December 2023, is fair.

The assessment was conducted by Public Appraiser Dewi Apriyanti, S.E., MAPPI (Cert.), a Managing Partner at KJPP NDR, holding Appraiser License No. PB-1.09.00149 issued by the Ministry of Finance of the Republic of Indonesia and registered with the Financial Services Authority in the Capital Market Sector of the Republic of Indonesia under No. STTD. PB-23/PJ-1/PM.02/2023.

In the evaluation of the Fairness Opinion for this Planned Transaction, KJPP NDR performed analyses using various approaches and procedures, including transaction analysis, qualitative analysis, quantitative analysis, analysis of transaction value fairness, and analysis of other relevant factors.

- **Compliance with Relevant Provisions**

Bank Mandiri issued a Disclosure of Information on 27 June 2024, to fulfill the requirements of Financial Services Authority Regulation (POJK) No. 42/2020. This regulation mandates Bank Mandiri to disclose information regarding Affiliated Transactions conducted between Bank Mandiri and its affiliate, IFG Life. Bank Mandiri is required to announce the Affiliated Transaction to the public no later than the end of the second business day after the transaction occurs.

- **In the Case of Affiliation Relationships**

Given that the parties involved in the divestment of Mandiri Inhealth, namely Bank Mandiri and IFG Life, are companies directly or indirectly controlled by the Government of the Republic of Indonesia, the divestment of Mandiri Inhealth qualifies as an Affiliated Transaction.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

2) The purchase/acquisition of shares in the subsidiary, PT Mandiri Utama Finance (MUF), together with another subsidiary, PT Mandiri Sekuritas (Mansek), from two other companies.

- **Explanation of Date and Object of Transaction**

The Company signed a Conditional Share Purchase Agreement (CSPA) related to the planned acquisition of shares in PT Mandiri Utama Finance (MUF) on 22 July 2024. The agreement was signed by the Company with several parties, including PT Mandiri Sekuritas (Mansek), PT Asco Investindo (Asco), and PT Tunas Ridean (Turi).

- **Nature of Affiliated Relationship**

The Company, MUF, and Mansek have an affiliated relationship. MUF is a subsidiary of Bank Mandiri, with a pre-acquisition ownership structure of 51% held by Bank Mandiri, 37% by PT Asco Investindo, and 12% by PT Tunas Ridean Tbk. Meanwhile, Mansek is also a subsidiary of the Company, with 99.99% ownership directly held and controlled by the Company.

Post transaction, Bank Mandiri and Mansek will jointly own 100% of MUF's shares.

- **Considerations and Reasons for Conducting the Affiliated Transaction**

The Company has a vision to transform the auto loan business model within its multifinance subsidiary by focusing on captive customers, as they have better asset quality and more efficient management costs. To increase the proportion of captive financing and enhance the value gained from optimizing the multifinance business, the Company

aims to acquire up to 100% ownership of MUF after the transaction while ensuring seamless operational continuity during and after the acquisition.

As part of Mandiri Group, the Company has invited Mansek to participate as a partner in the ownership of MUF. The acquisition of MUF shares by the Company and Mansek is also intended to comply with ownership regulations as stipulated in Article 7, Paragraph 1 of Law No. 40 of 2007 on Limited Liability Companies, which requires that a company must be established by at least two or more shareholders.

- **Compliance with Relevant Regulations**

The signing of the CSPA is classified as an affiliated transaction that only requires reporting to the Financial Services Authority (OJK), in accordance with Article 6, Paragraph 1, Letter b, Number 1 of POJK No. 42/2020. This is because Mansek's shares are directly owned by the Company with a stake exceeding 99% of Mansek's paid-up capital, and the transaction value does not exceed 0.5% of the paid-up capital of the public company or the amount of Rp5,000,000,000 (five billion Rupiah). Therefore, the Company is not required to follow the procedures stipulated in Article 3 and Article 4, Paragraph 1 of POJK No. 42/2020.

2. Realization of Affiliated Transactions Conducted by BMRI Together with Other Affiliated Companies with the Same Majority Shareholding

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

Table of Detailed of Bank Mandiri Affiliated Transaction Type 2

No.	Date	Transaction Type	Affiliated Party	Transaction Value	Nature of Relations
1	18 March 2024	Collaboration on the development of a Central Counterparty for Over-the-Counter Interest Rate and Exchange Rate Derivative Transactions (CCP SBNT)	Bank Mandiri BNI and BRI	n.a	Bank Mandiri, together with BNI and BRI, are state-owned banks with the same majority ownership, namely the Government of Indonesia, through the Ministry of State-Owned Enterprises.
2	28 August 2024	Signing of the Heads of Agreement (HoA) regarding the plan to explore the management or optimization of state-owned enterprise (BUMN) assets.	Bank Mandiri 19 (nineteen) other SOEs	n.a	Bank Mandiri with 19 other SOEs, are state-owned enterprises with the same majority ownership, namely the Government of Indonesia, through the Ministry of State-Owned Enterprises.

Explanation:

1) The signing of a Memorandum of Understanding (“MoU”) regarding the planned collaboration for the development of a Central Counterparty for Over-the-Counter Interest Rate and Exchange Rate Derivative Transactions (“CCP SBNT”).

Explanation of Date and Object of Transaction

On 18 March 2024, Bank Mandiri signed a Memorandum of Understanding (MoU) regarding the planned collaboration for the development of a Central Counterparty for Over-the-Counter Interest Rate and Exchange Rate Derivative Transactions (CCP SBNT) together with two other state-owned banks, BNI and BRI.

- Nature of Affiliated Relationship
The Company with BNI and BRI, has an affiliated relationship, as the majority shares of all three companies are owned by the Government of Indonesia through the Ministry of State-Owned Enterprises. As a result, all three entities are under the same controlling shareholder.

- Considerations and Reasons for Conducting the Affiliated Transaction
The signing of the MoU is part of Indonesia's commitment to supporting the G20 OTC Derivative Market Reforms. The establishment of CCP SBNT is expected to help address segmentation and fragmentation in the money and foreign exchange markets in Indonesia by mitigating counterparty credit risk and promoting more efficient transaction settlements.

Additionally, the initiative aims to accelerate the development of CCP SBNT as a key financial market infrastructure with systemic importance. To ensure the sustainability of CCP SBNT, the participation and role of banks as both shareholders and clearing members are essential.

The implementation of CCP SBNT has previously been regulated under Bank Indonesia Regulation No. 21/11/PBI/2019 on the Operation of a Central Counterparty for Over-the-Counter Interest Rate and Exchange Rate Derivative Transactions.

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

- Compliance with Relevant Regulations
The transaction complies with Article 6, Paragraph (1), Letter c of POJK 42/2020, as the signing of the MoU does not create obligations or commitments exceeding 0.5% of the company's paid-up capital or Rp5,000,000,000. Therefore, the Company is not required to follow the procedures stipulated in Article 3 and Article 4, Paragraph (1) of POJK 42/2020.

2) The signing of a Preliminary Agreement/Heads of Agreement (“HoA”) regarding the plan to explore the management or optimization of State-Owned Enterprise (SOE) assets in collaboration with 19 (nineteen) other SOEs.

Explanation of Date and Object of Transaction

On 28 August 2024, Bank Mandiri signed a Heads of Agreement (HoA) regarding the plan to explore the management or optimization of state-owned enterprise (SOEs) assets together with 19 other SOEs.

- Nature of Affiliated Relationship
The Company with the 19 SOEs, has an affiliated relationship, as all 20 companies involved in the HoA are majority-owned by the Government of Indonesia through the Ministry of State-Owned Enterprises. As a result, all entities fall under the same controlling shareholder.
- Considerations and Reasons for Conducting the Affiliated Transaction
The signing of the HoA was carried out to assess the plan for optimizing SOE assets, particularly those located within Ring 1 or the Medan Merdeka area in

Jakarta, referring to Presidential Decree No. 25 of 1995 on the Development of the Medan Merdeka Area in the Special Capital Region of Jakarta. The form of cooperation in the management of these SOE assets still requires further identification, study, and analysis by each SOE.

- Compliance with Relevant Regulations
The transaction complies with Article 6, Paragraph (1), Letter c of POJK 42/2020, as the signing of the HoA requires further discussion among the parties and is not intended to be a binding agreement (non-binding) nor does it create responsibilities, rights, or obligations/commitments for any party to engage in a specific transaction of a certain value. Therefore, the signing of the HoA is valued at Rp0 or does not exceed 0.5% of the company's paid-up capital and does not exceed Rp5,000,000,000. As a result, the Company is not required to follow the procedures outlined in Article 3 and Article 4, Paragraph (1) of POJK 42/2020.

In addition to the aforementioned Affiliated Transactions, there are affiliated transactions that meet the criteria of Article 8 of POJK 42/2020, including affiliated transactions involving financial instruments such as Securities, Money Market transactions, and Repurchase Agreement/Reverse Repurchase Agreement transactions with several affiliated companies and other SOEs. The affiliated parties are presented in the following table:

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

STATEMENT BY THE BOARD OF DIRECTORS REGARDING ADEQUATE PROCEDURES FOR AFFILIATED TRANSACTIONS (ARMS-LENGTH PRINCIPLE)

The Board of Directors of Bank Mandiri affirms that, in accordance with Article 3 of POJK No. 42/2020, the Affiliated Transaction has undergone adequate procedures to ensure that it is conducted in accordance with prevailing general business practices and adheres to the arm's-length principle.

The Board of Directors of Bank Mandiri takes full responsibility for the accuracy of all information related to these affiliated transactions, as has been thoroughly explained. In accordance with the provisions of Article 10 letter (i) of POJK No. 42/2020, the Board of Directors of Bank Mandiri affirms that, after conducting adequate examination and to the best of their knowledge and belief, these transactions do not involve any Conflict of Interest. Furthermore, all information disclosed in this announcement is accurate, and there are no other material and relevant undisclosed details that would render the information in this announcement incorrect and/or misleading.

ROLE OF THE BOARD OF COMMISSIONERS AND AUDIT COMMITTEE IN ENSURING ADEQUATE PROCEDURES (ARMS-LENGTH PRINCIPLE)

The Board of Commissioners of Bank Mandiri affirms that, in accordance with Article 3 of POJK No. 42/2020, the Affiliated Transaction has undergone adequate procedures to ensure it is conducted in line with prevailing general business practices and adheres to the arm's-length principle.

The Board of Commissioners of Bank Mandiri assumes full responsibility for the accuracy of all information related to this affiliated transaction. In compliance with Article 10(i) of POJK No. 42/2020, the Board of Commissioners confirms that, after conducting sufficient examination and to the best of its knowledge and belief, this transaction does not involve any conflict of interest. Furthermore, all information disclosed in this announcement is accurate, with no material or relevant information omitted that could render the provided information false or misleading.

Further information regarding the affiliated transaction of Mandiri Inhealth share divestment can also be found in the Audited Financial Statements, Note No. 1g, as attached in this Annual Report.

The affiliated transaction of Mandiri Inhealth divestment, along with other affiliated transactions previously mentioned, does not fall under the category of significant transactions as stipulated in Article 3, Paragraph 2 of POJK No. 17/2020, and therefore does not require shareholder approval through a General Meeting of Shareholders (GMS).

The Board of Directors and Board of Commissioners of Bank Mandiri take full responsibility for the accuracy of all information related to this affiliated transaction. In accordance with Article 10, letter (i) of POJK No. 42/2020, the Board of Directors and Board of Commissioners of Bank Mandiri affirm that, after conducting due examination and to the best of their knowledge and belief, this transaction does not contain a Conflict of Interest.

TRANSACTIONS WITH RELATED PARTIES

In the course of its normal business operations, Bank Mandiri engages in significant transactions with related parties, as follows:

- **Related party relationship as the majority shareholder**
The Government of the Republic of Indonesia through the Ministry.
- **Related party relationship due to ownership and/or management**
The nature of transactions with related parties includes equity participation, loans granted and receivables/Islamic financing, customer deposits, bank guarantees, issued securities, borrowings, and subordinated securities.

No.	Related Parties	Nature of Relationships
1	Bank Mandiri Pension Fund	Bank Mandiri as founder
2	Bank Mandiri Pension Fund 1	Bank Mandiri as founder
3	Bank Mandiri Pension Fund 2	Bank Mandiri as founder
4	Bank Mandiri Pension Fund 3	Bank Mandiri as founder
5	Bank Mandiri Pension Fund 4	Bank Mandiri as founder
6	PT Bumi Daya Plaza	Controlled by Bank Mandiri Pension Fund (since 19 December 2013)
7	PT Pengelola Investama Mandiri	Controlled by Bank Mandiri Pension Fund (since 19 December 2013)
8	PT Usaha Gedung Mandiri	Controlled by Bank Mandiri Pension Fund (since 19 December 2013)
9	PT Estika Daya Mandiri	Controlled by Bank Mandiri Pension Fund 1
10	PT Asuransi Staco Mandiri (formerly PT Asuransi Staco Jasapratama)	Controlled by Bank Mandiri Pension Fund 2
11	PT Mulia Sasmita Bhakti	Controlled by Bank Mandiri Pension Fund 3
12	PT Krida Upaya Tunggal	Controlled by Bank Mandiri Pension Fund 4
13	PT Wahana Optima Permai	Controlled by Bank Mandiri Pension Fund 4
14	Bank Mandiri Employee and Pension Health Cooperative (Mandiri Healthcare)	Significantly influenced by Bank Mandiri

- **Related Parties with Government Entities**
The nature of transactions with related government entities includes current accounts with other banks, placements with other banks, securities, government bonds, other receivables from trading transactions, receivables from securities purchased under resale agreements, derivative receivables, loans granted and receivables/Islamic financing, consumer financing receivables, acceptance receivables, equity participation, customer deposits, deposits from other banks, derivative liabilities, acceptance liabilities, issued securities, borrowings received, subordinated loans and securities, temporary syirkah funds, unused credit facilities, outstanding irrevocable letters of credit, and guarantees provided in the form of bank guarantees and standby letters of credit.

In conducting its business activities, the Group also engages in transactions for the purchase or use of services, such as telecommunications expenses, electricity costs, and other expenses, with related government entities.

Further details on related parties with government entities can be found in the audited financial statements, Note No. 56, as attached in this Annual Report.

- **Management relationship or key employees of Bank Mandiri**
Salaries and benefits, bonuses and tantiem, long-term compensation for the Board of Commissioners, Board of Directors, Audit Committee, Risk Oversight Committee, Sharia Supervisory Board, as well as Senior Executive Vice Presidents and Senior Vice Presidents (Note 49 in the Audited Consolidated Financial Statements) for the years ended 31 December 2024 and 2023, amounted to Rp2.71 trillion and Rp2.03 trillion, respectively, or 4.62% and 3.77% of total consolidated other operating expenses.
- **Realization of Related Party Transactions**
The details of transaction balances with related parties as of 31 December 2024, and 2023, are further explained in Note No. 56 of the Audited Consolidated Financial Statements, as attached in this Annual Report.

REVIEW OF MECHANISM POLICY ON TRANSACTIONS AND COMPLIANCE WITH RELATED RULES AND REGULATIONS

Bank Mandiri has internal policies related to transactions involving conflicts of interest and/or transactions with affiliated and related parties. In lending transactions that involve affiliated or related parties, such transactions must receive approval from the Board of Commissioners.

The policy for providing funds to related parties must not violate the general procedures for fund provision and must offer fair benefits to Bank Mandiri. Additionally, such provisions must be approved by the Board of Commissioners.

LOAN POLICY FOR THE BOARD OF COMMISSIONERS AND DIRECTORS

Bank Mandiri has internal provisions governing loans to the Board of Commissioners and Directors, adhering to prudential principles through the generally accepted lending process applied to other debtors.

Description	Loans (Rp Million)	Exceeding the Legal Lending Limit (LLL)	Violation of Legal Lending Limit (LLL)
Board of Commissioners	529	Nil	Nil
Board of Directors	126,177	Nil	Nil

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

Changes in Laws and Regulations and Its Impact on the Bank

The following are changes in laws and regulations that affected the Bank, including their impacts and the adjustments made by Bank Mandiri in response to these changes during 2024:

No.	Laws and Regulations	Key Provisions in the New Regulation or Significant Changes from the Previous Regulation	Background for the Issuance of the Regulation or Changes to the Regulation	Impact on Bank Mandiri
1.	Regulation of the Financial Services Authority of the Republic of Indonesia Number 20 of 2024 Concerning Amendments to the Financial Services Authority Regulation Number 50/POJK.03/2017 on the Obligation to Fulfill the Net Stable Funding Ratio (NSFR) for Commercial Banks	<p>This POJK came into effect on the date of enactment, 8 November 2024.</p> <p>This regulation governs, among other things, the scope of banks required to report NSFR, adjustments to the scope of Allowance for Impairment Losses (CKPN), and reporting procedures.</p> <p>The obligation for reporting and publishing NSFR for banks categorized as Tier 1 banks, excluding foreign banks, must be implemented for the first time for the position at the end of December 2024, both on an individual and consolidated basis.</p> <p>Adjustments have been made to the group of banks required to monitor, calculate, and report NSFR. Previously, this obligation was limited to BUKs (Commercial Banks) in Tier 3, 4, and 5, excluding foreign banks. It now applies to all Commercial Banks (BUKs), including branches of banks domiciled overseas.</p>	<p>The issuance of the POJK on Amendments to POJK Number 50/POJK.03/2017 concerning the Obligation to Fulfill the Net Stable Funding Ratio (NSFR) for Commercial Banks (POJK NSFR) was motivated by updates to the standards of the Basel Committee on Banking Supervision (BCBS) as well as updates to financial accounting standards, necessitating adjustments to the applicable NSFR regulations.</p> <p>The legal basis for this POJK is Law No. 7 of 1992 as amended several times, most recently by Law No. 4 of 2023; Law No. 21 of 2011 as amended by Law No. 4 of 2023; and POJK No. 50/POJK.03/2017.</p> <p>There is an expansion of the scope of obligations for monitoring, calculating, and reporting NSFR to apply to all Commercial Banks (BUKs), whereas previously, BUKs categorized as Tier 1 banks, excluding foreign banks, were not included in the NSFR regulatory scope. This expansion was implemented considering that maintaining the NSFR ratio is aimed at supporting the strengthening of banking liquidity, requiring data that is consistent, reliable, and comparable across all BUKs.</p>	<ul style="list-style-type: none"> Bank Mandiri remains obligated to comply with the calculation and reporting requirements for NSFR as stipulated in this POJK. Bank Mandiri is required to publish NSFR reports both on an individual and consolidated basis.
2.	Regulation of the Financial Services Authority of the Republic of Indonesia Number 19 of 2024 concerning Amendments to the Financial Services Authority Regulation Number 42/POJK.03/2015 on the Obligation to Fulfill the Liquidity Coverage Ratio (LCR) for Commercial Banks	<p>This POJK came into effect on the date of enactment, November 8, 2024.</p> <p>The POJK applies to all Commercial Banks (BUKs), including branch offices of banks domiciled overseas.</p> <p>This regulation governs, among others, the scope of banks required to report the Liquidity Coverage Ratio (LCR), criteria for High-Quality Liquid Assets (HQLA), obligations related to the Internal Liquidity Adequacy Assessment Process (ILAAP), and reporting procedures.</p> <p>The obligation for daily LCR calculations for banks categorized as Tier 1 banks, excluding foreign banks, must be implemented starting from 1 December 2024. Meanwhile, the obligation for report submission and publication for these banks must be implemented for the position as of the end of December 2024.</p> <p>An additional obligation requires banks to conduct ILAAP to monitor liquidity and ensure the bank maintains adequate liquidity under various market conditions and periods of stress that the bank may face.</p>	<p>The issuance of the POJK on Amendments to POJK Number 42/POJK.03/2015 concerning the Obligation to Fulfill the Liquidity Coverage Ratio (LCR) for Commercial Banks (POJK LCR) was motivated by updates to the standards of the Basel Committee on Banking Supervision (BCBS), including tools for monitoring liquidity risk and additional clarifications on LCR components. In line with the OJK Destination Statement 2022–2027, aimed at strengthening prudential regulations aligned with international standards while considering national interests, adjustments to the applicable LCR provisions were deemed necessary.</p> <p>The legal basis for this POJK includes Law No. 7 of 1992, as amended several times, most recently by Law No. 4 of 2023; Law No. 21 of 2011, as amended by Law No. 4 of 2023; and POJK No. 42/POJK.03/2015.</p> <p>There is an expansion of the scope of obligations for monitoring, calculating, and reporting LCR to apply to all Commercial Banks (BUKs), whereas previously, BUKs categorized as Tier 1 banks, excluding foreign banks, were not included in the LCR regulatory scope. This expansion was implemented because maintaining the LCR ratio aims to support the strengthening of banking liquidity, requiring data that is consistent, reliable, and comparable across all BUKs.</p>	<ul style="list-style-type: none"> Bank Mandiri needs to adjust the components of the LCR calculation. Bank Mandiri is required to conduct ILAAP to ensure the bank has adequate liquidity. Bank Mandiri needs to adjust its internal regulations governing the calculation of LCR in accordance with the provisions of this POJK.

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

No.	Laws and Regulations	Key Provisions in the New Regulation or Significant Changes from the Previous Regulation	Background for the Issuance of the Regulation or Changes to the Regulation	Impact on Bank Mandiri
3.	Regulation of the Financial Services Authority of the Republic of Indonesia Number 15 of 2024 concerning the Integrity of Bank Financial Reporting	<p>This POJK came into effect on its enactment date, 9 October 2024.</p> <p>The POJK applies to Conventional Commercial Banks, Sharia Commercial Banks, Branch Offices of Banks Domiciled Overseas, Rural Banks, and Sharia Rural Banks.</p> <p>The preparation, determination, and implementation of internal control policies and procedures in the bank's financial reporting process must be completed no later than three (3) months after the enactment of this POJK.</p> <p>The establishment of a dedicated work unit or the appointment of an executive officer responsible for preventing fraud or manipulation in financial information and/or financial reports must be completed no later than six (6) months after the enactment of this POJK.</p> <p>For Commercial Banks, internal control reports in the bank's financial reporting process must be submitted as part of the financial publication report and annual financial performance information in accordance with the Financial Services Authority Regulation on transparency and publication of bank reports.</p>	<p>The integrity of financial information and financial reports is a primary aspect that must be ensured to maintain the trust of regulators and the public in the banking industry, as well as to support decision-making by market participants and the public. To achieve financial information and reports with integrity, it is necessary to strengthen the implementation of governance and internal controls in the bank's financial reporting process.</p> <p>This POJK aims to prevent fraudulent practices and maintain public confidence in financial reports, accelerate the detection and resolution of bank issues by the OJK, strengthen data input for the OJK's supervisory processes, and clarify sanctions in the event of fraud in financial reporting.</p> <p>The legal basis for this POJK includes Law No. 7 of 1992, as amended several times, most recently by Law No. 4 of 2023; Law No. 21 of 2008, as amended by Law No. 4 of 2023; and Law No. 21 of 2011, as amended by Law No. 4 of 2023.</p>	<ul style="list-style-type: none"> Develop policies and procedures for internal controls in the Bank's financial reporting process. Establish a dedicated work unit responsible for preventing fraud or manipulation in the financial information and/or financial reports of Commercial Banks. Submit the Internal Control Report in the Bank's financial reporting process as part of the Financial Publication Report and Annual Financial Performance Information.
4.	Regulation of the Financial Services Authority Number 13 of 2024 concerning Transparency and Publication of Prime Lending Rates for Conventional Commercial Banks (POJK SBDK BUK)	<p>This POJK came into effect on its enactment date, 12 August 2024.</p> <p>The regulation applies to all conventional commercial banks, including branch offices of banks domiciled overseas.</p> <p>Banks are required to:</p> <ol style="list-style-type: none"> Announce the latest Prime Lending Rate (SBDK) Publication Report on the bank's website and in each bank office whenever there is a change, effective 1 October 2024. Submit the Detailed SBDK Report to the OJK on a monthly basis, with the first report due no later than 7 November 2024. For banks with digital channels and/or other electronic media, announce the latest SBDK Publication Report through these media. Maintain the announcement of the SBDK Publication Report on the website for at least the last five (5) years. 	<p>To implement the mandate of Article 8A of Law Number 7 of 1992 concerning Banking, as amended several times, most recently by Law Number 4 of 2023 on the Development and Strengthening of the Financial Sector, it is necessary to apply the Financial Services Authority Regulation on Transparency and Publication of Prime Lending Rates for Conventional Commercial Banks.</p> <p>The legal basis for this POJK is: Law No. 7 of 1992, as amended several times, most recently by Law No. 4 of 2023; and Law No. 21 of 2011, as amended by Law No. 4 of 2023.</p>	<ul style="list-style-type: none"> Bank Mandiri adjusts the components of the SBDK Publication Report and the Detailed SBDK Report in accordance with the latest POJK. Bank Mandiri needs to make adjustments to its internal regulations governing the SBDK Report.

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

No.	Laws and Regulations	Key Provisions in the New Regulation or Significant Changes from the Previous Regulation	Background for the Issuance of the Regulation or Changes to the Regulation	Impact on Bank Mandiri
5.	Regulation of the Financial Services Authority of the Republic of Indonesia Number 12 of 2024 concerning the Implementation of Anti-Fraud Strategies for Financial Services Institutions (POJK SAF LJK)	<p>This POJK applies to all Financial Services Institutions (LJK).</p> <p>The POJK was enacted on 31 July 2024, and comes into effect three (3) months from the date of enactment.</p> <p>This POJK regulates, among others:</p> <ol style="list-style-type: none"> The types of actions categorized as fraud, including corruption, asset misappropriation, financial statement fraud, deceit, disclosure of confidential information, and/or other actions equivalent to fraud as defined by laws and regulations. The scope of involved parties, including Financial Services Institutions (LJK) and controlled organizations, consumers, and other parties collaborating with LJK (including the private sector). The obligation to conduct education, competency development, and/or socialization on the implementation of the Anti-Fraud Strategy for internal and external parties at least once a year. The addition of qualifications for heads of work units or officials overseeing the Anti-Fraud Strategy function, requiring experience in anti-fraud practices. Adjustments to the submission of the Anti-Fraud Strategy, reports or corrections to the Anti-Fraud Strategy Implementation Report, and reports on significant fraud incidents based on the type of Financial Services Institution. 	<p>The increasing complexity of business activities within financial services institutions (LJK) has led to heightened risk exposure for LJKs to potential fraud. The risk of fraud is significant because it can result in losses to the financial services industry, the government, and society. To minimize the occurrence of fraud, it is necessary to strengthen the internal control systems of LJKs, which also supports the implementation of risk management within LJKs. Currently, anti-fraud strategies are already in place within the commercial banking industry, the insurance industry, and the financing company industry through regulations issued by the OJK, although there are differences in the complexity of the standards regulated. Therefore, the provisions on the implementation of anti-fraud strategies for commercial banks, insurance companies, and financing companies need to be refined into a single Financial Services Authority Regulation on the implementation of anti-fraud strategies for LJKs to ensure applicability across all financial service sectors in Indonesia.</p> <p>The legal basis for this POJK is: Law No. 7 of 1992, as amended several times, most recently by Law No. 4 of 2023; Law No. 25 of 1992, as amended by Law No. 4 of 2023; Law No. 8 of 1995, as amended by Law No. 4 of 2023; Law No. 40 of 2004, as amended by Law No. 4 of 2023; Law No. 21 of 2008, as amended by Law No. 4 of 2023; Law No. 2 of 2009, as amended by Law No. 4 of 2023; Law No. 21 of 2011, as amended by Law No. 4 of 2023; Law No. 24 of 2011, as amended by Law No. 6 of 2023; Law No. 1 of 2013, as amended by Law No. 4 of 2023; Law No. 40 of 2014, as amended by Law No. 4 of 2023; Law No. 1 of 2016, as amended by Law No. 4 of 2023; Law No. 4 of 2016, as amended by Law No. 4 of 2023; and Law No. 4 of 2023.</p>	<p>Bank Mandiri has established Anti-Fraud Strategy guidelines and adheres to the regulations by implementing:</p> <ul style="list-style-type: none"> Adjustments to internal provisions related to the Anti-Fraud Strategy. Submission of reports related to the Anti-Fraud Strategy.
6.	Regulation of the Financial Services Authority Number 5 of 2024 concerning the Determination of Supervision Status and Resolution of Issues in Commercial Banks	<p>This POJK came into effect on its enactment date, 27 March 2024.</p> <p>The regulation applies to Conventional Commercial Banks, Islamic Commercial Banks, and Branch Offices of Banks Domiciled Overseas.</p> <p>POJK Number 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks, as amended several times, most recently by POJK Number 27 of 2022 concerning the Second Amendment to POJK Number 11/POJK.03/2016, remains in effect as long as it does not conflict with the provisions of this POJK.</p> <p>This POJK regulates, among others:</p> <ol style="list-style-type: none"> The OJK establishes a Capital Surcharge in five (5) buckets, as follows: <ol style="list-style-type: none"> 1.0% of risk-weighted assets for Systemically Important Banks (SIBs) classified in bucket 1. 1.5% of risk-weighted assets for SIBs classified in bucket 2. 2.0% of risk-weighted assets for SIBs classified in bucket 3. 2.5% of risk-weighted assets for SIBs classified in bucket 4. 3.5% of risk-weighted assets for SIBs classified in bucket 5. Banks designated as Systemically Important Banks (SIBs) that are unable to meet the Capital Surcharge requirement must submit a Capital Surcharge Fulfillment Plan to the OJK no later than 14 (fourteen) working days. Banks are required to prepare and submit a Recovery Action Plan to the OJK and must obtain shareholder approval in the General Meeting of Shareholders (GMS). Bank supervision status consists of Banks under normal supervision, Banks under recovery, and Banks under resolution. 	<p>With the enactment of Law Number 4 of 2023 on the Development and Strengthening of the Financial Sector, it is necessary to align and update the provisions related to the determination of supervision status and resolution of bank issues currently in effect. This alignment is achieved by formulating a single Financial Services Authority Regulation (POJK), namely the POJK on the Determination of Supervision Status and Resolution of Issues in Commercial Banks. This POJK covers four main regulatory topics: the determination of systemically important banks and capital surcharge, recovery action plans, determination of bank supervision status and follow-up actions, and bridge banks.</p> <p>This POJK aims to achieve a robust financial system stability through the development and strengthening of the financial sector in Indonesia to support sustainable and contributive economic growth, with regulatory aspects that enhance bank supervision and follow-up actions, address bank issues, and improve inter-agency coordination in accordance with their respective authorities.</p> <p>The legal basis for this POJK is Law No. 7 of 1992, as amended several times, most recently by Law No. 4 of 2023; Law No. 21 of 2008, as amended by Law No. 4 of 2023; Law No. 21 of 2011, as amended by Law No. 4 of 2023; Law No. 9 of 2016, as amended by Law No. 4 of 2023; and Law No. 4 of 2023.</p>	<p>Bank Mandiri has established regulations governing the calculation of the Capital Surcharge and the Recovery Action Plan.</p>

Regulation of the Financial Services Authority Number 3 of 2024 concerning the Implementation of Financial Sector Technology Innovation (ITSK)	<p>This POJK came into effect on its enactment date, 19 February 2024.</p> <p>This regulation governs, among others:</p> <ol style="list-style-type: none"> ITSK operators must comply with licensing requirements stipulated by the Financial Services Authority (OJK). Prospective participants intending to join the Sandbox must submit an application to OJK, accompanied by an application form, testing plan, and supporting documents. Participants are required to conduct trials and develop innovations according to the testing plan and submit periodic reports on the trial implementation results. The trial period must be conducted within a maximum of one (1) year from the date of approval, and a final trial implementation report must be submitted no later than 20 (twenty) working days before the end of the trial period. Participants who pass the Sandbox must apply for a business license from OJK within the validity period of the Sandbox completion letter, which is six (6) months, and this period may be extended based on OJK's consideration. ITSK operators who have registered and/or obtained a business license are required to conduct self-evaluations. ITSK operators who have registered and/or obtained a business license are required to submit periodic reports (monthly and annual reports) and incidental reports to OJK. 	<p>To implement Law Number 4 of 2023 on the Development and Strengthening of the Financial Sector and to address inconsistencies in POJK Number 13/POJK.02/2018 on Digital Financial Innovation in the Financial Services Sector, amendments were deemed necessary.</p>	<p>Bank Mandiri needs to develop a strategy to accommodate the use of OJK's regulatory sandbox, ensuring the Bank complies with the requirement to participate in and submit reports to OJK regarding sandbox utilization.</p>

REGULATORY CHANGES WITH A SIGNIFICANT IMPACT ON THE COMPANY

No.	Laws and Regulations	Key Provisions in the New Regulation or Significant Changes from the Previous Regulation	Background for the Issuance of the Regulation or Changes to the Regulation	Impact on Bank Mandiri
10.	Regulation of the Financial Services Authority Number 4 of 2024 concerning Reports on Ownership or Any Changes in Ownership of Shares of Public Companies and Reports on Activities of Pledging Shares of Public Companies	<p>This POJK came into effect on its enactment date, 28 August 2024.</p> <p>This regulation governs, among others:</p> <ol style="list-style-type: none"> voting rights, directly or indirectly, are required to report their share ownership and any changes to the Financial Services Authority (OJK) no later than five (5) working days from the acquisition of voting rights or any changes to them. In addition to members of the Board of Directors or Board of Commissioners, the following parties are required to report to OJK: <ol style="list-style-type: none"> Any party holding at least 5% (five percent) of voting shares. Parties who are controllers of the Public Company. Shareholders who engage in activities of pledging shares of a Public Company (PT) must report such activities to OJK if the pledged shares represent at least 5% (five percent) of voting rights, and the report must be submitted no later than five (5) working days after the agreement is signed. 	<p>The issuance of this POJK aims to improve the quality of information disclosure by certain shareholders and the supervision of share ownership reports, align with international standards/comparative studies from other countries, and expand the regulatory scope to include other types of transactions conducted by shareholders of Public Companies, such as activities involving the pledging of shares.</p>	<p>Bank Mandiri has submitted share ownership reports in accordance with applicable regulations and has established provisions governing this matter. These provisions need to be adjusted to align with the prevailing regulations.</p>
11.	Government Regulation Number 47 of 2024 concerning the Write-Off of Non-Performing Loans for Micro, Small, and Medium Enterprises (MSMEs)	<p>This Government Regulation came into effect on its enactment date, 5 November 2024.</p> <p>This regulation governs, among others:</p> <ul style="list-style-type: none"> The write-off of non-performing loans is carried out by Banks and/or non-Bank financial institutions under the following conditions: <ol style="list-style-type: none"> Non-performing loans have undergone restructuring efforts. State-owned Banks and/or non-Bank financial institutions have made optimal collection efforts, including restructuring, but the loans remain uncollectible. The write-off of non-performing loans does not eliminate the right of the Bank and/or non-Bank financial institution to collect the debt. State-owned Banks and/or non-Bank financial institutions write off non-performing loans that have been written off the books in the following cases: <ol style="list-style-type: none"> MSME loans or financing under government programs funded by state-owned Banks and/or non-Bank financial institutions, whose programs have ended when this Government Regulation takes effect. MSME loans or financing outside government programs funded by the respective state-owned Banks and/or non-Bank financial institutions. MSME loans or financing affected by natural disasters such as earthquakes, liquefaction, or other natural disasters declared by the central government, regional government, and/or authorized agencies. State-owned Banks and/or non-Bank financial institutions must submit reports on the realization of non-performing loan write-offs to the minister responsible for state-owned enterprises (SOEs). Conditional write-off of state receivables is applied to: <ol style="list-style-type: none"> Revolving fund receivables declared to have been optimally managed and categorized as PSBDT by PUPN or PPNTD. Program credit receivables declared to have been optimally managed with an official optimization certificate issued by the Program Credit Administrator. Absolute write-off of state receivables is applied to revolving fund receivables and program credit receivables that have undergone a write-off. Absolute write-offs must occur at least three (3) months after the decision on conditional write-off is issued and no later than the expiration of this Government Regulation. 	<ul style="list-style-type: none"> To enhance national economic resilience through the empowerment of MSMEs, it is necessary to provide easier access to MSME financing. To facilitate access to financing, the management of non-performing loans for MSMEs must include write-offs, conditional write-offs of state receivables, and absolute write-offs of receivables. 	<p>Bank Mandiri has adjusted its internal regulations governing the write-off of receivables.</p>

CHANGES IN ACCOUNTING POLICIES AND IMPACTS IMPLEMENTED IN 2024

The accounting policy changes were made to comply with applicable PSAK regulations relevant to the operations of the Bank and its Subsidiaries.

Changes in Accounting Policy and Its Impact (Effective 1 January 2024)

No.	Description of Changes in Accounting Policy	Quantitative Impact of Changes in Accounting Policy on Financial Statements	Exposure to Consequences and Adjustments Made
1.	The Indonesian Financial Reporting Standards Framework (KSPKI) and the renumbering of PSAK and ISAK within the Indonesian Financial Accounting Standards (formerly known as Financial Accounting Standards)	KSPKI regulates the pillars of SAK applicable in Indonesia, the criteria, and the transition between SAK pillars, while the renumbering adjusts the numbering of PSAK and ISAK to align with IFRS Accounting Standards, local, and sharia standards. The impact of the implementation of these new standards, adjustments, or amendments is not material to the group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements set by the amendments.
2.	Amendment to PSAK 201 on "Presentation of Financial Statements" regarding "Long-Term Liabilities with Covenants"	The implementation of this amendment aligns with the revised effective date of the Amendment to PSAK 201 on "Presentation of Financial Statements" regarding "Classification of Liabilities as Current or Non-Current," which was previously set to take effect on January 1, 2023, and has been changed to January 1, 2024. This amendment establishes the requirements for classifying liabilities as either current or non-current. The impact of the implementation of these new standards, adjustments, or amendments is not material to the group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements set by the amendments.
3.	Amendment to PSAK 116 on "Leases" regarding Lease Liabilities in Sale and Leaseback Transactions	The amendment fully adopts the provisions of the Amendment to IFRS 16 on "Leases" regarding "Lease Liability in a Sale and Leaseback." The impact of the implementation of these new standards, adjustments, or amendments is not material to the group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements set by the amendments.
4.	Amendments to PSAK 207 and PSAK 107 on Supplier Financing Arrangements.	The amendments to PSAK 207 and PSAK 107 refer to the provisions in the amendments to IAS 7 and IFRS 7 on "Supplier Finance Arrangements." The impact of the implementation of these new standards, adjustments, or amendments is not material to the group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements set by the amendments.

BANK SOUNDNESS LEVEL

Bank Mandiri routinely assesses its risks and performance through the self-assessment of the Bank Soundness Level (TKB) using a risk-based approach (Risk-Based Bank Rating) and in accordance with OJK Regulation No. 4/POJK.03/2016 on the Assessment of Commercial Bank Soundness. The final result of the TKB self-assessment is the Composite Rating (PK), which evaluates the following factors:

1. Risk Profile
2. Good Corporate Governance (GCG)
3. Earnings
4. Capital

Bank Mandiri Soundness Level As of 31 December 2024 and 2023 Individually (Self-Assessment)

Assessment Factors	Assessment (Rating)	
	Per 31 December 2024	Per 31 December 2023
Risk Profile	1	1
Good Corporate Governance (GCG)	1	1
Earnings	1	1
Capital	1	1
Bank Soundness Level Composite Rating	PK-1	PK-1

As of 31 December 2024, the results of Bank Mandiri's Individual Bank Soundness Level Self-Assessment placed it at Composite Rating 1 (PK-1). This reflects the Bank's overall very sound condition, indicating its strong ability to withstand significant negative impacts from changes in business conditions and other external factors. This assessment is supported by excellent ratings across key evaluation factors, including risk profile, governance implementation, profitability aspects, and capital adequacy. Any identified weaknesses are generally manageable within normal business activities.

BUSINESS CONTINUITY INFORMATION

Indonesia's positive economic growth throughout 2024 serves as a crucial foundation for navigating 2025. Economic recovery continues, with GDP growth projected to remain stable at around 5%, supported by increased domestic consumption, expansion in the manufacturing sector, and inflows of foreign investment.

A healthy macroeconomic environment, characterized by controlled inflation and exchange rate stability, provides a strong foundation for the banking sector to continue its growth. Amid this momentum, Bank Mandiri positions itself as a leading player in the national banking industry with a solid strategy and a strong focus on sustainability.

Bank Mandiri has a positive business continuity outlook for 2025, supported by strong financial performance in previous years, including consolidated net profit reaching Rp55.78 trillion as of December 2024. With an aggressive credit growth strategy, Bank Mandiri is optimistic about achieving loan growth above the national banking industry average.

This target is reflected in the Bank's Business Plan (RBB), which prioritizes financing for productive sectors such as MSMEs and infrastructure. Furthermore, ongoing digital transformation through the super app Livin' by Mandiri and the Wholesale Kopra platform strengthens Bank Mandiri's competitiveness in delivering innovative and efficient financial services.

BUSINESS CONTINUITY INFORMATION

On the other hand, Bank Mandiri also reinforces its commitment to sustainability through various community empowerment programs. One such initiative is "Mandiri Sahabatku", designed to enhance financial literacy and foster new entrepreneurs among Indonesian Migrant Workers. This program reflects Bank Mandiri's efforts not only to focus on profit growth but also to create a significant social impact. With a combination of strong financial performance, a solid growth strategy, and a firm commitment to sustainability, Bank Mandiri is well-positioned to maintain its business continuity and serve as a key driver of Indonesia's economic growth in 2025 and beyond.

Management Assessment of Significant Factors Affecting Business Continuity

Bank Mandiri's management consistently conducts a comprehensive evaluation of factors influencing business continuity. This is carried out to ensure sustainable operations amid evolving economic, social, and technological landscapes. Additionally, Bank Mandiri recognizes that both national and global economic stability have a direct impact on business sustainability. Key indicators such as economic growth, inflation, exchange rate fluctuations, benchmark interest rates, and fiscal/monetary policies are continuously monitored. Indonesia's strong economic resilience serves as a foundation for reinforcing Bank Mandiri's business portfolio.

As one of the largest banks in Indonesia, Bank Mandiri's sustainability heavily relies on the solidity of its financial performance. Consistent consolidated net profit achievements, operational efficiency, and growth in fee-based income remain key priorities. Management also places strong emphasis on credit risk management by maintaining a low non-performing loan (NPL) ratio and ensuring healthy loan growth.

Digital technology continues to be a cornerstone of Bank Mandiri's business continuity. The development of Livin' by Mandiri and Kopra

platforms has enhanced financial inclusion and provided more efficient services for both retail and corporate customers. To stay competitive in the digital era, Bank Mandiri remains committed to continuous investment in IT infrastructure, cybersecurity, and technology-driven financial product innovation.

As a financial institution, Bank Mandiri is firmly committed to complying with regulations set by the Financial Services Authority (OJK), Bank Indonesia (BI), and other relevant regulators. Adherence to banking regulations, customer data protection, and transparent financial reporting are top priorities in maintaining stakeholder trust.

Bank Mandiri's management also recognizes that business sustainability is not solely determined by financial performance but also by social and environmental contributions. The Bank actively supports sustainability initiatives through green financing, environmentally friendly investments, and community empowerment programs. These efforts aim to create a long-term positive impact that aligns with societal needs.

The intense competition in the national banking industry, particularly from digital banks and fintech companies, remains a key focus for Bank Mandiri. The Bank recognizes that product innovation, customer experience, and operational efficiency are critical factors in maintaining market share and competitiveness. To strengthen its position, Bank Mandiri continues to expand collaborations within the technology ecosystem, enabling broader market reach and enhanced service offerings.

On the other hand, Bank Mandiri consistently implements comprehensive risk management to address potential external risks, such as global economic fluctuations and geopolitical uncertainties. Additionally, internal risks, including compliance, operational, and credit risks, are managed through a robust risk framework. This approach enables Bank Mandiri to remain resilient in the face of challenges.

BUSINESS CONTINUITY INFORMATION

Bank Mandiri's management remains proactive in identifying and managing various factors that significantly impact business continuity. With strong financial performance, progressive digital transformation, regulatory compliance, and a focus on social and environmental impact, Bank Mandiri is well-positioned to sustain its business amid an ever-evolving business landscape.

Assumptions Used by Management in the Assessment

Bank Mandiri considers several key assumptions in assessing business continuity, including:

- Stronger economic growth is expected to support greater financial system stability.
- Internal analysis conducted by Bank Mandiri to determine its position in the Indonesian banking industry through a Strength, Weakness, Opportunity, and Threat (SWOT) analysis.
- Bank Mandiri is in a generally sound condition, with a composite rating of 1, reflecting the Bank's strong ability to withstand significant negative impacts from changes in business conditions and other external factors.
- Bank Mandiri has a strong capital adequacy position, with core capital of Rp229.93 trillion and a Capital Adequacy Ratio (CAR) (Bank only) of 20.10% as of December 2024.
- Bank Mandiri is classified under the ASEAN Asset Class in the ASEAN Corporate Governance Scorecard (ACGS) rankings by the ASEAN Capital Market Forum (ACMF).

- Bank Mandiri is the first KBMI 4 bank in Indonesia to receive ISO 22301 certification for its Business Continuity Management System (BCMS) from the global certification body British Standard Institution. This international standard certification covers key functions, including payment, settlement, cash processing, treasury, and information technology.
- Recognition of Bank Mandiri's implementation of Good Corporate Governance (GCG) from various institutions in 2024 includes:
 - Corporate Governance Perception Index – Bank Mandiri was awarded the title of "The Most Trusted Company" for the 18th consecutive year, achieving a score of 95.30 in the Corporate Governance Perception Index (CGPI), an increase from the previous score of 95.22.
 - The 15th IICD Corporate Governance Award 2024 – Bank Mandiri was recognized as a "Top 50 Big Capitalization Public Listed Company." This award is given to the largest publicly listed companies in Indonesia based on assessments using the ASEAN CG Scorecard standard.
 - The Most Trusted Company by SWA – Bank Mandiri received this recognition for the 16th consecutive year, scoring 95.11 in the Corporate Governance & Perception Index, an improvement from the previous score of 95.01.

PRIME LENDING RATE

Bank Mandiri discloses information on the Prime Lending Rate (SBDK) in accordance with OJK Circular Letter No. 9/SEOJK.03/2020 on Transparency and Publication of Conventional Commercial Bank Reports, which requires conventional commercial banks to report and publish the SBDK in Rupiah.

The Prime Lending Rate serves as the basis for determining the loan interest rates charged by the Bank to customers. The SBDK does not include the estimated risk premium component, which varies depending on the Bank's assessment of the risk associated with each debtor or debtor group. Therefore, the actual loan interest rate charged to a debtor may differ from the SBDK.

Year	Basic Rupiah Lending Rate Based on Business Segment (Effective % per annum)					
	Period	Corporate Loans	Retail Loans	Micro Loans	Consumer Loans	
					Mortgages	Non-Mortgages

DERIVATIVES AND HEDGING FACILITIES

DERIVATIVES AND HEDGING FACILITIES

Derivative receivables are financial assets classified as measured at fair value through profit or loss, while derivative liabilities are financial liabilities classified as measured at fair value through profit or loss.

Bank Mandiri presents derivative receivables at the amount of unrealized gains from derivative contracts, net of allowance for impairment losses. Meanwhile, derivative liabilities are presented at the amount of unrealized losses from derivative contracts.

Gains or losses from derivative contracts are presented in the consolidated financial statements based on the Bank's objective for the transactions, namely for (1) fair value hedging, (2) cash flow hedging, (3) hedging of net investment in foreign operations, and (4) trading instruments, as follows:

1. Gains or losses from derivative contracts designated and qualifying as fair value hedging instruments, along with gains or losses

from changes in the fair value of the hedged assets and liabilities, are recognized as profit or loss and offset within the same accounting period. Any differences arising indicate hedge ineffectiveness and are directly recognized as current year consolidated profit or loss.

- The effective portion of gains or losses on derivative contracts designated as cash flow hedges is reported as other comprehensive income. The ineffective portion of the hedge is recognized as current year consolidated profit or loss.
- Gains or losses from derivative contracts designated as hedges of net investment in foreign operations are reported as other comprehensive income, provided that the transaction is considered effective as a hedging transaction.
- Gains or losses from derivative contracts that are not designated as hedging instruments (or derivative contracts that do not meet the criteria as hedging instruments) are recognized as current year consolidated profit or loss.

Derivatives Transaction Highlights as of 31 December 2024

HUMAN CAPITAL MANAGEMENT

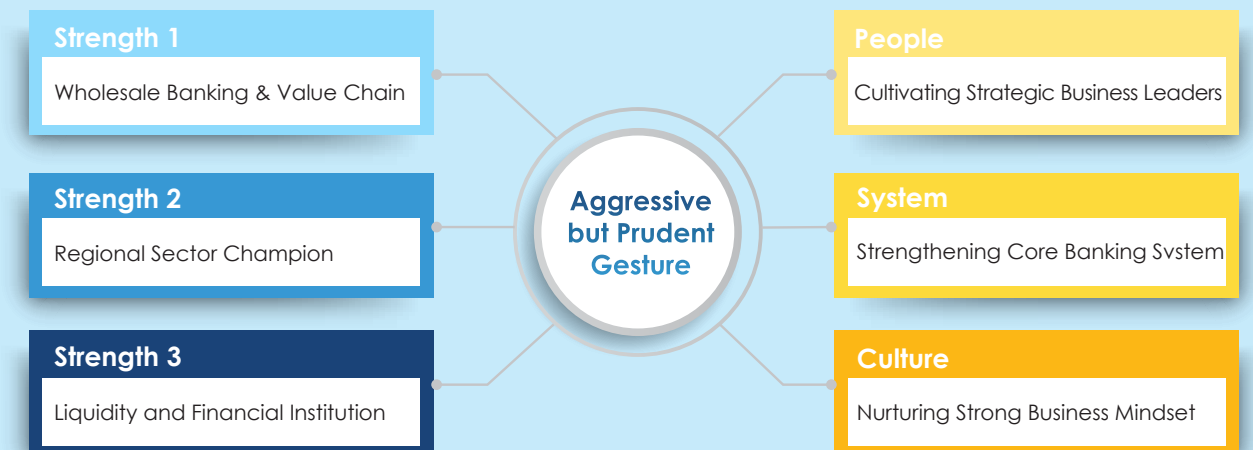

In 2024, Human Capital focused on cultivating an ecosystem-based business mindset and enhancing strategic leadership capabilities, ensuring that Bank Mandiri maintains its growth momentum and market leadership position. As such, we urge all Mandirian personnel to consistently embody the core value of “AKHLAK,” which serves as a guiding principle for SOEs, both within the workplace and beyond. Additionally, we have embedded the Wholesale Banker mindset, characterized by the distinctive Mandirian DNA, across our entire organization, reinforcing our commitment to achieving the Company’s long-term targets and aspirations.

HUMAN CAPITAL FRAMEWORK

In 2024, Bank Mandiri's Human Capital management focused on cultivating an ecosystem-based business mindset and developing strategic leaders to drive sustainable growth. By implementing targeted programs, we aim to create a resilient and adaptive workforce, supporting the Bank's strategic purpose of “Leading Today, Championing the Future” and solidifying its position as the market leader in domestic and regional markets.

3-3-1 STRATEGY

Aligned with the vision and mission of the Corporate Plan 2020-2024, Bank Mandiri Human Capital remains focused on nurturing top talent through its 3-3-1 strategy, emphasizing the pivotal role of People & Culture.

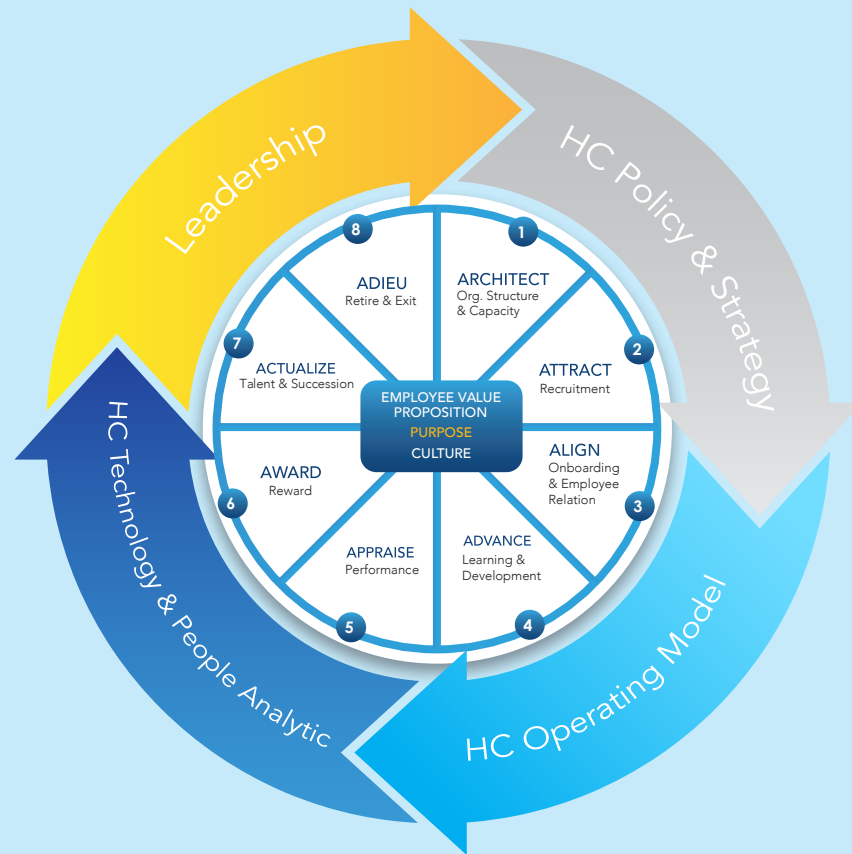

To drive sustainable business growth, Bank Mandiri implements two main focus areas in its Human Capital management programs, namely:

- 1. People:** The Bank focuses on enhancing the ability to seize business opportunities by managing a productive workforce.
- 2. Culture:** To be able to realize sustainable business growth, the Bank transforms its business mindset.

HUMAN CAPITAL FRAMEWORK

HUMAN CAPITAL FRAMEWORK

BANK MANDIRI HUMAN CAPITAL ARCHITECTURE

Bank Mandiri Human Capital Architecture consists of 3 (three) key components:

- 1. Employee Value Proposition (EVP) & Culture**
The foundation of Mandiri's Human Capital development is built upon the purpose of fostering the AKHLAK Mandirian culture and positioning Bank Mandiri as an employer that offers an Employee Value Proposition focused on opportunities for learning, growth, collaboration, and meaningful contribution to both Bank Mandiri and Indonesia.
- 2. Human Capital Life Cycle**
The Employee Value Proposition (EVP) is realized through comprehensive management of all stages of the employee lifecycle, encapsulated in the "Human Capital Life Cycle." This process begins with organizational structure and capacity design, followed by recruitment, onboarding, recognition, development, and finally, retirement and exit.

The Human Capital Life Cycle includes:

- a. ARCHITECT (Organization Structure and Capacity) – Organization Development
- b. Organizational development which includes organizational structure design and position evaluation, career development, and employee needs planning (capacity planning).
- c. ATTRACT (Recruitment – Human Resource Fulfillment)
- d. A reliable Human Resources fulfillment system both through internal and external sources, and employee attraction (strategies to attract employees).
- e. ALIGN (Onboarding & Employee Relation – Employee Onboarding and Employment Relations System)
- f. A friendly system of employee onboarding and relations for employees and new employees.
- g. ADVANCE (Learning and Development)

- h. Training and capability development of employees to support business needs.
- i. APPRAISE (Performance – Individual Performance Management)
- j. Employee performance appraisal and feedback system that is accountable and transparent.
- k. AWARD (Reward – Reward System (Total Reward))
- l. Competitive and accurate employee reward system.
- m. ACTUALIZE (Talent and Succession)
- n. Quality and timely talent and succession management system.
- o. ADIEU (Retire and Exit)
- p. Employee termination system and pension plan

3. Human Capital Platform

The management of the Human Capital Life Cycle is carried out through the implementation of an operating model supported by technological infrastructure and leaders who are also responsible for managing Human Capital.

The following is the Human Capital Platform that supports Bank Mandiri Human Capital management:

- HC Technology & People Analytic
 - a. Human Capital Information System (HCIS)
Core human capital system to support administrative processes, databases, verification and employee payroll integrated with the finance system.
 - b. Mandiri CLiCK
Platform for digitizing personnel administration processes and information centers related to Human Capital provisions.
 - c. New Learning Management System (MY Learn)
End-to-end digital learning and capability development solutions that are integrated with more than 9,000 learning courses both internally and externally to provide a better employee learning experience.

- d. Standalone EASy
Systems to support the goal setting process, performance management and processes in the compensation cycle.
- e. Mandiri TaMS (Talent Management System)
Bank Mandiri Talent Management is related to talent profile, successor pipeline, assessment result and centralized top talent management.
- f. Recruitment Platform System
Recruitment and application tracking system to accelerate and support the recruitment process and candidate tracking.

- Leadership
Bank Mandiri Human Capital annually holds a Co-creating Future Mandirian forum, which is a collaboration forum between all Leaders and Human Capital in order to align and communicate programs that require the involvement of all Leaders.

- HC Policy & Strategy
Each Human Capital policy is listed in SPSDM in accordance with the Employee Life Cycle. Human Capital Strategy is prepared in alignment with the direction of the Bank's strategy and is reviewed annually. The purpose of implementing the 3-3-1 Human Capital strategy is to increase productivity, increase employee engagement, in addition to continuing to nurture and develop new leaders in order to ensure sustainable business growth.

- HC Operating Model
Bank Mandiri Human Capital Architecture is designated as the HC Operating Model by the Bank in order to facilitate ongoing organizational development and align with current business developments.

HUMAN CAPITAL STRATEGY

Bank Mandiri implements its Human Capital Strategy as a key component of its focus on shaping the Bank's People and Culture, as outlined below:

The purpose of Bank Mandiri Human Capital is to elevate employee engagement and productivity in order to be able to foster sustainable business growth and develop new leaders. To achieve this goal, Bank Mandiri Human Capital has 3 Strategies and 3 Mandates.

The 3 strategies are:

1. Strategy #1: Increase productivity
2. Strategy #2: Accelerate capability improvement
3. Strategy #3: Deepen Employee Engagement with AKHLAK & EVP

Below are 3 mandates of Human Capital:

1. For Mandiri: To support and activate the Strategy and Corporate Plan
2. For Our Nation: To contribute to building talent for Indonesia
3. For Our Employee: To create a meaningful Employee Experience.

ORGANIZATION STRUCTURE OF BANK MANDIRI HUMAN CAPITAL MANAGEMENT

ORGANIZATIONAL STRUCTURE OF DIRECTORATE OF COMPLIANCE & HR

DIVERSITIES AND EQUAL OPPORTUNITIES

In line with its human resource management policy, Bank Mandiri consistently upholds its commitment to valuing diversity and ensuring equal opportunities for all employees to grow and develop, regardless of ethnicity, religion, race, or other distinctions in its Human Capital practices.

Bank Mandiri ensures that Human Capital management is based on competencies, providing equal opportunities for all employees in career development, skill enhancement, remuneration, and other aspects.

This commitment to equality is reflected in the relatively balanced percentage of female employees, accounting for 52.37% (2023: 52.32%) of the total workforce. Meanwhile, the percentage of women in top-level management positions, from Assistant Vice President to Director, reached approximately 35.47% in the 2024 reporting year (2023: 33.17%).

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Bank Mandiri implements a robust and consistently applied Human Capital management program to support the realization of its Corporate Plan and strategic objectives, as outlined below:

INTERNALIZATION OF CORPORATE CULTURE

Bank Mandiri consistently and continuously implements the AKHLAK Core Values through unique characteristics known as the Mandirian DNA (m-DNA) as a Way of Working at Bank Mandiri.

Mandirian DNA (m-DNA) is defined as a form of embodiment of AKHLAK's Core Values, which consists of:

<p>A Trustworthy</p>	<p>Uphold the trust given</p> <p>"Trustworthy" value code of conduct:</p> <ul style="list-style-type: none"> • Deliver on agreements and commitments • Responsible for the duties, decisions and actions performed • Firmly upholding the moral and ethical values
<p>K Competent</p>	<p>Continue to learn and develop capabilities.</p> <p>"Competent" value code of conduct:</p> <ul style="list-style-type: none"> • Improving self-competence to overcome ever-changing challenges • Helping others learn • Complete tasks of the highest quality
<p>H Harmonious</p>	<p>Care for each other and respect differences.</p> <p>"Harmonious" value code of conduct:</p> <ul style="list-style-type: none"> • Respect everyone regardless of background • Fond to help others • Building a favourable work environment
<p>L Loyal</p>	<p>Dedicated and to first put the interests of the nation and the country.</p> <p>"Loyal" value code of conduct:</p> <ul style="list-style-type: none"> • Maintaining the good name of fellow employees, leaders, SOEs, and the Nation • Willing to sacrifice to achieve greater goals • Be obedient to the leadership as long as it does not conflict with law and ethics
<p>A Adaptif</p>	<p>Continue to innovate & be enthusiastic in enforcing or overcoming change.</p> <p>"Adaptive" value code of conduct:</p> <ul style="list-style-type: none"> • Quickly adjust to perform better • Constantly make improvements following technological developments • Act proactively
<p>K Collaborative</p>	<p>Build synergistic cooperation.</p> <p>"Collaborative" value code of conduct:</p> <ul style="list-style-type: none"> • Provide opportunities for various parties to contribute • Open to working together to generate added value • Drive the utilization of multiple resources for a common goal

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Bank Mandiri Culture Implementation Framework:

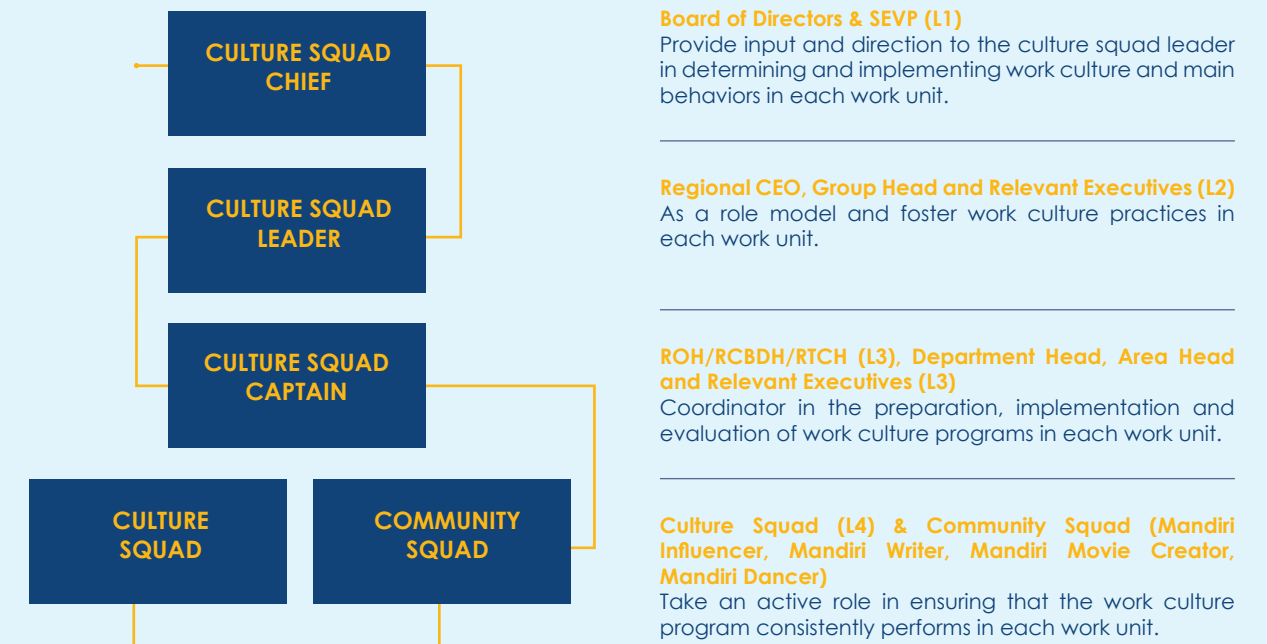

To strengthen the sustainable implementation of AKHLAK core values, Bank Mandiri developed a framework as unique characteristics of all Bank Mandiri employees called Mandirian DNA (m-DNA). m-DNA is as a manifestation of core values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative). These unique characteristics are actualized through Gerakan Bersama Mandirian to realize Mandirian who always deliver & ahead (m-DNA) in realizing Bank Mandiri's vision and aspirations.

Bank Mandiri has established a Culture Network Team (CNT) which has a strategic role as an enabler in shaping the Super Happy Super Productive work culture through cultural programs that are embedded with daily work to deliver an impact on the formation of employee mindset and behavior.

Culture Network Team (CNT) is a strategic partner of Human Capital that engages all levels of employees both at the Top Management level, Senior Management to the junior level of employees. CNT carries out its role by implementing culture through programs hosted both within work units and across bank-wide, such as events, campaigns, and cultural programs, to deliver management and motivation messages to employees across all work units.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

- *) Provisions related to Culture Network Team refer to:
- Memorandum No. PPP.HCE/CMD.273/2021 & PPP Letter No. HCE/CMD.141/2021 dated 30 April 2021 on the adjustment of the organizational structure of the Culture Network Team in order to strengthen work culture practices in 2021.
 - Decree of the Board of Directors No. KEP. DIR/34/2022 dated 23 September 2022 on Appointment and Determination as Culture Squad.
 - Decree of the Board of Directors No. KEP. DIR/33/2022 dated 23 September 2022 on Appointment and Determination as Culture Squad Captain.

FLAGSHIP PROGRAMS

The following bankwide flagship programs have been implemented during 2024, as follows:

No.	Program	Description	Purpose
1	Well-being Program	Covering the aspects of Physical, Psychological, Financial, and Workplace well-being, which are structured around three main pillars: Employee Assistance, Well-being Program, and Well-being Campaign.	Enhancing the implementation of employee well-being initiatives and exploring measures to maintain well-being while performing daily work tasks.
2	AKHLAK Townhall Mandiri Group	As part of the series of activities commemorating the 4th Anniversary of AKHLAK, the management organized a townhall meeting involving the Board of Directors and all employees under the theme: "AKHLAK as the Foundation of SOEs for Sustainable Performance Growth and Improved Services."	The management's directives to all employees focused on: <ul style="list-style-type: none"> • Optimizing the implementation of AKHLAK values to sustainably enhance employee performance • Raising awareness and reinforcing employee adherence to the Respectful Workplace Policy (RWP) within the work environment

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

No.	Program	Description	Purpose
3.	Culture Campaign Multichannel	The strategy involves launching a campaign program that utilizes an integrated approach to various internal communication platforms and channels. This includes disseminating messages and reinforcing the company's cultural values through narratives, presentations, posters, videos, and interactive podcasts. Each channel is tailored to its unique context, packaging, and audience characteristics to ensure the delivery is effective and engaging.	The goal is to communicate management's directives and focus areas, such as Mandiri DNA characteristics and employee well-being, in a way that is easily understood and embraced by the target employees.
4	Corporate Culture Training	This program forms part of the internalization process for AKHLAK core values and the Mandiri DNA (m-DNA) as unique characteristics, targeting both new hires (ODP) and existing employees (SDP) through core module training sessions before they commence their assignments.	<ul style="list-style-type: none"> Establish a clear understanding of the AKHLAK core values and their impact on accelerating business transformation. Building knowledge about the unique characteristics of the Mandiri DNA (m-DNA) and how these traits are shaped by AKHLAK core values. Instill a sense of ownership among participants, ensuring that the core values of AKHLAK and the m-DNA are seen as personal responsibilities that must be demonstrated in employees' behaviors.
5	AKHLAK Blusukan Culture	An informal communication forum between management and employees that focuses on the topics of AKHLAK core values and employee well-being.	To deliver motivation and conduct monitoring (pulse check) regarding how the implementation of AKHLAK and well-being programs supports bank-wide initiatives and creates the Mandiri Joint Movement "Always Deliver & Always Ahead."
6	AKHLAK Culture Visit	A discussion forum for the Culture Network Team (CNT) at Regional and Headquarters units, held regularly both online and offline.	<ul style="list-style-type: none"> To gather feedback as an area of improvement for the implementation of cultural programs. To conduct a pulse check on cultural program implementation within the units through CNT.
7	Edutainment Mandiri Best Employee (MBE)	A development program for Bank Mandiri's top employees delivered in an edutainment format.	<ul style="list-style-type: none"> Enhancing engagement and psychological well-being to foster closer connections with the Creator. Providing spiritual experiences for MBE winners to deepen their understanding of religious values and embrace the principles within AKHLAK core values, thereby strengthening purpose of work. Providing new knowledge and networks, allowing participants to bring back positive insights from the program and shaping them into Strategic Business Leaders Who Always Deliver and Always Ahead (mDNA).

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

No.	Program	Description	Purpose
8	Mandiri Best Employee (MBE)	A training program designed for all top employees of Bank Mandiri (Mandiri Best Employees) to serve as role models in embodying AKHLAK values and fostering a strong sense of national identity as professional bankers.	<ul style="list-style-type: none"> Enhancing the capabilities of candidates with strong national awareness and high integrity, enabling them to become role models within their respective units. Fostering a deep sense of love and pride for Indonesia.
9	Mandirian Ber-NYALI (Mandirian Bergerak Nyata untuk Lingkungan)	A program aimed at supporting Bank Mandiri's Sustainable Finance Action Plan (RAKB), particularly in fostering sustainable operations by encouraging eco-friendly behaviors among employees. These include reducing plastic use, minimizing paper consumption, conserving electricity, and separating organic from non-organic waste.	<ul style="list-style-type: none"> Enhancing employees' awareness of the importance of environmental care (eco-friendly acts). Pulse checks on cultural program implementation within work units through the Culture Network Team (CNT).
10	ABC in Mandiri (Asyiknya Bahas Culture)	An educational and socialization program delivered in podcast format that provides information about various culture-related topics, wellbeing initiatives, and other matters currently prioritized by Bank Mandiri's management.	The program serves as a fun and engaging medium to increase employee awareness of culture, wellbeing, and management concerns, making these topics more accessible and relatable.
11	Mandiri Innovation	An innovation incubation program designed to foster experimentation and cultivate a culture of innovation, enabling the creation of a competitive edge at Bank Mandiri.	This initiative provides employees with the space and resources to engage in innovative activities, thereby accelerating the innovation process within the Bank.
12	Mandiri Young Leader (MYLead)	A development program for Top Talent at the L4 level that involves three years of stretch and challenging assignments.	This initiative aims to accelerate the career growth of L4 employees, preparing them to become successor-ready for the next level (L3).
13	Future ME (Mandirian Excellence)	A development program for active students from first to fourth year who have been selected through a rigorous process, designed to accelerate and build their career in the banking industry.	<ul style="list-style-type: none"> Enhance students' knowledge in financial management, career preparation, and leadership. Provide insight and a clearer picture of a career path at Bank Mandiri.
14	My Digital Academy (MDA)	My Digital Academy is an early engagement and hiring program for final-year students and fresh graduates from selected universities and faculties. The program includes a one-month IT capability development innovation bootcamp.	This serves as a platform to attract the best digital talents in support of the Corporate Plan to become The Best Modern Digital Bank, while also positioning Bank Mandiri as an employer of choice among students from various universities.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

RECRUITMENT

Bank Mandiri has established several stages in the employee recruitment process, as outlined below:

An elimination system is applied at each stage of selection.

Employee recruitment at Bank Mandiri is conducted through two main channels: internal and external sources. Internal recruitment is carried out through internal development programs targeting leadership positions, while external recruitment involves hiring fresh graduates and experienced professionals (pro hire) for both managerial and operational roles. All recruitment activities are aligned with the Bank's needs and follow established policies and guidelines.

Internal Recruitment

Internal recruitment is managed by Human Capital Services for the "Staff Development Program (SDP)" positions. The guidelines for implementing the SDP are outlined in Bank Mandiri's internal regulations, as detailed below:

- Officers and Security Officers with the top priority of the Authority Holder Employees (P3K).
- Minimum education of Diploma 4 or Bachelor degree.
- Have a professional disposition, namely: speak with respect, well dressed, well mannered, self-confidence.
- Minimum Performance Level of PL2 in the last 2 years.
- Minimum service period of 5 years from the effective date of employment.
- HIPO/CR Talent Classification.

- Maximum age of 45 years at the time of initial selection.
- Minimum Individual Grade of PP2.
- Not in the process of audit/ investigation due to violations of employee discipline.
- Not sanctioned in the last 1 year and not currently under sanctions.
- Have never participated in the SDP selection more than 3 (three) times.
- Have never participated in the SDP selection in the previous year.

Specifically for security officer:

Implementing Authority Holder Employees (P3K) Security/Security Supervisor.

Specifically for officers of Branch Sales Staff, Branch Sales Supervisor and Unit Supervisor:

- Minimum working period of 2 (two) years is calculated from PKWT as Branch Sales Staff, Branch Sales supervisor and Unit Supervisor.
- No minimum Individual Grade.

In 2024, the number of employees participating in recruitment from internal sources was 579 personnel, an increase of 8% from 538 personnel in 2023. This increase was caused by the number of employees who were eligible to take part in the development process and there was a need for leadership employees from the SDP pathway in work units.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Description	2024	2023
SDP Recruitment	579	2,959

Internal recruitment is carried out through rotation, secondment, promotion, and demotion as part of the employee career development process. The Bank adopts a holistic approach, considering not only promotions but also capability enhancement, expansion of responsibilities, individual development, and improved remuneration.

- Rotation refers to the transfer of employees within the same unit or across different units.
- Secondment is a temporary assignment of employees for a specific period.
- Promotion involves moving an employee to a higher-ranking position, either within the same unit or across different units, where the new role has a higher level of responsibility or job grade.
- Demotion is the transfer of an employee from a higher position to a lower one, aimed at providing coaching and learning opportunities to help improve productivity in line with the Bank's business and organizational needs.

Bank Mandiri Employee Promotion, Demotion and Rotation

Description	2024	2023
Promotions (MPC and SPC)*	10,388	9,210
Demotion	14	5
Rotation	15,525	13,440

MPC is a Main Promotion Cycle and SPC is a Secondary Promotion Cycle.

External Recruitment

External recruitment is conducted to fill positions within the "Officer Development Program (ODP)." The implementation guidelines for the ODP are outlined in Bank Mandiri's internal policies, as detailed below:

- Minimum of Bachelor Degree Education Level
- Candidates from the graduates of universities with the best reputation in Indonesia and overseas set by Bank Mandiri.
- Courses:
 - Study Programs required by the Bank
- Maximum age at the time of following the initial selection:
 - 26.0 years for Bachelor Degree/ equivalent graduates
 - 28.0 years for Master Degree graduates
- Minimum Grade Point Average (GPA):
 - Bachelor Degree graduates: 2.75 – 3.00 (4.00 scale)
 - Master Degree graduates: 3.20

- Graduates of Overseas Universities: Pass or based on certain standards according to the origin of the University
- f. Unmarried and willing to be unmarried during the program.
- g. Have no Criminal record from the Police or a record of misconduct from the previous company.

In 2024, the total recruitment of ODP programs was 829 personnel, an increase of 30% from previous year's recruitment of 640 personnel. This increase was due to an increase in the need for leadership employees in Bank Mandiri work units.

In 2024, the recruitment of leadership candidates through ODP Program was sourced through job fairs, campus hiring events attended by Bank Mandiri, the "Talent Hunt" program, the "Future Me" program, internship opportunities, and the use of an Applicant Tracking System in collaboration with "Talentics."

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

CPDK (Special Regional Leadership Candidate) Recruitment

This recruitment program is specifically targeted at fresh graduates from local region communities. Employees hired through the CPDK pathway will undergo a comprehensive and intensive development program, which includes both in-class and on-the-job training. This training aims to provide a thorough understanding of standard operations and business processes within the unit, equipping them to effectively perform their roles in their respective local areas. In 2024, a total of 68 employees were recruited through the CPDK pathway, marking an increase of 100% from zero recruitment in the previous year.

Description	2024	2023
CPDK Recruitment	68	Nil

CPDK recruits are assigned to various Bank units, including Regional 9 (Kalimantan and surrounding areas), Regional 10 (Sulawesi and Maluku), Regional 11 (Bali and Nusa Tenggara), and Regional 12 (Papua and West Papua).

Regions	Total
Region II/South Sumatra	21
Region IX/Kalimantan	11
Region X/Sulawesi & Maluku	17
Region XI/Bali & Nusa Tenggara	10
Region XII/Papua	9
Grand Total	68

Recruitment of Employees With Disabilities

As a commitment to equal opportunities, Bank Mandiri also upholds employees with disabilities recruitment policy. Currently, the recruitment of employees with disabilities is aimed at roles such as Contact Center staff, Mandiri University staff, and IT staff.

The recruitment process for employees with disabilities is conducted independently by the respective units in coordination with Human Capital. One example is the Mandiri Call 14000 service at the Mandiri Contact Center, which handles its own recruitment.

In addition, the recruitment of employees with disabilities is carried out in collaboration with FHCI (Forum Human Capital

Indonesia), which serves as a platform for Human Capital managers and practitioners within SOEs to engage, learn, and synergize for better Human Capital management.

In 2024, the Bank hired 67 employees with disabilities, marking an increase/decrease of 27% from 2023, when 18 employees were recruited, as detailed below.

Description	2024	2023
Recruitment of Employee with Disabilities	9	2

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Internship Recruitment

The purpose of the Internship Program is to equip and develop the competencies of graduates from schools and universities, preparing them to enter the workforce. Interns who demonstrate strong skills and competencies are considered as potential candidates in Bank Mandiri's recruitment pool. The Bank's internship programs, which serve as a recruitment source, consist of two main types: Kriya Mandiri and Partnership Internship Programs, including Magang Generasi Bertalenta (MAGENTA) and the Certified Internship Program under Kampus Merdeka (MBKM).

Kriya Mandiri is an integrated internship program introduced in 2012 for high school graduates, Diploma 3 (D3), and Bachelor's (S1) degree students. It aims to provide knowledge, skills, and hands-on experience, particularly in

the banking industry. Learning modules include back-office tasks, call center, customer service, and teller roles. For contact center positions, the Bank offers a special internship program for differently-abled individuals with a minimum high school education, known as Kriya Mandiri Contact Center. Participants undergo three stages of training; basic, intermediate, and advanced, over a comprehensive three-year period based on a structured syllabus. In 2024, there were 3,029 Kriya Mandiri participants, of which 273 became full-time Bank Mandiri employees. This was a decrease of 67% from last year's total of 817 participants.

The Partnership Internship Program is conducted in collaboration with two ministries: the Ministry of State-Owned Enterprises (SOEs) and the Forum Human Capital Indonesia (FHCI) for the

Magenta Internship Program, as well as the Ministry of Education, Culture, Research, and Technology for the Certified Internship Program under Kampus Merdeka (MBKM). The Magenta Internship Program started in 2023, while the MBKM program has been ongoing since 2021. These internships are offered to students from public and private universities as part of the "SOEs for the Nation" initiative. The aim is to support the government's efforts in preparing a competitive and skilled workforce and to bridge the gap between university curricula and industry needs. Interns participating in these programs gain comprehensive and structured knowledge and skills, particularly in banking. In 2024, the program successfully recruited 521 participants, representing an increase of 8.31% compared to last year's total of 481 participants.

Internship Program	2024	2023
MBKM	293	152
Magenta and General Internship	228	329
Total	521	481

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

EMPLOYEE DEVELOPMENT

To enhance employee competencies and achieve global competitiveness, Bank Mandiri has implemented a series of ongoing development initiatives aimed at cultivating exceptional talent. The focus on improving employee skills is closely tied to the overall importance of career development.

Employee Career Development

Bank Mandiri's approach to career development is grounded in its Talent Management and Succession program, which adheres to the principle of fair opportunity. This ensures that every employee has an equal chance to grow and progress, while also taking into account the Bank's needs, individual capabilities, performance evaluations, potential, talent classifications, roles, and other relevant factors. The program is designed to prepare employees for key management positions within the Bank.

Bank Mandiri's Talent Management and Succession strategy is structured around the Mandirian Propeller framework, which encompasses five key elements: Technical Capability, Leadership Capability, Culture, Learning Agility, and Purpose. This framework serves as the foundation for talent development, ensuring that all five aspects are implemented in a balanced and comprehensive manner.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

The talent management and succession process is divided into 4 (four) main processes, as follows:

1. Talent Identification
TC Identification Process (Talent Classification) based on performance, Leadership Characteristics, Ability, Agility and Engagement.
2. Talent Profiling
Talent assessment process based on track record, technical capability, leadership capability and personality aspects.
3. Talent Development
Plan and execute talent development based on capability gaps.
4. Strategic Talent Review
Review development progress and prepare an incumbent succession plan.

Bank Mandiri Talent Management Process

Managers: Talent Employees, Human Capital, Head of Work Units, Field Directors

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Employee Competency Development

Bank Mandiri's approach to employee competency development is facilitated through its corporate university, known as Mandiri University. This is driven by an operating model based on the Strategic Learning Process, a comprehensive learning chain that starts with analyzing business needs and employee competencies, followed by the implementation of learning solutions, and concludes with measuring the impact on business outcomes. The Strategic Learning Process can be illustrated as follows:

Learning culture, infrastructure, administration, support system

INPUT	Organizational capability competency requirements based on business plan & strategy	Learning blue print & roadmaps	Learning program/ module (blended/non-blended)	Data outcome of learning (survey, questionnaires, observation, interviews, etc)

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

The employee development program managed by Mandiri University aims to support the implementation of Bank Mandiri's Corporate Plan by enhancing employee competencies aligned with the Bank's vision. To ensure alignment with Bank Mandiri's strategic goals, competency development is focused on leadership, managerial, and technical skills, particularly in areas such as wholesale banking, retail banking, risk management, IT, digital banking, and other essential fields like banking operations, finance, and human resources. The development of leadership and technical competencies is guided by the Leadership Capability Model (LCM) and the Technical Capability Model (TCM).

In the area of technical competencies, in addition to

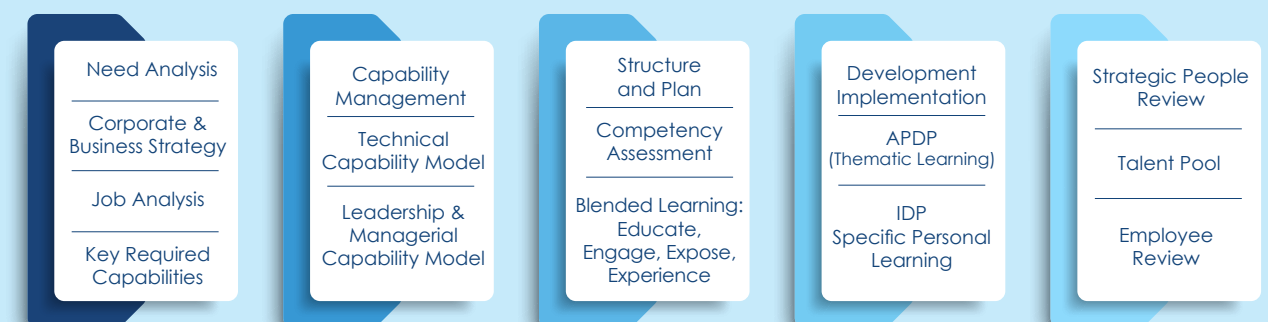

training programs identified based on business and individual employee needs, Bank Mandiri has been focusing on Reskilling, Upskilling & Redeployment. This includes initiatives tied to Smart Branch implementation and digital capability building for all employees. Development within each Directorate at Bank Mandiri is systematically planned to meet business needs, communicated early to stakeholders, resource allocations are efficiently managed, and progress is regularly monitored.

The employee development plan is outlined in the Annual People Development Plan (APDP) for each Directorate based on its specific needs. This plan is systematically prepared, beginning with a learning needs analysis, identifying learning solutions in the form of training modules, scheduling program

implementation (learning delivery and deployment), and measuring the impact of learning (learning impact). The APDP is developed by Mandiri University in collaboration with relevant working units and Human Capital Business Partners (HCBP), with top-down training programs tailored to organizational needs (Thematic Learning). In addition to this top-down approach, Bank Mandiri also plans employee development from a bottom-up perspective, addressing Specific Personal Learning gaps, discussed in development dialogues with supervisors. Bottom-up training programs are organized as Individual Development Plans (IDP) for each employee.

The employee development scheme is illustrated in the following Capability Development Framework:

The employee development flow is described in the following Capability Development Framework:

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Mandiri University has established dedicated academies for each business segment of the Bank, enabling employees in each respective unit to receive training and development specifically tailored to their roles and responsibilities. The following academies are available at Bank Mandiri:

Academy	Segment
Wholesale Banking Academy	Focus on the development of Wholesale Banking, Trade Finance, Treasury, International Banking and Overseas Unit segments.
Retail Banking Academy	Focus on developing the Small Medium Enterprise, Retail Banking, Consumer Deposit, Financial Services and Investment Management segments.
Operations Academy	Focus on competency development in Business Continuity Management, Credit Operations, e-Channel Operations, Trade Services Operations and Customer Care.
Risk Academy	Focus on developing competencies in Risk Management, Audit and Control Function, Compliance and Legal.
Digital Banking and Information Technology Academy	Focus on competency development in Digital Banking, Information Technology, Enterprise Data Management.
Human Capital and Finance Academy	Focus on competency development in Finance, Corporate Transformation and Human Capital.
Leadership and Management Development Academy	Focus on leadership and managerial development at Bank Mandiri.

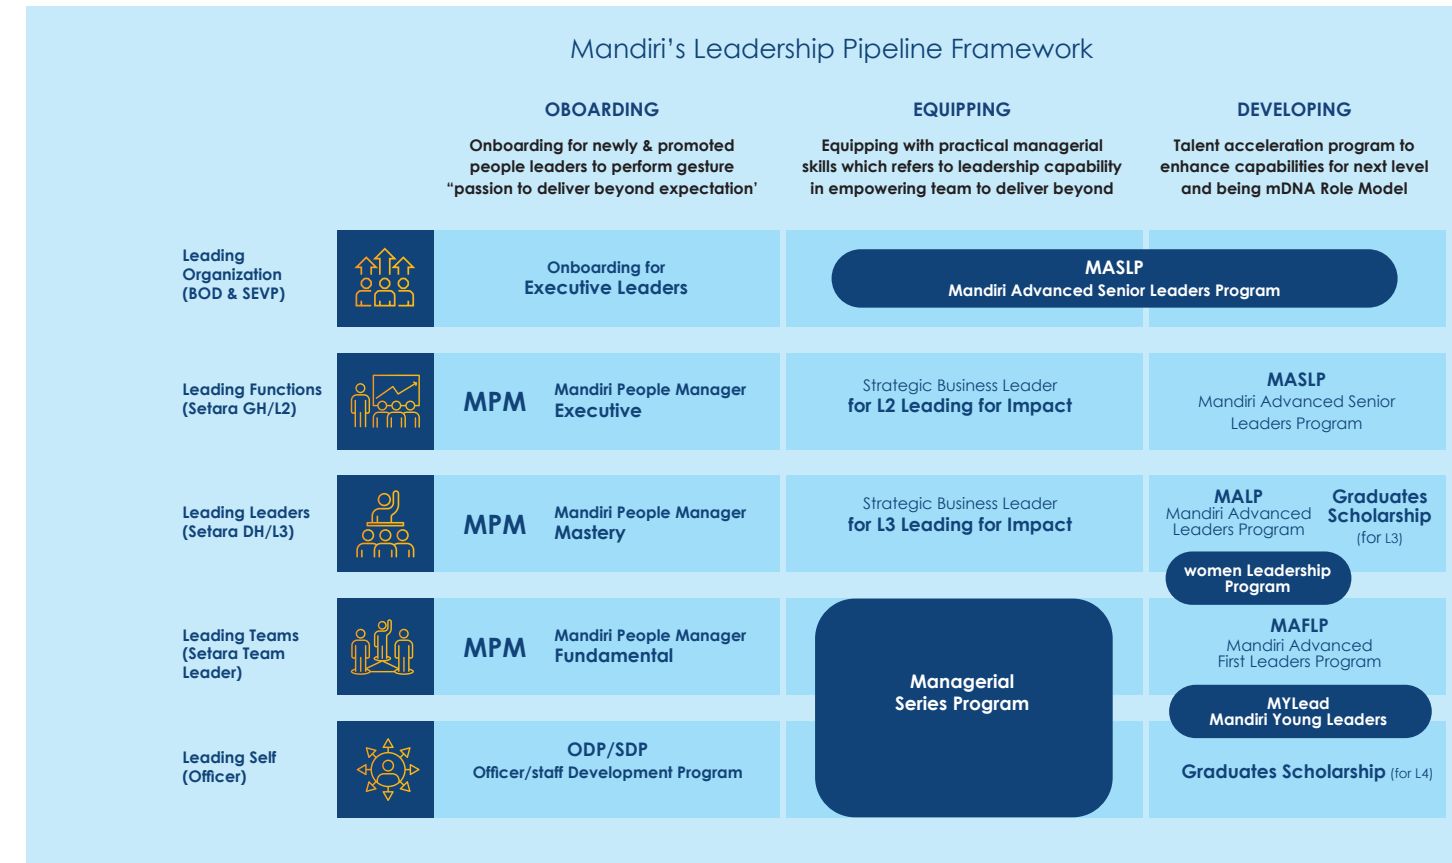

Bank Mandiri's employee competency development programs are divided into the Leadership Development Program and the Technical Development Program, each structured around the core competencies of each job family and capability model. These programs are designed to support employees' career progression, enhance their agility in facing challenges, foster cultural values, and align with the shared purpose of nation-building. The details of each program are as follows:

a. Leadership Development Program

This is a structured, tiered leadership development program designed to align with the leadership capacity required at each employee level. The program is divided into three main phases for each level of organizational leadership: Onboarding, Equipping, and Developing. The goal of Onboarding is to prepare employees with essential leadership

skills as they assume new roles. Equipping aims to provide employees with specific leadership skills to support their roles based on identified competency gaps. Developing focuses on preparing and accelerating employees for the next level of leadership. This program targets all employees at various leadership levels, from officers to directors.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

The tiered programs in the leadership development program are as follows:

- Officer Development Program (ODP)**
 An onboarding development path intended for fresh graduate candidates or candidates who have less than 4 (four) years of work experience. Candidates who pass the recruitment and selection stage will be determined as prospective employees and are required to attend an intensive ODP education program for 1 year, consisting of 3 months of classroom learning, 5 months on the job training, and 3 month's probation before becoming a permanent employee. To meet business needs, competency development in ODP includes aspects of Information Technology (IT), Risk Management, wholesale banking, retail banking, and support functions. In 2024, a total of 827 prospective employees in 27 batches participated in the ODP development.

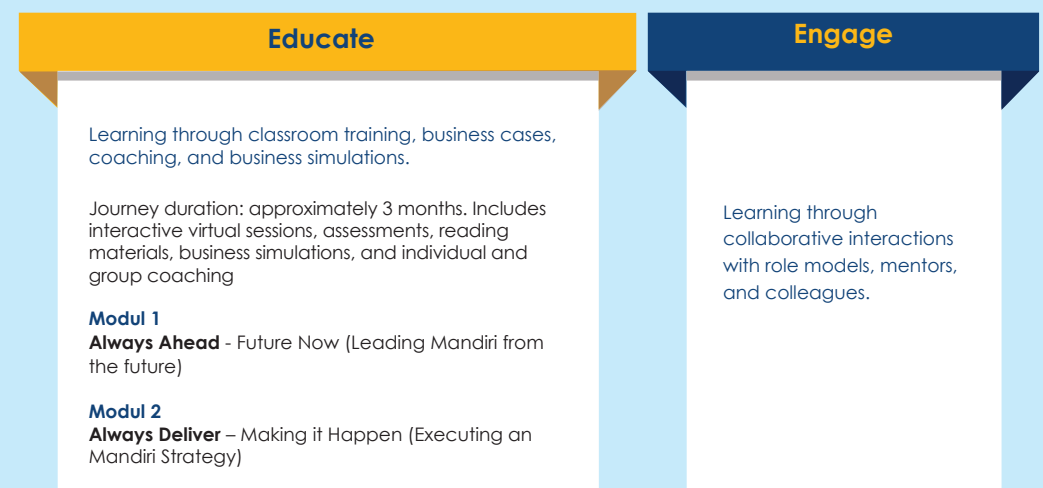

- Staff Development Program**
 An employee onboarding development program promoted from staff level to leadership employee level. The focus of development includes briefing related to leadership, managerial, and technical skills needed by an officer: self-leadership, business banking, general banking, IT, risk management, and culture. The learning program lasts for 3 months in class and 3 months On the Job Training in the placement unit. During 2024, the number of employees participating in the SDP was 611 employees with 19 batches.
- SESPIBANK Program**
 The Bank Staff and Leadership College (SESPIBANK) is a development program in collaboration with the Indonesian Banking Development Institute for Bank Mandiri Level L3 leaders to prepare employees to the next level. The SESPIBANK curriculum consists of classical classes, general banking certification tests, benchmarking, and making papers as

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

final evaluation material. After participating in this program, participants are expected to develop more advanced banking technical skills, as well as network with official participants from various other banks in Indonesia. In 2024, 4 Bank Mandiri employee participated in the SESPIBANK program.

- Mandiri People Manager (MPM) Fundamental**
 A training program for employees of L4 (officer) levels to equip leadership skills. The curriculum includes the preparation of a SMART work plan, prioritization of tasks based on PDCA, performance monitoring, and communication. The duration of the program is 1 day. In 2024, a total of 163 employees have participated in the MPM Fundamental.
- Mandiri People Manager (MPM) Mastery**
 A training program for employees at the L3 level (Department Head level and equivalent) with the aim of improving leadership capabilities in managing, motivating, and improving team performance. The curriculum includes building effective work teams, managing change to achieve goals, planning, mentoring and execution, as well as managing energy and prioritizing team goals. During 2024, 1,027 employees have participated in the PM Mastery program.

- Mandiri People Manager (MPM) Executive**
 This leadership program is designed for L2 (BOD-2) and BOD-1 employees, aiming to develop Mandirian leaders with deep insights and knowledge, excellent skills, and strong motivation to help Bank Mandiri achieve its aspiration of becoming the Undisputed Industry Leader. In 2024, a total of 213 employees participated in the MPM Executive program.
- Mandiri Advanced Senior Leaders Program (MASLP)**
 The Mandiri Advanced Senior Leaders Program (MASLP) is a leadership development program tailored for top BOD-1 talent, preparing them for the next level of leadership. This program focuses on intrapreneurship, strategic leadership, people-focus, and digital leadership, aligned with the Bank's strategic needs and objectives.
- Mandiri Advanced Leaders Program (MALP)**
 Mandiri Advanced Leaders Program (MALP) is a leadership development program for top BOD-2 talents, aimed at preparing them for the next level. The program focuses on intrapreneurship, strategic leadership, people focus, and digital leadership, aligning with the Bank's needs and strategy.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

MALP is held for ±3 months, consisting of 2 Educate modules, each lasting 5 days.

By participating in this program, the participants are expected to have strategic leadership skills that are capable to lead organizations and teams to achieve the vision. During 2024, 2 (two) MALP cohorts have been held with a total of 60 top L3 talent participants.

- Mandiri Advanced First Leaders Program (MAFLP)**
 Mandiri Advanced First Leaders Program (MAFLP) is a Leadership development program that prepares BOD-3 top talents (Team Leaders, Branch Managers or equivalent) to the next level of leadership. The focus of this program development is People Focus, Digital Mindset, Strategy & Innovation. During 2024, 10 MAFLP cohorts have been held with a total of 498 top L4 talent participants.
- Mandiri Executive Leaders Program (MAELP)**
 Mandiri Executive Leaders Program (MAELP) is a leadership development program for Commissioners, Directors and SEVP levels. This program aims to improve leadership and technical capabilities in accordance with Bank Mandiri's business needs, as well as build relationships with other stakeholders. In 2024, 6 (six) Commissioners and 7 (seven) Directors have participated in this program at various Top Global Universities.

- Post Graduate Scholarship Program (S2)**
 A development program for top talents employees who are selected to attain postgraduate formal education both overseas and domestically.
 - Mandiri Executive Scholarship for Postgraduate (MESP)**
 A domestic S2 scholarship program to improve the knowledge and skills of top talents employees at the BOD-2 level which focuses on developing future skills needed in the Bank's long-term strategy. In 2024, there were 21 (twenty-one) L3+ and L3 employees (Department Head and equivalent) participating in the program.

- S2 Scholarship Program Abroad**
 An S2 scholarship program overseas that aims to increase the exposure, networking skills and knowledge of participants related to global insights relevant to Bank Mandiri's needs. In 2024, there were 30 (thirty) employees that currently studying Post Graduate scholarships in the Top 15 Universities around the world. The fields of study taken are Digital Business, Advanced Finance, Technology, and Enablers (Human Resources & Laws).

b. Technical Development Program

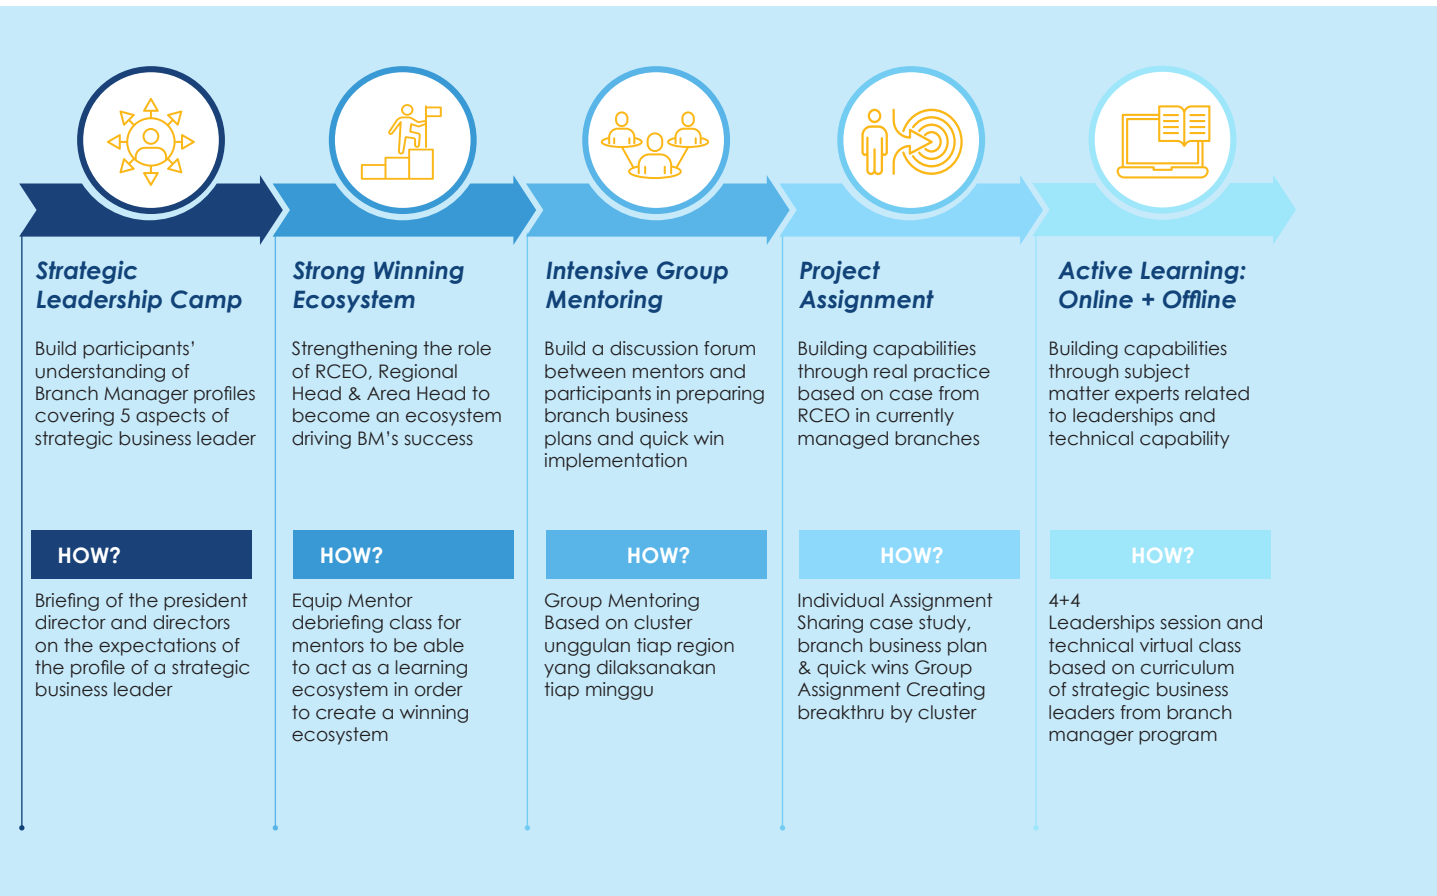

A technical employee competency improvement program in accordance with the managed business segment. This technical capability development program is held thematically and specifically with the aim of increasing the knowledge and skills of employees in business units which include wholesale banking, retail banking, risk management, IT and digital banking, as well as other fields, including banking operations, finance, and human resources. In 2024, 896 technical program modules were carried out with 168,292 participants.

The following are several technical programs training held in 2024:

- Strategic Business Leaders (SBL) Program**
 To realize Bank Mandiri's aspiration to become an Undisputed Industry Leader, one of the focuses carried out by Bank Mandiri is to develop Mandirian's capabilities as strategic business leaders.

The purpose of the Strategic Business Leaders program is to equip all L3 Level employees, particularly Bank Mandiri Leaders at the head office and regions with the skills and capabilities to be able to lead in implementing the 3-3-1 corporate strategy in achieving market dominance by creating own game in their work units. In 2024, this program was attended by 3,737 employees.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Wholesale RM Coverage Program

Wholesale RM Coverage is a program to develop RM Wholesale capabilities to support the Wholesale Banking business and Value Chain for employees to be able to provide end to end transaction solutions to customers. become ecosystem enablers and maintain relationships with customers both at head office and regions through training programs. In 2024, this program was attended by 10,016 employees.

Digital Talent Readiness for Future

Digital Talent Readiness for Future is a digital talent program for Bank Mandiri employees, which is implemented through 2 programs to improve the digital capabilities of Bank-wide employees as Digital Leaders, such as:

- IT Bootcamp
- MSJD - Mandirian Ready to Go Digital

As of December 2024, the Digital Talent Readiness for Future Program has been implemented with a total of 8,726 participants.

EMPLOYEE ONBOARDING SYSTEM

New employees at Bank Mandiri, whether joining through the New Hire program or transitioning via the New Promote (Onboarding for New at Level) program, are required to undergo an onboarding system designed to equip them with the necessary knowledge, skills, and behaviors as Bank Mandiri employees.

To support the digitalization of the onboarding process, the Bank has introduced an enhanced, interactive onboarding experience using a gamification-based learning approach. This new process covers 10 learning topics over a three-month period and is accessible online.

The General Principles of the implementation of employee onboarding are as follows:

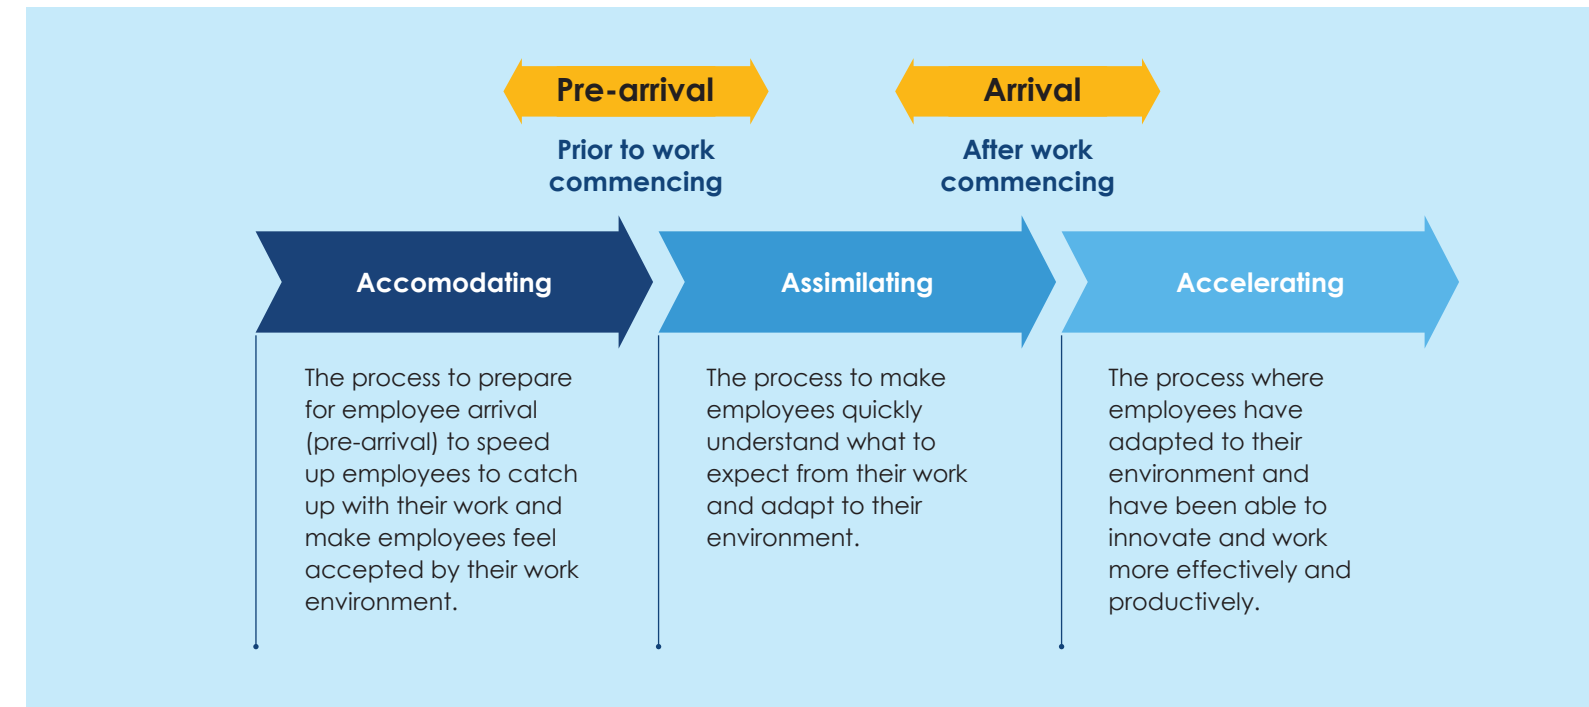

- 1. Compliance**
The Bank prepares employees to understand the basics of the provisions and policies applicable at the Bank.
- 2. Culture**
The Bank prepares employees to be able to accept and implement the Bank's norms including the Bank's work culture and core values.
- 3. Clarification**
The Bank ensures that employees understand and aware on the duties and responsibilities of their new job and the expected performance results.

- 4. Connection**
The Bank ensures that employees can maintain good and positive relationships between employees

Onboarding for New Hire

The Onboarding Program is designed to help New Hires adapt to their new work environment, enabling them to quickly understand the behaviors and tasks specific to their new unit. The onboarding process begins as soon as the New Hire joins their designated unit. It consists of two stages: Pre-Arrival and Arrival, each comprising two integrated processes as outlined below:

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

The objectives of Onboarding for New Hire are as follows:

- 1. Accelerate** the process of employees' comprehension of their work so as to increase Speed to Productivity, which begins by providing facilities and infrastructure that can support work explanation on Job Description and Goals.
- 2. Introducing** Bank Mandiri Culture in order to gain an understanding of aligned values for employees to quickly adapt to their work environment (attach to new culture).
- 3. Introducing** the applicable provisions and systems for employees to attain risk awareness thereby able to measure and manage the risks encountered during their work.

- 4. Building** a Resilient Independent spirit with a pattern of Resilient Learners who are willing to learn proactively from various sources (build proactive learner).

The supporting facilities provided during Onboarding for New Hire are as follows:

- 1. Welcome Kit Onboarding**
A package that contains equipment to support the performance and general information about Bank Mandiri provided to New Hire. The Welcome Kit Onboarding is given to increase understanding of Bank Mandiri and the productivity and work motivation of New Hire.
- 2. Buddy System**
During Onboarding, New Hire will be accompanied

by a Buddy. The Buddy's role in implementing the Onboarding Program is very important, particularly in introducing the work environment thereby able to speed up the New Hire adaptation process. A Buddy must have an adequate understanding related to the work unit and Bank Mandiri as its function is to always be able to provide positive and precise information to New Hire.

- 3. Onboarding Mission Checklist**
The Mission Checklist is a guide to onboarding activities to assist New Hire in the process of adapting to the work environment during the Onboarding implementation.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Onboarding for New at Level

To support new employees in quickly adapting to their work environment and understanding their new roles, Bank Mandiri offers the Onboarding for New at Level program. This program is tailored for employees joining through the New Promote initiative, helping them gain a clear understanding of their job descriptions, set performance goals, and familiarize themselves with the company culture, Code of Conduct, and Business Ethics.

The objectives of the Onboarding for New at Level Program are as follows:

1. Understand leadership & bank-wide expectations
2. Understand specific missions & responsibilities
3. Integrity Reminder & Awareness
4. Understand the conditions & objectives of the unit to be led
5. Understand the preparation of a New Unit strategic plan (including Quick Win & improvement)

Stages of Onboarding for New at Level program:

1. Onboarding Development Dialog
2. Onboarding Briefing
3. Onboarding Learning
4. Mid-Review
5. Evaluation of Probation Period

EMPLOYEE COMPETENCE DEVELOPMENT EVALUATION

To enhance the quality of employee competency development programs, Mandiri University conducts continuous evaluations of the content, instructor quality, and learning methodologies. This ongoing assessment ensures that the training programs remain relevant, effective, and aligned with the evolving needs of the business.

Mandiri University implements a comprehensive evaluation process for its employee development programs, including the following stages:

- Level 1 (L1) is an evaluation to assess participants' reactions to the implementation of learning carried out using the Net Promoter Score (NPS) method, which includes the suitability of the material, the ability of teachers to deliver the material, and the availability of learning facilities.
- Level 2 (L2) is an evaluation to assess the level of understanding of participants during learning using written examination methods (theory) and practical exams.

- Level 3 (L3) is an evaluation to assess the implementation of learning materials and changes in behavior before and after learning with the multirater method, namely asking for opinions/ assessments from employees, supervisors, colleagues, subordinates of employees who are the training participants. This evaluation is carried out at least 3 (three) months after learning.
- Level 4 (L4) is an evaluation to assess the impact of learning on the resulting performance. This evaluation uses the performance assessment method and is carried out at least 3 (three) months after learning period.

In 2024, Bank Mandiri held 79,101 training with various learning media, both face-to-face, virtual classroom and e-learning with a total of 9,952 training modules attended by 949,438 participants.

For the training conducted in 2024, Bank Mandiri has carried out an evaluation of its employee competency development programs, summarized in the following table:

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

Evaluation Type	Results
Level 1, Reaction	The average participant satisfaction level (NPS) reached a score of +75.74 on a scale of -100 to +100, and the average evaluation score was 5.54 on a scale of 0-100.
Level 2, Learning	The average understanding level of participants was 85.59, on a scale of 0-100.
Level 3, Behaviour	The average behavioral change of employees after training was reflected in their performance, with an average evaluation score of 5.05 on a scale of 1-6.
Level 4, Performance	The average impact of training on employee performance reached 80.88%.

EMPLOYEE COMPETENCE DEVELOPMENT COSTS

Throughout 2024, Bank Mandiri allocated a total of Rp397.1 billion for employee competency development. This amount represents an increase from the 2023 budget realization of Rp382.83 billion.

The table below provides a summary of Bank Mandiri's employee competency development expenses.

Employee Competence Development Cost

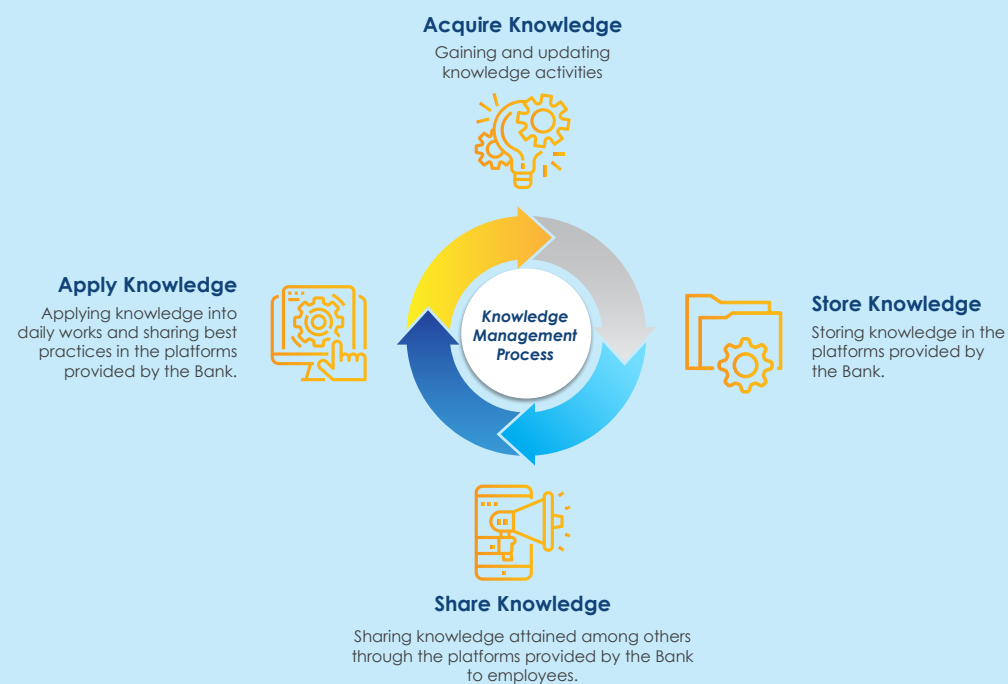

No.	Employee Development Cost Realization Program (Rp Million)	2024 Budget	2022 Realization	2023 Realization	2024 Realization

Total		425,000	363,746	351,938	397,124

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

KNOWLEDGE MANAGEMENT

Bank Mandiri implements knowledge management to ensure that both explicit and tacit knowledge of employees and the organization can be captured, documented, and distributed effectively. This initiative aims to maintain and enhance the organization's competitive advantage.

Knowledge management activities at Bank Mandiri involve a series of ongoing processes, including:

Mandirian Learners Community to Facilitate Knowledge Management Activities

Bank Mandiri established the Mandirian Learning Community as part of its knowledge management efforts. This community of practice consists of groups of Bank Mandiri employees who share similar professions, skills, or interests, with the goal of exchanging specific knowledge and best practices. Through these exchanges, the community fosters innovation and generates new ideas, knowledge, and work practices or enhances existing ones. The knowledge and practices created by the Mandirian Learning Community are then curated, stored, and redistributed through the Bank's platform, enabling adoption across the organization.

Currently, the following are several Mandirian Learners Community that specifically address certain fields:

- **KMP Smart Branch Knowledge (SBK) Corner** is a community of general bankers to share knowledge, experience, and best practices in Smart Branch.
- **KMP Legal Warrior** is a community of legal officers and employees of Bank Mandiri with legal education backgrounds to discuss legal knowledge and practice.
- **KMP KOPRA Community Network (KoCoNet)** is a community of Bank Mandiri employees who have an interest in sharing knowledge and experience related to KOPRA.
- **KMP Data Quality** is Bank Mandiri's data inputer community that has the same interest/concern regarding efforts to improve data accuracy.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

- **KMP Let's Grow** is a community consisting of Bank Mandiri's learning partners and facilitators who have an interest in increasing knowledge and competencies related to the learning process strategy.
- **KMP Mandiri Facilitator Squad** is a community of Bank Mandiri facilitators who are expected to improve the knowledge, skills of community members in carrying out their role as a facilitator.
- **KMP FMCG Ecosystem Zone** is a community of Bank Mandiri employees who focus on managing customers within the Fast-Moving Consumer Goods (FMCG) sector.
- **KMP Construction Ecosystem Zone** is a community of Bank Mandiri employees dedicated to managing customers in the construction sector.

Mandirian Learners Community Platform

Bank Mandiri uses MY Learn as one of KMP's platforms for the community members to be able to connect, and build relationships with each other, facilitate community related activities and data management related activities.

EMPLOYEE PERFORMANCE APPRAISAL

Bank Mandiri conducts employee performance assessments to measure both Achievement (results) and Attitude (the application of culture and leadership characteristics in daily work).

In 2024, through the enhancement of the employee performance appraisal system, Bank Mandiri continued to encourage every employee to "Think Big & Deliver Beyond Expectations" in achieving the Bank's aspirations, as well as to establish individual assessments that can map employees' contributions, thereby motivating, fostering optimal employee engagement, and identifying capability gaps to determine appropriate development programs.

The enhancements include a New KPI Structure that encourages all employees to go the extra mile, a Mid-Year Review as a platform for providing feedback and monitoring performance achievements during the first semester, and the refinement of criteria and

mechanisms in the Final Performance Review to recognize the best of the best.

Performance Assessment System

The employee performance assessment system is based on the achievement of agreed Key Performance Indicators (KPI) (Achievement) and the implementation of behaviour based on core values and core behaviour (Attitude). The elements of performance assessed consist of process and result elements. Process indicates how to achieve targets (lead measure) and Results indicate the results of employee achievement over targets (lag measure).

The following are performance appraisal categorized based on 5 (five) ratings that have been refined:

1. Beyond Expectations, indicates exceptional/extraordinary performance.
2. Exceed Expectations, indicates satisfactory/excellent performance.
3. Meet Expectations, indicates good performance/meeting expectations
4. Below Expectations, indicates the need for improvement to help enhance the performance.
5. Required Significant Attitude Improvement, indicates performance that does not align with or meet the expectations.

Starting from 2024, adjustments are made to the components of Individual KPIs, which is divided into three components: Core Responsibilities Objectives, Value-Added Objectives, and Capability Development Objectives. These aim to provide room for employees to have their contributions beyond their core tasks to be considered in their Final Performance Review, to encourage all employees to have extra miles contribution, and ensure employee development as part of the objectives. The process of determining these KPIs will be discussed and agreed upon jointly by the employee and their Employee Manager through development dialogue during the Goal Setting phase, which will be the basis for the Final Performance Review.

The performance appraisal process of Bank Mandiri employees consists of 3 (three) stages that has been refined to foster the Bank's aspiration achievements, as follows:

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

- 1. Goal Setting**
Bank Mandiri employees first set goals at the beginning of the year through development dialogue between employees and Employee Manager.
- 2. Mid-Year Review**
Mid-Year Review is carried out by employees in the middle of the year to readjust to the Bank's business conditions, as a tool to give feedback and monitor on the employees' performance throughout Semester 1.
- 3. Final Performance Review**
At the end of the year, a final appraisal is conducted in which employees are given the opportunity to conduct a self-assessment of their achievements. The results of the self-assessment are further discussed, reviewed, and validated by the Employee Manager to be further calibrated by the Employee Manager's Manager. The parties engage in the employee performance appraisal are described in the following chart.

Which Parties Play a Role in Individual Assessment ?

In 2024, approximately 38,000 employees participated in the performance appraisal. The results of these evaluations are used as key factors in determining compensation, talent categories, promotion decisions, and employee development. Through the enhancement of the performance appraisal system, it is expected to continuously drive employee performance improvements and recognize the contributions made by employees.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

EMPLOYEE ENGAGEMENT

To foster employees' emotional connection to the Company, Bank Mandiri undertakes several initiatives, including enhancing employee welfare to drive optimal productivity. Employee welfare improvements are provided in both material and non-material forms. Below is an overview of some of the employee engagement programs implemented by Bank Mandiri.

Employee Remuneration

Bank Mandiri's employee remuneration is determined in accordance with applicable regulations. The remuneration levels are governed based on internal policies set above the highest Indonesia's Minimum Wage standards and applicable in all of the Bank's operational areas. Bank Mandiri applies a total reward principle, ensuring that employees receive both financial and non-financial compensation fully. The Bank also strives to maintain employee remuneration at a competitive level, aligned with its remuneration strategy.

Bank Mandiri prioritizes gender equality by ensuring equal base salary and remuneration between men and women at every position level. The salary and remuneration ratio between male and female employees is 1:1, with compensation and benefits based on position and performance rather than gender differences.

Allowances

Bank Mandiri provides allowances as part of its efforts to maintain employee loyalty. Employee allowances are offered based on employment status (permanent, contract, trainee), level, and type of job.

Maternity and Paternity Leave Policy

Bank Mandiri provides maternity leave for female employees and paternity leave for male employees whose spouses have given birth, maintaining all employee rights in accordance with applicable laws and regulations. After the leave period, employees are welcomed back to their previous positions.

In the 2024 reporting year, a total of 1,420 employees took parental leave, comprising 900 female and 520 male employees. This represents

a decrease of 15% from the previous year's total of 1,633 employees (1,007 female and 603 male employees).

Of those who took parental leave, 100% returned to work after their leave ended. Additionally, 100% of employees who took parental leave in the previous year also returned to Bank Mandiri after their leave. The high return rate after parental leave reflects Bank Mandiri's commitment to being an 'employer of choice' and providing strong support for the development of its female employees.

Retirement Program

Bank Mandiri's retirement program includes both pension funds and pre-retirement training. The Bank's pension fund is managed by an established Pension Fund, offering a defined contribution plan as well as a defined benefit plan derived from the pension funds of merged banks.

As a token of appreciation for dedicated service, Bank Mandiri provides pre-retirement training to employees approaching retirement to support their well-being and productivity in retirement. This training covers various topics, including entrepreneurship, health, and psychology. In 2024, 43 batches participated in the pre-retirement training, with a total of 693 employees set to retire within the next 2 year. This training is conducted offline over 3 days.

Awards

One of the ways Bank Mandiri enhances employee engagement is by recognizing outstanding employees through the Mandiri Excellence Award (MEA). This annual awards event is held regularly, with the following award categories:

- Mandatory Award**
The Mandiri Best Employee (MBE) award is the highest form of recognition given by management to outstanding employees who consistently demonstrate exceptional performance and embody the company culture through behaviors aligned with the AKHLAK Core Values. This award aims to boost motivation and engagement, encouraging employees to continue making their best contributions.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

In 2024, a total of 121 employees and 15 subsidiary employees received the MBE award.

- **Thematic Award**
This award recognizes Business Units or Employees who have contributed significantly and achieved excellence in supporting bank-wide initiatives. These initiatives include executing corporate strategies, driving business growth and sustainability, fostering a resilient learning mindset, and implementing the company culture. Details are as follows:

- Best Strategy Bankwide**
Appreciation to Work Units that have the best performance achievements through the implementation of 3-3-1 strategies, 8 Strategic Goals, and LUNAR
- Best Collection & Recovery of The Year**
Appreciation to Mandirian that exceeds the target in billing and in line with applicable ethics.
- Mandiri Service Award**
Mandiri Service Award (MSA) 2024 is an appreciation event for individuals and work units, with the assessment process focused on services that contribute to sustainable business achievements. The main activities of MSA 2024 consist of two categories:

1. Individual Category: National Frontliner Championship

The National Frontliner Championship (NFC) is a national-level competition for Bank Mandiri Frontliners, covering the categories of General Banker, Customer Service, Teller, Security, and RM Priority Banking. NFC 2024 was held on 28-29 October 2024, with 60 top Frontliners selected as national-level participants from approximately 17,500 Frontliners across Indonesia.

During the competition, participants demonstrated their skills through a series of tests, including a digital mindset test, sales advisory test, and individual presentation. The highest-scoring winners also underwent a 360-degree validation process to ensure that the competition results align with the service standards implemented in their respective work units.

2. Work Unit Category: Branch Service Award

The Branch Service Award (BSA) is an appreciation event for work units, categorized into Conventional Branches, Smart Branches, Priority Outlets, the best Areas in each Region, and the best Region at the National level.

The assessment for BSA 2024 in all categories is based on survey results conducted by external surveyors, and validated against the business contribution achievements of each work unit throughout 2024.

Through the MSA 2024 event, Bank Mandiri hopes that all individuals and work units will be further motivated to enhance their awareness in creating a remarkable customer experience that positively impacts Bank Mandiri's market share while continuously being the Preferred Financial Partner for customers.

- Mandiri Innovation eXperience (MIX)**
MIX is Bank Mandiri's innovation platform to address future business challenges. Bank Mandiri will give appreciation to this innovation.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

To enhance employee engagement and support the well-being of its female workforce, Bank Mandiri provides dedicated lactation rooms for nursing mothers, available at both the Head Office and regional/branch offices. These rooms are designed to offer a comfortable, clean, and private environment, equipped with all essential facilities to meet the needs of breastfeeding mothers. Amenities include comfortable area, refrigeration for milk storage, and other necessary supplies, ensuring that nursing employees have a supportive and convenient space to care for their needs.

EMPLOYEE ENGAGEMENT SURVEY

In the 2024 reporting year, Bank Mandiri conducted an employee engagement survey with 80.81% response rate, resulting in a score of 89.93%, an increase from the 2023 score of 89.65%. This survey, carried out by an independent consultant, measured various aspects, including organization, leadership, career development, relationships and communication, compensation benefits, job alignment, opportunities for contribution, and teamwork.

Employee Turnover

To assess employee engagement, Bank Mandiri regularly monitors the Resignation Rate annually. This measurement provides insight into the profiles of departing employees, particularly the reasons behind their resignations, enabling the Bank to develop targeted engagement programs. The turnover rate trend for Bank Mandiri from 2022 to 2024 is presented in the following table.

Bank Mandiri's Resignation Rate Trend 2022-2024

Year	Total Resignation (person)	Total Employee (person)	Percentage
2024	1,024	38,847	2.63%
2023	1,044	38,940	2.68%
2022	1,102	38,176	2.89%

In 2024, the total number of employees resigning from the Bank was 1,024 personnel with an employee turnover rate of 2.63%.

Employee Resignation Trend

Description	2024	2023	2022
Total resignation (person)	2,411	2,048	1,840
Total employees at year end (person)	38,847	38,940	38,176
Turnover percentage (%)	6.21%	5.26%	4.82%

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

INDUSTRIAL RELATIONS

Bank Mandiri manages industrial relations in accordance with Law No. 13 of 2003 on Employment, as amended by Law No. 6 of 2023, which establishes the Government Regulation in Lieu of Law No. 2 of 2022 on Job Creation as a formal law, along with its implementing regulations. This approach aims to foster a comfortable, transparent, positive, and progressive work environment. To achieve the best outcomes, the Bank employs the following approaches:

1. **Fostering Harmonious Industrial Relations:** The Bank builds and maintains well-managed industrial relations with active participation from

employees, the Bank Employee Union, and recognized employee organizations.

2. **Enhancing Employee Engagement:** The Bank implements activities and programs designed to effectively increase employee engagement, positively influencing attitudes, behaviors, and overall performance, thus contributing to the Bank's success.

The Bank's industrial relations are founded on the principle of mutual respect, trust, and cooperation among Bank Mandiri, its employees, and the Employee Union. This shared commitment aims to ensure business continuity, growth, and the improvement of employee welfare.

To support these industrial relations objectives, the Bank provides several mechanisms, including:

Employee Unions

Bank Mandiri has only one labor union, known as Serikat Pegawai Bank Mandiri (SPBM), which was established in 2000 and is officially registered with the Ministry of Manpower and Transmigration of the Republic of Indonesia under No. KEP.804/M/BW/2000 and listed with the Ministry under No. 45/V/P/V/2001.

The SPBM was established as a platform to accommodate employees' aspirations, which are subsequently conveyed to management through various forums regulated by labor laws. The union aims to foster

harmonious industrial relations between management and employees.

The provisions UU No. 21/2000 have been ratified and are incorporated into Bank Mandiri's Collective Labor Agreement, emphasizing that no one is permitted to obstruct or coerce employees to form or refrain from forming, to serve or refrain from serving as administrators, to join or refrain from joining, or to participate or refrain from participating in labor union activities.

Collective Labor Agreement

Bank Mandiri has established a Collective Labor Agreement (CLA) with the mandate of UU Ketenagakerjaan (Labor Law). In compliance with Pasal 116 UU 13/2003, Bank Mandiri and the employee's union jointly draft the CLA through negotiations to reach mutual agreement. The CLA incorporates the aspirations and working conditions, including the rights and obligations of both parties, as stipulated by prevailing laws and regulations.

In line with Pasal 123 UU Ketenagakerjaan (Labor Law), The CLA is valid for maximum 2 (two) years from the date of signing and may be extended for a maximum of one additional year, with only a single extension allowed.

The first CLA covered the period from 2004 to 2006. As of today, as part of fostering harmonious

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2024

industrial relations, Bank Mandiri has reached its 10th CLA, effective for the 2023-2025 period. It has been registered and approved by the Ministry of Manpower of the Republic of Indonesia, as documented in the Decision of the Director General of Industrial Relations and Social Security No. KEP.4/HI.00.01/00.0000.231228008/B/1/2024, dated 10 January 2024.

Internal and External Regulations

Bank Mandiri consistently adheres to all applicable regulations, both external and internal. This includes the updated Operational Policy (Human Resources), approved on 3 April 2023, and the most recent Human Resources Standard Guidelines, revised in January 2024.

Bipartite Cooperation Institute

The Bipartite Cooperation Institution (LKS Bipartit) at Bank Mandiri was established in 2005 and is registered with the South Jakarta Office of Manpower and Transmigration.

Pursuant to the mandate of Law No. 13/2003 and the terms of the 2023-2025 CLA, Bank Mandiri and the Employee Union regularly hold LKS Bipartite meetings. This forum serves as a platform for communication and consultation on matters related to industrial relations. During these meetings, Bank Mandiri shares updates on Human Capital policies

and key areas of business development aligned with the Bank's vision and mission. The Employee Union is also given the opportunity to provide suggestions, feedback, and communicate employee aspirations to management.

Complaints Handling

To foster a positive and conducive work environment, Bank Mandiri is committed to comprehensively managing employee concerns through effective communication forums. Bank Mandiri provides various platforms that employees can use to voice their concerns, which are promptly addressed by the Bank. By maintaining open and effective communication channels, the Bank aims to strengthen employee relations, resolve issues promptly, and enhance overall workplace harmony.

Industrial Relations Dispute Resolution

Bank Mandiri manages industrial disputes in accordance with Law No. 2 of 2004 on the Settlement of Industrial Relations Disputes, prioritizing communication to achieve mutually beneficial agreements that safeguard the interests of all parties involved. This approach helps create a calm working environment for employees, fostering harmonious industrial relations and ultimately enhancing work productivity.

HUMAN CAPITAL DEVELOPMENT & MANAGEMENT PLANS IN 2025

In 2025, Bank Mandiri's human capital strategy will continue to focus on aligning employee development with the corporate plan and business objectives to drive sustainable growth. The key aim is to build a strong talent base, develop top-tier leaders, and nurture a culture of continuous learning and innovation throughout the organization. To achieve these goals, the human capital development plan is structured around three key strategic pillars:

- **Capability Enabler** aims to enhance existing competencies for current productivity while developing new skills to anticipate future challenges.
- **Learning-to-Business Alignment** focuses on ensuring that all development and training programs have a positive impact on the business, particularly in achieving the set business targets aligned with the Bank's strategic objectives.
- **Learning Experience Design** aims to cultivate a learning mindset and foster a strong learning culture among all employees, while also providing an engaging learning experience. By developing a solid learning mindset, culture, and experience, employees are empowered to take the initiative in building their competencies independently.

Based on these strategic pillars, Bank Mandiri's human capital development plan for 2025 includes a comprehensive suite of training and development programs focused on both leadership and technical competencies. The initiatives will cover key areas such as:

- **Leadership Development:** Cultivating future leaders through targeted programs designed to build strategic business acumen, enhance decision-making skills, and develop effective people management capabilities.
- **Technical Competency Enhancement:** Strengthening core technical skills across various business segments, with a focus on wholesale banking, digital innovation, IT, and risk management.

HUMAN CAPITAL DEVELOPMENT & MANAGEMENT PLANS IN 2025

- **Digital Talent Development:** Expanding digital capabilities among employees to support the Bank's digital transformation agenda, including initiatives for upskilling, reskilling, and building expertise in emerging technologies.

The 2025 plan will continue leveraging a blended learning model that combines multiple teaching methods for optimal impact, includes traditional classroom sessions, virtual learning, and e-learning modules tailored to meet specific training needs. Emphasizes learning from others through development dialogues, mentoring, and coaching sessions. Focuses on hands-on experience through on-the-job training, job rotations, and project-based assignments, enabling employees to apply new skills in real-world scenarios.

In 2025, Bank Mandiri will further expand its digital learning initiatives, building on the foundation established in previous years. This includes enhancing the digital learning platform, offering interactive and gamified content, and integrating knowledge management systems to capture and share best practices. The Bank will strengthen its knowledge-sharing framework through the development of communities of practice, where employees can collaborate, exchange ideas, and drive innovation in specific business areas.

The 2025 human capital development and management plan is designed to support Bank Mandiri's strategic vision of becoming a market leader by investing in its most valuable asset, its Mandirians. By focusing on capability enhancement, aligning learning with business needs, and delivering a superior learning experience, the Bank aims to build a highly skilled, adaptable, and engaged workforce that drives excellent business performance and sustains long-term growth.

INFORMATION TECHNOLOGY

Bank Mandiri IT continues to accelerate digital transformation through the implementation of IT Strategic Plan, including continuous innovation in key digital initiatives such as Kopra, Livin', and Livin' Merchant. The execution of IT development and operations consistently adheres to the principles of good IT Governance, supported by a governance structure for strategic decision-making, an IT organization strengthened by a systematic talent development program for IT and digital professionals, and disciplined management and implementation of IT policies to ensure compliance. Furthermore, Bank Mandiri has also implemented a comprehensive cybersecurity strategy covering people, processes, and technology to safeguard data security and IT service operations from cyber threats. As such, Bank Mandiri IT consistently delivers innovative, reliable, and secure technology solutions to meet customer needs.

INFORMATION TECHNOLOGY STRATEGIC PLAN

In the dynamic era of digital transformation, Bank Mandiri positions technology development and utilization strategies as a fundamental pillar in driving competitive advantage. This strategy is implemented through a planned, structured, and effective approach to technology adoption, as outlined in the IT Strategic Plan (RSTI). The RSTI is designed in alignment with the Corporate Strategy and executed with discipline to ensure that each IT initiative significantly contributes to sustainable and sound business growth.

Bank Mandiri's IT Strategic Plan, as outlined in the IT Strategy & Execution Plan 2020-2024, is guided by an IT Vision aimed at becoming a **technology strategic partner that is "Always Deliver, Always Ahead."** This vision reflects the commitment to consistently delivering value and driving innovation for all stakeholders. To realize this vision, Bank Mandiri focuses its efforts on three main pillars: Fit For Growth, Drive Digital Transformation, and Transform IT.

IT Strategy & Execution Plan 2020-2024

IT VISION 2020-2024

Becoming a technology strategic partner that is **"Always Deliver, Always Ahead"** to provide added value and enforce innovation to all stakeholders in promoting sound and sustainable business growth.

IT MISSION 2020-2024

A Fit For Growth

Providing **reliable, available, scalable & secure** technology in accommodating business growth.

B Drive Digital Transformation

Providing **adaptive** technology to **drive digital transformation & business innovation.**

C Transform IT

Build the best and sustainable **operating model, organization, and people capability** to support IT strategy execution.

INFORMATION TECHNOLOGY STRATEGIC PLAN

A. Fit For Growth

As a manifestation of its commitment to providing reliable digital services, Bank Mandiri ensures the availability of technology that is reliable, available, scalable, and secure through:

1. Modernizing core banking to ensure that features, capacity, and scalability can support a healthy and sustainable business with controlled risk while enhancing operational excellence.
2. Enhancing IT reliability, availability, and scalability, as well as strengthening cybersecurity to support the Bank's services and business.
3. Implementing regulatory & compliance initiatives to prepare systems to meet the needs of regulators and principals.
4. Developing and optimizing data analytics to drive the Bank's business growth.

B. Drive Digital Transformation

Providing adaptive technology to drive digital transformation and business innovation through:

1. Wholesale digitalization to accelerate digital transformation and business innovation in the wholesale segment, such as the development of KOPRA as a single access platform for all business customer transaction needs.
2. Retail digitalization by strengthening capabilities and developing IT systems to optimize fast, easy, and user-friendly banking services across all channels,

including the development of Livin' by Mandiri as a digital channel to enhance customer experience for retail customers, transforming branches through Smart Branch, and expanding the Livin' ecosystem to offline merchants via Livin' Merchant.

3. IT capability development to support business strategies in the SME & Micro segments, such as the development of sales tools to accelerate loan acquisition and improve Relationship Manager productivity.
4. Capability enhancement to support enterprise-wide application usage and operations, covering HR management, financial recording, risk and fraud monitoring, and operations improvement.

C. Transform IT

Building fundamental IT aspects consisting of operating model, organization, and best-in-class and sustainable people capability, to support the execution of the IT strategy through:

1. Enhancing quality and governance to improve the delivery quality of IT solutions.
2. Increasing the capacity and competency of IT resources to support digitalization and enhance the quality of IT service delivery.
3. Strengthening collaboration and synergy within Mandiri Group through knowledge sharing and the establishment of a dedicated IT Business Partner under the Mandiri Group IT Synergy initiative.

IMPLEMENTATION OF INFORMATION TECHNOLOGY STRATEGIC PLAN 2024

In 2024, Bank Mandiri IT continues the execution of the 2020-2024 IT Strategic Plan, focusing on key strategic initiatives such as the implementation of modern and reliable IT infrastructure, enhancement of cybersecurity, and optimization of customer experience through innovative digital services. Below are the key highlights of the IT Strategic Plan implementation for 2024:

A. Fit For Growth

Bank Mandiri continuously modernizes its core banking as the primary foundation of banking operations by ensuring the availability of technology that is reliable, available, scalable, and secure to deliver dependable digital services. Through core banking modernization and the implementation of robust technology, Bank Mandiri provides digital services that are seamless, fast, and secure for customers in their transactions, through several key initiatives, as follows:

1. Modernizing core banking to enhance scalability, strengthen features, and meet

business needs through the development of the Wealth Management Core System (WM Core) and Treasury Core System, as well as improving the capabilities of the Core Banking eMAS through in-house development.

2. Strengthening system reliability, availability, and scalability to maintain system performance stability and reliability, as well as enhancing IT security to detect cyber threats through the implementation of Threat Intelligence Automation.
3. Implementing regulatory and compliance initiatives to ensure system readiness for reporting requirements, as well as a data privacy management system initiative to support compliance with the Personal Data Protection Law.
4. Developing and enhancing system capabilities for Big Data analytics and improving Data Warehouse capabilities as a reporting data source.

IMPLEMENTATION OF INFORMATION TECHNOLOGY STRATEGIC PLAN 2024

B. Drive Digital Transformation

Bank Mandiri continues to drive digital transformation and business innovation to enhance customer experience through service personalization, ease of access, and transaction speed, aiming to deliver a seamless banking experience for customers. Additionally, Bank Mandiri automates and improves internal system processes to achieve operational excellence.

1. Continuous development of KOPRA to establish it as a platform that provides comprehensive solutions for wholesale customers through feature enhancements aimed at improving customer experience, including a personalized dashboard, personalized payment experience, and facilitating transactions within a closed-loop business ecosystem.
2. Continuous innovation in the retail segment to provide seamless, fast, and user-friendly digital services, including:
 - Development of the Super App Livin' by Mandiri, with the addition of several features such as investment transactions, cross-border QR payment transactions, and Livin' loyalty to enhance customer engagement. New features also include Livin' Auto and Livin' KPR for digital lending services. Additionally, to facilitate transactions for individual customers in Dili, Timor-Leste, Bank Mandiri has developed Livin' by Mandiri Timor-Leste.
 - As a digital service for business owners, Livin' Merchant continues to innovate by introducing key features such as tailored solutions for the F&B sector, card payment acceptance capabilities, as well as stock ordering and financing solutions for merchants.
3. Development of IT capabilities to support the SME and Micro segments, including the development of an early warning system to enhance credit portfolio monitoring for SME debtors and business process re-engineering for the micro and SME segments.

4. Automation and improvement of internal system processes to enhance operational effectiveness and efficiency through the implementation of the Straight-Through Processing Integrated Reconciliation System and the development of systems to accommodate inventory management processes via the e-channel inventory management platform and e-channel delivery platform.

C. Transform IT

Bank Mandiri continuously optimizes internal processes to enhance the quality of solution delivery, including the optimization of the IT Business Partner role and improvements in IT planning processes to refine business and technical requirements.

In terms of people development, internal development capabilities are strengthened through the implementation of the Digital Product Developer Bootcamp program to enhance application development in line with business requirements and the required technology stack.

To enhance collaboration and synergy within Mandiri Group, Bank Mandiri has established a dedicated IT Business Partner under the Sinergi IT Mandiri Group initiative, serving as a single point of contact to improve alignment between Bank Mandiri's IT and its subsidiaries. Furthermore, the Special Interest Group (SIG) program acts as a platform for knowledge sharing and collaboration across Mandiri Group, with this year's focus on the implementation of standardized IT governance in the areas of planning, development, security, and operations. Moreover, shared services synergy has been implemented for several subsidiaries, including the use of the Business Continuity Management (BCM) system and interbank fund transfer services as part of the Business Continuity Plan (BCP).

INFORMATION TECHNOLOGY GOVERNANCE

In the continuously evolving digital era, Bank Mandiri recognizes that sound Information Technology governance is one of the key foundations for delivering reliable and innovative IT services. Therefore, Bank Mandiri's IT governance is supported by a governance structure (Committees and Cross-Functional Forums) for strategic decision-making, an organizational framework, and talent development to drive digital transformation. In addition, IT policy implementation serves as the rules of the game for IT processes, ensuring adaptability to the latest technology trends and regular evaluation. The key aspects are explained as follows:

A. Governance Structure

To ensure prudent IT-related decision-making involving stakeholders across business units, IT Bank Mandiri is supported by committee and forum mechanisms, including the following:

1. IT & Digital Banking Committee (ITDC), chaired by the President Director and comprising the IT Director, Risk Management Director, Directors/SEVPs representing IT user units, SEVP IT, and the Compliance and Human Resources Director. ITDC has the authority to approve the IT Strategic Plan, strategic IT initiatives with specific investment values, IT development plans, and other related matters.
2. Project & Change Steering Committee, comprising Directors/SEVPs from project owner units, the IT Director/SEVP, and the Compliance & Human Resources Director. This committee is responsible for discussing and making decisions on IT initiatives at the planning and development stages.
3. Release Control Board (RCB), comprising the IT Director/SEVP, Risk Management Director/SEVP, and the Compliance and Human Resources Director (for initiatives related to Bank Product Implementation). This forum is responsible for ensuring a smooth migration process into the Bank Mandiri IT production environment.

B. Digital Organization and Talent Development

An adaptive organization and continuous talent development are key aspects in driving digital transformation. Bank Mandiri's IT organization is designed and continuously developed to remain relevant to evolving business needs. This is reflected in the IT Directorate, which includes functions for digital product development supported by data analytics, end-to-end IT management, and IT operational risk management.

In addition, the fulfillment of digital talent capacity in the IT Directorate is carried out through the My Digital Academy program, which equips selected digital talents from reputable universities in Indonesia during final year of study, to become a pipeline Officer Development Program (ODP). Meanwhile, capability development is carried out through globally recognized training and certifications, as well as a rotation program to enrich employee exposure.

C. IT Policy

IT Bank Mandiri manages and implements IT Policy as the rule of the game for IT operations across the following areas:

- IT Planning, including the formulation of the IT Strategic Plan, IT project portfolio aligned with the Bank's strategy, technology standards as a development reference, and others.
- IT Development, including the Software Development Lifecycle process using waterfall, agile, and DevSecOps methodologies for intensive collaboration.
- IT Operations, covering all activities to ensure IT systems perform efficiently, including the management of data centers (DC) and disaster recovery centers (DRC), systems, backup and restore processes, networks, and IT system monitoring.
- IT Security, encompassing security mechanisms within the cybersecurity framework, which includes aspects of governance, protection, and operations.

INFORMATION TECHNOLOGY GOVERNANCE

Bank Mandiri IT also maintains the quality of IT services by adhering to best practice standards in quality management, such as:

- ISO 9001:2015 for the operation and development of data centers, disaster recovery centers (DRC), and IT infrastructure.
- ISO 20000-1:2018 for IT service management.
- ISO/IEC 27001:2022 for the provision and development of infrastructure and operational data centers (DC) and disaster recovery centers (DRC).

a. ISO 9001:2015 for the operation and development of data centers, disaster recovery centers (DRC), and IT infrastructure.

b. ISO 20000-1:2018 for IT service management.

c. ISO/IEC 27001:2022 for the provision and development of infrastructure and operational data centers (DC) and disaster recovery centers (DRC).

INFORMATION TECHNOLOGY SECURITY

Bank Mandiri navigates complex challenges in data security and cyber threats, given the complexity of technology integration and stringent regulatory requirements. To mitigate these risks, the Bank implements proactive measures such as process automation and stringent cybersecurity policies, supported by regular software updates and employee training. Moreover, a dedicated team is in place to monitor regulatory changes and ensure timely compliance. In addressing resource constraints, Bank Mandiri optimizes resource allocation, fosters strategic partnerships, and invests in IT talent development. These initiatives ensure the Bank remains resilient, innovative, and competitive in an ever-evolving industry.

It has also established a dedicated team to monitor regulatory changes and ensure timely compliance. Addressing resource constraints, Bank Mandiri optimizes resource allocation, fosters strategic partnerships, and invests in IT talent development. These measures ensure the Bank remains resilient, innovative, and competitive in a rapidly evolving industry.

Bank Mandiri has designated a dedicated risk management

unit to identify cybersecurity risks, determine mitigation strategies, and monitor their implementation, including ensuring compliance with regulations and best practices in data security management. To raise awareness of the importance of data security and the potential risks of data protection failures, the risk management unit also conducts awareness programs for employees through facilities such as podcasts, posters, and other materials.

To ensure service availability and minimize downtime, Bank Mandiri conducts capacity planning as part of its proactive measures. In terms of cyber incident handling, the Bank has established comprehensive cyber incident response procedures and regularly tests its readiness through activities such as tabletop exercises, switchover simulations, and Adversarial Attack Simulation Exercises (AASE).

INFORMATION TECHNOLOGY SECURITY

As part of its commitment to improving information security quality, Bank Mandiri has developed and implemented a layered IT security strategy. This approach adheres to regulatory requirements (Bank Indonesia and OJK regulations, including POJK No. 11/POJK.03/2022 on IT Implementation by Commercial Banks), aligns with international standards (ISO 27001), and incorporates best practices such as the NIST Cybersecurity Framework, COBIT Framework, and PCI Security Standards. The Bank has also established a 24/7 operational capability to detect and respond to cyberattacks and conducts periodic cybersecurity resilience and security testing.

The implementation of this layered IT security strategy and the development of an information security management system are categorized into three main areas: People, Process, and Technology. A detailed concise explanation of these areas is as follows:

1. People

a. Security Awareness

The Security Awareness Program is carried out to foster awareness on information security in daily behavior which ultimately

becomes the Bank's culture. Bank Mandiri conducts security awareness certification every year to all levels of employees in domestic and overseas offices. Routine security awareness campaign programs are also carried out in various media, namely newsletters (monthly), posters (quarterly), podcasts (quarterly), and phishing drills (quarterly). Security awareness campaign program delivered in the form of newsletters has been provided to Mandiri Group entities as a reference for implementing security awareness campaign. Some of the topics of security awareness campaigns include data security protection, maintaining data confidentiality, the latest cyber-attack trends, how to identify and avoid phishing, and online transaction security.

Bank Mandiri also continues to increase customer security awareness with educational programs through various official Bank channels such as websites, social media (Instagram, Facebook, Twitter), and other specific channels.

b. Human Resource Development (HR)

Strengthening the people aspect is carried out by continuous skills development (capacity and capability) on human resources. Bank Mandiri provides training & certification to regularly develop soft skills and hard skills to all employees, and vendors/ contractors.

1. Training & certification for employees: CISM (Certified Information Security Manager), CISSP (Certified Information Systems Security Professional), CRISC (Certified in Risk and Information Systems Control), ISO 27001 Lead Implementer, ISO 27001 Lead Auditor, CISA (Certified Information Systems Auditor), CEH (Certified Ethical Hacker), CHFI (Computer Hacking Forensic Investigator), and product-based knowledge training to deepening and expertise on the Bank security system.
2. Training for vendors/contractors: Internal training for vendor employees who work for operational support.

of development, implementation to system/application operations.

- Services, developing, reviewing and disseminating standard procedures, awareness programs and risk management. IT also implements security controls in the IT planning and development process.
- Operations, conducting 24/7 monitoring, detecting attack threat anomalies and handling information security incidents which include identification, protection, detection, response and recovery of cyber security incidents.
- 2nd line of defense - Operational Risk Group, responsible for developing the bank-wide operational risk management framework.
- 3rd line of defense – Internal Audit, responsible for carrying out assurance functions on operational activities in accordance with internal and regulatory regulations.

Soft skill development is provided through training such as leadership mindset, strategic thinking, creative thinking, design thinking, problem solving, presentation skill, and negotiation skill.

Training & certification is provided through various methods, both onsite and online (virtual) training through public platforms.

2. Process

a. Three Lines of Defense (3LoD)

Bank Mandiri has implemented a risk management mechanism consisting of three levels of defense:

- 1st line of defense - CISO Office Group, responsible for bank information security through three main functions, namely:
 - Design, designing security architecture and security requirements that are embedded from the beginning

b. Security Policy & Procedure

To continuously strengthen cybersecurity processes and infrastructure, Bank Mandiri has designed, implemented, and regularly reviewed its information security strategy through policies and regulations that not only comply with national regulations-such as those set by Bank Indonesia and the Financial Services Authority (OJK)-but also align with international standards and industry best practices, including ISO 27001, the NIST Cybersecurity Framework, CIS Benchmark, and PCI Security Standards.

These information security policies and procedures have also been disseminated to Mandiri Group entities as a reference to strengthen information security governance by tailoring the complexity of each entity's systems.

Campaign Security Awareness

INFORMATION TECHNOLOGY SECURITY

c. Security Operation Center (SOC)

As part of its preparedness in facing cyber threats, Bank Mandiri has developed the capability to detect and respond to cyber attacks through its Security Operation Center (SOC), which operates 24/7. The Bank proactively monitors and mitigates risks related to cyber attack trends using reputable Threat Intelligence Services and conducts threat hunting on its brand and website to provide online protection against phishing, malware, ransomware, online scams, unauthorized access, and counterfeit threats. Bank Mandiri has also established a Computer Security Incident Response Team (CSIRT), registered with the National Cyber and Crypto Agency (BSSN), to ensure a swift and effective response to cyber incidents. The bank's cyber incident response mechanism is governed by internal policies in accordance with SEOJK No. 29/SEOJK.03/2022 on Cyber Resilience and Security for Commercial Banks, which includes the following stages:

- i. Identification and analysis of the incident scope to determine appropriate countermeasures.
- ii. Containment through mitigation measures to prevent further damage.
- iii. Eradication and recovery, including actions to stop the incident and restore affected systems.

To mitigate the impact of incidents and restore system security, Bank Mandiri has developed a recovery strategy and business continuity management framework, which is governed by the bank's internal policies.

SOC proactively follows up on updates regarding cyberattack trends from reputable Threat Intelligence Services. Following our commitment to monitoring and mitigating cyber risks within Mandiri Group, we regularly share insights from reputable Threat Intelligence Services to all entities. Each entity is responsible for taking appropriate actions based on its specific operational needs and

authorities. Furthermore, Bank Mandiri has built internal capabilities to conduct threat hunting, providing online protection for its brand and website against threats such as phishing, online scams, unauthorized access, and counterfeits.

d. Cyber Security Forum

Bank Mandiri's seriousness in monitoring information security is expressed by the direct involvement of the Board of Commissioners and Directors in this topic through the Risk Oversight Committee, Audit Committee and Integrated Governance Committee which are carried out regularly. The agenda of discussion at the committee meeting included reporting on ESG initiatives in the quarterly Privacy & Data Security aspect, multi-layer defense mechanism, and updates related to the cyber security posture fulfillment across Mandiri Group including the implementation of non-negotiable controls to prevent cyberattacks.

e. Cybersecurity Testing

To maintain and evaluate cyber resilience and security while enhancing incident response readiness, Bank Mandiri regularly conducts cybersecurity resilience testing in compliance with applicable regulations (SEOJK No. 29/SEOJK.03/2022 on Cyber Resilience and Security for Commercial Banks), covering:

1. Penetration Testing: Assessment based on vulnerability analysis of operational and business-supporting devices and applications.
2. Phishing Drill: A social engineering attack simulation targeting employees through phishing emails to evaluate their readiness in responding to phishing attempts securely.
3. Adversarial Attack Simulation Exercise (AASE): A real-life hacker attack simulation conducted by an independent consultant to identify potential security gaps in Bank Mandiri's IT operations.

f. Third Party Security Review

To anticipate information security risks from third parties (supply chain) collaborating with the Bank, Bank Mandiri routinely conducts reviews of the information security measures implemented by these third-party organizations (people, processes, and technology) according to the scope of their involvement with Bank Mandiri. These reviews are carried out through various methods, including questionnaires, interviews, and/or site visits.

Furthermore, to measure and evaluate the optimization of the information security process, Bank Mandiri conducted a series of assessment activities by the dependent external assessor, namely the State Cyber and Encryption Agency (BSSN) related:

a. Cyber Security Maturity (CSM) assessment with maturity level 5 – "Optimal" (highest score).

CSM Assessment is an instrument from BSSN to assess the level of cybersecurity maturity of an organization, including the assessment of the maturity of management and protection of personal data confidentiality (data privacy).

b. Measurement of Incident Handling Maturity Level (TMPI) with the result of maturity level 5 – "Optimise" (highest value).

TMPI is a tool to map the level of organizational readiness in responding to and recovering cybersecurity incidents, including detecting and responding if there is an incident of personal data leakage due to system security gaps.

INFORMATION TECHNOLOGY SECURITY

3. Technology

Bank Mandiri maximizes the implementation of industry-leading security solutions to safeguard information and digital assets through a multi-layered architecture and best-in-class practices, including:

- a. Applications accessed by customers and employees: Implementation of Multi-Factor Authentication (MFA) and Web Application Firewall (WAF).
- b. Network security: Deployment of firewalls equipped with Intrusion Prevention System (IPS) and Network Access Control (NAC).
- c. Endpoint protection (personal computers/ laptops, servers): Use of Endpoint Detection & Response (EDR), antivirus and antimalware solutions, and regular security patches.
- d. Access management: Implementation of Identity Access Management (IAM) and Privileged Access Management (PAM) with Privileged Threat Analysis (PTA).
- e. Data protection: Adoption of encryption and Data Loss Prevention (DLP) solutions.

As part of its commitment to continuous improvement, Bank Mandiri consistently enhances its IT security capabilities through strategic investments across all security layers, further strengthened by the utilization of artificial intelligence (AI) and machine learning technologies.

INFORMATION SECURITY MANAGEMENT IMPLEMENTATION IN 2024

INFORMATION SECURITY MANAGEMENT IMPLEMENTATION IN 2024

With the enactment of Law No. 17 of 2022 on Personal Data Protection, Bank Mandiri has designed and implemented a program to strengthen information security as part of its efforts to protect personal data. The Bank applies Data Loss Prevention systems and data encryption technologies, following best practices, to enhance data security initiatives, particularly for personal data protection.

ADDRESSING AND ENHANCING DATA SECURITY AGAINST CYBER THREATS

1. Data Security and Cyber Threats: Cyber threats such as malware, ransomware, or data theft are major concerns.

Efforts to address these threats:

- a. Adopting strict security policies, regularly updating software, and conducting security training for employees to raise awareness about cyber risks.
- b. Implementing automation and integration in development and security processes to minimize security risks or errors in technology use.

2. Regulations and Compliance: The banking industry is constantly under pressure to comply with increasingly complex regulations. Changing rules and evolving compliance demands can hinder the implementation of new innovations.

Efforts to address these challenges:

- a. Establishing teams focused on monitoring regulatory changes and creating strategies to adapt quickly.
- b. Strengthening monitoring and reporting systems to ensure timely compliance with existing regulations.

3. Technology Complexity and System Integration: Developing new technologies often requires integration with complex legacy systems, which can be challenging and time-consuming.

Efforts to address these challenges:

- a. Carefully planning every process in system development, migration, or integration.
- b. Improving communication and coordination between IT teams and business units to ensure alignment with business expectations.

4. Resource Constraints: Challenges related to limited human, financial, or technological resources can restrict the ability to expand teams, adopt the latest technologies, or carry out necessary innovations.

Efforts to address these constraints:

- a. Reviewing budgets and allocating resources more efficiently.
- b. Seeking collaborative solutions or partnerships with technology providers or fintech companies to expand service coverage at lower costs.
- c. Enhancing recruitment and training of IT personnel to tackle new technological challenges.

Bank Mandiri recognizes the critical role of cybersecurity resilience and security in supporting reliable and trustworthy digital banking services for customers. As part of its continuous improvement efforts to enhance customer trust and protect its reputation, Bank Mandiri adopts information security management practices based on regulations, global standard operations aligned with International Standards and Best Practices, complete with certifications. These certifications demonstrate the Bank's consistency in exploring potential, developing transformative innovations in services, digitalization, and products such as Livin', Kopra, and Smart Branch, while prioritizing security and quality to meet customer needs.

Some of the certifications and accreditations obtained by Bank Mandiri include:

- a. ISO 27001:2013 Information security services provisioned by the Security Operation Center to manage cybersecurity threats in banking systems and cyber operations.
- b. ISO 27001:2013 Provision of application development and IT operations related to Livin' by Mandiri.
- c. ISO 27001:2022 Provision of application development and IT operations related to Kopra by Mandiri.
- d. ISO 27001 Provision of infrastructure and operational data center and disaster recovery center services.
- e. ISO/IEC 17025:2017 Digital Forensics Laboratory certification for the CISO Office Group.

IT HR DEVELOPMENT

Bank Mandiri remains committed to developing IT human resources competencies to support business strategies and address increasingly complex industry challenges. Through the Annual People Development Plan (APDP) 2024, IT human resources development programs are focused on five main areas:

A. Business Challenges/Targets

Enhancing in-house technical competencies to ensure readiness in supporting the development of the bank's digital solutions. The key focus areas include:

- Cyber Security: Training in cybersecurity such as Security Operation Center, Customer Identity and Access Management, and Penetration Test.
- Application Development: Enhancing skills in the development of applications and digital banking systems.
- UI/UX for the development of Digital Retail & Wholesale Banking applications.

B. IT Leaders Programs

A development program for all Department Heads and IT Team Leaders to serve as role models in implementing Mandirian DNA. This program aims to build strategic thinking, critical thinking, and effective communication skills in team management and technology implementation. It will be delivered through a Development Bootcamp, talent exchange, and mentoring sessions.

C. Regulatory Training

Enhancing employees' understanding of the latest regulations in IT and banking, including:

- Personal Data Protection Law (UU PDP) and its implementation at Bank Mandiri.

- Digital Regulatory Training to understand compliance aspects of the latest digital regulations.
- Cybersecurity training focused on meeting POJK standards related to digital banking services.

D. Leadership and Managerial

A skills enhancement program for leadership and effective communication, specifically for employees with strategic roles in team management and technology implementation. The key focus areas include:

- Critical & Strategic Thinking for data-driven decision-making.
- Business Presentation & Storytelling to improve the ability to convey ideas and strategies effectively.

Through this program, Bank Mandiri aims to develop outstanding, innovative IT talent ready to tackle future industry challenges.

E. Signature Program

Enhancing employee competencies in application development through the following training programs:

- Wealth Management Core System
To enhance technical capabilities in developing features for the Wealth Management application.
- Power Platform Developer
To improve skills in building application features according to business needs using the Power Apps and Power Automate programming languages.

MANDIRI DIGITAL TOWER AS BANK MANDIRI'S INTEGRATED INFORMATION TECHNOLOGY INNOVATION CENTER

Mandiri Digital Tower stands as a manifestation of Bank Mandiri's commitment to leading digital innovation in the banking sector. This building serves not only as a collaboration hub for Bank Mandiri's digital talent but also as a catalyst for the creation of innovative solutions that enhance efficiency, productivity, and contribute to the development of an inclusive and competitive digital ecosystem.

Mandiri Digital Tower is also designed as a new icon of sustainable green buildings. This recognition is affirmed by a platinum certification from the Green Building Council Indonesia, positioning Mandiri Digital Tower among the leading environmentally friendly buildings in Indonesia. This certification is proof that the construction and operation of the building meet high standards in energy efficiency, responsible resource utilization, and environmental impact reduction.

Several energy efficiency initiatives at Mandiri Digital Tower are implemented through various eco-friendly features and technologies, such as:

- Installation of solar panels with a capacity of 81 kWp as a renewable energy source.

The inauguration of the Mandiri Digital Tower by the Minister of SOEs, Erick Thohir, on 18 September 2024.

- Use of Low-E glass on the building façade to minimize heat transfer from outside, thereby reducing cooling requirements.
- Implementation of an automatic sensor-based lighting system to ensure efficient energy usage.

The combination of these features and technologies makes Mandiri Digital Tower not only a modern and innovative building but also an environmentally friendly and sustainable one.

INFORMATION TECHNOLOGY PLAN 2025

INFORMATION TECHNOLOGY PLAN 2025

The development of Information Technology in 2025 will be executed in alignment with the IT Strategic Plan outlined in the IT Strategy & Execution Plan (ISP) for the 2025-2029 period. The ISP 2025-2029 has been formulated based on a comprehensive analysis of internal and external factors, including alignment with the Corporate Plan 2025-2029, evolving technology trends, and prevailing regulatory dynamics. The ISP 2025-2029 encompasses the IT Vision as follows:

STRENGTHENED IT CAPABILITIES IN ALL DISCIPLINES THROUGH CENTER OF EXCELLENCE TO ACCELERATE SUSTAINABLE BUSINESS GROWTH BY LEVERAGING WHOLESALE ECOSYSTEM AND ITS VALUE CHAIN.

To achieve this vision, the main IT focus areas that will be continuously implemented include:

1. **Business Focus**, through key digital initiatives such as:
 - Development of Kopra to connect customers with their business ecosystems through Bank Mandiri's digital channels.
 - Development of Livin' by Mandiri to enhance customer engagement and expand customer acquisition segments, supporting Livin' as the primary transaction channel for the retail segment.
 - Development of Livin' Merchant to expand service reach by leveraging Bank Mandiri's merchant network.
2. **Enablers**, to ensure IT system availability and security, supported by efficient IT operations, and to drive innovation through AI implementation to create a seamless customer experience, improve operational process efficiency, and apply better risk management.
3. **People Aspect**, through comprehensive internal capability development to support the execution of all initiatives under Business Focus and Enablers.

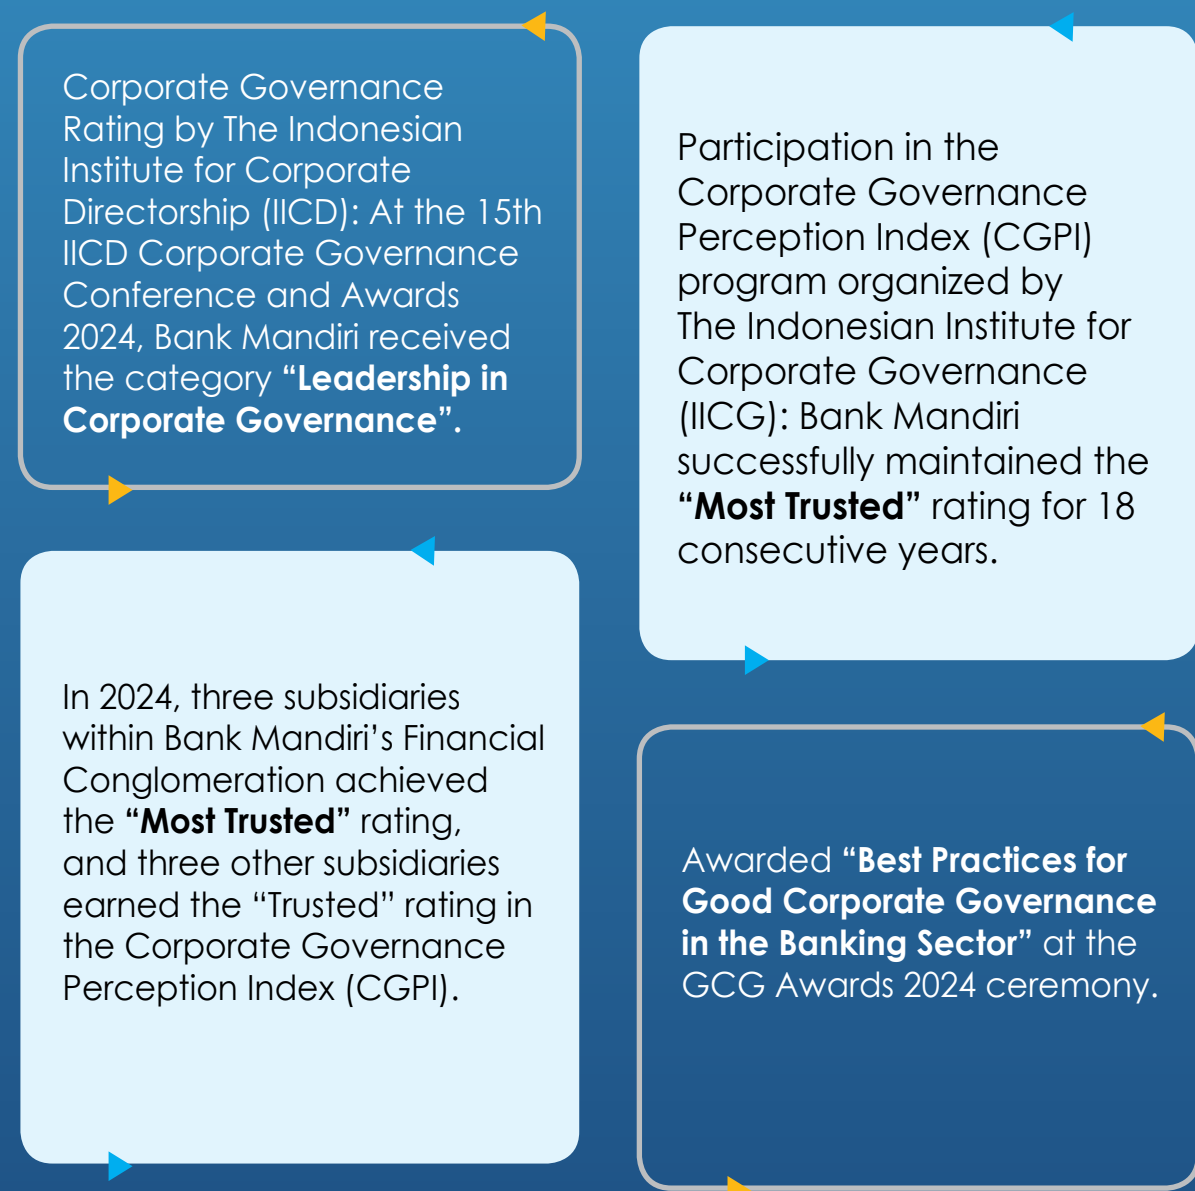

A critical component of our corporate governance commitment is the integration of ESG factors into our strategic planning and operations. We are embedding sustainability at the core of our business, ensuring that our actions contribute positively to Indonesia's economic, social, and environmental landscape. This includes rigorous climate risk assessments, sustainable finance initiatives, and a focus on long-term value creation for all our stakeholders.

IMPLEMENTATION OF CORPORATE GOVERNANCE

In 2024, Bank Mandiri is proactively advancing its corporate governance framework to align with emerging trends and regulatory expectations in Indonesia's banking sector. Recognizing the increasing importance of robust governance practices, Bank Mandiri is strengthening its regulatory compliance by adopting more stringent internal controls and enhancing transparency in its operations. This commitment reflects the Bank's dedication to meeting the growing demands of financial regulators who are placing greater emphasis on financial stability and risk management.

IMPLEMENTATION OF CORPORATE GOVERNANCE

Central to Bank Mandiri's governance evolution is the integration of Environmental, Social, and Governance (ESG) principles into its strategic decision-making. As part of its broader sustainability initiatives, the Bank is embedding ESG considerations into every level of its operations. This includes aligning its corporate strategies with Indonesia's national goals for a net-zero future, prioritizing sustainable finance, and conducting thorough climate risk assessments. By doing so, Bank Mandiri not only aims to contribute to environmental sustainability but also to enhance its long-term resilience and stakeholder trust.

The digital transformation journey at Bank Mandiri is also influencing its corporate governance practices. With the rapid adoption of digital banking services, the Bank is placing a strong focus on digital governance, particularly in the areas of cybersecurity and data privacy. Bank Mandiri is investing in cutting-edge technology and enhancing its digital infrastructure to ensure that customer data is protected and that its digital platforms remain secure and resilient. The Bank's Board of Directors is increasingly prioritizing digital governance as a critical area, reflecting the importance of safeguarding against emerging cyber threats.

In addition to these advancements, the Bank is actively working to enhance board diversity, bringing in members with a wide range of expertise, experiences, and perspectives. This approach not only strengthens the Bank's governance structure but also ensures that its decision-making processes are well-informed and free from conflicts of interest. By prioritizing this independence, Bank Mandiri is reinforcing its commitment to good governance and accountability.

Bank Mandiri is also embracing a stakeholder-centric approach to governance, recognizing the importance of addressing the needs and concerns of a broad range of stakeholders. This includes customers, employees, and the communities in which the Bank operates. By adopting more transparent and ethical business practices, Bank Mandiri aims to build stronger relationships with its stakeholders and enhance its social license to operate. This shift towards stakeholder capitalism reflects the Bank's dedication to contributing positively to society while delivering value to its shareholders.

Through these initiatives, Bank Mandiri is positioning itself as a leader in corporate governance within Indonesia's banking sector, ready to navigate the challenges and seize the opportunities that lie ahead in 2024.

COMMITMENT TO CORPORATE GOVERNANCE

At Bank Mandiri, we are deeply committed to upholding the highest standards of corporate governance as a cornerstone of our operations. Our commitment is driven by a steadfast belief that strong governance practices are essential to maintaining the trust of our stakeholders, ensuring long-term sustainability, and fostering a culture of transparency and accountability throughout our organization.

In 2024 and beyond, Bank Mandiri is dedicated to continuously enhancing our governance framework in alignment with global best practices and regulatory requirements. We are focused on strengthening our internal controls, improving risk management processes, and ensuring that our decision-making is guided by ethical principles and the highest levels of integrity. By doing so, we aim to protect the interests of our shareholders, customers, employees, and the communities in which we operate.

A critical component of our corporate governance commitment is the integration of ESG factors into our strategic planning and operations. We are embedding sustainability at the core of our business, ensuring that our actions contribute positively to Indonesia's economic, social, and environmental landscape. This includes rigorous climate risk assessments, sustainable finance initiatives, and a focus on long-term value creation for all our stakeholders.

Furthermore, as we navigate the rapidly changing digital landscape, Bank Mandiri is prioritizing digital governance, with a particular emphasis on cybersecurity and data privacy. We recognize the importance of safeguarding our customers' data and maintaining the integrity of our digital platforms, and we are committed to investing in the necessary technologies and expertise to protect against emerging threats.

In all our efforts, Bank Mandiri remains focused on serving the broader interests of our stakeholders. We are committed to transparency, ethical business practices, and the responsible stewardship of our resources. As we continue to evolve and adapt to the challenges and opportunities of the future, our commitment to strong corporate governance will remain unwavering, guiding us as we build a sustainable and resilient organization that delivers lasting value for all.

The Company holds periodic meetings specifically to discuss the progress of sustainability programs.

CORPORATE GOVERNANCE ROADMAP

The development of corporate governance implementation has been carried out systematically with the following roadmap:

1998 Beginning of Merger

The Corporate Governance implementation awareness was driven by the banking crisis due to bad governance practices throughout the banking industry, this led to many banks needing to be bailed out and then the Board of Directors and the Board of Commissioners of the Bank had to sign a Management Contract with the World Bank which included the obligations to implement Corporate Governance.

2000 – 2001 Establishing Governance Commitment, Structure, and Mechanisms Fundamentals

Bank Mandiri responded to the Management Contract with the World Bank by issuing the following:

1. Board of Directors and the Board of Commissioners Joint Decree on Corporate Governance Principles.
2. Board of Directors and the Board of Commissioners Joint Decree regarding the Code of Conduct in interacting with customers, partners and fellow employees.
3. Board of Directors Decree on the Compliance Policy which requires all Bank Mandiri employees to take full individual responsibility in carrying out the Bank's activities in their respective fields.
4. The Bank appointed an independent consultant to conduct a diagnostic review on Corporate Governance implementation. The Independent Rating Agency has given a 6,2 Corporate Governance assessment score for 2003, an increase from the previous year score of 5,4.

2003 Bank Mandiri's Initial Public Offering (IPO)

IPO Preparation, Bank Mandiri has improved the Corporate Governance implementation with the following steps:

1. Establishing Committees at the Board of Commissioners Level:
 - a. Audit Committee
 - b. Risk Oversight Committee
 - c. Remuneration and Nomination Committee
 - d. Corporate Governance Committee
2. Establishment of the Corporate Secretary.
3. Holding The General Meeting of Shareholders in accordance with the prevailing laws and regulations for public companies.
4. Implementing timely disclosure of information, including in the publication of Financial Statements, material information or events or facts.
5. Preparing an Annual Report that is timely, adequate, clear and accurate.
6. With due observance to the interests of minority shareholders.
7. Participated in the assessment of Corporate Governance implementation by an independent institution, namely The Indonesian Institute for Corporate Governance.

2005 Cultural Transformation

1. The Bank's transformation was started through the establishment of shared values and formulation of Bank Mandiri's primary behavior (TIPCE) reflecting the company's work culture.
2. Development of Corporate Governance Charter as outlined in a Board of Commissioners Decree, which regulates the Bank's Corporate Governance principles.
3. The Corporate Governance rating in the Corporate Governance Perception Index (CGPI) received the "Very Trustworthy" predicate for the first time.

CORPORATE GOVERNANCE IMPLEMENTATION IN 2024 & PLANS FOR 2025

2024

1. Corporate Governance Rating by The Indonesian Institute for Corporate Directorship (IICD): At the 15th IICD Corporate Governance Conference and Awards 2024, Bank Mandiri achieved the category of "Leadership in Corporate Governance."
2. Corporate Governance Perception Index (CGPI) organized by The Institute Indonesian for Corporate Governance (IICG): Bank Mandiri successfully maintained the "Most Trusted" rating for 18 (eighteen) consecutive times.
3. In 2024, three (3) Bank Mandiri subsidiaries received the "Most Trusted" rating, and three (3) subsidiaries received the "Trusted" rating in the 2023 Corporate Governance Perception Index (CGPI) ranking held in 2024.
4. Bank Mandiri completed the refinement of the Integrated Governance Guidelines on March 25, 2024, and distributed them to all Financial Service Institutions within the Mandiri Group Financial Conglomeration on April 23, 2024.
5. Bank Mandiri adjusted the Membership of the Integrated Governance Committee through Board of Directors Decree No. KEP.DIR/040/2024 dated 22 May 2024.
6. Bank Mandiri refined the Integrated Governance Committee Charter through the Board of Commissioners Decree No. KEP. KOM/009/2024 dated 31 May 2024.

In line with our commitment and understanding of the crucial role that Corporate Governance plays in business continuity, Bank Mandiri is continuously enhancing its governance practices throughout 2024. This has been implemented through the followings:

1. Governance Self-Assessment – Bank Only

To enhance the sustainable implementation of Governance, Bank Mandiri continuously conducts self-assessments of its Individual Governance implementation based on OJK Regulation (POJK) No. 17 of 2023 and OJK Circular Letter (SEOJK) No. 13/SEOJK.03/2017 on Governance Implementation for Commercial Banks. These self-assessments are conducted twice a year (in June and December).

The results of the self-assessment for Individual Governance implementation for the first half of 2024 received a score of 1 (one). However, OJK provided feedback on 5 November 2024, assigning a score of 2 (two), reflecting that Bank Mandiri's management has generally implemented good Governance. This is evident from adequate compliance with Governance principles. In cases where weaknesses in Governance principles were identified, these weaknesses were generally not significant and could be addressed with normal actions by Bank Mandiri's management.

The self-assessment results for Individual Governance implementation for the second half of 2024 received a score of 1 (one), reflecting that Bank Mandiri's management has generally implemented very good Governance. This is evident from highly adequate compliance with Governance principles. In cases where weaknesses in Governance principles were identified, these weaknesses were generally insignificant and could be promptly resolved by Bank Mandiri's management.

2. Integrated Governance Self-Assessment

In addition to conducting self-assessments of Individual Governance Implementation, Bank Mandiri also performs self-assessments of Integrated Governance Implementation based on POJK No. 18/POJK.03/2014 and SEOJK No. 15/SEOJK.03/2015 on Integrated Governance. These self-assessments are conducted twice a year (in June and December) and involve all Financial Service Institutions (LJK) within the Bank Mandiri Financial Conglomerate.

For the self-assessment of Integrated Governance Implementation for the first half of 2024, a score of 1 (one) was achieved, reflecting that the Financial Conglomerate is deemed to have implemented Integrated Governance generally very well. This is evident from highly adequate compliance with Integrated Governance principles. In cases where weaknesses in Integrated Governance were identified, these weaknesses were generally insignificant and could be promptly addressed by the Main Entity and/or Financial Service Institutions within the Financial Conglomerate.

The self-assessment results for Integrated Governance Implementation for the second half of 2024 also received a score of 1 (one), reflecting that the Financial Conglomerate is deemed to have implemented Integrated Governance generally very well. This is evident from highly adequate compliance with Integrated Governance principles. In cases where weaknesses in Integrated Governance principles were identified, these weaknesses were generally insignificant and could be promptly addressed by the Main Entity and/or Financial Service Institutions within the Financial Conglomerate.

3. ASEAN Corporate Governance Scorecard

To continue improving the implementation of Governance, Bank Mandiri has adopted governance assessment practices based on the principles developed by the Organization for Economic Cooperation and Development (OECD) and endorsed by the ASEAN Capital Market Forum (ACMF), known as the ASEAN Corporate Governance Scorecard (ACGS).

ACGS is used to evaluate corporate governance practices of publicly listed companies in ASEAN countries. The assessment is based on publicly available information, including Annual Reports, Audited Financial Statements, Sustainability Reports, Announcements and Notices for General Meetings of Shareholders, Corporate Websites, and other public information. The assessment components of the ASEAN Corporate Governance Scorecard include:

- Rights and Equitable Treatment of Shareholders
- Sustainability and Resilience
- Disclosure and Transparency
- Responsibilities of the Board of Directors and Board of Commissioners

4. Corporate Governance Perception Index

To assess the quality of Governance implementation, Bank Mandiri participated in the Corporate Governance Perception Index (CGPI) 2023 research and rating program conducted in 2024. The theme of CGPI was "Building Corporate Maturity within the GCG Framework." The CGPI assessment stages include self-assessment, evaluation of document completeness, and observation. The assessment aspects cover Governance Structure, Governance Process, and Governance Outcome.

This marks Bank Mandiri's 21st participation in the program as of 2024. The Bank successfully maintained its designation as a "Most Trusted" company for the 18th consecutive year, achieving a score of 95.30.

Plans for 2025

Bank Mandiri consistently strives to enhance the quality of corporate governance implementation and has developed a work plan for 2025, which includes:

- Continuously improving the implementation of Good Corporate Governance (GCG).
- Ensuring compliance with the ASEAN Corporate Governance Scorecard (ACGS).
- Conducting self-assessments of Individual Governance implementation and self-assessments of Integrated Governance implementation.

CORPORATE GOVERNANCE ASSESSMENTS

To enhance the sustainable implementation of Corporate Governance, Bank Mandiri conducts periodic Self-Assessments of Governance Implementation every semester. In addition, Bank Mandiri undergoes external independent assessments of Corporate Governance implementation by participating in the Corporate Governance Perception Index (CGPI) rating program and ensuring compliance with the ASEAN Corporate Governance Scorecard (ACGS) standards.

SELF-ASSESSMENT

Bank Mandiri conducts self-assessments of its Individual good governance implementation based on POJK No. 17 of 2023 and SEOJK No. 13/SEOJK.03/2017 on Governance Implementation for Commercial Banks.

Applied Criteria

The criteria used in conducting Individual Self-Assessments are based on OJK Circular Letter No. 13/SEOJK.03/2017 on Governance Implementation for Commercial Banks. This self-assessment aims to map the strengths and weaknesses of Governance implementation, evaluated from three aspects:

1. Governance Structure

The assessment of governance structure aims to evaluate the adequacy of the Bank's governance structure and infrastructure to ensure that the implementation of good governance principles results in outcomes that meet the expectations of the Company's stakeholders. The governance structure includes the Board of Commissioners, the Board of Directors, Committees, and work units within the Company. Meanwhile, governance infrastructure encompasses policies and procedures, management information systems, and the main duties and functions of each organizational structure.

2. Governance Process

The governance process assessment aims to evaluate the effectiveness of the implementation of governance principles, supported by the adequacy of the Bank's governance structure and infrastructure, to achieve outcomes that align with stakeholder expectations.

3. Governance Outcome

The assessment of governance outcome aims to evaluate the quality of outcomes that meet stakeholder expectations. These outcomes result from the effective implementation of good governance principles, supported by the adequacy of the Bank's governance structure and infrastructure. Governance outcomes include both qualitative and quantitative aspects, such as:

- Adequacy of transparency in reporting.
- Compliance with laws and regulations.
- Consumer protection.
- Objectivity in assessments/audits.
- Bank performance, including profitability, efficiency, and capitalization.
- Improvements or declines in compliance with applicable regulations and the resolution of issues faced by the Bank, such as fraud, violations of the Legal Lending Limit (LLL), and breaches related to regulatory reporting requirements.

CORPORATE GOVERNANCE IMPLEMENTATION IN 2024 & PLANS FOR 2025

CORPORATE GOVERNANCE IMPLEMENTATION IN 2024 & PLANS FOR 2025

The Self-Assessment of Individual Good Governance Implementation covers 11 (eleven) governance implementation assessment factors, which include:

1. Execution of duties and responsibilities of the Board of Commissioners.
2. Execution of duties and responsibilities of the Board of Directors.
3. Completeness and execution of Committee duties.
4. Management of conflicts of interest.
5. Implementation of the compliance function.
6. Implementation of the internal audit function.
7. Implementation of the external audit function.
8. Implementation of risk management, including the internal control system.
9. Provision of funds to related parties (related party transactions) and large exposures.
10. Transparency of the Bank's financial and non-financial conditions, governance implementation reports, and internal reporting.
11. Bank's Strategic Plan.

Assessors

The self-assessment process for Individual Good Governance Implementation at Bank Mandiri involves the participation of the entire Board of Commissioners, Board of Directors, and work units related to the governance assessment factors.

Assessment Scores

In the first semester of 2024, Bank Mandiri conducted a self-assessment of Individual Good Governance Implementation, achieving a score of 1. However, OJK provided the following feedback on the assessment:

Score	Definition of Composite
2	Reflecting that in general the Company's management had implemented a good Governance. This was reflected in the adequate fulfilment of the principles of Governance. Where there were weaknesses in the application of Governance principles, in general these weaknesses were insignificant and could be resolved by regular actions by the Bank's management.

In the second semester of 2024, Bank Mandiri conducted a self-assessment of Individual Good Corporate Governance Implementation, achieving a score of 1. However, OJK has not yet provided feedback on the self-assessment results for the second semester of 2024. The assessment details are as follows:

Score	Definition of Composite
1	Reflecting that in general the Company's management had implemented a very good Governance. This was reflected in the adequate fulfilment of the principles of Governance. In the event that there were weaknesses in the application of GCG principles, in general these weaknesses were insignificant and could be immediately improved by the Bank's management.

Based on the results of both assessments, the implementation of Bank Mandiri's governance in 2024 can be summarized as follows:

STRENGTH	WEAKNESS
STRUCTURE	
<ol style="list-style-type: none"> 1. Bank Mandiri organizes the Annual GMS to make changes to the Board of Directors and Board of Commissioners. 2. SAll members of the Board of Directors and Board of Commissioners have passed the OJK fit and proper test. 3. The composition of the committee membership structure complies with requirements, and adjustments to the Committee Membership Charter under the Board of Commissioners have been made as follows: <ol style="list-style-type: none"> a. Risk Oversight Committee through Decree of the Board of Directors No. . KEP.DIR/039/2024 dated May 22, 2024. b. Remuneration and Nomination Committee through Decree of the Board of Directors No. KEP.DIR/019/2024 dated April 5, 2024. c. Integrated Governance Committee through Board of Directors Decree No. KEP.DIR/040/2024 dated May 22, 2024. d. Audit Committee through Board of Directors Decree No. KEP.DIR/016/2024 dated April 5, 2024. 	None
PROCESS	
<ol style="list-style-type: none"> 1. To carry out the duties and responsibilities of the Board of Commissioners and the Board of Directors, 28 (twenty eight) Board of Commissioners Meetings and 45 (forty five) Board of Directors Meetings were held during 2024. 2. Bank Mandiri's 2023-2025 Bank Business Plan (RBB) was discussed at the Board of Directors and Commissioners Meetings and submitted to OJK in accordance with applicable regulations. 3. Committee meetings have been held in accordance with the needs of the Bank. In 2024, the Committees under the Board of Commissioners have conducted meetings with the following details <ol style="list-style-type: none"> a. Audit Committee: 24 (twenty four) times b. Risk Oversight Committee: 28 (twenty eight) times c. Remuneration and Nomination Committee: 15 (fifteen) times d. Integrated Governance Committee: 5 (five) times 	None
RESULTS	
<ol style="list-style-type: none"> 1. The Board of Directors has fully implemented the principles of Good Corporate Governance in carrying out the Bank's business activities at all levels of the organization, which is reflected in Bank Mandiri's success in maintaining the title of "The Most Trusted Companies" by The Indonesian Institute for Corporate Governance (IICG) for 18 (eighteen) consecutive times and receiving a score of 95.30. 2. Annual Audit Plan 2024 Internal Audit has been approved by the President Director and the Board of Commissioners by considering the recommendations of the Audit Committee, 3. The Compliance Director's report for the first semester of 2024 has been submitted to OJK on July 31, 2024. 	Violations of applicable regulations were still found.

EXTERNAL PARTY ASSESSMENT

Bank Mandiri continues to actively conduct governance assessments by external parties to gather feedback and enhance the implementation of the bank's governance practices.

CORPORATE GOVERNANCE PERCEPTION INDEX (CGPI)

In assessing the quality of Governance implementation, Bank Mandiri participates in the CGPI research and rating program organized by The Indonesian Institute of Corporate Governance (IICG). CGPI is participated in by public companies (issuers), SOEs, banks, and other private companies, with Bank Mandiri having participated in the CGPI assessment for 21 (twenty-one) consecutive times since 2003.

Applied Criteria

The CGPI assessment aspects for 2023/2024 include:

1. Governance Structure

This aspect evaluates the completeness of organs, structure, and optimal infrastructure within the company in accordance with principles, values, and compliance to create value and ensure sustainable growth ethically and with dignity. The assessment indicators for the governance structure aspect include:

- a. Indicators for Shareholders and GMS
- b. Indicators for the Board of Commissioners
- c. Indicators for the Board of Directors
- d. Indicators for Supporting Organs of the Board of Commissioners
- e. Indicators for Supporting Organs of the Board of Directors
- f. Indicators for Functional Management

2. Governance Process

This aspect evaluates the management system's ability to optimize all management functions in line with changes in the company's contextual environment, as well as principles, values, and compliance, to create value and ensure sustainable growth ethically and with dignity. The assessment indicators for the governance process aspect include:

- a. Indicators for Governance Systems and Mechanisms for Shareholders and the implementation of GMS.
- b. Indicators for Governance Systems and Mechanisms for the Board of Commissioners and the Board of Directors.
- c. Indicators for Governance Systems and Mechanisms for Organizational Behavior.
- d. Indicators for Governance Systems and Mechanisms for Disclosure and Information Transparency.
- e. Indicators for Governance Systems and Mechanisms for Risk Management.
- f. Indicators for Governance Systems and Mechanisms for Compliance.
- g. Indicators for Governance Systems and Mechanisms for Control and Supervision.
- h. Indicators for Governance Systems and Mechanisms for Strategic Planning.
- i. Indicators for Governance Systems and Mechanisms for Organizational Infrastructure.
- j. Indicators for Governance Systems and Mechanisms for Information Technology.
- k. Indicators for Governance Systems and Mechanisms for Sustainable Development Goals (SDGs).
- l. Indicators for Governance Systems and Mechanisms for Creativity and Innovation.
- m. Indicators for Governance Systems and Mechanisms for Building Corporate Maturity.

3. Governance Outcome

This aspect evaluates the company's optimal performance achievements, effectiveness, and efficiency in utilizing resources to create value and ensure sustainable growth ethically and with dignity. The assessment indicators for governance outcomes include:

- a. Indicators for Outcomes of Corporate Governance Organs.
- b. Indicators for Conformity of Organizational Behavior.

- c. Indicators for Outcomes of Risk Management, Compliance, and Control and Supervision.
- d. Indicators for Outcomes of Governance in Achieving Sustainable Development Goals (SDGs).
- e. Indicators for Outcomes of Building Corporate Maturity.

Assessor

The assessment for CGPI is conducted by The Indonesian Institute for Corporate Governance (IICG).

Assessment Score

The results of the CGPI assessment are utilized by Bank Mandiri to evaluate and improve the implementation of GCG. Bank Mandiri received the "Most Trusted" company designation in the 2023 CGPI assessment conducted in 2024, with a score of 95.30. This marks the 18th (eighteenth) consecutive award for Bank Mandiri. The composition of Bank Mandiri's scores over the last 5 (five) consecutive years is as follows:

Stages	2020 Scores	2021 Scores	2022 Scores	2023 Scores	2024 Scores
Governance Structure	25.70	33.76	26.65	31.53	31.85
Governance Process	34.50	34.26	36.24	31.24	31.61
Governance Outcome	34.74	26.99	32.22	32.45	31.84
Scores	94.94	95.01	95.11	95.22	95.30

CGPI assessment results in 18 (eighteen) consecutive years were as follows:

CORPORATE GOVERNANCE IMPLEMENTATION IN 2024 & PLANS FOR 2025

CORPORATE GOVERNANCE IMPLEMENTATION IN 2024 & PLANS FOR 2025

Recommendations and Follow Ups

From the results of the 2024 CGPI assessment, there were several recommendations from the IICG on the Bank's governance implementation. These recommendations will be used for improving governance implementation at Bank Mandiri.

RECOMMENDATION	FOLLOW-UP
GOVERNANCE STRUCTURE	
Bank Mandiri needs to periodically update its corporate policies and strategies through comprehensive risk-based analysis in response to the dynamics of the business and industry environment, ensuring the optimization of the company's potential.	<ul style="list-style-type: none"> The process of adjusting and refining Bank Mandiri's policies has consistently been carried out by taking into account applicable regulatory provisions, the Bank's strategies, and business needs. Bank Mandiri's strategies are formulated comprehensively, considering internal and external factors (macroeconomics and the banking industry outlook). Furthermore, the formulation of Bank Mandiri's strategies always adheres to applicable regulatory provisions, the principles of prudence, risk management, and sound banking practices.
Bank Mandiri needs to optimize its data governance policies in compliance with prevailing laws and regulations, while also referencing best practices and aligning them with the Company's strategic plans.	The implementation of Bank Mandiri's governance has been aligned with applicable laws and regulations as well as prevailing regulatory requirements. Moreover, to further optimize governance implementation, Bank Mandiri also adheres to the governance principles developed by the ASEAN Capital Market Forum (ACMF) and international best practices.
GOVERNANCE PROCESS	
Bank Mandiri needs to develop assessment and monitoring programs to ensure that all members of the Board of Directors, Board of Commissioners, and employees thoroughly understand the relevant code of conduct and apply it effectively. This is essential to prevent the corporation from being involved in inappropriate behavior (ethical measurement).	<p>Bank Mandiri has established a code of conduct outlining the fundamental principles of personal and professional conduct expected of all members of the organization, including the Board of Commissioners, Board of Directors, and all employees. The implementation of the code of conduct aims to foster professional, responsible, fair, proper, and trustworthy behavior in business interactions with colleagues and partners.</p> <p>The implementation and enforcement of the code of conduct are carried out continuously and conscientiously through Annual Disclosure, Integrity Pacts, and awareness programs.</p>
Bank Mandiri needs to optimize the strengthening of internal controls, including through the implementation of Internal Control Over Financial Reporting (ICOFR) to enhance reporting accountability in alignment with the Company's strategic plans.	The optimization of internal controls through the implementation of Internal Control Over Financial Reporting (ICOFR) has been carried out by Bank Mandiri, also referring to regulatory requirements and best practices. This ensures reasonable assurance for all stakeholders regarding the Bank's reports.

RECOMMENDATION	FOLLOW-UP
Bank Mandiri needs to optimize the implementation of a comprehensive risk culture, serving as a strong foundation to maximize potential, achieve excellent performance, and drive sustainable business growth.	<p>Bank Mandiri consistently applies a risk-aware culture across all operational and business activities to mitigate potential risks that could disrupt the Company's sustainability. This risk-aware culture is implemented at all levels, from the highest organizational layers to all employees.</p> <p>Efforts to enhance the risk-aware culture are also reflected in the development of products and technology by Bank Mandiri, which are always complemented by an adequate Risk Management System to maintain business sustainability. This includes conducting risk assessments and implementing risk mitigation measures prior to launching or executing any product or activity, ensuring sustainable performance achievements in the long term.</p>
Bank Mandiri needs to develop mitigation measures and process improvements to prevent the occurrence or recurrence of fraud, non-fraud cases, sanctions/fines, and other violations.	<p>To prevent and mitigate potential fraud, Bank Mandiri implements the Anti-Fraud Strategy (SAF), which consists of four pillars:</p> <ul style="list-style-type: none"> Prevention Detection Investigation, Reporting, Sanctions, and Legal Processes Monitoring, Evaluation, and Follow-Up <p>The implementation of this strategy is continuously evaluated to ensure its effectiveness.</p>
Bank Mandiri needs to develop an evaluation framework for measuring the maturity of its human capital governance system. This will support the alignment of human resource management with the company's strategy and position the organization in accordance with international best practice standards.	Bank Mandiri has implemented human capital management to develop globally competitive banking talents, ensuring the creation of a high-performing organization with a strong reputation. Guided by the spirit of learning, synergy, growth, and contribution to Indonesia, human capital management at Bank Mandiri is structured through a Human Capital strategy aligned with the Bank's overall strategy. This aims to cultivate Strategic Business Leaders with the characteristics of Always Deliver and Always Ahead, supporting Bank Mandiri's vision of becoming the Undisputed Industry Leader in Indonesia.
Bank Mandiri needs to develop a reliable structure and system for consumer protection and empowerment, as well as conduct periodic evaluations of its implementation.	As part of Bank Mandiri's commitment to support the establishment of a reliable consumer protection system and fostering a sustainable, stable financial system that protects the interests of consumers and the public, the Bank has implemented an Operational Policy governing the application of consumer protection functions. Bank Mandiri has also established a Consumer Protection Unit.
Bank Mandiri needs to maintain the reliability and security of the data, network, systems, and information technology used to remain free from the risks of hacking and unauthorized data usage.	As part of its efforts to ensure information security, Bank Mandiri has developed and implemented an IT security strategy that complies with regulations and aligns with international standards and best practices. This strategy is divided into 3 (three) main areas: People, Process, and Technology.

RECOMMENDATION	FOLLOW-UP
Bank Mandiri needs to optimize systems and mechanisms that create corporate value through knowledge by implementing and certifying according to ISO 30401:2018 – Knowledge Management Systems.	Bank Mandiri implements knowledge management to ensure that employee and organizational knowledge (both explicit and tacit knowledge) can be extracted, documented, and evenly redistributed. This initiative is aimed at maintaining and enhancing the organization's competitive advantage.
Bank Mandiri needs to optimize the systems and mechanisms for the establishment, implementation, maintenance, and continuous improvement of an innovation management system by implementing and certifying according to ISO 56002:2019 – Innovation Management Systems.	Bank Mandiri continues to optimally drive transformation and innovation to deliver added value for all stakeholders and to promote healthy and sustainable business growth.
GOVERNANCE OUTCOME	
Bank Mandiri needs to periodically evaluate the maturity of its integrated corporate governance, risk management, and compliance.	The evaluation of the implementation of governance, risk management, and compliance has been conducted by Bank Mandiri through regular meetings and coordination among functional work units, as well as guidance and monitoring mechanisms by the company's committee elements.
Bank Mandiri needs to take progressive action on all ongoing legal matters, ensure optimal risk mitigation for all legal claims, and prevent the recurrence of legal cases involving the Company.	Bank Mandiri has established a system and mechanism for handling and resolving legal issues faced by the Company, as well as mitigating the risks associated with legal claims.
Bank Mandiri needs to enhance the handling of complaints received from various sources to strengthen stakeholder trust in the Company.	Bank Mandiri places high priority on customer satisfaction and provides mechanisms for lodging complaints or expressing concerns, in accordance with regulatory requirements. The Bank has established a dedicated customer service unit, the Customer Care Group, to handle and resolve all customer complaints promptly and in line with the established Service Level Agreement (SLA). Bank Mandiri provides various accessible platforms for customers to submit their complaints.

In the 2023 CGPI conducted in 2024, 3 (three) Subsidiaries received the "Most Trusted" designation, while 3 (three) Subsidiaries were rated as "Trusted," with the following score details:

No.	Entitas Anak	Predikat	Nilai
1.	PT Bank Syariah Indonesia	"Most Trusted"	91.80
2.	PT Bank Mandiri Taspen	"Most Trusted"	90.56
3.	PT Mandiri Sekuritas	"Most Trusted"	85.81
4.	PT AXA Mandiri Financial Services	"Trusted"	84.18
5.	PT Mandiri Tunas Finance	"Trusted"	84.01
6.	PT Mandiri Utama Finance	"Trusted"	82.05

ASEAN CORPORATE GOVERNANCE SCORECARD (ACGS)

Another form of assessment conducted regarding Corporate Governance implementation at Bank Mandiri is the ASEAN Corporate Governance Scorecard, which serves as a benchmark for governance practices agreed upon by the ASEAN Capital Market Forum (ACMF). This parameter is based on OECD Principles and is expected to enhance investor confidence in publicly listed companies in ASEAN.

Applied Criteria

The components of the ASEAN Corporate Governance Scorecard are as follows:

1. Rights and Equitable Treatment of Shareholders
2. Sustainability and Resilience
3. Disclosure and Transparency
4. Responsibilities of the Board of Directors and Board of Commissioners

Assessor

The ASEAN Corporate Governance Scorecard is assessed by the ASEAN Capital Market Forum (ACMF).

Independent Party Assessment Score

Bank Mandiri is included in the list of companies awarded the ASEAN Asset Class Public Listed Companies designation in the ASEAN Corporate Governance Scorecard assessment.

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES PURSUANT TO FINANCIAL SERVICES AUTHORITY REGULATIONS

Bank Mandiri implements Corporate Governance Guidelines for Public Company as stipulated in POJK No. 21/POJK.04/2015 dated 16 November 2015 on the Enactment of Governance Guidelines of Public Companies as elaborated under SEOJK No. 32/SEOJK.04/2015 dated 17 November 2015 on the Corporate Governance Guidelines of Public Companies. The following are description on the implementation of these regulations:

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
A. ASPECT 1: RELATIONSHIP BETWEEN PUBLIC COMPANY AND SHAREHOLDERS IN ENSURING THE RIGHTS OF SHAREHOLDERS.		
A.1. Principle 1: Enhancing the Value of General Meeting of Shareholders (GMS).		
A.1.1 Recommendation 1:	The Public Company has technical means or procedure for both open and closed voting that prioritize independency and interest of Shareholders.	In the Annual General Meeting of Shareholders (GMS), Bank Mandiri has exercised open and close voting which is stated in the GMS Mechanisms.
Explanation:	<p>Every issued share with voting right has one vote (one share one vote). The Shareholders may use their voting rights during the decision-making process, in particular to decision with voting mechanism. However, both open and closed voting mechanism has not been regulated in detail.</p> <p>The Public Company is recommended to have voting procedure in decision making of GMS agenda. Such voting procedure must maintain independency or freedom of Shareholders. As an example, an open voting mechanism is implemented by raising hand in accordance with option as offered by the GMS chairman. Whilst a close voting mechanism is conducted in any decision that required confidentiality or by request from Shareholders through voting card or electronic voting.</p>	<p>The voting mechanism at the GMS is regulated in the Bank's Articles of Association.</p> <p>At the Annual General Meeting of Shareholders (AGMS) for the 2024 Fiscal Year, the decision-making mechanism was carried out through deliberation to reach consensus, in accordance with Article 40 of the Financial Services Authority Regulation ("OJK") No. 15/POJK.04/2020 on the Planning and Implementation of General Meetings of Shareholders for Public Companies ("POJK No. 15/2020"), while also taking into account Article 28 of POJK No. 15/2020. If consensus could not be reached, decisions were made through voting. The voting process was conducted openly, with votes counted from those validly cast at the Meeting and via eASY.KSEI, except for the Eighth Agenda Item, where voting was carried out using unsigned closed ballot cards. Meanwhile, the Fifth Agenda Item was of a reporting nature, hence shareholder approval was not required during the Meeting.</p> <p>The Bank has developed the GMS Procedures that can be downloaded in the Company's website and were distributed to the Shareholders during the GMS.</p> <p>Remark: Comply</p>
A.1.2. Recommendation 2:	Commissioners of Public Company attends the Annual GMS.	The Annual GMS Fiscal Year 2024 was attended by all members of the Board of Commissioners and Board of Directors
Explanation :	The presence of all members of the Board of Directors and the Board of Commissioners of the Public Company is intended so that each member of the Board of Directors and the Board of Commissioners can pay attention to, explain, and answer directly the issues or questions as raised by shareholders related the GMS agenda.	Remark: Comply

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
<p>A.1.3. Recommendation 3:</p> <p>Explanation :</p>	<p>The Summary of Minutes of GMS is available in the Public Company's website at least for one (1) year.</p> <p>Based on Article 51 jo. Article 52 of the OJK Regulation No.15/POJK.04/2020 on the Plan and Implementation of the General Meeting of Shareholders of Public Company, The Public Company is required to make summary of GMS Minutes in Indonesian and foreign language (minimum in English), and announced to the public within two (2) working days after the GMS is held, one of which is through the Public Company Website. The availability of summary of GMS Minutes in the Public Company Website provides an opportunity for shareholders who are not present, to easily obtain important information in GMS implementation. Therefore, the provision on the minimum period of availability of GMS Minutes summary in the Website are intended to provide sufficient time for shareholders to obtain such information.</p>	<p>The Annual GMS minutes of meeting of 2024, in both Indonesian and English language, was announced at the latest 2 (two) working days following the GMS, which is published on the Bank's website, IDX Electronic Reporting System, OJK and eASY KSEI. The Bank's website presented the GMS convention, including GMS minutes for the last 5 (five) years.</p> <p>In addition, Bank Mandiri has prepared GMS Highlights both in Indonesian and English which are uploaded 1 (one) working day after the GMS on the Bank Mandiri Website and proof of the announcement of the GMS results has been reported by the Company to OJK and the Indonesia Stock Exchange through Letter No. HBK.CSC/CMA.0867/2024 dated 13 March 2024 and reported through the OJK Electronic Reporting System and the Indonesia Stock Exchange.</p> <p>Remark: Comply</p>
<p>A.2 Principle 2: Enhancing the Quality of Communication between Public Company with Shareholders or Investors.</p>		
<p>A.2.1. Recommendation 4:</p> <p>Explanation :</p>	<p>Public Company has communication policy with the Shareholders and Investors.</p> <p>The communication between Public Company and shareholders or investors is intended so that shareholders or investors obtain clarity of information that has been published to the public, such as periodic reports, information disclosure, business condition or prospect and performance, as well as implementation of public company governance. In addition, the shareholders or investors can also submit input and opinion to the management of Public Company.</p> <p>The communication policy with shareholders or investors shows the commitment of the Public Company in carrying out communication with shareholders or investors. This policy can include strategies, programs, and timing of communication implementation, as well as guideline that support shareholders or investors to participate in the communication.</p>	<p>The Bank has a communication policy with shareholders or investors, as stipulated in the Corporate Secretary Charter, Chapter III.A.I. Disclosures.</p> <p>The disclosure to the stakeholders is formulated by referring to the Capital Market regulations and other relevant laws and regulations, which can be summarized as follows:</p> <ol style="list-style-type: none"> 1. Periodic and or incidental reporting to regulators (OJK, Bank Indonesia, LPS, Ministry of Justice and Human Rights, Indonesia Stock Exchange, etc) and reporting through Electronic Reporting System. 2. General Meeting of Shareholders (GMS). Implemented according to laws and the Bank's Articles of Association consisted of the Annual GMS and Extraordinary GMS. 3. Organizing other activities related to corporate actions and/or disclosures such as: <ol style="list-style-type: none"> a. Performance Presentation (quarterly) b. Public Expose (annually) c. Analyst Meeting (quarterly) <p>The Performance Presentation, Public Expose dan Analyst Meeting exercised quarterly and annually were aimed at disclosing information to public and investors on the Bank's conditions, business prospects, performances, as well as its corporate governance implementation.</p> <p>The Bank also has established specific unit that is tasked to maintain and manage good relations with investors, as well as serve as a centre of information on the Bank's performance to the investors.</p> <p>Remark: Comply</p>
<p>A.2.2. Recommendation 5:</p> <p>Explanation :</p>	<p>The Public Company discloses the Communication Policy of Public Company with shareholders or investors in Website.</p> <p>Disclosure of communication policy is a form of transparency on the commitment of the Public Company in providing equality to all shareholders or investors for the implementation of communication. The disclosure of information also aims to increase the participation and role of shareholders or investors in the implementation of the Public Company communication program.</p>	<p>The Bank has in place the communication policy on Public Company with shareholders or investors as stated in the Corporate Secretary Charter, Chapter III.A.I Disclosures. The policy is provided in the Website. The Bank also continually manages the information in the website, hence latest information is ready for the shareholders and investors, such as Products/Services, Performance, Management, and Activities.</p> <p>Remark: Comply</p>

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
B. ASPECT 2: FUNCTION AND ROLES OF THE BOARD OF COMMISSIONERS		
B.1 Principle 3: Strengthen the Membership composition of the Board of Commissioners.		
B.1.1. Recommendation 6:	Determination of total members of the Board of Commissioners takes into account the conditions of the Public Company.	Bank Mandiri has complied with the Articles 20 POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers and Public Companies, namely number of members of the Board of Commissioners is more than 2 (two) members and Article 35 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, namely that Banks are required to have members of the Board of Commissioners with at least 3 (three) personnel and at most equal to the number of members of the Board of Directors.
Explanation :	The total members of the Board of Commissioners may affect the effectiveness of the duties of the Board of Commissioners. Determination of total members of the Board of Commissioners of a Public Company must refer to the provisions of the prevailing law in which at least consists of two (2) people based on the provisions of the POJK No. 33/POJK.04/2 14 on The Board of Directors and Commissioners of Issuers or Public Companies. In addition, it is also necessary to consider the condition of the Public Company, which includes among other, the characteristic, capacity and size, as well as achievement of target and fulfillment of different business needs among the Public Companies. However, exorbitant Board of Commissioners has the potential to disrupt the effectiveness on the implementation function of the Board of Commissioners.	As of 31 December 2024, the number of members of the Board of Commissioners of Bank Mandiri is 10 (ten) personnel consisting of 5 (five) Independent Commissioners and 5 (five) non-Independent Commissioners. Remark: Comply
B.1.2. Recommendation 7:	Determination on the composition of members of the Board of Commissioners takes into account on diversity of expertise, knowledge and required experience.	The composition of members of the Board of Commissioners takes into account the diversity of expertise, knowledge and experience needed as disclosed in the Section of Composition and Assignment of the Bank's Board of Commissioners.
Explanation :	The composition of the Board of Commissioners is a combination of characteristics from both organ and individual perspective according to the need of respective Public Company. These characteristics can be reflected in the determination of expertise, knowledge and experience required in the implementation of supervisory and advisory duty by the Board of Commissioners of the Public Company. The composition that has taken into account the need of the Public Company is a positive, especially related to decision making related with supervisory function as carried out by considering various broader aspects.	Remark: Comply
B.2. Principle 4: Enhancing the Quality of Implementation of Duties and Responsibilities of the Board of Commissioners.		
B.2.1. Recommendation 8:	The Board of Commissioners has Self-Assessment Policy to evaluate the performance of the Board of Commissioners.	The Board of Commissioners has in place the self-assessment policy that regulated in the BOC Charter. The Performance Assessment of the Board of Commissioners is carried out by each member of the Board of Commissioners through self-assessment mechanism based on assessment criteria of duties implementation and responsibilities of the Board of Commissioners covering the aspects of structure, directives and oversight.
Explanation	The Board of Commissioners' Self-Assessment policy is a guideline that is used as a form of collegial accountability for evaluating the performance of the Board of Commissioners. Self-assessment is carried out by each member to assess the collegial performance of the Board of Commissioners, and not to assess the individual performance of each member of the Board of Commissioners. With this Self-Assessment, it is expected that each member of the Board of Commissioners can contribute in improving the performance of the Board of Commissioners on an ongoing basis. This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation on the Remuneration and Nomination Committee of Issuer or Public Company. B.2.2. Recommendation 9:	The Self-Assessment Policy to evaluate the performance of the Board of Commissioners is disclosed in the Annual Report of Public Company.	The self-assessment policy on the Board of Commissioners' performance assessment has been disclosed in this Annual Report.
Explanation:	The disclosure of Self-Assessment Policy on performance of the Board of Commissioners is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure, the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Commissioners.	Remark: Comply
B.2.3. Recommendation 10:	The Board of Commissioners has policy on resignation of member of the Board of Commissioner when involved in financial crime.	Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association, namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation.
Explanation:	<p>The resignation policy of member of the Board of Commissioners being involved in financial crime is a policy that can increase the stakeholders' trust in the Public Company, so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere the course of business activities. In addition, in terms of morality, this policy builds an ethical culture within the Public Company. This policy can be included in the Code or the Code of Ethics that applies to the Board of Commissioners.</p> <p>Furthermore, being involved in financial crimes shall means the convicted status from the authorities of respective member of the Board of Commissioners. The financial crimes are manipulation and various forms of embezzlement in financial service activities as well as Money Laundering Criminal Action as referred to Law Number 8 of 2010 on Prevention and Eradication of Money Laundering Crimes.</p>	<p>Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Commissioners is ended if no longer meet the requirements as member of the Board of Commissioners based on the Articles of Association and other laws and regulations. In the event that a member of the Board of Commissioners is resigning including if involved in the financial crime, thus a concerned member of the Board of Commissioners shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Commissioners within 90 days after the acceptance of the resignation.</p> <p>Remark: Comply</p>
B.2.4. Recommendation 11:	The Board of Commissioners or Committee that perform the Remuneration and Nomination Function formulates the succession policy in the nomination process of member of the Board of Directors.	Bank Mandiri has established the Remuneration and Nomination Committee that assists the Board of Commissioners to propose recommendations to the shareholders of series A Dwiwarna, in terms of the following:
Explanation:	Based on the provision of the OJK Regulation No. 34/POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company, the committee that carries out the nomination function has the task of formulating policy and criteria needed in the nomination process of potential member of the Board of Directors. Policy that can support the nomination process is the succession policy of member of the Board of Directors. The policy on succession aims to maintain the continuity of the regeneration of leadership in the company in order to maintain the business continuity and the company's long-term objective.	<ul style="list-style-type: none"> • Developing, implementing and analyzing the nominating criteria and procedures for candidates of the Board of Commissioners and Directors. • Identifying candidates of Directors from internal and/or external of the company, and candidates of Commissioners that meet the requirements for being proposed/appointed as Director or Commissioner. <p>To prepare future leadership regeneration, Bank Mandiri designed the Talent and Succession Management program, a succession policy for the Board of Directors which refers to SOE Minister Regulation No. PER-11/MBU/2021 concerning requirements, procedures for appointment and dismissal of SOE Board of Directors members as last amended by SOE Minister Regulation No. PER-3/MBU/03/2023. In addition, as a Public Company, the Bank's Policy also refers to POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies. The appointment and dismissal of the Bank's Board of Directors is carried out based on the principles of professionalism and Corporate Governance.</p> <p>Remark: Comply</p>

C. ASPECT 3: FUNCTION AND ROLES OF THE BOARD OF DIRECTORS		
C.1. Principle 5: Strengthen the Membership composition of the Board of Directors		
C.1.1.Recommendation 12:	<p>Determination of total members of the Board of Directors takes into account on the condition of the Public Company and effectiveness in decision making.</p> <p>Explanation: Being the Company's organ that is authorized in managing the Company, the determination of total members of the Board of Directors has significant impact to the Company's performance. Thus, the determination of the total members of the Board of Directors must be done through careful consideration and refer to the provisions of the applicable regulation, whereby based on OJK Regulation No.33/POJK.04/2 14 on the Board of Directors and Board of Commissioners of Public Company, shall at least consists of 2 (two) people. In addition, the determination of total members of the Board of Directors must be based on the need to achieve the objectives and purpose of public company and being adjusted to the conditions of the public company including the characteristic, capacity and size of the public company and effectiveness of the decision making by the Board of Directors.</p>	<p>Bank Mandiri has complied with Article 20 POJK 33/POJK.04/2014 on the Board of Directors and the Board of Commissioners of Issuers or Public Companies, namely the Board of Directors of Issuers or Public Companies consists of 2 (two) members and Article 6 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, namely Banks are required to have at least 3 (three) members of the Board of Directors.</p> <p>As of 31 December 2024, number of the Bank's Directors are 12 (twelve) members, and has been stipulated based on complexity and requirements of the Bank. In the Board of Directors rules, the mechanism of decision making of the Board of Directors has been stipulated.</p> <p>Remark: Comply</p>
C.1.2. Recommendation 13:	<p>Determination on the composition of members of the Board of Directors takes into account on diversity of expertise, knowledge and required experience.</p> <p>Explanation: Similar with the Board of Commissioners, the composition diversity of members of the Board of Directors is a combination of required characteristic from both organ and individual perspective according to the needs of respective Public Company. The combination is determined in view of expertise, knowledge and experience in accordance with segregation of tasks and functions of the Board of Directors in achieving the purpose of the Public Company. Thus, consideration of the combination of characteristics will have an impact on the accuracy of the collegial nomination and appointment of individual member of the Board of Directors or Directors.</p>	<p>The determination of the Bank's Board of Directors' composition has taken into account the Bank's needs and business complexity, namely by considering the diversity of skills, educational background, and professional experience, and is gender equality. The Board of Directors' structure diversity is expected to provide alternative in resolving the increasingly complex issues faced by the Bank, compared to member of Directors that are naturally homogenic, thereby delivering the best decisions in the decision-making process.</p> <p>Remark: Comply</p>
C.1.3. Recommendation 14:	<p>Member of the Board of Directors in charge of accounting or finance has expertise and/ or knowledge in accounting field.</p> <p>Explanation: The Financial Report is a management accountability report for resources management owned by the Public Company, which must be compiled and presented in accordance with Financial Accounting Standards in Indonesia as well as related OJK regulations, including regulation in the Capital Market sector which regulates the presentation and disclosure of Public Company Financial Statement. Based on the laws and regulations in the Capital Market sector that regulates the responsibility of the Board of Directors for the Financial Report, the Board of Directors is jointly responsible for the Financial Report, signed by the President Director and member of the Board of Directors in charge of accounting or finance.</p> <p>As such, the financial disclosure and information presented in the financial statements will be very much dependent on the skills, and/or expertise of the Board of Directors, specifically member of the Board of Directors in charge of accounting or finance. Adequate qualifications and/or expertise in accounting that at least proficient by the concerned members of the Board of Directors, will ensure confidence in the preparation of financial statements, thereby the financial statements can be relied on by the stakeholders as a basic in decision making economically related to the concerned Public Company. The expertise and/or skills shall be affirmed by educational background, training certificates, and/or related work experiences.</p>	<p>The director in charge of accounting or finance at Bank Mandiri is the Director of Finance, namely Mr. Sigit Prastowo with experience and competence in the field of Treasury (Finance), who in carrying out his duties requires the knowledge in accounting. In addition, to support the implementation of his duties, he often participates in forums and seminars related to finance both at home and abroad.</p> <p>Remark: Comply</p>

C.2. Principle 6: Enhancing the Quality Implementation of Duties and Responsibilities of the Board of Directors		
C.2.1 Recommendation 15:	<p>The Board of Directors has Self-Assessment Policy to evaluate the performance of the Board of Directors.</p> <p>Explanation: Similar with the Board of Commissioners, the Board of Directors' Self-Assessment policy is a guideline being used as a form of accountability to evaluate collegial performance of the Board of Directors. The self-assessment is conducted by each member of the Board of Directors to assess the collegial performance of the Board of Directors, and not to assess the individual performance of each member of the Board of Directors. With this self-assessment, it is expected that each member of the Board of Directors can contribute to improve the performance of the Board of Directors on an ongoing basis.</p> <p>This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation No. 34/POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company.</p>	<p>The Board of Directors has a self-assessment policy. The performance assessment of the Board of Directors is carried out by each member of the Board of Directors through a self-assessment mechanism to evaluate the performance of the Board of Directors collegially, and not to assess the individual performance of each member of the Board of Directors. As described in the Annual Report in the section of the Performance Assessment of the Board of Directors.</p> <p>Remark: Comply</p>
C.2.2. Recommendation 16:	<p>The Self-Assessment Policy to evaluate the performance of the Board of Directors is disclosed in the Annual Report of Public Company.</p> <p>Explanation: The disclosure of Self-Assessment Policy on performance of the Board of Directors is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure, the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Directors.</p>	<p>The self-Assessment policy on the performance of the Board of Directors has been disclosed in the 2024 Fiscal Year Annual Report in the Board of Directors Performance Evaluation section.</p> <p>Remark: Comply</p>
C.2.3. Recommendation 17:	<p>The Board of Directors has policy on resignation of member of the Board of Commissioner when involved in financial crime.</p> <p>Explanation: The resignation policy of the Board of Directors involved in financial crimes is a policy that can increase the stakeholders' trust in the Public Company, so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere with the course of business activities. In addition, in terms of morality, this policy will build an ethical culture within the Public Company. This policy can cover in the Code or the Code of Ethics that applies to the Board of Directors.</p> <p>Furthermore, what is meant by being involved in a financial crime is the status of being convicted of a member of the Board of Directors from an authorized party. These financial crimes include manipulation and various forms of embezzlement in financial service activities as well as the Criminal Act of Money Laundering as referred to in Law No. 8 of 2010 concerning Prevention and Eradication of Money Laundering.</p>	<p>Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association.</p> <p>Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. In the event that a member of the Board of Directors is resigning including if involved in the financial crime, thus a concerned member of the Board of Directors shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Directors within 90 days after the acceptance of the resignation.</p> <p>Remark: Comply</p>

D.1.2. Recommendation 19:	The Public Company has the anti-corruption and anti-fraud policies.	Gratification Control
Explanation:	The anti-corruption policy ensures that the business activities of the Public Company are carried out legally, prudently and in accordance with the principles of good governance. The policy can be part of a code of ethics, or in a separate form. This policy may include, among others, the programs and procedures implemented in dealing with corrupt practices, kickbacks, fraud, bribery and/or gratuities in public companies. The scope of the policy must describe the prevention of the Public Company against all corrupt practices, either giving or receiving from other parties.	<p>Bank Mandiri recognizes that controlling gratification is a crucial activity to ensure business processes are conducted in accordance with business ethics that uphold the value of integrity. In 2013, Bank Mandiri established a Gift Disclosure Statement, which was updated in 2015 with an Operational Technical Guideline (PTO) regulating the prohibition of receiving and/or giving gratification for all levels within Bank Mandiri. In the same year, the Gratification Control Unit (UPG) was formed to execute gratification control functions within the Bank.</p> <p>The purpose of gratification control extends beyond compliance; it aims to embed good governance values within the Bank and instill the value of integrity among all employees. This ensures that daily business activities with customers, vendors, partners, and all stakeholders are always guided by ethics, mutual trust, and accountability. As a result, business interests can proceed ethically and effectively without conflicting with gratification prohibitions. Bank Mandiri continues to strive for ongoing improvement in implementing gratification control measures.</p> <p>To align with prevailing regulations and current business developments while maintaining strong relationships with stakeholders, Bank Mandiri periodically refines its Gratification Control Operational Technical Guideline (PTO). The most recent revision was finalized on August 16, 2024.</p>
		<p>Anti-Bribery Management System</p> <p>To support continuous efforts in combating corruption, Bank Mandiri obtained the ISO 37001:2016 certification for its Anti-Bribery Management System on August 10, 2020. This certification was renewed on October 13, 2023, and is valid until 2026. Initially, the scope of the ISO 37001:2016 certification covered Procurement & Vendor Management. Since 2022, the scope has been successfully expanded to include Procurement, Vendor Management, and Internal Audit Processes.</p>

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
		<p>Implementation of Anti-Fraud Strategy Bank Mandiri has implemented an Anti-Fraud Strategy in accordance with OJK Regulation Number 12 of 2024 regarding the Implementation of Anti-Fraud Strategies for Financial Institutions. As part of the improvement of the Internal Control Policy, Bank Mandiri continues to make improvements to these regulations. This is also done in every policy such as Standard Operating Procedures (SPO), Technical Operational Guidelines (PTO) and other regulations.</p> <p>Bank Mandiri's Anti-Fraud Strategy regulates 4 pillars, namely:</p> <ol style="list-style-type: none"> 1. Pillar 1 (Prevention) <ol style="list-style-type: none"> a. It is the responsibility of all levels of the Bank (work unit) and is part of the Fraud Control System in order to reduce the potential for fraud. Programs implemented in this pillar include: b. Anti-Fraud Awareness, such as socialization of Anti-Fraud Statement, Employee Awareness Program and Customer Awareness Program. The Employee Awareness Program is carried out by providing training, socialization, publication of fraud awareness through the Bank's internal media that reaches all employees and block leave obligations for each employee. Customer Awareness Program is carried out through the use of social media effectively, periodically and dynamically. c. Identification of Vulnerabilities, such as the application of Risk Management principles where all policies and procedures are designed with due regard to internal control, the application of GCG principles and Compliance. The implementation of work by employees in accordance with their authority and responsibilities is stated in the job description of each employee, and signed by the employee concerned. In addition, the signing of the Annual Disclosure by all employees at the beginning of the year. d. Know Your Employee (KYE) Policy is a principle applied by the Bank to get to know each employee well both in terms of ability and personality. KYE is carried out through a candidate selection process as well as monitoring the character and lifestyle of employees 2. Pillar 2 (Detection) <p>It is the responsibility of all units, both first-line, second-line, and third-line and is part of the fraud control system in order to identify and find fraud in the bank's business activities. The programs implemented by Bank Mandiri in this pillar include:</p> <ol style="list-style-type: none"> a. Whistleblowing System-Letter to CEO, which is managed by an independent party to minimize conflicts of interest and provide a sense of security to whistleblowers. b. Fraud Detection System, which has been implemented to support the Bank's detection activities which includes detection of transactional fraud and non-transactional fraud. c. Surprise Audit, whose implementation is prioritized in business units that are at high risk or prone to fraud. d. Surveillance System, which aim to monitor and review the internal control effectiveness (including fraud control system). 3. Pillar 3 (Investigation, Reporting, Sanctions and Legal Process) <p>It is part of the Fraud Control System in the context of handling fraud that occurs through investigations and the results are reported to the President Director, Board of Commissioners, and Regulators, including the proposed imposition of sanctions and legal processes for fraudsters. In order to strengthen the function of the Third Pillar, delegation of authority for the implementation of investigations and imposition of sanctions to each region has been carried out to accelerate the process of handling cases and recovery.</p> 4. Pillar 4 (Monitoring, Evaluation and Follow-up) <p>It is part of the Fraud Control System in order to monitor the follow-up results of investigations and evaluation of fraud incidents, to improve weaknesses and strengthen the Internal Control System in order to prevent the recurrence of fraud due to similar weaknesses. Written reporting to the President Director and the Board of Commissioners is carried out in an orderly manner to monitor the established follow-up list.</p> <p>Remark: Comply</p>

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
D.1.6. Recommendation 23:	The Public Company has a long-term incentive policy for the Board of Directors and employees.	Bank Mandiri has a policy of providing long-term incentives to Commissioners and Directors according to the provisions in POJK No. 45/POJK.03/2015 concerning Implementation of Governance in Providing Remuneration for Commercial Banks. Bank Mandiri implements Governance in the Provision of Remuneration that has considered various aspects, including bank financial stability, the creation of risk management, short-term and long-term liquidity needs, and potential future income.
Explanation:	<p>Long-term incentive is a given incentive based long-term performance achievement. The long-term incentive plan has the rationale that the long-term performance of the company is reflected in the growth of shares value or other long-term target of the company. Long-term incentive shall have the benefit to maintain loyalty and provide motivation to the Board of Directors and employees to improve their performance or productivity, which will have an impact on improving the company's performance in the long run.</p> <p>The availability of a long-term incentive policy is an actual commitment by the Public Company to encourage the implementation of long-term incentive to the Board of Directors and Employees with terms, procedures and forms being adjusted to the long-term objectives of the Public Company. The policy can include, amongst other, the purpose of objective in providing the long-term incentive, terms and procedures in providing the incentive, and condition as well as risks that must be considered by the Public Company in providing the incentives. This policy can also be included in the existing public company remuneration policy.</p>	<p>Bank Mandiri can postpone deferred variable remuneration (Malus) or withdraw variable remuneration that has been paid (Clawback) to officials who are classified as Material Risk Taker (MRT).</p> <p>Remark: Comply</p>
E. ASPECT 5: INFORMATION DISCLOSURE		
E.1. Principle 8: Enhancing the Disclosure Implementation.		
E.1.1. Recommendation 24:	The Public Company utilizes technology information wider than the Website as a media for information disclosure.	Bank Mandiri managed the Company's Website as optimal as possible to always provide the most recent and accurate information for the Public. Apart from the website, Bank Mandiri also utilizes technology and other social media applications such as SMS Banking, Mobile Banking, Instagram, Facebook and Twitter for information disclosure media.
Explanation:	The use of information technology can be useful as a medium for information disclosure. The disclosure of information is not only information disclosure that has been regulated in legislation, but also other information related to the Public Company, which upon consideration is deemed useful to shareholders or investors. Upon the use wider of information technology than the Website, the company is expected to improve the effectiveness of information dissemination. Nevertheless, the use of information technology is carried out while taking into account the benefit and costs of the company.	<p>Remark: Comply</p>
E.1.2. Recommendation 25:	The Annual Report of Public Company disclose the ultimate benefit owner in Public Company share ownership at least 5% (five percent), other than final beneficial owner disclosures in ownership shares of the Public Company through main and controlling shareholder.	Bank Mandiri has disclosed information regarding shareholders with 5% or more shareholding of the Company's shares in the 2024 Annual Report.
Explanation:	The Capital Market Regulation that regulates the submission of annual reports of Public Company has regulated the obligation to Disclose information regarding shareholders with 5% (five percent) or more shares of the Public Company, as well as the obligation to disclose information about directly or indirectly main and controlling shareholders of Public Company up to the owner of the last benefit in the ownership of the shares. In this Governance Guideline, it is recommended to disclose the ultimate benefit owner of the shares of the Public Company at least 5% (five percent), in addition to disclosing the owner of the final benefit of share	<p>Remark: Comply</p>

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES BASED ON GUIDELINES OF CORPORATE GOVERNANCE PRINCIPLES FOR BANKS PUBLISHED BY BASEL COMMITTEE IN BANKING SUPERVISION

The Governance Guidelines cover 12 principles of corporate governance. The Governance Guidelines are the standard of best practices applied as a reference in implementing corporate governance in banks. The description of the application can be explained, as follows:

PRINCIPLES	EXPLANATION	IMPLEMENTATION IN BANK MANDIRI
Principle 1 Responsibilities of the Board of Commissioners	The Board of Commissioners has the responsibilities of amongst others approval and supervisory on the implementation of business strategy, structure and governance mechanism as well as the Corporate Culture	In the Board of Commissioners 'code of conduct, as outlined in the Board of Commissioners Decree No. KEP.KOM/008/2023, it is stated that the responsibilities of the Board of Commissioners include providing opinions and approvals on the Work Plan and Annual Budget, as well as offering advice on matters deemed important by the Company, including corporate culture.
Principle 2 Qualification and Composition of the Board of Commissioners	Member of the Board of Commissioners must have the quality in accordance with duties and responsibilities as both collegial and as per individual The Board of Commissioners shall understand the roles within the supervisory and implementation of corporate governance, as well as KOM/014/2019 to conduct a sound and objective decision process.	The Board of Commissioners of Bank Mandiri does not have a financial relationship, management, share ownership and/ or family relations with other members of the Board of Commissioners, Directors and/or Controlling Shareholders or relations with the Bank, which may affect the ability to act independently as stipulated in the Implementation provisions Good Corporate Governance for Commercial Banks and has signed an Independent Statement.
Principle 3 Structure and Mechanism of the Board of Commissioners	The Board of Commissioners must apply the proper governance practice and structure in performing their duties and to periodically assess its effectiveness.	The Board of Commissioners has Committees under the Board of Commissioners assisting with the implementation of the duties of the Board of Commissioners, namely the Audit Committee, Risk Oversight Committee, Remuneration and Nomination Committee and Integrated Governance Committee.
Principle 4 The Board of Directors	Under the direction and supervision of the Board of Commissioners, the Board of Directors manage the Bank's activities in accordance with the business strategy, risk appetite, remuneration policy and other policies that have been approved by the Board of Commissioners.	The Board of Directors manages the Company under the direction and supervision of the Board of Commissioners, as evidenced by the company's business achievements that have increased from the previous year. All policies underlying the operations of Bank Mandiri must obtain the approval of the Board of Commissioners.
Principle 5 Governance Structure of Business Group	In a business group, the Board of Commissioners of the parent company has overall responsibility on the business group and to ensure the establishment and implementation of clear governance practice related to the structure, business and risks of business group and entities. The Board of Commissioners and the Board of Directors must understand the business group organizational structure as well as the encountered risk.	The Board of Directors and Board of Commissioners of Bank Mandiri have knowledge and understanding of the core business and key risks of Bank Mandiri, as well as the entities within the Mandiri Group Financial Conglomerate, as evidenced by all members passing the Fit and Proper Test. A clear governance structure and mechanism have been established within the Mandiri Group Financial Conglomerate.

PRINCIPLES	EXPLANATION	IMPLEMENTATION IN BANK MANDIRI
Principle 6 Risk Management Function	The Bank must have the qualified, independent risk management function that has qualified resources with access to the Board of Commissioners.	Bank Mandiri performs the Risk Identification, Measurement, Monitoring, Control and Risk Management Information System through an Enterprise Risk Management (ERM) framework. Bank Mandiri continues to improve the capabilities and knowledge of all employees, especially in terms of risk management, by holding internal training regularly through the Risk Management Academy. In addition, Bank Mandiri also routinely holds at least once a year socialization, discussion forums, internships, and programs on risk management along with the internalization of the corporate culture. Bank Mandiri communicates risk management to the Board of Commissioners through the Risk Oversight Committee and the Integrated Governance Committee.
Principle 7 Identification of Risk Oversight and Control	Risks must be identified, monitored and controlled for all activities of the Bank. The quality of risk management infrastructure and internal control must be able to keep up with changes in the Bank's risk profile, external risk conditions and industry practice.	In managing Bank Mandiri's Risk Management, bankwide identification, measurement and risk assessment has been performed by periodically developing risk profiles. Risk measurement and assessment has been able to work well according to the established Risk Management Policy that is adjusted to the level of risk faced by Bank Mandiri.
Principle 8 Risk Communication	Effective risk governance implementation requires accurate risk communication in the Bank environment both between organizations and through reporting to the Board of Commissioners and the Board of Directors.	The Risk-Based Bank Rating (RBBR) assessment, both individual and consolidated, is submitted every semester to the Risk Management Committee (RMC) and the Integrated Risk Committee (IRC). In addition, the results of the RBBR assessment are reported to the Board of Commissioners through the Risk Monitoring Committee and the Integrated Governance Committee.
Principle 9 Compliance	The Board of Commissioners is responsible for overseeing management related to the Bank's compliance risk. The Board of Commissioners must determine the compliance function and provide approval for policies and processes for identification, assessment, monitoring and reporting, and providing advice on compliance risks.	The Board of Commissioners ensures the implementation of good corporate governance in every business activity and corporate governance policies, including the implementation of compliance. The compliance risk assessment in RBBR is reported periodically to the Board of Commissioners every 6 (six) months.
Principle 10 Internal Audit	The internal audit function must report independent assurance activities to the Board of Commissioners and must support the Board of Commissioners and the Board of Directors in encouraging the implementation of effective governance processes and long-term soundness of the Bank.	Conduct objective testing of evidence provide an independent assessment of the adequacy of internal control, risk management and governance processes within the organization. Internal Audit is directly responsible to the President Director and communicates with the Board of Commissioners through the Audit Committee.
Principle 11 Compensation	The Bank's remuneration structure must support the implementation of corporate governance and risk management.	The current remuneration structure of Bank Mandiri is in accordance with POJK No. 45/POJK.03/2015 on the implementation of Governance in the Provision of Remuneration for Commercial Banks.
Principle 12 Disclosure and Transparency	The implementation of governance from the Bank must be carried out transparently to Shareholders, Depositors, other relevant Stakeholders and Market Participants	Bank Mandiri constantly updates its website www.bankmandiri.co.id to ensure the availability of the most updated information for stakeholders. Moreover, disclosure of Bank Mandiri information is carried out through Annual Reports, Sustainability Reports and Public Expose.

CORPORATE GOVERNANCE STRUCTURE AND MECHANISM

BANK MANDIRI GOVERNANCE FRAMEWORK

To ensure adherence to the highest standards of corporate governance, Bank Mandiri implements a governance framework in line with the Law of the Republic of Indonesia, including Law No. 40 of 2007 on Limited Liability Companies, as well as regulations from the Financial Services Authority (OJK). This governance framework encompasses three critical aspects: Governance Structure (and infrastructure), Governance Process, and Governance Outcome. Each of these components plays a vital role in ensuring the Bank's sustainability, accountability, and overall effectiveness in delivering long-term value to its stakeholders.

Bank Mandiri's governance structure, process, and outcomes reflect its commitment to sustainable business practices, regulatory compliance, and stakeholder engagement. Through continuous improvement of its governance mechanisms, the Bank ensures long-term success and builds a foundation for ethical and transparent growth, in line with the laws and regulations of the Republic of Indonesia.

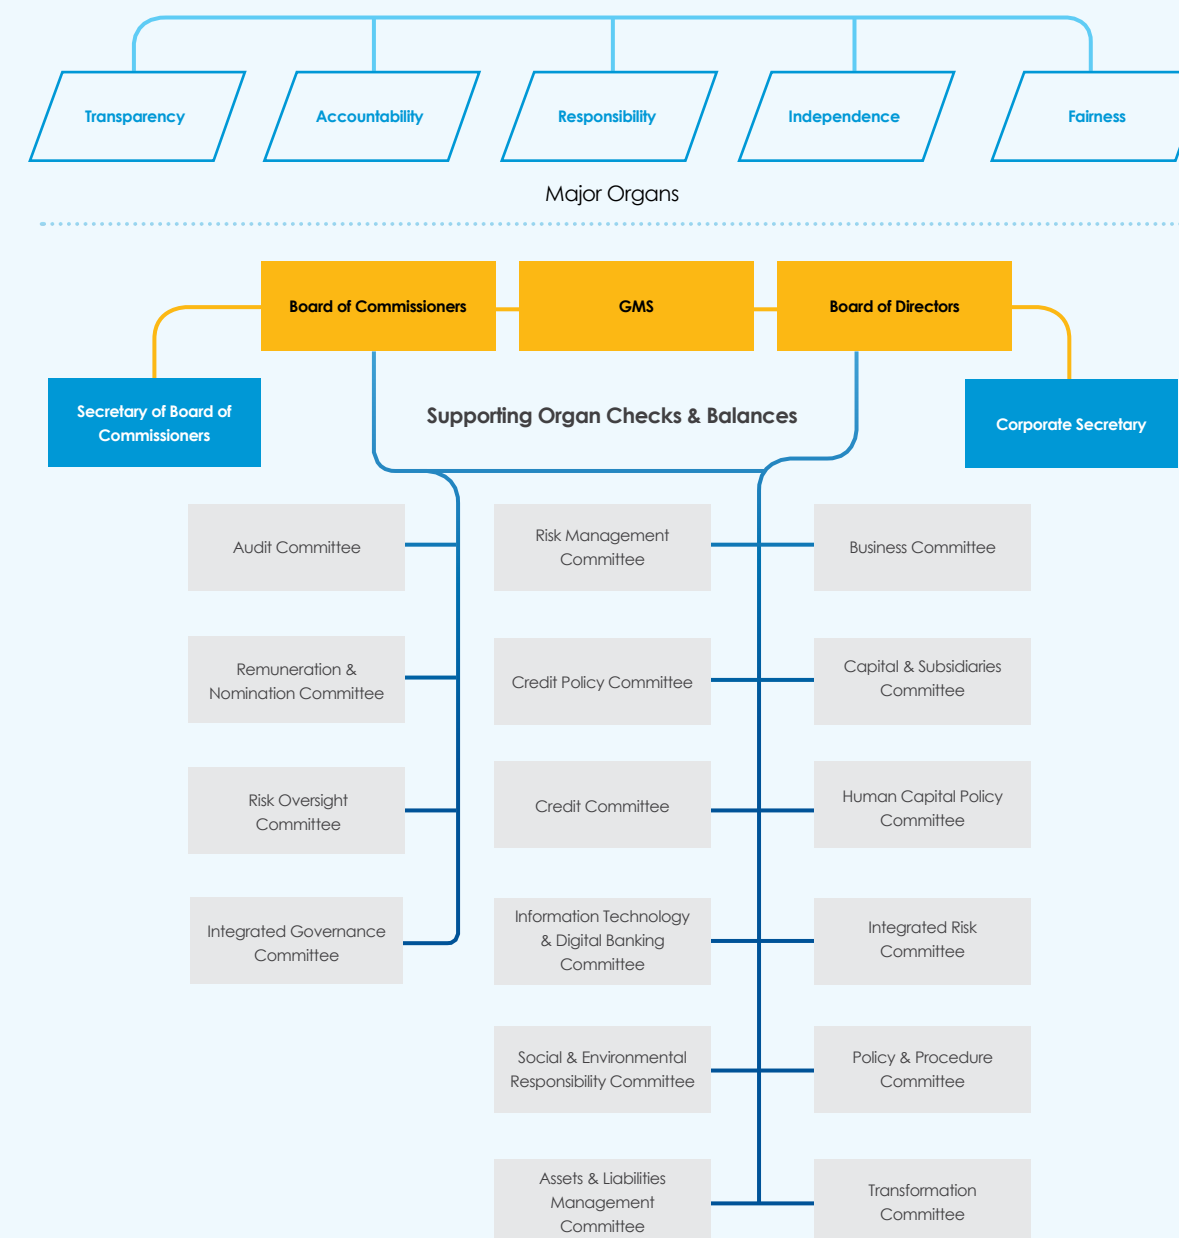

Governance Structure (and Infrastructure)

1. The Three Key Organs

In accordance with Law No. 40/2007 on Limited Liability Companies, Bank Mandiri's governance structure consists of three primary organs:

- a. General Meeting of Shareholders (GMS). The highest decision-making body, where shareholders exercise their rights and approve major decisions such as the appointment of members of the Board of Commissioners and Board of Directors, distribution of dividends, and amendments to the Articles of Association.
- b. Board of Commissioners. Responsible for overseeing the management of the company and providing advice to the Board of Directors. The Board of Commissioners operates independently and is supported by committees such as the Audit Committee, Risk Oversight Committee, and Nomination and Remuneration Committee.
- c. Board of Directors. Holds the executive function, responsible for managing the Bank's day-to-day operations and ensuring alignment with the company's strategic goals. The Board of Directors is supported by a comprehensive management infrastructure that ensures operational excellence across all divisions.

Bank Mandiri Governance Structure

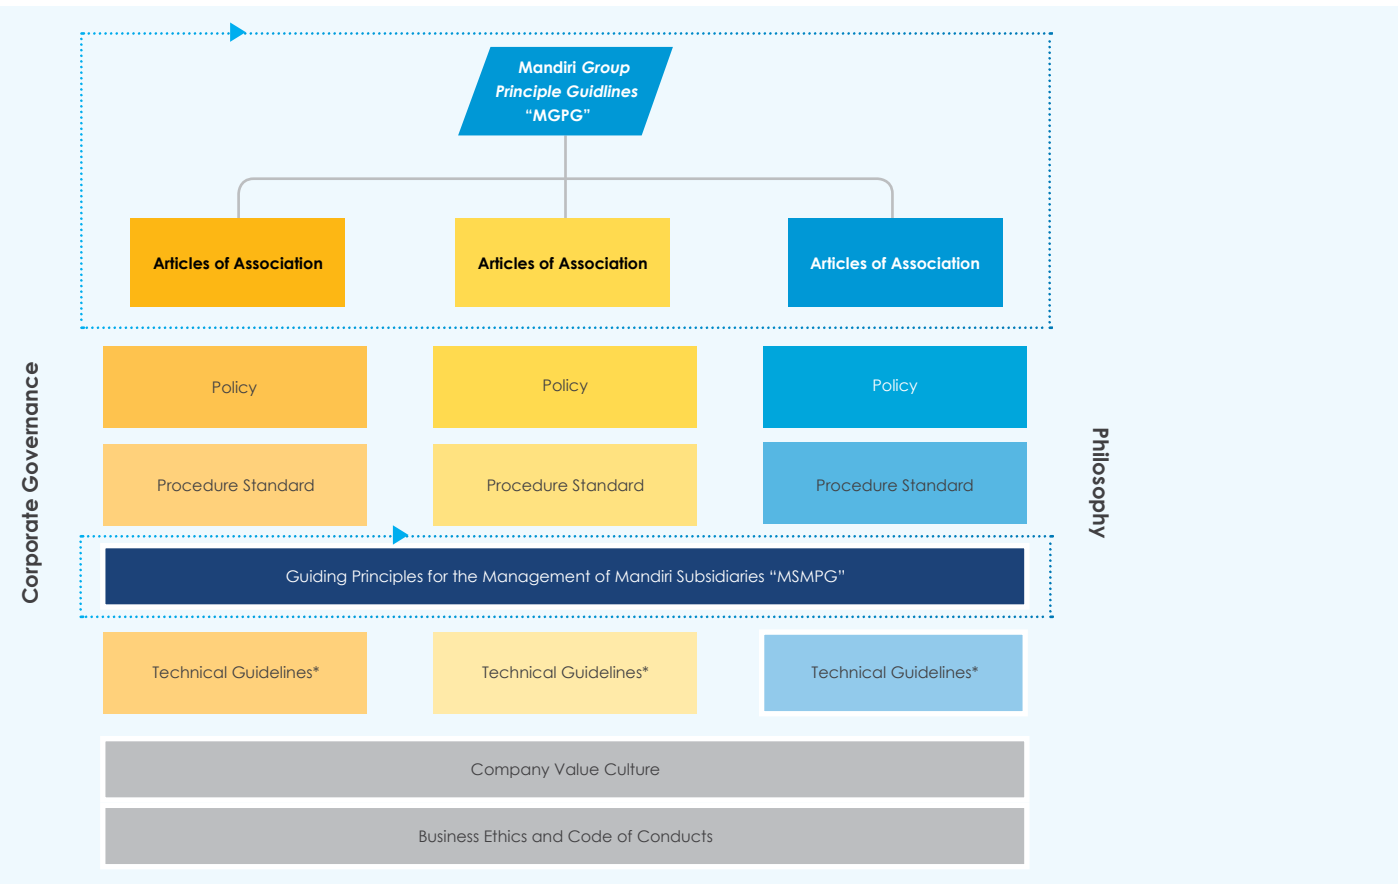

CORPORATE GOVERNANCE STRUCTURE AND MECHANISM

2. Governance Infrastructure

Bank Mandiri's governance infrastructure includes:

- a. Bank Mandiri Policy Architecture. A structured hierarchy of policies and guidelines that define how corporate governance principles are implemented throughout the Bank. This framework ensures consistency, accountability, and regulatory compliance across all functions and business units.
- b. Mandiri Group Principles Guideline. A guiding document for governance across the financial conglomeration, ensuring uniformity in policy execution and best practices within the group.
- c. Committees and Supporting Bodies. Committees such as the Audit Committee, Risk Oversight Committee, and Integrated Governance Committee ensure checks and balances at every level. These committees are crucial for maintaining transparency, managing risks, and aligning with regulatory requirements.

Bank Mandiri also has a governance soft structure that serves as the foundation for operational implementation, based on the following regulations and policies:

- 1. Bank Mandiri's Articles of Association, approved by the Minister of Law and Human Rights of the Republic of Indonesia through notification acceptance letter No. AHU-AH.01.03-0085149 and decree No. AHU-0022201. AH.01.02 Year 2024, both dated April 5, 2024, and registered in the Company Register No. AHU-0072626. AH.01.11 Year 2024 on April 5, 2024.
- 2. Bank Mandiri's Policy Architecture, updated and approved on 19 August 2021.
- 3. Mandiri Subsidiaries Management Principles Guideline (MSMPG), updated and approved on 3 July 2024.

CORPORATE GOVERNANCE STRUCTURE AND MECHANISM

- 4. Guidelines for the Rules of Procedure of the Board of Directors, through Board of Directors Decree No. KEP.DIR/040/2023 dated 23 October 2023.
- 5. Risk Management Policy, updated and approved on 1 October 2024.
- 6. Guidelines for the Rules of Procedure of the Board of Commissioners, through Board of Commissioners Decree No. KEP.KOM/008/2023 dated 30 November 2023.
- 7. Integrated Governance Guidelines, updated and approved by the Board of Commissioners on 25 March 2024.
- 8. Charter of the Integrated Governance Committee, through Board of Commissioners Decree No. KEP.KOM/009/2024 dated May 31, 2024.
- 9. Charter of the Audit Committee and Audit Committee Code of Ethics, through Board of Commissioners Decree No. KEP.KOM/006/2024 dated 31 May 2024.
- 10. Charter of the Risk Monitoring Committee, through Board of Commissioners Decree No. KEP. KOM/007/2024 dated 31 May 2024.
- 11. Charter of the Remuneration & Nomination Committee, through Board of Commissioners Decree No. KEP.KOM/008/2024 dated 31 May 2024.
- 12. Operational Policy, updated and approved on 1 October 2024.
- 13. Legal, Compliance, and Anti-Money Laundering Policy, Prevention of Terrorism Financing, and Prevention of Proliferation of Weapons of Mass Destruction Policy, updated and approved on 1 October 2024.
- 14. Risk Management Operating Standard Procedures, updated and approved on 6 June 2024.
- 15. Corporate Secretary Standard Procedures, updated and approved on 2 October 2024.
- 16. Procurement Operating Standard Procedures, updated and approved on 15 July 2024.
- 17. Standard Procedures for Work Plan and Budget (RKAP), Bank Business Plan (RBB), and Corporate Plan, updated and approved on 4 September 2024.
- 18. Accounting Standard Procedures, updated and approved on 12 June 2024.

- 19. Operating Standard Procedures for Credit Collection & Recovery Wholesale, updated and approved on 15 July 2024.
- 20. Operating Standard Procedures for Credit Collection & Recovery Retail, updated and approved on 7 November 2024.
- 21. IT Operational Guidelines, updated and approved on 12 June 2024.
- 22. Internal Audit Standard Procedures, updated and approved on 15 July 2024.
- 23. Human Resources Standard Procedures, updated and approved on 19 January 2024.
- 24. Technical Operational Guidelines for Individual and Integrated Governance Self-Assessment, updated on 16 August 2024.
- 25. Technical Operational Guidelines for Credit Collection and Recovery Wholesale, updated and approved on 19 August 2024.

GOVERNANCE PROCESS

The governance process involves how decisions are made, how risks are managed, and how the company's objectives are achieved. Bank Mandiri follows a structured and transparent process to ensure the integrity and accountability of its operations.

- 1. Decision-Making Process

The decision-making process at Bank Mandiri is governed by the fundamental principles of Corporate Governance, guided by various prevailing laws and regulations. This ensures that:

 - a. General Meetings of Shareholders (GMS) are conducted annually with clear agendas, enabling shareholders to make informed decisions.
 - b. Board of Commissioners meetings are held regularly to evaluate the performance of the Board of Directors and provide strategic direction.
 - c. Board of Directors implements decisions and oversees operational execution with detailed reporting to the Board of Commissioners.
- 2. Risk Management

A cornerstone of the governance process at Bank Mandiri is a robust risk management system. The Risk Oversight Committee plays a key role in:

- a. Identifying and mitigating risks across all levels of the Bank's operations.
 - b. Ensuring compliance with OJK regulations on risk management for financial institutions.
 - c. Monitoring credit, operational, market, and liquidity risks to safeguard the Bank's financial stability.
3. Policy Implementation and Compliance
- Bank Mandiri employs a comprehensive compliance function that ensures adherence to OJK regulations, Bank Indonesia policies, Anti-Money Laundering (AML) rules, and Know Your Customer (KYC) guidelines. The Compliance Unit works closely with all business units to ensure the Bank operates within the legal and regulatory frameworks.

GOVERNANCE OUTCOME

The ultimate goal of Bank Mandiri's governance framework is to ensure sustainable and ethical business practices that lead to long-term value creation for all stakeholders. The governance outcomes can be categorized into several key areas:

1. Financial Performance and Sustainability
By maintaining a strong governance structure and process, Bank Mandiri has consistently delivered robust financial results, demonstrated by:
 - a. Sustainable growth in revenue and profitability, as reflected in its annual financial reports.
 - b. Effective cost management and operational efficiency, leading to enhanced shareholder value.
2. Accountability and Transparency
Through adherence to corporate governance principles and regulatory requirements, Bank Mandiri promotes transparency in all its financial disclosures and reporting. This is evident through:
 - a. Clear and timely reporting to shareholders during the GMS.
 - b. Publication of audited financial statements that provide a comprehensive view of the Bank's performance.

- c. Regular communication with stakeholders, ensuring alignment of interests and clear understanding of the Bank's strategic direction.
3. Social Responsibility and ESG
Bank Mandiri's governance structure also supports the Bank's commitment to Environmental, Social, and Governance (ESG) goals. The Bank has implemented policies and initiatives aligned with sustainability and community empowerment, contributing to the broader Sustainable Development Goals (SDGs):
- a. Focus on responsible lending to sectors aligned with sustainability objectives.
 - b. Implementation of environmental sustainability initiatives within its operations, such as reducing carbon emissions and promoting energy efficiency.
 - c. Active engagement in community development programs, reinforcing its social responsibility role.
4. Long-Term Value Creation
Through strong corporate governance, Bank Mandiri has positioned itself as a trusted financial institution that delivers consistent value to shareholders while balancing the needs of customers, employees, and the broader community. The governance framework enables:
- a. Strategic decision-making that prioritizes long-term goals over short-term gains.
 - b. Resilience to external challenges, such as economic downturns or regulatory changes, by maintaining a well-managed risk profile.

With a comprehensive governance framework, Bank Mandiri remains committed to sustainable business practices, long-term growth, and compliance with the laws and regulations in Indonesia.

MECHANISMS OF CORPORATE GOVERNANCE

Corporate governance mechanism is a process to implement governance principles supported by the adequacy of bank governance structure and infrastructure, producing outcomes compatible with the stakeholders' expectation. The process to implement corporate governance is inherent to the structure of corporate governance as follows.

Shareholders

Shareholder is an individual or a legal entity who lawfully owns one or more share in a Company. Shareholders are owners of the Company. Company's Share is a share on behalf of and is issued by the owners who are registered in the List of Shareholders and which consist of:

1. Series A Dwiwarna Share that may only be owned by the Republic of Indonesia.
2. Series B Share that may be owned by the Republic of Indonesia and/or the Citizens.

Rights of the Shareholders

As a State-Owned Enterprises (SOE), the majority ownership of Bank Mandiri is owned by the Government of the Republic of Indonesia, which in this case is represented by the Ministry of SOE. As such, the Main and Controlling Shareholder of Bank Mandiri is the Government of the Republic of Indonesia. There are no Main and Controlling Shareholders indirectly, up to individual owners. In addition, there are no Shareholders who act on behalf of other Shareholders.

At the time of establishment, the state equity investment by the Republic of Indonesia to Bank Mandiri was undertaken based on Government Regulation No. 75 of 1998 on State Equity Investment of the Republic of Indonesia for the Establishment of Limited Liability Company in Banking Field dated 1 October 1998.

The equity investment was undertaken by altering state held shares to the ex-legacies of Bank Mandiri: Bank Bumi Daya, Bank Dagang Negara, Bank Ekspor Impor Indonesia and Bank Pembangunan Indonesia.

As the majority shareholder, the Government of the Republic of Indonesia currently holds 52% of the shares, or 48,533,333,334 shares, in which one Series A Dwiwarna share is among all the shares. Series A Dwiwarna shareholder is entitled to the following privileges that other shareholders do not hold:

1. Right to approve the following matters in GMS:
 - a. Approving the Amendment to the Company's Articles of Association.
 - b. Approving capital change.
 - c. Approving the appointment and dismissal of members of the Board of Directors and Board of Commissioners.
 - d. Approval of merger, consolidation, acquisition, segregation, dissolution of the Company.
 - e. Approving the remuneration of the Board of Directors or Board of Commissioners.
 - f. Approving asset transfer and assurance which requires GMS approval as per the Articles of Association.
 - g. Approving the investment and reduction to the percentage of capital investment at other company which requires GMS approval as per the Articles of Association.
 - h. Approving the utilization of profit.
 - i. Approving the non-operational investment and long-term funding which requires GMS approval as per the Articles of Association
2. Right to propose GMS agenda.
3. Right to request and access company data and documents.
4. Right to propose candidates of Board of Directors members and candidates of Board of Commissioners members.

In addition to the above privileges, certain actions of the Board of Directors with certain criteria must obtain written approval from the Board of Commissioners and Series Shareholders A Dwiwarna as stipulated in Article 12 paragraph (7) and paragraph (8) Bank Mandiri's Articles of Association.

Rights of General Shareholders

Bank Mandiri Shareholders, both Holders of Series A Dwiwarna Share and Holders of Series B Share, have the same right in addition to the Special Right of Series A Dwiwarna Share above and as long as not regulated otherwise by the Company's Articles of Association, as follows:

1. The right to attend, express opinions, and vote in a GMS based on one share.
2. Each Shareholder has the right of 1 (one) vote/ share (one share one vote)
3. Obtain an explanation of the voting procedure before the GMS begins.
4. The voting mechanism is done by the polling method.
5. Opportunity to propose an agenda in GMS.
6. Opportunity to grant authority to another party if a shareholder is unable to attend the GMS.
7. Reveal practices to encourage involvement of Shareholders outside the GMS
8. To propose questions in every agenda discussion and every decision of GMS agenda.
9. Opportunity to vote as agree, disagree, or abstain in every proposal of decision of GMS agenda.
10. Right to obtain information regarding the company in manners that are on time, correct, and regular, except for matters that are confidential.
11. Right to obtain part of the Company's profit that is allocated for Shareholder in the form of dividend and another distribution of profit, which is proportional to the number of owned shares.
12. Right to obtain comprehensive description and accurate information regarding procedure that needs to be executed in relation to the implementation of GMS.

Responsibilities of Shareholders

In addition to the rights and authorities, Bank Mandiri Shareholders as the capital owners also have responsibilities that must be fulfilled to the Company.

Controlling Shareholders

Their responsibilities are as follows:

1. Controlling shareholders must be able to:
 - a. Consider the interests of minority shareholders and stakeholders pursuant to the applicable conditions and laws and regulations;
 - b. In the event of alleged violation to the laws and regulations or as requested by relevant authority, names of shareholders and ultimate shareholders shall be disclosed to law enforcement authorities regarding the ultimate controlling shareholders, or as requested by relevant authority.
2. As for controlling shareholders with shares in several public companies, they have to be open with regard to accountability and relationship between public companies.

All Shareholders

The shareholders' responsibilities are as follows:

1. Distinguishing the ownership of the property of public company and personal property.
2. Distinguishing their functions as shareholders and members of Board of Commissioners or Board of Directors in the event that shareholders serve in one of those organs.
3. Shareholders who have particular interests are not allowed to vote.
4. Minority shareholders are responsible to exercise their rights effectively pursuant to the Articles of Association of the Company as well as the laws and regulations.

Policy of Relationship with Shareholders

As a Public Company, Bank Mandiri strives to provide accurate, periodic, and up-to-date information to Shareholders. Currently, communication activity to the Shareholders in Bank Mandiri is managed by the Corporate Secretary and Investor Relations. Pursuant to Article 5 of POJK No. 35/POJK.04/2014 concerning the Corporate Secretary of Issuers or Public Companies, one of the functions of Corporate Secretary is as a liaison between the Company and shareholders, OJK, and other stakeholders. The internal policy regulating the relationship between Bank Mandiri and Shareholders is the Policy and Standard Operating Procedure of Corporate Secretary which, among others, regulates the Corporate Communication Activity.

Equal Treatment to Shareholders

Pursuant to the regulations of the Capital Market, Bank Mandiri upholds equality principles for all shareholders (majority or minority). This commitment is reflected in the internal regulations as stated in the Bank Mandiri Operations Policy and Standard Operating of Bank Mandiri Corporate Secretary that are periodically reviewed, regulating equal rights for all shareholders to attain information transparency from Bank Mandiri, such as information on the company performance, financial information, and other information required by all shareholders.

Equal treatment to shareholders is also reflected in the implementation of the Company GMS. Each shareholder is entitled to propose the GMS agenda to the Company.

GENERAL MEETING OF SHAREHOLDERS

The General Meeting of Shareholders (GMS) is the highest decision-making body in Bank Mandiri's corporate governance structure. It serves as the primary forum where shareholders exercise their rights and make key decisions regarding the direction of the company. These decisions include critical aspects such as the appointment or dismissal of members of the Board of Commissioners and Board of Directors, approval of financial statements, distribution of dividends, and amendments to the Company's Articles of Association. The GMS ensures that shareholders have a direct influence on strategic and operational matters that impact the Bank's future.

GENERAL MEETING OF SHAREHOLDERS

The GMS serves as a platform for shareholders to exercise their rights, express opinions, and obtain information related to the Company, provided it pertains to the meeting agenda and aligns with the Company's Articles of Association and legal provisions. It is also the forum where shareholders make key decisions regarding their capital investments in the Company. Additionally, the GMS functions as an accountability platform where the Board of Directors and Board of Commissioners report on their stewardship and performance over the past financial year.

The GMS operates in accordance with the principles of transparency, accountability, and fairness, ensuring that all shareholders are provided with equal access to information and decision-making processes.

Legal Basis of GMS Implementation

Implementation of GMS in Bank Mandiri refers to the following regulations:

1. Law No. 40 of 2007 concerning Limited Liability Company.
2. POJK No. 15/POJK.04/2020 concerning the Plan and Implementation of General Meeting of Shareholders of a Public Company.
3. POJK OJK No. 16/POJK.04/2020 concerning the Electronic Implementation of General Meeting of Shareholders of a Public Company.

The Company's GMS

The GMS consists of an Annual GMS (AGMS) and Extraordinary GMS (EGMS). AGMS must be held no later than the 6 (six) months after the closing of the Company's financial year, while EGMS can be held at any time as required with due regard to the legislation and articles of association of the Company.

The AGMS is held once a year and focuses on reviewing the Company's performance over the past fiscal year, approving financial results, and addressing routine matters such as dividend distribution and

director or commissioner appointments. On the other hand, the EGMS can be convened at any time, as needed, to address urgent or extraordinary matters that arise outside the scope of the AGMS. This flexibility ensures that the Bank can respond swiftly to significant issues that require shareholder approval, such as mergers, acquisitions, or capital restructuring.

Prior to the meeting, shareholders are given sufficient notice and detailed agendas to ensure that they are well-informed and able to participate effectively. Voting during the GMS is conducted transparently, with decisions typically made through a deliberative process. In cases where consensus cannot be reached, a voting mechanism is used, and results are publicly disclosed, ensuring the process aligns with good governance practices and regulatory requirements, including those set by the OJK.

In addition to the implementation of the GMS as referred to in OJK Regulations regarding the plan and implementation of the GMS of Public Companies, the Company can conduct the GMS electronically in accordance with the laws and regulations in the Capital Market.

Pursuant to Article 20 of the Articles of Association, the Company may conduct the GMS electronically (hereinafter referred to as "e-GMS") by using the e-GMS provided by:

1. Depository and Settlement Institution appointed by regulators in Capital Market;
2. Provider of e-GMS, namely the party that provides and manages the e-GMS; or
3. Company; as specifically stipulated in the Capital Market regulations.

The GMS Authorities

The GMS has authorities stipulated by law, including:

1. Appoint and discharge members of the Board of Commissioners and/or the Board of Directors;
2. Determine remuneration for the Board of Commissioners and the Board of Directors;

GENERAL MEETING OF SHAREHOLDERS

3. Evaluate performance of the Board of Commissioners and the Board of Directors;
4. Ratify amendments to the Articles of Association.
5. Approve the annual report;
6. Determine allocations of profits including dividend distribution to shareholders;
7. Appoint public accountant;
8. Approve corporate actions in relation to the Company's stewardship.

The GMS resolutions are made based on the Company's long-term business interests. GMS and/or shareholders cannot intervene the implementation of duties, functions and authorities of the Board of Commissioners and The Board of Directors notwithstanding GMS authorities in accordance with the Articles of Association as well as laws and regulations.

Rights of Shareholders in the GMS

Pursuant to the Company's Articles of Association, the following are the shareholders' rights in the GMS:

1. Shareholders, either alone or represented based on a proxy, are entitled to attend the GMS.

2. Shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS invitations.
3. In the event of the second GMS and third GMS, the provisions for shareholders who are entitled to attend are as follows:
 - a. for the second GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day before the invitations of the second GMS; and
 - b. for the third GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day prior to the invitations of the third GMS.
4. In the event of a recall, the shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS recall.
5. In the event that the invitations correction does not result in a recall, the shareholders who are entitled to attend follow the shareholder provisions as referred to in letter b above.

GENERAL MEETING OF SHAREHOLDERS

Quorum Provision

The quorum provisions regarding the attendance and resolutions of GMS, in relation to matters that must be resolved, were executed as follows:

1. The meeting is attended by shareholders who represent more than 1/2 (one half) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.
2. In the event that presence quorum as specified is not achieved, the second GMS is valid and is entitled to make binding resolutions when attended by shareholders who represent minimum 1/3 (one third) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.

3. In the event that attendance rate of the second GMS as specified is not achieved, the third GMS can be held under the condition that it is valid and is entitled to make decisions when attended by shareholders of shares with valid voting rights, within a presence quorum and requirement to make decision that are determined by Financial Services Authority at the Company's request.

Decision Making Mechanisms

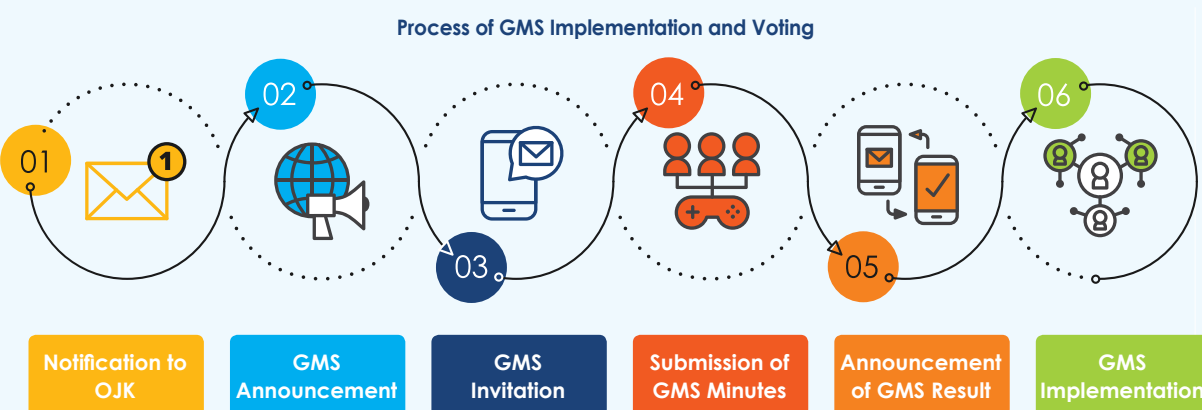

The decision-making mechanism in the meeting is conducted by deliberation to reach consensus. But if deliberation for consensus was not reached, then the decision making in the Meeting was conducted in a way voting. Voting is carried out verbally with shareholders who vote disagree or abstain being asked to submit the sound card. Voting is conducted transparently, except for the agenda of the change of management that is carried out by closed voting.

Status: Realized

BOARD OF COMMISSIONERS

The Board of Commissioners at Bank Mandiri holds an essential role in overseeing the management policies and overall direction of the Board of Directors concerning the Bank and its business activities. The Board is entrusted with providing strategic advice to the Board of Directors and monitoring the execution of the Company's Long-Term Plan, Work Plan, and Budget, by adhering to the provisions outlined in the Articles of Association, the GMS resolutions, and prevailing laws and regulations.

BOARD OF COMMISSIONERS

In performing their duties, the Board of Commissioners adheres to a range of standards, including the principles of prudential banking, professional ethics, and good corporate governance. Each member is expected to have high integrity, knowledge, and the capability to commit the necessary time to fulfill their responsibilities. The Board's composition is designed to promote effective and timely decision-making, free from conflicts of interest that may affect their independency. These are crucial to ensure objective oversight and maintaining the Bank's alignment with its long-term strategic goals.

BOARD OF COMMISSIONERS APPOINTMENT BASIS

Members of the Board of Commissioners are appointed and dismissed by the GMS. The Board primary responsibility is to oversee the Board of Directors in managing the overall operations and strategy of the Bank. Through this oversight, the Board ensures that the management's policies are in line with the Bank's objectives and that operational decisions foster the long-term business sustainability. The Board also ensures that the Bank remains compliant with regulatory and corporate governance requirements.

All members of the Board of Commissioners have passed the fit and proper tests and have obtained approval from the OJK, indicating that each member of the Board of Commissioners has adequate integrity, competence and financial

reputation in accordance with OJK Regulation No. 27/POJK.03/2016 concerning Capability and Compliance Assessment for The Main Party of Financial Services Institution that prospective members of the Board of Commissioners must obtain approval from the OJK prior to carrying out its actions, duties and functions as the Board of Commissioners.

BOARD OF COMMISSIONERS COMPOSITION

In 2024, the composition of the Company's Board of Commissioners underwent changes as described below.

Based on the resolution of the Annual GMS on March 7, 2024, the AGMS approved the following:

- The reappointment of M. Chatib Basri as President Commissioner/Independent;
- The reassignment of Zainudin Amali from Independent Commissioner to Vice President Commissioner/Independent;
- The reappointment of Rionald Silaban as Commissioner;
- The appointment of Tedi Bharata as Commissioner.

Following the Annual GMS on March 7, 2024, the Board of Commissioners was composed of 10 (ten) members, consisting of 1 (one) President Commissioner/ Independent, 1 (one) Vice President Commissioner/ Independent, 3 (three) Independent Commissioners, and 5 (five) Commissioners. All members of the Board of Commissioners are domiciled within the working area of Bank Mandiri's Head Office.

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS

The composition of the Board of Commissioners as of December 31, 2024, is as follows:

Board of Commissioners Composition and Appointment Basis

Name	Position	Basis for Appointment	Effective Date	Period

*] Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on 7 March 2024.

**] Appointed as Commissioner effective from the Annual GMS on 7 March 2024.

BOARD OF COMMISSIONERS CHARTER

In carrying out its duties, the Board of Commissioners refers to a working guideline known as the Board of Commissioners Charter (BOC Charter), which was updated and ratified by the Decree of the Board of Commissioners No. KEP.KOM/008/2023 dated 30 November 2023. This Charter establishes structured and systematic work procedures. Serving as a reference for the Board of Commissioners, the BOC Charter is designed to guide in fulfilling the Board duties and responsibilities. The Charter is formulated in accordance with the Limited Liability Company Law, Capital Market Law, OJK Regulations, Minister of SOE Regulations, and the Company's Articles of Association.

The BOC Charter regulates the following matters:

1. Duties, Responsibilities and Authorities of the Board of Commissioners
 - a. Duties and Responsibilities
 - b. Rights and Authorities
 - c. Information Disclosure, Conflict of Interest, and Prohibition
 - d. Work Ethics and Corporate Culture
2. Governance of Supporting Organs of the Board of Commissioners
 - a. Committees of the Board of Commissioners
 - b. Secretary of the Board of Commissioners
3. Meetings of the Board of Commissioners
 - a. Meeting Provisions
 - b. Meeting Participants
 - c. Chairman of the Meeting
 - d. Meeting Invitation
 - e. Meeting Materials
 - f. Quorum and Meeting Decision
 - g. Minutes of Meeting
4. Working Mechanism
 - a. Division of Tasks
 - b. Report
 - c. Commissioner's Working Time
 - d. Document Signing
 - e. Official Travel
 - f. Board of Commissioners Performance Evaluation
5. Others
 - a. Continuing Education
 - b. Change
6. Closing

BOARD OF COMMISSIONERS DUTIES AND RESPONSIBILITIES

In accordance with the BOC Charter, the duties, obligations, and responsibilities of the Board of Commissioners are clearly outlined to guide their activities, and ensure that the Bank operates within the prevailing laws and regulations. The following outlines the specific duties and obligations of the Board of Commissioners as defined in the Charter.

1. The Board of Commissioners has the duties to supervising the interests of the Company on the policies and management of the Board of Directors, providing advice to the Board of Directors, and being responsible for such supervision, in accordance with the aims and objectives of the Company as stipulated in the provisions of laws and regulations, articles of association, and resolutions of the GMS.
2. The Board of Commissioners shall carry out its duties, authorities and responsibilities in good faith and with prudential principles, and comply with the provisions of laws and regulations and the Articles of Association.
3. In conducting supervision, the Board of Commissioners shall direct, monitor, and evaluate the implementation of integrated governance, risk management, and compliance, as well as the Company's strategic policies, in line with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
4. The Board of Commissioners shall receive and exercise the authority delegated and/or granted to the Board of Commissioners in accordance with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
5. In carrying out supervision, the Board of Commissioners is prohibited from participating in decision making on the Company's operational activities, except:
 - a. provision of funds to related parties, in line with POJK regarding the maximum limit of lending and large exposures for commercial banks, POJK regarding the maximum limit of distribution of funds and distribution of large exposures for sharia commercial banks; and
 - b. other matters stipulated in the Company's Articles of Association or the provisions of laws and regulations.

BOARD OF COMMISSIONERS

6. Decision making on the Company's operational activities by the Board of Commissioners as referred to in paragraph (5) is part of the supervisory duties by the Board of Commissioners so as not to negate the responsibility of the Board of Directors for the implementation of the Company's management.
7. In carrying out its supervisory and advisory duties as referred to in article (1), the Board of Commissioners shall be responsible to:
 - a. Ensure the implementation of effective and sustainable good governance;
 - b. Safeguard the interests of the Company with due regard to the interests of the Shareholders and being responsible to the GMS;
 - c. Provide opinion and approval of the Company's Annual Work Plan and Budget, Sustainable Finance Action Plan, as well as work plans and other strategic matters prepared by the Board of Directors in accordance with the provisions of the Articles of Association;
 - d. Prepare the annual work plan and budget of the Board of Commissioners which is an integral part of the Company's Annual Work Plan and Budget;
 - e. Follow the development of the Company's activities, provide opinions and suggestions to the GMS on issues deemed important and material to the Company.
 - f. Report to the GMS for an indication of decline in the Company's performance with recommendations on the corrective measures that must be taken;
 - g. Examine and review the periodic reports and Annual Report prepared by the Board of Directors and sign the Annual Report;
 - h. Provide explanations, opinions and recommendations to the GMS regarding the Annual Report, if requested;
 - i. Report the implementation of supervisory duties that have been carried out during the previous fiscal year to the GMS;
- j. Evaluate and decide on requests from the Board of Directors relating to transactions that require the approval of the Board of Commissioners, including proposed internal provisions that by regulation require the approval of the Board of Commissioners;
- k. Conduct active supervision and evaluation of at least:
 - i) Follow-up of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditor, supervisory results of the Financial Services Authority and/or supervisory results of other authorities and institutions;
 - ii) Implementation of the compliance function;
 - iii) Implementation of Risk Management and Capital Management in an integrated manner in accordance with the characteristics and complexity of the Financial Conglomeration business within the Company;
 - iv) Effectiveness of Anti-Fraud Strategy (SAF) implementation and code of conduct implementation among others related to Fraud prevention for all levels of the organization;
 - v) Implementation of Anti-Money Laundering Program, Prevention of Financing of Terrorism, and Prevention of Financing of Proliferation of Weapons of Mass Destruction;
 - vi) Implementation of Remuneration policy;
 - vii) Information Technology (IT) strategic plan and IT governance;
 - viii) Risk management policies and strategic plans related to cybersecurity
 - ix) Recovery Plan and Resolution Plan and updates, including approvals; and
 - x) Implementation of the Company's Social & Environmental Responsibility Program (TJSL).

BOARD OF COMMISSIONERS

- l. Reporting to the Financial Services Authority no later than 5 (five) business days from the discovery of:
 - i) Violation of the provisions of laws and regulations in the area of finance, banking, and related to the Company's business activities; and/or
 - ii) Circumstances or estimates of circumstances that may jeopardize the Company's business continuity.
- m. Ensuring the implementation of the Internal Control System both individually and integrated. Specifically in the implementation of the Internal Control System, the Board of Commissioners is also responsible for:
 - i) Ensuring that the Board of Directors prepares and maintains an adequate, effective, and efficient Internal Control System;
 - ii) Reviewing the effectiveness and efficiency of the Internal Control System based on information obtained from the Internal Audit Unit at least once a year; and
 - iii) Appointing an independent quality controller from external parties to review the performance of the Internal Audit Unit, at least once every 3 (three) years.
- n. In relation to the appointment of Public Accountant (AP) and Public Accounting Firm (KAP) that will perform audit services of the Company's Annual Financial Statements:
 - i) The Board of Commissioners through the Audit Committee conducts the procurement process of KAP candidates in accordance with the provisions on procurement of goods and services of the Company, and if necessary, may request the assistance of the Board of Directors in the procurement process; and
 - ii) Propose to the GMS the appointment of AP and KAP that will audit the Company's Annual Financial Statements.
- o. Carry out other obligations in the context of supervisory and advisory duties, as long as they do not conflict with laws and regulations, the Articles of Association, and/or the GMS Resolution.
8. The Board of Commissioners shall have a Code of Conduct that is binding for each member of the Board of Commissioners.
9. In order to carry out the activities of the President Commissioner, the President Commissioner has the duties and responsibilities to:
 - a. Inviting the Board of Commissioners Meeting in writing which is submitted to all members of the Board of Commissioners by stating the agenda, date, time, and place of the meeting; and
 - b. Coordinating and ensuring the implementation of duties and Meetings of the Board of Commissioners and Meetings of Committees of the Board of Commissioners in accordance with prevailing laws and regulations.

Duties and Responsibilities of President Commissioner

Based on the BOC Charter, the duties and responsibilities of the President Commissioner are as follows:

1. Inviting to the Board of Commissioners Meeting in writing, submitted to all members of the Board of Commissioners by stating the agenda, date, time and place of the meeting.
2. Coordinating and ensuring the implementation of duties and meetings of the Board of Commissioners and the Board of Commissioner's Committee Meeting in accordance with prevailing regulations.

Board of Commissioners Rights and Authorities

The rights and authorities of the Board of Commissioners are as follows:

1. Providing decisions on the actions of the Board of Directors as stipulated in the Company's Articles of Association.
2. Each Commissioner, collectively or individually at any time has the right to enter the buildings and areas or other places used or controlled by the Company and has the right to examine books, letters of evidence, inventories goods, examine and match the cash situation for verification and securities purposes as well as to know all actions taken by the Directors.
3. Actions in such cases as mentioned in paragraph (2) shall be carried out in the capacity of the Board of Commissioners and shall be reported at the Board of Commissioners meeting on such actions.
4. If deemed necessary, the Board of Commissioners has the right to request the assistance of experts in carrying out their duties for a limited period at the Company's expense.
5. Each Commissioner has the right to request an explanation of all matters from the Board of Directors as well as from all levels below it, and the Board of Directors must provide an explanation.
6. Each Commissioner has the right to attend meetings held by the Directors or subordinate units without participating in the decision making.
7. The Board of Commissioners with the most votes at any time have the right to temporarily dismiss one or more members of the Board of Directors, if proven to be acting contrary to the Articles of Association or proven to have neglected their obligations or there is an urgent reason for the Company.
8. The temporary termination must be notified in writing to the person concerned along with the reasons for the action.

9. Within 90 (ninety) days after the date of the temporary dismissal, the Board of Commissioners is required to hold a General Meeting of Shareholders which will decide whether the relevant member of the Board of Directors will be permanently dismissed or returned to his position, where he is given the opportunity to attend and defend himself.
10. Approving the appointment and dismissal of the Corporate Secretary and Head of the Company's Internal Audit Unit which is proposed by the Directors and recommended by the Audit Committee.
11. Conducting other supervisory authorities as long as they do not conflict with the laws and regulations, the Articles of Association, and/or GMS Decree.

BOARD OF COMMISSIONERS OVERSIGHT DUTIES ASSIGNMENT

To enhance the effectiveness of the Board of Commissioners in fulfilling its functions and duties, specific roles have been assigned to each member. These assignments are made without diminishing the rights, obligations, responsibilities, or authority of any individual member in carrying out their roles. The assigned duties are as follows:

Name	Position	Assignments

*) Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on 7 March 2024.
 **) Appointed as Commissioner effective from the Annual GMS on 7 March 2024.

DECISION REQUIRING THE APPROVAL OF THE BOARD OF COMMISSIONERS

The decisions that require the approval of the Board of Commissioners are stipulated in the Company's Articles of Association and the Board of Commissioners Decree No. KEP.KOM/004/2020 dated 26 November 2020 concerning the Determination of the Limitations of Actions of the Board of Directors of PT Bank Mandiri (Persero) Tbk that must obtain written approval from the Board of Commissioners and Dwiwarna A Series Shareholders, and the GMS. The decisions that need to be approved by the Board of Commissioners include:

1. Releasing/transferring and/or pledging the Company's assets with criteria and values exceeding a certain amount determined by the Board of Commissioners, taking into account legislation in the capital market and banking sector for a nominal value of Rp200 billion to Rp500 billion.

2. Establishing cooperation with business entities or other parties, in the form of joint operations (KSO), business cooperation (KSU), licensing cooperation, Build-Operate and Transfer (BOT), Build-Owned Ownership (Build, Operate and Own/BOO) and other agreements having the same nature, the term of which or the value exceeds the value determined by the Board of Commissioners for a nominal of Rp200 billion to Rp500 billion and a period of 5-10 years.
3. Conducting capital participation, releasing capital participation including changes in capital structure with a certain value determined by the Board of Commissioners of other companies, subsidiaries and joint ventures that are not in the framework of saving receivables, by taking into account provisions in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.
4. Establishing a subsidiary and/or joint venture of a certain value determined by the Board of Commissioners by taking into account legislation in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.
5. Proposing representatives of the Company to become prospective members of the Board of Directors and Board of Commissioners of subsidiaries that make significant contributions to the Company and/or strategic values according to the Limits and/or criteria set by the Board of Commissioners.
6. Joining, merging, taking over, separation and dissolution of subsidiaries and joint ventures with a certain value determined by the Board of Commissioners by observing the laws and regulations in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.

BOARD OF COMMISSIONERS TENURE

Pursuant to the Company's Articles of Association, members of the Board of Commissioners are appointed and dismissed by GMS. The GMS is attended by shareholders of Series A Dwiwarna Share and the resolutions of the meeting must be approved by the shareholders. Members of the Board of Commissioners are appointed by the GMS from the candidates proposed by the GMS, from the candidates proposed by shareholders of series A Dwiwarna, and the candidacy is binding to the GMS.

The GMS resolutions on the appointment and dismissal of members of the Board of Commissioners also decide the time for the appointment and dismissal. In the event that GMS does not make the decision, the appointment and dismissal of members of the Board of Commissioners are effective as of the closing of GMS by observing the laws and regulations.

Members of the Board of Commissioners are appointed for a period of time as of the date determined by GMS, which appointed them, and expired on the closing of the 5th (five) Annual GMS following the date of their appointment, provided that it may not exceed the 5 (five) year period, by observing the laws and regulations of the Capital Market, however without prejudice to the rights of GMS to dismiss members of the Board of Commissioners at any time prior to their tenures expire. Following the end of tenure, members of the Board of Commissioners may be reappointed by the GMS for one tenure.

CRITERIA FOR THE BOARD OF COMMISSIONERS MEMBERS

The Board of Commissioners shall meet the criteria as stipulated by OJK Regulation No. 33/POJK.04/2014 as follows:

1. Having good character, morals, and integrity;
2. Being competent in performing legal acts;
3. Within 5 (five) years prior to appointment or during the office, he/she:
 - a. is never declared bankrupt;
 - b. never becomes a member of the Board of Directors and/or member of the Board of Commissioners who is declared as guilty and causes a company to be declared as bankrupt;
 - c. is never penalized for committing a criminal act which causes adverse impact to the country's finance and/or to anything related to financial sector; and
 - d. never becomes a member of the Board of Directors and/or member of the Board of Commissioners who, during his/ her tenure:
 - i) failing to holding Annual GMS;
 - ii) having his/her accountability as a member of the Board of Directors and/or members of the Board of Commissioners not accepted by the GMS or not giving accountability as a member of the Board of Directors; and/or members of the Board of Commissioners to the GMS; and
 - iii) having caused the companies which obtains permission, approval, and registration from Financial Services Authority to fail in fulfilling their obligation to submit annual report and/or Financial Services Authority.
 - e. has commitment to comply to the laws and regulations;
 - f. has knowledge and/or expertise in the fields required by the Company; and
 - g. fulfilling other specified requirements.

BOARD OF COMMISSIONERS NOMINATION AND SELECTION PROCESS

In accordance with the Articles of Association, members of the Board of Commissioners are appointed and dismissed by the GMS, for a period of 5 (five) years effective from the date of GMS appointment. Members of the Board of Commissioners whose office terms are expired may be reappointed by the GMS.

The procedure for the appointment of Bank Mandiri Board of Commissioners refers to OJK Regulation No. 33/POJK.04/2014 on the Board of Directors and Board of Commissioners of Issuers or Public Companies and SOE Minister Regulation No. PER-11/MBU/07/2021 on Requirements and Procedures for Appointment and Dismissal of Members of the Board of Commissioners and Supervisory Board of State-Owned Enterprises as amended by SOE Minister Regulation No. PER-7/MBU/09/2022 on Requirements and Procedures for Appointment and Dismissal of Board Members Commissioner and Supervisory Board of State-Owned Enterprises, and last amended with SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. The procedures for appointing the Board of Commissioners include:

1. Sources of candidates for the Board of Commissioners/Board of Commissioners of SOEs come from:
 - a. Former Director of SOEs.
 - b. Board of Commissioners/Supervisory Board of SOEs.
 - c. Structural Officials and Government Functional Officials.
 - d. Other sources.
2. The GMS/Minister may determine candidates who have been declared to meet the formal requirements and other requirements and have been assessed with the criteria of 'Recommended' to become members of the Board of Commissioners/Supervisory Board of SOEs.
3. For certain SOEs, the determination of a person to be a member of the SOEs Board of Commissioners/Supervisory Board can be done after being declared to have passed the assessment in accordance with sectoral regulations.

BOARD OF COMMISSIONERS

4. In the event that the determination of members of the SOEs Board of Commissioners/Supervisory Board is carried out before the Fit and Proper Test in accordance with sectoral provisions, the actions, duties, and functions as members of the SOEs Board of Commissioners/Supervisory Board are counted from the moment they are declared to have passed the Fit and Proper Test in accordance with sectoral provisions.
5. Members of the SOEs Board of Commissioners/Supervisory Board of as referred to in paragraph (3) have a term of office effective since determined by the GMS/Minister.
6. In the event that a member of the Board of Commissioners/Supervisory Board of a particular SOE is declared not to have passed the Fit and Proper Test in accordance with sectoral provisions, the GMS/Minister may dismiss the member of the Board of Commissioners/Supervisory Board of SOEs by taking into account sectoral provisions.
7. The determination of a person to be a member of the SOEs Board of Commissioners/Supervisory Board can be done by:
 - a. Decision of the Minister as GMS/owner of capital when the entire share/capital of SOE is owned by the State; Or
 - b. The decision of the GMS or the decision of all shareholders is circular if not all shares are owned by the State.
8. For Public Companies, the curriculum vitae of prospective members of the SOEs Board of Commissioners who will be proposed for appointment at the GMS must be available and announced at the GMS prior to making a decision regarding the appointment of the person concerned as a member of the Board of Commissioners of SOEs.
9. Prior to being appointed as a member of the Board of Commissioners/Supervisory Board of SOEs, the person concerned must sign a statement letter resigning from other positions that are prohibited from concurrently serving as members of the Board of Commissioners/Supervisory Board of SOEs starting from the moment the person concerned is appointed as a member of the Board of Commissioners/Supervisory Board.
10. In the event that the person concerned does not resign within the period as stipulated in the laws and regulations, his/her position as a member of the Board of Commissioners/Supervisory Board of SOEs ends at that time limit.
11. In the event that the appointment decision is made by Ministerial Decree or the decision of all shareholders circularly, after the decision is determined, the Deputy processes the submission of the decision letter to the elected members of the Board of Commissioners/Supervisory Board of SOEs.
12. In the submission process as referred to in paragraph (10), the Deputy Minister or Deputy is assisted by primary high leadership officials responsible for law, Assistant Deputies, and Assistant Deputy Sectors.
13. After the submission is made, all documents are submitted to the Deputy for administration.
14. In the case of adoption to be prescribed in the GMS, the presentation of the results of the assessment to the Minister accompanied by a letter of designation of the candidate and a power of attorney to attend and take decisions in the GMS.
15. After the GMS is held, all documents are submitted to the Deputy for administration.
16. The administrative process by the Deputy as referred to in paragraph (12) and paragraph (14) includes documentation of the appointment and assessment process.
17. Members of the Board of Commissioners/Supervisory Board of Elected SOEs sign a statement letter containing the ability to carry out their duties properly and are willing to be dismissed at any time based on the consideration of the Minister/GMS, as stated in Annex VII which is an integral part of this Ministerial Regulation.

BOARD OF COMMISSIONERS

18. Members of the Board of Commissioners/Supervisory Board of SOEs shall take office effectively from the date of submission of the resolution or the date stipulated in the circular resolution of the Minister/GMS/all shareholders.
4. In the event that the Minister does not give notice, the Minister by this Ministerial Regulation authorizes with the right of substitution to the Deputy to make such notification.
5. The Deputy may authorize the Sector Deputy Assistant and the Deputy Assistant to make such notices.

The process of nominating and selecting the Board of Commissioners is carried out through the proposal of the members of the Board of Directors to the GMS by taking into account the recommendations of the Board of Commissioners and the Remuneration and Nomination Committee. Prior to the discussion on the appointment and dismissal of the Board of Commissioners in the GMS, information was provided on the profiles of new and reappointed candidates for the Board of Commissioners.

BOARD OF COMMISSIONERS DISMISSAL MECHANISMS

The resignation and dismissal mechanism of the Board of Commissioners under the SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, are as follows:

1. The Minister/Deputy Minister can evaluate the members of the SOEs Board of Commissioners/Supervisory Board prior to dismissing members of the SOEs Board of Commissioners/Supervisory Board.
2. The results of the Minister/Deputy Minister's evaluation of members of the SOEs Board of Commissioners/Supervisory Board are further processed by the Deputy by submitting the draft Ministerial Decree/GMS regarding the dismissal of members of the SOEs Board of Commissioners/Supervisory Board to obtain determination.
3. The plan to dismiss a member of the SOEs Board of Commissioners/Supervisory Board prior to the end of his/her term of office must be notified in advance to the member of the Board of Commissioners/Supervisory Board of SOEs concerned orally or in writing by the Minister.
4. In the event that the Minister does not give notice, the Minister by this Ministerial Regulation authorizes with the right of substitution to the Deputy to make such notification.
5. The Deputy may authorize the Sector Deputy Assistant and the Deputy Assistant to make such notices.
6. The decision to dismiss on grounds other than being found guilty by a court decision that has permanent legal force and resign is taken after the person concerned is given the opportunity to defend himself.
7. Self-defense may be given directly upon notification to the notifying official.
8. In the case of oral notification and self-defense, it is carried out face-to-face and evidenced by minutes signed by members of the Board of Commissioners/Supervisory Board of SOEs concerned and the notifying official.
9. If the member of the Board of Commissioners/Supervisory Board of SOEs concerned is not willing to sign the minutes then the reason is stated in the minutes of the event.
10. In the event that notification is made at the GMS, self-defense is carried out at the GMS in accordance with the provisions of self-defense as stipulated in the law regarding limited liability companies.
11. In the process of dismissing members of the Board of Commissioners/Supervisory Board of SOEs, the Minister may request the consideration of the Deputy Minister, Deputy and/or Secretary of the Ministry.
12. The determination of the dismissal of members of the SOEs Supervisory Board is carried out by Ministerial Decree.

BOARD OF COMMISSIONERS

13. The determination of the dismissal of members of the SOEs Board of Commissioners can be done by Ministerial Decree as the GMS, GMS resolution, and circular decisions of all shareholders.
14. In the event that the determination of the dismissal of members of the Board of Commissioners/Supervisory Board of SOEs is carried out by Ministerial Decree or circular decision of all shareholders, the Deputy processes the draft Ministerial Decree or the decision of all shareholders circularly.
15. In the event that the determination of dismissal of members of the SOEs Board of Commissioners/Supervisory Board is carried out in the GMS offline and/or online and the Minister cannot attend the GMS in person, the Minister authorizes with the right of substitution to the Deputy Minister to attend and make decisions at the GMS.
16. The Deputy Minister may authorize the Assistant Deputy Sector to attend and make decisions at the GMS.
17. The Minister may authorize the Deputy and/or Secretary of the Ministry to attend and take decisions at the GMS.
18. As long as the dismissal is still in process, the members of the Board of Commissioners/Supervisory Board of SOEs concerned must continue to carry out their duties as they should.
19. The dismissal of members of the Board of Commissioners/Supervisory Board of SOEs can be processed simultaneously with the process of appointing members of the Board of Commissioners/Supervisory Board of the relevant SOEs.
20. The dismissal of members of the SOEs Board of Commissioners/Supervisory Board is effective from the date stipulated in the Ministerial Decree/GMS/all shareholders circularly.

BOARD OF COMMISSIONERS RESIGNATION MECHANISMS

The resignation mechanism of the Board of Commissioners based on the Articles of Association, are as follows:

1. A member of the Board of Commissioners has the right to resign from the position prior to the end of tenure by notifying in writing of the purpose to the Company.
2. The Company shall convene the GMS to resolve the resignation request of member of the Board of Commissioners at the latest 90 (ninety) days after the acceptance of the resignation letter.
3. The Company shall implement disclosure of information to the public and to convey to the OJK at the latest 2 (two) days after the acceptance of the resignation request from member of the Board of Commissioners.
4. Prior to the effective of the resignation, the said member of the Board of Commissioners remains to carry out the obligation to complete the duties and responsibilities according to the Articles of Association and the laws and regulations.
5. The resigning member of the Board of Commissioners may still be requested for responsibilities as a member of the Board of Commissioners until the date of the approval by the GMS.
6. The release of responsibilities to the resigning member of the Board of Commissioners shall be provided after the release from the Annual GMS.
7. In the event that the resignation of a member of the Board of Commissioners resulting in the reduction of numbers of member of the Board of Commissioners to less than 3 (three), such resignation shall be valid upon the GMS stipulation and a new member has been appointed, hence to meet the minimum requirement of member of the Board of Commissioners.

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises Article 70:

1. The position of a member of the Board of Commissioners/Supervisory Board of SOEs ends if:
 - a. passed-away;
 - b. his/her term of office expired;
 - c. dismissed based on the decision of the GMS/Minister; and/or
 - d. no longer meets the requirements as a member of the SOEs Board of Commissioners/Supervisory Board based on the provisions of the articles of association and laws and regulations, including concurrent positions that are prohibited.
2. The term of office ends as referred to in paragraph (1) point b including resigning from office.
3. In the event that the position of a member of the SOEs Board of Commissioners/Supervisory Board ends for reasons as referred to in paragraph (1) letter a, letter b, and letter d then:
 - a. The Deputy shall convey information regarding the situation to the Minister and at the same time process the dismissal in accordance with the provisions of this Ministerial Regulation; and
 - b. The expiration of the position of members of the SOEs Board of Commissioners/Supervisory Board is confirmed by a Ministerial decree or GMS.

POLICIES RELATED TO THE RESIGNATION OF THE BOARD OF COMMISSIONERS GETTING INVOLVED IN FINANCIAL CRIME

Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association, namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation.

BOARD OF COMMISSIONERS

Referring to the Article 14 paragraph (26) letter of the Bank's Articles of Association, the tenure of member of the Board of Commissioners is ended if no longer meet the requirements as member of the Board of Commissioners based on the Articles of Association and other laws and regulations. In the event that a member of the Board of Commissioners is resigning including if involved in the financial crime, hence a concerned member of the Board of Commissioners shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Commissioners within 90 days after the acceptance of the resignation.

BOARD OF COMMISSIONERS AFFILIATES RELATIONSHIP

Affiliation refers to the relationships between members of the Board of Commissioners, Board of Directors, and the Main/Controlling Shareholders of the Company, which may arise from family ties, business interests, or professional associations. Disclosing these affiliations is aimed to prevent conflicts of interest and ensure the independence and objectivity of the Board of Commissioners in carrying out its oversight duties.

The following are criteria of affiliate relationship among members of the Board of Commissioners:

1. Affiliations among members of the Board of Directors and Board of Commissioners.
2. Affiliations among the Board of Commissioners members; and
3. Affiliations among the Board of Commissioners members with Ultimate and/or Controlling Shareholders.

BOARD OF COMMISSIONERS

*] Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on 7 March 2024.

**] Appointed as Commissioner effective from the Annual GMS on 7 March 2024.

BOARD OF COMMISSIONERS CONCURRENT POSITION

The concurrent positions of the Board of Commissioners have been regulated Based on SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises and OJK Regulation No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, as follows:

Concurrent Positions

1. The SOEs Board of Commissioners/Supervisory Board may concurrently serve as the Board of Commissioners in other business entities, provided that it refers to the provisions of sectoral laws and regulations.
2. The SOEs Board of Commissioners/Supervisory Board who concurrently serves as the Board of Commissioners in other business entities as referred to in paragraph (1) must meet the percentage of attendance at meetings of the SOEs Board of Commissioners/Supervisory Board for 1 (one) year of at least 75% (seventy-five percent) of attendance, as a requirement to obtain Tantiem/Performance Incentives/Special Incentives for those concerned.

Prohibition of Concurrent Positions

1. Members of the SOEs Board of Commissioners/Supervisory Board of are prohibited from holding concurrent positions as members of the Board of Commissioners/Supervisory Board of SOEs, except based on special assignment from the Minister.
2. Members of the Board of Commissioners/Supervisory Board are prohibited from holding concurrent positions as members of the Board of Directors at SOEs, other business entities or occupying positions that under laws and regulations are prohibited from concurrently holding the positions of members of the Board of Commissioners/Supervisory Board of SOEs, or positions that may cause a conflict of interest with the relevant SOEs, and sign a statement letter willing to resign from the position if elected as a member of the Board Commissioner/Supervisory Board of SOEs.
3. The term of office of members of the SOEs Board of Commissioners or the Supervisory Board who hold concurrent positions as referred to in paragraph (1) and paragraph (2), expires by law since other members of the SOEs Board of Commissioners/Supervisory Board concerned or members of the Board of Directors or GMS/Minister become aware of the position conflict as intended.

4. Within a period of no later than 7 (seven) days from the date of known the position holder as referred to in paragraph (1) and paragraph (2), other members of the SOEs Board of Commissioners/Supervisory Board concerned or members of the Board of Directors of SOEs, must submit a notification to the GMS/Minister regarding the position dispute, for further termination of the process of determining dismissal.
5. Legal acts committed for and on behalf of SOEs by members of the SOEs Board of Commissioners/Supervisory Board after they expire due to the law as referred to in paragraph (3) are invalid and become the personal responsibility of the members of the SOEs Board of Commissioners/Supervisory Board concerned.
6. The provisions referred to in paragraph (5) do not diminish the responsibility of the members of the Board of Commissioners/Supervisory Board of SOEs concerned for the losses of SOEs caused by the mistakes or negligence of the members of the Board of Commissioners/Supervisory Board of SOEs concerned in carrying out their duties.
7. If the members of the SOEs Board of Commissioners/Supervisory Board consist of 2 (two) members of the SOEs Board of Commissioners/Supervisory Board or more, the responsibilities as referred to in paragraph (6), jointly apply to each member of the SOEs Board of Commissioners/Supervisory Board.

In addition, the Company's Articles of Association also regulates the concurrent position of the Board of Commissioners policy. The Board of Commissioners shall be prohibited from having concurrent positions as:

1. Member of the Board of Directors at SOEs, Regionally-Owned Enterprises, and private enterprises.
2. Committee of political party and/or candidate/member of the House of Representative, House of Regional Representative, Regional People's House of Representative Level I and II, and/or candidate of regional head/vice head.

BOARD OF COMMISSIONERS

3. Other positions pursuant to the applicable laws and regulations.
4. Concurrent positions that may cause a conflict of interest.

Bank Mandiri's Board of Commissioners has disclosed members' concurrent positions and does not have concurrent positions outside those permitted by applicable regulations and can cause conflict of interest which is prohibited by regulations.

The following table describes the concurrent position of the Board of Commissioners.

BOARD OF COMMISSIONERS

MANAGEMENT OF THE BOARD OF COMMISSIONER'S CONFLICTS OF INTEREST

The management of conflict-of-interest for the Board of Commissioners is regulated in the BOC Charter as follows:

1. Pursuant to laws and regulations, each Commissioner shall maintain the information by keeping it confidential including provisions on insider trading and other information that the Company has not disclosed to the public.
2. Each Commissioner shall disclose:
 - a. Ownership of shares in the Company and in other companies domestically or abroad.
 - b. Financial and family relationships with other members of the Board of Commissioners and members of the Board of Directors and their families.
 - c. Other information related to laws and regulations must be disclosed to the public.
3. The Board of Commissioners is prohibited from being involved in making decisions related to banking operational activities and/or making decisions that may cause conflicts of interest.
4. The Board of Commissioners in carrying out its duties, responsibilities and authority is prohibited from using the Company for personal, family, other companies or certain parties' interests in a manner that is contrary to the laws and regulations and the Company's code of ethics.

BOARD OF COMMISSIONERS SHARE OWNERSHIP

Based on POJK 17/2023 Article 57 letter a, the Board of Commissioners has disclosed share ownership of 5% (five percent) or more, either in the Bank concerned or in other banks and/or companies, both domestically and internationally. The share ownership of Bank Mandiri's Board of Commissioners is described in the table below.

Board of Commissioners Share Ownership as of 31 December 2024

*] Transition of assignment to become Vice President Commissioner based on the resolution of the Annual GMS 7 March 2024.
 **] Serves effective as of the resolution of the Annual GMS 7 March 2024.

DISCLOSURE OF SHARE OWNERSHIP OF MEMBERS OF THE BOARD OF DIRECTORS AND BOARD OF COMMISSIONERS

In line with POJK No. 4 of 2024 concerning Reports of Shareholding or Any Changes in Shareholding in Public Companies and Reports on the Pledging of Shares in Public Companies, the Bank has established a policy that requires members of the Board of Directors and Board of Commissioners to report to the OJK and notify the Bank of their ownership of voting rights over shares and any changes in ownership of voting rights over the Bank's shares, either directly or indirectly, no later than 5 (five) business days after the acquisition or any change in ownership of voting rights over those shares. The policy has been implemented in accordance with the regulations.

In compliance with OJK Regulation No. 17 of 2023 and OJK Circular No. 13/SEOJK.03/2017 on the Implementation of Good Corporate Governance for Commercial Banks, the composition of the Board of Commissioners must consist of at least 50% Independent Commissioners. As of 31 December 2024, Bank Mandiri's Board of Commissioners was composed of 10 members, 5 of whom were Independent Commissioners, representing 50% of the total board members, hence meeting the regulatory requirements. This composition ensures that Bank Mandiri upholds high standards of corporate governance, providing transparent and independent oversight of the Company's activities.

Criteria for Independent Commissioner and Statement of Independent

The criteria of Independent Commissioner refer to the OJK Regulation No. 33/POJK.04/2014 concerning Board of Directors and Board of Commissioners of Issuers or Public Companies, as follows:

INDEPENDENT COMMISSIONERS

Independent Commissioners are members of the Board of Commissioners who are free from any affiliations with the Company, its Board of Directors, other members of the Board of Commissioners, or major shareholders that could potentially influence decision-making. Their primary role is to provide objective oversight, ensuring that the interests of all stakeholders, including minority shareholders, are protected. Independent Commissioners play a crucial role in maintaining corporate governance integrity by acting independently in monitoring the Company's management and strategic decisions.

BOARD OF COMMISSIONERS

Criteria for Independent Commissioner	Independent Commissioners				
	M. Chatib Basri	Zainudin Amali*	Loeke Larasati Agoestina	Muliadi Rahardja	Heru Kristiyana
Shall not become the person who works, has the authority over, or has responsibility to plan, lead, control, or monitor the Bank's activities in the last 6 (six) months except for reappointment as an Independent Commissioner of Public Company for the next period.	√	√	√	√	√
Shall not have shares either directly or indirectly in the Issuer or the Public Company.	√	√	√	√	√
Shall not have affiliate relationship with the Issuer or the Public Company, BOC member, BOD member, or majority shareholders of the Issuer or the Public Company.	√	√	√	√	√
Shall not have any business relationship either directly or indirectly in the Issuer or the Public Company.	√	√	√	√	√

*] Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on March 7, 2024.

The Bank's Independent Commissioner has signed the Statement certifying the fulfilment of criteria as well as independency of position in accordance with the criteria as set under the prevailing regulations and has been submitted to the OJK.

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS

ORIENTATION PROGRAM FOR NEW COMMISSIONERS

Newly appointed members of the Board of Commissioners participate in an orientation program designed to familiarize the Board on its duties and responsibilities. The main objective is to provide a comprehensive understanding of the Bank, its overall condition, core values, vision, and mission, as well as an introduction to the Bank's business activities and its subsidiaries. The program also covers key regulations, procedures, and the implementation of corporate governance practices.

The orientation is conducted by presenting relevant materials, delivered by the appropriate Directors and coordinated by the Corporate Secretary.

In addition, new Commissioners are provided with a Board Manual that stipulates the duties and responsibilities, including the Bank's Articles of Association, the BOC Charter, Committee Charters, and other essential governance documents. This ensures that new Commissioners have the necessary resources to carry out their roles with a clear understanding of the Bank's governance framework.

In 2024, orientation programs had been held for new Commissioners with the following details:

No.	Name	Position	Date	Training/Seminar Subjects	Trainers
1.	Tedi Bharata	Commissioner	25 March 2024	PSAK 71	Head of Accounting Unit
			3 April 2024	Corporate Plan 2020-2024, RBB 2024-2027, RKAP 2024, and Financial Performance 2024	Head of Strategy & Performance Management Unit
			17 April 2024	Rating and Risk Management Framework	Head of Credit Portfolio Risk Unit
			06 May 2024	GCG, AML CFT & PPPSPM, and Integrated Governance	Head of Compliance Unit
			16 May 2024	IT Management	Head of IT Unit

BOARD OF COMMISSIONERS MEETING

The procedures and requirements for Bank Mandiri Board of Commissioners meetings are outlined in the BOC Charter and align with POJK No. 17 of 2023. The key provisions for these meetings are as follows:

- Meeting Frequency:** The Board of Commissioners is required to hold regular meetings of the Board of Commissioners at least once every 2 (two) months.
- Joint Meetings with the Board of Directors:** The Board of Commissioners must hold joint meetings with the Board of Directors at least once every 4 (four) months.

- Quorum Requirements:** Meetings of the Board of Commissioners and Joint Meetings with the Board of Directors are held if attended by the majority of the Board of Commissioners members.

- Meeting Attendance:** The Board of Commissioners must attend meetings in person at least 2 (two) times a year. Non-Independent Commissioners who cannot physically attend may participate in meetings of the Board of Commissioners via face-to-face interaction using information technology.

- Meeting Decision-Making:** Decisions in meetings of the Board of Commissioners must first be made based on deliberation for consensus. If consensus cannot be reached, decisions are made by majority vote. All decisions of the Board of Commissioners are binding for all members of the Board of Commissioners.

Meeting Materials: All relevant materials for the Board of Commissioners meetings must be distributed to participants no later than 5 (five) days before the meeting. If a meeting is held outside the regular schedule, materials can be provided prior to the meeting.

Leadership and Documentation: Meetings are chaired by the President Commissioner. If the President Commissioner is absent, the meeting will be chaired by a designated Commissioner. All meetings are documented in minutes of the meeting, distributed to all Commissioners, and recorded in the official archives of the Company. Any dissenting opinions expressed during the Board of Commissioners meetings must be clearly stated in the minutes of the meeting, including the reasons for the dissent.

Board of Commissioners Meetings Plan

The Board of Commissioners' meetings plan for 2024 as uploaded on the Bank Mandiri website are as follows:

***) The term of office ends effectively from the Annual GMS on 7 March 2024.

IMPLEMENTATION OF DUTIES AND RESPONSIBILITIES OF THE BOARD OF COMMISSIONERS

Advisory Frequency and Procedures to the Board of Directors

The advisory role of the Board of Commissioners to the Board of Directors is executed through both formal and informal channels, ensuring comprehensive guidance and oversight. This two-pronged approach enables the Board of Commissioners to provide strategic advice and real-time consultation when needed.

Formal meetings serve as the primary platform for structured discussions and decision-making. These are divided into three key types:

1. The meetings of Supporting Committee of the Board of Commissioners, consisting of the Audit Committee Meetings, Risk Oversight Committee Meetings, Integrated Governance Committee Meetings and Remuneration and Nomination Committee Meetings.
2. Meeting of the Board of Commissioners (RAKOM), which is an internal meeting of the Board of Commissioners and/or by inviting the Director of the related field.
3. Meeting of the Board of Commissioners with the Board of Directors (RAKOMDIR), namely the Joint Meeting of the Board of Commissioners and the Board of Directors.

Informal advisory between the Board of Commissioners and the Board of Directors provides flexibility and immediacy in addressing emerging issues, or urgent matters or ongoing projects, hence enhancing the decision-making processes.

By combining formal meetings with informal consultations, the Board of Commissioners ensures that it provides well-rounded, continuous oversight and guidance to the Board of Directors, fostering a strong collaborative environment that supports the Bank's growth and governance objectives.

Board of Commissioners Supervisory on the Implementation of Corporate Strategy

Pursuant to OJK Regulation No. 5/POJK.03/2016 concerning the Bank Business Plans, the Board of Commissioners shall carry out supervision on the implementation of the Bank Business Plan that includes policies and management strategies. The results of the supervision are set forth in the Supervision Report on the Implementation of the Bank's Business Plan which is submitted to the Financial Services Authority every half year.

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS

In addition, the Board of Commissioners also submit Supervision Report on Performance and KPI Achievement quarterly to the Ministry of SOEs as Dwiwarna Series A Shareholders.

In 2024, the Board of Commissioners has prepared and submitted the following Supervision Report on the Implementation of the Bank's Business Plan:

No.	OJK	Ministry of SOEs
1.	Letter No. KOM/032/2024 dated 21 February 2024 concerning Bank Business Plan Supervision Report 2023 – 2025 of PT Bank Mandiri (Persero) Tbk Second Semester of 2023. 		Letter No. KOM/012/2024 dated 31 January 2024 concerning Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk Year 2023.

Report on supervision of the implementation of the Bank's Business Plan submitted to OJK and Responses to the Achievement of the Bank's Performance and KPI submitted to the Ministry of SOEs includes reports on:

1. Assessment of the Board of Commissioners regarding the implementation of the Bank Mandiri Business Plan in the form of evaluating both quantitative and qualitative aspects of the realization of the Business Plan.
2. The Board of Commissioners' assessment of the factors that affect Bank Mandiri's performance in general, particularly regarding capital, profitability, risk profiles, especially credit risk, market risk, and liquidity risk.
3. Assessment of the Board of Commissioners regarding efforts to improve the performance of Bank Mandiri, in the case that according to the assessment concerned the performance of the Bank as referred to in point 2 above has decreased.

The assessment of the Board of Commissioners in points 1-3 was also complemented with external factors assessment affecting the Bank's performance.

Board of Commissioners Duties Implementation

The Board of Commissioners has fulfilled its duties, obligations, and responsibilities by overseeing the Bank's policies and management in accordance with prevailing laws and regulations, the Bank's Articles of Association, and the annual Work Plan established at the beginning of the year.

These supervisory functions were carried out through a series of Board of Commissioners meetings, joint meetings with the Board of Directors, and joint evaluations with supporting committees under the Board of Commissioners. This collaborative approach ensures thorough oversight and effective evaluation of the Bank's management and strategic direction.

The following were implementation of duties of the Board of Commissioners during 2024:

1. Supervised the policies and management conducted by the Board of Directors during 2024, including oversight of the implementation of the 2024 Work Plan and Budget (RKAP), the 2024–2026 Bank Business Plan (RBB), the 2024–2028 Sustainable Finance Action Plan (RAKB), and the 2024 IT Strategic Plan.
2. Ensured that good governance was applied effectively and sustainably.
3. Actively monitored and evaluated at least the following:
 - a. follow-up actions of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditors, supervision results from the Financial Services Authority (OJK), and/or supervision results from other authorities and institutions;
 - b. implementation of compliance functions;
 - c. Company's soundness level;
 - d. implementation of Risk Management and Capital Management on an integrated basis in accordance with the characteristics and complexity of the Financial Conglomerate's business within the Company;
 - e. effectiveness of the implementation of the Anti-Fraud Strategy (SAF) and the code of ethics, particularly regarding fraud prevention across all organizational levels;
 - f. implementation of the Anti-Money Laundering Program, the Prevention of Terrorism Financing, and the Prevention of the Financing of the Proliferation of Weapons of Mass Destruction;
 - g. implementation of the Remuneration Policy;
 - h. Information Technology (IT) strategic plan and IT governance implementation for 2024;
 - i. policies and strategic risk management plans related to established cybersecurity;
 - j. Recovery Plan and Resolution Plan along with their updates, including granting approvals; and
 - k. implementation of the Company's Corporate Social and Environmental Responsibility (TJSL) Program.

4. Conducted periodic monitoring of Human Resources (Manpower Planning) aligned with the Corporate Plan, RBB, and the actual needs of long-term business development, particularly in IT, Credit, and Risk.
5. Conducted periodic monitoring of the implementation of various Corporate Actions by the Company and its Subsidiaries during 2024.
6. Conducted periodic monitoring of the performance and risk mitigation developments of Subsidiaries/Sub-Subsidiaries, as well as synergy development, throughout 2024.
7. Provided direction, monitored the preparation, and granted approvals for proposals, including the 2025 RKAP, 2025–2027 RBB, 2025–2029 RAKB, the 2024 Recovery Plan Update, and the 2024 Resolution Plan.
8. Followed the development of the Company's activities, provided opinions and advice to the Board of Directors on issues deemed important and material for the Company's management, including those related to the internal and external audit findings during 2024.
9. Proposed the appointment of a Public Accountant (AP) and/or Public Accounting Firm (KAP) to audit the Consolidated Financial Statements ending December 31, 2024, to the 2023 Annual GMS.
10. Reviewed the audits conducted by the KAP on the 2023 and 2024 Financial Statements of Bank Mandiri.
11. Reviewed the talent pool and each proposed candidate for the Board of Directors and Board of Commissioners to be submitted at the GMS.
12. Periodically evaluated the performance of the Board of Directors during 2024 and reviewed the KPI achievements of the Board of Directors and the Board of Commissioners.
13. Reviewed and made decisions on each proposal/action from the Board of Directors requiring written approval from the Board of Commissioners as stipulated by prevailing laws and the Articles of Association.

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS

14. Ensured that the Board of Directors developed and maintained an adequate, effective, and efficient Internal Control System (SPI) and assessed the effectiveness and efficiency of SPI based on information obtained from the Audit Committee and the Internal Audit Unit.
15. Approved proposals for the dismissal and appointment of the Corporate Secretary and Chief Audit Executive (CAE).
16. Approved the proposal for an Independent Consultant for the Quality Assurance Review (QAR) of Bank Mandiri's Internal Audit Function for 2024, as well as the Annual Audit Plan (AAP) and Budget Allocation for the Internal Audit Unit for 2025.
17. Submitted supervisory reports and recommendations for improvements regarding the realization of the RBB, which were then forwarded to the OJK every semester and to the Ministry of SOEs every quarter.
18. Held 28 (twenty-eight) Board of Commissioners Meetings and 12 (twelve) Joint Meetings with the Board of Directors to discuss specific aspects of concern to the Board of Commissioners.

Board of Commissioners Recommendations and Decisions

Throughout 2024, the Board of Commissioners has provided strategic direction, and ensured sound governance. The recommendations and decisions made by the Board were designed to enhance the Bank's operational performance, align with regulatory requirements, and foster sustainable growth. The Board executed its duties and responsibilities through the following key forums:

- 1. Board of Commissioners Meetings:** A regular meeting to review and discuss critical aspects of the Company's performance, strategic direction, and risk management. These meetings provided a formal platform for Commissioners to evaluate the financial reports, operational plans, and compliance with governance practices.
- 2. Joint Meetings with Committees Under the Board of Commissioners:** The meeting between the Board of Commissioners and its supporting Committees in ensuring that specific areas of governance were deeply analyzed.
- 3. On-site Visits with Committees Under the Board of Commissioners:** The Board of Commissioners with its committees, conducted on-site visits to various operational units, to attain first-hand insights into the Bank's operational challenges and opportunities.

The Board recommendations and decisions throughout 2024 were instrumental in maintaining Bank Mandiri's leadership position in the market while ensuring compliance with regulatory requirements and aligning with long-term goals.

During 2024, the Board of Commissioners issued 52 (fifty-two) approval letters and 14 (fourteen) decrees, among others the approval of funding to related parties, approval of corporate actions, as well as other approvals under the authority of the Board of Commissioners as stipulated in the Articles of Association and prevailing regulations. Some of the agreements were as follows.

RISK MANAGEMENT CERTIFICATION

As stipulated in the Decision of the OJK Board of Commissioners No. KEP-18/D.02/2021 on the Indonesian National Qualification Framework in Banking Risk Management and OJK Circular No. 28/SEOJK.03/2022 on Risk Management Certification for Human Resources in Commercial Banks, Bank Executives (specifically the Board of Commissioners and Board of Directors) are required to hold a Risk Management Certificate issued by a Professional Certification Institution, with the following classifications:

No.	Position	Level	Validity
1.	Commissioner	Minimum Level 6	3 years
2.	Independent Commissioner	Minimum Level 6	3 years
3.	President Director or Director	Level 7	3 years

BOARD OF COMMISSIONERS

Furthermore, the Risk Management Certification Refreshment Program is designed to maintain the competency of holders of the Risk Management Certificate in the Bank risk management. The refreshment program is carried out in compliance with the following provisions:

1. conducted periodically at least once within 1 (one) year after the issuance of the Risk Management Certificate.
2. the programs activities may include in-house training, seminars, dissemination of regulations from relevant authorities, workshops, e-learning, and/or work portfolios related to the Bank risk management.

The refreshment program can be utilized to extend the validity period of the Risk Management Certificate, provided the following criteria are met:

1. the refreshment program is conducted periodically at least once within 1 (one) year.
2. the refreshment program is in the field of Bank risk management.
3. the refreshment program and its organizer are recognized by the Professional Certification Institution (LSP) in the banking sector.

The following is the list of Bank Mandiri's Board of Commissioners who have successfully passed risk management certification:

Name	Position	Certificate Issuing Institution	Level	Date Certificate Issued	Expired Date
M. Chatib Basri	President Commissioner/Independent	LSPP/BNSP	6	30 January 2024	30 January 2027
Zainudin Amali*	Vice President Commissioner/Independent	LSPP/BNSP	6	23 February 2024	23 February 2027

Muhammad Yusuf Ateh	Commissioner	LSPP/BNSP	1***	14 June 2021	14 June 2025
Tedi Bharata**	Commissioner	LSPP/BNSP	6	03 June 2024	03 June 2027

*) Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on 7 March 2024.
 **) Appointed as Commissioner effective from the Annual GMS on 7 March 2024.
 ***) Still in the process of alignment for Level 6

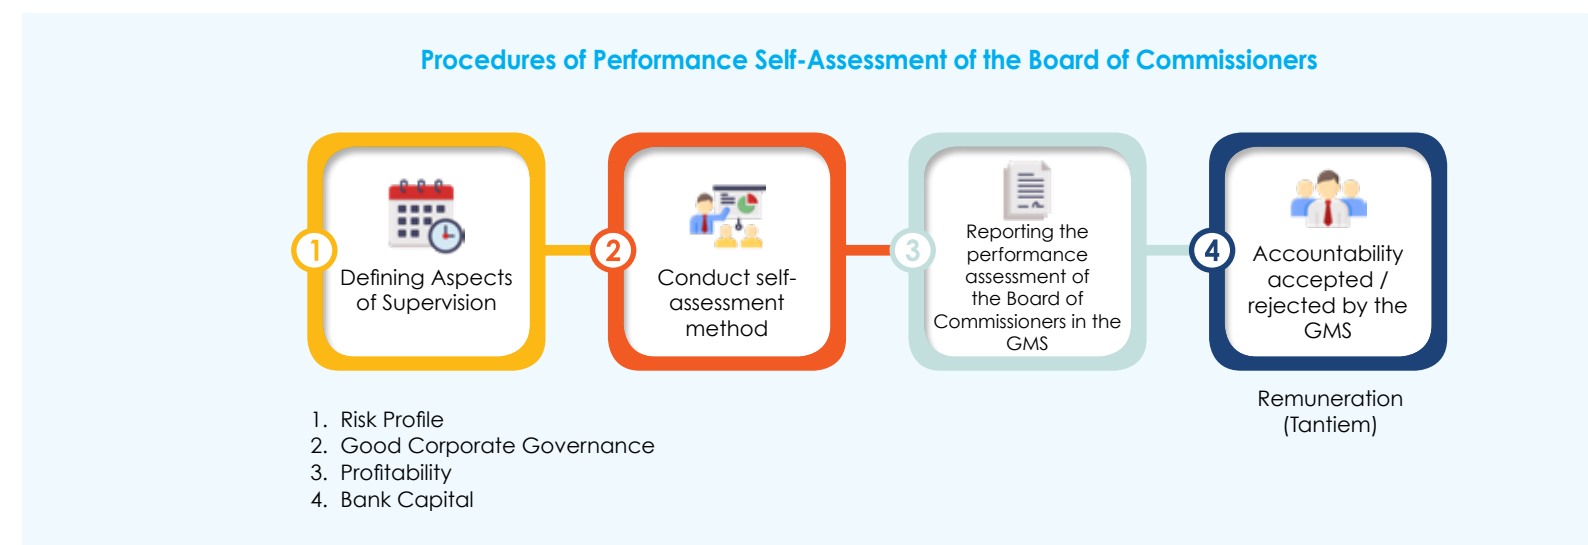

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS PERFORMANCE ASSESSMENT

Assessment Procedure

The performance of the Board of Commissioners is collectively evaluated through a self-assessment process and reported to the GMS, where the Board's performance is presented through a report on the execution of duties to the Shareholders. At the GMS, shareholders review this report and grant full release and discharge (acquit et decharge) to the Board of Commissioners and the Board of Directors for their oversight and management responsibilities during the Fiscal Year.

This procedure ensures transparency and accountability, to evaluate the Board's effectiveness in achieving the Bank's objectives and upholding good corporate governance.

Board of Commissioners Performance Assessment Criteria and Results

The performance assessment of the Board of Commissioners is evaluated based on Key Performance Indicators (KPIs) set at the beginning of the year. These KPIs serve as benchmarks to ensure that the Board fulfills its oversight role effectively and adds strategic value to the Company. The assessment encompasses four critical areas: **Planning, Supervision and Advisory, Reporting, and Business Dynamics.**

1. **Planning:** This aspect focuses on the Board's proactive role in establishing and aligning the Bank's strategic direction. It includes setting clear objectives, ensuring risk management plans are in place, and reviewing the Bank's annual work plan to support sustainable growth.
2. **Supervision and Advisory:** The Board's effectiveness in monitoring management activities and providing timely, strategic advice is measured. The Board ensures that corporate governance principles are upheld and offers insights on operational improvements.

BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS

3. Reporting: This covers the Board's accountability to stakeholders through regular, transparent reports. It involves the quality and timeliness of information provided to the shareholders about the Bank's progress and any significant developments.

4. Business Dynamics: This aspect measures the Board's adaptability to changing market and regulatory conditions. The Board is expected to address emerging challenges and opportunities that may impact the Bank's performance, providing strategic adjustments when necessary.

The following summarizes the achievements of the Board of Commissioners' KPIs for 2024, reflecting their commitment to these core areas and their contribution to advancing the Bank's goals.

No.	Aspect and Parameter	Period	Unit Output	Weight	Plan Output	Realized Output	Score	Result

Assessors

In 2024, the Board of Commissioners conducted a self-assessment to evaluate its performance. This self-assessment process allowed the Board to critically review its effectiveness in fulfilling its roles and responsibilities, ensuring alignment with the Bank's strategic objectives and adherence to good governance principles.

PERFORMANCE ASSESSMENT OF THE COMMITTEES UNDER THE BOARD OF COMMISSIONERS AND ASSESSMENT BASIS

PERFORMANCE ASSESSMENT OF THE COMMITTEES UNDER THE BOARD OF COMMISSIONERS AND ASSESSMENT BASIS

Pursuant to POJK No. 55/POJK.04/2015 on the Establishment and Audit Committees Charter, POJK No. 34/POJK.04/2014 of 2014 on Nomination and Remuneration Committee of Issuers or Public Companies, POJK No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerates, POJK No. 17/2023 on the Governance Implementation for Commercial Banks, as well as SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines of Governance and Significant Corporate Activities of State-Owned Enterprises, in carrying out its duties, the Board of Commissioners receives assistance from committees directly responsible to the Board of Commissioners. These committees execute their duties and responsibilities in accordance with the Committee Charter.

In implementing its oversight functions, the Bank's Board of Commissioners has established 4 (four) committees:

1. Audit Committee
2. Remuneration and Nomination Committee
3. Risk Oversight Committee
4. Integrated Governance Committee

The Board of Commissioners conducts an annual evaluation to assess the effectiveness of the performance of each committee operating under its oversight. For 2024, based on the work programs outlined in each Committee's Work Plan, the Board of Commissioners has determined that the Committees have effectively fulfilled their respective mandates. The Board has reviewed and integrated the recommendations from each

Committee into its decision-making processes. Moreover, communication between the Board of Commissioners and the Committees has been consistent throughout the year, enabling regular discussions on matters relevant to Bank Mandiri. The strong communication framework has supported effective follow-ups on initiatives advanced by the Board of Directors and contributed to efficient decision-making and accountability.

AUDIT COMMITTEE

The Audit Committee conducted 24 (twenty four) meetings in 2024 and has effectively supported the Board of Commissioners in fulfilling its oversight responsibilities during the year, which encompassed key areas such as monitoring internal and external audit functions, providing a structured and comprehensive approach to reviewing audit processes, assessing risk management practices, and enhancing transparency in financial reporting, as well as verifying adherence to relevant laws and regulations.

The details information on the Audit Committee activities is presented in the sub-chapter of Audit Committee in the Corporate Governance Chapter of this Annual Report.

REMUNERATION AND NOMINATION COMMITTEE

The Remuneration and Nomination Committee held 15 (fifteen) meetings in 2024, during which it has provided the Board of Commissioners with recommendations and proposals for candidates who met the qualifications to serve as Members of the Board of Commissioners and the Board of Directors, for submission to the GMS. The proposals were included drafting nomination policies, setting criteria, and defining qualifications for potential candidates, which aligned with the Bank's strategic objectives. In addition to identifying suitable candidates for the Board of Commissioners, the Committee also supported the Board in gathering and analyzing data on potential Board of Directors candidates, sourced from senior executives one level below the Board of Directors.

The Remuneration and Nomination Committee also assisted the Board of Commissioners in establishing an appropriate remuneration system for the Board of Directors and Board of Commissioners. This

included designing a comprehensive package consisting of payroll/honorarium, benefits and allowances, and a bonus (tantiem) plan for 2024.

The details information on the Remuneration and Nomination Committee activities is presented in the sub-chapter of Remuneration and Nomination Committee in the Corporate Governance Chapter of this Annual Report.

RISK OVERSIGHT COMMITTEE

The Risk Oversight Committee held 27 (twenty seven) meetings in 2024, and actively supported the Board of Commissioners by providing key insights and input on the evaluation of risk management practices implemented by the Board of Directors. The Committee reviewed and assessed various risk areas, ensuring that each area was managed in line with the Bank's risk appetite and regulatory requirements.

The details information on the Risk Oversight Committee activities is presented in the sub-chapter of Risk Oversight Committee in the Corporate Governance Chapter of this Annual Report.

INTEGRATED GOVERNANCE COMMITTEE

The Integrated Governance Committee held 5 (five) meetings in 2024, which was focused on conducting comprehensive reviews and analyses of governance issues impacting the Bank. The Committee examined policies, practices, and compliance matters, and providing recommendations.

The details information on the Integrated Governance Committee activities is presented in the sub-chapter of Integrated Governance Committee in the Corporate Governance Chapter of this Annual Report.

ORGAN AND COMMITTEES UNDER THE BOARD OF COMMISSIONERS

In fulfilling its supervisory duties, the Board of Commissioners is supported by the Secretary to the Board of Commissioners and supporting Committees. The Committees currently established under the Board of Commissioners include the Audit Committee, Remuneration and Nomination Committee, Risk Oversight Committee, and other committees, if deemed necessary and in alignment with the Company's operational capabilities and needs. Each Committee is structured to address specific areas of governance, ensuring that the Board of Commissioners can make informed decisions and uphold robust corporate governance standards.

SECRETARY TO THE BOARD OF COMMISSIONERS

Bank Mandiri Board of Commissioners is supported by a Secretary to the Board of Commissioners, who is appointed from an external party. The Secretary is appointed, and dismissed directly by the Board of Commissioners and holds accountability to the Board for their performance. As an independent function, the Secretary plays a crucial role in facilitating effective communication, coordinating meetings, and ensuring that all governance processes and documentation are accurately managed.

Secretary to the Board of Commissioners of Bank Mandiri has the duty to carry out the secretarial duties of the Board of Commissioners. Based on SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises, the Board of Commissioners shall

establish a Board of Commissioners Secretariat led by the Secretary to the Board of Commissioners whose duty is to assist in the efficient execution of administrative activities in the implementation of duties and responsibilities of the Board of Commissioners.

SECRETARY TO THE BOARD OF COMMISSIONERS

Duties and Responsibilities

Based on the Decree of the Board of Commissioners No. KEP. KOM/008/2023 concerning the Board of Commissioners Charter, the Secretary to the Board of Commissioners has the following duties and responsibilities:

- Prepare meetings, including briefing sheets for the Board of Commissioners;
- Develop minutes of meetings of the Board of Commissioners in line with the Articles of Association;
- Administer the Board of Commissioners' documents, both incoming letters, outgoing letters, minutes of meetings and other documents;
- Prepare the draft work plan and budget for the Board of Commissioners;
- Prepare draft reports of the Board of Commissioners; and
- Carry out other duties of the Board of Commissioners.

Profile of Secretary to the Board of Commissioners

The Secretary to the Board of Commissioners is currently held by M. Syaiful Anam who was appointed based on the Decree of the Board of Commissioners No. KEP. KOM/004/2022 dated 21 October 2022.

M. SYAIFUL ANAM
Secretary to the Board
of Commissioners

AUDIT COMMITTEE

Competency Development

The following are competency development participated by the Secretary to the Board of Commissioners during 2024:

No.	Activity	Organizer	Date
1.	Internal Control over Financial Reporting	PwC	15 February 2024
2.	Mandiri Investment Forum	Bank Mandiri	5 March 2024
3.	BOC Retreat - Cybersecurity	Bank Mandiri	24-25 August 2024
4.	BOC Retreat – Outlook of Indonesia's Economy 2025	Bank Mandiri	06-08 December 2024

Activities of Secretary to the Board of Commissioners

The Secretary to the Board of Commissioners is supported by a dedicated team, including Staff and the Secretariat of the Board of Commissioners, who ensure efficient operations and effective governance processes.

Below are the work programs and its realization in 2024, demonstrating the commitment to achieving the Board's strategic and operational objectives:

1. Prepared meeting materials, minutes of meetings, and administer in an orderly manner the Board of Commissioners' Meetings, Meetings of Committees under the Board of Commissioners, and Joint Meetings.
2. Provided input and information to the Board of Commissioners on matters of concern to the Board of Commissioners, including policies and strategies of the Board of Directors in order to achieve strategic objectives in the 2023 RKAP, the implementation of risk management, IT governance, cybersecurity, digital initiative development, GCG implementation, ESG, HR development, audit findings and follow-up, Internal Control System, and Integrated Governance.
3. Cooperated with Committees under the Board of Commissioners in fulfilling the obligations of the Board of Commissioners, including reports from the Board of Commissioners to the Regulator.
4. Coordinated the implementation of the Working Visit of the Board of Commissioners and Committees under the Board of Commissioners, including preparing Reports on the Results of Visits.
5. Administered correspondence for the Board of Commissioners and the Supporting Committees of the Board of Commissioners, including drafting the Board of Commissioners' approvals for matters proposed by the Board of Directors for their consent. These included proposals for the Provision of Funds to Related Parties, Corporate Actions, Public Accountant (AP) and Public Accounting Firm (KAP) for the 2024 financial year audit, management of Bank Mandiri and Subsidiaries, the 2025 RKAP and the 2025–2027 RBB, the 2025–2029 RKAB, updates to the 2024 Recovery Plan and Resolution Plan, as well as other actions by the Board of Directors requiring written approval from the Board of Commissioners as stipulated in the Articles of Association and applicable laws and regulations.
6. Coordinated the participation of the Board of Commissioners and Committees under the Board of Commissioners in training/ seminars/ other competency development activities in accordance with the supervisory area of each Commissioner/Committee.
7. Cooperated with the Corporate Secretary to prepare a new Commissioner orientation program.
8. Carried out other duties to support the efficiency of supervisory and advisory duties by the Board of Commissioners.

The Audit Committee holds the duty and responsibility of providing informed opinions to the Board of Commissioners on reports and other matters submitted by the Board of Directors. This includes a thorough review of financial statements, assessment of the effectiveness of internal control systems, and monitoring of regulatory compliance. Moreover, the Committee identifies any issues within areas that require the attention of the Board of Commissioners, to ensure that financial reporting remains transparent, internal controls are robust, and all compliance standards are met, thereby maintaining high governance standards.

Legal Basis

The establishment of the Audit Committee refers to:

1. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises;
2. SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises.
3. POJK No. 55/POJK.04/2015 on the Establishment and Implementation Guidelines for the Audit Committee.
4. POJK No. 17 of 2023 on Governance Practices for Commercial Banks.
5. Bank Mandiri Articles of Association and its amendments.

6. Board of Commissioners Decree No. KEP. KOM/014/2024 dated 27 December 2024 on the Membership Composition of the Audit Committee, Risk Oversight Committee, Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
7. Decree of the Board of Directors No. KEP. DIR/016/2024 dated 05 April 2024 on the Determination of the Membership of the Audit Committee of PT Bank Mandiri (Persero) Tbk.

Audit Committee Charter

In executing its duties, the Audit Committee is guided by the principles and procedures outlined in the Audit Committee Charter. This Charter, which was last updated on 31 May 2024, following the Decree of the Board of Commissioners No. KEP.KOM/006/2024 concerning the Audit Committee Charter and the Audit Committee Code of Conduct of PT Bank Mandiri (Persero) Tbk, establishes a clear framework for the Committee's responsibilities and ethical conduct.

The Charter serves as a vital document, providing structure and accountability for the Audit Committee's work, ensuring all actions are aligned with best practices and the governance standards of Bank Mandiri.

The Audit Committee Charter includes:

1. General Purpose
2. Basic Regulations
3. Duties, Responsibilities and Authority
4. Composition, Structure, Membership Requirements and Tenure
5. Meetings
6. Reports and Recommendations
7. Handling of Complaints/Reporting Regarding Alleged Violations on Financial Reporting
8. Performance Evaluation
9. Closing

Duties and Responsibilities of the Audit Committee

Duties and responsibilities of the Audit Committee are regulated in the Audit Committee Charter as follows:

1. Financial Statements
 - a. Monitoring and reviewing:
 - i) Credibility and objectivity of the Company's financial statements and information to be issued to external parties and regulatory institutions, including follow-up of complaints and/or notes of impropriety against the reports during the Audit Committee review period.

- ii) Audit Reports related to the Company's Financial Statements.
- iii) The Company's Work Plan and Budget as well as the Company's Long-Term Plan.
- iv) Complaints relating to the accounting and financial reporting process of the Company.
- v) The financial reporting process audited by the External Auditor.
- b. Ensure of a satisfactory evaluation procedure for all information released by the Company.
- c. Conducting periodic meetings with relevant work units and Auditors (Internal and External) to request additional information and clarification in accounting and finance.
- d. Monitoring and evaluating the appropriateness of the implementation of financial policies of the Company and Financial Services Institutions (FSIs) within the Financial Conglomeration.
- e. Provide recommendations to the Board of Commissioners on matters that support the effectiveness and accuracy of the financial reporting process of the Company and FSIs within the Financial Conglomeration.

2. Internal Control

- a. Internal Control Process and System
 - i) Monitoring and reviewing:
 - » The Company's standardized internal control system in accordance with applicable best practices.
 - » Audit reports of the Internal Audit Unit and External Auditors that audit the Company to ensure that internal control has been properly implemented.
 - » Implementation of the Board of Directors' follow-up on the findings of the Internal Audit Unit, public accountants and the results of regulatory supervision.
 - » The adequacy of internal control in the Financial Services Institutions within the Financial Conglomerate.

b. Internal Audit

- i) To monitor, review and assess:
 - » Audit Plan, Scope and Budget of the Internal Audit Unit.
 - » Implementation of internal audit activities and results as well as the effectiveness of internal audit implementation.
 - » Performance of the Internal Audit Unit.
 - » Audit Result Reports, particularly significant findings and ensuring the Board of Directors takes the necessary corrective actions quickly to address control weaknesses, fraud, compliance issues with policies, laws and regulations, or other issues identified and reported by the Internal Audit Unit.
 - » Suitability of the implementation of the Internal Audit policies of the Company and FSIs in the Financial Conglomeration.
 - » Implementation of other Internal Audit Unit functions in accordance with the provisions of laws and regulations, articles of association, and/or decisions of the GMS/Minister of SOEs.
- ii) Ensure that the Internal Audit Unit works objectively, independently, and upholds integrity in carrying out its duties.
- iii) Request assistance from the Internal Audit Unit to conduct special audits/investigations if there are audit findings and/or information relating to violations of prevailing laws and regulations and provide input deemed necessary in the implementation of the audit.
- iv) Ensure that the Internal Audit Unit communicates with the Board of Directors, Board of Commissioners, External Auditors, and Regulators.
- v) Provide recommendations to the Board of Commissioners regarding:
 - » Appointment and dismissal of the Head of the Company's Internal Audit Unit proposed by the Board of Directors.

- » Audit Plan, Scope, and Budget of the Internal Audit Unit.
- » Provision of annual remuneration for the Internal Audit Unit as a whole and as a performance awards.
- » Corrective actions to address control weaknesses, fraud, compliance issues with policies and laws and regulations or other issues identified and reported by the Internal Audit Unit.
- » Improvement of the management control system and its implementation.
- vi) Conduct communication/meetings with the Internal Audit Unit (periodically or as needed) to discuss matters including the following:
 - » Realization of the Annual Audit Plan and Budget of the Internal Audit Unit.
 - » Significant audit findings and no further Internal Audit recommendations.
 - » Other matters that require clarification or explanation.
- c. External Audit
 - i) Monitoring, reviewing, and assessing the effectiveness of audit implementation by AP and/or KAP.
 - ii) Ensure the objectivity and independence of AP, KAP, and KAP insiders.
 - iii) Provide recommendations on:
 - » Appointment of Public Accountant (AP) and Public Accounting Firm (KAP) that will audit the Company's financial statements to the Board of Commissioners to be submitted to the General Meeting of Shareholders (GMS). In preparing the recommendation, the Audit Committee may consider:
 - » Independence of AP, KAP, and KAP human resources;
 - » Audit scope;
 - » Audit service fees;
 - » Expertise and experience of AP, KAP, and Audit Team from KAP;
 - » Audit methodologies, techniques, and tools used by KAP;

AUDIT COMMITTEE

- » he benefits of new perspectives that will be obtained through the replacement of AP, KAP, and Audit Team from KAP;
- » Potential risks of using audit services by the same KAP consecutively for a long period of time; and
- » The result of evaluation on the implementation of audit services on annual historical financial information by AP and KAP in the previous period, if any.
- » In the event that the AP and/or KAP that has been decided by the GMS cannot complete the audit services on annual historical financial information during the professional assignment period, the appointment of a replacement of AP and/or KAP shall be carried out by the Board of Commissioners after obtaining approval from the GMS by taking into account the recommendations of the Audit Committee.
- » Termination of AP and KAP.
- iv) Review and ensure that:
 - » Bank Mandiri has a standardized procedure and is in accordance with the prevailing rules/regulations in the implementation of KAP selection.
 - » The process of KAP selection is in accordance with standardized procedures.
- v) The Audit Committee evaluated the implementation of audit services on annual historical financial information by AP and/or KAP. The evaluation is conducted through:
 - » Compliance of audit implementation by AP and/or KAP with applicable audit standards.
 - » Adequacy of field work time.
 - » Assessment of the scope of services provided and the adequacy of the audit.
- » Recommendations for improvement provided by the AP and/or KAP.
- vi) Communicating periodically with KAP who is auditing Bank Mandiri to discuss matters that need to be communicated, including the following:
 - » Progress of inspection implementation.
 - » Important findings.
 - » Changes in accounting and financial regulations/rules from authorized institutions.
 - » Adjustments made based on the examination results.
 - » Constraints/obstacles encountered in the implementation of the audit.
- vii) Reviewing and monitoring:
 - » All significant findings from the examination results of the External Auditor and other auditing institutions.
 - » The auditee's follow-up to the results of the audit conducted by the external auditor.
- viii) Providing an independent opinion in the event of a difference of opinion between the Board of Directors and the AP and/or KAP on the services provided.
- ix) Specifically for the procurement of non-audit services that will invite KAP who is auditing the Company's financial statements in the current year and its affiliates, and based on Management's review there is no conflict of interest, Management must submit a proposal for approval to the Audit Committee regarding the partners invited to the procurement of consulting services.

3. Compliance Monitoring and reviewing:
 - a. The Company's compliance with laws and regulations, both internal and external, relating to the Company's business activities.
 - b. Audit reports related to the Company's compliance with internal and external regulations issued by the Internal and External Audit Unit.
 - c. Suitability of audit implementation by the Public Accounting Firm with applicable audit standards.
 - d. Conformity of financial statements with applicable accounting standards.
 - e. Potential conflict of interest of the Company.
4. Conducting periodic meetings with relevant work units to discuss matters within the scope of its supervision.
5. Prepare the Audit Committee Charter and review it as needed at least every 2 (two) years.

Audit Committee Authority

The Audit Committee has the authority to:

1. Communicate directly with employees, including the Board of Directors, parties that implement the internal audit function, risk management, and other parties at the Public Accountant Firm that audits the Company for information, clarification and requests for documents and reports needed.
2. Access all relevant information about the Company related to the implementation of its duties and functions, including records or information about employees, funds, assets, and other resources belonging to the Company.
3. Obtaining reports on the audit results of the Internal Auditor and External Auditor, as well as other supervisory/auditors.

AUDIT COMMITTEE

4. Assign the Internal Auditor and/or External Auditor to conduct a special audit/investigation, if there is a strong suspicion of fraud, violation of law and violation of prevailing laws and regulations.
5. Obtain input and/or advice from external of the Company relating to its duties.
6. Involve independent parties from external of the Committee members as necessary to assist in the performance of its duties (if required).
7. Perform other authorities granted by the Board of Commissioners.

Audit Committee Tenure

The tenure of members of the Audit Committee as members of the Board of Commissioners must not be longer than the tenure of the Board of Commissioners as stipulated in the Articles of Association and can be re-elected for the next 1 (one) period. Whereas the tenure of the Audit Committee members from Non-Commissioner Independent Parties is the latest 3 (three) years and can be extended 1 (one) time during 2 (two) years of tenure by not eliminating the rights of the Board of Commissioners to terminate at any time.

Audit Committee Reporting

The Audit Committee is required to prepare periodic reports to the Board of Commissioners regarding the activities of the Audit Committee, at least once in 3 (three) months. The Audit Committee is also required to submit a report to the Board of Commissioners on each assignment and or for each identified problem requiring the attention of the Board of Commissioners.

The Audit Committee also prepares audit evaluation results on the annual historical financial information by the External Auditors at the latest 6 (six) month after the fiscal year ends or at any time if necessary.

AUDIT COMMITTEE

AUDIT COMMITTEE

*) Transfer of duties to Vice President Commissioner/Independent at the Annual GMS on March 7, 2024.
**) The term of office ends effectively from the Annual GMS on March 7, 2024.

Key Performance Indicators Achievement

The achievements of the Audit Committee's Key Performance Indicators (KPIs) in 2024 can be assessed through the successful implementation of the work plan, the quality and effectiveness of the recommendations provided, and the level of communication established with the Board of Commissioners, the Board of Directors, and relevant Unit Heads.

Overall, the Audit Committee has effectively executed work programs outlined in the 2024 Audit Committee Work Plan. Moreover, recommendations issued by the Audit Committee have been endorsed by the Board of Commissioners and were considered in the decision-making process for proposals submitted by the Board of Directors. On communication,

good and consistent engagement were implemented in 2024, with regular discussions addressing key issues and monitoring the progress of follow-up actions by the Board of Directors.

Audit Committee Remuneration

The remuneration of Audit Committees for the Independent Non-Commissioners is regulated by the Decree of the Board of Commissioners No. KEP. KOM/0023/2023 dated 13 September 2023 on the Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment of member of the Committee under the Board of Commissioners issued by Bank Mandiri.

Audit Committee Activities in 2024

The Audit Committee has effectively fulfilled its duties and responsibilities as outlined in the Audit Committee Charter. This was achieved by applying the principle of independence in alignment with applicable regulations and in strict adherence to the 2024 Audit Committee Work Plan, which was duly approved by the Board of Commissioners.

The Audit Committee work plan 2024 is divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Financial Statements, implementation of audits by Public Accountant Firms, implementation of Compliance, Internal Audit, review of Corporate Work Plans & Budget and Bank Business Plans, results and improvement of findings of supervisory authority, as well as other internal activities of the Audit Committee.
2. Non-Regular, which includes the concern and focus of the Audit Committee on certain issues, especially on business and loans, IT and operations, as well as GRC.

The following were activities of the Audit Committee during 2024:

1. Held 24 (twenty four) Audit Committee Meetings, including preparing the Meeting Minutes.
2. Conducted 101 Internal Discussions, Discussions with relevant Work Units, and Joint Discussions with the Risk Monitoring Committee, including preparing and documenting the Discussion Minutes.

3. Reviewed financial reports and information, both in-house/unaudited and audited, to be published.
4. Reviewed over 25 (twenty five) Reports/ Proposals/ Recommendations from the Board of Directors requiring written approval from the Board of Commissioners and prepared recommendations, including proposals for the appointment of Public Accountants (AP) and Public Accounting Firms (KAP) to audit the 2023 Consolidated Financial Statements, RKAP & RBB proposals and their revisions, as well as the Annual Audit Plan and Internal Audit Budget for 2024.
5. Prepared 4 (four) Quarterly Reports on the Committee's activities, which were submitted to the Board of Commissioners.
6. Compiled a Report on the Evaluation of Audit Services on the Annual Historical Financial Information of Bank Mandiri for the 2023 Financial Year by KAP Rintis, Jumadi, Rianto & Rekan (PwC).
7. Conducted 6 (six) Site Visits, including preparing the Site Visit Reports, to Bank Mandiri Dili-Timor Leste (26-28 February 2024), PT Mandiri Tunas Finance (8 May 2024), PT Mandiri Utama Finance (8 May 2024), Sorong Area - Region XII (6-7 June 2024), the CISO Office (5 June 2024), and Sentra Mandiri Soeroro (10 October 2024).
8. Developed the Audit Committee Work Plan for 2025.
9. All Committee members participated in at least one competency development activity related to Banking/Audit.

Audit Committee Work Plan 2025

At the end of 2024, the Audit Committee has prepared a work plan 2025 and has obtained the approval from the Board of Commissioners. The Audit Committee work plan 2025 is divided into 2 (two) activities, which are: Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Financial Statements, Public Accountant (AP) and Public Accounting Firm (KAP), Compliance, Internal Audit, Corporate Work Plan & Budget (RKAP) and Bank Business Plan (RBB), as well as other Internal Audit Committee activities.
2. Non-Regular, which includes the concern and focus of the Audit Committee on certain issues, particularly business and credit, IT and operations, and GRC.

The work plan serves as one of the KPIs used to assess the effectiveness of the Audit Committee's performance during 2025.

Statement of the Audit Committee on the Effectiveness of Internal Control System and Risk Management

Bank Mandiri's internal control system has been deemed effective and comprehensive, demonstrated by the robust implementation of internal control functions. This includes the Internal Audit function, Risk Management, Compliance, and both Financial and Operational controls. The effectiveness of these control measures reflects the Bank's commitment to maintaining a sound internal environment, ensuring risk mitigation, compliance with regulations, and the safeguarding of assets, ultimately supporting sustainable business growth.

REMUNERATION AND NOMINATION COMMITTEE

The establishment of the Remuneration and Nomination Committee is intended to support the Board of Commissioners in its supervisory role by ensuring that the processes for nomination and remuneration of key management positions are conducted objectively, efficiently, and effectively. As part of the Corporate Governance implementation, the OJK regulations require banks to form a Remuneration and Nomination Committee to uphold compliance with core principles, including transparency, accountability, responsibility, independence, and fairness. This Committee plays a critical role in aligning management's compensation with performance, industry standards, and the Bank's long-term strategy.

Key Performance Indicators Achievement of the Remuneration and Nomination Committee

The achievements of the Remuneration and Nomination Committee's Key Performance Indicators (KPIs) in 2024 are reflected in the successful implementation of the work plan, the quality of the recommendations provided, and the effectiveness of the communication established with the Board of Commissioners, the Board of Directors, and Heads of related Work Units.

REMUNERATION AND NOMINATION COMMITTEE

Overall, the Committee has carried out work programs as detailed in the 2024 Remuneration and Nomination Committee Work Plan. Moreover, recommendations from the Committee have been endorsed by the Board of Commissioners and considered in the decision-making process regarding proposals submitted by the Board of Directors. On communication, good and consistent engagement was maintained throughout 2024, including discussions on strategic issues within Bank Mandiri and closely monitoring the progress of follow-up actions executed by the Board of Directors.

Remuneration and Nomination Committee Remuneration

The remuneration of the Remuneration and Nomination Committee for Non-Commissioner Independent parties is regulated in the Decree of the Board of Commissioners No. KEP.KOM/003/2023 dated 13 September 2023 concerning Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment as a member of the Committee under the Board of Commissioners issued by Bank Mandiri.

3.	Holiday Allowance	In accordance with Bank Mandiri employee stipulation
4.	Bonus/Tantiem	Not provided
5.	Facilities	
	- Transportation Allowance	Not provided
	- Health	Provided as per the Bank's Internal rules
	- Employment	Provided as per the Bank's Internal rules
	- Business Trips	In accordance with Bank Mandiri employee stipulation/equivalent to Group Head

BOARD OF DIRECTORS SUCCESSION POLICY

Bank Mandiri's succession policy for the Board of Directors is guided by the Minister of SOE Regulation No. PER-3/MBU/03/2023 regarding the Organs and Human Resources of State-Owned Enterprises. One of the core duties of the Remuneration and Nomination Committee is to develop a comprehensive nomination system for the selection of members of the Board of Commissioners and/or Directors. This nomination system forms an integral part of the Company's Good Corporate Governance Policy and serves as a key reference for the Board of Commissioners and the GMS in determining the appropriate

processes for the nomination and remuneration of the Board of Commissioners and/or Directors. This system aims to ensure transparency, merit-based selection, and alignment with regulatory requirements.

Basic Principles

Requirements for Board of Directors and Board of Commissioners.

1. Candidates for Directors and Commissioners must meet the requirements determined in the Company's Articles of Association and the applicable laws and regulations.
2. Candidacy and Candidate Proposal for Board of Directors and Board of Commissioners.

REMUNERATION AND NOMINATION COMMITTEE

3. Candidates for Directors and Commissioners are proposed through a selection by taking into account the set requirements.

Succession Management

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 Article 30, the basis for Succession Management of Directors of State-Owned Enterprises, is as follows:

1. Succession management is the process of selecting SOE Directors from the Talent Pool of the Ministry of SOEs or other sources determined by the Minister.
2. Succession management is carried out by the Ministry of SOEs through the Fit and Proper Test mechanism by the Succession Committee and/or considering the results of Assessments from Professional Institutions.

Procedures

In the Nomination function, the Bank Mandiri Remuneration and Nomination Committee performs the following procedures:

1. Develop the composition and process of nominating the Directors and/or Commissioners.
2. Formulate policies and criteria of nominating process of candidates of Directors and/or Commissioners.
3. Identify candidates who meet the criteria.
4. Assist the performance assessment of the Board of Directors and/or Board of Commissioners.
5. Develop capacity building programs for the Directors and/or Commissioners.
6. Review and propose candidates that fulfils the requirements as Commissioners and/or prospective Directors to the Board of Commissioners for submission to the GMS.
7. The selection process is carried out prior to the tenure ends or is requested by the Board of Commissioners, or if there is a vacancy.

Requirements and Criteria

The requirements and criteria for candidates of Board of Directors and/or Commissioners are in accordance with the Company's Articles of Association and other applicable provisions, which are as follows:

1. The person eligible as a member of the Board of Directors and/or Commissioners is an individual with legal capacity and has never been declared bankrupt or convicted which cause bankruptcy of a company, or an individual who has never been sentenced for criminal offense which harm the State treasury within 5 (five) years prior to his/her appointment, one or the other by taking into account the prevailing laws and regulations.
2. Does not have family relations to third degree, both horizontally or vertically nor by marriage (in laws) with other Directors or Commissioners.
3. Does not listed in the banking blacklist as determined by bank supervisory authorities.
4. Has good integrity, in the sense of:
 - a. Having good character and morals.
 - b. Complying with prevailing laws and regulations.
 - c. Having high commitment to the development of sound bank operations.
 - d. Deemed fit and proper to be a member of Board of Directors and/or Commissioners.
5. Integrity assessment is conducted by evaluating the candidates in the sense that they have never done any of the following:
 - a. Banking manipulation and practices that deviate from banking regulations.

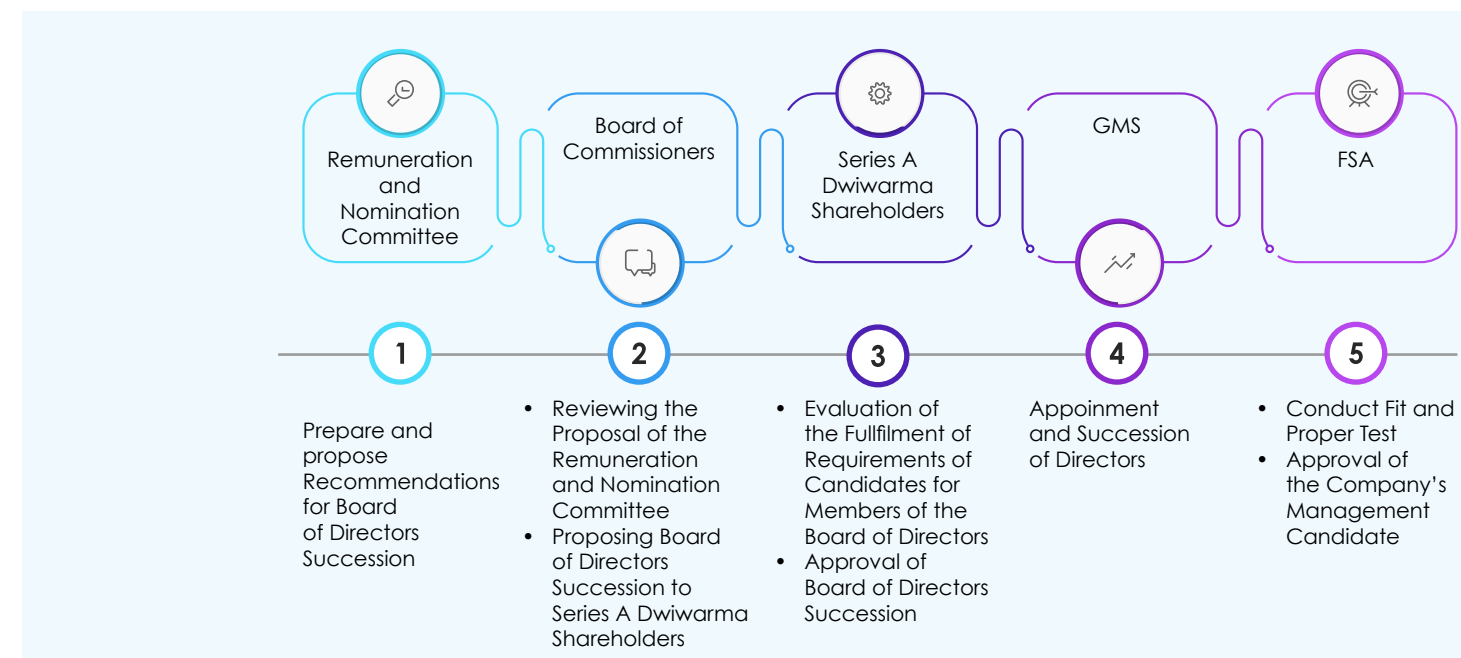

REMUNERATION AND NOMINATION COMMITTEE

- b. Actions categorized as non-fulfilment of commitments to Bank Indonesia or Government.
- c. Actions categorized as beneficial to Owner, Management, Employees, and or other parties that may detrimental or reduce bank's profit.
- d. Actions categorized as violation of the provisions related to banking prudential principles.
- e. Actions by Management and Executives categorized as not independent.
- 6. Fulfill the competence criteria, in the sense of having:
 - a. Adequate knowledge in Banking.
 - b. Experience and expertise in Banking and or Financial Institution.
 - c. Ability to perform strategic management for the development of sound Banks.
 - d. The ability to perform strategic management to develop a sound Bank
- 7. Other than the above criteria, the following additional criteria are also required:
 - a. Having leadership skill supported by knowledge in economics, accounting and law.
 - b. For the Board of Commissioners, require having experience in banking or other financial institution supervisory.
 - c. For the Board of Directors, require having at least 3 (three) years' experience as Senior Management in banking or other financial institutions.

The candidates for the Board of Directors may be proposed by the Board of Commissioners following a thorough assessment, and if deemed eligible, the candidates can be recommended to the Minister of SOEs. Nominees for the position of Director must fulfill both formal and additional requirements as stipulated by PER-3/MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises, and OJK Regulation No. 33/POJK.04/2014 regarding the Board of Directors and Board of Commissioners of Issuers or Public Companies. Moreover, all candidates must successfully pass the Fit and Proper Test conducted by the OJK.

Since 2021, Bank Mandiri submitted a list of top talent employees at the BoD-1 level to the Ministry of SOEs. The Ministry of SOEs will then evaluate the list and assign an accredited institution to conduct the talent assessment for prospective Directors. Candidates who receive a positive recommendation from the Assessor Service Company are reported by the Remuneration and Nomination Committee to the Board of Commissioners for consideration as nominees for submission to the GMS.

REMUNERATION AND NOMINATION COMMITTEE

Remuneration and Nomination Committee Activities in 2024

In line with the duties and functions outlined in the Bank Mandiri Remuneration and Nomination Committee Charter, in 2024 the Remuneration and Nomination Committee has provided recommendations and proposals for candidates who meet the qualifications as Members of the Board of Commissioners and Directors to the Board of Commissioners for submission to the GMS. These recommendations were developed through a comprehensive process that involved the formulation of policies, criteria, and qualifications necessary for the nomination of prospective members of the Board of Commissioners and Directors, aligning with the strategic direction of the Company. The Committee also supported the Board of Commissioners by gathering and analyzing data on potential candidates from the pool of top executive talent one level below the Board of Directors, as well as identifying qualified individuals for the Board of Commissioners.

Apart from the nomination process, the Remuneration and Nomination Committee has also provided support to the Board of Commissioners in developing an appropriate remuneration system for the Board of Directors and the Board

of Commissioners. This includes the design of salary/honorarium structures, benefit packages, and a bonus (tantiem) system for 2024, ensuring competitive and fair compensation aligned with industry standards and the Company's performance goals.

2025 Work Plans of the Remuneration and Nomination Committee

At the end of 2024, the Remuneration and Nomination Committee has prepared a 2025 work plan and has obtained approval from the Board of Commissioners. The work plan of the Remuneration and Nomination Committee in 2025 is divided into several activities, namely activities related to the functions of Nomination, Remuneration, discussion of certain issues and internal activities of the Remuneration and Nomination Committee. The work plan is one of the KPIs that is the basis for assessing the effectiveness of the Remuneration and Nomination Committee's performance during 2025.

RISK OVERSIGHT COMMITTEE

RISK OVERSIGHT COMMITTEE

Bank Mandiri Board of Commissioners has established the Risk Oversight Committee to support its supervisory duties and responsibilities, particularly in providing guidance and advisory to the Board of Directors. The primary objective of the Risk Oversight Committee is to ensure that the Bank's risk management frameworks, procedures, and methodologies remain robust and adequate. The Committee aims to maintain the Bank's business activities within acceptable risk parameters, effectively mitigating potential threats while optimizing opportunities that align with the Bank's strategic objectives. As such, business operations are conducted in a manner that is both controlled and beneficial to the Bank's long-term growth and stability.

Legal Basis of Establishment

The establishment of the Committee is guided by and refers to the prevailing laws and regulations as well as banking best practices in Indonesia, such as:

1. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises;
2. SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises.
3. POJK No. 17/POJK.03/2014 on the Implementation of Integrated Risk Management for Financial Conglomerates.
4. POJK No. 45/POJK.03/2020 concerning Financial Conglomerates;
5. POJK No. 17 of 2023 on the Implementation of Corporate Governance for Commercial Banks.
6. Bank Mandiri Articles of Association and its amendments.

7. Board of Commissioners Decree No. KEP. KOM/014/2024 dated 27 December 2024 on the Membership Composition of the Audit Committee, Risk Oversight Committee, Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
8. Decree of the Board of Directors No. KEP. DIR/039/2024 dated 22 May 2024 on the Determination of Membership of the Risk Oversight Committee of PT Bank Mandiri (Persero) Tbk.

 - Department Head Loan Recovery 2 Bank Mandiri (2017-2019)
 - Department Head Strategic Planning & Development Bank Mandiri (2017)
 - Department Head Loan Workout 2 Bank Mandiri (2016-2017)

that the Risk Oversight Committee performs its oversight functions effectively, promoting robust risk governance and enhancing the Bank's overall risk management practices.

The Charter includes:

1. General Purpose
2. Basic Regulations
3. Duties, Responsibilities and Authority
4. Composition, Structure and Membership Requirements, and Tenure
5. Meeting
6. Reports and Recommendations
7. Performance Evaluation
8. Closing

Risk Oversight Committee Duties and Responsibilities

The duties and responsibilities of the Risk Oversight Committee include:

1. Monitoring and evaluating:
 - a. Conformity between the risk management policy and the Company's integrated risk management policy and the implementation of the policy.
 - b. Implementation of the work plan and duties of the Risk Management Committee, Integrated Risk Management Committee, Risk Management Work Unit, and Integrated Risk Management Work Unit of the Company.
 - c. Adequacy of the process of identifying, measuring, monitoring, controlling and risk management information systems.
 - d. The Company's compliance with the Articles of Association, Bank and Capital Market Supervisory Authority regulations, as well as other laws and regulations related to risk management.
2. Carrying out monitoring and review of:
 - a. Risk Profile Report, bank only and consolidated.
 - b. The Bank Rating Report of risk-based, bank only and consolidated.

- c. Other reports related to the management of 10 (ten) types of risk, namely Credit Risk, Market Risk, Operational Risk, Liquidity Risk, Legal Risk, Compliance Risk, Reputation Risk, Strategic Risk, Intra Group Transaction Risk, and Insurance Risk.
 - d. General credit policies and other obligations required by the Regulator to be submitted to the Board of Commissioners by the Board of Directors.
3. Providing recommendations to the Board of Commissioners for:
 - a. Items that can support an increase in the effectiveness of the implementation of risk management in the Company and Financial Services Institutions within the Financial Conglomerates.
 - b. Conformity between the Company's risk management policies and integrated risk management policies with the implementation of these policies to ensure that the Company has managed risks adequately.
 - c. Implementation of work plans and duties of the Risk Oversight Committee, Integrated Risk Management Committee, Risk Management Unit, as well as Integrated Risk Management Unit.
 4. Conducting regular meetings with relevant work units to discuss matters that are within the scope of supervision.
 5. Reporting the results of monitoring and review periodically, as well as providing input on matters that need to be considered by the Board of Commissioners.
 6. Developing the Risk Oversight Committee Charter and conduct a review as needed, at least every 2 (two) years.

Risk Oversight Committee Authority

The Risk Oversight Committee has the authority to:

1. Communicate with the Head of Work Unit and other parties in the Company to obtain information, clarification and request needed documents and reports.

2. Access records or information about employees, funds, assets and other company resources related to the implementation of their duties.
3. Obtain a Risk Profile Report, Bank Soundness Report, and other reports related to the application of risk management, both individually and Consolidated with Subsidiaries.
4. Obtain input and or suggestions from outside parties of the Company relating to their duties.
5. Perform other authorities granted by the Board of Commissioners.

Risk Oversight Committee Tenure

The tenure of members of the Risk Oversight Committee shall not be longer than the term of office of the Board of Commissioners as stipulated in the Articles of Association and may be re-elected for the next 1 (one) period. The term of service of members of the Risk Oversight Committee originating from Non-Commissioners Independent Parties is a maximum of 3 (three) years and can be reappointed for a maximum of 2 (two) years, without prejudice to the right of the Board of Commissioners to dismiss them at any time.

If a member of the Board of Commissioners who is the Chairman of the Risk Oversight Committee resigns prior to his term of service as Commissioner of the Company, the Chairman of the Risk Oversight Committee is replaced by another Independent Commissioner. If the term of service as the Board of Commissioners ends, then the term of service as a member of the Risk Oversight Committee also ends.

Risk Oversight Committee members from Non-Commissioners Independent Parties are given a monthly honorarium, the amount of which is determined by the Board of Commissioners while still referring to the prevailing laws and regulations and taking into account the Company's capabilities.

Education Qualification and Work Experience of Risk Oversight Committee

Requirements for members of the Risk Oversight Committee are as follows:

1. General Requirements
 - a. Having integrity, character and good morals.
 - b. Does not have personal interests/relationships that can cause conflict of interest against the Company.
2. Competency Requirements
 - a. Having sufficient expertise, ability, knowledge and experience related to their duties and responsibilities.
 - b. Having sufficient knowledge to read and understand financial statements and reports related to monitoring the implementation of banking risk management policies.
 - c. Able to work together and have the ability to communicate well and effectively and are willing to provide sufficient time to carry out their duties.
 - d. Having adequate knowledge of the Company's Articles of Association, laws and regulations in the banking sector, Capital Market, SOEs and other relevant laws and regulations.
 - e. Willing to enhance competencies continuously through education and training.

	- Employment	Provided as per the Bank's Internal rules
	- Business Trips	In accordance with Bank Mandiri employee stipulation/equivalent to Group Head

Activities Report of the Risk Oversight Committee in 2024

The Risk Oversight Committee has effectively performed its duties and responsibilities according to the Risk Oversight Committee Charter. The Committee adhered to the principles of Corporate Governance in accordance with prevailing regulations throughout its oversight processes. The Committee's activities were also aligned with the 2024 work plan, which was approved by the Board of Commissioners.

The 2024 work plans of the Risk Oversight Committee are divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Risk Profile Report, review of Bank's Rating Report, review of Anti-Fraud Strategy Realization Report, review of Corporate Work & Budget Plans and Bank Business Plan, implementation of Compliance, management of the Bank's 8 (eight) Risks, and Internal Activities of the Risk Oversight Committee.
2. Non-Regular, which includes the concern and focus of the Risk Oversight Committee on certain issues regarding risk management, particularly related to business & loan, IT and operations, as well as GRC.

The following were activities of the Risk Oversight Committee in 2024:

1. Held 27 (twenty seven) Risk Oversight Committee Meetings, including compiling and documenting Meeting Minutes.
2. Held 100 (one hundred) Internal Discussions, Discussions with related Work Units, as well as Joint Discussions with the Audit Committee, including compiling and documenting Minutes of Discussion.
3. Reviewed more than 25 (twenty five) reports, including Risk Profile Report, Bank Soundness Rating Report, Debtor Report with Credit Limit of over Rp3 trillion individually, Wholesale Segment Watchlist Debtor Report, and Anti-Fraud Strategy Realization Report.
4. Reviewed more than 20 (twenty) Proposals from the Board of Directors requiring written approval from the Board of Commissioners, including Proposals for the Provision of Funds to Related Parties, Corporate Actions, the Work Plan & Budget (RKAP) and Bank Business Plan (RBB) along with their revisions, the Sustainable Finance Action Plan (RKAB), Updates to the Recovery Plan & Resolution Plan, and Internal Bank Policies. Prepared 4 (four) quarterly activity reports for the Committee, which were submitted to the Board of Commissioners.

INTEGRATED GOVERNANCE COMMITTEE

5. Conducted 6 (six) site visits, including the preparation of Site Visit Reports, to Bank Mandiri Dili-Timor Leste (February 26–28, 2024), PT Mandiri Tunas Finance (May 8, 2024), PT Mandiri Utama Finance (May 8, 2024), Sorong Area - Region XII (June 6–7, 2024), the CISO Office (June 5, 2024), and Sentra Mandiri Soeroso (October 10, 2024).
6. Prepared a Risk Oversight Committee Work Plan for 2025.
7. All members of the Committee have participated in at least 1 (one) competency development activity related to Banking / Risk Management.

Risk Oversight Committee Work Plans for 2025

At the end of 2024, the Risk Oversight Committee has prepared a 2025 work plan and has obtained approval from the Board of Commissioners. The 2025 Risk Oversight Committee work plan is divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Risk Profile Reports, Bank Soundness Reports, Debtor Reports with Limits above Rp3 Trillion, Wholesale Debtor Reports Watchlist Category, Stress Test Results, Anti-Fraud Strategy Realization Reports, Realization of Company Work Plans & Budgets (RKAP) and Bank Business Plans (RBB), Sustainable Finance Action Plan (RAKB), implementation of Compliance, management of 8 (eight) types of Bank Risk, and Internal Activities of the Risk Oversight Committee.
2. Non-Regular, which includes matters that are the concern and focus of the Risk Oversight Committee, including business and credit, operations & IT, and GRC.

The work plan is one of KPIs that serves as a basic of performance effectiveness assessment of the Risk Oversight Committee in 2025.

The Integrated Governance Committee is responsible for supporting the Board of Commissioners in supervising the implementation of good governance across all Financial Service Institutions (FSIs) within the Bank Mandiri Financial Conglomerate. This oversight aligns with the Integrated Governance Guidelines and includes monitoring the Board of Directors' compliance with their duties and responsibilities. Furthermore, the Committee provides strategic advice and recommendations to the Board of Directors, focusing on the effective implementation and continuous evaluation of the Integrated Governance Guidelines, as well as suggesting areas for improvement.

Integrated Governance Committee Appointment Basis

The establishment of the Integrated Governance Committee refers to the prevailing laws and regulations as well as banking best practices in Indonesia, as follows:

1. SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises.
2. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines of Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK No. 33/POJK.04/2014 on the Board of Directors and Board of Commissioners of Issuers or Public Companies.
4. POJK No. 18/POJK.03/2014 dated November 18, 2014 on the Implementation of Integrated Governance for Financial Conglomerates.
5. POJK No. 45/POJK.03/2020 on Financial Conglomerates.
6. POJK No. 17/2023 on the Governance Implementation for Commercial Banks.
7. Bank Mandiri Articles of Association and amendments.

8. Decree of the Board of Commissioners No. KEP.KOM/014/2024 dated 27 December 2024 on the Composition of Audit Committee Membership, Risk Oversight Committee, Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
9. Board of Directors Decree No. KEP.DIR/074/2024 dated 30 December 2024 on Determination of Membership of the Integrated Governance Com

Structure, Membership and Profile of the Integrated Governance Committee

The Integrated Corporate Governance Committee membership consists of at least:

1. An Independent Commissioner who acts as President Commissioner of the Company and serves as Chairman of one of the committees in the Company, as chairman and concurrently member.

INTEGRATED GOVERNANCE COMMITTEE

2. Independent Commissioner representing and appointed from Financial Services Authority in the Financial Conglomeration, as a member.
3. At least one Non-Commissioner Independent Party, as a member.
4. Member of the Sharia Supervisory Board of Bank Syariah Indonesia, as a member of the Independent Commissioner.
5. Membership in the Integrated Governance Committee representing and appointed from the Financial Conglomeration in accordance with the needs of the Financial Conglomeration.
6. Other committee members who are not members of the Board of Commissioners, are not members of the Integrated Governance Committee, but may be assigned to assist the duties of the Integrated Governance Committee.
7. Membership of Independent Commissioners, Non-Commissioners of Independent Parties, and members of the Sharia Supervisory Board in the Integrated Governance Committee of the Financial Conglomeration is not counted as concurrent positions.
8. The number and composition of members of the Integrated Governance Committee are adjusted to the needs of the Financial Conglomeration, as well as the efficiency and effectiveness of the implementation of the duties of the Integrated Governance Committee by taking into account at least the representation of each financial services sector.

As of 31 December 2024, the composition of the Integrated Governance Committee's membership appointed based on the Decree of the Board of Directors No. KEP.DIR/040/2024 dated 22 May 2024 regarding the Determination of Integrated Governance Committee Membership, is as follows:

INTEGRATED GOVERNANCE COMMITTEE

Integrated Governance Committee Charter

In fulfilling its duties and responsibilities, the Integrated Governance Committee of the Bank operates under a formal Charter, known as the Charter of the Integrated Governance Committee. This Charter was last amended on 31 May 2024 as per the Decree of the Board of Commissioners No. KEP. KOM/009/2024. The Charter provides a framework and covers several key aspects, including the scope of the Committee's responsibilities, roles, authority, reporting mechanisms, and protocols for meetings. These provisions are designed to ensure that the Committee can effectively oversee the implementation of integrated governance, maintain alignment with regulatory standards, and support the Bank's commitment to strong corporate governance practices.

The Integrated Governance Committee Charter regulates the following:

1. General Purpose
2. Basic Regulations
3. Duties, Responsibilities and Authority
4. Composition, Structure, Membership Requirements and Tenure
5. Meetings
6. Reports
7. Performance Evaluation
8. Closing

Duties and Responsibilities of Integrated Governance Committee

The following are duties and responsibilities of the Integrated Governance Committee:

1. Evaluating the implementation of Integrated Governance at least through an assessment of the adequacy of internal control and the implementation of an integrated compliance function.

INTEGRATED GOVERNANCE COMMITTEE

a. Assessment of the Adequacy of Integrated Internal Control

- Evaluating the Company and its Subsidiaries adherence to implement a standard integrated internal control system in accordance with the best practices by reviewing the enforcement of Integrated Governance Guidelines in the Company.
- Monitoring and evaluating the effectiveness of the implementation of integrated internal control by reviewing the Periodic Report and Audit Report issued by the Integrated Internal Audit Unit.
- Holding periodic meetings with the Integrated Internal Audit Unit to discuss matters related to the integrated internal control system.
- Holding periodic meetings with the Integrated Risk Management Unit to discuss matters related to integrated risk management.
- Monitoring and evaluating the implementation of follow-up by the Board of Directors of the Company and Subsidiaries on the findings of the Integrated Internal Audit Unit, Public Accountant Firm, and the oversight results of the OJK regarding the weaknesses in the system and implementation of integrated internal control.
- Implementation of Integrated Compliance Function

b. Monitoring and evaluating the Company and its Subsidiaries compliance with the prevailing laws and regulations in the Capital Market and the OJK, Bank Indonesia, and other regulations relating to banking, insurance, securities and financing businesses through coordination with the Integrated Compliance Unit.

- Monitoring the implementation of compliance periodic reports and audit reports relating to compliance with internal and external regulations issued by the Integrated Compliance Unit and external auditors.
- Holding periodic meetings with the Integrated Compliance Unit to discuss matters relating to the Company and its Subsidiaries compliance with internal and external regulations.
- Monitoring and evaluating the implementation of follow-up by the Board of Directors of the Company and Subsidiaries on the findings of the Integrated Compliance Unit, Public Accountant Firm, and the oversight results of the OJK regarding the weaknesses in the system and implementation of the integrated compliance function.
- In conducting the assessment, the Integrated Governance Committee obtained information on evaluation of the internal audit implementation and the compliance function of each LJK from members of the Board of Commissioners of each LJK who are members of the Integrated Governance Committee.

2. Providing recommendations to the Bank's Board of Commissioners to refine the Integrated Governance Guidelines according to the needs of at least every 2 (two) years.

Integrated Governance Committee Authority

The Integrated Governance Committee has the authority to implement the following matters:

1. Providing opinions to the Bank's Board of Commissioners regarding the implementation of Integrated Governance through the assessment of the adequacy of internal control and the implementation of the integrated compliance function.

2. Communicate with work units for functions including internal audit, legal and compliance, finance and risk management, human resources, and aspects of business operational functions that are needed, to obtain information, clarification and request the necessary reports in an integrated manner.
3. Access documents, data, records, or information about employees, funds, assets and other company resources related to the performance of their duties.
4. Exercise other powers granted by the Board of Commissioners.

Reporting of Integrated Governance Committee

The Integrated Governance Committee shall prepare periodic reports to the Bank's Board of Commissioners regarding the activities of the Integrated Governance Committee, at least once in 6 (six) months. The Integrated Governance Committee shall prepare a report to the Bank's Board of Commissioners on each assignment given and/or for any issues identified that require the attention of the Bank's Board of Commissioners.

Independence of Integrated Governance Committee

Members of the Integrated Governance Committee do not hold any shares, either directly or indirectly, in Bank Mandiri or any of its subsidiaries. They also do not have any affiliation or association with Bank Mandiri, its subsidiaries, or with any members of the Board of Commissioners and the Board of Directors of Bank Mandiri or its subsidiaries. Additionally, they maintain no relationships, whether financial, managerial, or business-related, with the ultimate shareholders of Bank Mandiri and its subsidiaries. This ensures that the Committee members remain fully independent, free from any potential conflicts of interest, and are able to carry out oversight duties with objectivity.

INTEGRATED GOVERNANCE COMMITTEE

INTEGRATED GOVERNANCE COMMITTEE

Integrated Governance Committee Meeting

The provisions of the Integrated Governance Committee meeting are regulated in the Integrated Governance Committee Charter as follows:

1. The Integrated Governance Committee holds a meeting at least 1 (one) time in 6 (six) months.
2. The Integrated Corporate Governance Committee meetings are considered valid if attended by at least 51% of members including an Independent Commissioner of the Company and an Independent Party on Non-Commissioners.
3. The decision of the Integrated Governance Committee meeting is made based on deliberation to reach a consensus.
4. In the case that consensus agreement does not occur, the decision is made based on majority votes.
5. The meeting shall be chaired by the Chairman of the Integrated Governance Committee or other Committee Members who are Independent Commissioners if the Chairman of the Integrated Governance Committee is unable to attend.
6. Each meeting of the Integrated Governance Committee is set forth in the meeting minutes, including the dissenting opinions with its reasons, signed by the Committee Chairman and Secretary and to be properly documented.
7. Meetings of the Integrated Governance Committee shall be stated in the meeting minutes signed by the Committee Chairman and Secretary.
8. The Integrated Governance Committee meetings can be held through direct meeting and/or electronic media.

Key Performance Indicators Achievement of Integrated Governance Committee

The achievement of the Integrated Governance Committee's Key Performance Indicators (KPIs) in 2024 is demonstrated through the successful implementation of its work plan, the quality and relevance of the recommendations provided, and the effectiveness of the communication established with the Board of Commissioners, the Board of Directors, and the Heads of related Work Units.

Overall, the Committee has executed its work programs according to 2024 Work Plan of the Integrated Governance Committee. Moreover, every recommendation issued by the Committee was endorsed by the Board of Commissioners and was considered in the decision-making

process for the proposals submitted by the Board of Directors. On communication, good and consistent engagement were maintained in 2024, including discussions on key governance issues at Bank Mandiri, and closely tracking the progress of follow-up actions implemented by the Board of Directors. This approach helped ensure effective oversight and alignment with the Bank's strategic objectives.

INTEGRATED GOVERNANCE COMMITTEE

Remuneration of Integrated Governance Committee

The remuneration of the Integrated Governance Committee of the Non-Commissioner Independent party is regulated in the Decree of the Board of Commissioners No. KEP.KOM/003/2023 dated 13 September 2023 on the Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment of a member of the Committee under the Board of Commissioners issued by Bank Mandiri.

Integrated Governance Committee Activities Report in 2024

The Integrated Governance Committee has effectively fulfilled its duties and responsibilities as outlined in the Committee Charter. In doing so, the Committee consistently upheld the principles of independence in accordance with applicable regulations, ensuring that its oversight was free from any conflicts of interest. The activities of the Committee were also aligned with the 2024 work plan, which was formally approved by the Board of Commissioners.

The following are the activities of the Committee in 2024:

1. Held 4 (four) meetings, including to develop Meeting Minutes.
2. Held 9 (nine) internal discussions and discussions with related Units.

3. Evaluated the adequacy of the implementation of integrated internal control, integrated compliance, and integrated risk management, as well as providing recommendations of future improvements.

2025 Work Plans of the Integrated Governance Committee

At the end of 2024, the Integrated Governance Committee has prepared the 2025 work plans and has obtained the approval of the Board of Commissioners. The Committee 2025 work plans are divided into 2 (two) activities, which are Mandatory/Regular and Non-Regular, as follows:

1. Regular, which includes the review of Duties Implementation Reports of Integrated Governance Committee Unit, Integrated Risk Management Unit, and Integrated Internal Audit Unit.
2. Non-Regular, which includes matters of concern and focus of the Integrated Governance Committee as well as the Board of Commissioners related to Mandiri Group.

INTEGRATED GOVERNANCE COMMITTEE

REPLACEMENT PROCEDURES OF COMMITTEES UNDER THE BOARD OF COMMISSIONERS

The following chart illustrates the procedures for replacing Committee members under the Board of Commissioners from Independent Parties.

DIVERSITY POLICY OF THE BOARD OF COMMISSIONERS AND DIRECTORS

DIVERSITY POLICY OF THE BOARD OF COMMISSIONERS AND DIRECTORS

Bank Mandiri's diversity policy for the Board of Commissioners and the Board of Directors focuses on a comprehensive combination of age, educational background, and professional experience. This approach ensures a variety of perspectives, skills, and insights that are essential for effective governance.

Policies on Diversity of the Board of Commissioners

The Bank Mandiri's Articles of Association regulated the diversity of the Board of Commissioners in accordance with the Attachment to SEOJK No. 32/SEOJK.04/2015 on Public Companies' Governance Guideline and SEOJK No. 13/SEOJK.03/2017 concerning Implementation of Governance for Commercial Banks.

The selection and appointment process for the Board of Commissioners considers a range of criteria, including age, gender, educational

background, professional experience, integrity, dedication, and a strong understanding of the Company's management issues. Moreover, the candidates shall have the necessary knowledge and expertise relevant to Bank Mandiri's needs and being able to dedicate sufficient time to perform duties effectively, in compliance with prevailing laws and regulations. Currently, the composition of the Board of Commissioners meets these criteria, encompassing diverse age groups, gender representation, educational qualifications, and relevant experience.

In 2024, the diversity of the Board of Commissioners is evident in its composition, showcasing a balanced mix of educational backgrounds, work experience, age, and gender, as illustrated in the table below:

Diversity of the Board of Commissioners Composition

DIVERSITY POLICY OF THE BOARD OF COMMISSIONERS AND DIRECTORS

Board of Directors Diversity Policy

The Financial Services Authority (OJK) recommendations, as outlined in the Attachment of SEOJK No. 32/SEOJK.04/2015 on Governance Guidelines for Public Companies and SEOJK No. 13/SEOJK.03/2017 on Governance for Commercial Banks, emphasize that the composition of the Board of Directors should reflect diversity. The diversity of the Board of Directors is defined as a mix of characteristics, both at the organizational and individual levels, tailored to meet the needs of a Public Company. This diverse composition is achieved by considering expertise, knowledge, and experience that align with the specific roles and responsibilities of each Board member, ensuring the effective pursuit of the Company's objectives.

The consideration of diverse characteristics is applied during the nomination and appointment process, whether for individual members or the Board as a whole. The diversity requirements specified in SEOJK No. 32/SEOJK.04/2015 and

SEOJK No. 13/SEOJK.03/2017 have been integrated into the Company's Articles of Association. The appointment of the Board of Directors takes into account integrity, dedication, a thorough understanding of Company management issues, knowledge or skills relevant to the Company's needs, and the capacity to dedicate sufficient time to fulfill their duties. These criteria align with prevailing laws and regulations.

While the diversity policy focuses on knowledge and expertise according to the scope of the Board of Directors' duties, Bank Mandiri has not yet established formal diversity policies related to age and gender, as the primary consideration is fulfilling the specific needs of the Company.

In 2024, the composition of the Board of Directors reflects diversity in terms of educational background, work experience, age, and gender, as detailed in the table below:

Board of Directors Composition Diversity

GOVERNANCE IN PROVIDING REMUNERATIONS

Bank Mandiri has adopted a remuneration governance policy in accordance with OJK Regulation No. 45/POJK.03/2015 on Governance in Remuneration Practices for Commercial Banks. The remuneration framework encompasses rewards provided to the Board of Commissioners, the Board of Directors, and all employees, both permanent and non-permanent, in the form of cash or non-cash compensation. This policy is designed to align with the scope of their duties, authority, and responsibilities. The governance of remuneration is implemented with the aim of promoting prudent risk-taking, ultimately supporting the long-term sustainability of the Bank's business operations.

Remuneration Policy for the Board of Commissioners and the Board of Directors

In determining the remuneration for the Board of Commissioners and the Board of Directors, Bank Mandiri adheres to the principle of prudence and complies with applicable legal regulations. The Bank has established a good governance framework for remuneration practices, ensuring that the compensation provided aligns with regulatory requirements and industry standards. This approach is designed to foster prudent risk-taking, thereby supporting the Bank's sustainability and stability.

Bank Mandiri is committed to implement governance in providing remuneration by formulating policies that have been authorized under the Joint Decree of the Board of Commissioners and Board of Directors on Remuneration Policy of PT Bank Mandiri (Persero) Tbk dated 20 March 2018.

The determination of remuneration for the Board of Commissioners refers to:

1. SOE Minister Regulation No. PER-04/MBU/2014 regarding Guidelines for Determining the Remuneration of Directors, Board of Commissioners, and Supervisory Board of State-Owned Enterprises as amended by the SOE Minister Regulation No. PER-13/MBU/09/2021 dated 24 September 2021, and lastly amended by the SOE Minister Regulation No. PER-3/MBU/03/2023 concerning the Organization and Human Resources of State-Owned Enterprises.
2. SOE Minister Regulation No. PER-01/MBU/2011 regarding the Implementation of Good Corporate Governance in State-Owned Enterprises as amended by the SOE Minister Regulation No. PER-09/MBU/2012 concerning Amendments to the SOE Minister Regulation No. PER-01/MBU/2011 regarding the Implementation of Good Corporate Governance in State-Owned Enterprises, and lastly amended by the SOE Minister Regulation

- No. PER-2/MBU/03/2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK 17 of 2023 concerning the Implementation of Governance for Commercial Banks
4. OJK Regulation No.45/ POJK.03/2015 on the Implementation of Governance in Providing Remuneration for Commercial Banks.
5. The Company's Articles of Association

Pursuant to OJK Regulation No. 45/POJK.03/2015 on the Implementation of Governance in the Provision of Remuneration for Commercial Banks, Bank Mandiri has applied governance principles in remuneration practices, taking into account various aspects, including the Bank's financial stability, effective risk management, short-term and long-term liquidity needs, as well as potential future revenue.

1. The Company may defer variable remuneration (Malus) or reclaim paid variable remuneration (Clawback) from executives classified as Material Risk Takers (MRT), based on the following conditions:
 - a. The Company applies Malus and/or Clawback in specific circumstances related to variable remuneration, considering factors such as:
 - b. The extent of financial or non-financial losses incurred by the Company.
2. The employee's direct or indirect involvement in the losses incurred.
3. A portion of the variable remuneration must be deferred, with the percentage determined by the Company, subject to the following criteria:

GOVERNANCE IN PROVIDING REMUNERATIONS

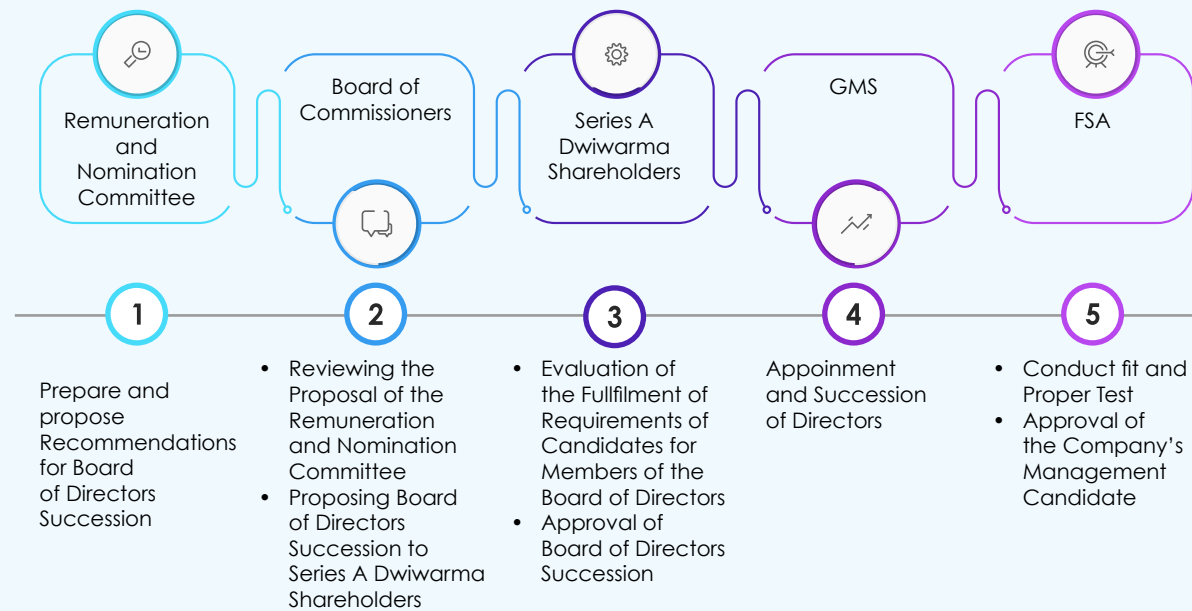

- a. This policy applies to officials classified as MRT, with the following criteria:
 - b. Causing financial or non-financial losses to the Bank.
 - c. Engaging in fraud, violating laws, unethical behavior, and/or falsifying records.
 - d. Deliberately violating the Bank's policies, regulations, and procedures.
 - e. Causing a significant negative impact on the Bank's capital not attributed to changes in economic or industry conditions.
4. In the implementation of MRT remuneration, Bank Mandiri adheres to OJK regulations, the Ministry of SOEs regulations, and the Company's remuneration policies.

Remuneration and Nomination Committee

The Board of Commissioners has established the Remuneration and Nomination Committee to support its functions in overseeing matters related to the remuneration and nomination of the Board of Directors and the Board of Commissioners. One of the key duties of the Committee is to develop a comprehensive remuneration system for the Board of Commissioners and the Board of Directors. This system forms an integral part of the Bank's corporate governance policy guidelines and serves as a reference for both the Board of Commissioners and the GMS in determining appropriate remuneration for members of the Board of Commissioners and/or the Board of Directors.

The elaboration on the Remuneration and Nomination Committee is presented in the Remuneration and Nomination Committee section of the Corporate Governance Chapter in this Annual Report.

GOVERNANCE IN PROVIDING REMUNERATIONS

The determination of remuneration for the Board of Commissioners and Directors is carried out with the following procedures:

1. The Remuneration and Nomination Committee holds a review on remuneration for the Board of Commissioners and Directors.
2. The Committee coordinates with Human Capital Director and Executives as well as related unit to develop the remuneration proposal.
3. The Committee coordinates with the Risk Management Unit in establishing policies on variable remuneration.
4. Based on the review, the Committee draws up recommendation on remuneration for submission to the Board of Commissioners and Directors.
5. The Board of Commissioners presents the proposal and recommendation reviewed by the Remuneration and Nomination Committee to the General Meeting of Shareholders to obtain approval.
6. The proposal and recommendation of the Board of Commissioners may be in the form of:
 - a. Approval on the element and amount of the remuneration; or
 - b. Approval of authority for the Board of Commissioners to determine the element and amount of the remuneration.

Indicators/Coverage of Remuneration Policy and Its Implementation

Pursuant to OJK Regulation No. 45/POJK.03/2015 on the Implementation of Governance in Providing Remuneration for Commercial Banks, Bank Mandiri has established a Remuneration Policy, which was approved through a Joint Decree of the Board of Commissioners and the Board of Directors on 20 March 2018. The remuneration policy serves as a strategic framework to provide rewards tailored to the Bank's financial capacity while accommodating shifts in employee demographics and effectively managing labor costs. The policy is designed to support the achievement of Bank Mandiri's business objectives.

The remuneration structure of Bank Mandiri is developed with the aim of attracting, retaining, and motivating talent, as well as enhancing employee engagement. This approach ensures that employees are consistently driven to deliver

optimal performance, thereby supporting the Bank's vision, mission, and strategic goals.

The current remuneration policy outlines the compensation framework for the Board of Commissioners and the Board of Directors, and it will also be extended to employees at specific levels who are identified as Material Risk Takers (MRT). The identification of Material Risk Takers is conducted using both qualitative and quantitative criteria.

In determining the remuneration for employees, Executives, Directors and Commissioners, the Remuneration and Nomination Committee has several considerations, including:

1. Benchmarking results of employee remuneration, executives, members of the Board of Directors and members of the Board of Commissioners with similar industries (peer group).
2. The size and complexity of the firm's operations.
3. Remuneration consists of standardized salaries/honorariums and benefits, namely Annual Holiday Allowances (THR), official housing, official vehicles, health facilities and utilities and other benefits. Meanwhile, performance-based remuneration is a bonus/incentive for employees and bonuses for the Board of Directors and the Board of Commissioners.

In general, Bank Mandiri's remuneration strategy is guided by the Manpower Law and Financial Services Authority Regulations. The total reward strategy for the long term is that the Bank has a strong competitive value against the market, namely:

1. Strive for the general position of the Bank at 75 (seventy five) percentiles.
2. Especially for top talent and critical jobs, it can be positioned up to 90 (ninety) percentiles.

GOVERNANCE IN PROVIDING REMUNERATIONS

Remuneration Associated with Risks

When setting remuneration, Bank Mandiri upholds the principles of prudence, aimed at promoting prudent risk-taking to maintain the sustainability of the Bank's business. The Bank establishes a performance measurement method and considers various types of risks when determining variable remuneration, tailored to the scale and complexity of its business activities. In formulating the remuneration policy, Bank Mandiri takes into account the types, criteria, impacts, and evolving risk factors that are critical in shaping the overall remuneration strategy.

Performance Measurement Related to Remuneration

In providing remuneration, Bank Mandiri conducts a comprehensive performance measurement, which includes a review of remuneration policies on performance assessments. This process involves evaluating the methods used to align individual remuneration with the overall performance of Bank Mandiri, the performance of specific work units, and individual achievements. Bank Mandiri also utilizes specific methods to verify whether the agreed-upon key performance indicators (KPIs) have been met. If performance targets are not achieved, adjustments to the remuneration may be necessary, including revisiting the amount of the variable remuneration based on the relevant condition.

The implementation of the remuneration strategy at Bank Mandiri takes into account the performance of individual employees, the performance of each work unit, and the overall performance of the Bank, while remaining within the stipulated budget. As part of its total rewards program, Bank Mandiri provides a range of benefits, including base salaries, annual salary adjustments, holiday allowances (THR), annual leave payments, and long-service leave pay every three years.

GOVERNANCE IN PROVIDING REMUNERATIONS

Moreover, Bank Mandiri provides health benefits for employees and their families, covering inpatient and outpatient care, maternity care, dental care, General Check Up, eyewear allowances, and a health program for Bank Mandiri retirees.

Remuneration Adjustment Related to Performance and Risk

Bank Mandiri provides variable remuneration tied to performance and risk, which includes bonuses, rewards, performance incentives, or other equivalent forms. These variable remuneration components may be provided in the form of cash, shares, or share-based instruments issued by Bank Mandiri. However, in the case of the Board of Commissioners, variable remuneration is granted exclusively in cash to prevent any potential conflicts of interest during the execution of their supervisory duties.

External Consultant Services

To assess the competitiveness of the Bank's remuneration relative to market conditions, Bank Mandiri participates in the Annual Salary Survey conducted by an independent and reputable third-party organization. The results serve as a key reference for adjusting Bank Mandiri's remuneration strategy. The proposed adjustments are then submitted for review and approval at the Board of Directors Meeting.

Process for Preparation of Remuneration Policy

The remuneration policy plays a crucial role in attracting and retaining competent and qualified employees, executives, members of the Board of Directors, and the Board of Commissioners. It forms a strategic approach for the Bank, providing rewards that align with Bank Mandiri's financial capacity while adapting to changes in employee demographics, effectively managing labor costs, and driving the achievement of the Bank's business objectives.

The remuneration framework at Bank Mandiri is

designed to attract, retain, and motivate talent, while also enhancing employee commitment. This approach aims to ensure that employees consistently deliver optimal performance, thereby supporting the vision, mission, and strategic goals of Bank Mandiri.

Bank Mandiri's considerations when preparing the remuneration policy:

1. Financial performance and reserve fulfillment as stipulated in the applicable laws and regulations.
2. Remuneration that is adapted to the industry in accordance with the Company's business activities and the scale of the company's business in the industry.
3. The duties, responsibilities and authorities of members of the Board of Directors and members of the Board of Commissioners related to the achievement of the Company's goals and performance.
4. Target or performance of each member of the Board of Directors and/or members of the Board of Commissioners in order to achieve equality between the work results and the benefits received.
5. Balance between permanent and variable benefits.
6. The Bank's Long-term goals and Strategies

REMUNERATION AND FACILITIES FOR THE BOARD OF COMMISSIONERS AND DIRECTORS

Remuneration Structure of Members of the Board of Commissioners and Directors

By taking into account the prevailing remuneration stipulations, the remuneration for the Board of Commissioners and Board of Directors is provided in the form of:

1. Fixed remuneration, a remuneration that is unrelated to performance and risk, such as salary/honorarium, facilities, housing allowance, health allowance, education allowance, festive allowance, and post-

GOVERNANCE IN PROVIDING REMUNERATIONS

employment benefit Salary/ honorarium, facilities, allowances, and post-employment benefit are provided in cash.

2. Variable remuneration: Remunerations provided in connection with performance and risks, such as bonuses, rewards/ performance incentives, or any other similar forms.

Bonuses, rewards, and incentives may be provided in cash, shares, or stock-based instruments issued by the Company, and cash only for the Board of Commissioners to prevent conflict of interest in their supervisory duties.

To support official service, Bank Mandiri provides facilities such as official housing, reimbursement of utility costs, telephone credit, and rental official vehicles. Meanwhile, to support the needs of employees in ownership of houses, vehicles and other needs, Bank Mandiri provides Employee Welfare Credit facilities.

Position and Numbers as Material Risk Takers

All members of the Board of Commissioners and Directors of Bank Mandiri are material risk takers. There are 26 (twenty-six) members of the Board of Directors and the Board of Commissioners who served during the 2024 financial year. Including Directors and Commissioners whose term of office ends at the 2024 Annual GMS.

Shares Options

Bank Mandiri did not issue share option programs for Directors, Board of Commissioners, and employees throughout 2024.

Ratio of the Highest and The Lowest Salaries

Bank Mandiri adheres to all applicable regulations regarding employee remuneration. The amount of remuneration provided is adjusted to comply with current prevailing regulations and is set above the Minimum Wage level applicable in the Bank Mandiri operational areas. In implementing its remuneration governance, Bank Mandiri aims to minimize the salary gap among all employees, ensuring that the difference between the highest and lowest salaries remains reasonable. Detailed information on the salary ratio is disclosed in the Sustainability Report.

Number of Recipients and Total Variable Remuneration

During 2023, no number of recipients and the total number of Variable Remunerations that were guaranteed unconditionally to be given by Bank Mandiri to candidates for the Board of Directors, candidates for the Board of Commissioners, and/or prospective employees during the first 1 (one) year of work as referred to in Article 21 OJK Regulation No. 45/POJK.03/2015

Total Amount of Deferred Variable Remuneration

Until the end of 2024, the amount of variable remuneration that was still deferred in the form of Bank Mandiri shares or time deposits is as follows:

1. Shares, with a total of 72,362,400 shares.
2. Cash, with a total of Rp71,677,416,064.

Quantitative Information

Quantitative information regarding:

1. Total remaining deferred Remuneration, whether exposed to implicit or explicit adjustments.
2. Total reduction in remuneration due to explicit adjustments during the reporting period.
3. Total reduction in remuneration due to implicit adjustments during the reporting period.

Types of Variable Remuneration	Remaining Deferred	Total Deductions Over the Period		
		Caused an Explicit Adjustment (A)	Caused an Explicit Adjustment (B)	Total (A) + (B)
Cash (in million rupiah)	Rp71,677,416,064	-	-	-
Shares/share-based instruments issued by the Bank. (In shares and a million-rupiah nominal value which is a conversion of the said share sheet)	72,362,400 shares	-	-	-

BOARD OF DIRECTORS

The Board of Directors is a corporate body that collectively holds the authority and full responsibility for managing the Company in the best interest of the Company, aligning with its purposes and objectives. The Board also represents the Company in legal and non-legal matters, adhering to the provisions outlined in the articles of association as well as prevailing laws and regulations. Moreover, the Board of Directors has the authority to guide the Company's operations, take strategic measures, and establish policies deemed necessary to ensure operational efficiency and effectiveness.

BOARD OF DIRECTORS

BOARD OF DIRECTORS COMPOSITION

In 2024, the composition of the Board of Directors was amended. Pursuant to the resolution of the Annual GMS dated 7 March 2024, the Meeting approved the following:

1. The transfer of Mr. Riduan to the position of Director of Corporate Banking;
2. The honorable discharge of Ms. Susana Indah Kris Indriati;
3. The appointment of Mr. Danis Subyantoro as Director of Risk Management;
4. The confirmation of the honorable discharge of Mr. Ahmad Siddik Badruddin; and
5. The appointment of Mr. Totok Priyambodo as Director of Commercial Banking.

The composition of the Company's Board of Directors following the Annual GMS on 7 March 2024 remained 12 (twelve) members consisting of 1 (one) President Director, 1 (one) Vice President Director and 10 (ten) Directors.

The composition and basis for appointment of the Board of Directors as of 31 December 2024 is as follows.

In carrying out its duties, the Board of Directors considers prudential banking principles, professional ethics, codes of conduct, national and international banking conventions, and compliance with Bank Indonesia regulations. These align with the principles of good corporate governance, statutory requirements, and Financial Services Authority regulations.

The Board of Directors is committed to adhering to the Company's Articles of Association and prevailing laws while implementing principles of professionalism, efficiency, transparency, independence, accountability, responsibility, and propriety. Each member of the Board of Directors of Bank Mandiri carries out their duties with goodwill, accountability, and prudence in compliance with the relevant laws and regulations.

APPOINTMENT BASIS

The appointment of the Board of Directors is conducted through the GMS in accordance with the Company's Articles of Association, prevailing laws, and regulations. Candidates must meet the fit and proper requirements set by the Financial Services Authority (OJK), ensuring their competence, integrity, and professionalism. The term of office is determined by the GMS and may be renewed based on shareholder approval.

All members of Bank Mandiri Board of Directors have passed the fit and proper tests and have obtained approval from the OJK, indicating that each member of the Board of Directors has adequate integrity, competence and financial reputation in accordance with OJK Regulation No. 27/POJK.03/2016 concerning Fit and Proper Test for the Main Party of Financial Services Institution that prospective members of the Board of Directors shall obtain the approval from the OJK prior to carrying out its actions, duties and functions as the Board of Directors.

BOARD OF DIRECTORS NOMINATION AND SELECTION PROCESS

Pursuant to the Articles of Association, members of the Board of Directors are appointed and dismissed by the GMS, for a period of 5 (five) years effective from the date of GMS appointment. Members of the Board of Directors whose office terms are expired may be reappointed by the GMS.

The procedure for the appointment of Bank Mandiri Board of Directors refers to OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, OJK Regulation No. 17 of 2023 regarding the Implementation of Governance for Commercial Banks, and SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. The following are procedures of the Board of Directors' appointment:

1. Origin of prospective SOE Board of Directors/ Board of Directors candidates come from:
 - a. Former BUMN Director.
 - b. BUMN Board of Commissioners/Supervisory Board.
 - c. Structural Officers and Government Functional Officers.
 - d. Another source.

2. The GMS/Minister may appoint candidates proposed by the Succession Committee as members of the Board of Directors of SOEs.
3. For certain SOEs, the appointment of an individual as a member of the SOE Board of Directors may be made after passing the Fit and Proper Test (UKK) according to sectoral regulations.
4. In the event the appointment of SOE Board of Directors members is made before the UKK according to sectoral regulations, the SOE Board of Directors is authorized to carry out actions, duties, and functions as members of the SOE Board of Directors from the date they pass the UKK according to sectoral regulations.
5. SOE Board of Directors members as referred to in paragraph (3) have a term of office effective from the date determined by the GMS/Minister.
6. In the event certain SOE Board of Directors members fail the UKK according to sectoral regulations, the GMS/Minister may dismiss such SOE Board of Directors members, taking into account sectoral regulations.
7. The appointment of an individual as a member of the SOE Board of Directors may be made through:
 - a. Decision of the Minister as the GMS/owner of capital if all shares/capital of the SOEs are owned by the State; or
 - b. Decision of the GMS or decision of all shareholders by circular resolution, if not all shares are owned by the State.

BOARD OF DIRECTORS

BOARD OF DIRECTORS

8. For Public Companies, the curriculum vitae of candidates for appointment as members of the BUMN Board of Directors proposed to be appointed in the RUPS must be available and announced during the holding of the RUPS before the decision is made regarding the appointment of such individuals as members of the SOE Board of Directors.
9. Prior to being appointed as a member of the SOE Board of Directors, the individual concerned must sign a letter of resignation from other positions prohibited from being held concurrently with the position of SOE Board of Directors member effective from the date they are appointed as a member of the SOE Board of Directors.
10. In the event the individual concerned does not resign within the time frame as stipulated in the laws and regulations, their position as a member of the BUMN Board of Directors ends at that time.
11. In the event the appointment decision is made by the Minister or decision of all shareholders by circular resolution, the Deputy processes the delivery of the Decision Letter to the selected SOE Board of Directors member after the Decision is determined.
12. In the process of delivering the Decision Letter, the Deputy is assisted by the high-level official responsible for legal affairs, Assistant Deputies, and Sector Assistant Deputies.
13. After the delivery of the Decision Letter is carried out, all documents are handed over to the Deputy for administration.
14. In the event the appointment will be determined in the GMS, the submission of the UKK results to the Minister is accompanied by a letter of appointment for the candidate and a power of attorney to attend and make decisions in the GMS.
15. After the GMS is held, all documents related to the appointment of SOE Board of Directors members are handed over to the Deputy for administration.
16. The administrative process by the Deputy as referred to in paragraphs (12) and (14) includes documentation of the appointment and assessment process.

17. Board members commence their duties effectively from the date specified in the Minister's Decision/GMS/decision of all shareholders by circular resolution.
18. The format of the statement letter related to the appointment and dismissal of the Board of Directors as stated in Annex IV is an integral part of SOE Minister Regulation No. PER-3/MBU/03/2023.

The process of nominating and selecting the Board of Directors is carried out through the proposal of the members of the Board of Directors to the GMS by taking into account the recommendations of the Board of Commissioners and the Remuneration and Nomination Committee. Prior to the discussion on the appointment and dismissal of the Board of Directors in the GMS, information was provided on the profiles of new and reappointed candidates for the Board of Directors.

MECHANISM OF RESIGNATION AND DISMISSAL OF THE BOARD OF DIRECTORS

Resignation and dismissal mechanism for the Board of Directors is regulated by the Articles of Association as follows:

1. The GMS may dismiss the Board of Director's members at any time by stating its reasons.
2. The dismissal of a member of the Board of Directors is called for if, based on the factual circumstance, the said members:
 - a. Is unable/inadequate to fulfil the obligations as agreed in the management contract;
 - b. Is unable to perform duties appropriately;
 - c. Violates the provisions of the Articles of Association and/or the applicable laws;
 - d. Engages in actions that detrimental to the Company and/or country;

- e. Conduct actions that violate ethics and/or propriety that should be valued by member;
 - f. Is declared guilty by the Court's decision with permanent legal force;
 - g. Resigns;
 - h. Other reasons deemed appropriate by the GMS for the interests and objectives of the Company.
3. The dismissal by the reasons aforementioned is conducted after the person(s) concerned in the event of dismissal is given the opportunity to raise defense, excluding the dismissal specified in the provisions of points f and g.
 4. The dismissal due to reasons as referred to in point letter d and f are considered dishonorable discharge.
 5. Among the Board of Director's members and between the Board of Directors' members and the Board of Commissioners' members, there shall not be any blood relationship of three generations, either vertical or horizontal in the family tree, including the familial relationship arising from marriage.
 6. In the event that such condition prevails, the GMS has the authority to dismiss one of the members.
 7. A member for the Board of Directors may resign from his/her position before his/her term of office expires. In the event that a member of the Board of Directors resigns, the said member shall submit a written request for resignation to the Company.
 8. The Company must hold the GMS to decide on the resignation request of a member of the Board of Directors no later than 90 (ninety) days after receiving the letter of resignation.
 9. The Company is obliged to provide information transparency to the public and submit it to the Financial Service Authority no later than 2 (two) working days after:
 - a. The approval of the resignation application from a member of the Board of Directors.
 - b. The achievement of the GMS results.

10. Before the resignation is effective, the concerned member of the Board of Directors shall assume responsibility to complete the duties and the responsibilities in accordance with the Articles of Association and the applicable laws.
11. The resigning member will be released from any responsibility after obtaining discharge of duty from the annual GMS.
12. A member of the Board of Directors is dismissed if:
 - a. The resignation has been in effect;
 - b. Passed away;
 - c. The tenure has expired;
 - d. Dismissed by the decision of GMS;
 - e. Declared bankrupt by a Commercial Court which has a permanent legal force or under the auspices based on a Court's decision; or
 - f. No longer fulfilling the requirements as a member of the Board of Directors based on the provisions of the Articles of Association and the applicable laws.
13. For the member of the Board of Directors dismissed before or after the term of office, unless unable to resume the position due to passing, the concerned member shall therefore be held responsible for their actions that have been rejected by the GMS;
14. The Board of Director's members may at any time be temporarily dismissed by the Board of Commissioners if they conduct actions contrary to the Articles of Association or there are indications of actions that harm the Company or neglect the obligations or there are crucial explanations for the Company, by paying attention to the following provisions:
 - a. Temporary dismissal shall be notified in written to the said member along with the rationale, then forwarded to the Board of Directors;

- b. The notification as referred to in the letter "a" shall be submitted no later than 2 (two) working days after the temporary dismissal is effective;
- c. The member who is subject to temporarily dismissal has no authority to conduct the Company's management for the sake of the Company in relation with the purposes and objectives of the Company or to represent the Company either within or outside the Court;
- d. Within a period of at most 90 (ninety) days after the temporary dismissal has been done, the Board of Commissioners shall organize the GMS to revoke or reinforce the temporary dismissal;
- e. With the lapse of the period of holding the GMS as referred to in letter d or the GMS is unable to make a decision, the temporary dismissal will be cancelled;
- f. The limitation of authority as stated in point c shall be effective since the effective date of temporary dismissal by the Board of Commissioners until:
- there is a decision of the GMS which reinforces or revokes the temporary dismissal in letter d; or
 - the due date as stated in letter d has passed.
- g. In the GMS as referred to in letter d, the member of concerned shall be given an opportunity to raise defenses;
- h. Temporary dismissal cannot be extended or re-established by the same rationale if the temporary dismissal is declared void as referred to in letter e;
- i. In the event that the GMS revokes the temporary dismissal or circumstances as referred to in letter e prevail, the concerned member shall remain to perform his/her tasks;
- j. If the GMS outcome reinforces the decision of the temporary dismissal, then the member is dismissed permanently;
- k. If the member who is subjected to temporary dismissal does not attend the GMS after being summoned in written, the member shall be considered to have neglected his/her rights to defend himself/herself in the GMS and agree to the GMS decision.
- l. The Company is obliged to conduct information transparency to the public and submit it to the Financial Services Authority regarding:
- The decision of temporary dismissal; and
 - The results of GMS either to revoke or reinforce the temporary dismissal decision as referred to in letter "d", or any information regarding the cancellation of the temporary dismissal by the Board of Commissioners due to the absence of the GMS until the due date as referred to in letter e of this article, no later than 2 (two) working days from such happening.

POLICIES RELATED TO THE RESIGNATION OF THE BOARD OF DIRECTORS' MEMBERS DUE TO THEIR INVOLVEMENT IN FINANCIAL CRIMES

Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association.

Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. In the event that a member of the Board of Directors is resigning including if involved in the financial crime, thus a concerned member of the Board of

Directors shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Directors within 90 days after the acceptance of the resignation.

MANAGEMENT OF THE BOARD OF DIRECTORS CONFLICT OF INTEREST

Management of the Board of Directors conflict of interest is specified in Bank Mandiri Policy Architecture. Bank Mandiri Policy Architecture is a policy hierarchy/structure functioning as a framework and guidelines in policy preparation and implementation of Bank activity. The Management of the Board of Directors conflict of interest is as follows:

1. The Board of Commissioners, the Board of Directors, and Executives shall commit to prevent any forms of conflict of interest.
2. In the event that the Board of Directors member(s) has a personal Interests in a transaction, contract or contracts proposed in which one of the parties is the Bank, the interest shall be mentioned in the Board of Directors Meeting and the concerned Board of Directors member has no authority to take a vote.
3. Periodically, at least 1 (once) in a year, every member of the Board of Commissioners, the Board of Directors and the Executives are required to make a statement regarding conflict of interests with the Bank activities.
4. Members of the Board of Commissioners, the Board of Directors and the Executives are prohibited from having concurrent positions as specified in the applicable regulations.

AFFILIATIONS OF THE BOARD OF DIRECTORS

Affiliation refers to the relationships that may exist between members of the Board of Directors, the Board of Commissioners, and the Main or Controlling Shareholders of the Company. These relationships can arise from family ties, business interests, or professional associations. By identifying and disclosing potential affiliations, the Company can proactively mitigate conflicts of interest, ensure fair decision-making, and uphold the trust of stakeholders. These relationships may take the form of:

- Family relationship due to marriage and descent to the second degree either horizontal or vertical.
- Management or oversight relationship with Main/Controlling Shareholder.
- Share ownership by each member of the Board of Directors and Board of Commissioners to the Main/Controlling Shareholders as legal entity.

The Board of Directors of Bank Mandiri have no financial relations, management relations, shareholding and/or family relations with other members of the Board of Commissioners, the Board of Directors and/or Controlling Shareholders or relation with the Bank, which helps in carrying out their tasks and responsibility independently.

The affiliations of the Board of Directors are shown in the following table:

ORIENTATION PROGRAM FOR THE NEW BOARD OF DIRECTORS

The Orientation Program is organized by the Company for newly appointed members of the Board of Directors to equip them with a comprehensive understanding of the Company's strategic and operational framework. The program aims to ensure that new Directors are well-informed about their roles and responsibilities, enabling them to contribute effectively to the Company's growth and governance. Key aspects of the program include:

1. The Company's strategy, policies, and work plan, providing insight into current goals and future directions.
2. The Company's core values, vision, and mission, ensuring alignment with the organization's purpose.
3. Duties, responsibilities, and authorities of the Board of Directors as outlined in the Articles of Association and in compliance with prevailing regulations in Indonesia.
4. Policies related to Corporate Governance, emphasizing ethical and effective management.
5. Facilities and resources available to support the Board of Directors in executing their duties.
6. Other relevant programs tailored to the specific needs of the Company and its Directors.

The Orientation Program is coordinated by the Corporate Secretary, who ensures the efficient delivery of materials and resources. In 2024, orientation programs were successfully conducted for newly appointed Directors, covering the aforementioned topics and equipping them with the necessary knowledge to fulfill their roles effectively.

RISK MANAGEMENT CERTIFICATION

As stipulated in Financial Services Authority Circular No. 28/SEOJK.03/2022 concerning Risk Management Certification for Commercial Bank Human Resources, Bank Management (Board of Commissioners and Board of Directors) must have a Risk Management Certificate issued by a Professional Certification Body, with the following classification:

No.	Position	Level	Validity
1.	Commissioner	Minimum Level 1	4 years
2.	Independent Commissioner	Minimum Level 2	4 years
3.	President Director and Directors of the Bank with assets > Rp10 trillion	5	2 years

After the certificate expires, a mandatory Refreshment Program must be taken regularly, at least:

- Once every year for certificate levels 1 and 2; or
- Once every year for certificate levels 3, 4, and 5.

In Bank Mandiri, as a bank with a total asset of > Rp10 trillion, the entire members of its Board of Directors are holders of Risk Management Certificate Level 5. This certification is also part of OJK's fit and proper test requirements. The Risk Management Certificates of the Board of Directors are as follows.

BOARD OF DIRECTORS

BOARD OF DIRECTORS MEETINGS

The policies and requirements for Bank Mandiri Board of Directors meetings are outlined in the BOD Charter and align with POJK No. 33/POJK.04/2014 and OJK Regulation No. 17 of 2023. The key provisions for these meetings are as follows:

- 1. Frequency of Meetings:** The Board of Directors is required to hold meetings at least once a month. Additional meetings may be convened as necessary upon the request of one or more Directors or based on a written request from the Board of Commissioners.
- 2. Joint Meetings with the Board of Commissioners:** The Board of Directors is required to hold joint meetings with the Board of Commissioners at least once every four months to ensure alignment on strategic and operational matters.
- 3. Quorum Requirements:** A Board of Directors meeting is considered valid and authorized to make binding decisions if more than 2/3 (two-thirds) of the total members are present or represented by proxy.
- 4. Representation at Meetings:** A Director may be represented by another Director during a meeting, provided that a formal proxy is granted. However, a Director may only represent one other Director.
- 5. Meeting Scheduling:** The Board of Directors is encouraged to schedule meetings for the following year before the end of the current fiscal year, ensuring effective planning and organization.
- 6. Meeting Materials:** All relevant materials for the Board of Directors meetings shall be distributed to participants no later than five working days prior to the meeting. If a meeting is held outside of the regular schedule, materials can be provided immediately prior to the meeting.

7. Remote Meetings: Board of Directors meetings may also be conducted remotely through teleconferencing, video conferencing, or other electronic means, provided that all participants can interact in real time, including through audio and visual engagement.

8. Chairing and Documentation: The President Director chairs the meetings. If the President Director is unavailable, the Vice President Director serves as the chair. In the absence of both, the chairperson role is assigned to a Substitute Director as per the Board's decision. If no substitute is available, the longest-serving Director or, in the case of equal tenure, the oldest Director by age presides over the meeting. All meetings are documented in the form of minutes, which are distributed to all Directors and recorded in the Company's official records.

9. Circular Resolution: The Board of Directors may make valid decisions without physically convening a meeting through a Circular Resolution. This method requires that all members of the Board of Directors are notified and provide written approval of the proposed resolution. Decisions made through this process hold the same legal standing as those made in formal meetings.

Company Annual Strategy Review

The Board of Directors is committed to enhancing the Company's performance for the upcoming year through a comprehensive review of the annual strategy conducted at the end of the current year. In 2024, this strategic review was undertaken during Board of Directors meetings, focusing on refining plans to align with the Company's goals and objectives.

Evaluation of the Company's Strategies

The evaluation of the Company's strategies is an integral process to ensure alignment with the Company's Vision, Mission, and the prevailing business environment. This evaluation is conducted periodically, involving all Directors and executives of Bank Mandiri, through discussion forums for the preparation of the annual Corporate Work Plan and Budget (RKAP), the Company's Corporate Plan (RJPP), and the Sustainable Finance Action Plan (RAKB).

The discussion forums focus on assessing achievements, evaluating sustainability initiatives, and establishing business directives to address current challenges and opportunities. The inclusion of the RAKB ensures that the Company integrates sustainable finance principles into its strategies, aligning with regulatory requirements and supporting long-term environmental, social, and governance (ESG) objectives.

The drafting of the RKAP, which is based on the RJPP and incorporates the RAKB, is conducted collaboratively and is then submitted to the Board of Commissioners for approval. This process ensures that the Company's strategies are aligned with its long-term goals, while also contributing to sustainable development and responsible business practices.

BOARD OF DIRECTORS PERFORMANCE ASSESSMENT

The performance assessment process for the Board of Directors is done based on the achievement of the Key Performance Indicators (KPIs) of the Board of Directors, both individually and collectively. This assessment is conducted by the Shareholders through the mechanism of the General Meeting of Shareholders (GMS).

Individual Director Performance Assessment

12.	Social & Environmental Responsibility Committee (SERC)	Social & Environmental Responsibility Committee (SERC) has effectively carried out its duties, supporting the Board of Directors in among others mapping and preparing the Company's Social & Environmental Responsibility Program (TJSL). The Committee held 2 (two) meetings in 2024, focusing on work plan execution and priority issues.

BOARD OF DIRECTORS EXECUTIVE COMMITTEES

BOARD OF DIRECTORS EXECUTIVE COMMITTEES

In performing its duties, the Board of Directors is supported by the Corporate Secretary and Committees that provide advice and recommendations regarding policies and strategic directions. Bank Mandiri has 12 (twelve) committees under the Board of Directors, collectively referred to as the Executive Committees. These committees are established in accordance with the Board of Directors Decree No. KEP.DIR/027/2024 dated 22 May 2024 concerning the Executive Committees of PT Bank Mandiri (Persero) Tbk.

As part of their mandate, the Executive Committees do not hold the authority to represent or act on behalf of the Company in binding agreements or signing contracts with third parties. All such actions must adhere strictly to the provisions of the Company's Articles of Association and can only be undertaken by authorized representatives as stipulated therein.

ASSETS & LIABILITIES MANAGEMENT COMMITTEE (ALCO)

The Assets & Liabilities Management Committee (ALCO) is established to assist the Board of Directors in carrying out functions related to setting strategies for managing assets and liabilities, determining interest rates, and maintaining liquidity, as well as other matters related to the Company's asset and liability management. Moreover, during periods of significant financial stress or financial and economic crises, ALCO is responsible for monitoring and executing or activating the Recovery Plan.

Assets & Liabilities Management Committee (ALCO) Structure and Membership

Based on the Board of Directors Decree No. KEP.DIR/032/2024 dated 22 May 2024 concerning Assets & Liabilities Management Committee, the structure and membership of ALCO are as follows:

Assets & Liabilities Management Committee (ALCO) Member Structure

Chairman	President Director
Secretary	Market Risk Group Head

Assets & Liabilities Management Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, in which for the Assets & Liabilities Management Committee (ALCO) has been regulated in the Board of Directors Decree No. KEP.DIR/032/2024, consisting of:

1. Purpose of the committee establishment
2. Duties, responsibilities, and authority of the committee
3. Structure and membership of the committee
4. Committee meetings, quorum and decision making
5. Committee reporting

Duties, Responsibilities and Authorities

ALCO has the following duties, responsibilities and authorities:

Duties and Responsibilities:

1. Develop and review the assets and liabilities management strategies.
2. Evaluate the position of the Company's assets and liabilities in accordance with liquidity risk, interest rates and exchange rates management objectives.
3. Evaluate the Company's position and the Assets & Liabilities Management (ALM) strategy to ensure that the results of the Company's risk-

taking position are consistent with interest rates, liquidity and exchange rates management objectives.

4. Reviewing and re-evaluating the pricing of assets and liabilities to ensure that it optimizes fund deployment returns, minimizes the cost of funds, and maintains the Company's balance sheet structure in line with its ALM strategy.
5. Reviewing deviations between actual outcomes and the Company's budget and business projections.
6. Discussing limits on Liquidity Management, Interest Rate Management, FX Management, and Pricing Management.
7. Addressing other ALM-related matters, including those pertaining to subsidiaries or entities under the Company's control.
8. Monitoring the Bank's financial indicators included in the Recovery Plan, covering liquidity, capital adequacy, profitability, and asset quality, while regularly reviewing and updating the emergency funding plan to ensure its effectiveness. The Monitoring Report of the Recovery Plan Indicators is periodically submitted by the Coordinating Unit to ALCO.
9. Discussing the delegation of authority to the Company's officers on an ex-officio basis.

Authority:

1. Determine the asset and liability management strategy.
2. Set the pricing for assets and liabilities.

BOARD OF DIRECTORS EXECUTIVE COMMITTEES

3. Establish limits for Liquidity Management, Interest Rate Management, FX Management, and Pricing Management.
4. Define the Fund Transfer Pricing.
5. Determine ALM-related matters, including those involving subsidiaries or entities under the Company's control.
6. Escalate to the Board of Directors if Recovery Plan indicators approach or breach their established trigger levels, in order to obtain a decision on activating the Recovery Plan.
7. Authorize Company officers to hold certain positions ex-officio.

Performance Implementation in 2024

In fulfilling its duties and responsibilities, ALCO convenes meetings at least 2 (two) times a year. Additional meetings may be held at anytime as needed at the request of one or more voting members of the committee, at the request of the Board of Directors, or based on a written proposal from a relevant unit. Such requests shall include discussion materials and be coordinated with the Committee Secretary.

Throughout 2024, ALCO has fulfilled its duties, responsibilities, and authorities by making 10 (ten) decisions, as detailed below:

No.	Date	Agenda & Decision	Attendance

Credit Policy Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, wherein for the Risk Management & Credit Policy committee has been regulated in Board of Directors Decree No. KEP.DIR/062/2024, consisting of:

1. Purpose of the committee establishment
2. Duties, responsibilities, and authority of the committee
3. Structure and membership of the committee
4. Committee meetings, quorum and decision making
5. Committee reporting

Credit Policy Committee Duties and Responsibilities

1. Category A – Credit Policy
The CPC – Category A's duties, authorities, and responsibilities are:
 - a. Monitoring and evaluating the development and quality of the overall credit or financing portfolio.
 - b. Overseeing the implementation of Credit Policies, formulating solutions in case of obstacles or challenges in their implementation, conducting periodic reviews of Credit Policies, and providing recommendations to the Board of Directors when changes or improvements are necessary.

- c. Monitoring and evaluating the accuracy of the exercise of credit decision-making authority, the credit granting process, the development, and the quality of credits granted to related parties and certain large debtors.
- d. Monitoring and evaluating the accuracy of the implementation of the Legal Lending Limit (LLL) provisions, compliance with laws and regulations related to credit granting, and the resolution of problematic loans as set out in the Credit Policies.
- e. Ensuring and evaluating the Bank's efforts in meeting the adequacy of loan loss provisions.
- f. Submitting periodic written reports and providing recommendations for corrective actions to the Board of Directors, with copies to the Board of Commissioners, regarding the results of oversight on the implementation and execution of Credit Policies and the monitoring and evaluation of the items mentioned above.
- g. Providing input to the Board of Directors in the formulation and/or adjustment/improvement of the Bank's Credit Policies, especially concerning the formulation of prudential principles in lending, for subsequent approval by the Board of Commissioners.

2. Category B – Credit Policy

The CPC – Category B's duties, authorities, and responsibilities are as follows:

- a. Discussing and/or evaluating agendas related to Management Limits with the following scope:

Type	Maximum Master Limit	Decision-Making Authority	
Tier A	Up to a maximum of 90% of the Legal Lending Limit (LLL)	All Limit Proposals	Board of Directors Meeting

1. Provide guidance on transformation proposals, including but not limited to initiatives/projects to be implemented and managed by the transformation unit in alignment with the Bank's business strategy.

TRANSFORMATION COMMITTEE

2. Ensure that the implementation of transformation initiatives/projects proceeds according to the established transformation plan.
3. Address and resolve strategic issues related to transformation management.

Authorities:

1. Define strategic direction for the development of the Bank's transformation efforts.
2. Determine the initiatives/projects to be implemented and managed by the transformation unit in alignment with the Bank's business strategy.
3. Approve organizational adjustments within units and appointments of officers performing transformation functions, in accordance with organizational change authorities.

Performance Implementation in 2024

In fulfilling its duties and responsibilities, TFC convenes meetings at least 3 (three) times a year. Additional meetings may be held at anytime as needed at the request of one or more voting members of the committee, at the request of the Board of Directors, or based on a written proposal from a relevant unit. Such requests shall include discussion materials and be coordinated with the Committee Secretary.

Throughout 2024, the Transformation Committee has carried out its duties, responsibilities, and authorities by making 5 (five) decisions, detailed as follows:

No.	Date	Agenda & Decision	Attendance
1	16 January 2024	Update Project Lunar Stream 3 – Strengthen Core Competence	Meeting quorum with 100% attendance rate
2	20 February 2024	Update Project Lunar Stream 4 – Achieve Urban Leadership	Meeting quorum with 100% attendance rate
3	13 May 2024	Update Project Lunar Stream 5 – Extract Value from Subsidiaries	Meeting quorum with 71% attendance rate
4	6 June 2024	Update Project Lunar Stream 6 – Conduct Sustainable Business	Meeting quorum with 71% attendance rate
5	13 August 2024	Update Project Lunar Stream 1 – Create Business Leaders	Meeting quorum with 100% attendance rate

Transformation Committee Works Plan in 2025

To support the vision and mission of Bank Mandiri and ensure the achievement of the established strategic objectives, the Transformation Committee in 2025 will focus on the following measures:

1. **Evaluation of the 2024 Transformation:** Conduct a comprehensive evaluation of achievements and challenges encountered during the implementation of the 2024 transformation program.
2. **Establishment of Strategic Transformation Priorities:** Develop specific, measurable transformation priorities aligned with the 2025 business plan to ensure the sustainability of strategic initiatives. This includes strengthening ecosystem orchestration to foster synergy across business segments and ensuring balanced growth between retail and wholesale segments.

CREDIT COMMITTEE/RAPAT KOMITE KREDIT

3. **Harmonization of Transformation Initiatives with Business Strategy:** Establish comprehensive guidelines to ensure that each transformation initiative aligns with Bank Mandiri's 2025 business strategy. This includes internalizing transformation across all work units and employees, including subsidiaries, to embed transformation as an integral part of the organizational culture.
4. **Resolution of Strategic Transformation Issues:** Identify and implement innovative strategic solutions to address key issues affecting the effectiveness of transformation management. This includes addressing challenges related to human resources, technology, and governance.
5. **Adjustment of Organizational Structure and Transformation Capabilities:** Implement adjustments to the organizational structure, work units, and human resource management while enhancing organizational capabilities. This aims to strengthen ecosystem orchestration and ensure seamless execution of transformation functions in alignment with Bank Mandiri's strategic needs.

CREDIT COMMITTEE/RAPAT KOMITE KREDIT

The Credit Committee/Rapat Komite Kredit (RKK) is established to assist the Board of Directors in making decisions regarding lending activities. These include new loans, additional loans, loan reductions, and/or loan extensions managed by the Business Unit, in line with the established limits of authority. This also covers decisions related to the determination or modification of loan structures.

Since the inception of Bank Mandiri, the Credit Committee has been established, comprising representatives from the Business Unit and the Risk Unit. The structure and work processes of the Credit Committee have been refined several times. In 2005, a fundamental update of the lending process was implemented to ensure more prudent and effective loan and risk management practices, while reinforcing the application of Good Corporate Governance principles.

CREDIT COMMITTEE/RAPAT KOMITE KREDIT

Loan approvals within the Wholesale segment are conducted through discussions in the Credit Committee Meeting, which adheres to the four-eyes principle. This principle ensures a robust check-and-balance process between the Business Unit as the Initiator and the Risk Unit as the Risk Mitigator.

In addition to the main members, representatives from the Legal Group and Compliance Group participate in Credit Committee Meeting to provide independent legal and compliance opinions. This ensures that the decision-making process remains objective, prevents the dominance of operational units, mitigates conflicts of interest, and facilitates stress-free and balanced decisions.

If a Credit Committee member is responsible for credit recovery functions, the committee assumes the role of the Restructuring Credit Committee to address loan restructuring decisions effectively.

Credit Committee Membership and Structure

RKK is formed based on the Decree of the Board of Directors No. KEP. DIR/001/2021 dated 13 January 2021 on the Executive Committee of the Board of Directors of PT Bank Mandiri (Persero) Tbk, and the Decree of the Board of Directors No. KEP. DIR/059/2021 dated 24 November 2021.

The composition of RKK members is determined based on the Four Eyes Principle, ensuring a proportional balance between representatives holding business authority and those holding credit risk authority. To support its implementations, the Credit Committee is equipped with a Committee Secretary.

Credit Committee Charter

Bank Mandiri has established a Credit Committee Charter, which is stipulated in the Standard Credit Procedures specific to each business segment.

The Credit Committee Charter defines key aspects such as the duties, responsibilities, and authorities of the Credit Committee. The Charter also governs the Committee's structure and membership, ensuring proportional representation of both business functions and credit risk functions.

Credit Committee Duties and Responsibilities

In carrying out its functions, the Credit Committee has the duties and responsibilities as set forth in the Loans Procedure Standards per segment as follows:

1. Credit Committee
The Credit Committee shall recommend and/or terminate the loans (new, addition, reduction, and/or renewal) managed by the Business Unit in accordance with the authority limit, including the credit structure determination/amendment.
2. Credit Committee – Restructuring
 - a. Credit Committee – Restructuring is authorized to recommend and or decide as authorized by:
 - b. Restructuring and completion of loans for Collectability 3, 4, 5 and collectability 1 and 2 post restructuring which is still managed by the Credit Recovery Unit.
 - c. Restructuring of collectability Credits 1 and 2 category watch lists.
 - d. Recovery/settlement of loans extraction tables, including deciding the acquired assets (AYDA).
 - e. Write-off the book and remove credit charges.
3. The authority and responsibility for loans decision is attached by individual and not by position where each authority holder for loan decision is mutually independent and taken the same authority in the decision or refusal of a loan proposal.
4. The authority to terminate loans is utilized in accordance with the applicable lending and procedures.

SOCIAL & ENVIRONMENTAL RESPONSIBILITY COMMITTEE (SERC)

5. The extension of loans period can only be done after the proportional distribution of debtor transactions has been carried out to the debtor's operating account at Bank Mandiri. If the distribution of debtor transactions to the operating account has not been carried out proportionally, then the extension of loan facility must be submitted and requested the approval from the Credit Committee/Credit Restructuring Committee according to the limit of authority by informing the condition.

Credit Committee Duties Implementation in 2024

In 2024, the Credit Committee has made 1.250 loans decisions, consisting of 427 in the Corporate segment, and 823 in the Commercial segment.

Credit Committee Works Plan in 2025

The Credit Committee has set the 2025 works plan, among others, to provide recommendations and/or approval of lending (new, additional, decrease, and or renewal) managed by the Business Unit in accordance with the authority of limit, including the determination/change of loans structure.

SOCIAL & ENVIRONMENTAL RESPONSIBILITY COMMITTEE (SERC)

The Social & Environmental Responsibility Committee (SERC) is established to support the Board of Directors in coordinating across work units and functions to achieve the following objectives: formulating goals and guidelines for implementing the Bank Mandiri TJSI (Social and Environmental Responsibility) Program, mapping and preparing the TJSI Program, and assisting the Board of Directors in evaluating its implementation.

Social & Environmental Responsibility Committee Structure and Memberships

Based on the Decree of the Board of Directors No. KEP.DIR/031/2024 dated 22 May 2024 concerning the Social & Environmental Responsibility Committee (SERC), the structure and membership of the SERC are as follows:

SOCIAL & ENVIRONMENTAL RESPONSIBILITY COMMITTEE (SERC)

Social & Environmental Responsibility Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, wherein for the Social & Environmental Responsibility Committee has been regulated in the Board of Directors Decree No. KEP.DIR/031/2024, consisting of:

1. Purpose of the committee establishment
2. Duties, responsibilities, and authority of the committee
3. Structure and membership of the committee
4. Committee meetings, quorum and decision making
5. Committee reporting

Duties, Responsibilities and Authorities

The following are the Social & Environmental Responsibility Committee duties, responsibilities and authority:

Duties and Responsibilities:

Coordinate across work units/divisions to define goals and implementation guidelines for Bank Mandiri's Social and Environmental Responsibility (TJSL) Program; Conduct mapping and preparation of the TJSL Program; and Assist the Board of Directors in evaluating the implementation of the TJSL Program.

Authorities:

1. Determine and coordinate the work units responsible for implementing Bank Mandiri's TJSL Program, ensuring that the program meets its established targets; and
2. Request data and information related to the TJSL Program.

Performance Implementation in 2024

In fulfilling its duties and responsibilities, SERC convenes meetings at least 2 (two) times a year. Additional meetings may be held at anytime as needed at the request of one or more voting members of the committee, at the request of the Board of Directors, or based on a written proposal from a relevant unit. Such requests shall include discussion materials and be coordinated with the Committee Secretary.

Throughout 2024, the Social & Environmental Responsibility Committee has carried out its duties, responsibilities, and authorities by making 2 (two) decisions, detailed as follows:

No.	Meeting Date	Meeting Agenda	Quorum Attendance (%)
1	24 July 2024	Performance of the Social and Environmental Responsibility Program in 2024	100
2	1 November 2024	<ul style="list-style-type: none"> • Performance of the Social and Environmental Responsibility Program in 2024 • Plan for the Social and Environmental Responsibility Program in 2025 	100

Social & Environmental Responsibility Committee Work Plans for 2025

1. Determination of Bank Mandiri TJSL distribution framework 2025.
2. Evaluation of TJSL Training & Socialization to Regional Executives 1-12 of Bank Mandiri.
3. Evaluation of Bank Mandiri TJSL disbursement performance in 2024.

CORPORATE SECRETARY

CORPORATE SECRETARY

The Corporate Secretary plays a strategic role in ensuring the Company's adherence to legal and regulatory requirements as part of its commitment to Good Corporate Governance. The role facilitates the transparent dissemination of important information to stakeholders, including shareholders, regulatory authorities, analysts, and the public, ensuring all disclosures are accurate, timely, and comprehensive. The Corporate Secretary also oversees the Company's internal and external communications to promote transparency and is responsible for maintaining and enhancing the Bank's reputation among its stakeholders.

As a key liaison, the Corporate Secretary bridges the communication between the Bank's internal organs and external entities, such as government institutions, non-government organizations, shareholders, and participants in the capital market. Reporting to the Board of Directors, the Corporate Secretary carries out its duties under a formal appointment and dismissal process governed by the Board of Directors' decree.

At Bank Mandiri, the Corporate Secretary function is entrusted to the Corporate Secretary Group, a dedicated work unit led by a senior executive at the level of Senior Vice President or higher. This structure ensures the effective execution of duties and responsibilities, aligning the Bank's operations with governance standards and stakeholder expectations.

Legal References of Appointment

The establishment, appointment and implementation of functions and duties of Corporate Secretary refer to:

- Articles of Association of Bank Mandiri
- POJK No. 35/POJK.04/2014 concerning Corporate Secretary of Issuers and Public Companies.

- SOE Minister Regulation No. PER-01/MBU/2011 concerning the Implementation of Good Corporate Governance in State-Owned Companies, as last amended by PER-2/MBU/03/2023 of 2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
- Law No. 19 of 2003 concerning State-Owned Enterprises.
- Board of the Director's Decree No. KEP. DIR/047/2023 dated 1 December 2023.

Corporate Secretary Profile

Based on the Decree of the Board of Directors No. KEP.DIR/051/2024 on Organizational Structure, the Corporate Secretary of Bank Mandiri is under the supervision of the SEVP Corporate Relations who is responsible to the President Director. The appointment and dismissal of the Corporate Secretary are formalized through a decree of the Board of Directors.

The Company appointed Usman as Corporate Secretary based on Board of Directors Decree No. KEP. DIR/047/2023 dated 1 December 2023. As of 1 December 2024, Teuku Ali Usman entered retirement, and based on the decision of the Board of Directors, the role of Corporate Secretary

is temporarily managed by M. Wisnu Trihanggodo as SEVP Corporate Relations until a new Corporate Secretary of the Company is appointed. This has been reported to the OJK through Letter No. CRL. CSC/CMA.1787/2024.

 - e. Implementing an orientation program for the Board of Directors and/or the Board of Commissioners.
4. As a liaison between the Company and shareholders, the OJK and other stakeholders.

Corporate Secretary Guidelines Policy and Standards

In line with OJK Regulation, the Corporate Secretary also has in place the Policy and Standard of Guidelines as the foundation in carrying out its functions and duties. The scope of activities of responsibility of the Corporate Secretary are as follows:

Bank Activities as a Public Company

1. Carrying out Information Disclosure including reporting to Regulators regarding the Bank status as a Public Company.
2. Organizing and documenting the General Meeting of Shareholders.
3. Carrying out report submissions according to the provisions of other laws under the authority of the Corporate Secretary unit.
4. Managing the administration of Bank Mandiri shareholders.
5. Organizing other activities related to the Corporate Actions and/or other information disclosures.
6. Carrying out the Bank's compliance with the capital market regulations.

Corporate Communication Activities

1. Establishing strategies and managing the implementation of corporate communications that present the company's image to all bank stakeholders.
2. Carrying out reputational risk management functions which include the process of identifying, measuring, monitoring and controlling the reputational risk management.
3. Organizing and carrying out certain activities (e.g. events/sponsorships) as the implementation of a corporate communication strategy.
4. Monitoring and updating the content of brand guideline material from time to time to ensure conformity with current needs.
5. Developing and implementing product and service communication marketing strategies based on applicable internal regulations.

Secretariat Activities

1. Organizing and documenting the Meetings of the Board of Directors Meetings and Board of Commissioners.

2. Administration of the company documents including regulating or stipulating the regulations concerning letters and management of the company documents.
3. Organizing activities to support the functions and work activities of the Board of Commissioners and Board of Directors.
4. Supporting the functions and work activities of the Board of Commissioners and Board of Directors, among others:
5. Implementation of protocols.
6. Management of administration, facilities and benefits.

Security Activities

Carry out security activities aimed at supporting the smooth and orderly operational activities of the Company, including regulating and stipulating regulations on the implementation of Bank security

Social and Environmental Responsibility Activities (TJSL)

1. Develop CSR planning as a strategy and implementation guide to ensure the effectiveness and success of CSR
2. Implement CSR activities in the form of:
 - a. Micro and small business financing (MSE Funding Program); and/or
 - b. Provision of Assistance and/or other activities, including coaching (MSE Non-Funding Program).
3. The Board of Directors evaluates the implementation of the Bank's CSR Activities to measure performance and achievement of benefits both to the Bank and to the environment.
4. The Board of Commissioners supervises the implementation of CSR Activities.

Other Activities

Carry out Special Assignments from the central government in order to carry out the functions of public benefit and national research and innovation.

Corporate Secretary Capacity Building Programs

To enhance knowledge and stay updated on the latest developments in the capital market, the Corporate Secretary actively participated in various training programs, seminars, and workshops during the year. Detailed information on these training activities is presented in Chapter 3 of the Company Profile under the section "Competence Development of Corporate Secretary" in this Annual Report.

In addition, the officers and executives within the Corporate Secretary function attended training sessions focused on legal matters, accounting, secretarial practices, and reporting. They also actively participated in seminars and socialization events related to newly issued regulations by the relevant authorities, ensuring alignment with the latest regulatory requirements.

Investor Relations serves as a vital communication bridge between Bank Mandiri and its investors, potential investors, shareholders, institutional brokers, investment managers, and analysts. The primary goal of Investor Relations is to enhance the Bank's credibility and facilitate transparent communication between the Bank's management and the investment community, thereby supporting informed decision-making.

Bank Mandiri assigns the Investor Relations Unit to ensure that stakeholders and the investment community have access to comprehensive and accurate information regarding the Company's performance and strategic direction. This is achieved through proactive engagement, including investor and analyst meetings, public exposés, presentations, roadshows, press releases, newsletters, and other relevant reports. Investor Relations also represents the Company in domestic and international investor forums and conferences, strengthening relationships with the global investment community.

To further align with the principles of Good Corporate Governance, the Investor Relations Unit emphasizes transparency and accountability in its communication practices. This includes

providing timely updates on the Bank's financial and operational performance, strategic initiatives, and market outlook to enhance investor trust and confidence.

Through its active role, Investor Relations is responsible to manage an open communication and information delivery to ensure that the investment community has the tools and knowledge needed to evaluate the Bank's potential and make well-informed investment decisions.

Investor Relations Duties and Responsibilities

The following are duties and responsibilities of Investor Relations:

1. Creating, developing and maintaining cooperative relationships with constituents of the Indonesian Capital Market, including Fund Managers, buy-side & sell-side Analysts, Stock Brokers, Investments Bankers, and Rating Agencies.
2. Provide accurate qualitative and quantitative information to form a long-term valuation of Bank Mandiri shares through various means including: Quarterly Earnings Call, Investor Conference, Teleconference, Web-Casts, IR Website, Broker Sponsorship, Road Show & Non-Deal Road Show both Local and International.
3. Representing the Company's management in meetings with analysts and investors either one-on-one or public presentation sessions to communicate opinions, attitudes and reactions to company issues and provide strategic feedback for the Company's management.
4. Observe the sales patterns and share ownership of the Company, including managing and developing an investor database and contact reports.
5. Maintain openness, accuracy and timeliness of the disclosure of relevant information to capital market players.

Investor Relations Activities in 2024

Throughout 2024, Investor Relations maintained consistent engagement with investors and shareholders through various channels and initiatives. These included local and international roadshows, investor meetings, and regular communication with analysts and investment managers. By organizing these activities, Investor Relations fostered a deeper understanding of the Bank's strategic development and operational highlights.

To ensure consistent updates, Investor Relations routinely provided information through press releases, corporate presentations, public exposés, and regular analyst and investor meetings. These activities were designed to promote trust and confidence among stakeholders while aligning with the Bank's commitment to Good Corporate Governance.

Below is the detailed list of Investor Relations activities conducted in 2024:

INTERNAL AUDIT

The Internal Audit has the main function and responsibility to ensure and assist the Company's management on the implementation of corporate governance, the effectiveness of risk management process and internal control to ensure the optimal implementation of the governance practices in the Company and its Business Units.

Internal Audit has unlimited, free and unrestricted access to all records, physical property and the Company's employees that are relevant to the assignment and are responsible for maintaining the confidentiality and existence of such records and information.

Internal Audit carries out its duties and responsibilities independently and objectively led by the Head of Internal Audit who directly reports to the President Director and Board of Commissioners through the Audit Committee. Head of Internal Audit is appointed and terminated by the President Director upon the approval of the Board of Commissioners and reported to the Financial Service Authority (OJK).

Holding a role as the Third line of defense, Bank Mandiri's Internal Audit ensures that internal control in each line of defense is getting stronger and more mature. To that end, Internal Audit continues to innovate in the use of audit methodologies and tools hence audits are more effective and efficient.

Auditor Code of Ethics

The Internal Auditors of Bank Mandiri are required to be professional and obey the established code of ethics. The Bank Mandiri Internal Auditor's code of ethics are as follows:

- 1. Integrity**
Internal Auditors have integrity by building trust which is the basis for making reliable judgments.
- 2. Objectivity**
The Internal Auditor shows high objectivity in accordance with professional standards in collecting, evaluating and communicating information about the activities or processes being audited. In addition, the Internal Auditor conducts balanced judgments by paying attention to all relevant conditions and not influenced by personal or other people's interests.
- 3. Confidentiality**
The Internal Auditor respects the value and ownership of the obtained information and does not disclose the information without authorization unless there is a legal or professional obligation to disclose the information.
- 4. Competency**
The Internal Auditor uses knowledge, skills and experience required to carry out the audit duties. Internal audit activities must be carried out with professional skills and expertise that is having the knowledge, skills and other competencies needed to perform their responsibilities.

Internal Audit Capacity Building

The Internal Audit competency development is presented in the Profile Chapter of this Annual Report.

Information System of Internal Audit

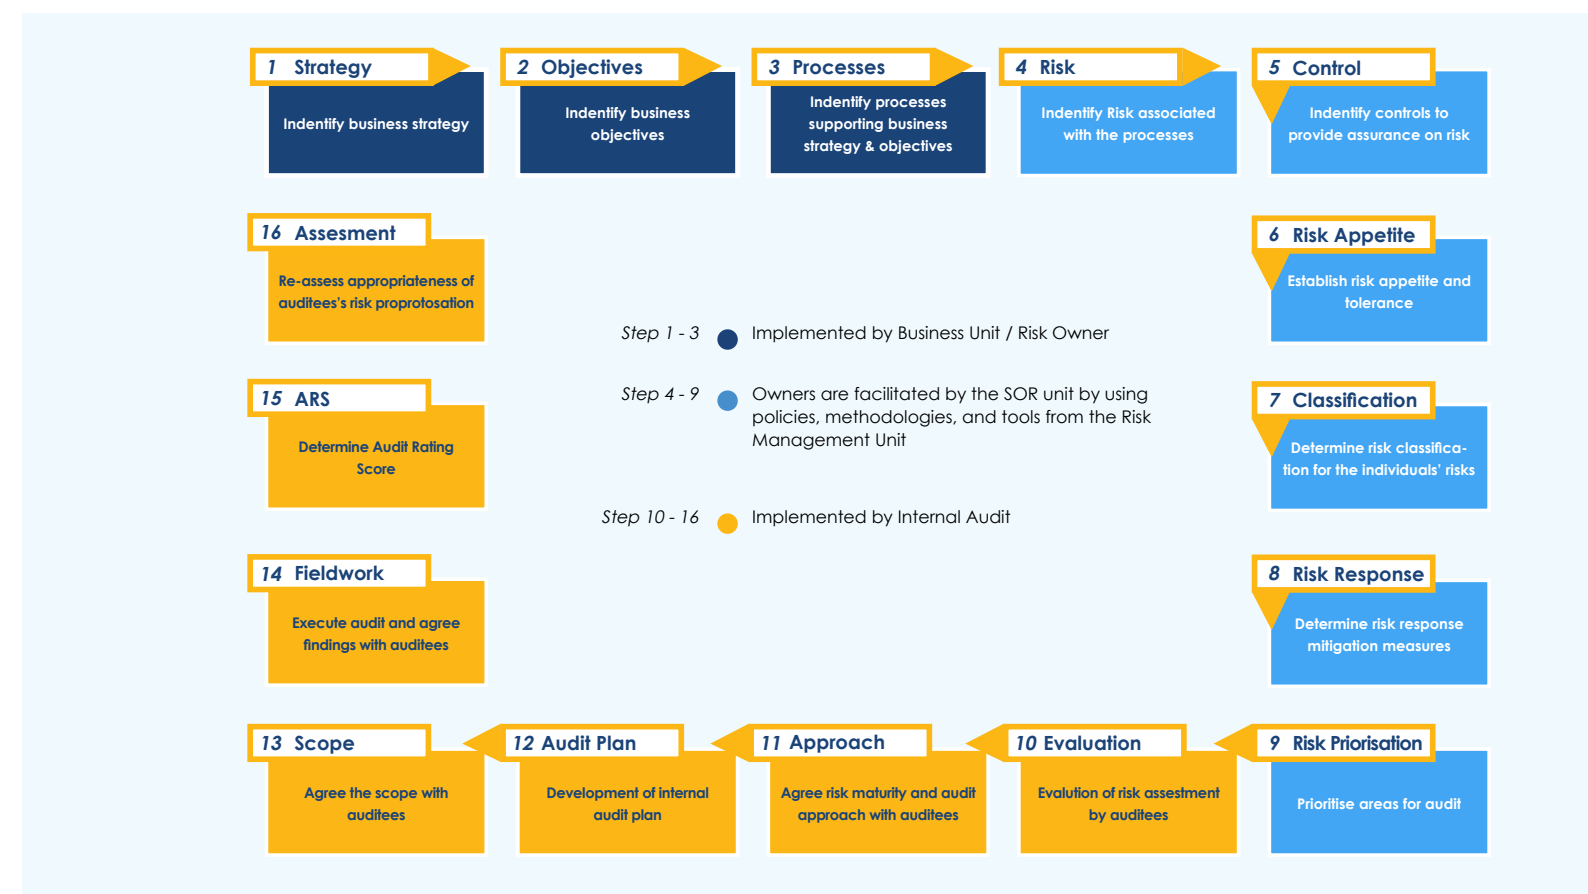

To improve the effectiveness of audit implementation and provide a full picture to the Management regarding the audits, the audit activities consisting of planning, implementation, reporting and monitoring stages are carried out using an application called the Audit Management Information System (SIMANIS) which is carried out internally as a system of recording and monitoring the results of audits and investigations. The SIMANIS application had been applied since 21 February 2020 and, is constantly developed to improve from previous versions.

Audit Methods

Internal Audit applies a risk-based audit (RBA) methodology for internal audit activities by focusing on high-risk areas. The application of this methodology is in accordance with the needs of the Company, regulatory and best practices.

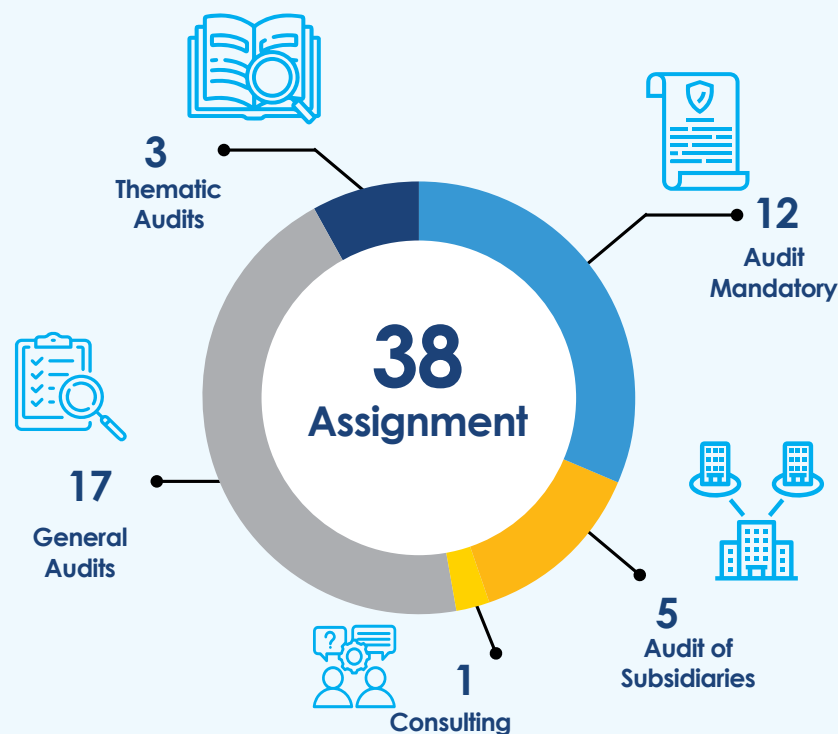

The application of a risk-based audit (RBA) methodology requires good cooperation between Internal Audit and the Operational Risk Management Unit and the Client.

The following is the grand design of risk-based audit application at Bank Mandiri:

Internal Audit Work Programs

In 2024, the Internal Audit has prepared audit plans with 38 (thirty-eight) subjects of assignments consisting of Thematic Audits, General Audits, Audit Mandatory, Audit of Subsidiaries and Consulting. These assignments are carried out by three work units in Internal Audit, namely the Wholesale & Corporate Center Audit Group Unit, Retail Audit Group, and Information & Technology Audit Group. The details of the assignment subjects are presented in the following chart.

Audit Activities in 2024

The dynamic development of the internal audit methodology encouraged the Company's Internal Audit unit to be more responsive and proactive. With this change, the audit plan which was originally static had become more dynamics, adapting to the conditions and needs of the Company. In 2024, audit activities were carried out based on the previously prepared audit plan hence the audit results will be followed up and used as material to make continuous improvements in the Company.

Internal Audit Function Standard Implementation

The Financial Services Authority (OJK) published POJK No. 1/POJK.03/2019 on the implementation of Internal Audit function of Commercial Banks, effective as of 29 January 2019 in lieu of the standard implementation of the internal Bank Audit function (SPFAIB) that has been used. Following up on the issuance of the POJK, Internal Audit has adopted the regulation on the internal rules, namely the Internal Audit Charter, Bank Mandiri Internal Control Policy (KICN), Internal Audit Guidelines Standards (SPIA) and Internal Audit Technical Guidelines (PTIA). The changes to the Internal Control Policy were approved by the President Director and the Board of Commissioners in November 2023. The latest changes to other internal regulations were approved by Bank Mandiri Management (in this case Directors and Group Heads) in 2023.

OJK Regulation No. 38/POJK.03/2016 and OJK Circular No. 21/SEOJK. 03/2017

In conducting Audit, in particular IT Audit, the Bank is also subject to the provisions set out in the POJK No. 11/POJK.03/2022 on the Implementation of Information Technology by Commercial Banks, and SEOJK No. 21/SEOJK.03/2017 on Risk Management Application in the use of Information Technology by Commercial Banks, which aims at improving IT Audit work process in Bank Mandiri.

The International Standards for the Professional Practice of Internal Auditing

In addition to regulatory, the implementation of Internal Audit of Bank Mandiri adjusts to the International Standards for the Professional Practice of Internal Auditing (ISPPIA) stipulated by the Institute of Internal Auditors (IIA).

PUBLIC ACCOUNTANT

The External Audit function is carried out through the audit of the Company's Financial Statements by an independent Public Accountant Firm. This process ensures that the financial information is prepared and presented with high quality, adhering to applicable standards. The audit involves expressing an opinion on the fairness of the Company's Financial Statements and conducting an internal control review. In addition, it includes re-examining matters previously reviewed by Internal Audit and observing the procedures implemented by Internal Audit.

Pursuant to POJK Number 37/POJK.03/2019 on Transparency and Publication of Bank Reports and SEOJK Number 9/SEOJK.03/2020 on Transparency and Publication of Conventional Commercial Banks Reports, the audit of the Company's Financial Statements for the 2024 fiscal year was performed by independent, competent, professional, and objective public accountants. The audit was conducted in compliance with the Public Accountants Professional Standards, work agreements, and the predetermined audit scope.

Appointment of Public Accountant

Pursuant to the resolution of the Annual GMS dated 7 March 2024, the Meeting has appointed Public Accountant Firm KAP Rintis, Jumadi, Rianto & Rekan (formerly Tanudiredja, Wibisana, Rintis & Rekan (a member firm of PricewaterhouseCoopers Global network)) who will audit the Company's Consolidated Financial Statements, Financial Statements of the Company's Micro and Small Business Funding Program (PUMK), and other statements for Fiscal Year 2024. Relationship among Bank Mandiri, Public Accountants, and Regulators

Bank Mandiri maintains a collaborative and transparent relationship with Public Accountants and regulators while adhering to relevant legal and regulatory provisions. To ensure the quality of the audit process, the Audit Committee and Internal Audit oversee the work conducted by the assigned Public Accountants.

The Public Accountants communicate the audit plan for Bank Mandiri's financial statements to the Audit Committee, including details on the audit methodology and sample selection. This information is also shared with Internal Audit to facilitate coordination. Throughout the audit process, regular discussions are held to review audit progress, findings, and any other significant matters, including findings related to internal controls.

The Audit Committee periodically monitors the performance of Public Accountants through meetings attended by relevant Directors. These meetings also focus on discussing and following up on audit findings reported by the Public Accountant Firm. This close coordination ensures that the audit process is thorough, effective, and delivers comprehensive results.

INTERNAL CONTROL SYSTEM

Internal control system serves to manage and control the risks properly so as to create sound and safe operations. This component covers policies and procedures across all operational functions that aim to protect the Bank's assets. The implementation of internal control is designed to achieve an accurate and reliable financial information, the effectiveness and efficiency in operation, as well as the compliance with the applicable laws and regulations.

The Internal Control System (SPI) is a control mechanism established by the Board of Directors with the approval of the Board of Commissioners on an ongoing basis with the aim of maintaining and securing the Bank's assets, ensuring the availability of accurate, comprehensive, efficient, and timely reports, improving compliance with regulation, legislation, and internal policies and provisions, reducing financial impacts/losses, irregularities including breach/fraud, and violations of the prudential aspects, improving organizational effectiveness and cost efficiency, and improving risk culture effectiveness in the organization comprehensively. The implementation of SPI in the Company refers to the Internal Control Policy (KICN).

As a process carried out by all levels of the Bank, SPI is applied in determining strategies throughout the organization and is designed to be able to identify the possibility of an event that can affect

the company, manage risks to remain within the tolerance limit (risk appetite), to provide adequate confidence in achieving the Bank objectives.

Control Objectives

The objectives of effective SPI implementation are grouped into 4 (four) main objectives as follows:

- 1. Compliance Objectives**
To ensure that all business activities of the Bank have been carried out in accordance with the prevailing laws and regulations, both the provisions issued by the Government, the Banking Supervisory Authority, the Capital Market Authority as well as the Bank's internal policies, provisions, and procedures.
- 2. Purpose of Information**
To provide accurate, complete, timely and relevant information needed in making appropriate and accountable decisions, including financial and non-financial reporting needed by internal and external parties of the Bank.

INTERNAL CONTROL SYSTEM

INTERNAL CONTROL SYSTEM

3. Operational Objectives

To increase effectiveness and efficiency in using assets and other resources and protect the Bank from the risk of losses including those caused by fraud events.

4. Risk Culture Objectives

To identify weaknesses and assess deviations early and reassess the reasonableness of existing policies and procedures within the Bank on an ongoing basis.

Management Oversight and Control Culture

The control environment shows the overall commitment, behaviour, concern and measures taken by the Board of Directors and Board of Commissioners of Bank Mandiri in carrying out operational activities. The Board of Commissioners is responsible for ensuring that the Board of Directors has monitored the effectiveness of SPI implementation. The Board of Commissioners plays an active role in ensuring improvements to the Company's issues that can reduce the effectiveness of SPI.

The Board of Directors is responsible for establishing internal control policies and strategies and procedures. The Board of Directors is also responsible for monitoring the adequacy and effectiveness of the SPI. The Board of Commissioners and Board of Directors are responsible for improving work ethics and high integrity and creating an organizational culture that emphasizes all employees the importance of applicable internal control at Bank Mandiri.

Supervision by management is carried out through the establishment of a control culture through the stipulation of policies and practices of human resources, as follows:

1. Bank has written policies and procedures regarding human resources, including recruitment, career path, payroll and remuneration system, as well as employee coaching and development.

2. The Bank evaluates the performance, competence and application of cultural values by employees on a regular basis, the results of which become the basis for employee assignment and placement.
3. The Bank has an adequate organizational structure and reflects the field of duties and responsibilities established in accordance with applicable regulations.
4. The Bank has a written policy regarding the provisions and procedures for changing the organizational structure.
5. The management of the Bank is carried out by referring to the principles of Good Corporate Governance.
6. The Bank's decision-making is determined in the Board of Directors meeting.
7. The decision-making process is carried out in a bottom-up and top-down manner.
8. The Bank establishes policies aimed at preventing opportunities to commit irregularities or violations of the precautionary principle.
9. The Bank applies the principle of transparency hence employees can communicate to the relevant management about any issues that occur in the Bank's operational activities.
10. The entire process of recruitment, development and career path is carried out taking into account the competence of employees.
11. Management assigns and places employees based on job exposure, level of knowledge, ability, mastery of technical competence and application of behavior and results of employee performance assessment.
12. The Board of Directors establishes a corporate culture that reflects the values underlying the conduct of the entire Bank's levels.
13. All levels of the Bank are required to have integrity and uphold ethical values.
14. Management becomes a role model, always increases the engagement level of all employees and has a high personal commitment to the development of a sound Bank.

15. Management is obliged to improve an effective risk culture and ensure that it is inherent at every level of the organization.

For the oversight of the Board of Directors and control culture, the Bank sets strategies & objectives as requirements for an effective event identification, risk assessment and risk response process, consisting of:

1. Strategic Objectives, the high-level targets and in line with the Bank's vision and mission.
2. Operational Objectives, the derivative goals and strategic objectives at the operational level (activities, work units and others).

The Bank has standard procedures for targets setting in accordance with the vision, mission and risk appetite.

Risk Recognition and Assessment

The Board of Directors identifies events that could potentially affect the Bank's ability to implement strategies and achieve targets effectively. The identification is carried out on events that are expected to have a negative impact (risk) that require the Bank's assessment and response. Identification is also carried out on events that are expected to have a positive impact which is an opportunity for the Board of Directors in developing strategies to achieve the Bank's goals.

In identifying potential events, the Board of Directors considers all aspects of the organization.

Risk assessment is a series of actions starting from the identification, analysis and measurement of the Bank's risk to achieve the set targets. Risk assessment is carried out on all types of risks inherent in each process/activity that has the potential to harm the Bank.

The Bank has a written risk management policy, which is determined by the Board of Directors and approved by the Board of Commissioners.

Risk assessment is carried out by identifying the risks appetite, setting limits and its risk control techniques, assessing risks that can be measured (quantitative) and those that cannot be measured (qualitative), as well as against risks that can be controlled and cannot be controlled, taking into account their costs and benefits. The risk assessment methodology is a benchmark for creating risk profiles in the form of data documentation that can be initiated periodically. Furthermore, the Bank must decide whether to take these risks or not, by reducing certain business activities.

Internal control needs to be reviewed appropriately in the event that there are risks that have not been controlled, both previously existing risks and newly emerging risks. The implementation of the review includes conducting continuous evaluations of the influence of any changes in the environment and conditions, as well as the impact of achieving targets or the effectiveness of internal control in the Bank's operational and organizational activities.

The Board of Directors establishes measures to respond to risks based on an assessment of the risks and relevant controls.

Control and Separation of Functions Activities

Control activities include control activities and segregation of duties, with the following description:

1. Control Activities

Control activities engage all levels of the Company, which includes planning, setting policies and procedures, implementing controls and early verification processes to ensure that policies and procedures have been consistently adhered to, and are activities that cannot be separated from every function or activity of

INTERNAL CONTROL SYSTEM

the Bank on a daily basis. Control activities are implemented at all levels of functions according to the Bank's organizational structure, which includes:

a. Review by the Board of Directors (Top Level Review)

The Board of Directors periodically requests explanations (information) and operational performance reports from the Head of the Work Unit in order to review the realization results compared to the targets that have been set. Based on the review, the Board of Directors immediately detects problems, such as control weaknesses, financial statement errors or other irregularities (fraud).

b. Functional Review

This review is carried out by Internal Audit Unit at the time of audit or in the process of reporting to the regulator, which includes:

i) Review the risk assessment (risk profile report) produced by the Risk Management Unit.

ii) Analyzing operational data, both data related to risk and financial data, namely verifying details and transaction activities compared to outputs (reports) produced by the Risk Management Unit.

iii) Review the realization of the implementation of work plans and budgets made by each work unit (Group/Branch), in order to:

- » Identifying the causes of significant deviations.
- » Sets the requirements for corrective actions.

c. Control of information systems

i) The Bank carries out verification of the accuracy and completeness of transactions, as well as the implementation of authorization procedures in accordance with applicable regulations.

ii) The Bank carries out IT control measures to produce systems and data to maintain confidentiality and integrity and support the achievement of the Company's objectives.

iii) Control of information systems includes:

- » Control over data centre operations (databases), procurement systems, development and maintenance of systems/applications. Such control is applied to servers, and user work stations, as well as networks.
- » Application control is applied to the program used by the Company in processing transactions and to ensure the availability of an effective audit process and to check the correctness of the audit process.

d. Physical controls

i) Physical asset control is carried out to ensure the implementation of physical security of the Bank's assets.

ii) Physical asset control includes securing assets, records and documentation, as well as limited access to application programs.

iii) The Bank must check the value of assets (appraisal) periodically.

e. Documentation

i) The Bank formalizes and documents all policies, procedures, systems and work standards adequately.

ii) All policies, procedures, operational systems and accounting standards are updated regularly to describe actual operational activities, and must be informed to the Bank's officials and employees.

iii) Upon request, documents are always available for the benefit of internal auditors, external auditors and the Banking Supervisory Authority.

iv) The Internal Audit Unit assesses the accuracy and availability of these documents when conducting routine and non-routine audits.

2. Segregation of Duties

a. The separation of functions is intended for everyone in his/her position to not have the opportunity to commit and hide errors or deviations in the performance of his/her duties at all levels of the organization and all steps of operational activities.

b. The organizational structure is made by separating the functions of recording, audit, operational and non-operational (segregation of duties), hence to create a system of dual control, dual custody and avoid duplication of work in every activity and avoid conflicts of interest.

c. In carrying out the separation of functions, the Bank takes measures, including:

i) Establish certain functions or tasks in The Bank that are separated or allocated to several people in order to reduce the risk of manipulation of the Bank's data/information or misuse of the Bank's assets.

ii) Such separation of functions is not limited to front and back-office activities, but also in the control against:

- » approval of the expenditure of funds and the realization of expenses.
- » customer account and bank owner's account.
- » transactions in the Bank's books.
- » providing information to the Bank's customers.

» assessment of the adequacy of credit documentation and monitoring of debtors after credit disbursement.

» other business activities that may cause conflicts of interest.

» independence of the risk management function at the Bank.

d. Directors and Employees have an adequate job description that contains functions, duties, authorities and responsibilities.

e. The Board of Directors and Employees are prohibited from concurrently holding positions in the Bank's internal environment that can cause conflicts of interest.

Accountancy, Information and Communication Systems

1. Accounting System

a. The Bank has written accounting policies that meet the generally accepted accounting principles.

b. The Bank Accounting System includes methods and records in order to identify, group, analyse, classify, record/post and report all transactions and activities of the Bank.

c. The Accounting System must be applied consistently and persistently to all Bank transactions.

d. The Bank is obliged to reconcile the accounting data with the management information system every month. The results of the reconciliation are documented in an orderly manner.

e. Every Work Unit responsible for recording every transaction must record the transaction immediately, accurately, and carefully, and conduct control and monitoring processes to:

- Review that each transaction has been recorded in the appropriate ledger.
- Review that each ledger corresponds accurately to its details.

INTERNAL CONTROL SYSTEM

- Resolve any outstanding accounts that have not been recorded in the appropriate ledger (temporary/holding accounts) promptly.
- f. Every Work Unit that uses forms or worksheets must use standardized forms or worksheets containing appropriate security elements and supported by adequate documentation.

2. Information

- a. The Bank has an Information System that must be able to provide business activities, financial condition, risk management implementation, fulfillment provisions report to support Board of Directors and Board of Commissioners duties.
- b. The internal control system at least includes the provision of a reliable/adequate information system regarding all functional activities of the Bank, particularly functional activities that are significant and have a high potential for risk. Such information systems, including electronic data storage and use systems, must be guaranteed its security, monitored by independent parties (internal auditors) and supported by adequate contingency programs.
- c. The Bank ensures that information security is carried out effectively hence able to maintain the confidentiality, integrity and availability of information.

3. Communication

- a. The Bank has a communication system that is able to provide information to all stakeholders (interested parties) both internal and external, such as the Banking Supervisory Authority, external auditors, shareholders and customers of the Bank.
- b. The Internal Control System ensures that there is an effective communication channel hence the Management and Employees understand and comply with applicable policies and procedures in carrying out their duties and responsibilities.

- c. Management organizes effective communication channels/lines hence the necessary information is affordable to interested parties. This requirement applies to any information, both regarding established policies and procedures, risk exposure and actual transactions, as well as on the Bank's operational performance.

Monitoring Activities and Correcting Deficiencies

The Board of Directors continuously monitors the overall effectiveness of the implementation of SPI including but not limited to the effectiveness and security in the use of IT, where in its implementation the Board of Commissioners ensures that the Board of Directors has carried out proper monitoring.

Monitoring of the Company's main risks is part of the Company's daily activities including periodic evaluations, both by the Work Unit, Compliance Unit, Risk Management Unit, and Internal Audit Unit.

Related work units continuously monitor the adequacy of SPI related to changes in internal and external conditions and increase the capacity of the SPI hence its effectiveness can be improved. Meanwhile, if there are weaknesses in the SPI, both identified by the Work Unit (risk taking unit), Internal Audit Unit and other parties, it is immediately reported to the Management, and significant matter are also reported to the Board of Commissioners.

Compliance with SEOJK No. 35/SEOJK.03/2017 on Internal Control Standard Guidelines for Commercial Banks

SPI consists of 5 (five) components that are interrelated with each other and are effectively applied by all levels of organization in the Company in order to achieve the Company's objectives. The SPI component implemented by the Bank refers to the provisions of the Regulator

and considers the principles/practices of internal control that apply internationally (international best practices).

The Internal Control System consists of 5 components that are interrelated with each other and determine the effectiveness of their application, namely:

1. Oversight by Management and a Control Culture
2. Risk Identification and Assessment
3. Control Activities and Separation of Functions
4. Accounting, Information, and Communication Systems
5. Monitoring Activities and Deviation Correction Actions

Evaluation of Internal Control System Implementation

The Board of Directors is responsible for the implementation of a reliable and effective SPI and has an obligation to improve an effective risk-aware culture and is obliged to ensure that it is inherent at every level of the organization.

Internal Audit is responsible for evaluating and playing an active role in improving the effectiveness of SPI on an ongoing basis related to operational implementation in achieving the targets set by the Company. Internal Audit conducts periodic reviews and audits on all activities in the Work Unit and Subsidiaries.

The results of the evaluation are submitted to the Board of Directors for follow-up and monitoring of its implementation to ensure that the SPI has performed effectively. The Board of Commissioners, particularly through the role of the Audit Committee, plays an active role in evaluating SPI by reviewing the results of the evaluation by the Internal Audit. Based on the evaluation that has been carried out during 2024, the results of SPI system at Bank Mandiri is adequate.

INTERNAL CONTROL SYSTEM

Effectiveness of Internal Control System

Internal Control System consisting of 5 components as mentioned above, each other is interrelated and determines the effectiveness of SPI implementation in the Company.

The Management is responsible for the implementation of a reliable and effective Internal Control System and is obliged to improve an effective risk culture and to ensure that it is inherent at every level of the organization.

Internal Audit is responsible for evaluating and playing an active role in improving the effectiveness of the Internal Control System on an ongoing basis related to the implementation of the Company's operations in achieving the targets set by the Company. The results of the evaluation are submitted to management for follow-up and the implementation is monitored to ensure the Internal Control System is performed effectively.

The Management believes that the internal control system has been performing effectively, however improvements remain needed in line with the development and complexities of business.

COMPLIANCE FUNCTION

Bank Mandiri's Compliance Function serves as a proactive measure to ensure that the Bank's policies, procedures, systems, and business activities comply with prevailing laws and regulations. Compliance Function also ensures adherence to commitments made to regulators and other supervisory authorities.

As Bank Mandiri's business grows and technology advances rapidly, the Bank faces increased challenges in managing compliance risks. These challenges necessitate preventive measures to minimize violations of internal regulations and applicable laws.

With all transactions now technology-driven, Bank Mandiri is required to act swiftly and collaboratively to enhance its systems and strategies to meet societal needs effectively. Proper and timely management of compliance risks, in alignment with the latest risk management practices, helps to mitigate risks at an early stage. Addressing these exposures requires a robust compliance function to prevent fraud and potential financial losses to the Company.

Bank Mandiri implements its compliance function by referring to OJK Regulation No. 46/POJK.03/2017 on the Implementation of the Compliance Function for Commercial Banks. Bank Mandiri has established compliance policies and standard procedures that outline the roles and responsibilities of the Compliance Unit (SKK) in performing its compliance functions.

Organizational Structure of Compliance Functions

Organizations that carry out compliance functions are regulated in Bank Mandiri's Compliance Policy which is further elaborated in detail in the Standard Compliance Procedures. The organization consists of:

1. Director in charge of the Compliance Function
2. Compliance Unit

Director In Charge of the Compliance Function

The Director who oversees the Company's Compliance Function is Mr. Agus Dwi Handaya as Director of Compliance & HR.

Compliance Unit

The Compliance & AML-CFT Group serves as the Work Unit responsible for the Compliance Function (SKK) at Bank Mandiri. This unit reports directly to the Director overseeing the Compliance Function. In its capacity as the Compliance Unit, the Compliance & AML-CFT Group fulfills the following requirements:

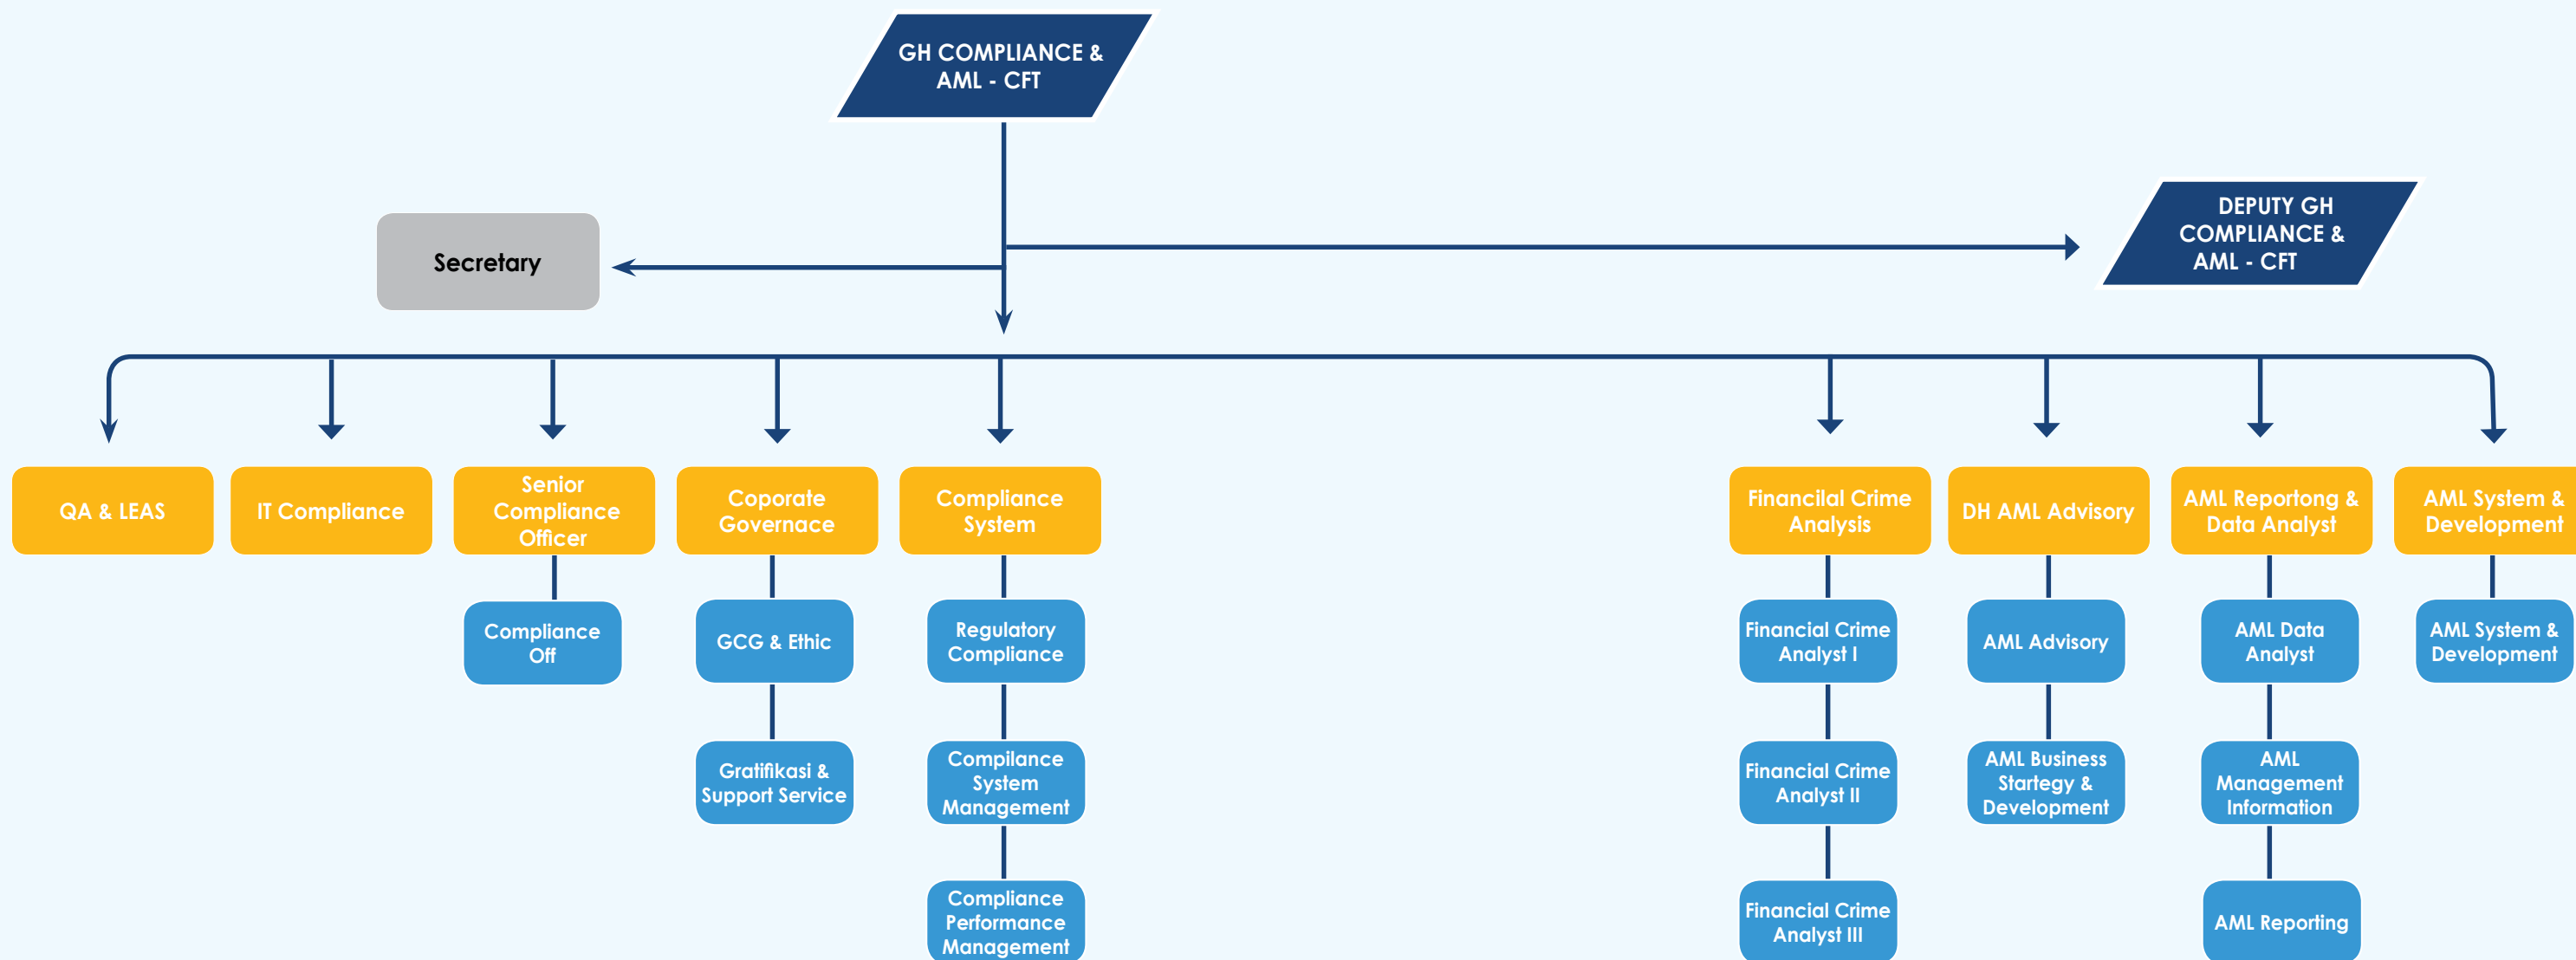

1. Independence.
2. Understanding the applicable provisions and laws and regulations.
3. Not performing other duties outside of the Compliance Function.
4. Have a high commitment to implement and develop a Compliance Culture.

In line with OJK Regulation No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerates, the Compliance & AML-CFT Group also serves as the Integrated Compliance Unit (SKKT). Its role includes monitoring and evaluating the implementation of compliance functions across all Financial Services Institutions (LJK) that are part of the Mandiri Group financial conglomerate.

COMPLIANCE FUNCTION

COMPLIANCE FUNCTION

To effectively execute its compliance functions, the Compliance & AML-CFT Group is structured into 5 (five) departments and 4 (four) functional units of Compliance Officers, organized as follows:

COMPLIANCE FUNCTION

Profile of Head of Compliance Function

The Bank's Compliance Unit is led by the Head of Compliance Unit. The appointment and/or dismissal of the Head of Compliance Unit refers to the Bank's Compliance Policy and is reported to the Regulator.

Bank Mandiri has appointed Juliser Sigalingging as Compliance & AML- CFT Group Head based on the Board of Directors Decree No. KEP.DIR/HC.459/2020 dated 4 March 2020 regarding the Appointment and Assignment of Employee Positions.

Profile of Compliance & AML-CFT Group Head

JULISER SIGALINGGING
Group Head
Compliance & AML-
CFT

COMPLIANCE FUNCTION

Compliance Policies and Standard Procedures

Bank Mandiri has established comprehensive compliance policies and standard procedures to guide all employees in fostering a strong Compliance Culture. These policies ensure that the Bank's activities consistently align with prevailing laws and regulations and adhere to the principle of prudence.

To maintain their relevance and effectiveness, the compliance policies and standard procedures are reviewed periodically, at least once a year, in accordance with the Bank's needs and any updates to relevant laws and regulations.

Bank Mandiri Compliance Policy

Bank Mandiri's Compliance Policy serves as a comprehensive guide for all employees to uphold and implement a strong Compliance Culture within the organization. The policy includes key components such as General Policy, Organizational Structure, Authority and Responsibility, Compliance Risk Management, Reporting, and Monitoring.

In addition, the Compliance Policy defines fundamental Compliance Principles, which consist of:

1. The Company always complies with prevailing laws and regulations and applies the principle of prudence in carrying out all its activities (mandatory).
2. The Board of Commissioners and Board of Directors are role models based on honesty and integrity hence the implementation of compliance becomes the Company's culture (starts from the top).
3. All levels of the Company are fully responsible for carrying out compliance in each of their respective activities.

Bank Mandiri Standard Compliance Procedures

The Standard Compliance Procedures provide in detailed the Compliance Policy, as a practical guide to implement the Compliance Function. The procedures cover key aspects such as Organization, duties, and responsibilities; Governance and compliance work programs; Execution of compliance functions; Compliance tools; Enhance the effectiveness of compliance functions; Identification and management of compliance risks; Mitigation strategies for compliance risks; as well as Collaboration between the Compliance Unit (SKK) and other key units, including the Internal Audit Unit (SKAI) and the Risk Management Unit (SKMR), particularly operational risk management.

The compliance function is implemented through Compliance Assurance Services (CAS), which include Supervisory services, Review/examination services, Consultation services, and Regulatory services.

Bank Mandiri Compliance Technical Guidelines

The Compliance Technical Guidelines outline the operational procedures and technical work processes for implementing the compliance function, serving as a detailed elaboration of the Standard Compliance Procedures.

To support the implementation of the integrated compliance function, Bank Mandiri has established the Mandiri Group Principle Guideline (MGPG) and the Mandiri Subsidiary Management Principles Guideline (MSMPG). These guidelines serve as a framework for ensuring effective and consistent compliance practices across the financial conglomerate.

As the Main Entity, Bank Mandiri requires all financial institutions within the Financial Conglomerate to adopt compliance policies aligned with Bank Mandiri's Compliance Policy.

COMPLIANCE FUNCTION

COMPLIANCE FUNCTION

These policies are tailored to meet the specific regulatory requirements of each industry within the respective Financial Services Institutions (LJK). For Overseas Units, the compliance policies are adjusted to adhere to the laws and regulations applicable in the local jurisdiction.

Compliance Strategy 2024

To support the achievement of Bank Mandiri's vision in 2024, Bank Mandiri has established a compliance strategy so as to minimize the possibility of compliance risks and improve the compliance culture in each of the Bank's activities.

Compliance Function Work Programs in 2024

To support the improvement of the Compliance Culture, the following were efforts made by the Company:

1. Strengthening Compliance Infrastructure and Function Systems
2. Improvement of Compliance Culture
3. Improvement of Human Resources (HR) Competence
4. Improvement of Awareness of Compliance Culture
5. Compliance Risk Management
6. AML-CFT and PPPSPM Program Implementation
7. Implementation of Governance
8. Strengthening Integrated Governance
9. Reward & Punishment in the Implementation of Compliance Functions

Compliance Work Plan Implementation in 2024

1. Strengthening Compliance Function Infrastructure and Systems

The compliance infrastructure and systems currently in place at Bank Mandiri will be strengthened as follows:

- a. Reviewing and refining compliance policies, guidelines, and technical instructions.
- b. The management of digitalized and end-to-end integrated regulations is facilitated through the Integrated Policy and

Procedure System (IPPS), which includes Policy & Procedure Corner (Popcorn) as a module for publishing and disseminating internal and external regulations.

- c. To drive the implementation of the code of conduct and support the Anti-Fraud Strategy (SAF) program, the Bank has also established a whistleblowing policy and reporting mechanism known as the Whistleblowing System - Letter to CEO (WBS-LTC). The WBS-LTC aims to detect irregularities and/or acts or indications of fraud within Bank Mandiri, promote awareness and concern among all employees, and enhance the company's reputation in the eyes of stakeholders.

2. Improvement of Compliance Culture

As part of fostering a compliance culture, Bank Mandiri conducted a compliance testing program in Q3 2024 for all employees across the organization.

3. Improvement of Human Resources (HR) Competence

To improve the quality of human resources and implement competency standards in compliance, the Bank will conduct a Compliance Certification program at the national level, which will be attended by all employees of the Compliance Unit and Compliance Unit in the Work Unit.

4. Improvement of Awareness of Compliance Culture

As an effort to increase employee awareness on the importance of a Compliance Culture that can have an impact on compliance risk, the Bank conducts an awareness improvement program through the creation of a list of report obligations.

5. Compliance Risk Management

Compliance risk management is carried out regularly to minimize the occurrence of compliance risks. The compliance risk management process that has been carried out are:

- a. Analysis of new provisions as a basis for preparing compliance risks and conducting prudential meetings with relevant work units to discuss the fulfilment of obligations for new regulations.
- b. Socialization of new provisions resumes to all employees through electronic media.

6. Implementation of APU, PPT and PPPSPM Programs

The risk of Money Laundering, Terrorism Financing, and/or Financing of the Proliferation of Weapons of Mass Destruction occurring through the Bank has increased in line with advancements in technology and public financial literacy. Concurrently, the heightened expectations from the Government and Regulators/Authorities regarding the implementation of AML, CTF, and PPPSPM programs in the Financial Services Sector, especially after Indonesia became a member of the Financial Action Task Force (FATF), have prompted Bank Mandiri to enhance its quality and commitment to optimizing risk-based implementation of AML, CTF, and PPPSPM programs in accordance with applicable laws and regulations as well as international best practices.

Throughout 2024, Bank Mandiri implemented a series of strengthening and execution measures for AML, CTF, and PPPSPM programs based on the five pillars of the AML, CTF, and PPPSPM program framework, which include:

- a. Active Oversight by the Board of Directors and Board of Commissioners
This was carried out through discussions and directives regarding the implementation of AML, CTF, and PPPSPM programs during Board of Directors and Board of Commissioners meetings.
- b. Policies and Procedures
This included reviewing and adjusting AML, CTF, and PPPSPM policies and procedures in line with the Bank's needs and prevailing regulations.

- c. Internal Control Systems
This entailed evaluating and examining the adequacy and effectiveness of AML, CTF, and PPPSPM program implementation, including through internal audits, external audits, and control testing of KYC practices and compliance with AML, CTF, and PPPSPM reporting obligations.

- d. Management Information Systems
This involved developing systems and applications to support AML, CTF, and PPPSPM program implementation, particularly to enhance the quality of the KYC process in online business relationship onboarding channels and improve the quality of AML, CTF, and PPPSPM reporting.

- e. Human Resources & Training
This focused on enhancing employee competencies, particularly AML, CTF, and PPPSPM personnel, in implementing regulations and addressing current issues in AML, CTF, and PPPSPM through training, attachments, socialization, and refreshment programs.

Details of the AML, CTF, and PPPSPM programs implemented in 2024 are outlined in the Subsection on AML, CTF, and PPPSPM Program Implementation (page 909).

7. Implementation of Governance

As a form of Bank Mandiri's commitment and consistency in implementing Governance to maintain business continuity, Bank Mandiri makes continuous improvements to the implementation of Governance. To improve the implementation of Governance continuously, Bank Mandiri conducts a Governance self-assessment – bank only based on POJK No. 17 of 2023 and SEOJK No. 13/POJK.03/2017 concerning the Implementation of Governance for Commercial Banks.

COMPLIANCE FUNCTION

8. Strengthening Integrated Governance

The synergy of compliance with financial institutions in the Bank Mandiri Financial Conglomerate covers several subjects, including compliance risk management, the implementation of AML - CFT and the implementation of Integrated Governance

- a. In relation to the integrated compliance risk management process, the Bank will hold a discussion forum on the compliance risks of each Financial Conglomerate, and monitor the implementation of the Financial Conglomerate compliance function in the Financial Conglomerate through regular quarterly reporting.
- b. In relation to the implementation of the integrated AML, CTF, and PPPSPM programs, Bank Mandiri is fully committed to realizing risk-based AML, CTF, and PPPSPM program implementation with integrity within the Financial Conglomerate. This commitment is demonstrated by consistently providing assistance to subsidiaries in aspects such as Organization, Policies & Procedures, and Human Resources.
- c. In relation to the implementation of Integrated Governance, Bank Mandiri conducts a self-assessment of the implementation of Integrated Governance based on OJK Regulation No. 18/POJK.03/2014 and OJK Circular Letter No. 15/SEOJK.03/2015 concerning the Implementation of Integrated Governance for Financial Conglomerates. This self-assessment is conducted twice a year (in the June and December periods) and involves all entities within the Bank Mandiri Financial Conglomerate.
- d. In relation to the implementation of Integrated Governance, Bank Mandiri urges Financial Service Institutions in Financial Conglomerate to participate in Good Corporate Governance assessment activities by independent parties, namely The Indonesian Institute for Corporate Governance (IICG) with the aim of improving the application of the principles of Good Corporate Governance in the Financial Conglomerates of Bank Mandiri.

9. Reward & Punishment in the Implementation of Compliance Functions

In order to develop the compliance function, the Internal Control Score (ICS) parameter has been prepared as one of the components of the performance assessment of Bank Mandiri's work units related to the implementation and role of the compliance function in each work unit. The evaluation is expected to improve the quality of compliance culture implementation and compliance risk management in minimizing risks that may occur due to non-compliance with prevailing regulations.

Evaluation of Compliance Function Effectiveness

The activities and performance of the Compliance Function are evaluated annually by the Compliance Director to enhance its effectiveness and address any gaps for the upcoming year. The evaluation is conducted based on several criteria, including the Annual Work Plan, Key Performance Indicators (KPI), and Non-Key Performance Indicator (Non-KPI) Work Programs or Activities.

The KPI-based assessment focuses on four key aspects, namely Financial Perspective, Customer Perspective, Internal Business Perspective, and Development Perspective

Based on the evaluation conducted in 2024, the Compliance Function demonstrated good performance in aligning with regulatory requirements and internal standards.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

Bank Mandiri implements Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Countering the Financing of Proliferation of Weapons of Mass Destruction (CFPWMD) programs effectively and efficiently through a series of strategic initiatives focusing on Procedures & Processes, Systems & Technology, and Human Resources. These strategies are applied in a measured and sustainable manner to keep pace with the growth of Bank Mandiri's business and digital financial transactions, aiming to prevent the misuse of the Bank by perpetrators of Money Laundering (ML), Terrorism Financing (TF), and/or Financing of Proliferation of Weapons of Mass Destruction (FPWMD).

The rapid and dynamic advancements in innovation and technology within the Financial Services Sector have driven Bank Mandiri to undertake business transformation through digitalization. This approach is embedded in the Bank's long-term strategy, specifically its "Game Changing Technology" initiative. However, this transformation is balanced with a strong commitment to prudence, security, confidentiality, and effective risk mitigation to prevent misuse of the Bank by parties involved in Money Laundering (ML), Terrorism Financing (TF), and/or Financing the Proliferation of Weapons of Mass Destruction (FPWMD).

Indonesia officially became a full member of the Financial Action Task Force (FATF) following the FATF plenary meeting in Paris in October 2023. Bank Mandiri's active contribution to the Mutual Evaluation Review (MER) process played a significant role in achieving positive outcomes for Indonesia's assessment, culminating in this achievement. This milestone presents a new challenge for Bank Mandiri to consistently support the AML, CTF, and CFPWMD regimes in Indonesia as part of its commitment to national development and global integrity standards.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

To strengthen the optimal implementation of the AML, CTF, and CFPWMD programs, Bank Mandiri adheres to applicable regulations, risk management practices, the Bank's Business Plan, and International Best Practices. The Bank's vision, "To be your preferred financial partner," is realized through a series of strategic initiatives focusing on Procedures & Processes, Systems & Technology, and Human Resources. These strategies are implemented sustainably to enhance the effectiveness of the risk-based AML, CTF, and CFPWMD programs.

Policies and Procedures for the Implementation of AML, CTF and CFPWMD Programs

The Bank has established policies and procedures for implementing AML, CTF, and CFPWMD programs that align with applicable laws and regulations as well as International Best Practices, which include the following:

1. Roles and responsibilities of the Board of Directors, Board of Commissioners, and AML, CTF, and CFPWMD Units.
2. KYC procedures for prospective customers, customers, walk-in customers, and beneficial owners.
3. Implementation of AML, CTF, and CFPWMD programs in the provision of high-risk products and services.
4. Implementation of AML, CTF, and CFPWMD programs related to the use of Professional Supporting Services.
5. Refusal of business relationships, transaction rejection, and/or termination of business relationships.
6. AML, CTF, and CFPWMD reporting.
7. Documentation management.
8. Human resources and training.
9. Implementation of AML, CTF, and CFPWMD programs for overseas branches and subsidiaries.
10. Management Information Systems.

Organizational Structure of AML, CTF, and CFPWMD

The effectiveness of implementing AML, CTF, and CFPWMD programs is greatly influenced by the active involvement of the Board of Directors and Board of Commissioners, which is a key factor in overseeing the adoption of a compliance culture, including strategic initiatives for the Bank's AML, CTF, and CFPWMD programs. This leadership involvement is directly reflected in discussions held by the Board of Directors and Board of Commissioners, focusing on the implementation of integrated AML, CTF, and CFPWMD programs and presenting follow-up strategies on issues of concern raised by Regulators and/or Stakeholders.

As part of the compliance management framework for implementing AML, CTF, and CFPWMD programs, the Bank has designated the Compliance & AML-CFT Group as the unit responsible for formulating strategies and monitoring the implementation of AML, CTF, and CFPWMD programs at Bank Mandiri, both individually and on an integrated basis.

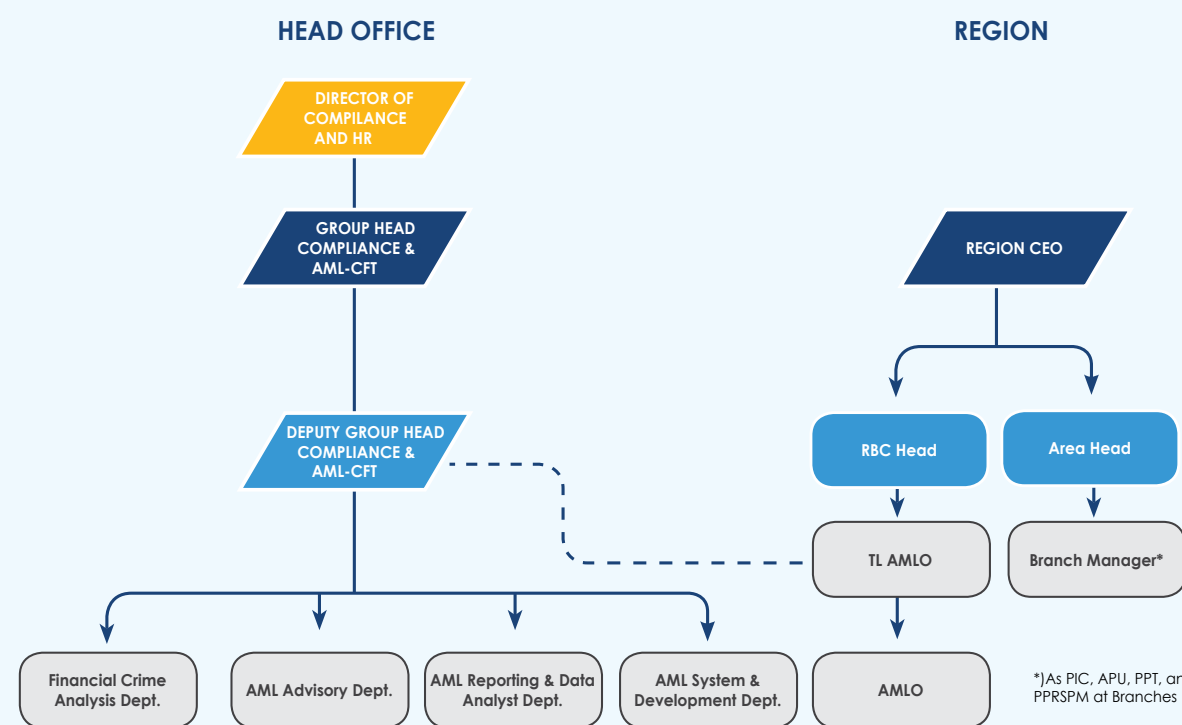

Specifically, the Bank has appointed the Deputy Group Head of the Compliance & AML-CFT Group as a dedicated officer to supervise the implementation of AML, CTF, and CFPWMD programs carried out by four (4) departments, each with the following main functions and responsibilities:

1. Preparing and updating the Bank's Individual Risk Assessment (IRA) for ML, TF, and/or FPWMD.
2. Formulating, evaluating, and updating policies and procedures related to AML, CTF, and CFPWMD.
3. Supervising the implementation of AML, CTF, and CFPWMD programs within the Financial Conglomerate.
4. Submitting AML, CTF, and CFPWMD reports to regulators, including managing reporting quality.
5. Developing and refining applications and systems to support the implementation of AML, CTF, and CFPWMD programs.

To optimize the quality and ensure the implementation of AML, CTF, and CFPWMD programs at branches, the Bank assigns an Anti-Money Laundering Officer (AMLO) in each Region (I-XII) across Indonesia to safeguard the application of AML, CTF, and CFPWMD programs at the regional level. In performing their functions, AMLOs maintain a coordination line with the Compliance & AML-CFT Group, and they are required to regularly submit reports on the execution of their functions to the Compliance & AML-CFT Group.

To further enhance the quality of AMLOs, the Compliance & AML-CFT Group continuously improves their competencies through ongoing training and attachment programs.

The organizational structure for AML-CFT implementation can be illustrated as follows:

Composition UKK APU, PPT and PPSPPM
 • Head Office: 33 Employee
 • Region : 70

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

AML, CFT, and CFPWMD Programs Implementation in 2024

Throughout 2024, Bank Mandiri implemented a series of AML, CTF, and CFPWMD work programs with the following achievements:

1. Procedures & Process

- a. Conducted reviews of AML, CTF, and CFPWMD policies and procedures.
- b. Updated risk assessments for ML, TF, and/or FPWMD (Individual Risk Assessment/IRA).
- c. Enhanced customer data quality and updated customer information.
- d. Evaluated and monitored the implementation of AML, CTF, and CFPWMD programs in an integrated manner across domestic office networks and subsidiaries.
- e. Identified, reviewed, and assessed ML, TF, and/or FPWMD risks associated with the development of new technologies or existing products.

2. System & Technology

Enhanced systems and applications supporting the implementation of AML, CTF, and CFPWMD programs.

3. Human Resources

Increased awareness and competence in implementing AML, CTF, and CFPWMD programs across all Bank Mandiri employees, including those at overseas branches and subsidiaries, through initiatives such as attachments, training, socialization, and forums.

4. Engagement in National Strategic Programs

- a. Participated in the 2024 Financial Integrity Rating on Money Laundering/Terrorist Financing (FIR on ML/TF) program by PPAK. Bank Mandiri achieved the Highest Rating in the 2024 FIR on ML/TF assessment for the KBMI 4 category, with a score of 9.04, which was higher than the aggregate scores of Commercial Banks (8.41) and All Reporting

- Entities (6.42).
- b. Prepared, implemented, and monitored the Bank's obligations related to reporting RKDK transactions to PPAK during the 2024 General Election period.
- c. Participated in the Public-Private Partnership (PPP) Project, focusing on developing Operational Alerts related to Investment Fraud in the Credit Union sector and Green Financial Crime in the Mining sector.
- d. Acted as a Respondent and Subject Matter Expert (SME) in studies, research, and surveys by regulators concerning ML, including Shadow Economy in the Natural Resources sector, Child Sexual Exploitation (CSE), and Green Financial Crime (GFC).
- e. Actively participated in the 22nd Anniversary of Indonesia's AML/CTF Regime through the following activities:
 - i) Participated in the AML/CTF Debate Competition, AML Smart Competition 2024, AML CTF Office Battle 2024 Moot Court, Social Service, Bazaar, Children's Competition, and Sports Together for the 22nd Anniversary of the AML/CTF Regime, where Bank Mandiri received FIRST PLACE.
 - ii) Actively contributed insights during the 2024 National Discussion event.
 - iii) Participated in planting 1,000 endemic plant seedlings from West Sumatra at Andalas University.
 - iv) Served as a speaker at an International Seminar on Optimizing Collaboration to Prevent and Address Green Financial Crime in Indonesia towards Golden Indonesia 2024.

FUNDING TO SOCIAL AND/OR POLITICAL ACTIVITIES

Bank Mandiri recognizes that its role extends beyond financial performance and includes making meaningful contributions to the communities and environments in which it operates. The Bank is committed to fostering sustainable development by integrating social and environmental considerations into its operations and corporate strategy.

As part of the commitment to Social and Environmental Responsibility, Bank Mandiri allocated a total of Rp250 billion in 2024 to support initiatives focused on community and environmental development.

No.	Description	Costs (Rp)				
		2024	2023	2022	2021	2020
1	Education	33,7 Billion	48,4 Billion	40,3 Billion	30,5 Billion	28,3 Billion
2	Social & Community	156,1 Billion	79,5 Billion	49,8 Billion	30,1 Billion	10,8 Billion
3	Religious Facility	12 Billion	11,7 Billion	12,6 Billion	19,3 Billion	18,1 Billion
4	General Infrastructure Facility	21,4 Billion	17,0 Billion	12,6 Billion	13,4 Billion	9,5 Billion
5	Natural Disaster	1,7 Billion	0,9 Billion	3,8 Billion	5,5 Billion	54,9 Billion
6	Health Facility	15,8 Billion	15,7 Billion	17,8 Billion	33,5 Billion	11,8 Billion
7	Environmental Conservation	9,3 Billion	1,4 Billion	0,6 Billion	0,9 Billion	0,4 Billion
Total		250 Billion	174,6 Billion	137,6 Billion	132,4 Billion	133,9 Billion

The detailed description on the social and environmental responsibility is presented in the section of Social & Environmental Responsibility which is an integral part of this Annual Report, as well as separately in the 2024 Sustainability Report.

During 2024, Bank Mandiri did not provide any funding for political activities or political parties.

SIGNIFICANT LITIGATION

SIGNIFICANT LITIGATION

In 2024, Bank Mandiri faced several litigations involving various legal matters. These cases include both those that have been resolved with permanent legal force (*inkracht*) and others that remain in the settlement process.

As of 31 December 2024, Bank Mandiri was involved in several civil cases, both ongoing and resolved (legally binding), with details as follows:

No.	Litigation	Civil
1.	Cases/Litigation under settlement process	210
2.	Resolved Cases/Litigation (has had permanent legal force)	154

SIGNIFICANT LITIGATION IN 2024

Among the aforementioned civil cases, there are 3 (three) civil cases that significantly impact Bank Mandiri, as detailed below:

Civil Cases

No.	Principal Lawsuit	Solution Status	Impact to Company Conditions	Management Efforts	Sanctions imposed	Compensation Claim
1.	Case No. 649/Pdt.G/2023/PN.Jkt.Sel between Wida Murtini Soedibyo and Bank Mandiri	Examination at the Supreme Court level	Risk of paying indemnity	Bank Mandiri has submitted a counter-appeal memorandum	None	Materiil: Rp3,762,500,000 DM 2,311,042 Immateriil: Rp6,323,134,536
2.	Case No. 337/Pdt.G/2024/PN Jkt Utr between Wida Murtini Soedibyo and Bank Mandiri	Examination at the District Court level	Risk of paying indemnity	Bank Mandiri has attended court proceedings, submitted a response, and will prepare evidence to support Bank Mandiri's position	None	Rp956,873,838,534

No.	Principal Lawsuit	Solution Status	Impact to Company Conditions	Management Efforts	Sanctions imposed	Compensation Claim
3.	Case No. 493/Pdt.Plw/2024/PN.Jkt.Pst between PT Mitra Mata Jakarta Pusat and Bank Mandiri	Examination at the District Court level	Risk of asset loss	Bank Mandiri has attended court proceedings, submitted a response, and will prepare evidence to support Bank Mandiri's position	None	-

Impact of Litigations on the Company

The legal proceedings faced by Bank Mandiri in 2024 had minimal impact on the Company. This is attributable to effective risk mitigation measures that have been implemented to address inherent risks associated with these cases.

Litigations Involving the Board of Commissioners and Board of Directors

During the 2024 period, there were no significant legal cases faced by the Board of Directors and Board of Commissioners of Bank Mandiri currently in office, either civil or criminal.

Administrative Sanctions from OJK to the Company

Throughout 2024, no material administrative sanctions affecting the business continuity of the Company and no administrative sanctions imposed on members of the Board of Directors or the Board of Commissioners.

SIGNIFICANT LITIGATION OF SUBSIDIARIES

Litigations

In 2024, some of Bank Mandiri's subsidiaries encountered several legal disputes. These include cases that have been resolved with permanent legal force (*inkracht*) and others that are still in the resolution process. Details of these disputes are presented in the following table:

No.	Litigation	Civil	Industrial Relations
1.	Cases/Litigation under settlement process	315	1
2.	Resolved Cases/Litigation (has had permanent legal force)	247	2

SIGNIFICANT LITIGATION

Of these cases, 12 (twelve) civil cases were most significantly affected the Company (Subsidiaries), as follows:

CIVIL

1. PT Mandiri Tunas Finance	
Main Litigation or Lawsuit	<p>Parties Involved Plaintiff: 1. PT Mandiri Tunas Finance</p> <p>Defendant: 1. Ali Muhammadsyah (debtor)</p> <p>Subject of Dispute Vehicle unit as Objects of Fiduciary Collateral</p>
Settlement Status	Filed a lawsuit against the decision of BPSK Kota Padang.
Impact on the Company's Condition (Risk)	No significant impact on the company's condition. In this case, MTF's position is strong as the Vehicle Handover Report was signed by the Debtor.
Decision	The case is still ongoing at the District Court level.
2. PT Mandiri Tunas Finance	
Main Issue or Lawsuit	<p>Parties Involved Plaintiff: 1. PT Mandiri Tunas Finance</p> <p>Defendant: 1. Elisabeth (debtor)</p> <p>Subject of Dispute Vehicle unit as Objects of Fiduciary Collateral</p>
Settlement Status	Filed a Lawsuit Against the Decision of BPSK Kota Medan
Impact on the Company's Condition (Risk)	No significant impact on the company's condition. In this case, MTF's position is strong as there remains an outstanding obligation from the debtor that cannot be claimed through insurance.
Decision	The case is still ongoing at the District Court level.
3. PT Bank Mandiri Taspen	
Main Litigation or Lawsuit	<p>Parties Involved Plaintiff: 1. I Putu Agus Putra Sumardana, SH (Legal Counsel) 2. Ni Wayan Mudiasni (Debtor)</p> <p>Defendant: 1.
